I think I behave okay but sometimes am moody.

When I am in a bad mood I would like to be left on my own so that I can cool down.

I can sometimes keep out of trouble. I think I can handle restrictions better than the rest of the house.

I think I can be trusted to go to school on my own but the school does not.

If I am worried about anything I try to keep it a secret. Sometimes I tell some of the staff. The contact with my brothers is by phone most of the time.

My dad comes down and takes me out to my grannys and I think he comes down a lot and I would like more contact with my dad.

I do enjoy visits to grannys and going out with my dad.

When my dad doesn't come down I am sometimes angry.
