Yvonne was happy to see her Mum.

I asked how was Polepark. She said "fine - Margaret Carroll didn't ask me loads of questions about my Dad" I said "did it hurt to speak about your Dad" she said "yes".

I asked what did she do yesterday at Polepark - she said she "enjoyed playing".

Yvonne forgot to take down her homework. I'm told this was one of the issues from the review the day before that Yvonne was not undertaking tasks that she could see through.

Tam told Yvonne that her homework had to be taken down and done each night.

She has decided to give Stephen Yvonne's room for the time being. Tam feels due to the Children being in care and the age they are now they would benefit from having a 4 bedroom house.

Tam also stated that when Yvonne is allowed to choose anything when they are out, she always chooses something really babyish e.g. When her Aunt allowed her to choose she asked for a small toy banjo a three year old would play with and books are always for a very young child. I said to her maybe that was the age that she felt happiest and most secure she agreed that could be the case.

POLEPARK FAMILY COUNSELLING CENTRE

Summary of Individual Work 13.10.92 - 1.12.92.

I have been holding 1 hour a week sessions with Yvonne and have had 6 sessions to date. The main focus of this work, as agreed at planning meeting of 02.09.92., is to:

- a) provide a safe detailed setting where Yvonne can have focused attention for herself and an opportunity 'to be a child'.
- b) Use play as a medium for Yvonne to express thoughts, feelings, experiences from the past and her views of the future. Provide an opportunity for Yvonne to say more/play out issues re sexual abuse with the view to helping her stop raising it inappropriately elsewhere.
- c) Help Yvonne work through difficult past experiences - make sense of things. Enable Yvonne to cope with her experiences to allow her behaviour, demeanour and interactions to become more usual for her years.
- d) Help Yvonne with appropriate sexual knowledge - boundaries/self protection.

Relationship/Building Assessment

It has taken Yvonne time to relax in our sessions and be herself (a sense of self/identity is something Yvonne appears to have difficulty with). On Yvonne's introductory visit to Polepark she seemed chatty, confident, 'adult like' in her interactions however I felt this covered real anxiety and nervousness. Yvonne can relate very quickly to new adults but I feel this is in a very superficial way and she needs help to get in touch with her own thoughts and feelings to allow her to relate to adults and children in a more natural way.

Work on feelings/past

Yvonne at first was wary and guarded of any exploration of feelings or difficult experiences. At times it is obvious that she feels very threatened and powerless. I try to create an atmosphere where Yvonne feels she has control, to go at a pace Yvonne can cope with without feeding into Yvonne's blocking or avoidance of exploring painful feelings. Yvonne uses controlling, ('always having to have her own way' be 'adult like') as a means of trying to re-assert herself, as a way of coping with her feelings of powerlessness and low self esteem and as a protection against being vulnerable to further abuse. While at the same time struggling to cope with her feelings re the sexual abuse by raising sexual matters in a way that could make her more vulnerable to abuse.

Yvonne has probably had little experience of how to express feelings in a healthy way at home and now as difficulty

coping with the overwhelming mix-up of feelings from her damaged past.

Yvonne has told me of her "sexual abuse by Nisha". This was said in a very matter of fact manner about events not feelings. Yvonne has also spoken of her family, friends and desire to go home to "the new house mum is getting away from Nisha". Yvonne speaks fondly of her mother and brother Steven, makes very little mention of her father and shows anger at Chris.

Yvonne is proving able to use play as a medium of communicating and will assume a powerful role (e.g. teacher) when talking of things that are painful for her. It is obvious at times that Yvonne's powerful manner covers an underlying sadness and fearfulness, anger and confusion which is bound to affect her behaviour and relationships. Yvonne is always extremely precise in her play and needs help with free expression. We are working on non-verbal expression of feelings and pent-up tension e.g. messy play, musical instruments.

Another major area of work is helping Yvonne to cope with her sexual experiences. She is very mixed-up about what is and is not appropriate and we have begun looking at good and bad, touching sexuality, privacy and keeping safe. It is easier to engage Yvonne in this work, particularly using books and drawings, than in work on a feelings level.

Summing Up

Overall it is early days in the work with Yvonne. However she does seem to have settled into the routine of our sessions and I am gradually building a picture of Yvonne's needs which can be tackled at Yvonne's pace in future sessions. I try too to link with Eleanor as it is obviously important to find out how Yvonne is outwith our sessions and Eleanor's feedback is proving very helpful.

Donald;

I believe Colleen phoned you to update you on Yvonne's latest session. Attached is a copy of my session record for your file + a copy of what Yvonne wrote. Sorry that Yvonne's copy is not very clear - Yvonne wanted to keep the original in her file.

Unfortunately I'm going to find it very difficult to see Yvonne at the usual time on Tuesday therefore have arranged it for Monday (21/12) + have explained this to Yvonne. Any questions or anything in my recording unclear please get back to me.

I'll be in touch, Donald.

Event:

McLEAN, Yvonne**15.12.92****Ind. session with Yvonne**

Plan - continue trust-building - empowering - opening up feelings/experiences.

Main Points

- Yvonne appeared less nervous on arrival - pleased to be at Polepark.

- Yvonne taking charge - not as controlling as previous weeks - giving me limited choices e.g. "you can pick between that or that - no I didn't say you could have that".

- As Yvonne became more relaxed and taking on powerful roles (e.g. teacher at the blackboard), I introduced subjects that she finds threatening - Yvonne changed the subject immediately.

- Near the end of session I tried to reframe it by going over again why, I thought, Yvonne came to Polepark, ending with "but I don't know how to help - perhaps you can write what would help".

- Yvonne gave me the chalk "you write it...don't say it, just write - in tiny writing".

- I wrote a list of what I thought would help Yvonne and asked her to tell me if I had got any of it wrong. Yvonne corrected my spelling.

- I asked Yvonne's ^{views on} what I'd written (e.g. to know more about the future; to know that people want to help and that no-one blames Yvonne; to feel better and not be bullied etc.). Yvonne said it was all "correct".

- We talked about it for a few minutes then Yvonne got the duster and rubbed it off..."We are now going next door to play offices...come on".

- Yvonne was back in 'controlling' role and led the way to my office. Yvonne sat at the spare desk. As I did not want Yvonne to divert me from the subject, I tried to find ways to empower her to say more.

- Yvonne stated she was a "social Worker". I gave her a social work file and pad, telling her this was her file for private things, her other one for drawings. I suggested Yvonne write in the pad "what would help" and we could look at it next time if she did not feel like it today. After demanding a "swinging" chair like mine, Yvonne did so (see attached).

Event:

- After some hesitation, Yvonne discussed this with me. She expanded on point 2. (Help each other and friends) - saying that she had friends who "the bad thing happened to - the same as what happened to me with Neisha happened to them [redacted]. Yvonne wrote a list of names (see attached [redacted]).

[redacted] Yvonne said that they touched her too and she was there when they touched the other girls. The touching was "feeling the top part and the bottom part with their hand in the pants".

- I tried to find out more but Yvonne kept changing the subject and as we were well over our session time, I agreed we should finish.

- I went over with Yvonne how well she had done and suggested that she use the "private file" to write any more thoughts or feelings in. Yvonne thought this was a good idea and said she had "lots" to write. I helped Yvonne understand that this file must be private and went over with her who it would be appropriate to show it to (aiming for privacy not secrecy). I mentioned again that Donald should know the things Yvonne had been saying and writing as they were important. Yvonne said that Donald "knew some but not all" and agreed that he should know. I checked with Yvonne if it was okay to let Colleen know. Yvonne replied "yes you can and Eleanor" - Yvonne seemed quite relaxed but thoughtful as she left, clutching the file importantly.

- I also helped Yvonne realise that she now had someone at home (i.e. foster parents) whom she could talk to and who wanted to listen and help and perhaps she should not talk of private things in school (what Yvonne had seen as her source of help in the past).

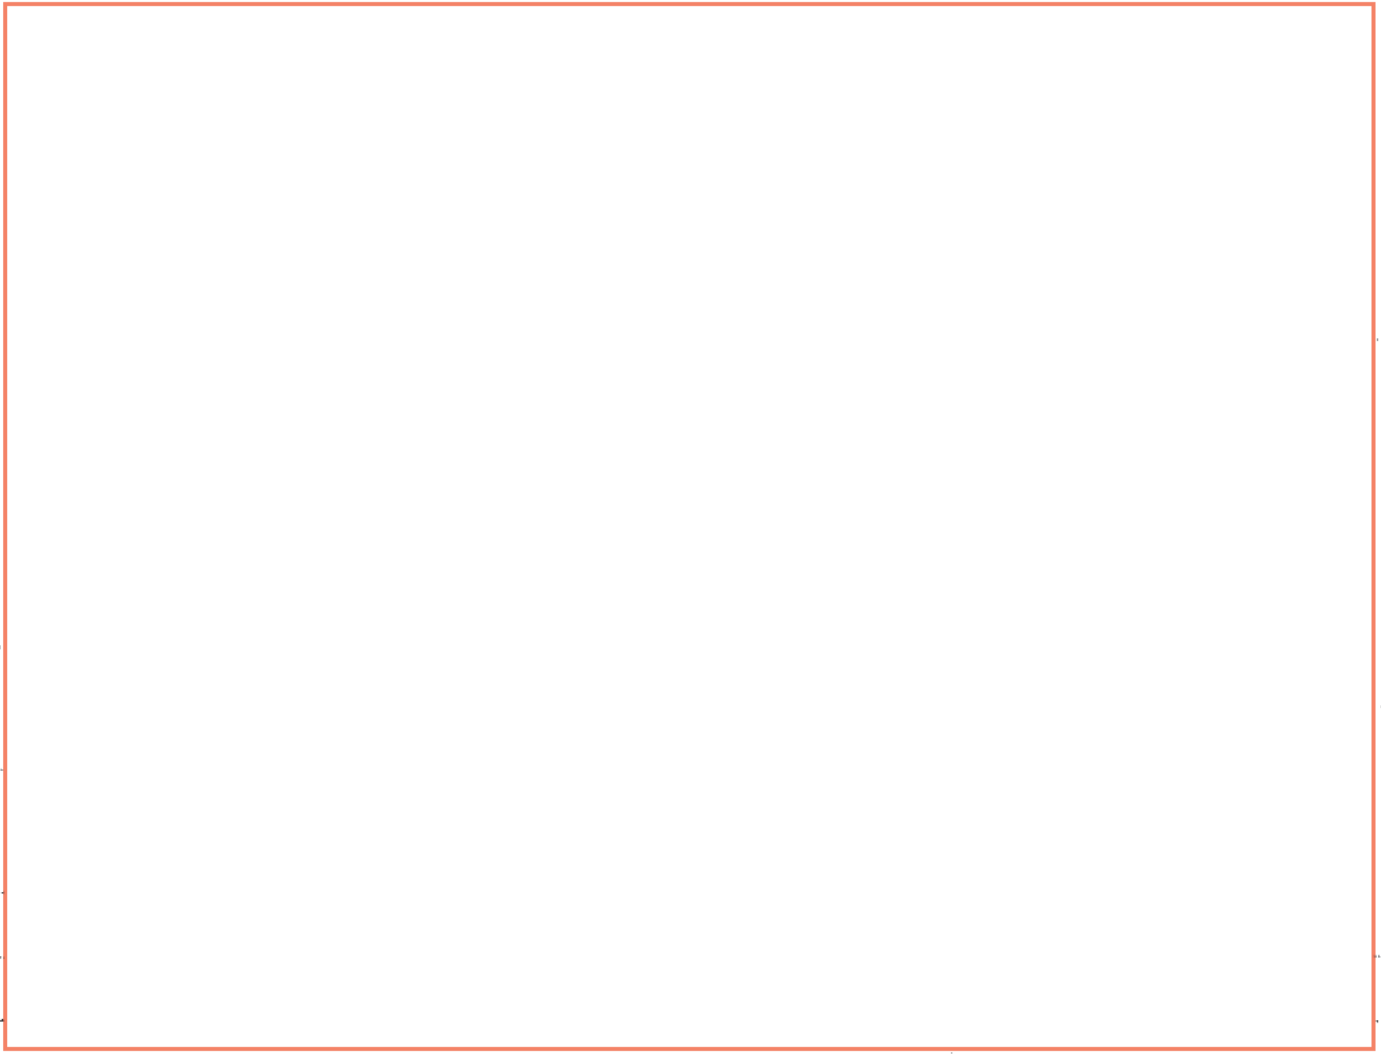

- After Yvonne's session, I phoned Eleanor to update her. She said that she would keep an eye on the file and try to make sure that Yvonne did not take it to school. I explained that if it caused problems, I could keep the file in Polepark. However, I hoped that giving Yvonne a place to write about her experiences would allow her to express herself more appropriately.

POLEPARK FAMILY COUNSELLING CENTRE

NOTES OF REVIEW MEETING HELD AT POLEPARK ON 4 DECEMBER 1992

REGARDING YVONNE MCLEAN

Present: Eleanor Reid, Foster Parent
Margaret Cooper, Play Therapist, Polepark
Donald McKenzie, Social Worker, Dunkeld Road, Perth
Martin Donachy, Senior Social Worker, Dunkeld Road,
Colleen Gibb, Depute, Polepark (Chair\Minutes)

Purpose of meeting

To review Margaret's work with Yvonne in the context of work with her family and in the context of her foster placement.

Feedback

2. **Family Contact** Arrangements are for Mr & Mrs McLean to have contact with Yvonne every fortnight. This is supervised by the family helper. Every other Wednesday, Yvonne sees her brother, Stephen.

Sylvia sees the contact between Yvonne and her parents is of poor quality from Yvonne's perspective. Alec often does not come. Yvonne or Sylvia initiate conversation with Tam.

Yvonne looks for material goods from her mother. At the last visit with her mother, Yvonne for the first time did not ask about Nisha. Yvonne and Stephen are keen to see each other.

3. Margaret's Work

Views Re Yvonne

1. Yvonne tends to tell adults what she thinks they expect to hear.
2. Yvonne is positive regarding Stephen. She sees him as caring about her.
3. Yvonne is angry with Chris.
4. Yvonne says little about Dad, except he is good.
5. Yvonne talks of Mum being very good. Mum is going to move away from Nisha.
6. It is early days as yet in terms of Margaret's work with Yvonne
7. Yvonne relates well to adults on a superficial level.
8. The real Yvonne seems well hidden, maybe Yvonne does not know who she is. Yvonne has little sense of self identity.
9. Yvonne tries to talk like an adult. She is not comfortable being a child.
10. Yvonne talks about the past, when she does, in a matter of fact way.
11. Getting in touch with feelings is difficult for Yvonne. She tends to change the subject.
12. Yvonne feels very, very powerless. In play she takes on a powerful role, e.g. teacher. Yvonne can only talk about issues, the past etc. when she is in a powerful role.

Yvonne therefore tries to disguise her powerlessness; she tries to cope by being controlling.
13. Yvonne has very low self esteem, little sense of self worth.
14. One way Yvonne is trying to make sense of abuse is by telling lots of people bits about her abuse. She has difficulty knowing who to tell, who to trust and how to contain it all.

This could make Yvonne vulnerable to further abuse.

4. Yvonne in her Foster Family

[redacted]
[redacted] Yvonne tries to act out with Mike, Eleanor's husband and Eleanor's son. Yvonne is sometimes aggressive at school. [redacted]

Margaret feeds back to Eleanor on her sessions with Yvonne and advises on what she is learning about the inner Yvonne, the child beneath the behaviour. Donald also tries to be supportive. [redacted]
[redacted]

Martin enquired whether more individual sessions for Yvonne would be helpful. Margaret explained that her work raises painful issues for Yvonne, which will help in the long term, however, in the short-term this has a backlash effect for Eleanor.

Conclusions

1. Yvonne is making progress within her sessions at Polepark. This is likely to be a long process. Yvonne is likely to require a therapeutic service for some time whether she returns home or not.

Yvonne is expressing feelings non-verbally. In talking about or dealing with the past she needs to take a powerful stance.

2. Increasing the frequency of the sessions would not be helpful. Equally the regularity of the sessions is important. If at all possible sessions should not be missed.
3. Support to Eleanor and her family is crucial.
4. Assessing Yvonne's parents is to continue; progress here needs to be continually matched with Yvonne's needs as these become clearer.

SUMMARY OF INDIVIDUAL WORK

I have been holding 1-hour a week sessions with Yvonne since 13.10.92. The main focus of this is to:-

- a) provide a safe detached setting where Yvonne can have focused attention for herself and an opportunity 'to be a child'.
- b) use play as a medium for Yvonne to express thoughts, feelings, experiences from the past and her views of the future. Provide an opportunity for Yvonne to say more/play out issues re sexual abuse with the view to helping her stop raising it inappropriately elsewhere. Help Yvonne with appropriate sexual knowledge - boundaries/self protection.
- c) Help Yvonne work through difficult past experiences - make sense of things. Enable Yvonne to cope with her experiences to allow her behaviour, demeanour and interactions to become more usual for her years.

I have built up a good working relationship with Yvonne. Yvonne can relate very quickly to new adults. However, I feel this in a superficial way and that she has had little experience of genuine, trusting relationships.

Yvonne carries an overwhelming mix up of feelings from her damaged past which she has difficulty expressing in a natural way. She shows that she often feels powerless and threatened and, as a way of trying to re-assert herself, will become very domineering in her manner and demanding her own way.

Yvonne is proving able to use play as a medium of communicating and will assume a powerful role (eg teacher) when talking of things that are painful for her. It is obvious at times that Yvonne's powerful manner covers an underlying sadness, fearfulness, anger, guilt and confusion which is bound to affect her behaviour and relationships. Yvonne is always extremely precise in her play and needs help with free expression. We are working on non-verbal expression of feelings and pent up tension, eg messy play, musical instruments.

It is becoming more and more apparent that Yvonne has missed out on a lot of basic training, nurturance and ordinary interactions. She does, however, have a strong sense of "home" and family in Perth and shows a protectiveness towards her mother. This is particularly noticeable since Yvonne's father's death. It is difficult to know as yet exactly how Yvonne has been affected by her father's death. She appears to have a great deal of mixed up feelings and loyalties and helping Yvonne with this is a feature of our present sessions.

Another major area of work is helping Yvonne to cope with her sexual experiences. Yvonne has spoken of being abused by 3 different people and is very confused about what is appropriate

behaviour and language for her age. We have begun work on good and bad touching, sexuality, privacy and keeping safe. it is easier to engage Yvonne in this work, particularly using books and drawings, than in work on a feelings level.

In conclusion, Yvonne appears to have settled into the routine of attending Polepark. She enjoys the attention and the acceptance without demands that I can give her. I feel the work is progressing well. However, Yvonne is a child who will need help with feelings and learning about ordinary relationships and behaviour for some time.

CHILD PROTECTION PLAN

29 January 1993:

Yvonne is the subject of a supervision requirement, under section 44(1)(a), requiring her to live with Eleanor and Mike Reid, foster carers, in Leuchars. As such, she is removed from the environment in which abuse took place.

Before rehabilitation could be effected it would be necessary that the department satisfy itself that her mother, Mrs McLean, was able to properly protect her. This requires a continuation of the assessment work currently being undertaken by Martin Donachy, Senior Social Worker.

Mrs McLean is Yvonne's sole surviving parent. Her father, Alec Murphy, died on 26.12.92. This has changed the situation as far as the above assessment is concerned.

Any discussions regarding Yvonne's return home will focus on the ability of Mrs McLean to protect her. In the meantime Yvonne continues to have weekly sessions with Margaret Cooper, play therapist at Polepark Family Counselling Centre.

Note:- This form should be attached to any social background reports where it is likely that a Children's Hearing may wish to impose a condition in a supervision requirement that the child is to reside in a place (a household where he is to be under the care of a person who is not his parent or guardian). The form is necessary for a placement with any relative.

At any REVIEW by a Hearing of a place condition, the social background report must include relevant material from the monitoring of placements as under Regulation 18 and Rule 21(2). This form will be re-submitted to the Hearing at each review, but a new completed form should be given to the Hearing if there are any changes to the data on the original form.

In either case the social background report must describe the child's needs and the suitability to meet those needs of the proposed foster place and foster parent.

1A refers to the exposure of a foster parent to the full procedure under Regulation 11 and approval by the care Authority under Part II of the regulations, including involvement of the fostering panel.

1B refers to the exposure of a foster parent to the procedure under Regulation 12. This shorter procedure may be adopted because the child has been in care for less than 6 weeks. But by virtue of the disapplication of Part III and Regulation 12(2) of the Regulations by Regulation 10 to the placement of children under supervision requirements made by Hearings, it may be all that the Authority intends.

Provided one or other of the procedures has been completed, whether or not the person is approved by the care Authority as a foster parent, (as in 1A), or whether or not the placement is in the view of the care Authority appropriate to the child's needs (as in 1B), the Hearing has complete discretion on making the placement following full consideration of these submissions.

In making arrangements under this part of the Regulations

1. As a minimum requirement the care Authority must; obtain a certificate prepared by a fully registered medical practitioner stating that the foster parent suffers no medical disorder likely to adversely affect his or her ability to care for the child; ensure that the foster parent is interviewed by or on its behalf; satisfy itself by a visit that ANY premises in Great Britain within which the child is to be placed are adequate for the needs of the child; and satisfy itself that the placement would not be detrimental to the welfare of the child after enquiries from the Local Authority in whose area the premises are. [Regulation 12(a)-(d)]
2. The care Authority may only foster a child in a household which comprises
 - (a) a man and a woman living and acting jointly, or
 - (b) a man or a woman living and acting alone, or
 in either of the above situations where there are other relatives in the household who are not concerned in any undertaking to care for the children. [Regulation 14]
3. So far as is consistent with Section 20 of the Social Work (Scotland) Act and having ascertained so far as practicable the wishes and feelings of the child, the care Authority shall ensure that the person with whom the child is placed is of the same religious persuasion as the child, or has agreed that the child will be brought up in accordance with the child's religious persuasion. [Regulation 15]
4. So far as is consistent with Section 20 of the Social Work (Scotland) Act and having ascertained so far as practicable the wishes and feelings of each child, the care Authority shall ensure when making arrangements for two or more of the same family that they are fostered in the same home, or, where that is not appropriate or practicable, in homes as near together as is appropriate or practicable. Brief Summary of case including reason for referral:

Yvonne was received into care under S37(2). This followed disclosure of CSA (supported by medical evidence) and, subsequently, it being concluded that she was not being protected.

Many concerns were expressed about Yvonne's care. An example of this was Yvonne's need to wear glasses. She did not like wearing them. Her parents failed to meet their responsibility to ensure that she did wear them. When in care it was found that the glasses were so badly scratched as to be harmful to her eyesight. She has had her eyes tested and a new pair of glasses have been obtained.

In addition, Mrs Reid has bought a new school uniform for Yvonne.

Yvonne's name is on the Child Protection Register following it having been established that she was the victim of child sexual abuse.

A priority at the moment is for Yvonne to learn to be a child again, to learn how to play and learn how to mix with peers. To mix effectively as a child an important asset is a bike. Yvonne's bike, which she took with her from Perth, is beyond repair. Her self esteem would be enhanced considerably if she had a nice bike just like all the other children. Mrs Reid (foster carer) has identified a secondhand bike available at £50. This is less than the cost of a

DATE: 21 May 1993

SUBJECT Yvonne McLean (dob 10.3.82)

I enclose a request for a social background report for the above-named child for whom I will soon be arranging an annual review in terms of Section 48(3) of the Social Work (Scotland) Act 1968.

In addition to all relevant social background information and a summary of recommendations, your report should contain details of:

- (i) any changes of address of child/mother/father, guardian since the last Hearing, and any significant changes in the composition of the child's household.
- (ii) any changes in the agencies involved with child and family (eg involvement in specialist groups, changes of school, referral to child psychiatry etc.)
- (iii) Details of placement as required by S21 of the Boarding Out and Fostering of Children Regulations 1985 and/or S27(2) of the Residential Regulations 1987 where applicable.
- (iv) any additional documentation (eg re Boarding Out or Residential Regulations) in support of your recommendation.
- (v) copies of any other relevant documents (eg S16 Resolutions) which have not previously been submitted.

If there are likely to be any contentious issues (eg access disputes, placement quandries etc.) which may lead to continued cases for appointment of Safeguarder/further reports etc. please highlight this in your report, so that a Hearing can be arranged in the light of such possibilities.

Please submit your report by **22 June 1993**

I will contact you to arrange a date for the Hearing after receipt of the report.

Pr Deirdre A Watson

Act 1968.

Director

Introduction

The purpose of seeking this Review is so that proper arrangements can be made for the care of Yvonne in the period 17 - 23 August 1992 during which her current carers, Mr & Mrs Reid, will be on holiday and are unable to accommodate Yvonne. This means that Yvonne will have to be cared for by other carers for that period and that a variation will require to be made to the existing supervision requirement in order to facilitate that.

Present Circumstances

Yvonne has been in the actual care of Mr and Mrs Reid since 13.05.92. Yvonne seems to be very happy in her present placement and in terms of helping Yvonne, the placement is very good in meeting her needs. Current thinking in respect of Yvonne is that this placement will continue to complement the other intervention strategies that are planned. The plan for work with Yvonne is based on a referral to Pole Park Family Counselling Centre. In collaboration with staff from Pole Park FCC, it is intended to address three particular areas:-

- a) Play - Yvonne needs to learn to play and needs to learn how to be a child again
- b) Therapeutic Disclosure Work - it is felt that Yvonne needs to be given the opportunity to discuss the abuse which has been perpetrated upon her
- c) - A thorough assessment is to take place of the future risk and viability of rehabilitation into Yvonne's own family unit.

As stated above, this work will be conducted whilst Yvonne remains in placement with Mr and Mrs Reid, and experience of that placement and the learning processes involved as part of that family unit will complement the work done by Social Work staff. It is envisaged by the writer that the work being planned will then inform future decisions and plans.

As part of their involvement in this process Yvonne's parents have deemed it appropriate that they should seek a new home outwith the Fairfield area of Perth. An application has been made for transfer to the Housing Department. Both Yvonne and her parents have been told, and acknowledge that such a move could well be important in terms of the assessment as to future risks. However, as Yvonne herself succinctly put it, it is not the walls of the house that care and protect her it is people. In other words there are many issues above and beyond the mere location of the house that are involved in the proper care and protection of Yvonne. These issues are to be addressed with Mrs McLean and Mr Murphy.

Conclusion

It is necessary for Yvonne to reside somewhere other than with Mr and Mrs Reid for the period 17 - 23 August 1992. It is therefore recommended that the existing supervision requirement be varied to include a clause stating in that for the period above Yvonne should reside at an address that will be advised to Panel members at the Children's Hearing.

SHARING INFORMATION

- 1 Donald advised of Yvonne's account of being sexually abused, ie a man made her take off her clothes; he touched her "flower"; he sat on the settee, unzipped his trousers and touched himself. He threatened her with a knife. Yvonne has consistently said that the abuser is Nisha, who lives upstairs.

Yvonne was sexually abused on more than one occasion by Nisha.

- 2 Yvonne is in care; place of safety order used because Yvonne's parents failed to protect her, following clear and repeated advice from social work as regards Yvonne's vulnerability and their responsibility re protecting Yvonne especially regarding Nisha. The parents allowed Nisha other opportunities to be alone with Yvonne.

There have been three child protection investigations this year - January, February and March.

- 3 Yvonne's disclosures - first, Yvonne spoke of a boy touching her, then as regards a man, Nisha.

Yvonne seems to have been testing out whether she was believed and how much adults could bear to hear. (Yvonne may have been abused by more than one abuser.)

Yvonne has selected people to say things to, ie a bit to her headmaster; a bit to Donald; the social work assistant and her foster mother.

- 4 Family picture. Individuals within the family appear to live separate lives.

Yvonne wants to return home. Yvonne is a "mother hen". She needs opportunities to be a child. Yvonne is enuretic.

Thomasina (Tam), Yvonne's mother [redacted]
[redacted] She maintains opportunities for contact with Yvonne and Stephen.

PLAN FOR INTERVENTION

(This part of the meeting was rushed because of lack of time. The following is a collection of suggestions made at the time plus my further thoughts.)

- 1 The department needs to know more before actively considering whether to rehabilitate Yvonne with her family.
- 2 We need to work out who and how we can get more information ie:

i listening to Yvonne and Stephen. Providing opportunities for them to talk. [redacted]

[redacted] Gender of worker for Yvonne was discussed. Ideally, a female worker is required.

Engaging the children, ^{initially} ~~individually~~ in this task, an explanation is required re why Yvonne is in care, what we need to do to ensure Yvonne's safety and the children should be told we know they have something to tell and of what each has said. (This should be "played out" with both children present and repeated with them as individuals.) [redacted]

- ii attempts should be made to engage the parents ^{Eoghan} individually and/or separately as to their understanding of why Yvonne is in care, her needs, their responsibilities and what needs to change for Yvonne to come home. [redacted]

[redacted]

3

[redacted]

Ideally, with Yvonne present, permission should be given to Yvonne by workers telling Yvonne and carers of why she is in care, ie sexual abuse and that children need to talk, they feel mixed up, sometimes they feel this..., do things like this... and carers and workers are there to help Yvonne.

- 4 "Ordinary" child time for Yvonne eg a befriender, outings/ activities with social work assistant.

5

[redacted] How do we facilitate the relationship between Tam and Yvonne?

- * Secrets allowed Yvonne to be abused; blowing the secret within the sibling group, the family and the working/caring system will help Yvonne in the future.
- * Careful negotiations and agreements need to be in place for a shared understanding of the work required between workers and carers. It is essential that there is a collaborative approach - social work system, resource worker system and carers with a co-ordinator.
- * The above suggestions are a framework for stating this stage of intervention.

POLEPARK FAMILY COUNSELLING CENTRE - WORKERS MEETING 02.09.92.

PRESENT: Donald McKenzie, Margaret Cooper.

APOLOGIES: Colleen Gibb

PURPOSE: To bring Margaret up to date before commencing individual work with Yvonne and to consider what needs to be in place before the work begins.

DECISIONS

1. Margaret will offer 1 hour a week individual sessions for Yvonne, held at Polepark. Main focus of this work:
 - a) "safe space", focussed attention for Yvonne, play, opportunity for Yvonne to be a child.
 - b) Margaret gain a clearer picture of what it was like at home for Yvonne - her experiences, thoughts, feelings. What are the issues/risks if Yvonne returned home.
 - c) Opportunity for Yvonne to say more/play out - re issues of sexual abuse.
 - d) Help Yvonne express feelings e.g. confusion, anger, guilt. Work through this - make sense of things.
 - e) Self esteem building/identity.
 - f) Appropriate sexual knowledge - boundaries/self protection.
2. Margaret will liaise with Yvonne's carers re the individual work. Offer support/feedback meetings with them.

-
4. Before beginning the work with Yvonne an introductory visit should be arranged and explanations given to Yvonne re. why she is coming to Polepark - go over why Yvonne is in care - that we know of the abuse, believe and want to listen and help. Stephen should be part of this - to enable both children to be free to say more if they need to. Donald will make arrangements for this session and the introductory visit.
 5. Donald will consult with those involved (e.g. Yvonne, carers, school) re the timing of Yvonne's regular session. Margaret can offer Tuesday or Wednesday after school or, if it is appropriate during school hours, Wed AM/PM or Thursday AM.

4. ANY IMPORTANT DEVELOPMENTS SINCE LAST CASE CONFERENCE?

[Attach continuation sheets, if necessary]

On 13 May 1992, the day of the last Case Conference, Yvonne was received into care under Section 37(2), Social Work (Scotland) Act 1968. She was placed in the actual care of Eleanor and Mike Reid, foster carers, 10 Aitken Place, Leuchars, Fife.

Grounds of referral under Section 32(2)(c) and (d) of The Act were subsequently established at Perth Sheriff Court, following which Yvonne was made the subject of a Supervision requirement under Section 44(1)(a) of The Act with a condition requiring her to live with Mr and Mrs Reid.

Since being received into care Yvonne has exhibited behaviours that cause concern in terms of how they may relate to what happened to her, and how she is trying to make sense of it all. [redacted]

[redacted] Of particular concern are reports from school staff regarding sexualised behaviour. [redacted]

[redacted] Yvonne touching the genital area of boys; asking boys to lie on top of her; and inappropriately removing her clothes when preparing for PE lessons.

Yvonne's continued inability to make and sustain appropriate peer relationships would seem to confirm what was known prior to her reception into care; that the circumstances of Yvonne's life have placed her in a position whereby she does not know how to interact appropriately with peers - in play and in other social interactions. She continues to prefer the company of adults and tries to communicate at an adult level. Her inability to do so serves to compound her sense of isolation.

On 13 10 92 Yvonne began attending weekly sessions with Margaret Cooper, Play Therapist, Polepark Family Counselling Centre. A volunteer driver takes Yvonne to and from these sessions which take place every Tuesday from 4pm - 5pm.

Work with Yvonne's parents has been undertaken by Martin Donachy, Senior Social Worker. This work is concerned with assessing Mr and Mrs McLean's abilities to protect Yvonne and to offer her a positive environment for development.

5. STATE CLEARLY IF YOU RECOMMEND THAT CHILD(REN)'S NAME(S) SHOULD REMAIN ON REGISTER AND WHY. IF DE-REGISTRATION RECOMMENDED ALSO STATE WHY.

Should Child(ren)'s name(s) remain on Register? (Y/N): NO

State Reasons why:

Yvonne's present living circumstances (in foster care) and the level of intervention presently in place mean that she is protected from further sexual abuse as far as it is possible so to do. A high level of direct intervention is likely to be required for some time but this does not require Yvonne's name to remain on the Child Protection Register.

Countering these points is the fact that Yvonne remains highly vulnerable to abuse (see comments from school above).

However, on balance, the writer's suggestion is that Yvonne's name should be taken off the Child Protection Register.

Should Yvonne be returned home in the short to medium term future, it may be that a further Case Conference should reconsider the matter of Registration.

(to be read in conjunction with all previous sections)

Mrs Sethi welcomed members to the Conference and made introductions. It was advised then that an In Care Review would take place immediately after the Child Protection Review, chaired by Mr Mackay.

BACKGROUND

Mrs Sethi advised that Yvonne was placed on the Child Protection Register on 24 January 1992. At that time she had made a number of allegations about having been sexually abused by a neighbour. Subsequent to that the agencies saw Dr Christine Smith, Consultant Psychiatrist, Dudhope Unit Dundee about the ongoing allegations. She recommended that a network meeting be held of all the agencies involved with this family over the years. Although there was no concrete evidence it was felt that Yvonne was certainly at risk while living at home and she was removed on a Place of Safety Order.

Mr MacKenzie told the meeting that Yvonne was admitted to care on 13 May 1992. It went through the Children's Hearing System which involved a Proof Hearing. Proof of grounds were established indicating a lack of parental care in respect of Yvonne and she was made the subject of a Supervision Requirement, 44(1)(a) naming the place of residence with foster parents Mr & Mrs Reid 10 Aitken Place Leuchars where Yvonne still remains.

Early on it was acknowledged that Yvonne needed the services of a female worker and a referral was made to Polepark Family Counselling Centre. Unfortunately this work took some time to be put in motion as at the time Polepark's places were full and also members of staff were on holiday. Mrs Margaret Cooper, Play Therapist was identified to work with Yvonne. This eventually started on 13th October and to date Yvonne has had two visits. Unfortunately Mrs Cooper could not attend the meeting today and there is no information on how these sessions have gone, however, Mrs Cooper was talking about months of work rather than a few sessions.

Yvonne is now showing a range of behaviour which is extremely concerning. At school she is showing sexual behaviour; there is an ongoing enuretic problem in the home; there is a continuing inability to make appropriate relationships with her peers and there is also the ongoing craving for adult company. Yvonne continually shadows Mrs Reid.

Mr Donachy said he has done some work with the parents and the first step was to see how the parents saw the situation at present. Yvonne has made further disclosures to Mrs Reid, foster parent, [redacted]

[redacted] Mr Donachy said he would aim to find out how the parents would protect Yvonne if she was returned home. It seems Yvonne is very isolated within the family home; even isolated within her own bedroom. The parents make no attempt to communicate with her as with the other children in the family.

[redacted] The

original disclosure concerning Yvonne was that she had been abused by another

Mr Donachy advised that it is going to take some time to find out fully what has happened to Yvonne in the past.

FOSTER PLACEMENT

Mrs Reid said she has found Yvonne to be very demanding and a lot of work. She finds it very difficult to get through to her. She constantly follows Mrs Reid around and if she is not there, she follows her daughter around. She asks questions all the time, she will ask if she will do everyday things such as putting on her shoes when getting ready for school etc. When talking to Yvonne some of the time her conversation does not make sense. It is also very difficult to do her homework with her.

Mrs Reid said Yvonne talks quite openly about what happened to her to her husband and herself. She would talk about it all day, if allowed.

EDUCATION

Mrs Cooper agreed with everything that Mrs Reid said. She said at school yvonne tells everybody what has happened. She started with staff but because they knew her background, they 'put the reins on it' and advised Yvonne that it was not to be talked of in class but would arrange for someone to listen to her if she wanted to talk. She then tried the headmaster, the dinner ladies, the people working in the nursery, telling them what Naisha did to her. She has now told as many children in the class and they are now desperately trying to find out all that happened and this makes her angry.

Concerning her education, in the classroom she is very time consuming. She does not listen to instructions and when instructing her over and over again she asks the most ridiculous questions. She does not listen or goes out of her way to do something totally different. She wanders about the room and is a distraction to other pupils. She wanders to the cloakroom area without permission. It was a regular occurrence that Yvonne would burst into tears at 12 o'clock until lunch time.

Mr MacKenzie said previously Yvonne attended the Northern District School in Perth and Mr Collie the Head Teacher made the original referral. When she attended the Northern District School she was scapegoated, she had no friends and always walked behind everybody else. Mr MacKenzie undertood she spent a lot of her time out of class with the headmaster or the school secretary.

ACCESS VISITS

Mrs Milne advised the meeting that she supervises the access visits. Her impression is that there is no closeness between Yvonne and her mother; it seemed Yvonne was only interested in the presents she got on these visits so they were stopped. Yvonne always asks the same question - have they got another house as she will not get home if Naisha is still there. Mrs McLean is trying her best to get another house.

REGISTRATION

Mrs Sethi asked members of the meeting to consider the question of registration. Her personal view was that at present things were too fluid, to take Yvonne's name off the register. Mr MacKenzie had recommended in his report that Yvonne's name be removed from the Register at present, his reasoning being that she is away from her home area and in the care of foster parents. Mrs Sethi felt, as Yvonne's future is very uncertain and may be decided within the next few months, it may be better that she remain on the Register, the position to be reviewed in six months. Another factor for retaining the name on the Register was that the original agencies who put Yvonne's name on are not at present involved with her as she has been placed in Fife and are not represented today.

The registration question was discussed further and members were invited to give their views. It was finally decided that Yvonne's name should remain on the Child Protection Register.

Observations:

Yvonne lacks concentration. She does not listen carefully to instructions and when she does, often deliberately disobeys or carries out instructions in an incorrect way. She produces little work but when she does, little attempt is made with presentation. She constantly seeks attention from staff and pupils and lashes out verbally and physically when this is not forthcoming from peers.

Yvonne has spells of wandering in class but rarely has a valid reason for being where she is. This interrupts not only her work, but those of others in the class.

DATE OF LAST SCHOOL REPORT 19 06 92

DATE OF LAST FINANCIAL ASSESSMENT (Form F8) 14 05 92

Introduction:

The last child in care review identified several tasks :-

a) Involvement of Polepark FCC.

This commenced on 13 10 92. Yvonne has weekly sessions with Margaret Cooper, Play Therapist.

b) Access with Stephen:

Access did take place. In response to negative views and ambivalence being expressed by both Yvonne and Stephen, a hold was placed on further visits. Both have now indicated some interest in meeting the other. Arrangements will be made for this to happen.

c) Eye test:

Yvonne has had her eyes tested and now has hew new glasses.

d)

d) Mr and Mrs Reid's holiday:

Yvonne spent a week She seemed to enjoy her 'holiday' but was glad to return to Leuchars.

e) Assessment is under way. However no conclusions have yet been reached. Martin Donachy, Senior Social Worker, has been meeting with Mr Murphy and Mrs McLean.

f) Placement agreement:

A formal written document has not been drawn up. Mr and Mrs Reid thought that they could care for Yvonne until the end of 1992. In the light of the work now taking place, it seems as if they may be able to look beyond that date.

Yvonne:

Yvonne continues to shun the notion of being a child. She much prefers adult company and in her mannerisms strives to portray herself as an adult with adult emotions. She struggles to find pleasure in playing with peers and as a result is not warmly welcomed into their circle.

Aspects of her behaviour seem to demonstrate that she craves the attention of others and, not knowing how to achieve that in an appropriate way, nor what level of attention is appropriate, she tends towards what some see as 'over the top' behaviour. She seems, for example, to feel that explicit discussion of the sexual abuse perpetrated upon her will place her at the centre of the crowd. Her demands on the time of the Reid family are considerable. Many of her word games are incomprehensible but do seem to satisfy her need to maintain a constant discourse.

Summary of work done:

Donald MacKenzie, social worker, has continued to visit the placement and to meet with Yvonne. Sylvia Milne, family helper, has also had frequent contact when she takes Yvonne's parents for fortnightly access visits.

Annual leave and existing workloads resulted in Margaret Cooper, play therapist, not becoming involved as soon as had been envisaged at the time of the last Review. However, her involvement is now under way. Yvonne visits Margaret at Polepark FCC every Tuesday from 4pm - 5pm.

Martin Donachy, Senior Social Worker, meets with Mr Murphy and Mrs McLean. The purpose of this work is to assess the appropriateness of Yvonne returning home at some point in time.

Suitability of Placement:

Mrs Reid has, very appropriately, sought answers to the many questions that have arisen. Unfortunately, Donald MacKenzie has been unable to give very many concise answers. Many of the answers have been 'maybe' 'if', 'perhaps', or 'I don't know'. Given the complexity of the circumstances that have led Yvonne to where she is now, it is likely to be a long time, if ever, before clear concise explanations are possible.

In the face of all the demands and strains being brought to bear in the placement, the placement remains successful from the social worker's point of view. Yvonne seems to have a sense that she is safe and secure. She is afforded the opportunity to view appropriate role models in the persons of the Reid family and is learning the boundaries between adult and child responsibilities and roles.

School:

The social worker recently met Mrs Cooper, class teacher, and Mrs Anderson support teacher.

Mrs Cooper reported that in academic terms Yvonne is performing well below the level that is normally seen in one of her age. The last report spoke of interest and attention being shown. This seems to be no longer the case. One interpretation of this is that Yvonne's way of coping with work she cannot do is to 'switch off'. Mrs Anderson held the view that the 'professionals' involved should acknowledge that with the 'load' Yvonne is currently burdened with in relation to her life and her history, it is hardly surprising that education is not high on her agenda.

Of concern to school staff in relation not only to Yvonne but to other children is her apparent sexualised behaviour in school. Reports have come back to Mrs Cooper of Yvonne touching boys in their genital area, and of Yvonne asking boys to lie on top of her. Concern has also been expressed at Yvonne's lack of modesty in being prepared to strip off in front of the whole class when preparing for PE lessons.

Health:

Yvonne continues to enjoy good health. She now has new glasses, and does wear them.

Contact with parents:

Fortnightly visits have continued. On some occasions Mr Murphy has been unable to attend.

Future/

Future Action:

Yvonne will continue to meet with Margaret Cooper at Polepark FCC. Regular case discussion will evaluate this work. At this stage it is envisaged tht this work will go on for some considerable time. It would be unrealistic to expect that Yvonne could work through all the issues with which she is striving to grapple within a few weeks or even a few months.

APOLOGIES:

Margarot Cooper, Polepark Family Counselling Service.

Summary of Discussion + Goals/Tasks for the Future (Goals to be listed separately)

TASKS FROM LAST REVIEW:

It was acknowledged that Polepark Family Counselling Service had been approached and they are hoping to be able to offer a service to Yvonne and her family in the fairly near future. It was also acknowledged that it was agreed that Stephen should have access to see Yvonne but arrangements for this have not yet been worked out. The issue of Yvonne's eye test requiring glasses has now been resolved. It was acknowledged that a Placement Agreement Form has still not been completed and this task needed to be undertaken immediately. A Review was originally set for 28 October in Leuchars but the venue was changed to Perth to coincide with Stephen's Review.

STATUS OF MEETING:

It should be acknowledged that a Child Protection Review was convened prior to this meeting on Yvonne McLean and was chaired by Mrs Wendy Sethi. A separate Minute of that meeting is available through the normal Child Protection Procedures. However, to allow continuity, Mr Mackay, Community Assessment and Review Officer, was present at the Child Protection Review.

The Minute of this meeting, however, refers solely to the In Care Review although references may be made to decisions of the Child Protection Review and, if necessary, these Minutes should be read in conjunction with the Child Protection Minutes.

FEEDBACK FROM FOSTER CARER:

Mrs Reid explains that Yvonne suffers extreme mood swings. She particularly causes problems prior to going to Polepark Family Counselling Service. At times nothing pleases Yvonne and she tends to be very attention seeking. Yvonne seeks adult company at all times and prefers this to her own peer group.

Yvonne goes to her bed when she is asked and gets up and goes out in the morning without any major problem. However, often if given an instruction, Yvonne will do the opposite or argue about the instruction. Yvonne does not like to be told what to do. It was acknowledged that bed-wetting is still a major problem for Yvonne, however Yvonne does not seem to bother about it and does not see it as a problem. Generally Yvonne seems to wet the bed about three times a week. She occasionally misses a week and then goes back to more frequent bed-wetting. There appears to be no regular pattern or connection with things that are going on in her life. There was some suggestion that perhaps Yvonne is just too lazy to go to the toilet. Yvonne's parents explained that now and again Yvonne used to wet the bed, [REDACTED]

Mrs Reid explains Yvonne always needs to be told to go to the toilet, she will not go of her own accord. Her parents explained that they had not let her drink after tea time. There was some discussion as to whether if Yvonne was offered a reward for not bed-wetting this might make a difference. [REDACTED]

Mrs Reid explains that Yvonne has no problem eating, she is very fond of food, and she has fallen into a good routine.

EDUCATIONAL ISSUES:

Mrs Cooper explained that Yvonne is working well below average and does not appear to be applying herself. She appears to work better when given praise but this does not last. It would appear that Yvonne does not listen to instructions or even deliberately does the opposite. It was acknowledged that she continually asked questions and is very demanding of adult attention. Yvonne does not fit in with her peers. Her work and drawings are very unskilled, she is operating almost at an infant level. It was stated that if she does not fancy doing something, then Yvonne does not do it. An example was given that Yvonne was looking forward to making a mask and at first she enjoyed it, but then when she found it difficult she soon gave up because she had not achieved anything. It was acknowledged that Yvonne has a very short attention span and does not take a pride in her work. Yvonne does not seem to bother about school work and is not keen to do homework.

SOCIAL WORK INVOLVEMENT:

Mr MacKenzie explained he has been trying to get Polepark Family Counselling Service set up and it took a lot longer than he had anticipated. Due to a long waiting list it had taken some time before they were able to act on the referral. Margaret Cooper has now been allocated to work with the family but unfortunately she is not able to be present at the meeting. However, Mr MacKenzie was able to explain that Margaret's work is child-led and could take months. Mr MacKenzie explained that his approach tended to be not to push Yvonne about her abuse. Rather he attempted to visit the foster home regularly updating Yvonne and Mrs Reid about developments. He felt that Yvonne had a positive role model in Mrs Reid and he wished to encourage this. Yvonne struggles to get on with children and also has difficulties talking appropriately with adults.

Mr MacKenzie feels that it is important that he is around to help Yvonne. He is concerned about Yvonne's behaviour at school, particularly with boys. It has to be acknowledged that Yvonne is an extremely troubled youngster. He will have the co-ordinating role of the work of Polepark. Mr MacKenzie will also arrange access visits, transportation and supervision of these visits.

It was acknowledged that Yvonne is not very forthcoming about what happens at Polepark and only tells about what she eats and what she plays with, however Mr MacKenzie explained that Margaret Cooper is expecting to take two or three steps backwards before any real progress is made. It has to be acknowledged that the work with Polepark is going to take many months or longer.

HEALTH ISSUES:

Once again the issue of bed-wetting was raised and the possibility of giving Yvonne a buzzer, however this did not work in the past. This issue needs to be under constant review. Mrs Reid explained that she needs to constantly tell Yvonne to go to the toilet.

Yvonne is now wearing glasses and is otherwise fit and healthy. It was acknowledged that Yvonne has had grommets fitted into her ear in the past. A follow up visit may be necessary and Mrs Reid will check out with the doctor. Mrs Reid feels, however, that Yvonne hears perfectly when she wants to.

PARENTIAL INVOLVEMENT:

It was acknowledged that Yvonne had been offered to go home and meet her parents but there was no pressure on her, and it was only if she wanted to. The Social Work Department was concerned, however, that Yvonne actually did something useful when she did return home.

Mr Donachy has been working with Yvonne's parents and has met them both separately and together. This was in order to find out how they viewed the situation - what was their views on Yvonne's future care. [REDACTED]

[REDACTED] Mr Donachy felt there had been a significant movement and the parents were more open-minded. There is still a dispute, however, as to who the perpetrator of the abuse is. [REDACTED]

[REDACTED] Yvonne is, however, still maintaining that it was the family friend and his young son who occasionally abused her.

Mr Donachy explained that the next major piece of work with the parents was surrounding a situation of when and if Yvonne comes home. Work needs to be done as to what they can do to ensure that she is going to be safe. Her parents clearly stated that they want Yvonne and Stephen home.

[REDACTED]

It was acknowledged that Yvonne had asked to spend more time with her mum and dad than at present which is around two hours. Access is always also difficult due to Mr Murphy's work commitments. Yvonne is expressing interest to see her nieces and nephews.

ACCESS & LEAVE:

At present Yvonne's access is every second Wednesday and she is transported by Sylvia Milne. Yvonne and her parents would welcome an increase in access time which could allow Yvonne to meet other members of the family. It was acknowledged that there had always been at least one parent turned up to the access visit. However, it was accepted that these visits were not very long, particularly as they were going to St Andrews. Yvonne gets out of school about 3pm and is usually returned home about 6.30. It was accepted there was a need to think about the whole access situation. The issue of approaching our local Social Work Department to supervise the access was raised.

However, another possibility was raised. Yvonne could be taken to Dundee by a volunteer driver where she would meet up with her parents. There would be more to do in the Dundee area. It is anticipated that this access would still be fortnightly but could be reviewed.

CONTACT WITH BROTHER:

[redacted] both seem to want contact. The possibility of Stephen and Yvonne having an overnight together in December was discussed. It was agreed that it would be possible to have joint access centred in one of the foster homes. The whole issue of joint access, particularly at the weekends, needs to be discussed with the various foster parents. It was acknowledged that once an arrangement was set up, Yvonne and Stephen could have regular contact with each other as long as they wished.

FUTURE PLANS:

Mr MacKenzie outlined that Yvonne would continue to go to Polepark and no time limit had been set on this work. The work will take place at Yvonne's pace, but he acknowledged we were talking long term, at least lasting several months. Mr MacKenzie explained that it was also feasible that Yvonne could return home and yet could continue to attend the Centre at Polepark. Mr MacKenzie explained that he will carry on seeing Yvonne to carry out statutory visits about every three weeks. Mr MacKenzie explained that the Supervision Requirement was made by the Children's Panel in June 1992 and was due to be reviewed in May 1993. He explained that the parents had the Right to seek a Review now and the social worker can call a Review at any time. Mr MacKenzie, however, stated that he felt Yvonne should stay where she is in the meantime. Mr Donachy agreed to continue his work with Yvonne's parents, particularly looking at Yvonne's future care.

It was acknowledged, however, that it was important for Mrs Reid to know what sort of time scale she was working towards. The placement is OK at present [redacted] it would be helpful to know how long she is likely to be with her. [redacted]

Mrs Innes explained that a decision would need to be made fairly soon as to whether she was going home or going on to stay with another family. Due to Yvonne's age it will soon be difficult to settle down with an alternative family.

It is acknowledged that Yvonne's parents' housing situation is not ideal and they have applied for another house, however he did emphasise that failure to obtain a new house would not stop Yvonne returning home if this was in her best interest. The immediate issue was Yvonne's safety and precaution.

[redacted]

ANY OTHER ISSUES:

[Redacted]

It was acknowledged that Yvonne was asking what the plans were for Christmas.

TASKS:

It was agreed that Mrs Reid would try to offer a reward to Yvonne if she does not wet the bed.

The issue of possible access taking place in Dundee will be explored further and Mrs Innes offered assistance if necessary.

Mrs Reid agreed to check with the GP about Yvonne's grommets and whether a follow up appointment was necessary.

Further discussion is to take place as soon as possible regarding access at Christmas time. The issue of joint access between Stephen and Yvonne will need to be discussed as soon as possible.

Introduction:

Home circumstances have changed for Yvonne. On 26.12.92 her father, Mr Alec Murphy, died of a heart attack. Yvonne attended her father's funeral.

The last Child in Care Review identified several tasks:-

- There has been a marked change regarding Yvonne's enuresis. Up to the time of my last visit towards the end of January Yvonne had not wet the bed for some six weeks.
- Access, particularly between Yvonne and Stephen. None has taken place since the date of the last Review, [redacted]

Joint access between Yvonne, Stephen and their parents did not happen before Mr Murphy's death. [redacted]

[redacted] Mrs McLean now has access to transport (her sister has a car) then the notion of Mrs McLean and Stephen going to have an access period with Yvonne/

2.

Yvonne will be much more practical.

Yvonne:

On my most recent visit to see Yvonne I gained the impression that she was "calmer" than previously. She seemed more relaxed and at ease with herself. Mrs Reid suggested that although Yvonne still makes many demands upon her foster carers she is less demanding than previously. In the same vein Mrs Reid reports that she is not being called up to the school so often in order to address a particular problem. Looking at all of these points, together with the fact that enuresis has significantly reduced, we perhaps see a situation of Yvonne being less disturbed.

Yvonne continues to shy away from play activities with groups of other children. She and Mrs Reid's daughter will spend a long time playing happily together. However when Mrs Reid's daughter is with her own friends Yvonne will draw away from becoming involved.

Summary of Work Done:

I as case responsible social worker have continued to visit the placement and to meet with Yvonne. Sylvia Milne, Family Helper, has continued to take Mrs McLean for fortnightly access visits with Yvonne. The process of assessment in order to decide whether or not the Social Work Department would feel it appropriate to think in terms of rehabilitation remains in the hands of Martin Donachy, Senior Social Worker. Yvonne continues to visit Margaret Cooper, Play Therapist at Polepark Family Counselling Centre every Tuesday afternoon.

Suitability of Placement:

This placement has not been easy for the foster carers nor probably for Yvonne. Yvonne has had to come to terms with a new set of norms and values whilst Mr & Mrs Reid have had to learn how to deal with demanding and challenging behaviour.

School:

Mrs Cooper, Leuchars Primary School, will comment on this at the Child in Care Review.

Health:

There have been no matters of concern since the last Child in Care Review.

Contact with Parent:

As stated above Mrs McLean has continued to visit Yvonne every second Wednesday. The most practical solution to the question of how Mrs McLean could have access with Yvonne and Stephen jointly [redacted]

[redacted] it may be possible for Mrs McLean and Stephen along with Mrs McLean's sister to collect Yvonne on say a Saturday and have a day out together in Dundee.

Future Action:

Now that Mrs McLean has very suddenly been put into the role of a single parent it seems to me that already she is becoming more empowered and able to say what she wants to happen. More so than at any previous time Mrs McLean has made a very firm statement that she is determined to have her children returned into her care. Although further discussions will take place with Mrs McLean it seems clear at this point that she is well aware of the issues that led to her children being in care, and she as a single parent is determined when they are returned to her, to provide proper care and protection.

Summary of Discussion + Goals/Tasks for the Future (Goals to be listed separately)**AGENDA:**

- 1 Yvonne's health, welfare, development and particularly therapy work
- 2 Death of her dad and the impact of that on Yvonne and her mother
- 3 Ongoing issue of contact with Stephen
- 4 Firm planning for the future.

The Chair advised the meeting that Mrs McLean is making a claim for her daughter, Yvonne.

FOSTER CARER'S REPORT:

Mrs Reid explained that with Yvonne things were changing all the time, she can have a good spell and then a bad one but at the moment things were absolutely dreadful. Yvonne has a very bad temper and does not like to be crossed or told to do something she doesn't want to do. At the moment Yvonne is saying she does not want to have anything to do with Polepark or Stephen. She does not want to return to live in Perth again yet wants to see more of her mother, but without Sylvia Milne being there.

Yvonne is eating and sleeping well and there has been only one bed-wetting incident recently.

SCHOOL:**Education:**

Susan Cooper explained that she has no input from Learning Support to help with Yvonne. She is giving Yvonne work at her level. She too is experiencing difficulty with Yvonne's behaviour and is receiving "hate" mail from Yvonne. Last week, however, Yvonne had done a beautiful piece of language work for which she was highly praised by Susan Cooper and given a star. However, Mrs Cooper produced Yvonne's jotter showing an exercise done yesterday which was dreadful.

Yvonne is also having difficulty reading the board because her glasses are broken. Mrs Reid advised that Yvonne had broken them herself but that she was going to see the optician about them today.

Socially:

Susan Cooper advised that the other children in Yvonne's class have tried very hard to make her one of them but Yvonne's always slaps them in the face, sometimes literally. Yvonne has at least one temper tantrum per day and is touching up both boys and girls and is now insisting she is a Lesbian. The children are now split into groups - those who are sorry for Yvonne and those who have now turned against her - and are now fighting one another.

Yvonne had also told Susan Cooper that she did not wish to return to Perth. Before Christmas Yvonne had gone to Susan Cooper and told her that she had just remembered someone else who had abused her.

POLEPARK:

Margaret Cooper feels it is difficult to know how much impact her one hour a week sessions have on Yvonne, but she is working on her expressing feelings and is not surprised that she is angry and is saying she will not return to Polepark. Last week's session had been particularly painful for Yvonne as they had been talking about Yvonne's dad and also about the sexual abuse Yvonne has had in the past. Yvonne spoke a lot about her dad last week and has mixed up feelings towards him and his death. She has a strong sense of protectiveness towards her mum and said she wanted to come home but it would take time.

ISSUES SURROUNDING SEXUAL ABUSE:

[redacted] Yvonne saw her mother as someone who protected her, particular against the one person identified strongly as Misha, a man who lived upstairs. Mr MacKenzie advised that Yvonne remembered Perth as it was last May and that if and when Yvonne was going to stay with mum then a lot of work would have to be done to let Yvonne see things have changed a lot now. Mr MacKenzie considered Mrs McLean as more able now to protect her children than previously.

Mrs McLean has moved to another house across the road from her previous home.

ACCESS WITH STEPHEN:

[redacted] it might be possible for Mrs McLean, her sister and Stephen to collect Yvonne on a Saturday and have a family day out.

FUTURE PLANNING:

The Chair reminded the meeting that a decision had to be made as to whether Yvonne should return to Polepark. Mrs Wright considered that Yvonne was not sufficiently mature or emotionally balanced to make that kind of decision for herself and, therefore, the decision had to be made for her. It was decided that both Mrs McLean and Donald MacKenzie should advise Yvonne that she was going to return to Polepark.

Sylvia Milne, the Family Helper who generally accompanies Mrs McLean on access visit to Yvonne, has been seconded to the Emergency Centre set up to help victims of the recent flooding in Perth, and Moira Ferguson will be taking her place tomorrow. Mrs Milne has, however, built a good relationship with the family and, as the Emergency Centre may remain open for 6/9 months, Mr Donachy agreed to approach Wendy Sethi, Service Manager, in an attempt to have Sylvia Milne made available at least for the Wednesday access.

Mr Donachy raised the possibility of respite for Mr and Mrs Reid. This had occurred previously when Yvonne [redacted] Mrs Reid, however, did not think that respite would be beneficial as it could backfire.

[redacted]

Mr Donachy had been involved in assessing the possibilities of rehabilitation but had not seen Mrs McLean since Christmas. He felt if Mrs McLean, himself and Sylvia Milne could discuss this issue it would be helpful.

With rehabilitation as the aim, it would be necessary to increase access. Mrs Reid advised that it might not always be convenient for access to be arranged at weekends.

The Chair expressed concern at the lack of a plan with the exception of therapy and suggested that the meeting should adjourn. [redacted] thereafter a joint review for Stephen and Yvonne.

TASKS & DECISIONS:

- 1 Donald MacKenzie and Mrs McLean to advise Yvonne she must continue to attend Polepark.
- 2 Martin Donachy to ask Wendy Sethi, Service Manager, to have Sylvia Milne freed to continue her contact with Mrs McLean and Yvonne.

- [redacted]
- 4 The next Review will be held on Tuesday 16 March 1993 at 10.30am and should be a Joint Review for both Stephen and Yvonne. The Chair requested Mrs Cooper of Leuchars Primary School to attend if at all possible.

Introduction:

With reference to the tasks identified at the last Review it is the case that:-

- a) Discussions have taken place with Yvonne regarding the importance of her continuing to attend Polepark.
- b) Sylvia Milne has now been freed up every Wednesday afternoon to continue her contact with Mrs McLean and Yvonne.

Yvonne:

My comments in my report for the meeting on 02.02.93 remain relevant. Yvonne is more relaxed and at ease with herself than she was during her early period in care. In her foster placement however there is evidence of what is akin to mood swings. At one time she can be extremely happy - dancing, joking etc. and at another time she can be very quite, withdrawn and uncommunicative. She continues to avoid group situations with peers but is happy to play on a one to one basis with Mr & Mrs Reid's daughter.

Summary/

Summary of work done:

Martin Donachy and Sylvia Milne have met with Mrs McLean to discuss with her issues of child care and child protection. Yvonne has continued to meet with Margaret Cooper at Polepark Family Counselling Centre every Tuesday afternoon, I have visited Yvonne in her placement. My visits with Yvonne have had the purpose of trying to keep her informed of what is happening overall. It can be seen from what I have just reported that there are a lot of "bits" to Yvonne's case. It is important that all this is drawn together for her in a way that she can understand and make sense of.

In response to a telephone call from Anne Innes, Resource Worker, Charlie Mathers Children's Rights Officer, also became involved in the case. It was felt that the minute of the last meeting had conveyed an impression that because it seemed that Mrs McLean would be more able to protect Yvonne than previously then the Social Work Department might be looking towards returning Yvonne home to Menzies Court. This would clearly be against Yvonne's wishes who whilst wanting to return to live with her mother did not want to live in close proximity to her alleged abuser. Charlie Mathers became involved to ensure that Yvonne's rights in respect of having her views listened to were being respected. He was told that I had always been quite clear that whilst we might feel that Mrs McLean could be capable of protecting Yvonne, living in close proximity to the alleged abuser no effort would be made to rehabilitate Yvonne to the house in Menzies Court if there was any risk that this was going to cause trauma and stress for her.

Placement:

Yvonne continues to say that she is happy staying with Mike and Eleanor Reid in Leuchars.

School:

Mrs Cooper will comment on Yvonne at school at the Review.

Health:

At the time of my last visit to see Yvonne she did have a cold but generally continues to enjoy good health.

Contact with Parent:

Now that Sylvia Milne has been freed up she will be taking Mrs McLean to visit Yvonne every Wednesday afternoon. It is hoped that there will be occasions when Mrs McLean with Stephen be able to go on a Saturday to meet with Yvonne.

Future Action:

- a) I believe that Yvonne will require the specialist counselling service offered by Margaret Cooper for some time to come.
- b) Martin Donachy and Sylvia Milne are and will continue to meet with Mrs McLean for the purposes of discussing issues of child care and child protection.
- c) I will continue to visit Yvonne on a regular basis in order to support her in her foster placement and to ensure that all the various strands of the case are held together for her in a way which she can understand.
- d) [redacted] if Yvonne is not back living with her mother by that time then another foster placement will be required.
- e) I have again contacted Perth & Kinross-Housing Department regarding Mrs McLean's housing situation. I have pointed out to them that the possibility exists that the issue of alternative housing could become a block to Yvonne's return home.

Summary of Discussion + Goals/Tasks for the Future (Goals to be listed separately)

The Chair explained that this Review had been convened because recent events had changed the picture of Yvonne and, particularly things were moving in a more positive direction.

AGENDA:

1 To look at how things were going for Yvonne

3 To look at Yvonne's situation. Mr Mathers is representing her at this meeting as concern had been expressed that her feelings were not being heard.

Access with Yvonne:

Stephen has not seen much of Yvonne recently because of difficulties with transport. Mrs Murphy sees Yvonne during the week on a Wednesday but this would not be suitable for Stephen. Mrs Innes suggested that perhaps it might be easier for them to meet up in Dundee and was sure Mr Reid would not object to driving Yvonne to Dundee for this if the time was suitable. It was agreed that the Social Work Department would bear the cost involved in these visits.

YVONNE:

Mr MacKenzie advised that Yvonne's situation in her foster placement remained very much the same as at the last Review. There are times when Yvonne and her carer find it difficult, but Mrs Reid now knows Yvonne well and knows how to handle her. Yvonne has said that she likes being there just now. She does want to be home but not while the man who abused her still lives in the area. Yvonne is still attending Polepark Family Counselling Service every week to meet Margaret Cooper, the Play Therapist.

School:

Mrs Cooper advised that the school situation had improved slightly. Yvonne's work had progressed to the stage where she was now taking two steps forward and one back. Mrs Cooper felt that Yvonne's attitude to the other girls in her class had improved but she still had great difficulty with the boys. Yvonne has not had an outburst at the school for a while.

Since the last Review Yvonne has given her a note of the names of four people who have abused her and these would be given to Mr MacKenzie.

Mrs Murphy advised that Yvonne had said that although Yvonne has stopped bullying, people are still bullying her but Yvonne also said that Mrs Marshall her Outreach Teacher was a big help.

Contact with Mother:

Mr MacKenzie advised that Sylvia Milne, Family Helper, had been released from her new post on Wednesday afternoons and she took Mrs Murphy through to see Yvonne every week.

Mr Donachy said there were still issues around how to ensure Yvonne's safety should she return to Perth. Mrs Murphy's new flat is still within sight of Yvonne's identified abuser's home and it is believed that possibly Yvonne has been abused by three or four others. Mrs Murphy herself has changed considerably since Christmas and is now much more in control but there are still high risks around for Yvonne.

Mr Mathers stated that Yvonne had asked him to say that she wanted to be at home with her mother but believes she could only do that if either her mum moved to another neighbourhood or the man in question moved.

[REDACTED] Mr MacKenzie reported that he had again written to the Housing Department advising that Yvonne's return home could be blocked by this situation. Mrs Wright suggested that perhaps more pressure could be brought to bear by Senior Management [REDACTED]

A fresh element has been introduced in that Yvonne's present carer has advised that caring for Yvonne is placing a strain on her family's life and has asked that Yvonne be moved before the summer holidays. Mr Mathers advised that Yvonne is very happy with her placement at the moment. She is feeling reasonably settled although she wants to come home. Yvonne finds Leuchars very small and looks forward to returning to Perth.

[REDACTED] The possibility of Mainstay was raised but was not felt to be suitable for Yvonne. Mrs Simpson said that in the past the possibility of Yvonne being referred to Barnardo's Special Families had been raised and she was advised that this option would certainly be considered.

It was felt to be in Yvonne's best interests that she should not be advised of the possibility of moving to another placement at present.

Mr Donachy felt that as Yvonne was now 11 years old she should be given the opportunity of attending her Reviews and it was agreed that this would depend on what was in Yvonne's best interests but there was certainly no reason why Yvonne could not be present for at least part of her next Review.

MAIN POINTS

1 Three main areas of work planned so far/on-going:

- 1 Margaret's individual work with Yvonne
- 2 assessment/monitoring regarding Stephen's return home
- 3 Martin Donachy's work with Tam as Yvonne's mother/
potential as her main carer, [redacted]
[redacted]

Information from 1, 2 and 3 will help towards an
assessment for rehabilitation of Yvonne, home to Tam's
care.

4

[redacted] it was decided that Margaret would start
to have links with Tam.

Proposed programme:

Margaret to continue individual sessions with Yvonne,
weekly with Tam joining Yvonne and Margaret for feedback
and discussion every fourth session.

2

5 Yvonne's progress. Margaret reported that Yvonne can distinguish privacy from secrecy.

School have reported some movement in that Yvonne is saying less inappropriate things.

Yvonne is beginning to address the issue of Mum letting her down.

Yvonne no longer needs to be powerful in her sessions with Margaret; she is now more appropriately assertive.

Yvonne has been carrying a lot, which she is working out through play, eg the medical examination.

6 We discussed thinking in terms of a continuum, ie

very unsafe	very safe
for Yvonne	for Yvonne
to be home	to be home
with Tam	with Tam

Workers need to communicate regularly and continually discuss and agree where on the continuum is Tam in terms of providing a safe home for Yvonne and how far along the continuum do Tam and Yvonne have to be, before we are prepared to risk returning Yvonne home.

7 Two important planning/decision making forums coming up: child protection review - 20 April and in care review - 18 May, at Colonsay.

8 Yvonne is clear that "people not houses are important in keeping safe".

9 Difficulties regarding "rules" for Yvonne re drinks and food at Polepark were aired.

3. **FREQUENCY OF VISITS SINCE LAST CASE CONFERENCE**
[State whether child(ren) seen and by whom]

In addition to my own contact with Yvonne, Ms Cooper, Polepark FCC has has weekly contact with Yvonne. Mrs Milne, apart from a 2 week period of absence, has also had regular contact when facilitating access between Yvonne and her mother. This access is now taking place on a weekly basis. My contact with Yvonne has not been as frequent as it was prior to Yvonne starting her weekly visits to Polepark FCC. At the moment I am working to a plan to visit Yvonne once every three weeks.

4. ANY IMPORTANT DEVELOPMENTS SINCE LAST CASE CONFERENCE?

[Attach continuation sheets, if necessary]

As already reported on this form, Yvonne's father died on 26.12.92. This was very sudden and totally unexpected. Yvonne subsequently attended her father's funeral.

This event has changed the situation for Yvonne. [REDACTED]

[REDACTED] Mrs McLean is rapidly acquiring the confidence to make her views known. She is, very firmly, claiming Yvonne as her child and is determined to work towards Yvonne's return home. [REDACTED]

[REDACTED] Mrs McLean is now able to think and talk about the very complex nature of child sexual abuse, and now better able to make sense of Yvonne's often confused and concerning words and behaviour.

Mrs McLean is taking on board all that has and is being said about her role and responsibility in protecting Yvonne. This work has led us to a view that Yvonne's return home may not be so far in the future [REDACTED]

[REDACTED] However, a major block could be the matter of housing.

Yvonne is adamant, and has the support of her mother, in stating that whilst she would like to be home there is no way she can return so long as the perpetrator of child sexual abuse lives so close to the McLean family home. Mrs McLean is attempting to be rehoused outwith Fairfield. By way of supporting her I have passed information to our Assistant Director who has agreed to contact the housing department at a corresponding management level. The outcome of this contact is awaited.

[REDACTED]

5. STATE CLEARLY IF YOU RECOMMEND THAT CHILD(REN)'S NAME(S) SHOULD REMAIN ON REGISTER AND WHY. IF DE-REGISTRATION RECOMMENDED ALSO STATE WHY.

Should Child(ren)'s name(s) remain on Register? (Y/N): NO

State Reasons why:

Yvonne remains in foster care. At this moment in time all reasonable steps have been taken to ensure, as far as is possible, that Yvonne is protected.

Only when I felt that risk was reduced to an acceptably low level could I recommend that Yvonne be returned home. I would not, therefore, envisage Yvonne returning to a high-risk environment.

For these reasons I recommend that Yvonne's name be removed from the Child Protection Register.

POLEPARK FAMILY COUNSELLING CENTRE

SUMMARY OF WORK WITH YVONNE McLEAN

My individual work with Yvonne is continuing on a one hour per week basis, with a break over the recent school holidays.

Yvonne appears to have settled into the routine of our sessions. She presents as much more relaxed, has better eye contact, body image and seems more confident and genuine in her interactions with others while in Polepark.

Yvonne is more relaxed in her play. She shows more ability to play in a child like way, with puppets, imaginative and messy play. Only at times when Yvonne feels threatened will she instigate play where she has to have the dominant, powerful role. Yvonne is becoming more able to assert herself without being exceptionally domineering and controlling.

Yvonne's sense of self worth and self image appears to be improving. We are working on building Yvonne's self awareness to allow her to become more at ease with herself and in turn be more able to relate to her peer group and build relationships in a healthy way.

A particular issue that Yvonne has shown she was confused and anxious about was her feelings of being damaged and "not normal" following the sexual abuse and subsequent medical examinations. Yvonne thought of the medicals as "operations" because there was something wrong with her and has had fears that she "might open up and bleed to death". At a time when Yvonne approaches puberty these anxieties seemed very real and upsetting.

Yvonne has worked through much of this in our sessions and appears to be less anxious and clearer in the after effects for children who have been sexually abused, the reason for and the probable findings of the medicals. However, as Yvonne learns more about ordinary sexual development in school and at home she will need continued support to make sense of things and help with the fact that she has had abusive sexual experiences different from most of her peer group.

Yvonne is gradually trying to sort out what is appropriate behaviour for an 11 year old. She cannot as yet put her abusive experiences behind her but is showing signs of more appropriate behaviour and some idea of privacy and boundaries as she tries to come to terms with her past. It is very early days however and Yvonne will have to continually cope with things that trigger memories and will at times show demanding, testing behaviour.

Yvonne has lots of thoughts going round in her head and talks of her "sad thoughts" of her father and indicates a strong protectiveness towards her mother. Yvonne seems pleased that Stephen is moving home but states firmly that she does not want to go until Mum moves house, away from the abuser.

I think a change in house is important, however feel that it represents the wider issue for Yvonne of her protection and a desire for a change from the past. I think Yvonne needs to be sure that her mother fully believes what happened to Yvonne, that it was not Yvonne's fault and that Tam will be understanding and help protect Yvonne in the future.

Dear Sir/Madam

Mrs T McLean, 3b Menzies Court, Fairfield, Perth

The above has, I believe, made an application to yourselves for re-housing.

I am the social worker with case responsibility for Mrs McLean's & Mr Murphy's three children

The younger two children are presently in foster care. I would support Mrs McLean's application for re-housing.

The youngest child, a girl, was removed from the home under a place of safety order on 13.05.92. One important element in any plan to rehabilitate the child would be that she was properly protected from a named adult male who lives very close to the present family home. Mrs McLean and Mr Murphy have co-operated fully with the plans of this department so far and it is to their credit that their response to the removal of their child has been to seek a house away from the Fairfield area.

A new home, out of Fairfield, does not of itself mean the child will return home immediately. It does mean that the adults with rights and responsibilities in respect of the child are now beginning to address these responsibilities.

Yours faithfully

Yvonne McLean: Notification by present carers of
termination of placement

I would say, on balance, that rehabilitation is unlikely before that time. This will, unfortunately, leave us in the position of requiring another placement.

Perhaps we could take about this at your convenience.

Dear Mr Mackenzie

Thank you for the invitation to attend a review case conference regarding Yvonne Murphy McLean (d.o.b. 10 03 82).

I do not feel that my presence at the review would be of any benefit as I have only ever met Yvonne through routine hygiene inspections at school and was not aware that she had any problems.

Yours sincerely

It is most likely that rehabilitation home would not be tenable at that point in time. On this basis an alternative placement for Yvonne needs to be identified as a matter of urgency.

An in care review is scheduled for 10.30am Tuesday 18 May 1993 at Colonsay Resource Centre. Attendance by a member of the Resource Team at this review would be of great assistance in making future plans for Yvonne.

Thank you for your help.

FROM: Donald J MacKenzie Social Worker Dunkeld Road Resource

OUR REF: DMACK/JDN

YOUR REF:

DATE: 19 May 1993

SUBJECT: Yvonne McLean - Request for a Review Hearing in terms of
Section 48(2) Social Work (Scotland) Act 1968

In accordance with the above sub section of the Act I would be grateful if you would arrange a Children's Hearing for the purposes of reviewing Yvonne's existing supervision requirement.

Yvonne's current foster carers have given notice that they will be unable to care for Yvonne beyond the end of the school term which is at the end of June 1993. The circumstances of Yvonne's case are such that I am unable to recommend that Yvonne should return home at this time. It is necessary therefore that an alternative foster placement is arranged for Yvonne.

My purpose in seeking the Review therefore will be to recommend to a Children's Hearing that the existing supervision requirement be varied to allow Yvonne to reside in a foster placement which I will make known to the Hearing at the time of the Review.

Yvonne McLean

Further to previous memos on the subject of Yvonne's placement and the fact that her present carers in Lauchars have given notice that they would wish the placement to end at the end of this current school term, I have made a referral to Mainstay, as I believe you suggested to Martin Donachy.

Mainstay staff advise me that they will not be in apposition to offer a placement in the foreseeable future.

The need for a placement, therefore, remains. Your help in this matter is, therefore, sought.

A Children's Hearing to consider Yvonne's future is scheduled for 22.06.93.

Dear Sir/Madam

Yvonne McLean dob 10.03.82
Place of birth - Royal Infirmary, Perth

The above child is currently in the care of this department in terms of S44 (1)(a), Social Work (Scotland) Act 1968, and lives with foster carers.

Both for the child's own sake and to enable me to process an application to the Criminal Injuries Compensation Board, I wish to obtain a copy of the full birth certificate. A cheque for £8 is enclosed.

I would be grateful if the certificate could be sent to me at your earliest convenience.

Yours faithfully

4.10.94 HV to Helen Lewis	For introductions with George Le Blanc. Discussion mainly took place around access and transport.
4.10.94 HV to Tam McLean	To discuss access and assess Tam's ability to protect Yvonne on these visits. [REDACTED]
5.10.94 TC from H Lewis	Advising me that I should perhaps postpone my proposed visit as she and Yvonne have had a confrontation which resulted in Yvonne breaking her bedroom window. Agreed to visit next day.
6.10.94 HV	[REDACTED] I then took Yvonne out to visit her mother who unfortunately was out. Yvonne's sister, Karen, spotted us and invited us to her house where we spent some time. She was obviously fond of Yvonne and they appeared to relate well to each other. Karen did feel that Yvonne needs to act more grown up at times but agreed that at other times she is like an old woman and old fashioned. Karen stated that Yvonne is welcome in her home any time and said that she sees her nearly every week when visiting her mother. Reinforced that all adults concerned in the care of Yvonne have to be aware of her vulnerability and the need for her to be supervised on access visits. Returned to Colonsay with Yvonne and spent time getting to know her.

Met up with Yvonne at Colonsay. Very chatty and interested in everything about me. Spent the evening at the pictures. Very well mannered and loved the film "Lion King". Taken to McDonalds for tea about 7-45pm. Banged into Ann Woods (social worker) while there. Ate very well, chatted all night about herself and her brother Steve. Wanted to hurry things up so we could go somewhere else but I said if we did anything else tonight it wouldn't leave us much to do the next night out. She saw the point and then forgot about making an. Left to go home around 8-40pm. Chatted all the way home. Dropped off at 9pm. Said she had a lovely time and was looking forward to next week.

10/11/94

Met up with Yvonne @ Colonsay. Wanted to go to pictures again so we did. Had her tea @ McDonalds then we went shopping round Asda's. Yvonne walked away from me while I was at the checkout and said she was going out for fresh-air. When I caught up with her she was standing between the two rotating doors. As I was coming through the doors she lifted up her skirt and was pulling at her underpants as though she was going to urinate. She got a fright when I came out behind her and when asked what she was doing she said she was just hiding from me, she was very embarrassed. She then said she needed to go to the bathroom and I showed her the way. On the way home in the car she was very quiet. While driving through the town Yvonne tried to pull on the hand brake. I gave her a row and explained that she could have caused us to crash doing something like that.

10/11/94 Yvonne Mclean.

I don't think she realised what the effect of pulling up the hand brake would do. She said sorry then she sang a song all the way home. Dropped off at 9.02pm.

Picked up Yvonne from Colarney at 5pm. Went up to Nimmo for half an hour to get some money for swimming. Went into swimming baths. Yvonne really enjoyed her swim.

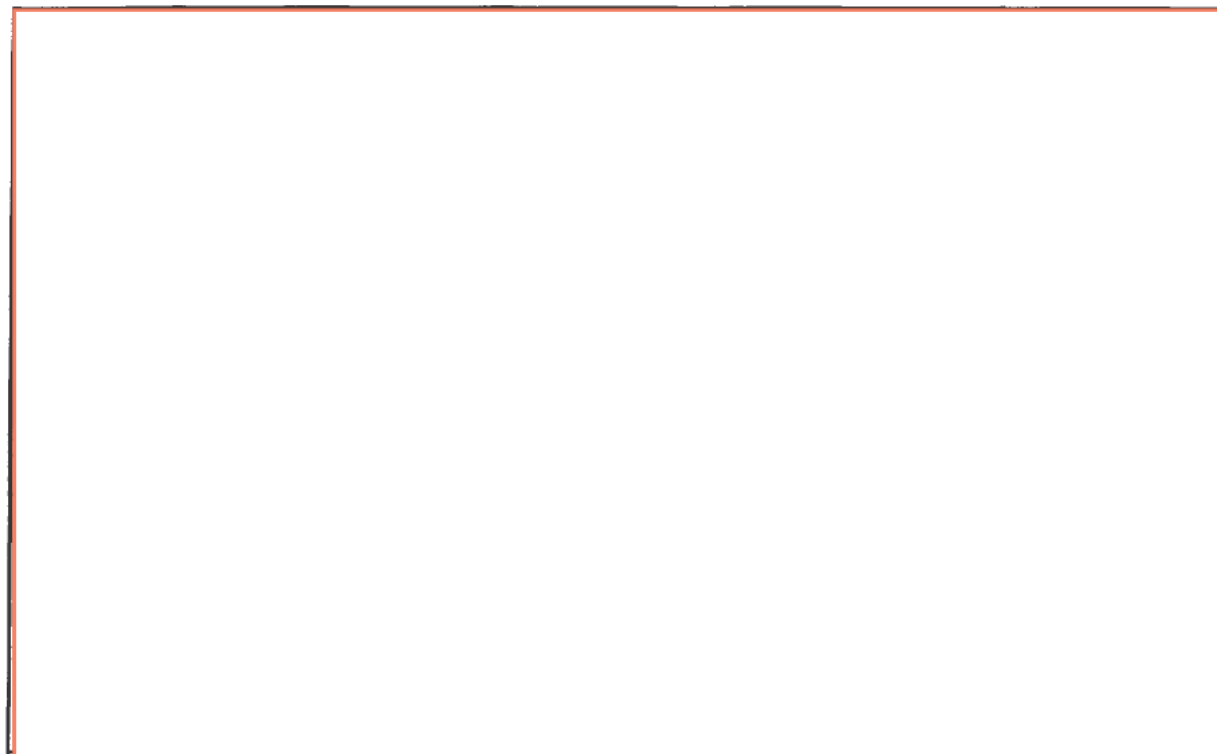

After the swim I took Yvonne up to McDonalds for her tea. Eat her usual amount. Very chatty and telling me all about a boy at school who gave her three daddles today. Returned back to Nimmo to hand in receipts then drive Yvonne home. Dropped off at 9pm.

<p>19.1.95 Meeting with Mrs McLean</p>	<p>Informed her of respite dates and clarified that access was going well. <p>9.5.95 TC to H Lewis [redacted]</p>	<p>To check on weekend visit. Helen said that visit had seemingly gone well. <p>9.5.95 TC from G Carr [redacted]</p>	<p>Message left. "Yvonne in his office. She isn't happy at the moment. Needs things sorted out with Helen Lewis." Phoned back - not available.</p>
<p>11.5.95 Core Group [redacted]</p>	<p>See Minute. Yvonne seemed quite angry after this meeting - anger directed at Helen. Helen took Margaret Cooper to bus station with Yvonne.</p>
<p>12.5.95 TC to M Cooper [redacted]</p>	<p>To enquire how journey to station had gone with Helen and Yvonne. Margaret gave example of how dogs were making a racket in the car and how Helen is so tolerant of them yet so intolerant of Yvonne's behaviour. Yvonne had apparently talked about a boy at school who picked his nose and Helen had said "there are <u>worse</u> habits than that, aren't there, Yvonne", referring again to Yvonne having soiled toilet paper in her room. Margaret felt Helen made other "snidey" remarks [redacted]</p>
<p>15.5.95 TC to H Lewis [redacted]</p>	<p>To check on situation over weekend. Helen said there had been no reported problems with Yvonne's access and she had returned in a good mood. <p>18.5.95 Meeting with Yvonne</p>	<p>Took Yvonne to town to purchase trainers. Yvonne very cost conscious and chose fairly cheap trainers. Discussed weekend and overnight access and Yvonne said everything was going well. She said she is mostly with her mother but visits her sister Karen as well. Tammy (niece) had stayed with them over the weekend and Yvonne complained of her kicking in bed. Yvonne seemed happy and relaxed during our time together but became visibly quieter on the road to Glenfarg trying several delaying tactics to spend more time with me. On discussing the placement Yvonne said that her and Helen were getting on alright but did admit to not keeping her room tidy which gets her into trouble.</p>
<p>19.5.95 Meeting with Dr Field</p>	<p>With Helen Lewis. Gave Dr Field typed sheet prepared by Helen outlining how she saw Yvonne and her behaviour (see file). Updated Dr Field on care plan for Yvonne and he felt that we should go on increasing access and return her home. He acknowledged that there would likely be some problems around school/hygiene with perhaps not the same input to these issues from parents. Dr Field said he would be willing to discuss further and if felt necessary do an assessment re ADD when Yvonne was at home.</p>
<p>22.5.95 TC to H Lewis</p>	<p>To check on situation over weekend. This had again gone well. Yvonne had again been returned by Uncle Dave and Aunt Jessie.</p>

6.6.95 T.C. to Helen	<p>To check on arrangements for Yvonne as Helen will be at meeting next day. Agreed to get Liz Robb, S.W.A. to uplift her from PHS and bring to Colonsay. Yvonne has stated she does not wish to attend in care review.</p> <p>Tam & Jamie returned Yvonne after the weekend and reported no problems. Helen did state that Yvonne had fallen asleep on the chair at 6.30 on Sunday when returned home saying to Helen that she was tired. Apparently Yvonne was at her aunt's home on Saturday while Tam at the bingo and then the adults had spoken on Tam's return home meaning Yvonne did not go to bed until 12. Helen said that Yvonne not taking advice re bathing saying she does not do this at home. Agreed to check this out with Tam. Yvonne left for school this morning "in a huff" reason unknown - without breakfast and with no packed lunch. She did not take bus fares. Helen also said that her blouse was dirty and hair uncombed, but she chose to ignore this rather than confront. It would seem Yvonne is now more friendly [redacted] at school. Agreed to phone Miss Hutchison re mix up between Yvonne and Helen about I.C. Review.</p>
6.6.95 (later) T.C. to Miss Hutchison	<p>Asked her to pass on to Yvonne to go straight to her mothers from school - I.C. review next day. Miss Hutchison said she has had no feedback re Yvonne's behaviour since incident whereby she told staff she was threatened with knife by her brother. Clarified that this was not the case but there had been an incident between Stephen and Christopher which was stopped when Yvonne became upset.</p>
6.6.95 T.C. from Margt Cooper	<p>Gave apologies - she will not manage IC Review. Reported Yvonne doing well in group and getting on with all members. She has paired up [redacted] who is quite outgoing which Margaret feels is quite positive. Yvonne was anxious about Margaret saying she was in care although this had been discussed with Margaret earlier. Margaret feels Yvonne is uncomfortable with this and needs a "cover story" as when asked why she either stammers or withdraws. Group are thinking of helping Yvonne with this in some way. Issue discussed last week was "families" and it was noted Yvonne was uncomfortable with this. When doing an exercise Yvonne found it difficult to describe her family and put them on separate pieces of paper.</p>
7.6.95 In-Care Review	<p>See Minute.</p>
8.6.95 Meeting with Yvonne	<p>To transport to Polepark. Gave Yvonne information from In-Care Review and the plan to increase access with a view to a return home. Yvonne said she was happy and seemed genuinely pleased.</p>

12.6.95 Meeting with Mrs McLean	Weekend had been problem free. Stephen had taken Yvonne to the swimming baths which she had seemed to enjoy. Yvonne was returned home by Jamie and Tam.
16.6.95 T.C. from Helen	To advise that Yvonne's Aunt Jessie had phoned her to say Yvonne had left school without informing staff and arrived home. Mrs McLean was out and Yvonne had gone to her aunt's home. Yvonne said to her aunt that she had a chest infection, although Helen felt this was not the case and that she merely had a cold.
16.6.95 (later) T.C. to Aunt Jessie	Yvonne had left her home to go visiting with her mother. Jessie said she had been no problem but felt she had probably fallen out with someone at school and this is why she had left.
16.6.95 (later) Visit to Colonsay by Tam and Jamie	To ask what the situation was with Yvonne as they had been told by sister Lammie on returning to Fairfield that Yvonne had left school. They immediately thought she may be at Tam's cousin Linda's home. On phoning there, Tam discovered that Yvonne had been there but left with Linda to go to school sports. Advised Tam of above and that Yvonne needed to be reminded of the risks involved leaving school. Jamie especially was very angry and both were worried about possible consequences of such behaviour although were pleased she had the sense to go to Linda's where they felt she would be safe. Tam and Jamie said that their intention would be to sanction Yvonne in some way, ie either not be allowed to attend BBQ with Girl's Brigade or the swimming on Saturday.
16.6.95 (later) T.C. to Helan	To advise of above. Helen said that Yvonne is to report to Mrs Mendelssohn on Monday and I asked Helen to try to speak to Tam when returning Yvonne to make sure everyone was giving consistant messages to her.
19.6.95 T.C. to Helen	To discuss situation over the weekend. Helen reported that Yvonne had been quite hostile on her return and although she had only spent a short time with her - Helen stated she had around 25 mins with Yvonne [redacted]. She added that Yvonne refused to wash before going to school and took no breakfast. It would appear that Yvonne is spending more and more time in her room and I felt Helen was quite negative about Yvonne.
20.6.95 H.V. to Helen	At her mother's home. Spoke to Yvonne on her own and she immediately said she was fed up being given a row for leaving school. She had been told off by Helen, her mother and school and although I said I would not be getting on to her I let her know that I agreed with the other adults. Yvonne said she would not do this again and was made aware how worried people were about her. Yvonne had gone to the BBQ with the Girl's Brigade but was not allowed swimming and I encouraged Tam to continue providing Yvonne with firm boundaries giving appropriate chastisement when necessary.
21.6.95 H.V. to Helen	Discussed placement and how to proceed with access with a view to a return home for Yvonne. We both felt that increased time at home during the school holidays would allow us to identify potential problems.
23.6.95	Case file read by Joyce Thewlis.
26.6.95 T.C. to Helen	Helen reported that Yvonne had a good weekend at home. She had told Helen that she had spent a night at sister Karen's home.

<p>27.6.95 Visit to Colonsay by Tam and Jamie</p>	<p>Spoke to Tam about yvonne staying overnights with anyone other than herself pointing out that this should not happen until Yvonne has been to a Hearing and her order changed. Tam and Jamie appeared to understand this explaining that it was Yvonne who wanted to stay at Karen's, whom she gets on well with. There are no male adults in this home. Tam said that Yvonne does not bring any clothes with her and commended on her personal hygiene saying she needs to be constantly reminded to wash.</p>
<p>6.7.95 Meeting with Yvonne at Glenfarg</p>	<p>Discussed access arrangements and it was agreed that Yvonne would go to her mother on Friday (7.7.95) as agreed and stay on to go to the caravan at Leven remaining at home after this break for a further two weeks. Yvonne will also go on an outing with Colonsay while at home and attend the last session of the Polepark Group which will be a BBQ at St Andrews with transport arranged by Polepark and financed by SWD transporting her from Leven while at the caravan.</p>
<p>11.7.95 H.V. to Yvonne at her mother's home</p>	<p>No problems reported and I spoke to Yvonne on her own who confirmed that access was going well and that she felt safe. She has been spending some time visiting relatives with her mother which she finds "boring" but enjoying spending time with her nieces. Updated Tam on arrangements re transport to Polepark group confirming that she will be returned around 7pm by a Polepark worker. Also asked her to sign consent form for Colonsay trip and handed over financial assistance to cover expenses incurred as Tam does not receive benefits for Yvonne. Tam proudly told me they have had a shower put in to encourage Yvonne to keep clean.</p>
<p>14.7.95 T.C. from Margt Cooper, Polepark</p>	<p>Margaret passing on that Yvonne had slightly soiled her pants and complained of some discomfort down the bottom of her stomach which she said she has had for 2 weeks. She also said it was hot when passing urine and as Yvonne was unsure if she would be able to tell Helen she agreed to Margaret telling me.</p>
<p>14.7.95</p>	<p>Case file read by Joyce Thewlis.</p>
<p>17.7.95 Visit to Colonsay by Tam and Jamie</p>	<p>Updated me on incident involving Stephen over the weekend which resulted in them phoning Helen Lewis to ask if Yvonne could return. Helen had agreed and Yvonne returned to Glenfarg on Saturday. Tam said that they had all enjoyed their days away at Leven returning to Perth on Friday 14.7.95.</p>

<p>17.7.95 (later) T.C. to Helen Lewis</p>	<p>Helen explained that Tam and Jamie brought Yvonne home on Saturday 15.7.95 as she was unable to collect her. Yvonne was now saying she did not wish to go home as long as Stephen was living there. Agreed to pick up Yvonne next day for trip with Colonsay. Passed on Margaret Cooper's concern that Yvonne may have urine infection. Helen was aware of this and had checked this out with Yvonne adding that she would keep an eye on this but put this down to Yvonne's habit of not going to the toilet straight away.</p>
<p>18.7.95 H.V. to Glenfarg to pick up Yvonne</p>	<p>Returned Yvonne to Glenfarg after what seemed to be an enjoyable outing. Discussed the present situation and I felt that Yvonne had not realised the implications of saying she would not return while Stephen was at home. Yvonne seemed to think that by saying this Stephen would be removed from home leaving the way clear for her to return. I did not feel Yvonne was as distressed as first thought about Stephen's behaviour and she agreed that she went into the room when Stephen was acting out even although he told her to leave and she had plenty opportunity to do this. Emphasised to Yvonne that should she not wish to return to Fairfield for access, arrangements would be made for her to see her mother at other locations and I would endeavour to set alternative access up as soon as possible. Although Yvonne was agreeable to this suggestion she began to withdraw her earlier statements about not returning to Fairfield stating that as long as Stephen was "told" she would return. Yvonne seemed to get mixed up at this point and became angry going quiet and not entering into any meaningful discussion to try to resolve the situation. I asked her to write down how she felt if she found this easier and left her agreeing to set up access with her mother next day.</p>
<p>19.7.95 Visit to Colonsay by Tam and Jamie</p>	<p>To discuss access. Jamie suggested that Yvonne would be welcome at his mother's home and they could meet with her there over the weekend. They were also agreeable to having access at Colonsay or any other suitable location although Tam was not keen to visit at Glenfarg where she is wary of Helen's dogs. Finally agreed to have a meal together at Colonsay next day at 5.30pm. Tam and Jamie repeated that they still want Yvonne to return home but obviously Stephen's behaviour could have an effect on this as far as Yvonne is concerned.</p>
<p>19.7.95 (later) T.C. from Helen at home (7.30)</p>	<p>Helen asked me to visit as Yvonne had taken a knife to her. Agreed to visit immediately although Helen did not feel she was in danger.</p>
<p>19.7.95 Home Visit</p>	<p>On arrival Yvonne and Helen were both sitting in the living room/kitchen watching TV with the pasting table still lying in the middle of the floor obviously having been knocked over. Helen asked Yvonne to explain to me what had happened but she was reluctant to speak. Helen went on to say that Yvonne had been in a mood all day and around tea time Helen had been trying to talk to Yvonne about the present situation regarding visits to her mother. Yvonne had become angry and abusive and went across to the sink to pick up a knife which she held in front of her but did not approach Helen.</p>

<p>19.7.95 (contd) Home Visit</p>	<p>Helen was alarmed at this and picked up a stick to protect herself which she had been using while decorating. She then approached Yvonne and Yvonne handed over the knife to her. Yvonne then pushed past Helen knocking her into the pasting table with Yvonne landing on the seat and kicking out. Helen said she was afraid that there was going to be more violence and removed Yvonne's spectacles while Yvonne was kicking and she was hit on the leg. This situation appeared to then die down [redacted]</p> <p>[redacted]</p> <p>Yvonne agreed with Helen's version of events but was quite defiant and admitted to being unrepentant. In view of the situation, I felt it necessary to contact [redacted] George Le Blanc [redacted]</p> <p>[redacted]</p> <p>When George arrived, I took Yvonne upstairs. Her room was very untidy and together we started to clear up giving Yvonne an opportunity to talk about her feelings. Yvonne said that she hated being with helen and wished the placement to end stating that she wanted to go home. She was clear that Stephen was still at home, but now feeling that she could cope talking about going to her room if she was aware Stephen was about to "blow". she confirmed that Stephen never threatened her and agreed that she did not think this would happen saying she was really more frightened for her mother's safety. She also said that as long as Jamie is there there is no problem as he can handle Stephen. After further discussion between Helen, George, Yvonne and myself, it was agreed that the placement had come to an end. Yvonne was agreeable to remaining at Helen's until next day and helen stated that this would be in order if in Yvonne's best interests checking out with helen that she did not feel in any danger and able to handle the situation.</p>
<p>20.7.95 Discussion at Seniors Meeting</p>	<p>It was not possible to make contact with Tam until she visited Colonsay for access at 5.30pm as planned earlier. It was agreed that I would speak with Tam and Jamie and again check out with Yvonne if home would be an option still open and if so Yvonne would return home with a request to the Reporter for a Hearing.</p>
<p>20.7.95 (later) Meeting at Colonsay</p>	<p>Asked Hilary Wright, CARO, to chair an informal meeting between Helen Lewis, Yvonne, George Le Blanc and myself to go over the current situation and try to go over the current situation and try to end the placement on a more positive footing.</p> <p>Helen appeared upset at this meeting but on checking this out she said she was upset at having to leave her hen whom she thought was dying! There was no warmth between Helen and Yvonne and neither seemed perturbed that the placement had come to an end.</p> <p>Yvonne however was anxious in case she was not allowed to go home or her mother was unable to have her and was quieter than usual.</p> <p>Yvonne's belongings were brought to Colonsay in a black bag. Yvonne told me she commented to helen that "foster mothers were supposed to help children pack". Helen had refused to help saying "you don't want me to be your foster mother".</p>

20.7.95 (contd)	On checking over Yvonne's belongings there was no underwear or toiletries although Helen told me that Yvonne had started her first period that morning.
20.7.95 (later) Visit to Colonsay by Tam and Jamie	Explained what had occurred over the last 24 hours and without me putting the question to them both, Jamie and Tam asked if that meant Yvonne could go home with them. There was no hesitation from them and Tam felt confident that she could cope with Yvonne and was clear what was expected of her as regards keeping Yvonne safe. I then spoke with Yvonne who brightened up considerably seeming relieved that she was being "claimed". Jamie, Tam, Yvonne and I then went for a meal which was very relaxed with Jamie, Tam and Yvonne communicating well with each other.
21.7.95 H.V.	No problems reported although Yvonne told me that her mother had spoken to Stephen about her not wanting to return because of him. She felt this had been the wrong way to deal with it as she wanted to speak to Stephen herself. However, there were no difficulties between her and Stephen and Yvonne pleased to be home but aware that it will be the Panel's decision if she can remain.
24.7.95 Visit to Colonsay by Tam and Jamie	Yvonne did not want to visit as she is at the swimming baths with her cousin. Went over outline of my report to the Hearing and informed them that there would be a Hearing next day.
25.7.95 Emergency Child Hearing	Yvonne said little at the Hearing as she was not having walked down to the Hearing and not used to walking. Panel's decision was to continue Hearing for 6 weeks with Yvonne remaining at home. Yvonne pleased to be going home but disappointed to realise that she has to return to a Panel.
27.7.95 Visit to Colonsay by Tam and Jamie	[redacted] Yvonne did not wish to come to Colonsay and is going swimming later. She has also made friends with a YP in Grampian Court known to Tam and this appears to be a positive move.
28.7.95 Visit to Colonsay by Jamie	[redacted] No problems reported and Yvonne with Tam at her aunts.
[redacted]	
31.7.95 (later) Visit	To Yvonne to tell her about trip to Time Capsule. She was keen to go and Tam signed consent forms.
1.8.95 Visit	Picked Yvonne up for trip. She seemed unenthusiastic but stated she was looking forward to going although commented she has been swimming a lot lately. When returning from trip, Yvonne was dropped off in Crieff Rd and as a message had been left for me from Tam to say she might be late home, I made a visit to check. Met Jamie on way into Fairfield and he confirmed Yvonne home safe and well having seemed to enjoy her day.

<p>30.8.95 HV to Yvonne</p>	<p>Took Yvonne out for tea and then to Colonsay. Yvonne seemed at ease and stated she was happy at home. Working with the flip chart we did some work around the good things about being home. Yvonne said that the best thing about being home is being able to go out to play and speak to her mother. We discussed Jamie's presence in the house and Yvonne said she liked him but did wonder if he was not there if Chris and Stephen would be able to return. She added that she feels safe when Jamie is around as he can protect her mother from her brothers. Yvonne had seen Stephen in the street and spoken to him but there were no problems.</p>
<p></p>	<p>Yvonne seemed happier about school and now goes to school dinners where she said she has made friends with some first year pupils. There was no reported bullying. When I specifically asked about contact with alleged perpetrators of abuse on her she said she had seen them both but did not speak and neither did they. Although she admitted to being wary of them she did not seem upset by them and was aware of keeping safe. Went over Margaret Cooper's report from Polepark and although I had not completed my own went over draft.</p>

3.10.95 HV	Yvonne playing in the bedroom when I visited and waiting for her "group" to arrive. Spoke to her briefly and she reported that she was glad to be home. I specifically asked if her mother always knew her whereabouts and she said she did and that her mother was more at home for her now than previously or she knew where to get her.

<p>3.10.95 cont</p>	<p>Tam reported no problems apart from finding Yvonne quite tiring and describing her as "daft" the way she "goes on". Pointed out to Tam that this response to Yvonne's behaviour is not helpful to Yvonne although I do realise that Tam speaks this way about most people including myself!</p>
<p>4.10.95 HV</p>	<p>As previously arranged between Liz Robb and Yvonne. Yvonne and Tam reported no problems and as SW had visited the previous day I did not prolong this visit.</p>
<p>12.10.95 Meeting with Yvonne</p>	<p>Discussed home and tried to tease out with Yvonne how she felt about being back with her family. Yvonne said that she enjoys speaking to her mother and that she can now play with others her own age. Yvonne also told me that she had visited [redacted] (alleged perpetrator). She had not told her mother about this and we discussed in length previous work done re keeping safe. On return to her home I informed Tam that Yvonne had visited this house and she immediately told Yvonne that she knew she should not do this and let her know she was angry. Yvonne stated that she would not return and again made clear to Yvonne that she must keep her mother informed of her whereabouts.</p>
<p>24.10.95 HV</p>	<p>No problems reported from Tam or Yvonne. Yvonne looked happy and well, still in her school uniform. On asking she said she had not visited [redacted] home and knows that she should not.</p>
<p>26.10.95 TC Miss Hutchison, PUC</p>	<p>Yvonne refusing to do homework and appears to be using new tactics of attention seeking. She has been doing detentions at lunchtime.</p>
<p>27.10.95 HV at 8am</p>	<p>Yvonne had already left for school. Discussed Yvonne's recent behaviour. She appears to be testing out quite a bit and encouraged Tam to be firmer regarding boundaries and following through sanctions. Apparently Yvonne only refuses to do things when she is with Tam alone. <p>27.10.95 cont</p>	<p>Asked about contact with Nisha and Tam said that he had come into her sister's home the previous night when they were all there. Contact between Nisha and Aunt Jessie is ongoing as he apparently looks after her dog. Yvonne's reaction to Nisha, according to Tam, was for her to give him one of her "looks" and when he left asked her aunt "what did you marry him for" [redacted]</p>
<p>30.10.95 Meeting with Yvonne</p>	<p>Went over programme for forthcoming Teen Ranch and Yvonne seemed to be looking forward to this. She said she had made her mind up to be friendly to the other young people and when I pointed out the rest of the group would be a bit younger she said she would help them. Yvonne was keen for me not to stay long as her "group" were to be coming to the house and I spoke with Tam and Jamie before I left who said that everything was fine as regards Yvonne and since Stephen left the house there have been fewer problems.</p>
<p>3.11.95 Meeting with Yvonne</p>	<p>To transport to Dunkeld Road for Teen Ranch. Yvonne dressed appropriately for her age and had all the necessary clothing for the weekend. Gave her some pocket money and sweets which she ate more or less straightaway.</p>
<p>9.11.95 Meeting with Yvonne</p>	<p>Yvonne came out of school looking very happy in the company of some other young people. On spotting me waiting for her she said that she had forgotten that I was meeting her from school. In view of this I cut short our contact to take her home at the usual time in case her mother became worried. Yvonne did not mind this as she had her group and "dismissed" me soon after going to her house. Yvonne said everything at home was going well but that she was being bullied again at school. In going over this with her there seemed to be little evidence of this and school had made no contact with parents or myself although Yvonne said she reported it.</p>
<p>22.11.95 Meeting with Yvonne</p>	<p>Had tea with Yvonne at Colonsay. Discussed school with Yvonne. She talked about wanting to change to Perth Grammar School but could give no specific reason for wanting to move apart from all the walking upstairs she has to do at Perth High. Went over the pros and cons of moving school, pointing out that she is doing well at Perth High and has a good relationship with nearly all the teachers. Yvonne agreed with this and said that she has now more friends at Perth High but could make new ones at Perth Grammar as well as go with local young people who go to that school.</p>

<p>29.11.95 TC to School</p>	<p>After receiving note from Admin to say Tam had phoned. Yvonne not in school. Made HV instead of meeting her at school in lunch hour as previously arranged for today. Yvonne at home with Christopher who was also in bed. Yvonne lying on the couch covered by a duvet watching a video. Her parents were away to the shop and checked out with Yvonne that she would be careful who she let into her home. The doctor had visited Yvonne on Sunday and she had apparently been told she was "exhausted". She was also displaying symptoms of heavy chest and head cold. Yvonne became quite angry at me as I asked questions about when she took ill etc and then refused to answer saying she was fed up of everyone asking how she was. I decided to leave then leaving a note for Tam to phone as soon as she returned.</p>

<p>11.12.96 PC from Mrs Hutchison PHS</p>	<p>Yvonne feelings unwell and telling Matron she has had "brain surgery". She apparently looks quite ill and Tam has been phoned to collect her from school. Yvonne obviously in a mood but everyone unsure the cause of this. Yvonne in school without her glasses and no warm clothing. Assured Miss Hutchison that this would be Yvonne's wish as she does have warm clothing.</p>
<p>PC to Tam at Aunt Jessie's home</p>	<p>To pass on info from Miss Hutchison and advise Tam to make appointment with GP. Yvonne's glasses were apparently in the house and she did not know why Yvonne did not take them to school. Yvonne had also been told to wear warmer jacket but did not.</p>
<p>12.12.95 PC from Miss Hutchison</p>	<p>Yvonne turned up for school again today. Miss Hutchison reported that she looked better but is still acting "strangely" telling stories and unsure what is truth, for example Yvonne said she has never seen a doctor. Matron phoned Tam and confirmed that Yvonne has visited GP. Yvonne also told school that both her brothers are at home and fighting/arguing all the time. Arrangement been made for Tam to collect Yvonne from school at lunch time and Miss Hutchison will phone back to let me know outcome of that visit. At the present time, Yvonne was "sulking" and refusing to speak and I did not feel a visit from myself would help the situation.</p>

12.12.95 Later PC from Tam	[redacted]	To inform me of phone call from school. She had no transport and I agreed to pick her up at James' mother's home to collect Yvonne.
Later meeting with Yvonne	[redacted]	At school. Yvonne refusing to discuss her present state of health or any problem regarding school. Asked Yvonne about her allegation that her mother leaves her to wander around the street while she is away drinking. She would not answer me but when I asked Tam to explain the usual procedure as regards Yvonne's care when she does go out, Yvonne agreed that her mother will tell her to go to either Lammi's or Karen's home and will be collected when she returns. Tam said that Yvonne now rarely stays overnight with her sister. Reinforced with Tam the need for Yvonne to be given clear instructions to where she should go and with whom when being cared for by anyone other than herself, stating that Tam should take Yvonne to Lammi's or Karen's and leave her in their care making it clear who has responsibility. Advised Tam to seek an early appointment at GP and to give GP all relevant info on Yvonne's recent behaviour.
13.12.96 PC to Tam A WOOD	[redacted]	To check how GP visit had gone. Yvonne has a chest infection and been given antibiotics. Yvonne likely off school until after holidays. Asked Tam to tell Yvonne I will visit and take her out on 18.12.95.

25.1.96 AW/MD	Met with Yvonne at bus stop on way to school. Yvonne did not see me as I sat waiting and she approached walking happily and chatting with other yp. Offered to run her to school but she declined preferring to bus with others. Her sister Linda is unwell during this pregnancy and she and her mother are living at her home. No problems reported although Yvonne "complained" about Tammy (niece) not behaving. Agreed to meet next day after school.
25.1.96 JT	Case file read by J Thewlis.
26.1.96 Meeting with Yvonne at Colonsay	Yvonne fine and looked well reporting that she had not fully recovered from her "ill spell". She had been given a Sega for Christmas and was upset that others are using it without her permission. Told her to speak to her mother about this pointing out that she does not mind people using it but would like to be asked.
2.2.96	Letter to Yvonne re appointment.
9.2.96 Meeting with Yvonne	Met her at school then took her to Colonsay where she met Stephen (brother). She was pleased to see him and gave him news from home. Yvonne spoke positively about school and looked very smart. Checked out that Yvonne still felt safe at home and in the area and that she had no contact with alleged perpetrators. Spoke to Tam on my return and no problems reported apart from Yvonne's refusal to keep room in a tidy state.
22.2.96 Meeting with Yvonne at Colonsay	Went over recommendation re CP review and Yvonne in agreement that her name should be removed from register. Tam also agreed in discussion when I returned Yvonne home. No problems reported and Yvonne acting in a more responsible way according to Tam.
8.3.96 Home Visit	To make arrangements to transport on 12.3.96.
12.3.96 CP Review	Yvonne's name taken off register.
12.3.96	Case file read by J Thewlis, SSW.
25.3.96 Meeting with Yvonne	Picked her up at school during lunch time and took her for snack. Discussed "home life" - she said that she was feeling that her mother did not bother about her and gave an example of how she has still not taken her to GP re her "breathing" problem. I asked if she wished me to speak to her mother about this and Yvonne confirmed that she did. Discussed her mother's drinking habits and it would appear that she does not drink "all the time" as Yvonne had said and she told me it does not "bother her anyway". According to Yvonne if her mother is having a drink she will usually go and visit a friend or relative instead of sitting listening to them talking.

contd/...

25.3.96 (contd)	She said that she will tell her mother where she is going and knows when she is to return. Yvonne did not seem upset but there appears to be little communication between family members and Yvonne does need a lot of attention. Discussed possibility of Befriender which had been discussed before and Yvonne agreed to a re-referral being made. Spoke to Tam on my return and Yvonne happy for me to take her to GP as her mother is working different hours.
26.3.96 TC to [redacted] Befriender	Yvonne's name remains on list of those requesting Befriender. At the present time they are unable to allocate a volunteer but Yvonne's information had been passed on to possible befrienders although [redacted] felt the possibility of someone being allocated soon was slim. Confirmed that I wished this referral to remain active.
28.3.96 Home Visit	No answer.
29.3.96 TC to PHS	Returning their call. Yvonne had been sent home the day before feeling unwell. Mrs McLean was contacted and Yvonne was picked up by car. Staff concerned that Yvonne behaving "strangely". She had been sent home as she was "wheezing" and appeared under-nourished. Yvonne has told staff that she only eats dry bread and I confirmed that she enjoys this and that anytime I visit or take Yvonne out she has a good appetite and there is always food at home. Advised that I would pass on concerns to Mrs McLean to remind her to seek medical advice.
29.3.96 (later) Home Visit at sisters home	Yvonne being looked after by Linda while mother at work. Yvonne seemed well and admitted to feeling all right and having only stayed off because it was the last day of school. Asked her and Linda to inform Mrs McLean of my visit and remind to make GP appointment.
2.4.96 Meeting with Yvonne [redacted] [redacted]	Took them both swimming and chatted generally about school. Yvonne tried to give [redacted] "good advice" about attending.
11.4.96 Meeting with Yvonne	Other YP also present as an attempt to encourage other client to socialise. Yvonne very friendly towards other YP but was given little in return. However, Yvonne did not seem to notice this and chatted on regardless.
12.4.96 Meeting with Yvonne	Took her to GP. Yvonne checked but refused to give blood sample. Agreed she would think about this further and return. Indications were that she was not anaemic and there was nil of note. Passed on information to Mrs McLean.
1.5.96 Meeting	With Yvonne [redacted] Group night with hairdresser. Yvonne participated well and volunteered to have her hair cut. She was delighted with outcome.
13.5.96 TC from Dr Band	Dr Band had medicalled Yvonne and feels she may need follow up from GP. She will write to female GP in practice giving her findings and I agreed to make appointment and take Yvonne myself in 10 days time. I stated that I would inform Mrs Mclean which I did and agreed to follow up.

10.7.96 TC from Mrs McLean	Tam wished the address of Criminal Injuries Board. Agreed to pass on to her when I visited later to meet with Yvonne.
10.7.96 Meeting with Yvonne	Went over details for review report and considered recommendation. Yvonne said she did not wish to be on supervision order but wanted to continue contact with me. [redacted] gave yvonne a hand-written letter with [redacted] confirmation of next meeting with SWA.
23.7.96 Letter from Reporter	Children's Hearing on 6.8.96 at 9.30am.

5.8.96 Home Visit to Yvonne	To confirm arrangements to pick up for Hearing. Yvonne appeared to be in a mood but Mrs McLean could give no reason for this and Yvonne was uncommunicative.
6.8.96 Children's Hearing	This hearing was very positive until just before panel were to give their decision. At this point, Yvonne gave panel members something she had written. She agreed to me reading this and she had written how she wished to be adopted and how she did not feel safe at home. Panel's decision was to terminate the supervision order but asked that I check Yvonne's feelings out with her. Spent some time with Yvonne after panel going over what she had written. There was little substance to this and she agreed she was feeling fed up and felt her mother did not care about her. Examples given were trivial and Yvonne appeared to have given little thought to what she had written agreeing that she does not wish to go into care again and wanted to remain at home. Agreed with Yvonne that we could keep this on our agenda for future meetings.

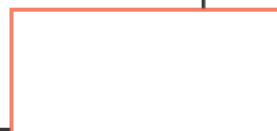

<p>6.8.96 TC from Margaret Cooper Polepark</p>	<p>To give feedback on day out. Margaret reported Yvonne as being good company and that she had been helpful with younger members of the group. <p>14.8.96 Meeting with Yvonne</p> <p>Later Discussion with L Walker, SWA</p>	<p>Yvonne is in a good mood and stated that everything was fine at home. I reminded her of how she felt at the time of the Hearing, I tried to tease this out with her. It would seem, as has been evident in the past, that Mrs Mclean has little to offer Yvonne in terms of general companionship and patience and Yvonne does crave for attention. Agreed that I would ask L Walker, SWA to spend some time with Yvonne and make contact to chase up possibility of Befriender.</p> <p>Lorna agreed to do some planned work with Yvonne around identified issues, ie relationships, Health & Hygiene, anger management. We will meet with Yvonne and discuss times.</p>

<p>21.8.96 TC to GP</p>	<p>To cancel appointment.</p>
<p>22.8.96 Meeting with Yvonne</p>	<p>Went into town with Yvonne and she seemed happy. Told me how she will need to work hard at school this year and tried to "teach" me work she had been given that day. Dropped her off at home and spoke to Mrs McLean who said that Yvonne is still not keeping her room tidy. This seemed to annoy Yvonne and it was clear that she will be quite difficult with her mother and that if she does not wish to do something she will not be persuaded.</p>
<p>26.8.96 TC from PHS</p>	<p>Yvonne wished to chat to me. She is in a spell of "being upset and looked red-eyed." She has told [redacted] that Stephen is at home and this is having an impact on her. Informed [redacted] that I had recently spoken with Yvonne and her mother my understanding was that Stephen was not at home and that Yvonne perhaps is just feeling she needs some attention. Agreed to make contact.</p> <p>Later met Yvonne from school and she confirmed that Stephen is not at home although appears to take on some concerns around his offending behaviour. Spoke for some time and advised her that Lorna has agreed to spending some time with her and she was accepting of this.</p>

DETAIL RECORD

Client Name : YVONNE McLEAN

Date: 26.02.93

Event: Meeting with Charlie Mathers, Children's Rights Officer:

Charlie Mathers was contacted by Anne Innes, [redacted] expressed to Charlie Mathers Eleanor Reid's concern that the minute of the Child in Care Review held on 02.02.93 conveyed an impression that the social work department may be thinking in terms of rehabilitation for Yvonne when this may not have been what Yvonne wanted. Eleanor Reid felt that Yvonne was clearly saying that she did not wish to go home so long as her mother was living in close proximity [redacted] the person named by Yvonne as her abuser. Eleanor felt that the minute conveyed that the department if satisfied that Mrs McLean would be able to protect Yvonne even though McLeod was staying in close proximity, then the department would push for rehabilitation. Charlie Mathers was given assurances that this would not be the case. I assured him that I was aware of Yvonne's views and that these would be given priority in any decision that was made. I was also able to advise Charlie Mathers that Mrs McLean was very aware of Yvonne's views and knew that she would return home so long as McLeod lived in close proximity to the family home.

Charlie Mathers also advised that Yvonne was concerned that she did not see as much of me as she would wish. I gave an assurance to him that I would discuss this with Martin Donachy, my Senior, to see if I could give more time to visiting Yvonne.

A third point raised when Yvonne and Charlie Mathers met on 24.02.93 was that Yvonne expressed some concern about continued visits to Polepark. Charlie advised that he had told Yvonne that whilst the views of children were important there were some things such as going to school when adults either through the law or in fulfilling their responsibilities to look after children properly made decisions about what was in the best interests of the child and that sometimes the children didn't agree totally with those decisions. Charlie was assured that I would at all times carefully consider Yvonne's own opinions but felt in the case of her visits to Polepark that these were clearly in her best interests at this time and that the visits should continue.

Charlie Mathers said that he would go back and discuss the issue with Yvonne and said that he was satisfied from what I had said that Yvonne's wishes and rights were being respected and upheld. He also added that he would make the offer to Yvonne that he would represent her interests at subsequent child in care reviews if she so wished.

In talking in particular about [redacted] Tam confirmed that she herself acknowledges that although she has changed flats with her daughter Linda she now only lives directly opposite [redacted] On this basis it would not be satisfactory for Yvonne to live there. Consequently the need for rehousing was acknowledged as an ongoing problem.

However more immediately Tam expressed her enthusiasm for attending the proposed group for mothers of children who had been sexually abused due to be established by Polepark Family Counselling Centre. A positive attitude to this may help in the long term empowering of Tam as the proper protector for Yvonne.

Within this we also discussed the need for Tam herself to establish a better relationship with Yvonne than had been evident in the past. A further meeting has been arranged for Wednesday, 10 March 1993.

Spoke about her father having slapped her violently around the face with an open hand and about never being able to tell parents about sexual abuse because mother would not have believed her and father would have just laughed or told her not to be stupid. Said that at times she got very angry about her mum and her dad and spoke about what she is doing at Polepark, sometimes making her feel sad/angry. I spoke about maybe it being best that she stayed in care for a while yet even if mum did get a house because there are lots of things she has to think about and sort out and that it would be better that this was done before she went home. Yvonne thought that was a good idea.

Then spoke about the foster placement and school. Yvonne said the biggest problem was her temper, [REDACTED]

[REDACTED] Yvonne said she didn't like having her tempers and kept telling herself that she mustn't but she couldn't help it. Sometimes there was lots of feelings that she couldn't control and just had to let out. Having her tempers makes her unhappy. Spoke too about being bullied at school, this seemed to be to do with being made fun of because she is behind her peers academically. In Maths she is just on the green book whilst others are on the blue or red books and the other children keep reminding her of this, this makes Yvonne unhappy. She spoke though of how her education suffered at Northern District because nobody seemed interested and she never got any homework and because of this she is now so very far behind.

Returning to the theme of violence in her home in Perth, Yvonne remembered seeing her mum and dad fighting, this would happen when they had been arguing. Her dad would hit her mum a lot. Yvonne said she wanted to help her mum but was frightened because if she tried to get in between them her dad would hit her. Yvonne and I agreed that we could call what happened to her at the hands of her father physical abuse. I asked Yvonne if her father had ever sexually abused her. She said no. Yvonne thought it was no use being angry at her father now because he is no longer here. But if he had been then she would be angry at him for somethings.

Event: Placement visit:

During discussion with Eleanor Reid (foster carer) before Yvonne and I went out for a run in the car together Eleanor Reid was telling me that Yvonne is now aware from her mother that the whole question of an alternative foster placement is on the agenda. Yvonne has not spoken much of this but on one occasion whilst angry with Eleanor reminded Eleanor that Donald was trying to find somewhere else for her to stay.

Eleanor confirmed that she and her family are going on holiday on 06.08.93 and that an alternative placement would have to be found for the 2 week period following that. I advised her that I had spoken to Anne Innes, Resource Worker Kirkton, and that Anne was exploring the possibility of a 2 week placement with the same person as Yvonne spent a holiday period last year. We also acknowledged the possibility that Mrs McLean may wish to take Yvonne on a holiday to Corby and if it happened to coincide with the 2 week period of the Reid's holiday then that would be in Yvonne's best interests.

Eleanor spoke of Yvonne still displaying violent mood swings. One moment she can be very pleasant and apparently happy and the next can be in a foul mood and extremely verbally aggressive usually to Mrs Reid.

Yvonne and I then went to Kinshaldy beach for a run. During our stroll on the beach we spoke about -

- a) Yvonne's feelings about her present placement.
- b) The prospect of a new full time foster placement .
- c) The prospect of Yvonne spending up to 2 weeks in a temporary placement whilst the Reids are on holiday and returning to stay with the Reids thereafter until a new full time placement can be identified.
- d) Yvonne's newly established friendship with a girl of similar age in Leuchars and her sometimes expressed wish to spend overnights in that girl's home.
- e) Yvonne's thoughts and feelings about the prospect of returning /not returning home in the short to medium term future.

As far as placement was concerned Yvonne initially told me that she liked staying with the Reids and that everything was "fine". As we strolled along the beach she did however tell me that she was unhappy because she was sure that Eleanor Reid did not like her. She confirmed that her mother had told her that we were thinking in terms of a new full time placement for her. Yvonne thought that this was quite a good idea and because she knew that she would not be able to go home for some time yet thought it would be better if she was staying somewhere else. She said that she liked the Reids but just wished that they liked her.

concerned Yvonne was quite enthusiastic about this and hoped that she would be able to return to the same foster home as she was in last year whilst the Reids were on their summer holiday. I told her that Anne Innes, the Reids support worker, was looking into the possibility of this at the moment. Yvonne and I also acknowledged that it might be possible for her and Mum to go on holiday to Corby during this period when the Reids were on holiday.

As far as the prospects of home are concerned Yvonne spoke about wishing that "Nisha" the man Yvonne alleged had abused her had been sent to jail. I told her that I agreed with her that people who abused children in the way that she said Nisha had done to her should be punished for what they had done. I then spent some time explaining to Yvonne why the Police had never charged Nisha with an offence and why he had not been punished by the Sheriff. In what I hope was appropriate language I explained to Yvonne the rules regarding corroboration and the fact that given the circumstances in Yvonne's case the Police felt that they were unable to charge the man. Although in the past I know that Yvonne has indicated that she understands things when indeed she does not I do feel in this case that she was able to understand what I was saying and I hope that it made some sense to her. My purpose in this explanation was to convey to Yvonne that just because this man had not been charged did not mean that folk did not take it very seriously what she had said.

She seems to play more with 4th years than 7th years.

However, generally concerns are far less with signs that Yvonne is settling down.

Next stage for concern may be when she moves to secondary school.

After school brought Yvonne back to Colonsay where I'd intended to have session with Yvonne and Tam re access and how they both felt it was going.

Session at Colonsay

Main Points

Ann Wood met me shortly after my arrival to explain and apologise that she would be unable to join Yvonne and I today as planned as she had been called out on another case.

I explained this to Yvonne who said that she understood. Yvonne had bought "stuff" with her from school that she wanted to check out with me. It was scenarios of risky situations, which they had been given in class re the topic of "keeping safe". The pupils had been asked to choose what they would do as individuals then the class discussed it. Yvonne was checking with me if I thought she had given the right answers. Yvonne was worried that a lot of her answers were "wrong" because they were different from others in her class. In fact, Yvonne's responses had been sensible if less actively assertive than her more confident, secure peers. We talked about Yvonne's answers and went over the scenarios adapting them to suit situations Yvonne might find herself in.

Yvonne asked my opinion re the "group" she is running while out playing during access visits to Fairfield. Yvonne said that the group members do not come. Yvonne is the "Captain" and indicated that she was angry with the group members for not attending ... that she put a lot of effort into preparation and they let her down. (This appeared symbolic of the much wider issue of Yvonne's difficulties with peers and in relating to other children). Yvonne as "Captain" is clearly domineering, patronising and very intolerant towards group members (She is like this in most of her interaction with other children like a prim teacher telling them off - especially when she feels socially inadequate).

Yvonne appeared to be actually, perhaps unconsciously, seeking help in her relationships with children. We discussed "groups" and what a Captain should be like for a group to work eg ... if a captain was too bossy others might not come ... the group need to feel a sense of give and take ... sharing ideas ... having fun etc. We talked about how the captain could be less bossy, the

ways she could encourage friendship with group members. Yvonne took all this in avidly and she thought that the Captain should maybe "change her attitude". (Yvonne has much to learn re ordinary interactions, relaxing and being herself and social skills).

At the end of the session, [redacted] (resource worker) was waiting to take Yvonne to the cinema, Yvonne seemed pleased to see her and eager to go.

With Joyce. Spoke with Yvonne at some length. Yvonne adamant that she did not wish to remain at Glenfarg and that Helen was always getting on to her. Mrs McLean felt Yvonne's behaviour was a result of her not liking getting a row.

Yvonne was angry and repeating that she would go anywhere but Helen's, asking to be allowed to go to her sister Linda. Consideration was given to allowing Yvonne to remain overnight with her mother but Mrs McLean looked and felt quite ill with flu like symptoms and our feelings were if Yvonne was allowed to stay after running away this could have a negative effect.

Joyce phoned L Lovatt, SRW, re alternative respite placement but there were no appropriate vacancies. We appeared to be making no progress with Yvonne and eventually told her we would go for something to eat and discuss options. Yvonne quickly put on her jacket and left willingly with us. Cooper and Yvonne

At Polepark. On the journey through to Dundee Yvonne spoke about not having started her periods yet and how she would not be telling the boys when she did. This led into some discussion re sexual intercourse and sexual abuse and we carried on with this subject at Polepark. Yvonne seemed very confused but when Margaret brought out books used in earlier sessions with Yvonne she could remember and wanted to use the flip chart to relay her knowledge on these issues to us. Again it seemed to me that Yvonne could talk on these subjects but did not fully understand.

We also discussed school and Yvonne's relationship with her peers in school doing some role play with her to allow her to consider alternative ways of dealing with situations that arise in school. However, Yvonne is a young woman who seems to find it difficult to compromise with her peers, feeling she is always right.

I had earlier given Yvonne a diary and she wanted to use it to write things down but stated that Helen would read it. I told Yvonne that I did not think she would and together we talked about ways of letting Helen know how she felt and at the same time confirming that her diary would be private. This proved quite difficult and it was agreed that I would discuss her feelings with Helen.

On taking Yvonne home we talked together for some time about what we had been doing and I updated Helen on our work at Polepark. Yvonne gave me an envelope with a letter which she had told me earlier was an apology. When I got up to leave Yvonne reminded me that I had to speak to Helen about the diary. Helen became quite angry at this point denying that she would consider reading Yvonne's diary pointing out that the only reason she goes into her room is because she cannot trust Yvonne to keep it clean, referring to the incident whereby she found toilet paper in her room.

Yvonne also became upset and went to her room where I spoke to her alone. She repeated that she did not like staying at Helen's as she is always getting on at her and trying to make her feel "ashamed". Yvonne said that she did not mind if she could not go home but wanted to go somewhere else. When Yvonne settled I acknowledged that we would need to discuss her feelings further but that she may need to remain at Glenfarg until an alternative placement could be found. Yvonne said that she understood this and promised she would not run away agreeing to write down some of her feelings to discuss further with me when we met on 6.4.95.

I left Yvonne in her room to get ready for bed and went downstairs to speak to Helen. [redacted]

CHILD PROTECTION PLAN

29 January 1993:

Yvonne is the subject of a supervision requirement, under section 44(1)(a), requiring her to live with Eleanor and Mike Reid, foster carers, in Leuchars. As such, she is removed from the environment in which abuse took place.

Before rehabilitation could be effected it would be necessary that the department satisfy itself that her mother, Mrs McLean, was able to properly protect her. This requires a continuation of the assessment work currently being undertaken by Martin Donachy, Senior Social Worker.

Mrs McLean is Yvonne's sole surviving parent. Her father, Alec Murphy, died on 26.12.92. This has changed the situation as far as the above assessment is concerned. [redacted]

[redacted]

Any discussions regarding Yvonne's return home will focus on the ability of Mrs McLean to protect her. In the meantime Yvonne continues to have weekly sessions with Margaret Cooper, play therapist at Polepark Family Counselling Centre.

SWD	<p><u>Update:</u> Yvonne is well and still with Helen Lewis apart from respite over past six weekends when she has been with [redacted]</p> <p><u>Mainstay Carer:</u> No incidents of concern brought to attention other than few days ago when Yvonne said a boy in her class had touched her inappropriately. Details appeared to be that the boy may have touched her leg on top of her clothes. Miss Hutchison checked this out - does not appear to have been anything sexual. Discussion re how Yvonne copes with physical contact. Appears that she may perceive this as invasive + abusive. Recognition that Yvonne does herself touch others but this incidence may be evidence of how she is unable to cope with others initiating physical contact due to her earlier experience. School

Yvonne's attendance has been affected since her return home - some of these are genuinely due to illness. Other times have been confirmed by a note from her mother.

Yvonne's attitude has altered in school. She has refused to do homework and the detentions. Ann confirmed that Yvonne's attitude to Perth High School does appear to have changed. She has heard that Yvonne may be looking to Perth Grammar School.

Yvonne has not made any further allegations.

Home

Yvonne does appear to be more aware of risk situations at one level but seems determined to do what she wants - eg visited house of last alleged perpetrator. Ann is continuing to discuss these issues/risks with Yvonne and her mother. She does appear to be doing more normal social activities, eg going to library and coping well.

Note that Yvonne has grown over recent months and that she is reported to have a healthy appetite. She is slim.

BACKGROUND HISTORY

Description of family background and any recent developments in the family relevant to the child's experience. This is an opportunity to expand on material contained in the flow chart.

It emerged when social work involvement began in respect of Yvonne that school staff at Northern District Primary School had long been concerned for Yvonne's well being. They reported that very often Yvonne would turn up for school very early (eg 8am), that she would often be poorly clothed and that she seemed to be very much a scapegoat. The school commented that Yvonne was a loner in that she was shunned by the other children and called "the granny" because of her rejection of them and her on the surface adult and old fashioned views and behaviour.

There was no social work involvement in respect of Yvonne until January 1992 when she made the first of a series of allegations regarding sexual abuse having been perpetrated upon her. In January 1992 she was medically examined and it was confirmed that she had been sexually abused. Yvonne variously named a number of children and one particular adult as her abusers. [redacted]

[redacted] convinced that the perpetrator was another [redacted] living closeby. Yvonne strenuously denied this. The fact that she was being disbelieved did not help Yvonne.

In February and March 1992 Yvonne made further allegations. All of these were fully investigated but no criminal prosecutions were brought as a result. However it was clear that Yvonne was a very disturbed young person and that proper measures had to be taken to ensure her protection and to help her cope with what had happened to her.

The Social Work Department held a consultation with Dr Christine Smith, Child & Family Psychiatry Dundee and thereafter called a network meeting of all social work staff who had present and past involvement with the family. One of the things to come out of these meetings was that Yvonne's parents were clearly not taking proper steps to protect her. The decision was then made that Yvonne should be received into care on a place of safety warrant.

Yvonne has remained in the one foster placement since her reception into care. Generally this placement has been quite supportive. However the foster carers have found it extremely difficult coping with a child displaying the complexity of problems that Yvonne has shown. In many respects there has been a lack of awareness and insight on their part and this has led to some difficulties in terms/

BACKGROUND HISTORY (continued)

terms of their ability to give Yvonne the sort of care that she needs at this time. They have found it difficult to appreciate that Yvonne cannot be the well behaved, well mannered, obedient child that their own daughter is. They have tended to feel that she should be and have minimised the traumas that she has been subjected to.

Yvonne's work with Margaret Cooper, play therapist at Polepark FCC has been progressing on a weekly basis since October 1992. Margaret Cooper is of the opinion at this stage that her involvement with Yvonne in order to carry out the work she feels that would be necessary is likely to be long rather than short term.

Expectations of Placement

1 What is the long term goal for the young person?

Return to live with mother. This however will be at the end of a
.....
process which relates to Yvonne as an individual, and to wider matters
.....
of mother's caring and protecting ability and housing
.....
.....

2 What does the young person need to achieve during placement towards reaching this goal?

A reintegration of herself as an individual to be achieved through...
.....
her involvement with the play therapist at Polepark FCC, and through
.....
being part of a supportive and caring family who will not demand that she
.....
be a "good" "well behaved" child at all times. Yvonne is hurt and confused.
.....

3 What length of placement will be needed to achieve it?

At this point in time I think in terms of 6 months - 1 year.
.....
.....
.....
.....

4 What does the young person feel about the placement? How strongly is he/she committed to the placement and what are his/her views of the tasks to be undertaken?

.....
.....
.....
.....
.....

5 What are the parents' views and attitudes to this referral? What are the plans for involvement of the birth family during the placement?

Mrs McLean recognises the need for this placement. She would share my views
.....
.....
.....
.....
.....
.....
.....
.....

Mrs McLean will continue to have regular access - certainly weekdays (after school)
and hopefully weekends (Sat or Sun.)
.....
.....
.....

6 Are there any reasons why the young person should not be placed near home? Which geographical area would be preferred? Does the young person agree?

Yvonne needs a placement that will facilitate good access with her mother, and
will allow easy ongoing contact with Polepark in Dundee every Tuesday after
school. A placement in Perth is not necessarily ruled out.
.....
.....
.....
.....

7 Are there any religious considerations involved in placement?

None

APPLICATION FOR MAINSTAY PLACEMENT

PART B: SOCIAL WORKER'S PROFILE OF YOUNG PERSON

This profile is intended to assist the project staff in matching the young person with Carers, and to give information to the Carers.

Name: Yvonne McLEAN DoB: 10.03.82

- 1 How long have you known the young person? Since January 1992

Describe the kind of interaction you have had with him/her.

Yvonne can be alarmingly open and honest at times..... She is not aware of appropriate boundaries. My regular contact has been mainly with her whilst in foster care. At times she tries to have adult - adult interactions which she cannot handle

- 2 Appearance

Small, slim with shoulder length brown hair. When happy Yvonne has a lovely, bright face with an engaging smile.

- 3 Personality

Yvonne's personality development has been severely disrupted by past events. She can vary from being submissive and "sweet" to being unco-operative, stubborn and bad tempered.

- 4 Main strengths and positive qualities

Ability to speak about what has happened to her. Can be a lively person who, if given positive feedback, will enjoy the company of those around her.

- 5 Current behaviour which a family would need to know about eg bed wetting, solvent abuse, truancy, smoking, drinking, gambling, health problems.

Bed wetting was a problem initially but no longer. Yvonne is very reluctant to play with groups of other children. She much prefers the company of adults. She speaks of peers as being "silly kids"

6 Current family relationships as they affect the young person.

Yvonne and her mother are close. However Yvonne still needs to check that her mother really believes what happened to her. There does not seem to be a great link between Yvonne and her brother.

7 Any other significant life event which may have a bearing on the attitude and behaviour of the young person.

Yvonne's father died suddenly on 26.12.92.

I'm not sure exactly what Yvonne's feelings are. She says she's sad but is not sure what that is supposed to mean.

8 Most important problems to be tackled in the placement.

Making and sustaining proper relationships with adults and peers. Learning how to be a child.

9 Is there any information in this application form you have felt unable to share with the young person?

[Redacted]

10 What is the young person's attitude to information being shared with carers?

**YVONNE'S PROFILE FOR MAINSTAY
DEFERDA.**

Colonsay
30 AUG 1983

My name is Yvonne McLean my age is 11 and I'm staying in a foster home at the moment. I like playing sometimes not a lot, but if I don't like playing then I sit in my room only or do things, read a book, like reading a book in bed and all sorts of things. I like singing songs and pantomimes.

I don't like people bullying me, bossing me about, forcing me to do things I don't want to do; and coming onto food now. I have got quite a lot of favourite things but I don't like tinned sweetcorn.

I am not sure what I don't like and I do like. I like most things, bread and fruit I like - it's good for you - healthy.

That's about it.

What sort of family would you like to live with?

Intelligent, pretty and handsome. Of course caring about me; not going out nearly all the time.

Who would you like to live with and what sort of house would you like them to have?

A big huge house with lots and lots of rooms.

Would it be nice to be in the country or in a town?

In a town because I am used to the town, I'd really like to stay in Perth but I can't go out at the moment.

Do you want to tell these people why you're in care or why you can't go to Perth just now or would you rather not say that just now?

I'd rather not say that just now.

What else would you like to tell a family about yourself?

As clearly as you can, please describe the incident in which you were injured. If the incident happened more than three years ago, you should also explain why you have not applied to the Board before now.

On 13.01.92 Yvonne spoke for the first time about abuse. Further allegations followed on 18.02.92 and 11.03.92. On each occasion she used words and phrases such as: "rape"; "sticky stuff" on her legs; "put his willie in my flower"; penis being "big and hard"; "touched his willie". Yvonne spoke of abuse having happened many times. The figures ranged from four to "twenty times or more". Yvonne reported that the incidents took in her own family home, whilst her parents were out, and in Mr. MacLeod's home - a flat directly above the McLean home. Yvonne referred to Mr. MacLeod exhibiting his erect penis and ordering her to remove her clothing. Social work and police personnel had no reason to doubt that, generally, Yvonne was giving a true account of what had taken place. Allegations about Mr. MacLeod were preceded by allegations against another, slightly older, child.

REGULATIONS 20 and 21

CHILDREN'S HEARINGS (SCOTLAND) RULES 1986 - RULE 19(5)

Submission to the Children's Hearing on 10 FEBRUARY 1994 (date of Hearing)

In recommending that YVONNE McLEAN DOB: 10.3.82

..... (child's name), who was received into the care of this Authority on ..in 1992..... (date) be placed by

the Hearing with MRS HELEN LEWIS GLENFARG LODGE

..... (proposed foster parent's name and address)

* I certify:- (1A)

that the foster parent(s) named above has/have been accepted by Tayside Regional Council in respect of the placement of the child named above/any child/children of this category following completion of the procedure under Regulation 11 and that the requirements set out in Regulations 6, 7, 14, 15 and 16 have been met.

OR

* I certify:- (1B)

that the following procedures have been carried out by Tayside Regional Council in respect of the placement of the child named above with the proposed foster parents named above; completion of the requirements under Regulation 12(a) to (d); ascertainment as far as is reasonably practicable of the particulars about the child and his natural parents in Schedule 2 of the Regulations and consideration of that information in the light of the duties set out in Section 20 of the Social Work (Scotland) Act 1968 and having regard to Regulations 14, 15 and 16. I certify that this foster placement is appropriate to the child's needs.

AND

that in either case (as in 1A or 1B above) that a supervision requirement with a condition naming this foster parent's/these foster parents' home as the place where the child is to be fostered would be in the child's best interests.

Signed .. [Redacted]

Designation Social Worker

Date 10/2/94

Note:- This form should be attached to any social background reports where it is likely that a Children's Hearing may wish to impose a condition in a supervision requirement that the child is to reside in a place (a household where he is to be under the care of a person who is not his parent or guardian). The form is necessary for a placement with any relative.

At any REVIEW by a Hearing of a place condition, the social background report must include relevant material from the monitoring of placements as under Regulation 18 and Rule 21(2). This form will be re-submitted to the Hearing at each review, but a new completed form should be given to the Hearing if there are any changes to the data on the original form.

In either case the social background report must describe the child's needs and the suitability to meet those needs of the proposed foster place and foster parent.

1A refers to the exposure of a foster parent to the full procedure under Regulation 11 and approval by the care Authority under Part II of the regulations, including involvement of the fostering panel.

1B refers to the exposure of a foster parent to the procedure under Regulation 12. This shorter procedure may be adopted because the child has been in care for less than 6 weeks. But by virtue of the disapplication of Part III and Regulation 12(2) of the Regulations by Regulation 10 to the placement of children under supervision requirements made by Hearings, it may be all that the Authority intends.

Provided one or other of the procedures has been completed, whether or not the person is approved by the care Authority as a foster parent, (as in 1A), or whether or not the placement is in the view of the care Authority appropriate to the child's needs (as in 1B), the Hearing has complete discretion on making the placement following full consideration of these submissions.

In making arrangements under this part of the Regulations

1. As a minimum requirement the care Authority must; obtain a certificate prepared by a fully registered medical practitioner stating that the foster parent suffers no medical disorder likely to adversely affect his or her ability to care for the child; ensure that the foster parent is interviewed by or on its behalf; satisfy itself by a visit that ANY premises in Great Britain within which the child is to be placed are adequate for the needs of the child; and satisfy itself that the placement would not be detrimental to the welfare of the child after enquiries from the Local Authority in whose area the premises are. [Regulation 12(a)-(d)]
2. The care Authority may only foster a child in a household which comprises
 - (a) a man and a woman living and acting jointly, or
 - (b) a man or a woman living and acting alone, or
 in either of the above situations where there are other relatives in the household who are not concerned in any undertaking to care for the children. [Regulation 14]
3. So far as is consistent with Section 20 of the Social Work (Scotland) Act and having ascertained so far as practicable the wishes and feelings of the child, the care Authority shall ensure that the person with whom the child is placed is of the same religious persuasion as the child, or has agreed that the child will be brought up in accordance with the child's religious persuasion. [Regulation 15]
4. So far as is consistent with Section 20 of the Social Work (Scotland) Act and having ascertained so far as practicable the wishes and feelings of each child, the care Authority shall ensure when making arrangements for two or more of the same family that they are fostered in the same home, or, where that is not appropriate or practicable, in homes as near together as is appropriate or practicable. SUBJECT: Yvonne McLean (dob 10.3.82)

You're probably aware that Yvonne made allegations of sexual abuse on the weekend of 10 - 11 September. The Police have now brought this to our attention.

As with many of these allegations, there are difficulties over the strength of the evidence. The Police report that Yvonne's account changed in the telling. My own position is that if it did occur, we need information and, if it has been made up by Yvonne, we need information.

I know that you have been asked for an Annual Review report and I would ask you to include coverage of this situation in that report. I have enclosed a letter for Yvonne which I hope you will pass on.

SUBJECT: YVONNE McLEAN (dob 10 3 82)

I have decided to take no further action over the allegations of abuse made by Yvonne. My decision is based on two factors, one being insufficient corroborative evidence, the other being need. Yvonne currently has appropriate supports available to her to help her deal with any abusive situations which she may have been exposed to and to help her become aware of abusive situations which she may encounter.

I have written a letter to Yvonne c/o of you and would ask that you explain the contents to her.

I have arranged a 48(3) Hearing for 19 January 1995 at 6pm. Yvonne's notification has been sent to her c/o Lewis, Glenfarg.
