Your statement for additional care settings

In Part 1, you will have already provided information about the care settings you were abused in. By providing this information here, your case worker can join together the name of the care setting with your statement of abuse.

Q1 | What is the name or location of the relevant care setting you were abused in?

(For example, the name of the care home, or the city or region where you lived in foster care or while boarded out).

Brimmond Assessment Centre

Do not worry if you are uncertain about dates or time. Please provide your best estimate.

Q2 | When were you abused?

For example: a single date, an age, or an approximate time or time range.

1992

You do not have to provide names, if you cannot remember or do not feel comfortable doing so. If you do provide a name it will be passed to Police Scotland.

Q3 | Who was involved in your abuse?

For example: a member of staff, a peer or someone outside the care setting.

The information you provide will be used by Redress Scotland to make a decision about your application. Redress Scotland will use the "Assessment framework" to help them do this, available on [gov.scot](https://www.gov.scot). Please be aware that it contains graphic descriptions of abuse.

Q4 | On the next page, please provide as much information as you can about:

- the abuse you experienced while living in this care setting
- what life was like for you during this time
- how the people responsible for your care and welfare failed to carry out that duty (within or beyond your care setting)

You can continue on additional pages if you need to.

Part 2 of the application form provides more information about what you may want to include.

Your statement for additional care settings

I was then placed at Brimmond. During my time there, I was locked up and isolated a lot. I was heavily restricted and had very little contact with other people. I felt as though I was pushed to the side and had no freedom.

I was prone to running away, and because of this, the response from staff was often to lock me up and isolate me. Rather than helping me, I felt that this made things much worse for me.

I also remember staff being verbally abusive towards me. I find it difficult to recall every detail of what happened during my time at Brimmond because I have tried to block a lot of those experiences out. However, I clearly remember the isolation, the restrictions placed on me, and the way I was treated by staff.
