Your statement for additional care settings

In Part 1, you will have already provided information about the care settings you were abused in. By providing this information here, your case worker can join together the name of the care setting with your statement of abuse.

Q1 | What is the name or location of the relevant care setting you were abused in?

(For example, the name of the care home, or the city or region where you lived in foster care or while boarded out).

parkview school dundee

Do not worry if you are uncertain about dates or time. Please provide your best estimate.

Q2 | When were you abused?

For example: a single date, an age, or an approximate time or time range.

1985 - 1990

You do not have to provide names, if you cannot remember or do not feel comfortable doing so. If you do provide a name it will be passed to Police Scotland.

Q3 | Who was involved in your abuse?

For example: a member of staff, a peer or someone outside the care setting.

The information you provide will be used by Redress Scotland to make a decision about your application. Redress Scotland will use the "Assessment framework" to help them do this, available on [gov.scot](https://www.gov.scot). Please be aware that it contains graphic descriptions of abuse.

Q4 | On the next page, please provide as much information as you can about:

- the abuse you experienced while living in this care setting
- what life was like for you during this time
- how the people responsible for your care and welfare failed to carry out that duty (within or beyond your care setting)

You can continue on additional pages if you need to.

Part 2 of the application form provides more information about what you may want to include.

Your statement for additional care settings

Following this, I was placed at Parkview School, where I stayed for five years. While I was there, I was allowed to visit home at weekends, and I would often run away.

My time at the school was filled with bullying, and some of the staff were very harsh. If we did not do things the way they wanted, we would be locked in the "play room" as a punishment. We would sometimes have to stay there with nothing but a mattress for an entire day and night.

There was a lot of shouting, grabbing, and intimidating behaviour. It felt like it was happening all the time. In the beginning, it was horrible. I constantly felt lonely and scared. Sometimes things seemed to get better, but then they would become worse again. Looking back now, I do not think those "better" periods were because people treated me any differently. I think I had simply become used to the way I was being treated.
