To Whom It May Concern

Re: VIOLA, Rafael (Mr)
101 Bradestone Road
Nuneaton
CV11 4QS

DOB: 21.07.1959

To Whom It May Concern,

This patient currently lives in Nuneaton and is registered with Chaucer Surgery. He is struggling with his mental health and has no social connections to Nuneaton- all of his family live in Coventry and he would like to be considered for a move to be closer to them for the support network. His daughter is his main carer and she lives in Coventry. Rafael is a wheelchair user and he finds his housing situation leaves him isolated and lonely.

I would be very grateful if you could please consider his request for alternative housing placement.

Yours faithfully,

GP
Chaucer Surgery

Dear Doctor,

Re: Abdominal Aortic Aneurysm Screening

The above named attended for an abdominal aortic aneurysm screening test recently on Monday, 18 Mar 2024 at CITY OF COVENTRY HC.

We are pleased to confirm that the scan showed that no aneurysm was found. If an aorta is less than 3cm wide, this means there is no aneurysm. Most men have this result. No treatment or monitoring is needed afterwards. They have been notified of the outcome of the screening test and have been informed that they will not routinely be invited to attend for any further aortic aneurysm screening.

If you have any queries regarding this result, please contact the co-ordinator of the screening programme at the above address.

Yours sincerely,

AAA Screening Programme Manager

Dear Rafael

Following your referral to secondary mental health services, a group of professionals discussed the appropriateness of an assessment with us at this time. We believe an assessment with our services is not the best way for you to receive the support you currently need. We have asked that our colleagues within the **REACH** service make contact with you to support you in some of the difficulties you have reported. They will make contact with you separately.

Please continue to speak to your GP about any concerns you may have about your mental health. If you have significant future concerns please do not hesitate to contact our **Mental Health Access Hub** on **08081 966798** which is a 24 hour telephone line.

Yours sincerely

Dear Chaucer Surgery

NHS Number: 400 147 5723 Patient name: MR RAFAEL VIOLA, at 101 BRADESTONE ROAD,
NUNEATON CV11 4QS

The patient named above has been discharged from their current round of bowel cancer screening because they have failed to return their first screening kit and have failed to respond to a reminder.

They were notified in their reminder that they would be discharged from this round of screening if they failed to return the test kit.

If the patient is still within the screening age range in two years' time then they will receive another invitation to participate.

Yours sincerely

Dear Colleague

Thank you for seeing this man again for ongoing bilateral hip pain. He has multiple health risks and concerns namely HDN COPD and peripheral artery disease. He is now keen to be seen by you again for further assessment of ongoing bilateral hip pain. He is reluctant to taking analgesia due to the effects of previous medication use. Today he declined a prescription for analgesia.

Kind regards

Paula [REDACTED]

Re: Mr Rafael Viola RLTN7030381 400 147 5723

I am writing to inform you that your patient failed to attend their recent outpatient appointment on 05 October 2023 with Optometrist Practitioner, Ophthalmology.

Therefore, in accordance with the Trust's Policy for Managing DNAs, your referral for this patient has now been cancelled and no further appointment has been made. Should you wish this patient to be seen in the future then please refer back to the hospital in the usual way.

If there were any extenuating circumstances resulting in your patient being unable to attend, please do not hesitate to contact us.

Yours sincerely

Outpatient Manager

Dear Dr Fenby

Re: Rafael Viola, 101 Bradestone Road, Nuneaton CV11 4QS. Date of birth: 21/07/1959

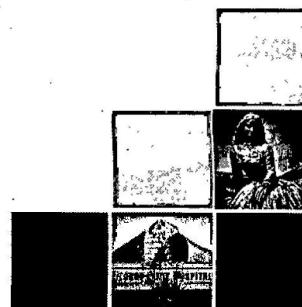

- Diagnosis:**
1. HIV Infection diagnosed in 2006
 2. Ischemic heart disease with triple bypass
 3. Multiple vascular occlusions with intermittent claudication
 4. Heavy smoker
 5. Ex-Ethanol abuser
 6. Ex-IV drug user
 7. Chronic obstructive airways disease
 8. Osteopenia with osteoarthritis
 9. Deteriorating eyesight and glaucoma
 10. Early dementia
 11. Wheelchair bound

Current Antiretroviral Therapy:

Descovy 10/200mg one tablet once
daily
Rezolsta one tablet once daily
(Darunavir and Cobicistat)

Results:

June 2023
CD4 Count 720 cells/mm³
Viral Load <40 copies/ml

'Our vision is to EXCEL at patient care'

Face to face consultation 31st July 2023.

This patient remains stable from the HIV point of view and his antiretroviral therapy remains unchanged. He has multiple co-morbidities which I have listed above and on questioning in clinic he informed me that he had not seen you for about 4 years. He has consented to me writing to you to seek further information about co-morbidities and the treatment that you are prescribing and importantly I have encouraged him to see for an appointment for a review. I would be grateful for a summary of care provided by you and drugs that are prescribed so that we can update our records. Please check the HIV drug interactions website before prescribing.

We will review him routinely and continue to keep you updated.

Action by GP

1. Patient has been advised to see GP for a review (as informs that has not seen GP for 4 years).
2. Please provide a summary of care provided by you including drugs that are prescribed. Please check the HIV drug interactions website before prescribing.

Yours sincerely

Dr. [REDACTED] Ibrahim

Dr [REDACTED] Azumamah, General Medical Practitioner at The Chaucer Surgery

Re: VIOLA, Rafael (Mr)
101 Bradestone Road
Nuneaton
CV11 4QS

NHS No: 400 147 5723

DOB 21.07.1959

Dear Colleague,

I would appreciate your specialist assessment of this 63 year old man who normally has yearly glaucoma monitoring through the Newmedica Glaucoma monitoring service. Patient mentions he has not had a review for 4 years as he missed the appointments and now wants to be referred back.

I would appreciate if your team could please kindly review.

Thanks and I appreciate your help.

Dr [REDACTED] Azumamah
GP
