09/12/2025 SMS text message sent to patient Coldside Medical Practice: Flu Season is here. Please see our website for advice. <https://www.coldsidemedical.co.uk/flu-season-is-here/> {Patient Group Patients Over The Age Of 16} Mrs Kim Clark

26/08/2025 SMS text message sent to patient Coldside Medical Practice: Please be aware that the Practice will be closed from 12:30pm on Wednesday 3rd September due to staff training. {Patient Group Patients Over The Age Of 16} Mrs Kim Clark

23/06/2025 Telephone encounter Spoke to David, he states the Fostair has definitely made a difference to his symptoms, he was previously having to use his SABA at least twice per day, has now only used it a couple of times in the past 3 weeks. Also has Angina, Advised him that I would add it to repeats. he has been getting a sore mouth when using it, advised to try Nystatin for a short time to help relieve it. Ms Gill Fletcher

02/06/2025 Consultation Pt was seen in the Cardiology clinic on Friday past for his Annual review for his IHD and he had told them that he stopped his Bisoprolol last year as it was giving him a lot of pain in his legs and he was supposed to be on 2.5mg BD and the nurse in the clinic has told him to see us to re start it again...His BP and Pulse checked in the clinic were Normal...Pt says he is happy to go back on them but would prefer the 2.5mg OD dose....I have now put him on that and pres issued as well.... Dr Balakrishnan Pillai

27/05/2025 Coronary heart disease annual review States his SOB and Angina are getting increasing worse. Believed he was to stay on his Bisoprolol for life, stopped it himself as it was giving him leg pain, aslo has PVD, to discuss with a GP.Has asthma and has only been taking one puff of his preventer due to oral thrush, advised to take it twice per day via an aerocmhmer to see if that helps with his SOB, He is overdue his asthma review therefore I have made him an app for next week. Ms Gill Fletcher

27/05/2025 Depression screening using questions During the past month, have you often been bothered by feeling down, depressed, or hopeless?Answer: YESDuring the past month, have you often been bothered by little interest or pleasure in doing things?Answer: YES Ms Gill Fletcher

21/05/2025 Attended extended hours clinic - ESA Dundee - Care and Treatment Service: Seen by Clinician: MURDOCH, Emma (Ms) at 15:06:00 on 21-May-2025 Dr Federated User

07/05/2025 SMS text message sent to patient Coldside Medical Practice - CHD Review Your annual Coronary Heart Disease review is now due . We would like to check your blood pressure, fasting blood levels, review your medication and also address any queries you may have with regard to your condition. Please contact CTAC on tele 01382 496717 to have your fasting bloods done. This requires you to fast for 3 hours before the appointment, drinking water to take any medication. When you have had your fasting bloods done at CTAC, please contact the practice to make a 30 minute appointment for review with the Practice Nurse. Please bring a sample of urine to this appointment also. {Patient Group Chd Recall - 1st Letter} Ms Carol Hammond

07/05/2025 Coronary heart disease monitoring 1st letter Ms Carol Hammond

15/04/2025 SMS text message sent to patient Coldside Medical Practice - Asthma Review Your annual asthma review is now due please call the surgery to make an appointment with the practice nurse. You may feel that your asthma is currently well controlled and you do not require to be seen but I would like to encourage you to arrange an appointment for review as it is important to us that you are and continue to be symptom free. PLEASE BRING YOUR INHALERS WITH YOU WHEN YOU ATTEND THE CLINIC. I look forward to seeing you within the next few weeks. {Patient Group Recall Asthma 1st Letter} Ms Carol Hammond

15/04/2025 Asthma monitor 1st letter Ms Carol Hammond

18/07/2024 Telephone encounter -Chat about ECG and BP/HR-All normal-On Ramipril which is keeping BP under control-States he was told he needs to be on Bisoprolol for the rest of his life. Agreedhe needs to be on Aspirin due to previous cardiac history-R/v if any further concerns Dr Olumide Ademosu

02/07/2024 Telephone encounter 07402 993659 - looking to restart Bisoprolol - -Spoke with David, looking to restart Bisoprolol. Says getting twinges in heart and feels heart working faster. -Needing to use more of GTN sprays-No chest pain or sob-Significant cardiac and vascular disease, ideally should be on Bisoprolol but stopped himself over a year ago as causing pains in legs-Ideally, needs ECG and BP/Hr checked. Appointment booked. Dr Olumide Ademosu

15/02/2023 Telephone encounter 07402 993659 - Given antibiotic for infected finger, finished and still feels sore and tight, stinging. Nothing to see to send in pics, more the feeling. Wonders if needs more antibiotics. Tracey completed a course of flucloxacillin for IGFN? see photo in docman no fever middle finger of the right hand - IGFN? feels stinging, tender, slightly red not weepy, no discharge given systemically well and completed a course of abx, advised swelling will reduced with time and to monitor symptoms. advised to hand in a swab if any discharge for culture, simple analgesia, WAG Dr Tahmina Ansar

07/02/2023 Coronary heart disease monitoring 1st letter Mrs Winnie Sturrock

06/02/2023 Telephone encounter Triage call : Finger pain, middle finger right hand. Onset : Saturday (2 days ago) although did experience exudate (puss) from nail area a couple of weeks ago. Reports no trauma to hand/finger. No leakage at present. Hot to touch and throbbing. No fever, feeling well in himself other than finger pain. No allergies. Picture in docman reviewed. Agreed antibiotics, wishes prescription to go to preferred pharmacy. Aware if any tracking or swelling/redness or worsening symptoms to get back in touch. Also if not resolved upon completion of antibiotics to let us know. Ms Michelle Adam

17/03/2022 Letter from consultant Misc Template Ninewells Hospital Vascular Ms Mandy-Marie Boyd

24/02/2022 Telephone encounter seen at CHD review - constant pain in legs due to PVD painkillers not helping/limiting his mobility wanting to be referred up to vascular tel 07402993659 spoke to pt disgruntled that he was not seen in vascular since his heart attack I will re-refer - from letters it appears that he was discharged to avoid multiple appointments once he was being seen in cardiology. beta blocker dose increase has made his leg pain unmanageable. In fact he has always found that taking the beta blockers makes his leg pain worse, frequently stops the beta blocker for a few days which relieves the pain somewhat, then he restarts in a month. Dr Fiona Bullions

23/02/2022 Coronary heart disease monitoring check done constant pain in both legs has PVD reports never been up to vascular for ages and wishing a further review reports painkillers don't help but mobility worsening and not able to carry out the simple task of walking daily on antidepressants but reports more anxiety than depression sob on most days requires an asthma review but declined today gp call made asked for Dr Bullions Mrs Mandy McSkimming

23/02/2022 Depression screening using questions During the past month, have you often been bothered by feeling down, depressed, or hopeless? Answer: NO During the past month, have you often been bothered by little interest or pleasure in doing things? Answer: NO Mrs Mandy McSkimming

15/03/2019 Depression interim review His father died a month ago and he has increased escitalopram to 20mg - coping well, feels he wants to continue this dose for the time being. Agreed and added to repeats. Review 6/12 or any time sooner if needed. Happy with plan. Dr Joanna Boileau

11/01/2019 Depression interim review Doing really well on escitalopram - takes 15mg daily but snapping tab in half then then quarters. Offered a 10 and 5mg tab instead but pt declined as prefers to keep tabs to a minimum having had stomach problems in past. Ok - script done and review again 2-3 months. Dr Joanna Boileau

19/11/2018 Depression interim review Feels ok but still wonders if dose can go up - was previously on 20mg. Agreed - review 8 weeks or sooner if needed. Well presented, smiling. Dr Joanna Boileau

26/09/2018 Depression interim review Mood much better on 5mg escitalopram - feels could be room for improvement though so increase to 10mg and review 8 weeks or sooner if needed. Happy. Dr Joanna Boileau

20/09/2018 Seasonal influenza vaccination declined Mrs Caroline Wight

20/09/2018 SMS text message sent to patient 07402993659: Coldside Medical Practice - You are now due your flu vaccination. Our first Clinic is on Saturday 6th October 2018. Please contact the practice on 880900 to make an appointment. Mrs Winnie Sturrock

31/08/2018 Low mood and anxiety, creeping on over last few months. Requesting to go back on escitalopram which has worked well for him in past. Agreed - review 3 weeks or sooner if needed. Dr Joanna Boileau

31/08/2018 Wax in ear Both. Unable to see TMs. ALmond oil drops. Dr Joanna Boileau

31/08/2018 Medication requested Pt needs alirocumab injection - last one from NW was due yesterday but malfunctioned so needs straight away. I tried to make sense of recent communications between phamracy and Dr George but seems so convulated and no clear answer one way or another. In view of pt need issued today and I will inform pharmacist. Dr Joanna Boileau

24/08/2018 Follow up email from Gordon Thomson (Head of Tayside Clinical Pharmacy Development):- The recommendations for alirocumab in the TAF are inline with the licenced indications and SMC recommendations and restrictions. The amber status reflects the restriction put in place by the Medicines Advisory Group to ensure that use must be approved via the Cardiovascular Risk Clinic in the first instance. There is no additional monitoring required over and above that for other lipid-lowering therapies. There are no significant interactions with other medicines. Patients are shown how to self-inject at the clinic and get the first dose under supervision. After 6 months if it is effective and being tolerated then MAG (GP's included) agreed that it would be reasonable to transfer ongoing prescribing and dispensing to primary care. I'm not sure what a shared care agreement would add. If we need to amend or clarify the information in TAF then we can do that. Ms Farzana Haq

24/08/2018 Follow up re: Alirocumab injections:- From Dr Jacob George: "No shared care agreement required. No specific monitoring either. There is nothing special about this drug above and beyond other lipid lowering drugs like statins. The crucial element is the decision to commence based on specific criteria. This has been agreed and ratified at DTC."- "There is no monitoring required. Patients are initiated and prescribed from secondary care for the first six months. If they tolerate and have a successful outcome, most, if not all are discharged after this and primary care takes over after that and issues repeats as with any other lipid lowering agent. They are safe with no significant side effects and have been in clinical use using this model without any difficulty for more than two years. It is also the model in other parts of the country where this drug is used.- If there are any queries, then contact any clinician at the CV Risk clinic as with any drug. There is nothing a GP needs to do at all apart from issue repeats so I am not clear what a SCA is there for?"- There will be a VAT saving by providing via GP/Community Pharmacy. All patients are trained to self-administer at the CRC. Ms Farzana Haq

14/08/2018 Letter from consultant Clinic Ninewells Hospital General Medicine Mrs Theresa Fairweather

17/07/2018 Referral to doctor - email sent to secondary care:- Require shared care agreement to be in place before primary care will take on prescribing of Alirocumab Ms Farzana Haq

17/07/2018 Follow up re: Alirocumab:- Secondary care can instruct primary care as wording on TAF is 'please inform the GP to continue prescribing henceforth'- SPC/BNF have no monitoring requirements listed apart from not to be used in severe liver/renal impairment, this pt has normal LFT's, renal function.- Pt has a clinic apt for 14/08 but apart from that his clinic letters do not state that there will be f/u from them once coldside take over prescribing. Ms Farzana Haq

16/07/2018 Letter from consultant Clinic template Ninewells Hospital Genetics Ms Tracey Mcdade

13/07/2018 Familial hypercholesterolaemia

13/07/2018 Letter encounter from patient Hospital Letter Ninewells Hospital General Surgery Mrs Caroline Wight

13/07/2018 Letter from consultant Hospital Letter Ryehill Health Centre Psychology Ms Tracey Mcdade

05/07/2018 Advice about treatment given re: Alirocumab:- Is annotated as Restricted and Amber on TAF (amber = Can be prescribed in General Practice under the direction of a Specialist) Patient has heterozygous familial hypercholesterolaemia and is intolerant of statins. - Alirocumab can be used for secondary prevention for those with HeFH and LDL-C >3.5 mmol/L.- A baseline LDL result does not exist before treatment started in Dec (CV clinic did request in Nov but labs did not provide).- Latest LDL result is 2.64 (26th April 2018).- Prescribing of Alirocumab reverts to primary care after 6-months if pt is tolerating and lipids improved. Due end of July. Ms Farzana Haq

07/06/2018 Referral to pharmacist protocol does state GP picks up prescribing after 6 months. Very expensive item - but is 'AMBER' on TAF so can take over prescribing. Checking. Ms Fiona Finnie

30/05/2018 SMS text message sent to patient 07402993659: Coldside Medical Practice - We are introducing a Text Messaging Service to remind patients of their appointment times. 23/05/2016 Administration NOS As per docman advised patient that we have received a letter from the hospital asking for a prescription to be done. Advised patient that a letter has been done & is ready to be collected. Patient happy about this. Claire

09/05/2016 Administration NOS see cardiology letter plan is to try fluvastatin in hosp looking into injectable therapy? Dr Fiona Bullions

18/05/2016 Seen by accident and emergency doctor in hours

18/05/2016 Letter from consultant Hospital Letter Ninewells Hospital Accident Emergency Mrs Theresa Fairweather

13/05/2016 Letter from consultant Clinic Ninewells Hospital General Medicine Ms Tracey Mcdade

13/05/2016 Had a chat to patient and not an easy one ... quite a forceful and negative attitude ... calmed him down and eventually got a history ... right groin pains for 5 years since bypass op ... possible neuropathic pain nsaid out and codeine doesn't agree //... left happily eventually with trial of gabapentin ... smiling and shaking my hand . Dr A Taylor

04/05/2016 Administration NOS see XRAY result by FB. essentially minimal OA hips Dr Angus Oswald

19/04/2016 Chronic low back pain tells me has arthritis no XR on records that I can see update XR, try analgesia, physio triage with results. Dr Fiona Bullions

19/04/2016 Seen in gastroenterology clinic - continue on PPI for now reintroducing medications gradually 2 weeks apart gnawing pain in stomach has gone eating less - 'on a diet' - porridge in morning, 2 X ham rolls for lunch and then cooked tea - nil else - thinks this is helping also. Dr Fiona Bullions

18/03/2016 Telephone encounter finished antibiotics, stomach no better. May take a couple of weeks to feel an improvement and may not make a difference Dr G Macmillan

18/03/2016 Telephone triage encounter No reply Mrs Christine Ramsay

16/03/2016 BP screen - 3rd call

11/03/2016 Administration NOS As per docman advised patient that breath test result was positive & dr has done a prescription for 2 antibiotics for a week & that he needs to stay on the lansoprazole after the antibiotics have finished. Patient happy with this & said he will pick up prescription this afternoon. Claire

11/03/2016 Helicobacter pylori breath test positive - so requires treatment. Dr Fiona Bullions

08/03/2016 Telephone encounter pt requesting breath test results - ordered in hosp so result should be actioned by them usually they will write to us and pt at the same time happy with this also happy to change to PPI caps as orodispersible made no difference to GI sympt requests inhaler as well, done. Dr Fiona Bullions

23/02/2016 Referral to pharmacist I emailed meds info to try to unravel the comments on endpoints and current guidance. Also, short term acute may just demonstrate the problem better rather being the only cases effected - would long term take longer to show? What's the effectiveness/safety profile for the different PPIs and do higher doses have a clinical cost? Ms Fiona Finnie

22/02/2016 Letter from consultant Misc Ninewells Hospital General Medicine Mrs Myra Wasiak

11/02/2016 Letter from consultant Misc Ninewells Hospital General Medicine Mrs Myra Wasiak

11/02/2016 Excepted from asthma quality indicators: Informed dissent Non-responder x 3 Recall due: 11/02/2017

04/02/2016 Letter sent to consultant - Dr Colin Baines, Staff Grade Physician, Department of General Medicine, Ninewells. Dr Fiona Bullions

04/02/2016 Letter sent to consultant Hospital Letter Coldside General Medicine Ms Tracey Mcdade

02/02/2016 Administration NOS note esomeprazole may reduce effect of clopidogrel - letter to Dr Baines, lansoprazole or ??alternative needs to be used. I have also emailed the pharmacy generic advice email. Dr Fiona Bullions

02/02/2016 Administration NOS note letter from Dr Baines - confirms pts report that all meds to stop await breath test then pt to restart PPI - esomeprazole 40mg bd suggested then once sympt controlled Dr Baones suggested plan is to reintroduce other meds one at a time restarting clopidogrel last. He will get in touch with breath test result. Dr Fiona Bullions

27/01/2016 BP screen - 2nd call

14/01/2016 Telephone encounter pt was contacted as I requested however unhappy about this as apparently just told to stay off all meds before a breath test had appt with Dr Baines 6 days ago quite aggressive and rude on the phone I explained that I had no recent communication from Dr Baines and that he should do as recommended by him very unhappy with this though as abdo pain++ and has to stay off ALL meds tells me for 2 weeks I wouldn't advise this - but abdo pain worse with other eds and not PPI, fair enough Not sure why breath test not stool being done - at least if stool test then can take ranitidine until 24 hours prior to test however ?breath test better looked up breath test - needs to be off PPI and peptac for 2 weeks prior apparently I also wonder why biopsy not done at time of scope. However advised to contact Dr Baines re concerns. really quite cross. Dr Fiona Bullions

08/01/2016 Administration NOS double PPI dose for 6 months then review Dr Fiona Bullions

07/01/2016 Letter from consultant Clinic Ninewells Hospital General Medicine Ms Tracey Mcdade

29/10/2015 Medical report received from hospital Dr Bain in reply to my query regarding diazepam prescription. See letter. Had not been his intention to recommend diazepam. See letter Dr G Macmillan

29/10/2015 Letter from consultant Misc NHS Tayside General Medicine Mrs Myra Wasiak

23/10/2015 Letter sent to consultant - Dr C Baines, Staff Grade Physician, Medicines Directorate at Ninewells Hospital. Dr G Macmillan

23/10/2015 Letter sent to consultant Hospital Letter Coldside General Medicine Ms Tracey Mcdade

22/10/2015 Medication requested, brought in a copy of a letter from Dr Baine (on Docman) about his recommendation for diazepam!!! Does not seem to have a clear rationale for this. PMH long term diazepam dependence. Had been on it for years and when moved Dr Last year Dr Emslie-Smith weaned him off it. Letter to Dr Baine re my reservation for ongoing prescription for this. "Cramps" in stomach told to him by Dr Dick, he then "tried" some diazepam that he had left over from previous prescriptions and found it to help. He reported this to Dr Baine who has made his recommendation!! Dr G Macmillan

21/10/2015 Asthma monitor 1st letter Mrs Winnie Sturrock

13/10/2015 Letter from consultant Clinic Ninewells Hospital General Medicine Mrs Theresa Fairweather

09/10/2015 Had a chat to patient seeking Diazepam he says was suggested by "dr baines" 2 weeks ago in clinic vascular Ill get tracey to get his letter Dr Angus Oswald
