Your statement for additional care settings

In Part 1, you will have already provided information about the care settings you were abused in. By providing this information here, your case worker can join together the name of the care setting with your statement of abuse.

Q1 | What is the name or location of the relevant care setting you were abused in?

(For example, the name of the care home, or the city or region where you lived in foster care or while boarded out).

Rossie Farm Secure Unit

Do not worry if you are uncertain about dates or time. Please provide your best estimate.

Q2 | When were you abused?

For example: a single date, an age, or an approximate time or time range.

1990-1991

You do not have to provide names, if you cannot remember or do not feel comfortable doing so. If you do provide a name it will be passed to Police Scotland.

Q3 | Who was involved in your abuse?

For example: a member of staff, a peer or someone outside the care setting.

The information you provide will be used by Redress Scotland to make a decision about your application. Redress Scotland will use the "Assessment framework" to help them do this, available on [gov.scot](https://www.gov.scot). Please be aware that it contains graphic descriptions of abuse.

Q4 | On the next page, please provide as much information as you can about:

- the abuse you experienced while living in this care setting
- what life was like for you during this time
- how the people responsible for your care and welfare failed to carry out that duty (within or beyond your care setting)

You can continue on additional pages if you need to.

Part 2 of the application form provides more information about what you may want to include.

Your statement for additional care settings

I was then placed in Rossie Farm in which I was a young teenager. I started to self harm here in which was influenced by staff members wanting me to do it and hurt myself more. I was abused here by males and females in many ways. The male staff member would perve on me and try and take advantage of me by trying to sleep with me by touching me and wanting me to take my clothes off. They would touch my breasts and I'd tell them no and when I'd tell them "no" they were blackmailing me by telling me "if I didn't let them, they would restrain me" basically making me out like I'd then done something wrong. They would also try and put their hands down my trousers.

This was around 2-3 staff members who would constantly come to me when they were on shift to try and get advantage over me.

I was also attacked by other inmates here randomly, this would make me very scared and this is why I resorted to self harming as i was alone and had nobody to turn to.
