Stewarts introduction to the school was somewhat unsettled. He was transfered from Burnside to Wellington by two social workers. The method of transfer left a lot to be desired. The refusal to give Stewart his shoes and generally made him feel uneasy. On arrival he assaulted his social worker and attempted to punch the escort. Mandy and Chambers worked with Stewart who settled down with ease.

Tims initial commitment was to work with Stewart over the weekend and to assess whether their opinion was that they could take Stewart on. As the unit had no boy in (due to easter vac.) Stewart slept in Cairngorm over the holiday period.

A meeting with C. Hunter, C Sutcliffe, M Cormie and a Dundee agreed that Tims unit was suitable. a Dundee and J Mitchell (student) have since been allocated key worker responsibility.

Stewart was due to appear at Dundee S/C court on 4 April on an assault charge. His solicitor put a plea of guilty forward on his behalf and Stewart was admonished

Last week after consulting the L.A.S.W. initially an agreement was made to allow Stewart leave. We were informed that an agreement had been struck by Mr Stanton that Stewart would go on leave the following w/end. It was explained that I was only working on the info I had & that it was intended that he would go out the first w/end.

Next day a phone call to L.A.S.W. was returned that she was not keen on an earlier leave.

I explained that this would be bad practice & it was difficult at this stage. After lengthy discussion it was agreed that he stay - School.

After hearing the news of sparing to mother Stewart jumped through a window & absconded he later returned after calming down & has settled over since.

CH.

19/4/85 Meeting with S.W., Miss Proctor, Wellington, 3pm.

22/4/85 Call from Mrs. Fraser - Stewart ran away from s/w taking him to the train.

© Twinlock Code 11-75846

Twinlock Crown Ref 3c Feint and Margin ®

23/4/85	Call from Janet Smith S.W. No news of Stewart. His mother seemingly saw very little of him over the week-end. Talk of drinking & 'bad face'.
24/4	Stuart is in police custody. He will appear in Dundee Sheriff Court in the morning, charged with being a known thief and loitering with intent
25/4	Phone call to SWD informing them of above " " " Sheriff clerk asking that he hold Stuart in custody until SWD arrive to transfer Stuart to Wellington
25-4	Stewart appeared in court today with 2 charges of Housebreaking as well as Loitering with intent Is due to appear again on the 16th May. Penicuike police advised of his return. Quite relaxed, accompanied by L.A SW & his Mother
28.4.84.	Quite a good w/E for Stewart. Mixes pretty well with other lads, and does his share without too much complaint.
	Notification of Childrens Hearing for advice to the Sheriff Court. Thursday 9 May 6.30 pm.
	Telephone call to Mr Fallon indicated that, unfortunately, a change in time is not possible.
30.1.85.	Met with Stewart to discuss possibility of working with him on a weekly basis, which was agreed to. Stewart is aware that he shall not be going out on leave until his court appearance (16th May).
8.5.85	Arranged with John Mackay that I should see Stewart every Tuesday from 9.30-10.30am. This week I shall see him tomorrow evening on a less formal basis.
9.5.85.	Phoned Mrs Fraser to arrange that she brings clothing from home for Stewart. Stewart wanted to go to his house before the panel, but I have arranged for clothing from the school
9 MAY 85:	Stewart absconded from the hearing today, fostered in 7.15p.m.
9 May 85	On our journey to Dundee Stewart seemed to be fairly settled but slightly apprehensive about the panel. He chatted

	normally giving no indication that he was intending to abscond. Mrs Fraser & Mr Quinn were already at the centre on our arrival (6.25pm). Janet Smith arrived at 6.40pm and by 7pm we were still in the waiting room. Stewart went to the toilet on our arrival and rose at 7pm to go again. It was at this point he left the centre. Conversation throughout was plentiful and there was a reasonably relaxed atmosphere. After a short while we became suspicious that Stewart had not returned & Janet Smith discovered he had absconded. We informed the panel & discussed the situation in the waiting room. Mrs Fraser & Mr Quinn were not surprised by Stewart's action, and appeared to have expected it. Clearly everyone was aware that there was a very real risk of Stewart absconding at some point during the evening. Where do we go from here? There followed a discussion on which it was established that Stewart should be coming back to Wellington but there was some doubt if the panel or court would share the same feelings. We were asked to go to the hearing and the outcome was that they were unable to give advice to the sheriff due to Stewart's absence. The police were informed in Dundee and in Penicuik that Stewart had absconded. It was decided not to issue a warrant.
10/5/85	Return call to Janet Smith. Asking how we now felt about situation. Explained that we were having a meeting Mon/Tues of next week to plan & look at Stewart's future. Janet confirmed our thoughts about 'delinquency' throughout the family and gave several examples. She is willingly to send on information we require when we provided her with details of what is needed. Warned that Mrs Fraser in the past has played one professional against another. Agreed to contact her after our meeting next week. As yet she has had no word about Stewart. Advised her that we shall be sending a report to court. It sounds as though Mrs Smith shall be recommending return to Wellington.
11 MAY.	Stewart has been picked up by Police ~~at~~ with no charges. Arrangements made to keep him - Burnside until Monday.
12 MAY.	Phone call from Mrs Fraser stating that Stewart had absconded from Burnside at was at home asking to be brought back to Wellington by ~~mother~~ herself. 3.30 Stewart arrived back.
13 May	Gordon contacted Sheriff Clerk to check that we had to attend court on Thursday as there was no advice from the panel. We still have to go (10am)
13 May	Phone call to Janet Smith (S.W.). Informed Janet of Stewart's activity to date. She is highly suspicious of his motives for coming back - hopes it's a change of attitude
14th May	Session with Stewart 9.30 → 10.30.

© Twinlock Code 11-75846

Twinlock Crown Ref 3c Feint and Margin ®

	Stated that Burnside have never been able to hold Stewart - not surprised he absconded. Explained that we may put Stewart into custody on arrival - arrangements have been made. Concerning leave, is agreeable to W/E beg. 25th May providing everything goes well. Thinks the responsibility of return to Welfi should be given to Mrs Fraser. This must be handled very carefully as Mrs F. has no driving license. Accompany him to the train station rather than drive!
15th May	Phone call from Sheriff Court Dundee. Stewart does not need to appear in court tomorrow as there has been no advice from children's hearing. Shall inform us of future date, possibly three weeks. Informed Janet Smith (S.W.) & Mrs Fraser of change.
21st May	Session with Stewart. Discussed leave this week-end (24th). H/e is stating that he intends to return and is aware of the implications if he does not. Further evidence that the family as a whole are involved in 'delinquency'.
21st May	Phoned Janet Smith to discuss w/e leave. She is agreeable & shall contact Mrs Fraser to make arrangements for returning. Informed her of trains arrival/departure. Confirmed that there are some problems within the extended family concerning stolen T.V. There is a possibility that it may blow up at the W/E.
24th May.	Stewart left for w/e obviously quite excited.
27th May.	Stewart's mother phoned to say the train would be delayed by ½ hour approx. H/e arrived back on 2.20pm bus after phoning to get instructions as to how he should return.
28th May.	Session with Stewart. Had enjoyed w/e, no trouble about the T.V, situation appears to have been resolved. He had a considerable amount to drink (4 bottles of Merrydown in all) but claims not to have been drunk. Amongst his peer group there is quite a lot of drug taking - dope, acid, various tablets, Stewart would seem to be avoiding taking any. Said he had slept at his mothers for the three nights.
29th May	Review. Report available in file.
4 June '85	Stewart's Hearing. Decision - to advise Sheriff that a deferred sentence for a period of six months would be appropriate disposal. Stewart returned with us without any difficulty.
5 June '85.	Called Janet Smith & Mrs Fraser to inform them that Stewart would be escorted to court tomorrow.
6th June '85	Sheriff disposed of Stewart's case by a deferred sentence for six months. Due back in court on 5th Dec. '85 at 9.30am. Stewart has gone on leave from court & is due to

	return Monday as usual. Mrs Fraser has requested that Stenart should have summer leave pom 27th July → 3rd August :. leave plan has to be altered. Forgot pones this a.m. sent this afternoon. ~~recorded defingly~~.
10/6/85.	Arrived back from leave on time, with a rather 'colourful' face. Friend Mikey had seemingly hit Stenart with a snooker ball.
11/6/85	Session with Stenart. As always Stenart operated in an open manner & talked of his week-end freely. Mikey who is responsible for the nose of Stenart's face has been charged with housebreaking and is likely to do time. This should help Stenart as it is with Mikey that he drinks most often & commits offences. We spent a considerable amount of time discussing his use of drink and for the first time spoke of Stenart's father (dead) who was a heavy drinker. Stenart would seem to be trying to cut down, although openly says he will continue drinking on a Saturday. Stenart at this stage feels that Wells can work for him and sees his future as being here until Dec. '85. He is not unrealistic & states that at times there maybe difficulties. Again we spoke of my leaving & arranged for a meeting for next week with Gordon D.
	Stenart is a pleasant & likeable boy who seems to be developing well within school.
13/6/85	Stenart saw the doctor today who confirmed that their were no bones broken in his face, just badly bruised.
14/6/85	Mrs Fraser phoned — is unhappy about w/e leave because of last w/e. Stenart did not return on Fri & Sat night and Mrs F. is not prepared to accept this type of behaviour. She is making fairly clear statements that she does not want Stenart home if 'staying out at night' is to continue. She is still prepared to have him home this w/e but if the same thing happens does not want him until the holiday planned for the family (29th Aug). I said I would speak to Stenart when he returns from Penicuik and clearly spell out the message. As Mrs F is going out I shall phone tomorrow am, & inform her of what has been said.
14/6/85	Called Janet Smith & informed her of phone call. Slightly suspicious about timing of call & that Mrs F. has not contacted her. I/S going to make appointment to see her next week. Feels strongly about Mrs F. saying to Stenart face to face & not indirectly through others — shirking responsibility! As though she is

© Twinlock Code 11-75846

Twinlock Crown Ref 3c Feint and Margin ®

beginning to reject just when things are beginning to go well.

14/6/85. Met with Stewart - laid it on the line. Made quite clear what his mum was saying to me and the implications for the future. Seems to understand & prepared to tow the line. Says mother has warned him. Shall call Mrs F. tomorrow.

15/6/85 Mrs Fraser called 9.30am. Explained about my talk with Stewart. She is agreeable to this w/e but with condition that he stays with her. Suggested that she should tell him herself & that in future if there are problems to call earlier in the week! I shall call Tues am.

18/6/85 Stewart returned from leave on time, looking tired & quieter than usual.
Session with Stewart, Gordon & myself. We discussed my leaving & future sessions with Gordon. Gordon & Stewart agreed to meet once fortnightly.
The w/e appears to have gone well, stayed at mother's every night & there was little drinking involved. Still appears to be committed to making Wellington work.

18/6/85 Phoned Mrs Fraser to check up about w/e. She was pleased & said it had been good. He had come in every night at a reasonable time - no difficulties. Informed her again of my leaving and said she should contact Gordon. She is happy about the summer leave arrangement & there is no problem about him being out next week.

19/6/85 Phoned G.W. to inform her of w/e and ask to see Mrs Fraser about maintenance. Said that she should contact G.D. in future.

8 July 85 Out for second week leave period. No problems as yet.

22 July. Stewart now on his two week leave period. This will be a foster. He has lost his personal stereo which has apparently been taken from his room.

© Twinlack Code 11-75846

19/8/85	Mr Fraser telephoned to say that Stuart stept in this morning and will be on the 10.30 train. He had a very good leave period and ~~seemed~~ seems to be doing less drinking.
22/8/85	Stewart doing well in the unit, and causing no problems. Pleasant to have around.
26/8	Stewart has not returned from leave. I telephoned his mother – no one home – SW will check with his mother this afternoon. Failed to return. Posted at 6.30. LASW informed – Morning 27-8-85.
2/9/85	Phone call to SWD to check if they have any information regarding Stewart. It appears that sometime during the weekend of 18 Aug Stewart took Mr Frasers cashline card and withdrew £15. Mr Fraser telephoned school the following Friday (23) to stop Stewarts leave (She certainly phoned myself but made no mention of the missing money) Stewart was however on his way home. SWD have no information regarding Stewart whereabouts.
5/9/85 16.30	Janet Smith LASW Telephoned to say that Stewart is staying with his Auntie Ms Denise Fraser 10 Craigmount Ave Charleston, Dundee. The person who stay at this house are in fact- regulated drug addicts Police informed of this latest
5/9/85 17.40	Dundee Police have checked the above address – no sign of Stewart. They will call again in the early hours of tomorrow morning
9/9/85	Telephone call from Janet Smith LASW. Mrs Fraser has just left the SWD. Billy (Stewarts younger brother) was apprehended by the Police on a drugs offence during the weekend and has been held in custody. This offence took place at stewart + Billy aunties. Janet stated that the Police checked this address on Friday but did not appear to be looking for Stewart. I asked Janet to take this up with the local police Mrs Fraser is very concerned regarding Stewarts possible involvement in drug abuse

Twinlock Crown Ref 3c Feint and Margin ®

10/10	Janette has made a number of attempts this week to contact SW without success
18/10	Janet Smith phoned this morning. Stuart has been picked up & is due to appear in Court today. Phoned back to say he has been remanded in Perth Prison on an unruly Certificate. No more details as yet-
24/10	Telephone call from Janet Smith. Stuart is not enjoying his stay at Perth and wants to come back to the wellie !!! Janet was asking for assurance that we would take Stuart back. After discussion with A Ross I was able to phone Janet back saying that wellington were not shutting the door on Stuart but wanted a clear statement as to the objectives of Stuarts return. Alan R + John M have given similar messages to Janet already.
29/10/85.	Over the past few days Janet Smith has been in touch with Alan R. concerning Stewart's hearing on 30th October 3pm. I spoke with her today & discussed various points about tommorrow ie. Welli's position, the continuation of supervision..
30/10/85.	C.H. today terminated supervision and recommended that the Sheriff dispose of Stewart case without recommendations.

To: The Reporter, Children's Panel, Dundee District, 91 Commercial Street, Dundee

REPORT FOR CHILDREN'S HEARING FOR ADVICE TO THE SHERIFF COURT: 30/10/85

STEWART FRASER (5.12.69)
94 Tullideph Road, Dundee

DATE OF ADMISSION: 29.3.85

Stewart was admitted to Wellington on 29.3.85 and last appeared at a Children's Hearing on 4/6/85, when the decision was taken to continue his supervision order.

From the beginning it was recognised that a major difficulty for Stewart in the past was returning from leave. This was an area which Wellington tackled and after an initial period had some success. In general, staff felt that Stewart was making some commitment to Wellington. He responded well to counselling sessions and was able to explore family and social issues in some depth. This would appear to have had some effect on Stewart's behaviour. By this stage in Stewart's career in Wellington, the prognosis appeared more favourable than had been originally anticipated.

On the 23/8/85 Stewart went home on weekend leave but failed to return at the appointed time 26/8/85 and was posted as an absconder. He was apprehended by the police 17/10/85 and appeared the following day at Dundee Sheriff Court charged with THB. The sheriff remanded Stewart in custody on an unruly certificate to seek the panel's advice as to an appropriate disposal.

At the time of admission the professional opinion was that Stewart would reside at Wellington until Christmas 1985. It was hoped after this time that he would be able to secure employment and return to stay with his family. Stewart's prolonged absence from the school (9 weeks) has clearly affected our initial plans. Due to his age he is required to attend an educational establishment until Christmas 1985, and has expressed a desire to return to Wellington in order to do this. Considering his present position this is hardly surprising Wellington would not be in opposition to Stewart's expressed desire to return to the school but it is recognised that little more than completing his formal education shall be achieved.

Having considered all the factors it would seem appropriate to base their decision on the information to hand and the discussion that will occur at the hearing. A member of school staff will be available to discuss further.

9 May 1985

To: The Reporter, Dundee District, 91 Commercial Street, Dundee

REPORT FOR CHILDREN'S HEARING FOR ADVICE TO THE SHERIFF COURT

STEWART FRASER (5.12.69)
94 Tullideph Road, Dundee

DATE OF ADMISSION: 29.3.85

Stewart was admitted to Wellington School on Friday 29 March 1985. His transfer from Burnside to Wellington was somewhat turbulent which created a great deal of anger and resentment on Stewart's part. However he was soon to recover from this. In the beginning there appeared to be an initial reluctance from Stewart to commit himself to Wellington and there seemed to be a desire to be within secure accommodation. Over the past few weeks Stewart has settled well, is generally more open and appears to be committed to work.

His relationship with his peers is favourable and he seems to have settled into the unit with little difficulty. As yet he plays no specific role within the group, tending to relate to the older and more mature boys. With adults Stewart's relationship is developing and he is now beginning to engage on more than just a superficial level. Stewart is able to interact with staff in both a one to one and group situation.

Stewart's home situation appears to be stable and his relationship with the family is reasonably good. However on his first weekend leave from Wellington, he went out drinking and his whereabouts were apparently unknown to the family for most of the weekend. This is a recurring and worrying pattern concerning Stewart, namely that when he gets involved in drinking escapades with his friends he cannot return and face his family.

At the end of this weekend Stewart failed to return from leave. He managed to get to the railway station but then absconded. He returned to the school three days later having been charged with two cases of theft by housebreaking and one of loitering with intent.

We recognise that Stewart's return to school is one of his major difficulties. A major task is therefore to break Stewart's cycle of non return from leave in an attempt to establish a regular leave pattern. Furthermore Stewart requires consistent counselling in his use of time whilst on home leave and his attitude towards alcohol requires to be challenged.

To enable us to offer continuing support for Stewart, it is respectfully requested that perhaps a deferred sentence for a period of six months would be appropriate on this occasion.

To: The Reporter, Dundee District, 91 Commercial Street, Dundee

REPORT FOR CHILDREN'S HEARING FOR ADVICE/TO THE SHERIFF COURT ON THURSDAY 6 JUNE 1985

STEWART FRASER (5.12.69)
94 Tullideph Road, Dundee

DATE OF ADMISSION: 29.3.85

This report should be read in conjunction with the report dated 9 May 1985. The panel will be aware that Stewart absconded prior to his last Hearing on the 9 May. He was apprehended by the Dundee police 11 May and placed in Burnside Assessment Centre pending his return to Wellington. The following day he absconded from Burnside and later phoned his mother requesting that she arrange his return to Wellington. This she did, and he arrived at Wellington at 3.30pm the same day. He quickly settled into the school routine again and presented the type of response as indicated in our previous report.

Stewart was allowed home on weekend leave on the 24 May. In an attempt to break Stewart's cycle of non return and to emphasize parental responsibility, Mrs Fraser was requested to assist Stewart to the railway station and the result of this was successful.

Stewart responds in an honest and open manner in his weekly counselling sessions. On these occasions he has been able to explore his attitude towards cultural drinking with his peer group in Charleston and how he generally spends his time. This has allowed staff to challenge some of Stewart's attitudes in an attempt to resolve some of the difficulties previously experienced. The most positive aspects of these counselling sessions has been the high degree of honesty expressed by Stewart.

It is respectfully requested that the panel members consider advising the sheriff to dispose of the matter by means of a short deferred sentence (6 months) as indicated in our previous report.

Dear Mr. Gilmour,

Re: Stewart Fraser, d.o.b. 5.12.69

Thank you for sending details of Stewart's holiday periods when it is expected he will be at home. I will endeavour to keep in touch with Stewart during these times taking into account my annual leave which covers the period 12.7.85 to 6.8.85.

Should you wish to contact the Department during this time, please ask for Mr. Alan Wallace who will liaise with the Duty Senior if necessary.

Yours sincerely,

Janet Smith

Social Worker.

If calling or telephoning please ask for:–

FILE

WELLINGTON SCHOOL

EDUCATION REPORT FOR REVIEW: 29.5.85

STEWART FRASER (5.12.69)

Stewart was admitted to Wellington School on the 29 March 1985. He had previously spent most of the last 2 years at Rossie School, every attempt to re-integrate Stewart into mainstream schooling coming to grief because of his truanting and offending. Stewart appeared to enjoy the structured situation, devoid of outside social pressures that was supplied within the closed unit placement at Rossie. He had no problems in class and was described as an able pupil with consistent high standards.

Stewart has completed his assessment period and the reports from the various departments are as follows:

VOCATIONAL

Motor Engineers: Stewart has made a quiet start but was very helpful and works well. He had some difficulty relating to the other boys in the department and may take some time to settle, but could make it if he tries hard.

Builders: Stewart just arrived yesterday and my first impression was that he is quite a reliable lad, quiet but confident.

Engineers: Stewart gives the impression of being a quiet lad who seemed to get on fairly well with most of the boys, but at a distance. He was easy to instruct, being a quick and accurate worker who used most tools with ease and machines with due respect.
Later in the week it became obvious that Stewart was very sensitive and easily hurt emotionally. When hurt in this way he can become quite violent, so care and thought will always be necessary when dealing with Stewart. On the whole, a very good week.

Woodwork: Stewart has worked very well this week, but I do not think that he has enjoyed his work, limited ability.

Gardeners: /

Gardeners: A good assessment week. Stewart is a fine worker no matter the task. He always did a good tidy job and took an interest in what he was doing.

CLASS In the English class Stewart is very pleasant and hardworking if occasionally lethargic. He is coping well with the class work and is an asset to the group. The standard of his written work is quite high and comprehension is very good. He is well accepted by the other boys and appears to be a perceptive boy with a wry sense of humour.

In the Mathematics class, Stewart may put up a token show of protest but will then settle and apply himself to the work asked of him. His attainment in numeracy is well below par. He can, with a fair amount of success, carry out addition and subtraction calculations, but his capabilities with multiplication and division are limited. At present we are attempting to remedy this. His understanding of money, length, and weight is restricted due to the limitations already mentioned. He sets his work out fairly neatly and with help should show marked progress.

To sum up, Stewart is doing well, both in department and classrooms. He has chosen the gardeners as his permanent base and first reports from Mr Noble suggest that Stewart should have no problems there.

REPORT FOR CHILDREN'S HEARING FOR ADVICE TO THE SHERIFF COURT

STEWART FRASER (5.12.69)
94 Tullideph Road, Dundee

DATE OF ADMISSION: 29.3.85

Stewart was admitted to Wellington School on Friday 29 March 1985. His transfer from Burnside to Wellington was somewhat turbulent which created a great deal of anger and resentment on Stewart's part. However he was soon to recover from this. In the beginning there appeared to be an initial reluctance from Stewart to commit himself to Wellington and there seemed to be a desire to be within secure accommodation. Over the past few weeks Stewart has settled well, is generally more open and appears to be committed to work.

His relationship with his peers is favourable and he seems to have settled into the unit with little difficulty. As yet he plays no specific role within the group, tending to relate to the older and more mature boys. With adults Stewart's relationship is developing and he is now beginning to engage on more than just a superficial level. Stewart is able to interact with staff in both a one to one and group situation.

Stewart's home situation appears to be stable and his relationship with the family is reasonably good. However on his first weekend leave from Wellington, he went out drinking and his whereabouts were apparently unknown to the family for most of the weekend. This is a recurring and worrying pattern concerning Stewart, namely that when he gets involved in drinking escapades with his friends he cannot return and face his family.

At the end of this weekend Stewart failed to return from leave. He managed to get to the railway station but then absconded. He returned to the school three days later having been charged with two cases of theft by housebreaking and one of loitering with intent.

We recognise that Stewart's return to school is one of his major difficulties. A major task is therefore to break Stewart's cycle of non return from leave in an attempt to establish a regular leave pattern. Furthermore Stewart requires consistent counselling in his use of time whilst on home leave and his attitude towards alcohol requires to be challenged.

To enable us to offer continuing support for Stewart, it is respectfully requested that perhaps a deferred sentence for a period of six months would be appropriate on this occasion.

WELLINGTON SCHOOL

REVIEW REPORT - 29.5.85

STEWART FRASER (5.12.69)

Originally, Stewart's referral and admission was all about breaking a cycle of offending, use of secure accommodation and failures to return from leave: a cycle which, far from leading nowhere, was indicating the escalating use of closed institutions as a response to Stewart's behaviour.

It is recognised that the difficulty of the task is compounded by a lack of real time in which to achieve it. Xmas 1985 will, however we work, provide Stewart at least with an expectation of moving homewards. Stewart's first leave was a pure continuation of the cycle. However, the success of the second leave has prompted much optimism - just as the first leave generated despair.

MARS are off the scene and the monitoring of Stewart's leave is achieved partly by Janet Smith's involvement and partly by the depth of Stewart's own investment in Wellington i.e. how open and honest he can be with us. In order to concretise this investment, counselling sessions will be formally initiated to allow Stewart to look at the following areas:

1/ Alcohol abuse in relation to Stewart

2/ Use of time whilst on leave

3/ Returning from leave

Discussion regarding leave have taken place and a proposal will be available to the review.

STEWART FRASER (5.12.69)
94 Tullideph Road, Dundee

MEETING TO DISCUSS INITIAL PLANS FOR STEWART IN RELATION TO S/W INVOLVEMENT AND HOME LEAVE

Present:	WELLINGTON	REGION	M.A.R.S. PROJECT
	C Hunter (Depute S/W) T Dougan (Team Leader) J Mitchell(Student S/W)	J Smith - LASW	S Eno D Gordon Mrs Fraser Stewart (pupil)

The meeting commented by looking at the incident which had occurred last weekend when Stewart was refused home leave. There were several factors involved.

1. There was a lack of communication between myself and other staff at Wellington as per the arrangements made with J Smith, LASW.

2. Apart from that agreement there was a confusion between all the workers involved at Dundee and a feeling that no commitment could be made on that particular weekend until roles had been sorted out.

   Once we had cleared the air on this count we set about looking at future plans for Stewart.

An agreement was reached that Diane Gordon and Stewart would withdraw formal contact in the case primarily because the family had requested it but also because Stewart Eno's contact had more relevance when Stewart Fraser was in Dundee and attempting to attend day school. Nonetheless, it was agreed that Stewart could keep informal contact with Stwart Eno if there was any particular activity he might be interested in whilst he was at home during weekends or summer holidays. This acknowledged the fact that Stewart Eno had a relationship with Stewart and that he was still interested in his progress.

It /

It was recognised that one of Stewart's primary areas of difficulty would be in returning from home leave. No-one was under any illusions about this as it was recognised that there were strong pulls to keep him in Dundee. Not the least of these to my mind was Mrs Stewart who although keen to be involved in decisions relating to Stewart exudes an air of controlled anger or resistance to outside interference. I feel that she is keen to have Stewart co-operating but that she will not be able to influence him stronglyin terms of her own ambivalence about him being in care.

It was agreed that Stewart Eno would meet Stewart at his home following his first weekend leave and return him to the station.

All monitoring of Stewart's progress and liaison will be between Wellington, Janet Smith and Mrs Fraser.

.....

is to appear on.....16th. May, 1985.....at....Dundee Sheriff.....Court in connection with the crime or offence of.....Theft H.B. & O.L.P. w/i; Att. H.B. w/i.....

Previous Appearances as known to the Officer making the Report:

INTRODUCTION:

This report is based on contact with Stewart and his family over a period of 19 months. Until recently M.A.R.S. project were involved to a fairly intensive degree and co-operated in working with the family and on individual work with Stewart.

Stewart has had a pattern of truanting from school, offending whilst outwith school and because of absconding from open residential establishments has found himself in the McDonald Wing of Rossie School on 4 occasions. To break this pattern of secure accommodation alternating with the freedom of home a decision was taken at a Hearing on 5.3.85 to place Stewart in Wellington School, Penicuik, where he would get regular weekends home yet still have the controls of a unit such as Wellington.

Stewart failed to return from his first weekend leave and was subsequently detained by police and appeared at the Sheriff Court, Dundee on 25.4.85 on the above charges. He was bailed and returned to Wellington the same day. A Hearing was convened on 9.5.85 to consider advice to the Sheriff but Stewart absconded prior to the Hearing taking place. He was apprehended by the police on 11.5.85 and detained in Burnside. He absconded the following day and was subsequently returned to Wellington at his own request by his parents.

HOME/FAMILY CIRCUMSTANCES:

Mother -	Priscilla Fraser	-	Housewife, 94 Tullideph Road
Father -	Stewart "	-	Deceased 1981
Brother-	William "	(16)	Unemployed, 94 Tullideph Road
Subject-	Stewart "	(15)	Wellington School
Brother -	Philip "	(10)	Attends Ancrum Road Primary
Co-hab -	Mike Quinn		Oil Rig Worker

Mr. Quin and Mrs. Fraser moved with the boys to their present address from the previous Fraser marital home in Charleston. The couple bought this house in an attempt to/

HOME/FAMILY CIRCUMSTANCES/ CONTINUED:

to establish a family group away from the previous ties of Charleston. Present accommodation consists of 1 public room, 3 bedrooms, kitchen and bathroom with access to a floored loft presently used by the family as a games room. The couple made several improvements prior to moving in August last year. This move heralded a greater commitment from the couple to form a family unit although because of work commitments which take Mr. Quin away from home for 2 weeks every 2 weeks Mrs. Fraser is the consistent parent figure, a situation which Stewart uses to his advantage.

BRIEF PERSONAL HISTORY:

Stewart was born the second son of Priscilla and Stewart Fraser and according to Mrs. Fraser was scapegoated by his father from an early age.

Stewart had a reasonably stable childhood although there were considerable parental disputes through the years

Mr. Fraser was killed in a road accident.

A period of disrupted behaviour followed this bereavement and gained momentum on Stewart entering Menzieshill High School,

A pattern of behaviour has so far emerged which indicates that school is a crucial factor to Stewart refraining from offending. Once school breakdown occurs offences follow. This has evoked responses of removing Stewart from home to various residential establishments interspersed with periods at home. Latterly this has meant McDonald Wing Rossie or home.

Following an attempt to integrate Stewart into mainstream schooling at Rockwell and despite tolerance and persistence from school staff a breakdown occurred. To avoid the downward spiral of offences and removal to Rossie the Hearing agreed to Stewart being placed in Wellington. It was hoped this placement would break the recurring polarisation of responses and give Stewart opportunity to choose to change his response to residential schooling.

CIRCUMSTANCES SURROUNDING THE OFFENCES:

Given past experience it was recognised that Stewart might find difficulty in returning to Wellington and plans were made for him to be collected from home. Stewart had not spent the previous two nights at home although had returned for meals and his mother had reports that he was drinking heavily. However he returned on the Sunday evening with the intention of returning next day to Wellington. He absconded at the Railway Station and was apprehended by police and charged with various offences.

Stewart admits he and his co-accused broke into two houses with intent to steal but denies they stole money from an electric meter.

CONCLUSION AND RECOMMENDATION:

Stewart's eventual placement in Wellington followed a long period of work with Stewart and his family where areas of difficulty were identified and tackled in a variety of ways. The recommendation to place Stewart in a residential school was the result of his apparent inability to cope with community education and the recognition that Stewart could not continue to spend his life between extremes of freedom at home and the confines and restrictions of the secure wing at Rossie. Stewart is now at an age where he has to exercise his right of choice and to accept the consequences for that choice. Wellington was seen as giving him opportunity to make choices yet have support and guidance of adults if necessary. Stewart has to also choose to seek that help and it seems he still has difficulty in this area. Wellington are willing for Stewart to remain with them for the rest of his school career but if Stewart continues to abscond and to offend there seems little future for him there. Stewart has to face the biggest choice of his life so far and if he chooses to use the service offered him at Wellington then I would recommend that the Court defer sentence to allow Stewart to demonstrate his commitment to that choice.

MRS. JANET SMITH
Social Worker.

OFFENCE (S) ~~Theft~~ HB with intent to steal
Att. HB with intent to steal.
Con. Sec 57(1) Civic Govt (Scotland) Act 1982.

The Court granted bail and imposed the following conditions namely:-

(a) That the accused shall appear at the appointed time at every diet, including every continuation of a diet, relating to the offence charged of which due notice is given.

(b) That the accused shall not commit an offence while on bail.

(c) That the accused shall not interfere with witnesses or otherwise obstruct the course of justice in relation to himself/herself or any other person.

(d) That the accused shall report to the Court in writing any change of residence immediately it occurs.

(e) That the accused shall make himself/herself available for the purposes of enabling inquiries or a report to be made to assist the Court in dealing with him for the offence charged.

(f)

Failure to observe any of the above conditions is an offence.

The Court authorised the accused's release on his/her acceptance of the above conditions, and on any pre-release conditions being met.

Clerk of Court

I accept my release on the above conditions and acknowledge receipt of a copy of the bail order.

Date 25.4.85 Accused Stewart Fraser

I hereby certify that a copy of the foregoing Bail Order was given to the said accused by me on this date.

Dear Sir,

STEWART FRASER (5.12.69)
94 Tullideph Road, Dundee

I wish to confirm that the above named boy was admitted to this school on FRIDAY 29 March 1985 and his name will appear on our school roll as from that date.

I understand that Mrs J Smith is his social worker and would be pleased if you would confirm this.

Whilst he is in the school Stewart will be in Tinto Unit and any enquiries regarding him can be made to Mr Dougan, Mr Dunbar, Mrs Whiteoak or Miss Carnie the social workers responsible for that unit.

At the time of writing a review of Stewart's progress will be held on WEDNESDAY 29 May 1985 at 1.30pm and it is hoped that Mrs Smith will be able to attend.

Yours faithfully,

J Gilmour

Dear Mrs Fraser

During the period Stewart is in our care we will be providing all clothing for him.

He may wear his own clothing when on home leave or on certain excursions, and although every effort will be made to safeguard his clothing and valuables, the school cannot take responsibility for anything happening to them whilst in our care.

I would therefore ask you to advise Stewart carefully on the clothing and valuables which he brings into the school.

Yours sincerely,

J Gilmour

DUNDEE CHILDREN'S HEARING - Review and Case continued: 5.3.85

REPORT:

on

Stewart Fraser, d.o.b.5.12.69
94 Tullideph Road, Dundee.

INTRODUCTION

At the Hearing on 4.2.85 Stewart was returned home on 44(1)(a) Order and the Hearing was to be continued until 26.3.85 to allow time to assess Stewart's ability to remain within the community and to attend day school through to his school leaving date. This review has been requested because Stewart has failed to attend school and past history has indicated that offences are likely to occur during this time. It therefore seems reasonable to review the options considered at the Hearing of 4.2.85 and to reconsider the decision of that Hearing.

HOME

Since Stewart returned home from Rossie he has presented no problems to his parents. Mrs. Fraser states he is coming in at a reasonable time in the evening and to her knowledge has refrained from committing further offences. The police have questioned Stewart regarding being in town during school hours and have advised him to attend school but Stewart maintains he has not come to police attention for any other reason.

SCHOOL/ATTITUDES

Mrs. Fraser states she gets Stewart up for school in the morning. Although she is aware he is not attending she feels there may be extenuating circumstances for this. Stewart was being treated by his G.P. for scabies so was unable to resume school after the Hearing. On his return to school there was a mix-up with his timetable. He is presently absent because of a suspected urinary infection although she feels he is fit enough to attend school. Mrs. Fraser wishes to persevere with the present arrangements.

According to Mrs. Fraser, Mr. Quin has withdrawn his support from Stewart regarding school because Stewart's failure to attend. He will, e.g. help the boy mend his bike, but generally he ignores Stewart who reciprocates this attitude towards Mr. Quin. Stewart feels he will be able to attend school and finds difficulty in explaining his failure to attend to date, except to say that other children ask

him questions about his reasons for not being at school and he feels the pressure of this.

Stewart availed himself of the assistance of Mr. Eno to return to school but was unable to sustain his presence for more than 2 periods. He feels he no longer requires that assistance and can get back to school now. Stewart confirms that he needs to have no options left before he is compelled to act.

Mrs. Fraser states she gives Stewart no pocket money while he is out of school although she buys him crisps and sweets.

CONCLUSIONS

Stewart may be out of school with good cause and it may help to look at possible reasons for this.

1) The momentum to returning to school was broken first by Stewart's incapacity and then by a mix-up in timetable.

2) Stewart cannot cope with community education.

3) By his actions Stewart is seeking removal from his present situation.

4) Stewart has decided he is not going to attend school because he prefers not to.

5) His failure to return to Rockwell may be a combination of the above.

Options to dealing with the situation were detailed in Mr. Eno's previous report to the Hearing and I should like to add to that list -

1) Special education facilities, i.e. (i) one/one teaching
(ii) selective timetable
(iii) Parkview School.

All of these would have the benefit of Stewart remaining in the community but (i) and (ii) would single him out as having different treatment from the other pupils.While (iii) is worthy of note it must also be noted that this school is in the early stages of development and as yet is untested.

The school report from Rockwell does not indicate a need for special education arrangements being made for Stewart and past attendance at Rockwell also indicates an ability to cope, at least for short spells, with full-time community education.

Stewart has not shown that he is capable of accepting what is on offer at Rockwell and seems unable or unwilling to take advantage of the support offered towards helping him achieve his stated wish to remain at home and attend school.

To avoid this situation deteriorating to the point where Stewart requires secure accommodation I would ask Panel members to reconsider placing Stewart in a residential school where the option not to attend is drastically reduced and pressure is removed from Stewart to explain his behaviour to his peer group.

is to appear on 4th. February, 1985 at Dundee Children's Hearing

in connection with Review by Social Worker

INTRODUCTION:

This Hearing has been convened to deal with an offence of H/B w.i. to which Stewart pled guilty in the Sheriff Court, Dundee, on 18.1.85. It is also to review the current home supervision requirement at the request of the social worker. The review was requested in response to a breakdown in the school situation and prior to knowledge of the offence. Proposed plans were formulated in anticipation of a Review Hearing and were considered as a move to avoid Stewart becoming involved in offences a situation which had been foreseen . However it was not foreseen that this pattern of offending would follow so soon after the school breakdown. The fact that it happened underlines the predictability of Stewart's behaviour and the need to review a future placement for Stewart to break the polarisation which has occurred between security at Rossie School and a home placement.

HOME/FAMILY CIRCUMSTANCES:

Mother - Priscilla Fraser - Housewife
Father - Stewart Fraser - Deceased
Brother - William " - Unemployed
Subject - Stewart " - Schoolboy presently placed at Rossie School, Montrose
Brother - Philip " - Schoolboy, Ancrum Primary
Mother's Cohab - Michael Quin - Works on Oil Rigs.

Mrs. Fraser and Mr. Quin have recently purchased a house in Tullideph Road and live there with Mrs. Fraser's 3 sons. The family moved in August 1984 after considerable

OME/FAMILY IRCUMSTANCES/ CONTINUED:

time and expense spent in alterations before the move. This move has heralded greater commitment from the couple to form a family group and relationships in the family are bonding. The area of control and management of the boys remains with Mrs. Fraser although Mr. Quin has a stronger position in the group but because of work commitments it is Mrs. Fraser who is the constant parent figure in the family. This has proved a difficult area for her although recently she has shown a stronger more consistent approach in dealing with the boys although it is too soon to assess the effectiveness of this change.

BRIEF PERSONAL HISTORY:

Stewart was born the second son of Priscilla and Stewart Fraser and according to Mrs. Fraser was scapegoated by his father from an early age.

Stewart had a reasonably stable childhood although there were considerable parental disputes through the years

Mr. Fraser was killed in a road accident.

A period of disrupted behaviour followed this bereavement and gained momentum on Stewart entering Menzieshill High School

A pattern of behaviour has so far emerged which indicates that school is a crucial factor to Stewart refraining from offending. Once school breakdown occurs offences follow. This has evoked responses of removing Stewart from home to various residential establishments interspersed with periods at home. Latterly this has meant Mcdonald Wing Rossie or home.

Stewart is presently in Rossie following a renewal of a 21-day order first imposed on 29.12.84 and renewed on 15.1.85.

SCHOOL:

Stewart spent less than 3 consecutive months in Menzieshill High School transferring to Rockwell in June 1984 following a return home from Rossie School in April 1984.

This reintroduction to community education was delayed and the intervening time was spent at M.A.R.S. Project with a gradual move back to school one month before the summer holidays. Prior to the start of the new term Stewart was involved in offences and returned to Rossie for a period of 8 weeks while court proceedings continued. He returned home in October 1984 and again gradually reentered full-time education at Rockwell School. The breakdown in school seemed unconnected with any one incident and despite attempts by the school staff and Stuart Eno of M.A.R.S. Project Stewart rejected school. Rockwell staff were impressed by Stewart during his time there and have shown considerable understanding and flexibility in their approach to Stewart.

PROPOSED PLANS:

Following the breakdown in the school situation and given past history which indicated that offences would follow, a meeting was held by the professionals involved with Miss Ann Crawford, Area Fieldwork Manager, Dundee West, to discuss what alternative methods of intervention could now be effectively used. It was recognised that once Stewart started ofending past experience has been that his behaviour deteriorates and offending escalates so that he has to be removed from home. Stewart seems to be able to orchestrate his own removal and by absconding from all 'open' establishments in which he has been placed virtually assures himself of a place in the McDonald Wing.

To avoid this course of action and eliminate the extremes of security or home it was felt a residential school where he would have weekends at home would meet these needs. It seemed that if community school was the trouble and he coped better in small groups such as in Rossie then residential schooling such as previously described would allow Stewart opportunity to break the established pattern. It would give him choice and the responsibility for the consequences of choice, e.g. if he chose to abscond then he would be choosing to accept responsibility for that choice.

Three schools were identified as having something to offer Stewart; St. Joseph's Tranent, Wellington, Penicuik and Loaningdale, Biggar. After visiting these schools with Stuart Eno the school which seemed to offer both suitable education and social work support to Stewart was Wellington. An arrangement was made for Stewart to visit Wellington with his mum and Mike and an offer of a place has now been received.

Stewart's initial response was to dismiss the possibility of Wellington. He felt he would abscond thus conforming to previous established behaviour and also that the school was situated too far from Dundee and home. This view was supported by Mrs. Fraser and Mr. Quin.

Were this place to be accepted then regular reviews would be built in to monitor progress. If Stewart chose to co-operate and not abscond from Wellington he would have weekends at home as well as holiday periods with the possibility of a return to community education for his last school term.

OFFENCE/ ATTITUDES:

Stewart admitted an amended change of H/B w.i. by saying he and his co-accused were drinking with a relative of his prior to the offence. He admits to being under the influence of alcohol but states he was not so inebriated that he could not run from the police. He further states that he and his friend noticed a house without lights and seemingly unoccupied and Stewart broke a small pane of glass in the kitchen and opened the window. Both boys entered and Stewart remained in the kitchen while his friend went upstairs. Stewart saw the police and shouted to his friend who came downstairs carrying a radio/cassette. Both boys ran off leaving the radio/ cassette in the house. They were later apprehended and

FFENCE/ATITUDES/ CONTINUED:

detained overnight in police custody.

When Mrs. Fraser was informed of the incident she went down to the Police Station but was unable to see her son. Stewart's view is that his mother was not pleased with him. He also felt that his removal to Rossie was premature and that action gave him a considerable shock.

He can offer no reason for his actions and does not feel the offence occurred as the result of him drinking alcohol.

ASSESSMENT AND RECOMMENDATION:

Since his mother was widowed Stewart's behaviour has been periodically problematic with ofences such as glue sniffing, theft, H/B w.i., R.T.A., vandalism. These actions are symptomatic of a child in need of care and guidance from significant adults in his life. His mother for the most part was unable to provide this, maintaining she could not control Stewart's behaviour. Statutory controls were slow to act when his behaviour deteriorated and I suspect subconsciously Stewart recognised this, and by experience, found that escalation of offences and deterioration of behaviour brought the security he required, and the abdication of the responsibilities for his behaviour which had been thrust upon him at a time when he was too young to cope with such responsibility. Unfortunately Stewart has orchestrated his move into security via McDonald Wing, Rossie, and sees this as the only alternative when he wishes to have others take responsibility for controlling him.

He prophesises that he will abscond if he were placed in Wellington as that has been his past experience and gives no thought to the element of choice nor of shared responsibility. If Stewart were to experience an existence which allowed him to influence his future without carrying all responsibility for controlling his present he might learn that there need not be extremes, i.e. total responsibility or abdicating total responsibility.

If Stewart continues his present pattern there is every chance he will graduate to penal security. He needs to learn to cope with accepting responsibility for his actions and to se that he need not act in such a way as to merit secure accommodation. I would hope that residential schooling with weekends at home would give Stewart the opportunity to change his pattern of behaviour and I recommend that he be placed in Wellington School, Penicuik, and his supervision requirement varied to 44(1)(b).

Present " ..c/o..Rossie...School,...Montrose..... Marital State.....N/A.....

.....

is to appear on.....24th....April...1984.....at..Dundee..Children's..Hearing....Court in connection with thexcrime:or:offence:ofx..Review..of...Secure..Accommodation..Condition..and..Alleged..Offence Reported by Police.

Previous Appearances as known to the Officer making the Report:

INTRODUCTION: Stewart Fraser has been in secure accommodation in the McDonald Wing of Rossie School, Montrose, since the date of his previous Hearing on 7.2.84. This report is to look at his progress during this time with a view to considering returning Stewart to the community.

HOME SITUATION:

Father - Stewart Fraser - Deceased
Mother - Priscilla " Housewife
Brother- William " - Attends Menzieshill High School
Subject- Stewart " Presently Rossie School, Montrose
Brother- Philip " - Attends Charleston Primary School

Mother's Cohabitee - Michael Quinn, Works on Oil Rigs.

At present the Fraser family and Mr. Quinn live in the Charleston area of Dundee in a top floor four-apartment flat. Mrs. Fraser and Mr. Quinn have recently negotiated the purchase of a house in Tullideph Street but as yet they have no fixed date for entry.

SCHOOL: Since Stewart returned to Rossie on 7.2.84 he has been contained in secure accommodation. His privileges included every second weekend home leave. After one such home visit Stewart absconded just as he was about to be collected by Rossie staff on Monday 20.2.84 at 4 p.m. for returning to school and remained away from home until he was apprehended by police on Saturday, March 3rd. and returned to Rossie. During this period Stewart remained in the Charleston area visiting home and sleeping at the home of nearby relatives. I had contact with Stewart at his home on one occasion that week but could not persuade him to return voluntaril to Rossie. The police were informed of his whereabouts but to my knowledge made no attempt to pick him up. He subsequently committ an offence.

Since his return to Rossie he has made two unsuccessful attempts to break through the roof resulting in him losing all privileges including home leave.

FFENCE/ATTITUDES: According to Stewart the alleged offence occurred on the evening of Friday, 2nd. March 1984. He and his cousin Albert Williams (12), were alone in their aunt's house when Albert went to get bread from a cupboard. He attempted to open the pre-payment electric meter which was situated in the cupboard by using a screwdriver to break the padlock. He was unsuccessful in this attempt. Stewart subsequently broke the padlock with his hand and removed the cash amounting to £48.50 in 50 pence coins. He left the house to visit another relative. This cousin was not at home and Stewart states he spent the rest of his time in Charlest He slept that night in an unlocked taxi cab and went into town on Saturday. He was seen by police outside a chip shop in Gourdie Street and apprehended. Approximately £30 was recovered, the rest having been spent on food, sweets, and gaming machines.

Stewart gives no explanation for this offence and did not conside the ensuing family feelings surrounding such an action. Mrs. Fraser's first reactions were understandably horror at Stewart stealing from a relative who had given him shelter and that she had nothing to offer Stewart and at this point thought Stewart's actions stretched the limit of her tolerance. However, she and the rest of the family have since rallied round understanding that Stewart needed their support more than their condemnation.

SITUATION TO DATE: At the previous Hearing, panel members were made aware of a plann approach involving family therapy sessions at home and at Rossie. Because of Stewart losing home leaves, all these meetings have tak place at Rossie and have required considerable commitment by the Fraser family, and co-operation by Rossie staff, social worker and staff of M.A.R.S. project. There have been six evening meetings to correspond with times suitable to Mr. Quinn who works 2 weeks off-shore and is home for 2 weeks. The whole family have shown over the weeks that Stewart is a much wanted part of their group and through each session have been able to look at the problems, where these problems may have arisen, previous responses to proble and how they may be handled in future.

Alongside these family sessions Stuart Eno has been seeing Stewart Fraser and discussing with him individual issues which he will be reporting to the Hearing.

Mr. Hill, staff member at Rossie, and Stewart's key-worker has bee involved with Stewart during his time at Rossie and has kept in close contact with the situation. He feels that Stewart's behavio in Rossie reached a peak just after his Hearing and then deterior- ated rapidly about the time that focus was intensified on the family. His behaviour has again improved to it's previously high level and may be explained by a clearer commitment of the family to Stewart and a set date for a Hearing.

FUTURE PLANS: If Stewart is returned home then family therapy sessions will resume on a less intensive basis to follow through with supporting and reinforcing the issues discussed at previous sessions and to allow for expression of family fears once Stewart is again in thei midst. The relationship Stuart Eno has formed with Stewart Fraser will give continuity to Stewart returning to the community and hopefully will ease any discomfort Stewart may have during the changeover period.

URE PLANS/ CONTINUED:

In the past school has been a big problem for Stewart and the Education Department have been informed of the situation but will not consider his future educational needs until a Hearing decisio is reached.

M.A.R.S. Project have suggested that should Stewart be returned home without educational provision that they could provide a programme for him as necessary. Rossie have agreed to liaise with Stuart Fno in this so that when educational provision is agreed Stuart Fno can help with introducing Stewart into community schooling.

It has also been recognised that Stewart will require construction to his leisure time and Mr. Quinn has come forward with ideas to include Stewart in weight-lifting classes that he and Billy attend at Ardler Community Centre.

With the family's proposed move there will be plenty to occupy them in the weeks ahead and as the whole family will be expected to participate in these preparations it seems an ideal way of using both Stewart's spare time and energy and in reintegrating him into the family.

ASSESSMENT/RECOMMEND/ ATION:

During his spell in Rossie Stewart has remained in secure accommodation and while physically holding Stewart allowed work with both him and the family, as time progressed, and focus was intensified, Stewart's behaviour deteriorated. As the family sessions progressed and the family's commitment to Stewart was clarified his behaviour correspondingly improved.

What has become clear is that while Stewart has been in Rossie the relationship between the remaining family members gelled. The family had moved on and left Stewart behind until focussing on their situation made them more aware of informing Stewart of changes in the family thus not allowing Stewart to be cut off from them. Mrs. Fraser and Mr. Quinn have made a commitment to each other by the purchase of a house and thus have strengthened Mr. Quinn's role in the family. The danger now is that the family move out of Charleston and into a new life together without Stewart. It will then be infinitely more difficult for this boy to catch up with these changes and space made for him in this group. Now would seem an appropriate time for him to go home when changes are occurring so that in being part of the upheaval he would also be part of the reformed group. These moves also coincide with an anticipated change of school which eases the anxieties for Stewart surrounding such a change. I feel I can give no guarantees as to Stewart's future behaviour nor do I feel that a move home will be without problems. Stewart has had periods in various residential establishments interspersed with home placements and a common theme throughout has been absconding, glue sniffing and offending. These incidents have been viewed by workers as indicative of Stewart feeling left out of the family and is his way of drawing attention to the fact.

The difference in Stewart moving home this time is that the whole family have banded together to claim Stewart and are motivated to keeping him at home. To reinforce their resolve a support programm will be in force during the relatively quiet times as has been the pattern/

SESSMENT/
COMMENDATION/
CONTINUED:

pattern in the past and the problematic times to come, and will remain for as long as necessary.

I therefore recommend that Stewart be returned home and his supervision requirement varied to 44(1)(a).

Dear Parent

When new pupils come to this school we like to know about their health so that the school doctor and staff can take steps to see that any treatment needed is continued or that expert advice is sought. The inside pages of this letter ask a number of questions about your child; the answers will help us to keep him/her in the best possible health and I would be grateful if you would fill in the form so far as you can.

You will always be told as soon as possible if your child is ill while a pupil at the school but there may be circumstances where early treatment may be required. At the back of this letter there is a form which you are asked to sign to authorise the school doctor to provide medical treatment, including where appropriate a specialist's advice, and to authorise emergency treatment in situations when it may be impossible to contact you quickly enough.

Children can be protected against some illnesses by immunisation. It is very important that older children should be immunised against poliomyelitis, tetanus (lock-jaw), tuberculosis (at age over 12 years) and german measles (girls over 11 years). I should be glad to have your agreement to your child being protected against these diseases.

When you have completed the forms please return them to me. Thank you for your help.

Yours sincerely

J Salmond

FORM OF CONSENT

I consent to my child Stewart Fraser
receiving any necessary medical or dental treatment (including emergency medical or surgical treatment if this is urgently necessary) while a pupil at Wellington School.

I also consent to my child being immunised against poliomyelitis, tetanus, tuberculosis or german measles (girls only) when considered necessary by the school doctor. *

Date 9-4-85

Signed X Mrs P Fraser

* if your child has already been immunised against tuberculosis or german measles please cross them out.

ACTIVITIES CONSENT FORM:

WELLINGTON
..... SCHOOL

In addition to the normal pursuits of gymnastics, football, swimming and cycling, residential schools provide a range of outdoor facilities such as camping, hostelling, sailing, canoeing and hillwalking. This makes life more interesting and adds a little adventure to the routine of the school. All precautions possible are taken in these pursuits and each activity is taught and supervised by a capable Instructor.

Should you wish your child to participate in any or all of these activities please sign this consent form. Should you have objections to your child taking part in any particular activity, please note it on the bottom of the form and sign.

I give my consent for Stewart Fraser ..... to take part in the above activities.

Date: 9-4-85 ..... Signed: Mrs P Fraser .....

NOT TO BE COMPLETED WHERE PERSON IS RESIDENT IN DISTRICT FOR LESS THAN 3 MONTHS

TO BE COMPLETED IN INK

SURNAME (Block Letters) Mr Mrs Miss	FOR OFFICE USE

IF SUPPLYING DRUGS		IF CLAIMING A RURAL PRACTICE PAYMENT	miles
enter 'D' here		enter distance from main surgery to patient's residence	

DO NOT DETACH

* IF YOU DO NOT KNOW YOUR NATIONAL HEALTH SERVICE NUMBER PLEASE COMPLETE THIS SECTION. (The number was your former National Registration Identity Number and should not be confused with your National Insurance Number eg AB/12/34/56/C.)

The answers are needed to trace your National Health Service number which enables a new medical card to be issued and ensures that your medical history is forwarded to your new doctor. It is in your interest to hold a medical card showing your current registration and your NHS number in case your doctor, dentist or optician asks to see it.

If you were born in the United Kingdom after 29th September 1939:

Office where birth was registered STEWARTS X DUNDEE X (Block Letters)
