Dr Chiroasca-Vasileiou
Consultant Neurologist
Medway Maritime Hospital

Dear Dr Chiroasca-Vasileiou

Re: Miss Katrina Margery – D.O.B: 24-May-1967 – NHS NO: 400 067 0514
1 Wing House, Wing Road, Leysdown-On-Sea, Sheerness, Kent, ME12 4QR
07484257634

I shall be most grateful if you could review this 58 year old lady who was previously under your care with trigeminal neuralgia. Miss Margery was discharged from your services in April as she did not attend her appointment. She however reports that she was contacted by a member of staff who told her that the appointment had been cancelled and she would be rebooked, only for her to receive notification that she had been discharged.

Miss Margery continues to be troubled with facial pain which she describes as radiating into the eyes, ears, cheeks, jaws and back of the neck. She is finding minimal relief from her current medication of tramadol and pregabalin. She could not tolerate the carbamazepine.

I shall be most grateful if you could kindly review her at your earliest convenience and advise on her further management.

Thank you for your assistance.

Yours sincerely,

Dr Uchenna Ota
