Your statement for additional care settings

In Part 1, you will have already provided information about the care settings you were abused in. By providing this information here, your case worker can join together the name of the care setting with your statement of abuse.

Q1 | What is the name or location of the relevant care setting you were abused in?

(For example, the name of the care home, or the city or region where you lived in foster care or while boarded out).

Weedingshall House in Polmont, near Falkirk

Do not worry if you are uncertain about dates or time. Please provide your best estimate.

Q2 | When were you abused?

For example: a single date, an age, or an approximate time or time range.

1994

You do not have to provide names, if you cannot remember or do not feel comfortable doing so. If you do provide a name it will be passed to Police Scotland.

Q3 | Who was involved in your abuse?

For example: a member of staff, a peer or someone outside the care setting.

The information you provide will be used by Redress Scotland to make a decision about your application. Redress Scotland will use the "Assessment framework" to help them do this, available on [gov.scot](https://www.gov.scot). Please be aware that it contains graphic descriptions of abuse.

Q4 | On the next page, please provide as much information as you can about:

- the abuse you experienced while living in this care setting
- what life was like for you during this time
- how the people responsible for your care and welfare failed to carry out that duty (within or beyond your care setting)

You can continue on additional pages if you need to.

Part 2 of the application form provides more information about what you may want to include.

Your statement for additional care settings

I was taken to Weedings Hall because I was going off the rails at the time. My sister had been there before me, and my brother had been placed somewhere else. I think my mum put me there to scare me. I remember when I first went in, there was a man there and I was alone in a room with him. I remember him grabbing me in my private area and telling me that he would "see me later." I was very young and vulnerable, and I remember this happening clearly. Afterwards, a woman took me into another room to speak to me about things. She introduced me to another girl who was staying there. This girl was known for running away. I remember the windows being open and she suddenly jumped out and told me, "Let's go." I followed her, and we ran through a field and a tunnel. The staff told my mum that I had run away and the police were contacted. We were eventually found, but instead of taking me back to Weedings Hall, my mum took me home. My sister had also experienced abuse while she was at Weedings Hall, and my mum was aware of what had happened to her before placing me there. This is something that has always stayed with me. At the time, my mum was using drugs and struggling with her mental health. I believe she later ended up in hospital, and I was then taken into foster care.
