

Peter Meaney

Key Time

10 February 1995

Issues:

- 1 Peters placement at Moore House School
- 2 Peters relationship with family and other young people in unit
- 3 Swimming
- 4 Work Experience

- 1 Writer asked Peter what he thought about his placement at Moore House School. Peter said that it was not that bad although he was still a little home sick. Peter remains a little quiet although he has struck up a friendship with another male resident, who is assisting Peter settle into the routines at Moore House School.
- 2 Peter gets on very well with his [REDACTED] and has no real issues in this department. Peter is gradually interacting more with other young people in unit and has fitted in very well.
- 3 It has been noted that Peter does not participate in swimming activities offered by Moore House School this was raised by [REDACTED] and it was pointed out by Peter that he nearly drowned when he was an infant and now has a phobia about water.
- 4 Writer informed Peter that if he was interested he could at certain times of the day work along side the resident house Handyman who does a great deal of joinery work, Peter expressed a desire to carry this out. At time of writing Peter has now begun a Work Experience programme and enjoying the experience.

It was stressed that for the Work Experience to continue Peter must still attend certain periods of the school curriculum.
