Your statement for additional care settings

In Part 1, you will have already provided information about the care settings you were abused in. By providing this information here, your case worker can join together the name of the care setting with your statement of abuse.

Q1 | What is the name or location of the relevant care setting you were abused in?

(For example, the name of the care home, or the city or region where you lived in foster care or while boarded out).

St Johns, Springboig

Do not worry if you are uncertain about dates or time. Please provide your best estimate.

Q2 | When were you abused?

For example: a single date, an age, or an approximate time or time range.

1991

You do not have to provide names, if you cannot remember or do not feel comfortable doing so. If you do provide a name it will be passed to Police Scotland.

Q3 | Who was involved in your abuse?

For example: a member of staff, a peer or someone outside the care setting.

The information you provide will be used by Redress Scotland to make a decision about your application. Redress Scotland will use the "Assessment framework" to help them do this, available on [gov.scot](https://www.gov.scot). Please be aware that it contains graphic descriptions of abuse.

Q4 | On the next page, please provide as much information as you can about:

- the abuse you experienced while living in this care setting
- what life was like for you during this time
- how the people responsible for your care and welfare failed to carry out that duty (within or beyond your care setting)

You can continue on additional pages if you need to.

Part 2 of the application form provides more information about what you may want to include.

Your statement for additional care settings

I was then placed in St John's. From the minute I arrived, I had a horrible experience with both the staff and the other children. My first impression of the place was terrible, and I knew immediately that I did not want to be there.

I remember running away all the time. Whenever I was caught, I would be taken straight back. On one occasion, I lost my shoes while running away. That is the only time I can actually remember staying there overnight. They gave me another pair of shoes, but I ran away again.

From the moment I arrived, I felt as though I was in a prison. The staff felt more like prison guards than people who were supposed to be looking after us. They were very controlling, and I never felt that they genuinely cared about me or how I was feeling.
