nical Comments:	Dear Doctor, *Colin Wright is a patient who was admitted to us following an episode of vomiting and progressive SOB.* *Background: Recurrent aspirations, SCC of glottis with radical radiotherapy* *He was started on amoxicillin IV while an inpatient and was iVOSTED to oral amoxicillin to finish his course.* *He is now medically fit for discharge with worsening advice.* Thank you for your continued care of this patient. Best regards, Ward 5D team
