Do you require information in another format?: No

Do you have a preference on how to be contacted: No, **Email address:** none

Contact Number: 07484257634

Triage

Triage Time: 11:07

Chief Complaint: Localised swelling / redness / lumps / bumps, **Comments:** Gives a history of bilateral hallux toenails being removed but completing 2 courses of antibiotics. Since yesterday both elbows, both knees and her left forearm and wrist have swollen. Also states she has brittle bones. States she called 999 but was told she did not qualify for an ambulance. Called NHS 111 and states she was referred to MIU to see a Dr. Explained MIU do not have doctors and we are unable to treat her symptoms. She does need to see a Dr so advised her to speak to the walk in service while she is here but if they are unable to see or treat her she must attend MMH A&E. Is with a friend and they will go to the GP service now with the 111 referral sheet.

Outcome: Assessed and re-directed

Triaged By: Peter Philpin

Clinician / Healthcare Assistant Seen
