Subject: VERHEES CHILDREN

You will recall these two children and our recent discussion following the decision to attempt to rehabilitate them with their father Henry Verhees and his cohabitee Janette Evans.

As described, I have received a request from the Social Worker asking for two single beds and bedding for these children. I would be grateful if you would authorise purchase of these items through our own suppliers. I would suggest two pairs of sheets per bed, a downie quilt and pillow with appropriate covers. Thank you for your assistance in this matter.
