Referral Reason (please give brief details, including any significant medical factors, social circumstances & current services)

David presented at this office requesting funding for de-tox stabilisation at the Links Project. He has a heroin addiction which he says started about 3 years ago. and has increased to a point where he is using between 1 x 3 bags (.2 grams) per day supplementing that with co-proxamol (20-30 per day) when necessary. He has never been for de-tox before. Went to his GP 6 months ago to ask for a script - put him in touch with CDPS (Healthy Respons) who suggested he come here to ask for funding. He feels that he wants help now because he's needing more & more heroin to satisfy

Dear Mr Jenkin,

Links Project Application

Thank you for your letter regarding the above.

Normally, Turning Point staff carry out assessments for this resource. If they recommend that a placement would be beneficial, they then contact us to seek financial authorisation. This is usually given routinely on the basis of a positive recommendation, for a period of six weeks.

I would therefore suggest that you get back intouch with the Links Project to discuss your application further. If you require further information from this office, please contact the Duty Community Care Worker who is available most days via the above telephone number.

Yours sincerely,

Colin Elliott

Dear Mr Jenkin,

I wrote to you in July following your letter to this office. Unfortunately the letter was apparently sent to the wrong address (4 Cuiken Avenue, Penicuik) and you probably never received this.

The advice in this letter was suggesting that you contact the Links Project to pursue your request for an admission. We cannot progress a request for admission until the Links Project have carried out an assessment of your needs and reached a conclusion that a residential placement would be in your interest. You would then have to wait until a vacancy became available.

We look forward to hearing from you or the Links Project in due course.

Yours sincerely,

Colin Elliott

Dear Ms Waite,

David Jenkins (DOB 12/01/79), 47 Cuiken Avenue, Penicuik

You recently wrote to our Dalkeith office requesting that we send a letter confirming that we were prepared this client's placement at the Links Project. I am pleased that Mr Jenkins has contacted you (he approached us in April of this year about a possible placement) and that you feel it would be helpful if he was admitted to your project.

I can confirm that this council will fund his placement for a period of six weeks from the date of admission. This will be funded via our block grant to Turning Point. Any extension of this initial placement will need to be separately negotiated.

It is normal practice for you to forward a copy of your assessment at the point that you request funding. It would be helpful if this could be sent to me. Please advise this office of the client's specific admission date so that we can up-date our records.

Yours sincerely,

Colin Elliott

RE: DAVID JENKINS - D.O.B. - 02.01.79
Request for Clothing Grant for Child In Care

David Jenkins (13) has been attending Wellington School Penicuik since June 1991. The placement, initially via the Education Department, was later changed to a Sctn. 44(1) (b) Social Work (Scotland) Act 1986 - June 1992, to provide security for David, as [redacted] threatened to remove him from the school and enroll him at Penicuik High School.

At time of the Children's Panel the decision was also made to look for a Community Care placement for David [redacted]. Since that time, this has effectively enabled David to say what he wanted. [redacted] has revised her decision. David has not. David has been consistent in his wish to stay with a family, as his expectations [redacted]

David is currently subject to Sctn, 44(1) (b) of the Social Work (Scotland) Act 1968. He has completed the [redacted] tory visits etc., to [redacted] and is now on an extended placement (23Nov1993) until panel on 3rd December.

R.I.C forms were completed at time of admission to Wellington School, but a Children-In-Care Grant was not applied for as:-

1. I felt it would be more appropriate to make application at time of child moving to a family.

2. Clothing bought via Children-In-Need fund and other charities. The school budget was able to maintain a basic supply of essential items eg., trousers, jacket and jeans. These items are all essentially outgrown and/or worn.

David arrived at his placement with little in the way of clothing. I understand that he has some more garments at his mother's home, but she is not inclined to hand them over as she wants him to be at home.....

home...\

with her. Any clothing that he may have will be fairly well worn and a bit on the small side.

It is envisaged that David will remain in [redacted] household until he is sixteen, possibly longer. For the family to be able to maintain his stock off clothing it is essential that he starts off with an adequate wardrobe of clothes. All of his present clothes are fairly worn, and of poor quality, and need to be replaced.

Re: DAVID JENKINS (12.1.79) 47 Cuiken Avenue, Penicuik
Currently: c/o Howdenhall Children's Unit.

I am writing in response to your two memos dated 29.10.93 and 9.11.93 which related to three separate offences in which it has been alleged that David was involved.

All three alleged offences have been referred to in previous reports to Hearings as evidence of the apparent deterioration in David's behaviour in the community.

After receiving your memos I have again discussed the incidents with David. He admitted involvement in all three incidents but was unwilling to give any details about the two thefts, apart from wishing to emphasise that he was acting alone. I am of the opinion that his statement was geared towards getting the matter dealt with (without implicating others) and he gave no indication that he had given any consideration to the victims of these offences. Having said this however, I do not believe that having a Children's Hearing to consider these offences would be of any particular benefit to David's situation. Apart from one incident of absconding during a home visit, he has settled in well at Howdenhall and I believe that he is appropriately placed there at this particular time.

Dear Mrs McCracken

I would like to call a hearing because [redacted] has stopped me going on home leave to [redacted] leaving only my [redacted] as a home base. I wouldn't like to go to [redacted] because [redacted] drinks a lot - when like this [redacted] picks arguments, threatens, embarrasses me and on one occasion [redacted] chased me with a knife through the house.

I would like to be based at [redacted] because [redacted] is trying to help me to get career information so that I can apply for jobs. There is no drinking in the house and I feel that this is a safer environment for me to live in.

I would like to have this hearing as quickly as possible because until then I cannot get my home leave back.

Yours sincerely

David Jenkins

Dear David,

I am writing to inform you that your case has now been closed. It has been more than 6 months since we last had contact and so it does not seem like there is any need for you to have a social worker.

If you are having any difficulties in the future feel free to contact myself or the duty social worker.

I hope everything is well with you.

Good luck for the future.

Avoriaz Ski Trip 1994

You child has been chosen to join our ski trip to Avoriaz, France. I trust that you approve of this school trip as I am sure your youngster will learn a lot from the experience and that the whole journey will be very enjoyable.

The group will leave Howdenhall at 5am on **Friday 11th March** and travel by minibus to Avoriaz; the ferry crossing will be from Dover to Calais and the whole journey will take about a day and a half, arriving in Avoriaz at about lunchtime on Saturday 12th March. The return journey will start on Saturday 19th March and is expected to arrive back at Howdenhall at about 5pm on **Sunday 20th March.**

The group will stay in a chalet, called **Tanglewood**, in Avoriaz which has 7 bedrooms, 5 bathrooms, a large lounge, a dining-room and kitchen. This chalet is sited in the middle of the village and with easy access to all the ski areas.

There will be 7 youngsters in the group and 5 staff will accompany them. Two of these staff are qualified ski instructors and the other three are accomplished skiers. For Mr Taylor and myself, this is our third trip and we trust that it will be as successful and trouble-free as the other two.

All the relevant Education and Social Work Department guidelines in respect of travel, insurance and documentation have been followed.

Each day a telephone call will be made from Avoriaz to Howdenhall and should you wish to know how your child is enjoying the trip then you have only to telephone the Duty Senior at Howdenhall Children's Unit.

If you have any questions about this trip please do not hesitate to telephone me and ask.

I am writing to inform you that it is my considered view that David Jenkins does **not** meet the criteria for secure accommodation.

The recent assessment of him has confirmed that his needs would be best met by his moving from Wellington School to a Young Person's Close Support Unit. If the Panel accepts his need for a placement in a Close Support Unit, every effort will be made to locate such a placement with expediency.

Thanking you.

Re: David Jenkins.

As you will be aware, David Jenkins is currently at Wellington School on a Place of Safety Order. There is a Children's Hearing on Thursday 9 September at 11.30a.m. to consider the case,

a) in respect of the order
b) in relation to new grounds
c) to consider the report of the coordinated assessment.

The conclusions of the coordinated assessment held on 2 September was that a close support unit place should be sought and initially, schooling at Howdenhall. The Hearing on Thursday will have to either,

a) Continue the Place of Safety
b) Make a Supervision Requirement with a condition of residence.

The ideal would of course be, if a close support unit place could be available to the Hearing on Thursday.

Since realistically, this is unlikely to be the case, David Brands needs to be able to go to the Hearing with an interim placement. Wellington, given the difficulties, are not at all keen to see David continue with them even on a temporary basis. However, it is our view that a temporary move elsewhere would be likely to be even less successful than a short term continuation at Wellington, and that we could predict absconding/dangerous behaviour that would lead to considerations of Secure Accommodation. David Brands would offer support to David Jenkins and Wellington staff.

We look forward to hearing from you.

Dear Mrs. McCracken,

David Jenkins (12/1/79)
c/o Wellington School, Penicuik

Thank you for your letter of 31st August. I attended the co-ordinated assessment meeting at Young People's Unit which proved to be lengthy, in depth, and difficult, as had been anticipated.

I am writing to endorse the conclusions and recommendations from the meeting although I have not yet received the written assessment.

With the additional information which was available to us from Wellington and Social Work, I felt I had to re-adjust my position slightly. Wellington School has continued to work with David despite their marked reservations about the appropriateness of his placement.

However, David is now clearly needing a more supportive environment than Wellington is able to provide. Another residential school placement will be unlikely to engage David or meet his needs any more than Wellington can.

David's situation at home is probably clearer now than previously (over several years) and action has to be taken in his interest, which protect him, both physically and emotionally, and provide him with the opportunity to establish some stability in his life. Only then will he be in a position to benefit and engage in education.

I hope that Panel members will be able to act on the recommendations /

recommendations and advice from the co-ordinated assessment.

Re: DAVID JENKINS (12.1.79) 47 CUIKEN AV. PENICUIK

The attached memo was written by Anne Martin on 19.8.93. Events have moved on since then but Anne has been unavailable to update her memo because she has been on Child Protection training this week.

The co-ordinated assessment has been arranged for THURSDAY 2nd SEPTEMBER at 2pm and a response to the memo before this date would provide a very helpful contribution to the discussion which will take place.

Update on David's Situation

On 20.8.93 a Place of Safety Warrant was obtained following an incident in which [redacted] threatened him with a large kitchen knife in my presence.

A placement was identified at Wellington School and a Children's Hearing the following day extended the warrant for 21 days. The reports prepared for the Hearing by Anne Martin and myself are also attached.

Although David stated that Wellington was the only placement he would accept, his behaviour (even in a very small resident group) has continued to be uncooperative. This would appear to support the view of the Wellington staff that David returning there on a full-time basis has little chance of a positive outcome.

David Brands.

Re: DAVID JENKINS (d.o.b. 12.01.79)
47 Cuiken Avenue, Penicuik

As you will be aware, David is currently a day pupil at Wellington School. David last appeared at a Children's Hearing on 28 June 1993 when the Panel requested a Co-ordinated Assessment. The original date for this has had to be postponed but a further date will be set when Sarah Sieley returns from leave on 23.08.03.

We are concerned that the longer David's situation remains unresolved, the more difficult it becomes to continue the present arrangements, viz. when [redacted] throws him out, he can go for overnight respite to Wellington, which has taken place on two occasions.

On 19.8.93 however, when requested to take David, Wellington were unable to do so (refusal endorsed by Gerry O'Hara). David has been around in the system a long time and his reputation, not always based on facts in our view, tends to go before him, making it difficult, in already difficult circumstances, for us to persuade other units to accept him, even for overnight respite. We can predict from past experience that after about 24 hours, [redacted] David will wish to be re-united. It is therefore not in our view particularly constructive to use one of our own units particularly since David himself would be very resistant to this, and would be likely to abscond to his home area.

It would therefore be helpful for the Co-ordinated Assessment meeting to have as clear information available to it as possible about what residential school place(s) could be made available to David were that to be the meeting's recommendation (and we can fairly certainly make that prediction), and also likely dates for admission. You should already have information regarding David, and any further information can be available from David Brands.

However, the salient points are that David was admitted to Wellington on 14.06.91, initially an Education Department placement. Threats by [redacted] to remove him led to this becoming a 44(1)(b) placement as of 10.6.92. In December 1992 David moved to Community Carers and became a day pupil at Wellington. This plan failed and on 2.4.93 the Hearing agreed to David returning home on a 44(1)(a) with day attendance at Wellington School, with Wellington agreeing to take David for emergency respite.

Wellington staff find it difficult to see what they can positively continue to offer David. His behaviour with them has deteriorated over the time he has been there. He does not appear to have made good relationships with any of the staff. His behaviour is described as cheeky, disruptive and very difficult and the need for secure accommodation has been mentioned on a number of occasions. However, it would not be our view that David would meet the criteria. He has been known to drink, is suspected of having taken drugs at times, and has occasionally made threats of self-harm/suicide, and was involved in a road traffic offence in May.

If it is seen as unlikely to be of benefit to David to once more become a full-time resident of Wellington, the main residential school options would appear to be either:

a) a sideways move/fresh start at say St Joseph's. The disadvantage is the distance from David's home area.

b) a day place at Wellington and place in a close support unit (this was also the view of the area review group meeting on 25.6.93).

We would welcome your views and assistance in progressing plans for David.

WHAT WAS THE RESULT? (What happened to the resident or client? What happened to you? Were you hurt, in body or feelings? Were you threatened or abused in words or actions? Was your property or anyone else's damaged?)

THE CLIENT WAS NOT INJURED + WAS FAIRLY CALM, CLAIMING THAT [redacted] HAD BEHAVED IN A SIMILAR FASHION ON SEVERAL OCCASIONS IN THE PAST.

I WAS NOT THREATENED BUT WAS VERBALLY ABUSED. IN MY OPINION, DUE TO [redacted] INEBRIATED STATE, DAVID, [redacted] + MYSELF WERE IN DANGER OF BEING SERIOUSLY INJURED EITHER DELIBERATELY OR ACCIDENTALLY.

Re: **David Jenkins (d.o.b. 12.01.79) Legal Status 44(1)(a) Condition of Residence**
Address: 47 Cuiken Avenue, Penicuik
School: Wellington School, Penicuik

David Jenkins (14) was placed with [redacted] Community Carers via Section 44(1)(b) Social Work (Scotland) Act 1968 with a Condition of Residence on 3rd December 1992. At that time also his status at Wellington was changed from that of residential placement to day pupil attendance.

Since time of the Children's Hearing there have been a number of developments especially in relation to home and school. Initially David's placement with [redacted] appeared to be going well with no problems of significance arising. Contact wit[redacted] was over weekend time, i.e. Friday after school to Monday morning.

In the ensuing months, David's school situation had deteriorated to the stage where school staff are seriously questioning the viability of his continued presence with them. [redacted] are quite clear about David's placement with them being dependent on David maintaining his position at Wellington School. David later refused to return to the care of [redacted] stating that he wished to be at home with [redacted] despite the upset he feels as [redacted]es to drink at times. David is however very attached to [redacted] and she to him.

Following an emergency Child in Care Review held on 21st January 1993 the decision was made to place David on extended home leave and for him to continue as a day pupil at Wellington School from home. The one thing David has been consistent about throughout is his wish to remain at Wellington School despite behaviour which would often indicate the contrary.

The onus is on David to prove, not least to himself, that he can maintain both his school and home situation over a trial period. A further review has been scheduled for 29th March with a Children's Hearing arranged for 2nd April. Should this prove to be successful, the recommendation would be to continue the Supervision Requirement but for David to stay wit[redacted] and continue at Wellington School from home. To date this plan has been going quite well and we are hopeful that this will/...

Copies this date to Lisa Bacon

will continue, as we are rapidly running out of options for this boy.

In the event of a return to home for David I would like to see him attending some kind of activity/outdoor pursuits as part of a planned care programme. T.L.C. (Scotland) offer weekend breaks, Friday to Sunday at Eddleston at at cost of £164.50 (inclusive of V.A.T.). In addition to a wide range of outdoor activities, T.L.C. offer individual counselling and encourage the child to construct for himself a "way forward" future planning programme.

Against the cost of Community Care, four weekends between April/May - October/November would be much less expensive and I believe would be more appropriate to the needs of this boy. David will be 15 years in January 1994 and will then be eligible for referral to "Venture Scotland" which, having Charitable Status can offer weekends at a much reduced cost.

The purpose of this memo is to check your reaction to 1) the idea, 2) to the funding required, 3) whether, in the event of David returning to the care of his mother, you would be prepared to give agreement in principal to the proposed plan. Details and dates along with the necessary Section 20 form would be forwarded at a later stage should authorisation be granted.

Thank you for your detailed memo. This is clearly a complex case. I would agree to the use of T.L.C although I should acknowledge that there is/was a Departmental concern about the costs of this resource. However it would be money well spent against the care costs of residence in Wellington. Yes, I agree in principle to the proposed plan and I am sure you will closely monitor his welfare at home. I hope your prospects go well. Thanking you.

Dear David

I am concerned that you put down the receiver during your telephone call to me today.

As you seem to be confused about the purpose of the supplementary report I have provided further details below:

You were charged with Breach of the Peace and Con Criminal Law (Consol)(s) 1995 s52(1) on 29 November 1997 – these relate to Breach of the Peace and damage to a police car. A Social Enquiry Report was prepared and you appeared before Edinburgh Sheriff Court on 17 September 1998. The Court then decided to defer sentence until 7 October 1998. They again deferred sentence until 7 October 1999 and have asked me to prepare a Supplementary Social Enquiry Report.

This report will highlight to the Court the progress you have made since they imposed your deferred sentence.

As I explained it is in your interest to have the report written and an appointment has been made for you to come to **Loanhead Social Work Centre on 13 September 1999 at 2.30pm.**

If you choose not to attend at this time then I cannot prepare the report. The Court then has the option of issuing a warrant if you fail to appear in Court on 7 October 1999. Given the progress you have made and the fact that this is your last outstanding matter I would advise you to co-operate in the preparation of the report.

However, if ...../

MEANS ENQUIRY REPORT FOR MIDLOTHIAN DISTRICT COURT ON 1.2.99 RE. DAVID JENKINS (12.1.79), 47 CUIKEN AVENUE, PENICUIK, MIDLOTHIAN.
ACCOUNT NO. 600486040

This report is based upon one home interview and consultation with the Fines Section of both Edinburgh Sheriff and Midlothian District Courts. I am also the supervising social worker for David Jenkin's Probation Order and I have therefore had regular contact with him since June 1998.

Employment & Training

David Jenkins has largely been unemployed since leaving school, other than a short period as a retail assistant. In September he completed a 9-week Intensive Outdoor Training Course as a condition of his Probation Order. This also included a focus on employment prospects.

David Jenkins recently began a training course at Telford College, which I believe was organised via his "New Deal" adviser at Penicuik Job Centre.

Financial Circumstances

David Jenkins advises that he receives £77.80p. per fortnight in state benefits. He relates outgoings of:-

£40 per fortnight to Board & Lodgings
£24 per fortnight to Bus Fares
£ 5 per fortnight to Fines (Edinburgh Sheriff Court)
£10 per fortnight to Catalogue repayments

I believe the local Job Centre reimburses travel to college. He also became a father in September and is planning a future with his partner, Fiona, and their baby son, Ryan. He therefore states that the remainder of his money is spent on baby items and essentials.

Details of Outstanding Fines

The Fines Section advise that David Jenkins was fined £132.07p. on 23.10.97 in relation to a shoplifting offence. To date £45 has been paid, with the last payment dated 22.10.98. He therefore has significant arrears.

He/...

He also has a £150 fine imposed by Edinburgh Sheriff Court on 19.1.98 in relation to an assault charge. This fine is currently up-to-date, with £105 still outstanding. The alternative of 5 days imprisonment has been imposed should he fail to make payments in the future.

An arrangement was made for the Airborne Initiative (where he carried out his 9 weeks training programme) to deduct money from his benefits and pay them directly to the Court. However, due to an administrative error on their part this arrangement was never pursued.

Conclusions

David Jenkins is a young man with a 5-month-old son. He and his girlfriend intend to live together in the future and are both on a very limited income. He states that he is unable to pay his fine due to his limited income and personal situation, rather than any blatant disregard for the Court.

David Jenkins states he will attempt to pay his fine if given more time. However, given his limited income and previous inability to comply, the Court may wish to consider a Supervised Attendance Order.

The expectations of such an Order have been explained to him, as have the consequences for non-compliance. Should the Court deem him a suitable candidate he would work on the following areas for a total of 2½ hours per week:-

Money Matters
Personal Development
Healthy Choices
Employment Use of Time
(Unpaid work – if appropriate)

Given that he is in full-time training, work on the Order would occur in the evening.

KEY POINTS OF DEVELOPMENTAL PROGRESS ACHIEVED

KEYWORKER

David has shown real progression throughout the Course. His social interaction with fellow trainees and staff has improved. David is the first to admit that it will not be easy returning to his community and is apprehensive about his return to his home environment.

However, his increased self confidence, self awareness and basic grasp of consequential thinking will help him get his footing on a more secure family base. David has stated that the Course has changed his perception with regards his future. I have no doubt in my mind that the demands of the programme coupled with the underlying personal issues has been a very emotional time for David.

This experience will undoubtedly help David face having to deal with his mothers alcoholism, the birth of his child and subsequent appropriate support needed for a secure future.

Cliff Giddings.

LIFE SKILLS

David has shown a marked improvement in terms of his performance during the Lifeskills sessions, participating more and more as the sessions went on.

William Carmichael
(Social Work Liaison Officer)

JOB SEARCH SKILLS

David has performed consistently throughout the Job Search Skills programme and has been keen to learn and develop his skills in this field.

You are cordially invited to join the Trainees, their relatives and friends, and the Staff of Airborne for a short ceremony, starting at **11.00 a.m.**, at the Glengonnar Centre, after which we shall be glad if you will stay for a light lunch. KEY POINTS OF DEVELOPMENTAL PROGRESS ACHIEVED

KEYWORKER

David has shown a great amount of effort throughout the Course so far. However, he does tend to internalise comparatively unimportant issues and fly off the handle somewhat.

He has participated to his fullest and was the only member of our team to complete a set of arduous challenges in the Lake District.

He has some firm ideas about the future and has implemented a strategy to make him more employable with regard to his behaviour.

Cliff Giddings
(Keyworker)

LIFE SKILLS

David has continually contributed during the Lifeskills sessions, whilst he may not have always seen the value of the sessions, he participated well.

William Carmichael
(Social Work Liaison Officer)

JOB SEARCH SKILLS

David's level of participation has increased steadily, throughout this component of the Course and he appears keen to develop his skills and knowledge in this area.

SUPERVISING SOCIAL WORKER'S COMMENTS

I agree/~~disagree~~ with the comments made in this report

I have the following comments of my own to make:

David failed to attend his appointment with me on Monday 10th August. He was unable to attend on Tuesday 11th August as he states he was working on his CV.

We briefly discussed the need for me to go over the report, but I was obviously unable to do so over the 'phone.

I would be interested to know more about any incidents where he has over-reacted and spoken hastily. I have been unable to discuss these with David.

He did mention an incident with a participant named Steven Forsyth – do I need to know more about this?

I will be on holiday until 31.8.98 Any problems; please contact the duty worker on tel: [redacted]

Myself + my Senior will visit on Wednesday 9th September at 3pm for a Prob Review.

KEY POINTS OF DEVELOPMENTAL PROGRESS ACHIEVED

KEYWORKER

David is a sensitive well mannered person, who works well in a team or on tasks which require an individual steady effort.

He is an enthusiastic man who is keen to maximise the opportunities the Programme may present.

However, David does tend to overreact and act or speak without rationalising consequences.

He is currently doing well, but finding it difficult to find his niche within the team.

Cliff Giddings
(Keyworker)

LIFE SKILLS

Appears to be enjoying the Lifeskills sessions, contributing well - a good start.

William Carmichael
(Social Work Liaison Officer)

JOB SEARCH SKILLS

David has participated in the first three sessions of the Job Search Skills package and has contributed ideas freely and listened well. David appears keen to learn from the Programme.

David fully understand the content and significance of the component of the Course.

Douglas Orr
(Training And Development Manager)

Dear Sir/Madam,

Re: David Jenkins - (12.10.79) - 47, Cuiken Avenue, Penicuik, Case No. 4245/97

I am writing in my role as supervising social worker for the above named's Probation Order.

I believe he has a fine outstanding with your Court which is now in arrears.

For your information, David Jenkins has been ordered by Edinburgh Sheriff Court to attend the "Airborne Initiative" as a condition of his Probation Order. He will be a resident there from 29th July 1998 to 30th September 1998. His fines will therefore be administered by the project, with payment being deducted by staff directly from his benefit and forwarded to you.

I propose he pays £20 per fortnight with a view to clearing this debt as soon as possible. I will forward the necessary information to the staff at Airborne.

Yours faithfully,

Jane Kelly

Dear Ms Kelly,.

Regarding: David Jenkins
Placed on Probation with Condition of Attendance at Airborne: - 29 July - 29 September 1998

Please find enclosed a copy of the letter issued today to the above named, .setting out the arrangements for the Course and for Home Leave, together with a copy of the Course Programme.

We are pleased to note that you will be accompanying him to Glengonnar Centre on Wednesday 29 July 1998, and, would ask, that you arrive no later than 2.30 pm .

Would you please let me know, as soon as possible, if anything occurs between now and the start of the Course which would make it impossible for him to attend the Course, or which raises serious doubts in your mind about the likelihood of him turning up on the first day or completing the Course successfully. We can then review the situation and agree on what action, if any, to take. By giving us early warning in such cases, you also give us the opportunity to offer a place to someone else who might otherwise go to prison.

In particular, we need to know straight away if you become aware that he is dependent on alcohol or illicit drugs, is currently on a withdrawal programme, or is suffering serious effects as a consequence of withdrawal. In these circumstances, we would normally have to exclude him from the Course, both for safety reasons and because we are not equipped to deal with people who have serious alcohol or drug dependency problems - who cannot cope from day-to-day without a "fix".

The use of any alcohol or drugs while at Airborne poses serious risks to the safety of other course members and staff, as well as the probationer, and seriously disrupts the programme. Probationers' clothing and personal belongings are therefore liable to be searched on arrival at the start of the Course and at other times during the Course. If caught in possession of either alcohol or drugs, the probationer will be disciplined and may be asked to leave the Course. If the breach of this rule involves drugs, it may be necessary, depending on the circumstance, to report the incident to the police. **We will notify you immediately if a search reveals that he has brought alcohol or drugs into the Centre. We will consult with you, wherever possible, before deciding about whether to order him off the Course. Where drugs are involved we will let you know straight away whether we have been obliged by the facts to report the matter to the police and, if possible, discuss the matter with you beforehand. It will, of course, be a matter for you to decide whether any breach of this rule is sufficiently serious to justify an application to the Court for breach of his Probation Order.**

The purpose of Home Leave is to help him to maintain and strengthen links with his family and other sources of social support in the community, and to begin to apply what he is learning on the Course to the problems he is likely to face at the end of the Course. In particular, it provides him with the opportunity to brief you on his progress and to work with you towards completing his Probation Order successfully. **Please complete and**

return the tear-off slip below indicating a suitable date / time to see your Probationer during each of his Home Leave periods. We will provide you with reports on his progress preceding his leave and on completion of the Course.

You are welcome to visit him during the Course and, if you wish, to familiarise yourself with the programme at first hand. **Please contact me if you intend to visit so that appropriate arrangements can be made.** We could also use the opportunity to discuss what support Airborne might be able to offer him when he completes the Course as part of our After-Care service.

I would be happy to answer any queries you may have about the Airborne regime, and look forward to working with you towards making his stay at Airborne a worthwhile contribution towards his period of probation supervision.

Yours sincerely

Dear Mr Jenkins,

I am pleased to confirm that you have been accepted for the next Airborne Initiative (Scotland) Course, as a condition of your Probation Order. **Your Course will start on 29 July 1998 and finish on 29 September 1998.**

I understand that your supervising officer is [redacted] You should make contact with him/her shortly to sort out your travelling arrangements to Glengonnar.

During the Course you will have two periods of Home Leave:
1st period: from Monday 10 August 1998 to Thursday 13 August 1998
2nd period: from Thursday 10 September 1998 to Sunday 13 September 1998.

In the interests of everyone's safety - your own, other course members and staff - no-one is allowed to take alcohol or illegal drugs into The Glengonnar Centre. Your clothing and personal belongings are therefore liable to be searched when you arrive for the start of the Course and at other times during the Course. If a search reveals that you have broken this rule, you will receive a formal warning and may be asked to leave the Course. If you are found to possess illegal drugs, we may have to report this to the police.

Please bring the clothing and other articles on the attached list with you to the Course. Don't worry if you do not have all the items - just bring as much as you can. I am enclosing a copy of the leaflet "Information for Probationers" to help you prepare for the Course.

I am sending a copy of this letter to your Supervising Officer. I wish you success with the Course and look forward to seeing you on day one.

Yours sincerely,

William Carmichael

Dear David

I've checked your fines with Midlothian District and Edinburgh Sheriff Courts.

They are as follows:-

PENICUIK
DISTRICT - One fine for £132.07 imposed on 23rd October 1997.
You paid £10 on 10.6.98 and now owe £107.07. You are 2 weeks behind and therefore owe them £10. This fine is due to be paid at £5 per week.

EDINBURGH
SHERIFF - One fine of £150 imposed on 19th January 1998.
You now owe £125.00 and have arrears of £25. You failed to attend A Means Enquiry Court on 26.5.98 and a warrant has been issued for your arrest. This fine is due to be paid at £5 per fortnight.

You should try to pay something towards the arrears from your next Giro and perhaps pay at the Bar if you are arrested.

You therefore have to pay £15 per fortnight to your fines. Think about how you want to budget your money and we'll discuss it next week. The first step might be changing your payment to Penicuik to fortnightly instead of weekly? We can let both Courts know that Airborne will pay your fines for you during your course.

We'll go over these again when I see you next Thursday.

Yours sincerely

JK.

Dear David,

FINES SUPERVISION ORDER

I am writing to confirm that you were placed on a Fines Supervision Order at Penicuik District Court on 1st June 1998. The Court has made this Order because it believes you may need advice from a Social Worker about paying your fine.

The Order will last until your fine has been paid in full. You should pay the fine to the Court which made the Order.

If you do not make regular payments, you will be called to a Means Enquiry Court. The Court may ask for a Social Worker's report for more information. **The Court can decide to fix an alternative of imprisonment if you fail to pay the fine.**

If your income is low and you can show the Court that you are suffering hardship, then your weekly payments may be reduced.

If you wish to discuss any of this information with a Social Worker, or if you are having difficulty paying your fine, we would be pleased to offer you an appointment. You can arrange this appointment by calling [redacted]

Please contact me if you have nay questions at all.

Dear Dr. Begg
Re: DAVID JENKINS (12.01.79) - 47 Culken Avenue, Penicuik.
AIRBORNE MEDICAL ASSESSMENT

I am writing in response to the points you raised with David Jenkins during his recent appointment with you. I have also enclosed a copy of my original letter, the Medical Report Pro-Forma for your completion and signed permission from David Jenkins.

- **Information about the fitness standard** - In order to participate in the programme, the Court needs your views as to whether David Jenkins is physically able to participate in the following activities: Hill-walking, Climbing, Canoeing, Mountain-Biking, and Camping. Physical demands during the 9 week course are progressive and adapted to the trainees capabilities and the requirements of safety, however they are challenging.

On the Pro-forma you are required to delete the options as appropriate, your opinion is therefore also sought on Alcohol/Drug use and any experience of mental ill health. You may also wish to highlight any additional information such as allergies which may be of use the Court.

- **Consent to disclosure of information** - My original letter to you contains signed permission from David Jenkins as confirmation that he has given his permission to disclose relevant information. A further signed agreement is enclosed.

- **Confirmation that fee is payable and by whom?** - I can confirm that the normal fee will be paid by this department within the scale set by Lothian Health. An invoice from your practice will then be paid by our finance section. As stated in my original letter this should be made out to Midlothian Council Social Work Department.

All that is now required is that you complete the Pro-Forma and return it to me. A first class s.a.e. is enclosed for you convenience. This matter is urgent, as I am required to provide a report and your completed letter to the Court by **Wednesday 3rd June** at the latest.

I thank you for you co-operation and look forward to receiving you completed report. Should you have any further queries, please telephone me on [redacted]

Yours sincerely

Business Manager,

Airborne Initiative
Glengonnar Centre,
Abington, Biggar,
Lanarkshire, ML12 6SG.

This nine week initiative, at the discretion of the Courts, is offered as an alternative to a custodial sentence. At this residential course, the training elements were formerly delivered under Training for Work. As a pilot event, the training is to be delivered under the New Deal Option, Full Time Education and Training. Generally the FTET option will occur at any time after one month in Gateway. However, for the Airborne Initiative, the appropriateness of this course of action (FTET) has been already determined for the participants.

The next "course" runs from 22nd April to 23rd June 1998 inclusive. Local offices may therefore be contacted on the telephone (by Fiona Robison) to arrange urgent appointments with the NDPA, for those individuals due to start on the 22nd April. (Paragraph 12.13, in the Detail Business Process Design, deals with the need for urgent pre-entry interviews where FTET is to start quickly.)

NDPA will carry out the required pre-entry interview, but will also require to:
- to complete ND1 and despatched to Airbourne Initiative.
  (a copy of the form will be kept on LMU)
- update LMS to show referral to FTET
- included with the form ND9 (top five copies to Airbourne) should be a copy of the young person's most recent action plan
- standard forms N D 102 and N D 8 should also be issued

Allowance payments for these participants are to be made payable to the individual; c/o Airborne Initiative, Glengonnar Centre, Abington, Biggar, Lanarkshire. The local post office is Abington, and the post office code number [redacted]

Included is a list of those from your office, due to start on 22.4.98. Please note, that this may still be changed. Should you have any questions, please telephone me on [redacted]

MEANS ENQUIRY REPORT FOR EDINBURGH SHERIFF COURT ON 26.5.98 RE. DAVID JENKINS (12.1.79), 47 CUIKEN AVENUE, PENICUIK, MIDLOTHIAN.
ACCOUNT NO. 600486040

This report is based on one office interview and consultation with the Fines Section.

Employment & Training

Since leaving school David Jenkins has worked on a training scheme as a retail assistant and been unemployed. He is presently without work and informs me he is actively seeking a full-time position.

Income & Expenditure

David Jenkins receives £77.80p. Job Seekers Allowance each fortnight. He informs me that his main expenditure is £40 per fortnight in Board & Lodgings [redacted] **He also pays £10 per fortnight to outstanding fines with Edinburgh Sheriff and Midlothian District Courts. He therefore has £27.80p. available each fortnight.**

Details of Outstanding Fine

I believe David Jenkins was ordered to pay £150 by Edinburgh Sheriff Court on 19.1.98, in relation to an assault charge.

The Fines Section states that to date £25 has been paid, with the last payment having been received on 2.4.98.

David Jenkins informs me that his arrears are due to an oversight rather than deliberate non-compliance. He states that he intends to continue paying his fine.

Conclusions

David Jenkins is an 18-year-old young man [redacted] **He informs me that** [redacted] **is pregnant and their baby is due at the end of September. He is currently subject to a Community Service Order and I am his Supervising Officer.**

Fine:/...

Fine: David Jenkins states that he intends to clear his arrears and continue paying his fine at the rate previously agreed. I have informed him of methods of payments and the money management assistance available from this Department.

FOR OFFENCE(S) OF:	Breach of the Peace Con. Criminal Law (Consol.) (S) Act 1995, S.52(1)
REPORT WRITTEN BY: OF:	Jane Kelly Social Worker Criminal Justice Team Dalkeith Social Work Centre 11 St. Andrew Street Dalkeith EH22 1AL Midlothian
ON:	16.9.98

Basis of Report

This report is based on two interviews, one at the Airborne Initiative and one at David Jenkins' home, where [redacted] was also present. I am the supervising social worker for his 12 month Probation Order and have therefore had access to departmental records.

Current Circumstances

David Jenkins is currently resident at the Airborne Initiative, as a condition of his Probation Order. His course finishes on 29th September and he intends to return to [redacted] after that date. [redacted] is due to have their first baby at the end of September.

Family Background

The family originate from the Penicuik area. [redacted]
David Jenkins lives with [redacted] with whom he has an often turbulent relationship. [redacted]

Personal Information

Both departmental records and David Jenkins himself, describe a difficult childhood which was marked by [redacted] David Jenkins received social work support from 1989 and was eventually made subject to a Children's Hearing Supervision Requirement.

I believe a childhood with little boundaries contributed to a deterioration in David Jenkins' behaviour at school, which resulted in specialist educational provision being sought. The supervision requirement was terminated in 1994 and David Jenkins returned to [redacted] relationship with [redacted]

Education

David Jenkins initially attended Cuiken Primary School, Penicuik, but encountered difficulties as a result of lack of concentration and challenging behaviour. He received specialist support until a place was eventually secured at Wellington Residential School. Departmental records indicate that David Jenkins responded well to the regime and the supports on offer there, and successfully completed his education.

Employment & Income/...

Employment & Income

Upon leaving school, David Jenkins informs me he undertook a Youth Training Scheme as a retail assistant. He is actively seeking employment and is encouraged by the skills development offered at Airborne. Staff at Airborne inform me that David Jenkins has secured a place at Jewel & Esk Valley College, doing Fabrication Welding.

David Jenkins currently receives £77.80p. Job Seekers Allowance. His main expenditures are £40 to Board & Lodgings and there will be financial responsibilities towards child care when his baby arrives. David Jenkins also has outstanding fines to Edinburgh Sheriff and Midlothian District Courts. He missed a Means Court appearance at Edinburgh in August and has a total of £125 outstanding. I believe a Warrant has been issued in this instance. He also owes £107.07p. to Midlothian District Court, with arrears also being due.

Current Offence

The present offence [illegible] .97 and relates to a Breach of the Peace and damage to a police car.

In describing the background to the offence David Jenkins relates having been drinking throughout the day with friends. I believe an argument and fight broke out in David Jenkins' home, which resulted in him being stabbed. He relates leaving the house in some distress and being out of control in the street. The Police were called and David Jenkins was arrested. Whilst being held by the Police Officers he smashed his head off the windscreen of the police car. He states this was not deliberate or malicious and occurred due to being drunk and out of control. He was later taken to hospital to receive stitches for his stab wound.

Previous Offending

Information from departmental records highlights seven previous convictions dating from 1995. He largely received fines until being ordered to complete 80 hours of Community Service in 1997. He successfully completed his Order in June 1998.

I am unable to confirm exact details of offences as I have not received information from either the Scottish Criminal Records Office or the Procurator Fiscal.

Substance Misuse

David Jenkins relates some past alcohol misuse which appears to have a direct correlation to his offending behaviour. He states that he now drinks occasionally at home, but does not describe alcohol as problematic.

He/...

He relates using drugs recreationally as an adolescent, but states he no longer uses any illegal drugs.

Physical & Mental Health

David Jenkins does not relate ever having experienced any physical or mental ill health.

Summary & Conclusions

David Jenkins is complying fully with all the conditions of his Probation Order. Staff at Airborne report him as showing a great amount of effort throughout his course. They state he has participated to his fullest and was the only member of the team to complete a set of arduous challenges in the Lake District.

David Jenkins is a young man who has experienced a disruptive childhood and experience of residential care. He is to become a father for the first time very soon and is planning for the future. He appropriately uses the supports available via his Probation Order to initiate changes in his life. To date he has successfully secured a college training place and it is to be hoped this progress continues.

Options as to Disposal

Community Service: David Jenkins has successfully complied with such a disposal in the past. He is therefore fully aware of the expectations of such an Order. He continues to be assessed as a suitable candidate and an immediate place is available in line with National Objectives & Standards.

Probation: As previously mentioned David Jenkins is progressing well to date. He is due to complete his Airborne condition next week. Social Work support during the remainder of his Order will aim to do the following:-

- Support progress
- Focus on relationships, accommodation and constructive use of time
- Explore attitudes to offending

Financial Disposal: As David Jenkins has outstanding fines and arrears I would not see such a disposal as suitable at this time.

Deferred Sentence: David Jenkins conveys a willingness and motivation to avoid future re-offending. Such an option would allow him to prove he is serious in this intention. I would be able to provide progress reports as requested.

REPORT WRITTEN BY: Jane Kelly
Social Worker
Criminal Justice Team

OF: Dalkeith Social Work Centre

Dalkeith EH22 1AL
Midlothian

ON: 14th September 1999

This report is based on one office interview, information from the Procurator Fiscal and access to departmental records. I was also the supervising Social Worker for David Jenkins Probation Order, which was successfully completed in July. He has also recently successfully completed a Supervised Attendance Order imposed by Midlothian District Court. This report should be read in conjunction with the original Social Enquiry Report, which is attached. I have also consulted colleagues at Edinburgh Sheriff Court in relation to current fines.

Current Circumstances

David Jenkins, [redacted] have recently moved into their first local authority tenancy in Penicuik. He relates spending much of his time decorating the property. He describes being delighted with his new home and feels that it is everything he has wished for. He is currently unemployed and relates actively seeking a training course in mechanics.

Employment & Income

David Jenkins has been anxious to secure employment since he completed his Airborne Training in September 1998. He began an engineering training course, which was arranged by his New Deal advisor, but decided to leave, as he felt the course would not equip him for working as a mechanic. He relates undertaking some short contract work with [redacted] but has been unable to secure a full-time position. David Jenkins states that he remains hopeful of training as a mechanic and is keen to find full-time work in order to support his family financially.

In terms of income [redacted] claims benefits [redacted] and receives £201.70 per fortnight, plus housing benefit, which pays their rent. David Jenkins relates outgoings to the following;

***Gas - £12 per fortnight**
***Electricity - £20 per fortnight**
***Provident Loan - £5.00 per fortnight**
***Catalogue - £25 per fortnight**
***Food/Baby Care Items - £100 per fortnight**

David Jenkins states that he [redacted] have £20 disposable income each week, which is normally used to replenish essential foodstuffs such as milk and bread.

Edinburgh Sheriff Court advise that David Jenkins has one outstanding fine for £150 which was imposed on 19.1.98. To date £110 has been paid, with £40 outstanding. I believe an extract warrant was issued in respect of this fine on 31.8.99 with a 5-day alternative having been imposed. David Jenkins would appear to be confused regarding this matter as he believes he will be able to clear the outstanding balance of his fine.

Probation Progress

David Jenkins was made subject to 12 month Probation Order in July 1998, with an added condition to attend the Airborne Initiative. David Jenkins successfully completed his Order and completed his Airborne Training in September of last year. He describes the experience as challenging and personally rewarding, as he was required to complete some physically arduous tasks.

It would also appear that Probation has enabled David Jenkins to reflect upon his situation and encouraged him to initiate changes in his lifestyle. These predominantly relate to personal relationships, alcohol use and offending.

Summary & Conclusions

David Jenkins states that he has actively avoided further offending since this current offence was committed in November 1997. He states that he no longer uses alcohol in excess, drinking only one evening per week at home and no longer has contact with a peer group who are involved in offending. He states that his priorities are [redacted] and he is anxious to avoid further contact with the Criminal Justice System or any possibility of future imprisonment.

David Jenkins is a young man who has experienced a disruptive childhood and was received into local authority residential care. He continues to experience a difficult relationship [redacted]

He [redacted] have recently moved to [redacted] first home and have received a great deal of support [redacted] He used the supports available via his Probation Order to initiate changes in his life and would appear to be motivated to sustain these positive developments. Given the progress David Jenkins has made during the course of his Probation Order and the fact that he has actively avoided offending for nearly two years, the risk of further offending is low.

Options as to Disposal

Community Service - Such an Order is available as a direct alternative to custody. David Jenkins has successfully complied with such a disposal in the past and is therefore fully aware of the expectations of such an Order. He continues to be assessed as a suitable candidate and an immediate place is available in line with National Objectives & Standards.

Probation - David Jenkins has recently successfully completed such an Order. He made good progress throughout and has initiated positive changes in his lifestyle. It is difficult to envisage any benefit being derived from further statutory social work supervision at this time.

Financial Disposal - David Jenkins has made efforts to clear his outstanding fines and recently completed a Supervised Attendance Order in respect of Midlothian fines. He now has responsibility [redacted] and has a limited budget. Any fine imposed would impact upon his [redacted] and although his budgeting skills have improved, I believe he may have difficulty in complying with a further financial penalty at this time.

Deferred Sentence - This matter has been deferred for a period of 12 months and David Jenkins has avoided further offending. Although he would be willing to abide by the expectations of a further period of deferment, he is also anxious for this matter to be resolved.

Admonition - Should the Court believe that David Jenkins has fully complied with their expectations, they may wish to consider such an option at this time. It would take in to account the progress he has made and allow him to bring his contact with the Criminal Justice System to a close.

REPORT WRITTEN BY:	Jane Kelly Social Worker
OF:	Criminal Justice Team Dalkeith Social Work Centre 11 St. Andrew Street Dalkeith EH22 1AL Midlothian
ON:	14th September 1999

This report is based on one office interview, information from the Procurator Fiscal and access to departmental records. I was also the supervising Social Worker for David Jenkins Probation Order, which was successfully completed in July. He has also recently successfully completed a Supervised Attendance Order imposed by Midlothian District Court. This report should be read in conjunction with the original Social Enquiry Report, which is attached. I have also consulted colleagues at Edinburgh Sheriff Court in relation to current fines.

Current Circumstances

David Jenkins, [redacted] have recently moved into their first local authority tenancy in Penicuik. He relates spending much of his time decorating the property. He describes being delighted with his new home and feels that it is everything he has wished for. He is currently unemployed and relates actively seeking a training course in mechanics.

Employment & Income

David Jenkins has been anxious to secure employment since he completed his Airborne Training in September 1998. He began an engineering training course, which was arranged by his New Deal advisor, but decided to leave, as he felt the course would not equip him for working as a mechanic. He relates undertaking some short contract work with [redacted] but has been unable to secure a full-time position. David Jenkins states that he remains hopeful of training as a mechanic and is keen to find full-time work in order to support his family financially.

In terms of income the couple claims benefits as a family and receives £201.70 per fortnight, plus housing benefit, which pays their rent. David Jenkins relates outgoings to the following;

***Gas - £12 per fortnight**
***Electricity - £20 per fortnight**
***Provident Loan - £5.00 per fortnight**
***Catalogue - £25 per fortnight**
***Food/Baby Care Items - £100 per fortnight**

David Jenkins states that he [redacted] have £20 disposable income each week, which is normally used to replenish essential foodstuffs such as milk and bread.

Edinburgh Sheriff Court advise that David Jenkins has one outstanding fine for £150 which was imposed on 19.1.98. To date £110 has been paid, with £40 outstanding. I believe an extract warrant was issued in respect of this fine on 31.8.99 with a 5-day alternative having been imposed. David Jenkins would appear to be confused regarding this matter as he believes he will be able to clear the outstanding balance of his fine.

Probation Progress

David Jenkins was made subject to 12 month Probation Order in July 1998, with an added condition to attend the Airborne Initiative. David Jenkins successfully completed his Order and completed his Airborne Training in September of last year. He describes the experience as challenging and personally rewarding, as he was required to complete some physically arduous tasks.

It would also appear that Probation has enabled David Jenkins to reflect upon his situation and encouraged him to initiate changes in his lifestyle. These predominantly relate to personal relationships, alcohol use and offending.

Summary & Conclusions

David Jenkins states that he has actively avoided further offending since this current offence was committed in November 1997. He states that he no longer uses alcohol in excess, drinking only one evening per week at home and no longer has contact with a peer group who are involved in offending. He states that his priorities are [redacted] and he is anxious to avoid further contact with the Criminal Justice System or any possibility of future imprisonment.

David Jenkins is a young man who has experienced a disruptive childhood and was received into local authority residential care. He continues to experience a difficult relationship [redacted]

He [redacted] have recently moved to their first home and have received a great deal of support from [redacted] He used the supports available via his Probation Order to initiate changes in his life and would appear to be motivated to sustain these positive developments. Given the progress David Jenkins has made during the course of his Probation Order and the fact that he has actively avoided offending for nearly two years, the risk of further offending is low.

Options as to Disposal

Community Service - Such an Order is available as a direct alternative to custody. David Jenkins has successfully complied with such a disposal in the past and is therefore fully aware of the expectations of such an Order. He continues to be assessed as a suitable candidate and an immediate place is available in line with National Objectives & Standards.

Probation - David Jenkins has recently successfully completed such an Order. He made good progress throughout and has initiated positive changes in his lifestyle. It is difficult to envisage any benefit being derived from further statutory social work supervision at this time.

Financial Disposal - David Jenkins has made efforts to clear his outstanding fines and recently completed a Supervised Attendance Order in respect of Midlothian fines. He now has responsibility for a family and has a limited budget. Any fine imposed would impact upon his family and although his budgeting skills have improved, I believe he may have difficulty in complying with a further financial penalty at this time.

Deferred Sentence - This matter has been deferred for a period of 12 months and David Jenkins has avoided further offending. Although he would be willing to abide by the expectations of a further period of deferment, he is also anxious for this matter to be resolved.

Admonition - Should the Court believe that David Jenkins has fully complied with their expectations, they may wish to consider such an option at this time. It would take in to account the progress he has made and allow him to bring his contact with the Criminal Justice System to a close.

FOR OFFENCE(S) OF:	Breach of the Peace Con. Criminal Law (Consol.) (S) Act 1995, S.52(1)
REPORT WRITTEN BY:	Jane Kelly Social Worker
OF:	Criminal Justice Team Dalkeith Social Work Centre 11 St. Andrew Street Dalkeith EH22 1AL Midlothian
ON:	16.9.98

Basis of Report

This report is based on two interviews, one at the Airborne Initiative and one at David Jenkins' home, [redacted] was also present. I am the supervising social worker for his 12 month Probation Order and have therefore had access to departmental records.

Current Circumstances

David Jenkins is currently resident at the Airborne Initiative, as a condition of his Probation Order. His course finishes on 29th September and he intends to return to [redacted] home after that date. [redacted] is due to have their first baby at the end of September.

Family Background

The family originate from the Penicuik area. [redacted]

Personal Information

Both departmental records and David Jenkins himself, describe a difficult childhood which was marked by [redacted] David Jenkins received social work support from 1989 and was eventually made subject to a Children's Hearing Supervision Requirement.

I believe a childhood with little boundaries contributed to a deterioration in David Jenkins' behaviour at school, which resulted in specialist educational provision being sought. The supervision requirement was terminated in 1994 and David Jenkins returned to live [redacted] He informs me that his relationship with [redacted] is much improved, but that difficulties continue to arise at times [redacted]

Education

David Jenkins initially attended Cuiken Primary School, Penicuik, but encountered difficulties as a result of lack of concentration and challenging behaviour. He received specialist support until a place was eventually secured at Wellington Residential School. Departmental records indicate that David Jenkins responded well to the regime and the supports on offer there, and successfully completed his education.

Employment & Income/...

Employment & Income

Upon leaving school, David Jenkins informs me he undertook a Youth Training Scheme as a retail assistant. He is actively seeking employment and is encouraged by the skills development offered at Airborne. Staff at Airborne inform me that David Jenkins has secured a place at Jewel & Esk Valley College, doing Fabrication Welding.

David Jenkins currently receives £77.80p. Job Seekers Allowance. His main expenditures are £40 to Board & Lodgings and there will be financial responsibilities towards child care when his baby arrives. David Jenkins also has outstanding fines to Edinburgh Sheriff and Midlothian District Courts. He missed a Means Court appearance at Edinburgh in August and has a total of £125 outstanding. I believe a Warrant has been issued in this instance. He also owes £107.07p. to Midlothian District Court, with arrears also being due.

Current Offence

The present offence occurred on 29.11.97 and relates to a Breach of the Peace and damage to a police car.

In describing the background to the offence David Jenkins relates having been drinking throughout the day with friends. I believe an argument and fight broke out in David Jenkins' home, which resulted in him being stabbed. He relates leaving the house in some distress and being out of control in the street. The Police were called and David Jenkins was arrested. Whilst being held by the Police Officers he smashed his head off the windscreen of the police car. He states this was not deliberate or malicious and occurred due to being drunk and out of control. He was later taken to hospital to receive stitches for his stab wound.

Previous Offending

Information from departmental records highlights seven previous convictions dating from 1995. He largely received fines until being ordered to complete 80 hours of Community Service in 1997. He successfully completed his Order in June 1998.

I am unable to confirm exact details of offences as I have not received information from either the Scottish Criminal Records Office or the Procurator Fiscal.

Substance Misuse

David Jenkins relates some past alcohol misuse which appears to have a direct correlation to his offending behaviour. He states that he now drinks occasionally at home, but does not describe alcohol as problematic.

He/...

He relates using drugs recreationally as an adolescent, but states he no longer uses any illegal drugs.

Physical & Mental Health

David Jenkins does not relate ever having experienced any physical or mental ill health.

Summary & Conclusions

David Jenkins is complying fully with all the conditions of his Probation Order. Staff at Airborne report him as showing a great amount of effort throughout his course. They state he has participated to his fullest and was the only member of the team to complete a set of arduous challenges in the Lake District.

David Jenkins is a young man who has experienced a disruptive childhood and experience of residential care. He is to become a father for the first time very soon and is planning for the future. He appropriately uses the supports available via his Probation Order to initiate changes in his life. To date he has successfully secured a college training place and it is to be hoped this progress continues.

Options as to Disposal

Community Service: David Jenkins has successfully complied with such a disposal in the past. He is therefore fully aware of the expectations of such an Order. He continues to be assessed as a suitable candidate and an immediate place is available in line with National Objectives & Standards.

Probation: As previously mentioned David Jenkins is progressing well to date. He is due to complete his Airborne condition next week. Social Work support during the remainder of his Order will aim to do the following:-

- Support progress
- Focus on relationships, accommodation and constructive use of time
- Explore attitudes to offending

Financial Disposal: As David Jenkins has outstanding fines and arrears I would not see such a disposal as suitable at this time.

Deferred Sentence: David Jenkins conveys a willingness and motivation to avoid future re-offending. Such an option would allow him to prove he is serious in this intention. I would be able to provide progress reports as requested.

ON: **1st June 1998.**

This report should be read in conjunction with the original Social Enquiry Report dated 23rd April and the Supplementary Report dated 14th May which are both attached. The information presented is based on one interview, and correspondence with medial practitioners.

CURRENT CIRCUMSTANCES

David Jenkins continues to live [redacted] in Penicuik. He recently completed his Community Service Order and is no longer subject to any Statutory Orders.

EMPLOYMENT AND INCOME

He is currently subject to the "New Deal" initiative via the Benefits Agency. I believe this involves fortnightly interviews with an employment adviser. I have sent information to the local Benefits Agency to assure them that David Jenkins will still be eligible for benefit whilst undertaking the "Airborne" programme.

His income remains unchanged. He pays £40 per fortnight to Board and Lodgings and £10 per fortnight to outstanding fines with Edinburgh Sheriff and Midlothian District Courts. I believe he owes £125 to Edinburgh and was recently ordered to attend a Means Enquiry Court.

SUBSTANCE MISUSE/HEALTH

I have contacted the GP Dr Begg, in order to request an assessment. A copy is attached for the information of the Court regarding David Jenkins' suitability for involvement in the "Airborne" programme.

His aim is to secure full-time employment and be in a position to provide for his child. He is interested in what the "Airborne Initiative" has to offer and conveys a willingness to attend.

BASIS OF REPORT

This report is based on one office interview and a 3 way meeting at the Airborne Initiative. It should be read in conjunction with the original report dated 28th April 1998, which is attached.

CURRENT CIRCUMSTANCES

David Jenkins continues to live with [redacted] in Penicuik and his circumstances remain unchanged since the original report was written.

RELATIONSHIPS

As stated in the original report, David Jenkins' [redacted] is expecting their baby at the end of September. It is his hope that he will be able to support his child financially and he is therefore anxious to find suitable employment. [redacted]

INCOME

His financial situation remains unchanged.

COMMUNITY SERVICE PROGRESS

David Jenkins is subject to an 80 hour Order imposed by Edinburgh Sheriff Court on 5th January 1998. To date he has completed 63 hours.

He recently experienced some ill health which hindered his ability to complete his Order by the end of April. He has 17 hours remaining and is working Tuesday 12th and Wednesday 13th May which will complete the outstanding hours. His attitude to his Order has been excellent and his performance satisfactory.

Cont./

OPTIONS AS TO DISPOSAL

Community Service -Should the Court be considering a custodial sentence, such an Order is available as a direct alternative. David Jenkins is reported to be a diligent worker and continues to be viewed as a suitable candidate. An immediate place is available in line with National Objectives and Standards.

Probation - David Jenkins is accepting of Social Work support and is motivated to avoid further offending. Any Probation plan would aim to address the following:-

- ❖ Employment and Training Prospects
- ❖ Exploring attitude to Offending
- ❖ Reducing Risk of further Offending.

Airborne Assessment - As the Court requested an assessment David Jenkins and I visited the initiative on 11th May 1998. He is responsive to such a disposal and has been assessed as a suitable candidate, pending a medical examination. The programme expectations have been fully explained to David Jenkins and he is aware of the consequences of non-compliance. Attendance at the Airborne Initiative is made as a condition of a Probation Order.

The Airborne Pre-Sentence report is attached.

ON: 22.04.98

BASIS OF REPORT

This report is based on one office interview. Information from the Procurator Fiscal and Scottish Criminal Records office have been available to me in the preparation of this report. I have also had access to Department records.

CURRENT CIRCUMSTANCES

David Jenkins is unemployed and lives [redacted] in a council house in Penicuik. He has a stable relationship with [redacted] who also lives locally. She is currently 3 months pregnant and the baby is due at the end of September. He is also currently subject to a Community Service Order.

FAMILY BACKGROUND

The family originates from the Penicuik area. [redacted]

PERSONAL INFORMATION

Departmental records detail a difficult childhood which was marked by [redacted] David Jenkins received Social Work support from 1989 and was eventually made subject to a Children's Hearing Supervision Requirement.

I believe a childhood with little boundaries also contributed to a deterioration in David Jenkins' behaviour at school. The Supervision Requirement was terminated in 1994 when David Jenkins returned to live [redacted] He informs me that his situation at home has been stable since that time and his relationship with [redacted] much improved.

Cont./

EDUCATION

David Jenkins initially attended Cuiken Primary School, Penicuik, but ran into difficulty as a result of lack of concentration and attention seeking behaviour. I believe he received specialised support until a place was eventually secured at Wellington Residential school. Departmental records indicate that David Jenkins responded well to the regime and the supports on offer there, and eventually completed his education at Wellington.

EMPLOYMENT AND INCOME

Upon leaivng school David Jenkins informs me he undertook a Youth Training Scheme as a retail assistant. He is actively seeking employment at the present time and is willing to accept a further training scheme place. He also recognises the possible need for training to secure a long-term position. It is his aim to be in a position whereby he can provide fo[redacted] baby.

David Jenkins receives £77.80 Job Seekers Allowance. He informs me that his main expenditure is £40 per fortnight in Board and Lodgings to [redacted] He also pays £10 per fortnight to outstanding fines with Edinburgh Sheriff Court and Midlothian District Court. The first relates to £130 in respect of an Assault charge and £120 in respect of an offence of theft.

CURRENT OFFENCE

The offence for which David Jenkins appears in Court today is in relation to a theft offence from 30th March 1997. In detailing the offence David Jenkins informs me that he had been drinking with friends at the home of an acquaintance [redacted] He states that [redacted] showed the group his collection of guns and asked David Jenkins to try to sell one for him. I believe the weapon was an 8 calibre replica Barretta. I believe the item was left at the home of [redacted] and it was she who informed the Police. David Jenkins states that [redacted] panicked when the Police became involved and subsequently accused him of stealing the gun from his home.

Cont./

David Jenkins states that although he acted most foolishly he did not infact steal the replica gun from the home [redacted]

PAST OFFENDING

Details from the Scottish Criminal Records office highlight four previous convictions dating back from 1995. I am also the Supervising Social Worker for David Jenkins' 80 hour Community Service from January 1998. This Order was imposed in relation to an assault dating from 1996, and does not appear on the SCRO information available to me.

His past offences have received either financial penalties or Community Service. To date David Jenkins has completed 57 hours of his 80 hour Order and is expected to complete the remaining hours by the end of April.

ALCOHOL AND DRUG USE

David Jenkins relates some past alcohol misuse which appears to have a direct correlation with his past offending behaviour. However, he states that he now drinks occasionally at home and his use of alcohol in not problematic.

He states that he used recreational drugs as an adolescent, but no longer uses any illegal drugs.

PHYSICAL AND MENTAL HEALTH

David Jenkins does not relate ever having experienced and physical or psychological ill health.

Cont./

SUMMARY AND CONCLUSION

David Jenkins accepts that his behaviour in this case was foolish. However, he does not appear to accept that he acted dishonestly. He informs me that his recent Court appearances relate to past offending and states that he has not in fact been in trouble since October 1997. He seems to be aware of the consequences of any further offending on his employment prospects and therefore expresses a commitment to avoiding any further convictions.

David Jenkins states that his aim for the future is to secure a full-time job and provide for his expected child.

OPTIONS AS TO DISPOSAL

Custody - David Jenkins has never had a custodial sentence and it would undoubtedly have a drastic effect upon him and his future job prospects. He also expresses a willingness to avoid such a disposal.

Community Service - Although an assessment was not requested David Jenkins has worked well on his current Order. He has only 23 hours remaining and is expected to complete soon. Should the Court be considering a custodial sentence then such an Order is available as a direct alternative. David Jenkins is a suitable candidate and an immediate place is available in line with National Objectives and Standards.

Probation - David Jenkins has a limited offending history and states that he is making efforts to avoid further offending. He states that the only issue with which he would benefit from Social Work support with is employment prospects. He is also aware that he can receive support and advice from me on a voluntary basis in this regard.

Financial Disposal - David Jenkins has complied with such disposals in the past. He already pays £10 per fortnight to outstanding fines from a very limited income. I would therefore question his ability to comply with a further financial penalty at this time.

Cont./

Deferred Sentence - Perhaps the Court may be willing to consider such an option at this time. A period of deferment would allow David Jenkins an opportunity to prove to the Court he is serious in his commitment to avoid any future offending. I would be in a position to provide any further reports as requested.

BASIS OF REPORT

This report is based on one office interview. Information from the Procurator Fiscal and Scottish Criminal Records office have been available to me in the preparation of this report. I have also had access to Department records.

CURRENT CIRCUMSTANCES

David Jenkins is unemployed and lives with [redacted] in a council house in Penicuik. He has a stable relationship with [redacted] who also lives locally. [redacted] the baby is due at the end of September. He is also currently subject to a Community Service Order.

FAMILY BACKGROUND

The family originates from the Penicuik area. [redacted]

PERSONAL INFORMATION

Departmental records detail a difficult childhood which was marked by Mrs Jenkins' alcohol misuse. David Jenkins received Social Work support from 1989 and was eventually made subject to a Children's Hearing Supervision Requirement.

I believe a childhood with little boundaries also contributed to a deterioration in David Jenkins' behaviour at school. The Supervision Requirement was terminated in 1994 when David Jenkins returned to live [redacted] He informs me that his situation at home has been stable since that time and his relationship with [redacted] much improved.

Cont./

EDUCATION

David Jenkins initially attended Cuiken Primary School, Penicuik, but ran into difficulty as a result of lack of concentration and attention seeking behaviour. I believe he received specialised support until a place was eventually secured at Wellington Residential school. Departmental records indicate that David Jenkins responded well to the regime and the supports on offer there, and eventually completed his education at Wellington.

EMPLOYMENT AND INCOME

Upon leaivng school David Jenkins informs me he undertook a Youth Training Scheme as a retail assistant. He is actively seeking employment at the present time and is willing to accept a further training scheme place. He also recognises the possible need for training to secure a long-term position. It is his aim to be in a position whereby he can provide for [redacted]

David Jenkins receives £77.80 Job Seekers Allowance. He informs me that his main expenditure is £40 per fortnight in Board and Lodgings to [redacted] He also pays £10 per fortnight to outstanding fines with Edinburgh Sheriff Court and Midlothian District Court. The first relates to £130 in respect of an Assault charge and £120 in respect of an offence of theft.

CURRENT OFFENCE

The offence for which David Jenkins appears in Court today is in relation to a theft offence from 30th March 1997. In detailing the offence David Jenkins informs me that he had been drinking with friends at the home of an acquaintance [redacted] He states that [redacted] showed the group his collection of guns and asked David Jenkins to try to sell one for him. I believe the weapon was an 8 calibre replica Barretta. I believe the item was left at the home of [redacted] and it was she who informed the Police. David Jenkins states that [redacted] panicked when the Police became involved and subsequently accused him of stealing the gun from his home.

Cont./

David Jenkins states that although he acted most foolishly he did not infact steal the replica gun from the home [redacted]

PAST OFFENDING

Details from the Scottish Criminal Records office highlight four previous convictions dating back from 1995. I am also the Supervising Social Worker for David Jenkins' 80 hour Community Service from January 1998. This Order was imposed in relation to an assault dating from 1996, and does not appear on the SCRO information available to me.

His past offences have received either financial penalties or Community Service. To date David Jenkins has completed 57 hours of his 80 hour Order and is expected to complete the remaining hours by the end of April.

ALCOHOL AND DRUG USE

David Jenkins relates some past alcohol misuse which appears to have a direct correlation with his past offending behaviour. However, he states that he now drinks occasionally at home and his use of alcohol in not problematic.

He states that he used recreational drugs as an adolescent, but no longer uses any illegal drugs.

PHYSICAL AND MENTAL HEALTH

David Jenkins does not relate ever having experienced and physical or psychological ill health.

Cont./

SUMMARY AND CONCLUSION

David Jenkins accepts that his behaviour in this case was foolish. However, he does not appear to accept that he acted dishonestly. He informs me that his recent Court appearances relate to past offending and states that he has not in fact been in trouble since October 1997. He seems to be aware of the consequences of any further offending on his employment prospects and therefore expresses a commitment to avoiding any further convictions.

David Jenkins states that his aim for the future is to secure a full-time job and provide for his expected child.

OPTIONS AS TO DISPOSAL

Custody - David Jenkins has never had a custodial sentence and it would undoubtedly have a drastic effect upon him and his future job prospects. He also expresses a willingness to avoid such a disposal.

Community Service - Although an assessment was not requested David Jenkins has worked well on his current Order. He has only 23 hours remaining and is expected to complete soon. Should the Court be considering a custodial sentence then such an Order is available as a direct alternative. David Jenkins is a suitable candidate and an immediate place is available in line with National Objectives and Standards.

Probation - David Jenkins has a limited offending history and states that he is making efforts to avoid further offending. He states that the only issue with which he would benefit from Social Work support with is employment prospects. He is also aware that he can receive support and advice from me on a voluntary basis in this regard.

Financial Disposal - David Jenkins has complied with such disposals in the past. He already pays £10 per fortnight to outstanding fines from a very limited income. I would therefore question his ability to comply with a further financial penalty at this time.

Cont./

Deferred Sentence - Perhaps the Court may be willing to consider such an option at this time. A period of deferment would allow David Jenkins an opportunity to prove to the Court he is serious in his commitment to avoid any future offending. I would be in a position to provide any further reports as requested.

His past offences have received either financial penalties or Community Service. To date David Jenkins has completed 57 hours of his 80 hour Order and is expected to complete the remaining hours by the end of April.

ALCOHOL AND DRUG USE

David Jenkins relates some past alcohol misuse which appears to have a direct correlation with his past offending behaviour. However, he states that he now drinks occasionally at home and his use of alcohol in not problematic.

He states that he used recreational drugs as an adolescent, but no longer uses any illegal drugs.

PHYSICAL AND MENTAL HEALTH

David Jenkins does not relate ever having experienced and physical or psychological ill health.

Cont./

SUMMARY AND CONCLUSION

David Jenkins accepts that his behaviour in this case was foolish. However, he does not appear to accept that he acted dishonestly. He informs me that his recent Court appearances relate to past offending and states that he has not in fact been in trouble since October 1997. He seems to be aware of the consequences of any further offending on his employment prospects and therefore expresses a commitment to avoiding any further convictions.

David Jenkins states that his aim for the future is to secure a full-time job and provide for his expected child.

OPTIONS AS TO DISPOSAL

Custody - David Jenkins has never had a custodial sentence and it would undoubtedly have a drastic effect upon him and his future job prospects. He also expresses a willingness to avoid such a disposal.

Community Service - Although an assessment was not requested David Jenkins has worked well on his current Order. He has only 23 hours remaining and is expected to complete soon. Should the Court be considering a custodial sentence then such an Order is available as a direct alternative. David Jenkins is a suitable candidate and an immediate place is available in line with National Objectives and Standards.

Probation - David Jenkins has a limited offending history and states that he is making efforts to avoid further offending. He states that the only issue with which he would benefit from Social Work support with is employment prospects. He is also aware that he can receive support and advice from me on a voluntary basis in this regard.

Financial Disposal - David Jenkins has complied with such disposals in the past. He already pays £10 per fortnight to outstanding fines from a very limited income. I would therefore question his ability to comply with a further financial penalty at this time.

Cont./

Deferred Sentence - Perhaps the Court may be willing to consider such an option at this time. A period of deferment would allow David Jenkins an opportunity to prove to the Court he is serious in his commitment to avoid any future offending. I would be in a position to provide any further reports as requested.

PROBATION REVIEW

Name: DAVID JENKINS **Date of Birth: 12.1.79**
Address: C/o 38 Deanburn, Penicuik

Details of Order: 12 month Probation Order imposed 4.6.98
Original Offence = Theft

Deferred Sentence - 7.10.99 B.O.P & Criminal Damage

Probation Plan :
*Reduce Risk of Offending
*Employment & Training Prospects
*Explore attitude to offending

Contact to Date : David has successfully completed his condition to attend Airborne. However, his attendance since his return has not been ideal i.e he missed three appointments in a row. He was last seen on 1.12.98 and monthly appointments were agreed. - Early Discharge - March

Offending : David has a deferred sentence which predates his Order. He has no other pending cases and his risk of reoffending is much reduced, given that he has a more settled lifestyle and family responsibilities.

He has fines outstanding to Edinburgh Sheriff Court and Midlothian District Court.

Accommodation : David is now living with [redacted] and states that he is happy. [redacted] He [redacted] plan to find a place of [redacted] own in the future. None down.

Relationships : David's relationship with [redacted] has been difficult for many years. However, the difficulties he was worried about at the last review have not occurred.

Probation Progress : David has made good progress and has actively avoided further offending. However, his Order does not expire until June and he knows that it is still important for him to attend as instructed.

Employment: David has been receiving support from the Job Centre and is scheduled to start on the New Deal. This may also include attendance at a College Course. This has yet to be finalised. - NC Engineering. Starts March Terminated.

Future Plans:
***To maintain contact in line with National Objectives and Standards.**

DALKEITH SOCIAL WORK

Supervised Attendance Orders

This leaflet is for people who have appeared in Court and have been made subject to a Supervised Attendance Order.

What must I do?

Firstly, you are required to attend an interview as instructed by the supervising social worker. You will receive written instructions as to when and where you should attend.

The requirements of your Supervised Attendance Order will be explained to you and you will be given instructions about where and when you will be required to attend to carry out your order. You will be given a copy of your Order to keep.

What is a Supervised Attendance Order?

A Supervised Attendance Order replaces your fine. In place of a financial penalty the Order becomes a 'fine on your time'. Orders can be between 10 hours and 100 hours, the length of each individual Order being fixed by the Court.

You will be expected to attend for regular sessions of around 2.5 hours in length until your hours have been completed. This will normally be during the daytime on a weekday, but special arrangements will be made for you to attend at another time if your availability is restricted, due to work, for example.

Most sessions will take place at Dalkeith Social Work Centre (address overleaf), although again this will be confirmed with you. If you have to travel more than three miles to and from your home you may receive assistance with your travelling expenses.

What will I be asked to do during my Order?

Everyone is usually expected to complete a Core Module in eight parts, amounting to 20 hours in total. This covers the following four areas:

1. Managing your finances
2. Personal development
3. Healthy Choices
4. Employment/Use of time

It is hoped that you will find these sessions interesting and informative.

If you receive an order of more than 20 hours you will be involved in a review with your supervising social worker to plan your remaining hours. A number of options can be considered. These can include: work experience; unpaid work or educational placements. Those people receiving longer orders will probably be expected do at least some of their hours in the form of unpaid work. Exactly what you are asked to do will depend upon your interests, skills and needs.

Supervised Attendance Orders

Enforcement

A Supervised Attendance Order is an order of the Court and as such it must be strictly enforced. Regular attendance and good timekeeping are very important. If you fail to comply with your order you may be returned to Court. If you are found to be in Breach of your Order the Court may do one of the following things:

1. Take no action and allow the Order to continue;
2. Discharge the order and impose a period of imprisonment;
3. Vary the number of hours applying to the Order.

Discrimination

Supervised Attendance Orders are available to everyone, irrespective of gender, sexual orientation, ethnic origin, disability, age or religion. Use of sexist, racist, sectarian or other offensive comments or actions will not be tolerated. Anyone who persists in such behaviour leaves themselves open to breach proceedings.

Complaints

If you are unhappy about any aspect of the service you receive from Midlothian Council, during the course of your Supervised Attendance Order you should speak in the first instance to your supervising social worker. If you remain dissatisfied you should ask to speak to his/her line manager. A leaflet explaining how to go about lodging a formal complaint is available from this office, or your local Social Work Centre.

ABOUT:	**David Steven Alexander Jenkins**
D.O.B:	**12.01.79**
ADDRESS:	**47 Cuiken Avenue** **Penicuik** **Midlothian**
FOR OFFENCES OF:	**Assault to Injury** **Breach of the Peace** **Police (Scotland) Act 1967** **S41(1)(4)**
REPORT WRITTEN BY:	**Steven Harvey** **Student Social Worker**
OF:	**Dalkeith Social Work Centre** **11 St Andrew Street** **Dalkeith** **Midlothian, EH22 1AL**
ON:	**13th May 2002**

BASIS OF REPORT

This report is based on one interview with Mr Jenkins at Dalkeith Social Work Centre and access to departmental records. I have also obtained SCRO information, pertaining to Mr Jenkins' previous convictions and information from the Procurator Fiscal's office detailing the charges for which Mr Jenkins has been convicted.

CURRENT CIRCUMSTANCES

Mr Jenkins has been living with [redacted] for the past 5-months, [redacted] Mr Jenkins advises that he is settled there and does not have any problems with his housing situation.

Mr Jenkins also spends time at [redacted]

Mr Jenkins advised that he has recently obtained work through He-Man Constructions Agency, doing intermittent work as a labourer. He reported that he was also claiming benefits, as he worked below the 16 hours per week threshold, and assured that he informed the benefits agency of the work he did.

FAMILY BACKGROUND / PERSONAL HISTORY

Mr Jenkins describes a very troubled family background, and records indicate a lack of [redacted] boundaries and neglect. He was raised [redacted] in Penicuik, [redacted] He also has a wide family network in the local area, [redacted] However Mr Jenkins expressed negative attitudes about his childhood and his family upbringing, [redacted] He also indicated that he was bullied [redacted] and had to learn to not express his vulnerability and stand up for himself.

Departmental records confirm that [redacted] contributed to a difficult childhood, which resulted in social work intervention in 1989. Mr Jenkins was subsequently made subject to a Children's Hearing Supervision Requirement.

EDUCATION / EMPLOYMENT

Mr Jenkins began experiencing difficulties with concentration and exhibited challenging behaviour whilst attending a local primary school. In relation to this professional support was provided and Mr Jenkins attended a range of specialist units before a place at Wellington Residential School was secured. Records indicate that Mr Jenkins subsequently settled into his education, responding well to the supports on offer. He advises that he achieved a number of standard grade qualifications.

After leaving school Mr Jenkins began a Youth Training Scheme as a retail assistant. He advises that he was asked to leave, after taking the blame for a colleague who was stealing money from the till. Following this Mr Jenkins reports that he successfully completed a course on Fabrication Welding at the Jewel and Esk Valley College. He

also relates having worked as a farm labourer for some time. Mr Jenkins was unemployed for approximately one year after this, having struggled with a heroin addiction for some time. He states that he has a license for driving a forklift truck and would like to gain employment using this skill at some point.

FINANCES

Mr Jenkins advises that his income amounts to £71 per fortnight from benefits. From this he pays £50 per fortnight [redacted] for board.

Mr Jenkins states that he has two outstanding court fines to pay. £75 is from Edinburgh Sheriff Court, which he is planning to clear next week. He has a further £100 fine from Penicuik Sheriff Court and advises that he is currently paying this off at £5 per fortnight.

Mr Jenkins advises that his disposable income amounts to £10 per fortnight.

HEALTH / SUBSTANCE USE

Mr Jenkins relates first becoming involved in using illicit drugs around the age of 15, stating that this progressed from the occasional use of recreational drugs to using heroin, intravenously, just over two years ago. However Mr Jenkins relates that, prior to last Christmas, he referred himself to the Links Project in Edinburgh and has successfully weaned himself off using heroin. He is currently prescribed methadone by his GP, to help him sustain his avoidance of heroin and he states that he is confident that he will not relapse. Mr Jenkins states that he has distanced himself from the peer group associated with his drug use, and receives support from [redacted] who is drugs free.

Mr Jenkins advises that he is still not fully fit and suspects that his methadone prescription is affecting his appetite, such that he does not eat much at present.

Mr Jenkins conveys only drinking alcohol in small quantities, except on special occasions, although he reflected that getting drunk has frequently led to his offending in the past and expressed that he will avoid excessive drinking in the future.

Whilst Mr Jenkins has not had previous contact with psychiatric services he conveyed having considered asking his GP to refer him for a psychiatric assessment in relation to his anger.

LIFESTYLE

Since coming off heroin and distancing himself from the peer group associated with his drug use Mr Jenkins spends most of his time with [redacted] and wider family. He expresses a keen interest in visiting places of historic interest within Scotland, and looks forward [redacted] venture further afield.

OFFENDING HISTORY

The SCRO printout details 10 previous adult convictions against Mr Jenkins, the first of which he incurred when he was 16. They relate to a range of offences, including theft, assault, breach of the peace and offences against the Road Traffic Act. The frequency of Mr Jenkins' offending peaked during 96/97 when he was 17/18, following which there was a significant gap, which he relates to meeting his [redacted]

In 1997 Mr Jenkins was given two community service orders, which he successfully completed, and a 12 month probation order, which records highlight he engaged well with, completing a nine-week course with the Airborne Initiative. All other offences have been dealt with by way of financial penalties and admonition.

Asides from his current convictions, the only other offences from recent years are two accounts of shoplifting, which he relates to needing money to fund his drug use. In addition there is one outstanding charge of malicious mischief, which Mr Jenkins related to an incident where he threw a pebble [redacted]

CURRENT OFFENCES

Mr Jenkins has been convicted of assaulting [redacted] on 1st January 2000. Mr Jenkins states that the offence occurred [redacted] where he was residing at the time. [redacted] Mr Jenkins initially stated that he accepted part responsibility for the offence, however he then portrayed himself as the victim of the offence and expressed having punched [redacted] in self-defence.

Mr Jenkins has also been convicted of a breach of the peace, involving brandishing a knife, and resisting arrest on 1st January 2002. Mr Jenkins relates that he was spending the day [redacted] house. Around midday, a fight broke out between [redacted] which he helped to break up. Mr Jenkins states that later in the evening, after he had become quite drunk, [redacted] who he had restrained earlier started punching him in retaliation. He relates grabbing for some kitchen knives at this point and brandishing them [redacted] but then dropping them when he realised the seriousness of his actions. Mr Jenkins states that he had been quite badly beaten, with blood flowing from his face, and was in a state of fear and feeling a bit 'hysterical'. He advises running out of the house and noticing two police officers nearby. He states that he decided to wait to speak to the police officers, who had gone into [redacted] house. Mr Jenkins advises that, when the police officers came out of the house, they had their batons drawn and were running towards him. He describes running away in fear of being hit, and denies challenging the police to fight.

ASSESSMENT

During the course of the interview Mr Jenkins appeared quite angry at times, standing up and walking around the room, whilst speaking quickly in very negative terms about various [redacted] the police and other professionals he has had contact with. Mr Jenkins clearly maintains feelings of bitterness and injustice, principally at the way [redacted] has treated him. Mr Jenkins' behaviour in relation to these offences should be put into the context of the [redacted] environment in which they occurred, which has been marked by aggression.

In addition Mr Jenkins states that he feels misunderstood by professionals, who accuse him of being aggressive when he does not think he is. We discussed this in some detail and Mr Jenkins was willing to acknowledge that his behaviour and body language could be interpreted as aggressive.

It is quite likely that, having been raised in a family environment where aggression is not unusual, Mr Jenkins has learnt to adopt such behaviours without realising their impact on other people. Mr Jenkins demonstrated some insight into how this might place him at risk of re-offending, however his ability to take responsibility for his actions seems impeded by the bitterness he feels over his background. This is something that Mr Jenkins is struggling with at present and he has asked to gain access to his departmental file in order to try and make sense of his personal history. Until Mr Jenkins achieves this and develops a greater insight into the impact of his behaviour on others he would be assessed at continuing risk of re-offending.

OPTIONS FOR DISPOSAL

Custody

Mr Jenkins has not been imprisoned before and is very anxious about the possibility, making constant reference to how this would be the last straw for him and stating that he would consider committing suicide.

Community Service

Community Service was discussed with Mr Jenkins and he expressed a willingness to comply with such an order. However, he is currently signed off from work on medical grounds. If the Court were considering such a disposal it may wish to request a further medical assessment as to Mr Jenkins' suitability for Community Service.

Probation

Mr Jenkins has previously completed a 12-month period on probation and engaged well with it. He understands the expectations of such an order and has expressed a willingness to comply. Mr Jenkins understands that Midlothian Council has introduced a new probation programme. He felt that he would benefit from an opportunity to discuss the issues that contribute to his offending. Mr Jenkins would be expected to participate in a wide range of the Programme's modules including:

- **Offending modules;**
- **Anger management;**
- **Expressing Emotion;**

and

- **Assertiveness Modules.**

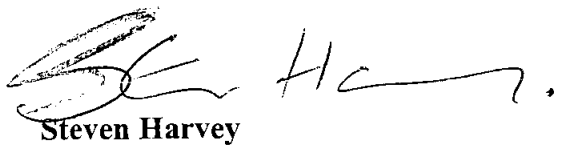

Mr Jenkins would also be expected to participate in life-skills sessions aimed at helping him improve his opportunities in the community and reducing his offending.

Financial Penalty
Mr Jenkins expressed a willingness to pay a financial penalty according to his means. However, with two other Court fines outstanding, there is a concern that Mr Jenkins would struggle to pay a fine.

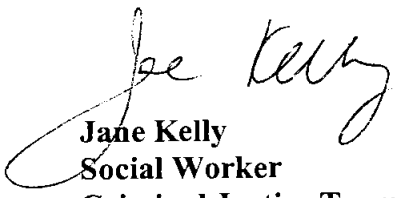

Deferred Sentence
Given the seriousness of the offences the Court may consider deferring sentence to be inappropriate in the case.

CONCLUSION

If Mr Jenkins is going to reduce his risk of re-offending he clearly needs to take responsibility for his behaviour. In light of this the Court may wish to consider whether probation is an appropriate disposal in this case.

This report is based on one office interview and sight of case records. I have also had access to the SCRO list of previous convictions. Unfortunately, however, it was not possible for me to address certain issues in enough detail because Mr. Jenkins was agitated and intimidating throughout much of the interview, particularly when discussing offending and today's offence.

Current Circumstances

Mr. Jenkins stays [redacted] in Penicuik, which is a local authority property. [redacted]

[redacted]

Mr. Jenkins is not currently in employment, partly because he has not long been weaned off heroin and he feels he is not yet ready to have money and not use it on drugs.

Background

Mr. Jenkins was brought up [redacted] in Penicuik. [redacted]

Both departmental records and Mr. Jenkins himself describe a difficult childhood [redacted] Mr. Jenkins received social work support from 1989 and was eventually made subject to a Children's Hearing Supervision Requirement.

Education/Employment

Mr. Jenkins attended Cuiken Primary School in Penicuik but encountered difficulties maintaining concentration. Due to challenging behaviour he received specialist support and eventually secured a place at Wellington Residential School. Records indicate that Mr. Jenkins responded well to the regime and the supports on offer there, and successfully completed his education. Standard Grades.

After leaving school Mr. Jenkins undertook a Youth Training Scheme as a retail assistant. Mr. Jenkins advises that he successfully completed a course on Fabrication/... Fitted.

Fabrication Welding at the Jewel & Esk Valley College. Mr. Jenkins' last job was farm labouring which ended about one year ago. Mr. Jenkins does not appear to have given much thought to future employment possibilities. He feels he is not ready to work having only recently stopped using drugs.

Finances

Income £71 per fortnight Income Support

Outgoings £45 per fortnight t[redacted]

Mr. Jenkins reports having no debts or fines.

Leisure

Mr. Jenkins advises that he enjoys visiting places of historical interest [redacted] He talks passionately about his interest in history. His enthusiasm for this subject and his positive feelings [redacted] stood out against the bitterness which was the most prominent feature of the interview.

Substance Use

Mr. Jenkins advises that alcohol was a significant factor in much of his previous offending and states that he therefore stopped using alcohol some years ago.

Mr. Jenkins reports using cannabis now occasionally and nothing else illegal. He describes experimenting with drugs from age 15, including valium, amphetamines, cocaine and dihydrocodeine. Mr. Jenkins reports using heroin for about two years before referring himself to the Links Project in Edinburgh just before Christmas. Mr. Jenkins says that he has not been tempted to use heroin since and is enjoying using his money to buy clothes etc. Mr. Jenkins reports that his drug use was a bone of contention between him [redacted] Mr. Jenkins describes himself as happy now.

Offending History

Throughout the discussion on offending Mr. Jenkins minimised his behaviour. He started off by saying he did not have many previous convictions compared with others. The SCRO list notes 8 convictions. Mr. Jenkins also has offences as a child which led to Residential Social Work Supervision. He advises that alcohol was an important factor in his previous offending. Mr. Jenkins' convictions/...

convictions include thefts, assaults and offences against the Road Traffic Act 1988. He has been fined and made subject to one Community Service Order and one Probation Order. He completed both successfully. Mr. Jenkins' Probation involved a period at the Airborne Initiative which I understand he completed satisfactorily.

Mr. Jenkins was not able or willing to recall details of past offending and appeared angry that this was being asked of him. He was eager to emphasise that he had not offended for a couple of years and to criticise the Police for their attitude towards him.

Mr. Jenkins reports one outstanding charge of Assault & Breach of the Peace re. an incident which apparently happened at a family party at New Year. Mr. Jenkins advises that he plans to plead not guilty to these charges but as yet has no Court date.

Current Offence

Today's offence was difficult to discuss with Mr. Jenkins as his attitude was intimidating. He was unable to sit still and walked up and down the room. Mr. Jenkins does not believe himself guilty and says he only pled guilty to avoid being remanded in custody. He considers his actions to be ones of self-defence and was angry with the Police for not arresting [redacted] who he says had made to hit him before Mr. Jenkins responded by punching [redacted] Mr. Jenkins advises that [redacted] had fallen out [redacted]

Mr. Jenkins spoke bitterly about how the Police and some family members often blame him for events and considers their opinions of him to be unjustified.

Mr. Jenkins emphasised how long it had been since he had offended previously and how he has apparently stopped using alcohol and heroin. His attitude of minimisation and bitterness however, as well as his history of offending would lead me to think that Mr. Jenkins remains at risk of re-offending.

Options as to Disposal

Custody: Mr. Jenkins has not been imprisoned before and is anxious about this possibility. He believes that custody would make him "twice as bad".

Community Service: Mr. Jenkins has previously successfully completed a Community Service Order. He reports that he would be willing to comply with a further Community Service Order should the Court deem it appropriate. Mr. Jenkins is considered suitable for Community Service and work could be found within National Standards.

Probation/...

Probation: It is my opinion that Mr. Jenkins does have issues which are problematic for him, including his bitterness about life and the depth of anger he feels. However, it is also my opinion that he is not ready to address these issues. I think that he would become too angry and therefore be unable to discuss issues in any detail or with the necessary degree of self-restraint. It may be that Mr. Jenkins will be more suitable for Probation at a later date.

Fine: Mr. Jenkins is able to afford a fine.

Deferred Sentence: The Court may consider it appropriate to defer sentence until the outstanding charge is dealt with as it also involves Mr. Jenkins' relationship with family members.

Summary & Conclusion

Mr. Jenkins presented as a young man with an admittedly difficult and sometimes violent upbringing who now feels strong feelings of bitterness against some of his family and the Police. He was not able to look at his own behaviour fairly or even how he was speaking to me in interview. Throughout Mr. Jenkins minimised his own behaviour and blamed others.

Unfortunately, although Mr. Jenkins has issues that make it more likely he will re-offend, he does not yet appear open enough to address these issues effectively or without becoming intimidating.

Dear David

Please take the time to read this letter carefully.

I am writing to express my concern that various circumstances have meant you are continuing to miss a significantly high number of unpaid work placements. According to our records, since 11th June you have missed 13 of a possible 17 placement days. You have completed 38½ hours of 100 hours imposed by Edinburgh Sheriff Court and I am concerned that, at this rate, you will not have completed the required hours by the end of your Probation Order – 11th February 2004.

I have been advised that you were unable to attend Community Service on Friday 17th October due to illness. You must provide a medical certificate **within 7 days** to support this absence – **on or before Friday 24th October.**

You are often unable to attend due to childcare commitments, and due to the limited time remaining, we will provide a childminder [redacted]

I would like to meet with you on **Friday 24th October at 3 p.m. (after Community Service)** to discuss this further.

I look forward to seeing you then.

Dear David

Following our telephone conversation about your absence from Community Service on Tuesday 2nd September, I have now been advised that working on a casual basis is **not** an acceptable reason for absence from your Community Service placement. As I agreed your absence, I will not take any further action but you should be aware that **further absences because you are working on a casual basis will not be accepted.** You are therefore expected to attend Community Service on Tuesday 9th September as previously instructed and continue attending on Tuesdays until further notice. You should also attend your Probation appointment on Tuesday 9th September at 3 p.m.

My apologies for any confusion caused – please contact me or Michael Anderson if you have any queries.

Yours sincerely

Dear David

I have to write to the Court in relation to the Community Service requirement of your Probation Order. Although your Probation Order continues until 11th February 2004, the 100 hours Community Service should have been completed within 12 months. To date, 78½ hours have still to be completed. I have to write to the Court to let them know this. I am also asking the Court to consider revoking the requirement due to the difficulties you have been experiencing – problems with sickness after taking your methadone, general health problems including chickenpox, and childcare issues. I do not know what the Court will decide but legally, I must inform the Court of the circumstances. I enclose a form for you to sign, agreeing to this Review. If you do not want to sign it, you will be cited to appear in Court for the Review.

If you want to discuss this, please contact me on [redacted] If you are happy to sign, please do so and return to me **by Tuesday 19th August 2003**. If I do not hear from you and do not have the form by then, I will submit my letter to the Court on Wednesday 20th August.

Yours sincerely

I, DAVID JENKINS have read and understood the letter above. I hereby wish to apply for a review of my Community Service requirement under Section 240 (1) of the Criminal Procedure (Scotland) Act 1995. I understand the powers of the Court under such review are as follows:-

- The Court may extend the period of 12 months within which the hours of unpaid work must be completed.
- The Court may vary the number of hours specified in the Order within the range of 80 – 240 hours.
- The Court may revoke the Order.
- The Court may revoke the Order and deal with me for the original offence in any manner in which I could have been dealt with for that offence if the Order has not been made.

Dear David

Following our meeting yesterday, I am writing to remind you that your Probation Review will be at **Dalkeith Social Work Centre on Tuesday 24th June 2003 at 1.30p.m.**

We will discuss Community Service at this Review but it is likely that your placement will be suspended. You are requested to provide medical evidence from your GP to confirm you are unfit to complete the Community Service requirement of your Probation Order. It would be useful if you had your GP's assessment before Tuesday's meeting but you should certainly provide it by Monday 30th June 2003 at the latest.

I would remind you of the outstanding medical certificate required to support your absence on 11th June 2003. This certificate should have been provided for 18th June 2003 and I would ask that you bring it with you to the Review.

Dear Kerry

A brief note to update the enclosed SER. Disposal on 12th August 2002 was 18 month Probation Order with a condition of 100 hours unpaid work. David has completed the Alcohol and Drugs Probation module. He has also done a couple of sessions of the Offending Behaviour module (with Tony Brown as one of the facilitators) but that group closed prematurely due to lack of participants. David had some difficulty in his interaction with peers – and facilitators – during the groups. David tends to be aggressively assertive and has some difficulty in considering alternative viewpoints and/or perspectives. He therefore makes statements rather than participate in discussion and exchange of ideas and appears to become agitated very quickly when challenged.

David is currently undertaking unpaid work on Wednesdays but is in the early stages of this. I plan to contact Fairbridge to re-explore this as an option for David.

[redacted]

David is keen to secure his own tenancy but I am uncertain as to his motivation or ability to process this.

Please let me know if you need further information.

Yours sincerely

SOCIAL ENQUIRY REPORT

FOR:	Edinburgh Sheriff Court
ON:	22nd July 2002
ABOUT:	David Steven Alexander Jenkins
D.O.B:	12.01.79
ADDRESS:	47 Cuiken Avenue Penicuik Midlothian
FOR OFFENCES OF:	Assault to Injury Breach of the Peace Police (Scotland) Act 1967 S41(1)(4)
REPORT WRITTEN BY:	Carey M. Gray Social Worker
OF:	Dalkeith Social Work Centre 11 St Andrew Street Dalkeith Midlothian, EH22 1AL
ON:	17th July 2002

Basis of Report

This report is based on one interview with Mr. Jenkins whilst on remand at HMP Edinburgh; access to Departmental Records and previous written reports. At the time this report was written, I did not have access to the information that is provided by the Scottish Criminal Records Office, although I have had access to the information that is provided by the Procurator Fiscal's Office pertaining to Mr. Jenkins libelled convictions.

Current Circumstances

Mr. Jenkins is currently on remand at HMP Edinburgh and has been so since 8th July 2002. He advises that this period on remand has had a sobering effect on him and provided him with an opportunity to reflect on his life.

Prior to being remanded, Mr. Jenkins had been living [redacted] for the past 7-months. Mr. Jenkins advises that he is settled there and does not have any problems with his housing situation. He informs that it is his intention to return to live [redacted] on his release from prison.

Mr. Jenkins states that he also spends time at [redacted] where [redacted] lives.

Mr. Jenkins states that he has no outstanding fines.

Personal History

Mr. Jenkins describes a very troubled family background, and records indicate a lack of parental boundaries and neglect. He was raised by [redacted] in Penicuik, [redacted] when he was still a baby, and [redacted] having had no contact since. He also has a wide family network in the local area, [redacted] However Mr. Jenkins expressed negative attitudes about his childhood and his family upbringing, highlighting that [redacted] He also indicated that he was bullied [redacted] and had to learn to not express his vulnerability and stand up for himself. Mr. Jenkins advises that he does not use his upbringing as an excuse for his behaviour, although recognises that this has had a bearing on his personal development and the way that he deals with difficult situations.

Departmental records confirm that [redacted] contributed to a difficult childhood, which resulted in social work intervention in 1989. Mr. Jenkins was subsequently made subject to a Children's Hearing Supervision Requirement.

Education/Employment/Current Financial Situation

Mr. Jenkins began experiencing difficulties with concentration and exhibited challenging behaviour whilst attending a local primary school. In relation to this professional support was provided and Mr. Jenkins attended a range of specialist units before a place at Wellington Residential School was secured. Records indicate that Mr. Jenkins subsequently settled into his education, responding well to the supports on offer. He advises that he achieved a number of standard grade qualifications.

After leaving school Mr. Jenkins began a Youth Training Scheme as a retail assistant. He advises that he was asked to leave, after taking the blame for a colleague who was stealing money from the till. Following this Mr. Jenkins reports that he successfully completed a course on Fabrication Welding at the Jewel and Esk Valley College. He also relates having worked as a farm labourer for some time. Mr. Jenkins was unemployed for approximately one year after this, having struggled with a heroin addiction for some time. He states that he also has a license for driving a forklift truck. Mr. Jenkins advises that [redacted]

[redacted] has offered him employment as a plumber's mate when he is released from prison and he states that he is keen to commence this employment.

Prior to being remanded, Mr. Jenkins states that he was in receipt of Income support at a rate of £72 per fortnight, from which he advises that he pays £40 per fortnight [redacted] for his board. Mr. Jenkins informs that he also buys essential items for [redacted]

Drugs/Alcohol

Mr. Jenkins relates first becoming involved in using illicit drugs around the age of 15, stating that this progressed from the occasional use of recreational drugs to using Heroin, intravenously, just over two years ago. However Mr. Jenkins relates that, prior to last Christmas, he referred himself to the Links Project in Edinburgh and has successfully stopped using Heroin. He is currently prescribed methadone by his GP, to help him sustain his avoidance of Heroin and he states that he is confident that he will not relapse. Mr. Jenkins states that he has distanced himself from the peer group associated with his drug use, and receives support from his girlfriend, who is drugs free.

Mr. Jenkins conveys only drinking alcohol in small quantities, except on special occasions, although he reflected that getting drunk has frequently led to his offending in the past and expressed that he will avoid excessive drinking in the future.

Health

Mr. Jenkins states that he enjoys god physical health and reports no major illnesses or operations. Whilst Mr. Jenkins has not had previous contact with psychiatric services he conveyed having considered asking his GP to refer him for a psychiatric assessment in relation to his anger.

Interests

Since coming off Heroin and distancing himself from the peer group associated with his drug use Mr. Jenkins spends most of his time with [redacted] wider family. He expresses a keen interest in visiting places of historic interest within Scotland, and looks forward to [redacted] obtaining [redacted] driving license so they can venture further afield.

Offending History

Although I have not had access to the information that is provided by the Scottish Criminal Records Office, I am aware that Mr. Jenkins has 10 previous adult convictions. The first of which he incurred when he was 16. They relate to a range of offences, including theft, assault, breach of the peace and offences against the Road Traffic Act. The frequency of Mr. Jenkins' offending peaked during 96/97 when he was 17/18, following which there was a significant gap, which he relates to meeting [redacted]

In 1997 Mr. Jenkins was given two Community Service Orders, which he successfully completed, and a 12 month Probation Order, which records highlight he engaged well with, completing a nine-week course with the Airborne Initiative. All other offences have been dealt with by way of financial penalties and admonition. Aside from his current convictions, the only other offences from recent years are two accounts of shoplifting, which he relates to needing money to fund his drug use.

Attitude to Current Offences

Mr. Jenkins plead guilty to assaulting [redacted] on 1st January 2000. Mr. Jenkins states that the offence occurred outside his [redacted] house, [redacted]

[redacted]

Mr. Jenkins also plead guilty to a breach of the peace, involving brandishing a knife, and resisting arrest on 1st January 2002. Mr. Jenkins relates that he was spending the day with [redacted] Around midday, a fight broke out [redacted] which he helped to break up. Mr. Jenkins states that later in the evening, after he had become quite drunk, [redacted] started punching him in retaliation. He relates grabbing for some kitchen knives at this point and brandishing them [redacted] but then dropping them when he realised the seriousness of his actions. Mr. Jenkins states that he had been quite badly beaten, with blood flowing from his face, and was in a state of fear and feeling a bit 'hysterical'. He advises running out of the house and noticing two police officers nearby. He states that he decided to wait to speak to the police officers, who had gone into his grandmother's house. Mr. Jenkins advises that, when the police officers came out of the house, they had their batons drawn and were running towards him. He describes running away in fear of being hit, and denies challenging the police to fight.

Assessment

Mr. Jenkins co-operated with the preparation of this report. I note in previous reports that he has presented as intimidating during the interview process, however on this occasion he appeared thoughtful and insightful, although was not able to accept full responsibility for his actions. This may be in part due to the fact that he has been brought up in a family environment, which has been marked with aggression and has therefore learnt to adopt such behaviours without realising their impact on other people. Although this does not excuse his actions. Through further discussion he was able to understand why some people may be fearful of him and recognised how others could sometimes misconstrue his body language and tone. He was also able to identify how these factors may increase the likelihood of him re-offending in the future as he was able to recognise how others may respond negatively to this presentation. Mr. Jenkins assures that he is committed to avoid further offending and is keen to prove this to the Court.

Possible Sentencing Options

Monetary Penalty – Mr. Jenkins states that he would be willing and in a position to pay a monetary penalty according to his means.

Probation - Mr. Jenkins has previously completed a 12-month period on probation and engaged well with it. He understands the expectations of such an order and has expressed a willingness to comply. Mr. Jenkins understands that Midlothian Council has introduced a new probation programme. He felt that he would benefit from an opportunity to discuss the issues that contribute to his offending. Mr. Jenkins would be expected to participate in a wide range of the Programme's modules including:

- **Offending modules;**
- **Anger management;**
- **Expressing Emotion;**

and

- **Assertiveness Modules.**

Mr. Jenkins would also be expected to participate in life-skills sessions aimed at helping him improve his opportunities in the community and reducing his offending.

Community Service - Community Service was discussed with Mr. Jenkins and he expressed a willingness to comply with such an order. However, he is currently signed off from work on medical grounds. If the Court were considering such a disposal it may wish to request a further medical assessment as to Mr. Jenkins' suitability for Community Service.

Custody – Mr. Jenkins states that he is motivated to avoid a period of imprisonment. He advises that this current period on remand has had a sobering effect on him and has given him an opportunity to reflect on his life. Mr. Jenkins states that such a disposal would also have a negative impact on his relationship with his son and impact on his ability to secure employment.

Conclusion

Mr. Jenkins continues to have issues around his ability to express himself and deal with situations appropriately. He recognises that this is a difficult area for him and is aware if he does not address this area, then there is an increased likelihood of him offending in the future. Given that his offending pattern appears to have reduced significantly, the Court may wish to impose a six month Probation Order, during which time, Mr. Jenkins can undertake the Midlothian Probation Modules as previously identified.

I write to confirm that the Final Warning in relation to your absence from the Expressing Emotion module on 22.2.03 has been withdrawn. I have received a letter from Dr. Begg advising me that you are to meet with CDPS this week and will discuss with them whether the Methadone programme may be the cause of your continuing nausea and vomiting. Please let me know the outcome of the discussion.

Re: David Jenkins 47 Cuiken Avenue Penicuik EH26 0DR dob 12.1.79

This is to confirm this gentleman is trying to reduce his Methadone dose and is endeavouring to put the drug scene behind him. He has had a fair amount of genuine ill health recently and I have no reason to disbelieve the recent episode of vomiting he suffered which did not allow him to turn up for his probation last Wednesday. I understand he is due to see the CDPS this coming week and it may be that he can then discuss with them whether his Methadone regime is causing his nausea.

I hope this information is of use.

Kind regards

WITHDRAWN

Dear David

Final Warning

You failed to attend the Probation module, Expressing Emotion, on 22.1.03 and were requested to provide a medical certificate to support this absence by 29.1.03. To date, you have not provided a medical certificate. I therefore have no option but to issue a Final Warning for your absence on 22.1.03. You are reminded that any further failure to attend will result in your Order being returned to Court and Breach action initiated.

I have arranged the standard Review of your Probation Order for Thursday 6.2.03 at 3.30 p.m. at Dalkeith Social Work Centre. Michael Anderson will attend to further discuss your Community Service placement. Michael has suggested you could start Community Service at 10 a.m. to get over the methadone/sickness problem.

Finally, the Expressing Emotion module will not continue due to lack of numbers. You are no longer required to attend this module on Wednesdays.

I look forward to seeing you on Thursday 6.2.03 at 3.30 p.m. Please contact me in advance on [redacted] you are unable to attend. We can arrange an alternative date if necessary.

Withdrawal of Final Warning dated 16.1.03

I am writing to inform you that following our telephone conversation today, I have decided to withdraw the Final Warning issued on 16.1.03 for your failure to attend the Probation module on 15.1.03. I have accepted your explanation that you were required to care for [redacted] on that date [redacted]

I remind you that you must provide a medical certificate to support your absence on 22.1.03 by 29.1.03.

The next Probation module session is on Wednesday 29.1.03 and I am expecting to meet with you at Dalkeith Social Work Centre at 10 a.m. prior to the start of the module. One topic for discussion will be childcare arrangements. Midlothian Council could provide paid childcare, with a registered child minder [redacted] to enable you to attend the Probation module or Community Service.

I enclose some "homework" from the Expressing Emotion module. Tessa Polley & Tony Brown request that you complete the sheet and bring it to the next session for further discussion.

I look forward to seeing you on 29.1.03 at 10 a.m.

Further to our telephone conversation this is to confirm that this lady has developed chickenpox. Given the severity of the infection I suspect he will be unfit for community services for at least two weeks. As we discussed this will take us into the festive period. It would seem sensible therefore that we speak to each other in January so that I can give you an update on his condition at that point.

Dear David,

I received your telephone message advising that you were unable to attend your Probation appointment on **Thursday 5th December 2002** due to child care commitments. Having spoking with [redacted] I recognise that these circumstances cannot be verified without intrusion into other people's lives.

Dear Dr Begg,

Re: David Jenkins – (D.O.B – 12 / 01 / 79) – 47, Cuiken Avenue, Penicuik.

I believe you are aware that Mr Jenkins is currently subject to a Probation order with a condition that he undertakes 100 hours Community Service. Mr Jenkins has been issued with instructions to continue his Community Service from Wednesday 4th December 2002 and every Wednesday until the Order is completed. He is instructed to report at **Dalkeith Social Work Centre** between the hours of 09.00am and 3.00pm. This will mean Mr Jenkins leaving Penicuik early enough to ensure he is at this office by 09.00am.

Mr Jenkins advises that he has to collect his Methadone prescription on a daily basis and is therefore not able to be at this office by 09.00am.

I understand that arrangements were previously agreed, to allow Mr Jenkins to collect his Wednesday prescription at the same time as he collects his Tuesday prescription. This would enable him to undertake Community Service work as required by Edinburgh Sheriff Court.

I would be grateful if you would confirm your agreement – or otherwise – with the above proposal. My telephone number is [redacted] I would be happy to provide any further confirmation of Community Service Order instructions which you might require.

Dear Dr. Begg

Re: David Jenkins (12.1.79), 47 Cuiken Avenue, Penicuik

You may be aware that when Mr. Jenkins appeared before Edinburgh Sheriff Court on 12th August he was made subject to one Probation Order. This Order is for a duration of 18 months with a condition that he undertakes 100 hours Community Service. He has been instructed to commence his Community Service Order from Wednesday 2nd October and every Wednesday until the Order is completed. He is instructed to report at Dalkeith Social Work Centre between the hours of 9.00am and 3.00pm, however will have to leave Penicuik earlier than this to ensure that he is at this office by 9.00am.

Mr. Jenkins has advised that he has to collect his Methadone prescription on a daily basis and that he is therefore not able to be at this office by 9.00am.

I am writing to enquire whether it is possible for Mr. Jenkins to collect his Wednesday dose, on a Tuesday. This would enable him to undertake his Community Service Order as instructed by the Court. I have enclosed a copy of his Reporting Instructions

Mr. Jenkins is also going to be undertaking a course with Fairbridge, the week commencing 21st October 2002. The course lasts for five days and there is a residential component to the course, whereby he will be going to their centre in Dunoon from Wednesday 23rd October. All prescriptions will be held and dispensed by the centre staff and I also enquire as to whether it would be possible to dispense his Methadone for the Wednesday, Thursday and Friday on Tuesday 22nd October. I would be happy to provide further confirmation of this course, should you require it.

I look forward to hearing from you.

Yours sincerely

If No, reason why?

Current Circumstances

David lives [redacted] and has done so for the last 9 months. He advises that he sometimes spends time [redacted] No home visits, as I was keen to have David start the Controlling Emotion Group. However home visit will be made in the next couple of weeks. David failed to attend the first group, however this was due to [redacted] commitments. He then failed to attend the group on 18.9.02 and has been advised that a medical must be submitted, or a Formal Warning will be issued.

Employment Details

Unfit for work at the moment, although at time of SER, medical report sought re his ability to undertake CS. Not commenced CS yet, due to limited work placements.

Client's level of participation during induction (withdrawn, keen, disruptive etc):

Very keen, no problems at all. David is also very keen to pursue Venture Scotland and a tentative enquiry has been made for a course commencing beginning 2003. Advised they will notify me of new dates. I have also checked with the Princes Trust re money for driving lessons, however they have advised that they can only provide money, if the individual has a formal job offer. David took Crime Pics home with him to complete and I am waiting for this back.

Areas addressed in review

Discussion guided by Carey's report. David was referred to the Structured Programme but the group failed to materialise. David also failed to attend the group on one occasion. He will be referred again when a new group is arranged. In the meantime he and Carey will undertake some work on a one to one basis. Most of David's offending and difficulties stem from his poor relationship [redacted] tend to blame him for everything and they have well a established history [redacted] David is the only one that gets charged.

David is very interested in Venture Scotland and a referral has been made to their next group. However David is eager to pursue adventure activities as a volunteer or as an employee so we wondered about getting him involved in Fairbridge until a place is available in Venture Scotland. David was very keen on this idea.

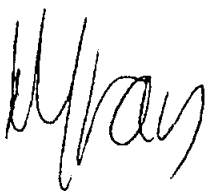

CS hasn't started yet as a place is not yet available.

Decisions/plans

To be seen by Carey on a one to one basis until a group is available or until he goes to Applecross.
Personal Action Plan may need to be revised to take into account the decisions made at the review.
Referral to Fairbridge to be pursued.
Referral to venture Scotland to be followed up.
CS to start as soon as placement available.

Current circumstances/additional information

David is now living [redacted] at 67 Cuiken Avenue, Penicuik. [redacted]. David feels his accommodation [redacted] is not secure and has registered with Midlothian Council and Melville H.A. to seek his own tenancy. David is to be referred to APEX and New Leaf (?) to pursue employment.

David is to supply a medical certificate to support a C.S. absence on 11.6.03

Attitude/Response to Supervision

David met with Ishbel last week and states he is finding attendance at C.S. difficult due to stresses in his life. He states he feels it stressful, worrying about whether or not he might have his Order breached due to missing the bus at Penicuik to get to C.S. for 10.50am start.

3rd Review Report

Work undertaken

David completed the Alcohol and Drugs Module. There were issues relating to his interactions with other participants and with group facilitators.

Work still to be completed

David appears to have difficulty in accepting Probation and C.S. are consequences of his offences. David believes his offences were justified in the light of his drug problem and the lack of support available to him at the time of his offences. This appears to have been an increasingly dominant theme over the past [redacted]

Module plan

I am uncertain as to the value of David's participation in further modules. Work could be done on a 1:1 basis, prior to Reporting Clinic towards the end of his order

Future contact

David stated his intention, next week, to seek a medical assessment by his GP of David's fitness to attend C.S.

David needs to provide a Medical Certificate for C.S. absence on 11.6.03

Areas addressed in review

Discussion guided by Carey's report. David was referred to the Structured Programme but the group failed to materialise. David also failed to attend the group on one occasion. He will be referred again when a new group is arranged. In the meantime he and Carey will undertake some work on a one to one basis. Most of David's offending and difficulties stem from his poor relationship [redacted] They tend to blame him for everything and they have well a established history [redacted] David is the only one that gets charged.

David is very interested in Venture Scotland and a referral has been made to their next group. However David is eager to pursue adventure activities as a volunteer or as an employee so we wondered about getting him involved in Fairbridge until a place is available in Venture Scotland. David was very keen on this idea.

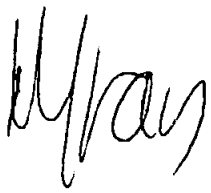

CS hasn't started yet as a place is not yet available.

Decisions/plans

To be seen by Carey on a one to one basis until a group is available or until he goes to Applecross.
Personal Action Plan may need to be revised to take into account the decisions made at the review.
Referral to Fairbridge to be pursued.
Referral to venture Scotland to be followed up.
CS to start as soon as placement available.

Re: David Jenkins 47 Cuiken Avenue Penicuik EH26 0DR

Further to our telephone conversation this is to confirm that this lady has developed chickenpox. Given the severity of the infection I suspect he will be unfit for community services for at least two weeks. As we discussed this will take us into the festive period. It would seem sensible therefore that we speak to each other in January so that I can give you an update on his condition at that point.

Dear Dr Begg,

Re: David Jenkins – (D.O.B – 12 / 01 / 79) – 47, Cuiken Avenue, Penicuik.

I believe you are aware that Mr Jenkins is currently subject to a Probation order with a condition that he undertakes 100 hours Community Service. Mr Jenkins has been issued with instructions to continue his Community Service from Wednesday 4th December 2002 and every Wednesday until the Order is completed. He is instructed to report at **Dalkeith Social Work Centre** between the hours of 09.00am and 3.00pm. This will mean Mr Jenkins leaving Penicuik early enough to ensure he is at this office by 09.00am.

Mr Jenkins advises that he has to collect his Methadone prescription on a daily basis and is therefore not able to be at this office by 09.00am.

I understand that arrangements were previously agreed, to allow Mr Jenkins to collect his Wednesday prescription at the same time as he collects his Tuesday prescription. This would enable him to undertake Community Service work as required by Edinburgh Sheriff Court.

I would be grateful if you would confirm your agreement – or otherwise – with the above proposal. My telephone number is [redacted] I would be happy to provide any further confirmation of Community Service Order instructions which you might require.

Yours sincerely

7th October 2002

Dear Dr. Begg

Re: David Jenkins (12.1.79), 47 Cuiken Avenue, Penicuik

You may be aware that when Mr. Jenkins appeared before Edinburgh Sheriff Court on 12th August he was made subject to one Probation Order. This Order is for a duration of 18 months with a condition that he undertakes 100 hours Community Service. He has been instructed to commence his Community Service Order from Wednesday 2nd October and every Wednesday until the Order is completed. He is instructed to report at Dalkeith Social Work Centre between the hours of 9.00am and 3.00pm, however will have to leave Penicuik earlier than this to ensure that he is at this office by 9.00am.

Mr. Jenkins has advised that he has to collect his Methadone prescription on a daily basis and that he is therefore not able to be at this office by 9.00am.

I am writing to enquire whether it is possible for Mr. Jenkins to collect his Wednesday dose, on a Tuesday. This would enable him to undertake his Community Service Order as instructed by the Court. I have enclosed a copy of his Reporting Instructions

Mr. Jenkins is also going to be undertaking a course with Fairbridge, the week commencing 21st October 2002. The course lasts for five days and there is a residential component to the course, whereby he will be going to their centre in Dunoon from Wednesday 23rd October. All prescriptions will be held and dispensed by the centre staff and I also enquire as to whether it would be possible to dispense his Methadone for the Wednesday, Thursday and Friday on Tuesday 22nd October. I would be happy to provide further confirmation of this course, should you require it.

I look forward to hearing from you.

Yours sincerely

Carey M Gray.

FOR:	**Edinburgh Sheriff Court**
ON:	**22nd July 2002**
ABOUT:	**David Steven Alexander Jenkins**
D.O.B:	**12.01.79**
ADDRESS:	**47 Cuiken Avenue** **Penicuik** **Midlothian**
FOR OFFENCES OF:	**Assault to Injury** **Breach of the Peace** **Police (Scotland) Act 1967** **S41(1)(4)**
REPORT WRITTEN BY:	**Carey M. Gray** **Social Worker**
OF:	**Dalkeith Social Work Centre** **11 St Andrew Street** **Dalkeith** **Midlothian, EH22 1AL**
ON:	**17th July 2002**

Basis of Report

This report is based on one interview with Mr. Jenkins whilst on remand at HMP Edinburgh; access to Departmental Records and previous written reports. At the time this report was written, I did not have access to the information that is provided by the Scottish Criminal Records Office, although I have had access to the information that is provided by the Procurator Fiscal's Office pertaining to Mr. Jenkins libelled convictions.

Current Circumstances

Mr. Jenkins is currently on remand at HMP Edinburgh and has been so since 8th July 2002. He advises that this period on remand has had a sobering effect on him and provided him with an opportunity to reflect on his life.

Prior to being remanded, Mr. Jenkins had been living with his mother for the past 7-months. Mr. Jenkins advises that he is settled there and does not have any problems with his housing situation. He informs that it is his intention to [redacted] on his release from prison.

[redacted]

Mr. Jenkins states that he has no outstanding fines.

Personal History

Mr. Jenkins describes a very troubled family background, and records indicate a lack of parental boundaries and neglect. He was raised [redacted] in Penicuik, [redacted] He also has a wide family network in the local area, [redacted] However Mr. Jenkins expressed negative attitudes about his childhood and his [redacted] upbringing, [redacted] He also indicated that he was bullied by [redacted] and had to learn to not express his vulnerability and stand up for himself. Mr. Jenkins advises that he does not use his upbringing as an excuse for his behaviour, although recognises that this has had a bearing on his personal development and the way that he deals with difficult situations.

Departmental records confirm that [redacted] problem contributed to a difficult childhood, which resulted in social work intervention in 1989. Mr. Jenkins was subsequently made subject to a Children's Hearing Supervision Requirement.

Education/Employment/Current Financial Situation

Mr. Jenkins began experiencing difficulties with concentration and exhibited challenging behaviour whilst attending a local primary school. In relation to this professional support was provided and Mr. Jenkins attended a range of specialist units before a place at Wellington Residential School was secured. Records indicate that Mr. Jenkins subsequently settled into his education, responding well to the supports on offer. He advises that he achieved a number of standard grade qualifications.

After leaving school Mr. Jenkins began a Youth Training Scheme as a retail assistant. He advises that he was asked to leave, after taking the blame for a colleague who was stealing money from the till. Following this Mr. Jenkins reports that he successfully completed a course on Fabrication Welding at the Jewel and Esk Valley College. He also relates having worked as a farm labourer for some time. Mr. Jenkins was unemployed for approximately one year after this, having struggled with a heroin addiction for some time. He states that he also has a license for driving a forklift truck. Mr. Jenkins advises that [redacted]

[redacted] has offered him employment as a plumber's mate when he is released from prison and he states that he is keen to commence this employment.

Prior to being remanded, Mr. Jenkins states that he was in receipt of Income support at a rate of £72 per fortnight, from which he advises that he pays £40 per fortnight to [redacted] for his board. Mr. Jenkins informs that he also buys essential items [redacted]

Drugs/Alcohol

Mr. Jenkins relates first becoming involved in using illicit drugs around the age of 15, stating that this progressed from the occasional use of recreational drugs to using Heroin, intravenously, just over two years ago. However Mr. Jenkins relates that, prior to last Christmas, he referred himself to the Links Project in Edinburgh and has successfully stopped using Heroin. He is currently prescribed methadone by his GP, to help him sustain his avoidance of Heroin and he states that he is confident that he will not relapse. Mr. Jenkins states that he has distanced himself from the peer group associated with his drug use, and receives support from [redacted]

Mr. Jenkins conveys only drinking alcohol in small quantities, except on special occasions, although he reflected that getting drunk has frequently led to his offending in the past and expressed that he will avoid excessive drinking in the future.

Health

Mr. Jenkins states that he enjoys god physical health and reports no major illnesses or operations. Whilst Mr. Jenkins has not had previous contact with psychiatric services he conveyed having considered asking his GP to refer him for a psychiatric assessment in relation to his anger.

Interests

Since coming off Heroin and distancing himself from the peer group associated with his drug use Mr. Jenkins spends most of his time with [redacted] He expresses a keen interest in visiting places of historic interest within Scotland, and looks forward to [redacted]

Offending History

Although I have not had access to the information that is provided by the Scottish Criminal Records Office, I am aware that Mr. Jenkins has 10 previous adult convictions. The first of which he incurred when he was 16. They relate to a range of offences, including theft, assault, breach of the peace and offences against the Road Traffic Act. The frequency of Mr. Jenkins' offending peaked during 96/97 when he was 17/18, following which there was a significant gap, which he relates to meeting [redacted]

In 1997 Mr. Jenkins was given two Community Service Orders, which he successfully completed, and a 12 month Probation Order, which records highlight he engaged well with, completing a nine-week course with the Airborne Initiative. All other offences have been dealt with by way of financial penalties and admonition. Aside from his current convictions, the only other offences from recent years are two accounts of shoplifting, which he relates to needing money to fund his drug use.

Attitude to Current Offences

Mr. Jenkins plead guilty to assaulting [redacted] Mr. Jenkins states that the offence occurred outside [redacted]

[redacted] Mr. Jenkins initially stated that he accepted part responsibility for the offence, however he then portrayed himself as the victim of the offence and expressed having punched [redacted] in self-defence.

Mr. Jenkins also plead guilty to a breach of the peace, involving brandishing a knife, and resisting arrest on 1st January 2002. [redacted] Around midday, a fight broke out [redacted] which he helped to break up. Mr. Jenkins states that later in the evening, after he had become quite drunk, [redacted] who he had restrained earlier started punching him in retaliation. He relates grabbing for some kitchen knives at this point and brandishing them [redacted] but then dropping them when he realised the seriousness of his actions. Mr. Jenkins states that he had been quite badly beaten, with blood flowing from his face, and was in a state of fear and feeling a bit 'hysterical'. He advises running out of the house and noticing two police officers nearby. He states that he decided to wait to speak to the police officers, who had gone into [redacted] house. Mr. Jenkins advises that, when the police officers came out of the house, they had their batons drawn and were running towards him. He describes running away in fear of being hit, and denies challenging the police to fight.

Assessment

Mr. Jenkins co-operated with the preparation of this report. I note in previous reports that he has presented as intimidating during the interview process, however on this occasion he appeared thoughtful and insightful, although was not able to accept full responsibility for his actions. This may be in part due to the fact that he has been brought up in a family environment, which has been marked with aggression and has therefore learnt to adopt such behaviours without realising their impact on other people. Although this does not excuse his actions. Through further discussion he was able to understand why some people may be fearful of him and recognised how others could sometimes misconstrue his body language and tone. He was also able to identify how these factors may increase the likelihood of him re-offending in the future as he was able to recognise how others may respond negatively to this presentation. Mr. Jenkins assures that he is committed to avoid further offending and is keen to prove this to the Court.

Possible Sentencing Options

Monetary Penalty – Mr. Jenkins states that he would be willing and in a position to pay a monetary penalty according to his means.

Probation - Mr. Jenkins has previously completed a 12-month period on probation and engaged well with it. He understands the expectations of such an order and has expressed a willingness to comply. Mr. Jenkins understands that Midlothian Council has introduced a new probation programme. He felt that he would benefit from an opportunity to discuss the issues that contribute to his offending. Mr. Jenkins would be expected to participate in a wide range of the Programme's modules including:

- **Offending modules;**
- **Anger management;**
- **Expressing Emotion;**

and

- **Assertiveness Modules.**

Mr. Jenkins would also be expected to participate in life-skills sessions aimed at helping him improve his opportunities in the community and reducing his offending.

Community Service - Community Service was discussed with Mr. Jenkins and he expressed a willingness to comply with such an order. However, he is currently signed off from work on medical grounds. If the Court were considering such a disposal it may wish to request a further medical assessment as to Mr. Jenkins' suitability for Community Service.

Custody – Mr. Jenkins states that he is motivated to avoid a period of imprisonment. He advises that this current period on remand has had a sobering effect on him and has given him an opportunity to reflect on his life. Mr. Jenkins states that such a disposal would also have a negative impact on his relationship with his son and impact on his ability to secure employment.

Conclusion

Mr. Jenkins continues to have issues around his ability to express himself and deal with situations appropriately. He recognises that this is a difficult area for him and is aware if he does not address this area, then there is an increased likelihood of him offending in the future. Given that his offending pattern appears to have reduced significantly, the Court may wish to impose a six month Probation Order, during which time, Mr. Jenkins can undertake the Midlothian Probation Modules as previously identified.

If No, reason why?

Current Circumstances

David lives with [redacted] and has done so for the last 9 months. He advises that he sometimes spends time at [redacted] No home visits, as I was keen to have David start the Controlling Emotion Group. However home visit will be made in the next couple of weeks. David failed to attend the first group, however this was due to childcare commitments. He then failed to attend the group on 18.9.02 and has been advised that a medical must be submitted, or a Formal Warning will be issued.

Employment Details

Unfit for work at the moment, although at time of SER, medical report sought re his ability to undertake CS. Not commenced CS yet, due to limited work placements.

Client's level of participation during induction (withdrawn, keen, disruptive etc):

Very keen, no problems at all. David is also very keen to pursue Venture Scotland and a tentative enquiry has been made for a course commencing beginning 2003. Advised they will notify me of new dates. I have also checked with the Princes Trust re money for driving lessons, however they have advised that they can only provide money, if the individual has a formal job offer. David took Crime Pics home with him to complete and I am waiting for this back.

Areas addressed in review

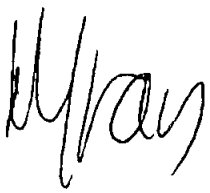

Discussion guided by Carey's report. David was referred to the Structured Programme but the group failed to materialise. David also failed to attend the group on one occasion. He will be referred again when a new group is arranged. In the meantime he and Carey will undertake some work on a one to one basis. Most of David's offending and difficulties stem from his poor relationship with [redacted] tend to blame him for everything and they have well a established history of fighting and alcohol misuse [redacted] it can be very difficult. David is the only one that gets charged.
David is very interested in Venture Scotland and a referral has been made to their next group. However David is eager to pursue adventure activities as a volunteer or as an employee so we wondered about getting him involved in Fairbridge until a place is available in Venture Scotland. David was very keen on this idea.
CS hasn't started yet as a place is not yet available.

Decisions/plans

To be seen by Carey on a one to one basis until a group is available or until he goes to Applecross.
Personal Action Plan may need to be revised to take into account the decisions made at the review.
Referral to Fairbridge to be pursued.
Referral to venture Scotland to be followed up.
CS to start as soon as placement available.

3rd Review Report

Work undertaken

David completed the Alcohol and Drugs Module. There were issues relating to his interactions with other participants and with group facilitators.

Work still to be completed

David appears to have difficulty in accepting Probation and C.S. are consequences of his offences. David believes his offences were justified in the light of his drug problem and the lack of support available to him at the time of his offences. This appears to have been an increasingly dominant theme over the past few months.

Module plan

I am uncertain as to the value of David's participation in further modules. Work could be done on a 1:1 basis, prior to reporting clinic towards the end of his order

Future contact

David stated his intention, last week, to seek a medical assessment by his GP of David's fitness to attend C.S.

David needs to provide a medical certificate for C.S. absence on 11.6.03

Attitude/Response to Supervision

David met with Isbel last week and states he is finding attendance at C.S. difficult due to stresses in his life. He states he finds it stressful, worrying about whether or not he might have his order breached due to missing the bus at Penicuik to get to C.S. for 10.00am start.

CRIMINAL & YOUTH JUSTICE REFERRAL FORM

Making an application to Venture Trust

The detailed information we ask for in this form is necessary to help us to provide the best support to each young person who takes part in a course at Venture Trust. All information will be treated in confidence. The form is divided into four sections:

1. General Information
General information and contact details about yourself and the young person you are referring.

2. To be completed by the person making the referral
Information about the young person's offences, about the areas of personal development you wish us to focus on with the young person and about plans for follow-up work on their return home. It also asks for details of any issues that may affect a young person while they are attending a VT course. Please note that we cannot consider applications from young people who have been convicted of sexual offences, arson, or recent serious violent offences.

3. To be completed by the applicant
Information about what the young person is hoping to get from the course, about their interests and about any use of alcohol and non-prescribed drugs. This section also includes a checklist and an equal opportunities monitoring form.

4. Personal and medical details - to be completed by the applicant with help from the person making the referral
Medical details. Because the course is both physically and emotionally demanding we would advise you to give consideration to any current mental health or medical issues, including pregnancy. This section also includes a release and assumption of risk statement.

Please do not hesitate to telephone us if you need any further information, or wish to discuss the suitability of a referral.

When you have completed the form, please return it to:

Dear Sir/Madam

Probation Completion Report

Mr Jenkins was made subject to 2 concurrent Probation Orders at Edinburgh Sheriff Court on 12 August 2002 having been convicted of Assault to Injury, Breach of the Peace (Bail Aggravation) and an offence under the Police (Scotland) Act 1967 Section 41(1)(a) (Bail Aggravation). This Order was for a duration of 18 months with an unpaid work condition of 100 hours. On 26 August 2003, Edinburgh Sheriff Court extended the period of 12 months for completion of the unpaid work condition by 6 months from 11 August 2003.

I am writing to advise the Court that Mr Jenkins successfully completed this Order on 10 February 2004. During the course of the Order, Mr Jenkins completed the Alcohol and Drugs Probation Module and participated in sessions on expressing emotion and life skills.

Mr Jenkins continues to have some difficulty with interpersonal skills and minor disagreements escalate rapidly in to more serious disputes. However Mr Jenkins recognises this and is keen to address this with the appropriate service. A referral has been made to his G.P in this regard.

Mr Jenkins drug use had remained stable throughout his Order and he continues to be prescribed Methadone by his G.P. He has experienced some health problems over the past 18 months but has nonetheless completed the unpaid work condition of the Probation Order.

Mr Jenkins' accommodation remains insecure and he was referred to SACRO Accommodation Project to explore housing options. Mr Jenkins currently lives alternately with [redacted] but has no tenancy of his own.

During the course of the Order, Mr Jenkins incurred Formal and Final Warnings in November 2002 and March 2003 respectively. He has not incurred further charges.

BREACH REVIEW MEETING - 10th December 2003

David Jenkins (12 / 01 / 79)

47 Cuiken Avenue,
Pencuik, Midlothian, EH26.

On 12th August 2002, Edinburgh Sheriff Court imposed two concurrent Probation Orders of 18 months duration with an unpaid work condition of 100 hours. An extension of the 12 month period of the unpaid work condition was granted by the Court on 26th August 2003. This now runs until 11th February 2003, the expiry date of the Probation Order.

Background Information

David is on a prescribed methadone programme administered by his GP, Dr. Drummond Begg. David experiences sickness if he exerts himself within an hour of swallowing methadone and it was agreed he could start Community Service at 10.00am rather than 09.00am.

David's physical health is generally poor and he had a severe chickenpox infection in December January 2002 / 03 which made him unfit for work for some 8 weeks.

David's contact address is [redacted] but he spends the majority of his time at [redacted] David's accommodation is not secure. David was referred to SACRO Accommodation Project but staffing issues there meant he has only now been offered an appointment.

[redacted] David is required at short notice, to look after [redacted] when the usual childcare arrangements fall through. David was unhappy about childcare being provided by Social Work and there would be practical difficulties in providing childcare on a regular basis.

David anticipates childcare commitments may increase [redacted]

David is now working 4 days per week.

At the Probation Review meeting on 24th June 2003, it was suggested the Order be returned to Court for review in the light of the difficulties David was experiencing in attending. David was opposed to this and some flexibility was given in terms of starting later, changing days and generally trying to support David through the unpaid work condition.

I have attached the list of absences and the Failure to Attend Sheet which has led to this Breach Review meeting.

Up to 1st December, David has completed 44 ½ hours, leaving 55 ½ hours outstanding.

Case No. 2000055266

On 12th August 2002, at Edinburgh Sheriff Court, Mr. Jenkins was made subject to two concurrent 18-month Probation Orders which contained an unpaid work condition of 100 hours.

To date, Mr. Jenkins has completed 21½ hours leaving 78½ to be completed. Although the Probation Order continues until 11th February 2004, the 12-month period for the completion of the unpaid work condition expired on 11th August 2003.

Mr. Jenkins has struggled to comply with this condition of his Probation Order. Mr. Jenkins was first issued with work instructions on 2nd October 2002. Mr. Jenkins has attended 4 of a possible 14 unpaid work placements. Mr. Jenkins has received a Formal Warning in relation to non-attendance at Probation on 28th November 2002 and a Final Warning for non-attendance at Community Service on 7th March 2003.

Mr. Jenkins is currently on a prescribed methadone programme, through his GP, but experiences sickness if he exerts himself within an hour of swallowing methadone. His doctor confirms this is a problem for some people and Mr. Jenkins is therefore not required to commence Community Service until 10 a.m. rather than 9 a.m.

Mr. Jenkins' physical health has been poor and he had a severe chickenpox infection making him unfit for unpaid work for some 6 weeks.

ADDRESS:	47 Cuiken Avenue Penicuik Midlothian
FOR OFFENCES OF:	Assault to Injury Breach of the Peace Police (Scotland) Act 1967 S41(1)(4)
REPORT WRITTEN BY:	Carey M. Gray Social Worker
OF:	Dalkeith Social Work Centre 11 St Andrew Street Dalkeith Midlothian, EH22 1AL
ON:	17th July 2002

Basis of Report

This report is based on one interview with Mr. Jenkins whilst on remand at HMP Edinburgh; access to Departmental Records and previous written reports. At the time this report was written, I did not have access to the information that is provided by the Scottish Criminal Records Office, although I have had access to the information that is provided by the Procurator Fiscal's Office pertaining to Mr. Jenkins libelled convictions.

Current Circumstances

Mr. Jenkins is currently on remand at HMP Edinburgh and has been so since 8th July 2002. He advises that this period on remand has had a sobering effect on him and provided him with an opportunity to reflect on his life.

Prior to being remanded, Mr. Jenkins had been living [redacted] Mr. Jenkins advises that he is settled there and does not have any problems with his housing situation. He informs that it is his intention to return to live [redacted] on his release from prison.

Mr. Jenkins states that he also spends time at [redacted]

Mr. Jenkins states that he has no outstanding fines.

Personal History

Mr. Jenkins describes a very troubled family background, and records indicate a lack of [redacted] boundaries and neglect. He was raised by [redacted] in Penicuik, [redacted] He also has a wide family network in the local area, [redacted] However Mr. Jenkins expressed negative attitudes about his childhood and his family upbringing, highlighting that [redacted] he was bullied [redacted] and had to learn to not express his vulnerability and stand up for himself. He also indicated that Mr. Jenkins advises that he does not use his upbringing as an excuse for his behaviour, although recognises that this has had a bearing on his personal development and the way that he deals with difficult situations.

Departmental records confirm that [redacted] contributed to a difficult childhood, which resulted in social work intervention in 1989. Mr. Jenkins was subsequently made subject to a Children's Hearing Supervision Requirement.

Education/Employment/Current Financial Situation

Mr. Jenkins began experiencing difficulties with concentration and exhibited challenging behaviour whilst attending a local primary school. In relation to this professional support was provided and Mr. Jenkins attended a range of specialist units before a place at Wellington Residential School was secured. Records indicate that Mr. Jenkins subsequently settled into his education, responding well to the supports on offer. He advises that he achieved a number of standard grade qualifications.

After leaving school Mr. Jenkins began a Youth Training Scheme as a retail assistant. He advises that he was asked to leave, after taking the blame for a colleague who was stealing money from the till. Following this Mr. Jenkins reports that he successfully completed a course on Fabrication Welding at the Jewel and Esk Valley College. He also relates having worked as a farm labourer for some time. Mr. Jenkins was unemployed for approximately one year after this, having struggled with a heroin addiction for some time. He states that he also has a license for driving a forklift truck. Mr. Jenkins advises that [redacted]

[redacted] has offered him employment as a plumber's mate when he is released from prison and he states that he is keen to commence this employment.

Prior to being remanded, Mr. Jenkins states that he was in receipt of Income support at a rate of £72 per fortnight, from which he advises that he pays £40 per fortnight [redacted] for his board. Mr. Jenkins informs that he also buys essential items [redacted]

Drugs/Alcohol

Mr. Jenkins relates first becoming involved in using illicit drugs around the age of 15, stating that this progressed from the occasional use of recreational drugs to using Heroin, intravenously, just over two years ago. However Mr. Jenkins relates that, prior to last Christmas, he referred himself to the Links Project in Edinburgh and has successfully stopped using Heroin. He is currently prescribed methadone by his GP, to help him sustain his avoidance of Heroin and he states that he is confident that he will not relapse. Mr. Jenkins states that he has distanced himself from the peer group associated with his drug use, and receives support from [redacted]

Mr. Jenkins conveys only drinking alcohol in small quantities, except on special occasions, although he reflected that getting drunk has frequently led to his offending in the past and expressed that he will avoid excessive drinking in the future.

Health

Mr. Jenkins states that he enjoys god physical health and reports no major illnesses or operations. Whilst Mr. Jenkins has not had previous contact with psychiatric services he conveyed having considered asking his GP to refer him for a psychiatric assessment in relation to his anger.

Interests

Since coming off Heroin and distancing himself from the peer group associated with his drug use Mr. Jenkins spends most of his time with [redacted] He expresses a keen interest in visiting places of historic interest within Scotland, and looks forward to [redacted] venture further afield.

Offending History

Although I have not had access to the information that is provided by the Scottish Criminal Records Office, I am aware that Mr. Jenkins has 10 previous adult convictions. The first of which he incurred when he was 16. They relate to a range of offences, including theft, assault, breach of the peace and offences against the Road Traffic Act. The frequency of Mr. Jenkins' offending peaked during 96/97 when he was 17/18, following which there was a significant gap, which he relates to meeting [redacted]

In 1997 Mr. Jenkins was given two Community Service Orders, which he successfully completed, and a 12 month Probation Order, which records highlight he engaged well with, completing a nine-week course with the Airborne Initiative. All other offences have been dealt with by way of financial penalties and admonition. Aside from his current convictions, the only other offences from recent years are two accounts of shoplifting, which he relates to needing money to fund his drug use.

Attitude to Current Offences

Mr. Jenkins plead guilty to assaulting [redacted] on 1st January 2000. Mr. Jenkins states that the offence occurred outside [redacted]

[redacted] Mr. Jenkins initially stated that he accepted part responsibility for the offence, however he then portrayed himself as the victim of the offence and expressed having punched [redacted] in self-defence.

Mr. Jenkins also plead guilty to a breach of the peace, involving brandishing a knife, and resisting arrest on 1st January 2002. Mr. Jenkins relates that he was spending the day with [redacted] Around midday, a fight broke out [redacted] which he helped to break up. Mr. Jenkins states that later in the evening, after he had become quite drunk, [redacted] who he had restrained earlier started punching him in retaliation. He relates grabbing for some kitchen knives at this point and brandishing them [redacted] but then dropping them when he realised the seriousness of his actions. Mr. Jenkins states that he had been quite badly beaten, with blood flowing from his face, and was in a state of fear and feeling a bit 'hysterical'. He advises running out of the house and noticing two police officers nearby. He states that he decided to wait to speak to the police officers, who had gone into [redacted] Mr. Jenkins advises that, when the police officers came out of the house, they had their batons drawn and were running towards him. He describes running away in fear of being hit, and denies challenging the police to fight.

Assessment

Mr. Jenkins co-operated with the preparation of this report. I note in previous reports that he has presented as intimidating during the interview process, however on this occasion he appeared thoughtful and insightful, although was not able to accept full responsibility for his actions. This may be in part due to the fact that he has been brought up in a family environment, which has been marked with aggression and has therefore learnt to adopt such behaviours without realising their impact on other people. Although this does not excuse his actions. Through further discussion he was able to understand why some people may be fearful of him and recognised how others could sometimes misconstrue his body language and tone. He was also able to identify how these factors may increase the likelihood of him re-offending in the future as he was able to recognise how others may respond negatively to this presentation. Mr. Jenkins assures that he is committed to avoid further offending and is keen to prove this to the Court.

Possible Sentencing Options

Monetary Penalty – Mr. Jenkins states that he would be willing and in a position to pay a monetary penalty according to his means.

Probation - Mr. Jenkins has previously completed a 12-month period on probation and engaged well with it. He understands the expectations of such an order and has expressed a willingness to comply. Mr. Jenkins understands that Midlothian Council has introduced a new probation programme. He felt that he would benefit from an opportunity to discuss the issues that contribute to his offending. Mr. Jenkins would be expected to participate in a wide range of the Programme's modules including:

- **Offending modules;**
- **Anger management;**
- **Expressing Emotion;**

and

- **Assertiveness Modules.**

Mr. Jenkins would also be expected to participate in life-skills sessions aimed at helping him improve his opportunities in the community and reducing his offending.

Community Service - Community Service was discussed with Mr. Jenkins and he expressed a willingness to comply with such an order. However, he is currently signed off from work on medical grounds. If the Court were considering such a disposal it may wish to request a further medical assessment as to Mr. Jenkins' suitability for Community Service.

Custody – Mr. Jenkins states that he is motivated to avoid a period of imprisonment. He advises that this current period on remand has had a sobering effect on him and has given him an opportunity to reflect on his life. Mr. Jenkins states that such a disposal would also have a negative impact on his relationship with [redacted] and impact on his ability to secure employment.

Conclusion

Mr. Jenkins continues to have issues around his ability to express himself and deal with situations appropriately. He recognises that this is a difficult area for him and is aware if he does not address this area, then there is an increased likelihood of him offending in the future. Given that his offending pattern appears to have reduced significantly, the Court may wish to impose a six month Probation Order, during which time, Mr. Jenkins can undertake the Midlothian Probation Modules as previously identified.
