Your statement for additional care settings

In Part 1, you will have already provided information about the care settings you were abused in. By providing this information here, your case worker can join together the name of the care setting with your statement of abuse.

Q1 | What is the name or location of the relevant care setting you were abused in?

(For example, the name of the care home, or the city or region where you lived in foster care or while boarded out).

Barrholm Children's Home

Do not worry if you are uncertain about dates or time. Please provide your best estimate.

Q2 | When were you abused?

For example: a single date, an age, or an approximate time or time range.

1969

You do not have to provide names, if you cannot remember or do not feel comfortable doing so. If you do provide a name it will be passed to Police Scotland.

Q3 | Who was involved in your abuse?

For example: a member of staff, a peer or someone outside the care setting.

The information you provide will be used by Redress Scotland to make a decision about your application. Redress Scotland will use the "Assessment framework" to help them do this, available on [gov.scot](https://www.gov.scot). Please be aware that it contains graphic descriptions of abuse.

Q4 | On the next page, please provide as much information as you can about:

- the abuse you experienced while living in this care setting
- what life was like for you during this time
- how the people responsible for your care and welfare failed to carry out that duty (within or beyond your care setting)

You can continue on additional pages if you need to.

Part 2 of the application form provides more information about what you may want to include.

Your statement for additional care settings

When I was younger and living in care, I suffered from bedwetting. I remember that when this happened, the bedding was not always changed and I was told to lie back on the wet bed. I also remember being made to lie on a cold floor and being put into a cold bath. As a young child, I found this frightening, humiliating and distressing.

I also remember being physically punished by members of staff. I was spanked when staff considered that I had been naughty. There were also occasions when food was withheld from me as a punishment. I remember being told that if I had been a "naughty girl" I would not be given anything to eat, including breakfast. These experiences have stayed in my memory. I was a young and vulnerable child and I needed care, reassurance and understanding. Instead, I remember feeling punished and ashamed, particularly over things such as bedwetting that I did not feel I could control.
