Notes: Case reallocated to David Sinclair, Addiction Nurse, NW ADRS, David to liaise with Jackie Murphy for handover.			
22/02/2023	Transfer/ Closure Summary	Amy ROBERTSON	Social Worker
Notes: Kate received CPO on the 24th February 2022 - 12 month supervision and £100 compensation order for offences of Assault and robbery. On the 22-08-22 Fines enforcement verified that Kate had no outstanding fines. Prior to commencing this CPO, Kate was on prior order for assault (taxi driver) prior to this, her drug misuse had been significant, also experiencing a drug psychosis. In December 2021, Kate entered 218 project and successfully completed six months. She completed group work programme, recovery programme and engaged with mental health, including psychological input. She integrated back into the community well and gained new tenancy at Vaila street which assisted in her recovery. As such there have been no issues during this order, with Kate successfully building on progress. She is still abstinent and shows insight and knowledge with re-lapse prevention. She has worked on maintaining positive relationships and this continues to date. At this present time her risk of re-offending has lowered, given her progress. If she were to re-lapse significantly risk of re-offending in similar circumstances (using violence and aggression for financial gain) will be likely. Order now complete. 21/02/2023	Action Taken/Proposed	Amy ROBERTSON	Social Worker
Notes: Kate text to report she was unable to attend appointment today - due to assisting her partner to hospital. Accepted, given this is final week of order, prior to completion. Will offer last appointment or telephone contact. Amy Robertson Social Worker			
26/01/2023	Offence Focussed Work	Amy ROBERTSON	Social Worker
Notes: Kate attended appointment as arranged. She spoke of her mums death and coping with this relatively well. Still using positive supports and advised she felt more relief, [REDACTED]. Advice and support given. Kate wished to discuss her plans for the future, which again were positive. Preparation done for end of order. Amy Robertson Social Worker			
12/01/2023	Action Taken/Proposed	Amy ROBERTSON	Social Worker
Notes: Kate sent message advising she was unable to attend as her mum died a few days ago and she was with family and felt emotionally unable to attend. Accepted and provided some support also. Kate has positive family members and appear to be coping relatively well given the circumstances. New appointment will be issued in next few weeks. Amy Robertson Social Worker			
08/12/2022	Action Taken/Proposed	Amy ROBERTSON	Social Worker
Notes: Kate attended appointment as arranged. She presented well and continues to progress very positively. Kate's order is due for completion in February 2023. Discussed endings with Kate and feelings regarding her progress and how she will continue this for long term. Kate is very reflective and advises that she has learned to let negative feelings go. She feels she manages her stress far better and also manages rumination well. She continues to spend time with her positive supports. Amy Robertson Social Worker			
06/12/2022	Action Taken/Proposed	Amy ROBERTSON	Social Worker
Notes: Contact made with Kate who advised that she has new phone and in process of syncing this with old phone and therefore did not receive previous appointment text. Accepted this and Kate updated on current circumstances. She is still stable and progressing positively. She has issues with installing cooker and washing machine, but appears to be problem solving this well. No drug use and continues to spend time with positive family and friends. Appointment given for the 8th December. Amy Robertson Social Worker			
02/12/2022	Action Taken/Proposed	Amy ROBERTSON	Social Worker
Notes: Kate failed to attend for appointment. Will attempt to make contact.			
03/11/2022	Action Taken/Proposed	Amy ROBERTSON	Social Worker
Notes: Kate attended appointment as arranged and presented very well. She continues to progress positively and spoke of spending time with positive support network. She is enthusiastic about the future and making simple and realistic goals. She continues to manage tenancy well, although frustrated that her cooker and washing machine won't be fitted by city building, as she moved tenancy. Kate still requires some guidance on how to manage this, but continues to manage stress appropriately. Amy Robertson Social Worker

Notes: 6 Month Review - In attendance Kate, Amy Robertson, SW and TL - Julie Bennett. Kate received 12 month supervision order on 24-02-22 and £100 compensation order for outstanding offence of Assault to Injury. Kate recently completed a CPO successfully, with the offence for the new order predating the previous order. Kate continues to progress positively and in community and had successfully laised with housing association and secured a move of tenancy. She feels this move will be positive to her progress. She continues to use positive supports around her and is enjoying company of her sisters, after rectifying previous fractured relationships. Her sisters are positive and do not condone kate's drug misuse. Kate continues to bve abstinent and attends recovery communities. She has completed various courses and on line courses, which were first initiated in 218. next steps will be to build upon this. Kate has also paid her compensation order in full.No pending matters. Action Plan;1 - Kate to continue in recovery.2 - Kate continue engage with addiction services 3- Monitoring of circumstances4 - Monthly contact

Notes: Kate attended appointment to purchase online goods with argos voucher. It was evident that Kate was stressed and she explained that her gas and electricity were still not working and she was experiencing difficulty rectifying this with suppliers. Assisted her in contacting British Gas who advised her to gain new key card and also topped up her credit. Also rectified gas issue. Kate was content with this and advised about managing stress and anxiety appropriately, as well as praise given she had problem solved majority of her house move. Kate stated she recognises these emotions now and instead of using drugs to 'make them go away', she feels she is able to embrace them, or at least articulate them better. She reported to feeling proud to not have used illegal drugs. Will assist with argos voucher shop next week and four bus tokens given to collect new key card.Amy RobertsonSocial Worker			
05/08/2022	Action Taken/Proposed	Amy ROBERTSON	Social Worker
Notes: Kate attended appointment as arranged. She accepted first formal warning and explained her sister had contacted her to advise she was being treated in hospital. Kate advised she panicked and failed to attend. She also reported to feeling stressed with regards to her house move, but had appeared to have arranged her gas and electricity move, as well as moved the majority of her things. She stated that she had 5 or 6 black bags still to move and no finance to transport this or arrange for a further van removal. She appears to have explored all avenues of asking others for assistance. Fin71 authorised for £20 for Kate to get two taxi's to move last of her belongings. Kate happy with regards to this and noted she had sourced couch donations of her own accord. Kate presented well and reported despite recent stressors she had not re-lapsed. She appeared happy at her progress with regards to this and felt she was managing her emotions well at present, again something she felt proud of. She is still keen to engage in possible scro project when she is settled into new accommodation.Amy RobertsonSocial Worker

Notes: 3 Month Review - In attendance Kate, Amy Robertson, SW and TL - Julie Bennett. Kate received 12 month supervision order on 24-02-22 and £100 compensation order for outstanding offence of Assault to Injury. Kate recently completed a CPO successfully, with the offence for the new order predating the previous order. Kate left 218 Residential in April 2022 after successfully completing 6 month programme. Feedback positive and Kate has remained abstinent. She continues to work with 218 psychologist, however has declined TWG at this time as feels service cannot offer anything additional that she hasn't already engaged with previously. She continues to attend NWADRS and also engages with Recre8 and undertaking college course. Attends Recovery communities/cafes. There has been historic issues with Kate housing, however, through support of Shelter worker she has engaged with Housing worker and move has been accepted. Kate happy with this, but new tenancy offer will not be imminent.No pending matters. Notes: Kate attended at TW today - she had got her appointment times mixed up. I was unfortunately on my way out but we sat and chatted for 15/20 mins or so. Kate is feeling positive since leaving 218, she has training via Lifelink Tuesdays and Thursday and also attends the womans Recovery group on Wednesdays. She is engaging with shelter re her housing matters and Amy Robertson SW is considering an early discharge. As planned we have agreed to meet at Primark at 10.30am this week to spend her vouchers. I have also linked with Amy who has agreed with my thoughts that Kate does not need to remain at TW for any length of time and that our intervention will be concluded soon Fiona MooneySCOTWG

Notes: Kate attended appointment as arranged. She left 218 last Thursday and her gas meter has been rectified. her boiler was also broken, however, she has managed to organised an engineer to fix this and liaised with her housing officer. ROL has been moved to her new tenancy without issue and she is complying with this. Since been in the community she has continued with college course. Also has attended recovery communities and cafe's on a Friday and Saturday and has visited her mum in care home with sisters. her sisters have invited her out for dinner and other positive occasions. Kate is attending TWG on Monday and is keen to continue work offered with psychologist at 218. She has been offered job as catering staff by old colleague at science park in Maryhill. Kate is contemplating this, but feels she wishes to continue with college and community supports. If she does not take this, she feels she will have further opportunities in future.Amy RobertsonSocial Worker

Notes: 7/3/22, Isabelle Laird, Social Care Worker - Update received from 218 Project - KG has been on her 7th week of reintegration she has attended TW met up with her keyworker also attended recovery cafes and had review this week where we discussed her housing situation and also white goods Kate will need to get community care grant have also had information back from Shelter that Kate has been placed on band C list however have had conversation with Kate that she is due to leave here by the end of March and that she may have to go back to her flat whilst waiting for new tenancy she was a bit annoyed however has accepted this may be the case she has spoken with Isabell laird about her utilities and she has informed that she will support her with any costs has also discussed her utility arrears with advice agency through her worker at TW Kate has also been attending the TPS connects this week x 2 she is enjoyi8ng this and wants to keep this as a regular part of her reintegration. There has been a report that when Kate returned from her reintegration on Thursday she tested positive for morphine x2 she disputed this and was tested the following morning and this test result was negative, due to this Kate has been given a 5 day condition of stay which means that she would be supervised on her reintegration Kate declined going to her meeting on Saturday and also her home on Sunday she was negative about the service in front of the other women at the weekend and writer and SCO Sandra spoke to her regarding this she tried to be more positive after this. Sandra SCO completed the community care grant/welfare fund with Kate.

Notes: 4/3/22, Isabelle Laird, Social Care Worker - Message received to telephone Kate. Telephoned Kate at the 218 project, she spoke at length about being dip tested after returning form hours out and the test showing positive for morphine. Kate was adamant she hadn't taken anything but three tests yesterday showed positive then she was tested twice this morning and both tests were negative. Kate spoke about this had impacted on her. Kate asked about getting a £50 Primark voucher for clothes as she has put weight on. I advised Kate I would make enquiries and get back to her. Made enquiries with my colleagues who advised that another client had obtained a Primark voucher from their criminal justice worker. Telephoned Kate and advised her to ask her criminal justice worker.			
28/02/2022	Action Taken/Proposed	Fiona MOONEY	Social Care Worker
Notes: Kate attended today at TW - she was 30 mins late and stated that she found it hard to get a bus. I askwed for an update on current issues in terms of housing/utilities/218 etc. Kate had the meeting I had set up for her with G-Heat and the issues with her utilities is now in hand. Shelter have also stepped in to support with her move on and Kate has had a prospects interview in relation to this. Kate is now focussing on trying to source funding primarily for clothes as she has gained a lot ofn weight since entering 218. She was not keen on the idea of primark vouchers and stated that she will use money from LPF to get joggies (presumably so they are by a designer of her choice) I advised Kate that I would not be requesting money for clothes via the LPF given she will (hopefully) soon have a new tenancy to furnish and she will also be getting backdated money so she can manage this herself. Review took place in the afternoon confirming above info. Kate has been doing well in 218 and we discussed newly imposed RLO (3 months) and new CPO. She has been enagaging well with staff and feeling more positive so things are moving in the right direction. I have advised that Kate has spoken about being keen to engage in a variety of comm supports and training resources not only recovery Fiona MooneySCOTWG

Notes: Kathleen came into appointment as arranged. She is coping well with family bereavement and sisters and brother providing support. She saw her mum yesterday in care home and this has provided her with positivity and motivation to make change. Kathleen advised that she has thought about 218 more and feels residential may be an option to her in terms of a safe environment to detox from Valium and methadone and also start to deal with past trauma appropriately. She still wishes to engage with Tomorrow's Women. Liaised with Fiona Mooney TWG and also will submit referral to 218.Amy RobertsonSocial Worker

Notes: Miss Greenhill received a CPO on 23-04-21 for assault to injury and S38. Offence was against a taxi driver and occurred at the time, Miss Greenhill suffered a drug induced psychosis in 2020. Miss Greenhill has 12 months supervision and electronic monitoring which has now been completed without issue. At present, Miss Greenhill reports only diazepam use and has reduced this to 4 a day. She is linked in with NWADRS, addiction worker - Isabelle laird. Recent liaison with addictions have occurred and requested further input with Miss Greenhill to assist her to further reduce diazepam safely. Miss Greenhill has linked in with NW Recovery Communities. Now that her tag is complete, she wishes to attend meeting/sessions in the evening time, as well as during the day to gain more peer support and to add more structure to her day. Miss Greenhill advises no other drug use and harm reduction has been given via addiction services, as well as through supervising officer. At present, Kate is due to link in with Nwadr for further medical assessment and input to reduce diazepam further. No current concern with engagement, although missed appointments at beginning of order. This has been rectified by Kate and she is aware of consequences of not engaging with supervision.Action Plan;1 - Kate to contact and engage with NWADRS, regarding detox and harm reduction.2 - Referral to Tomorrow's Women3 - Kate to link in with Recovery Communities4 - Offence focused work5 - Monitoring of circumstances

Notes: Kathleen attended appointment as arranged. Re-iterated terms and conditions and further failures to attend without reasonable excuse would likely lead to formal warnings. Went over a supervision action plan and Kate in agreement for addiction input and follow on services. She advises she is using illicit diazepam every two to three days. Harm reduction was offered and also advised that writer would liaise with addiction worker. Kate advised that she also hallucinates in evenings sometimes and see's 'dead people' on couch next to her. Kate presented as lucid and coherent and able to communicate/problem solve of her own accord, therefore no immediate concerns. Asked if she thinks this is connected to diazepam use and Kate minimising this, feeling it may be her mental health. Advised that illicit substances effect mental health and Kate considered this. Notes: Police Concern Report received 29/07/2020. VPD; 1382566. About 0730 hours on Wednesday 29 July 2020, a report was made to police that a female was within the communal close area of 1909A shouting and causing a general annoyance. Police attended and observed Kathleen Greenhill within the common close area, she presented extremely distressed and confused. On speaking to Kathleen it was clear she was hallucinating and believed she was speaking to people that were not present. Kathleen explained to police that since being released from prison in June 2020 her mental health has drastically deteriorated and that she is constantly hearing voices in her head telling her to do things. Kathleen stated to police she believed she needed professional help as was struggling to cope. Police contacted the Mental Health Assessment Unit, Stobhill Hospital and explained the circumstances. Kathleen was thereafter assessed by staff nurse James Black who thereafter completed the assessment and initially were going to release Kathleen however on further assessment deemed it necessary for Kathleen to be detained. Police witnesses obtained relevant details from the hospital staff and thereafter stood down from locus leaving Kathleen in the care of hospital staff. Forwarded to Core Duty WHC and alerted worker. Notes: Duty MHO call on 30/7/20 from Dr McCarthy, Tate ward GRH seeking MHO assessment for possible STDC of Kathleen who was admitted informally on 29/7/20 following neighbours complaining to the Police about noise and bizarre behaviour. Police brought Kathleen to be assessed at the Mental Health Assessment Unit at Stobhill hospital where she was found to be floridly psychotic, responding to unseen stimuli and in a confused state. she agreed to an informal hospital admission and was transferred to Tate ward GRH but on the evening of 29/7/20 she became increasingly agitated and made attempts to barge past staff and leave, hence she was detained on an EDC. Nursing and Social work notes detail that Kathleen was released from HMP Corton Vale in June 2020 and she has an extensive history of illicit substance misuse, including cannabis, street valium, crack cocaine and previously heroin. Since admission Kathleen has required regular diazepam for agitation and IM midazolam for more severe agitation. Interviewed Kathleen in her room within Tate ward where she was being nursed on constant observations due to her presentation. Kathleen approached nursing staff

seeking reassurance as she believed she had seen her elderly mother wandering around the grounds of the hospital. She had also pulled a panel off the wall, exposing electrical wires which required urgent repair by the hospital estates dept. Kathleen presented as perplexed, confused and to be openly responding to unseen stimuli. she appeared to be responding to a voice other than my own on a number of occasions. She began to pick at a mirror on the wall and when asked what she was doing she said it was something to do with the helicopters. Kathleen was able to tell me that she was in GRH. When asked why she was in hospital she said that she thought she had some kind of breakdown because of all the drugs she took. Other than these two responses, all her speech appeared to be delusional. Kathleen is thought by medical staff to be experiencing possible drug withdrawal as opposed to a drug induced psychosis. She is unable to consent to treatment and is continuing to make attempts to leave. Without compulsory measures it is likely that her mental health would deteriorate further. Consent for STDC granted on 30/7/20 at 13:10 Referral to the advocacy project made on 30/7/20. Allocated worker Jackie Murphy updated. Hazel Macdonald, Duty MHO Arndale CMHT [REDACTED]

Notes: 00:45 - t/c from Dr Amy Cassidy, duty doctor on Tate ward at Gartnavel. Advised that she has just had to put an EDC in place without MHO consent in respect of Kathleen. This followed a period of increasing agitation and bizarre behaviour on the ward which led to Kathleen trying to get out of the doors and having to be physically prevented from doing so by staff. Dr Cassidy noted that Kathleen has a history of poly substance misuse (in particular, cannabis, street valium and cocaine) and is well known previously to addictions services. There would have been concern for her personal welfare should she have been able to leave, and Dr Cassidy felt that it would have been inappropriate to delay to await the arrival of the second on or an MHO. 28/09/2016	Clinic Summary	Jackie MURPHY	Addiction Worker
Notes: attended CAT clinic as arranged. Kate advising that she is no longer using Gabapentin or Pregablin. She is concerned about her mental health but could not say more than she was very anxious to the point that she had taken 7 x 2 mgs Diazepam (prescription) this morning to enable her to come to her clinic. No other illicit use, no alcohol use. Discussed and Kate feels it has been a culmination of events and not using drugs that has caused this. She will monitor her emotions over the next few weeks. No other concerns or issues. To be seen again in 14 days. JM NWCAT.			
14/09/2016	Clinic Summary	Jackie MURPHY	Addiction Worker
Notes: attended CAT clinic as arranged. 20/01/2016	Clinic Summary	Jackie MURPHY	Addiction Worker
Notes: attended CAT clinic as arranged. Medical review. Kate reports that she has started with Phoenix Futures on the RTN group. She will not find out until Friday how many days she will be attending therefore financial assistance in the form of travel may be required. For further information please see medical notes.			
04/11/2015	Concerns/Risk Factors	Jackie MURPHY	Addiction Worker
Notes: t/c from Alan at Phoenix day care. Alan advising that Kate had split up from her long term relationship. Over the last 'couple' of weeks she had become increasingly aggressive and argumentative with staff. Other service users were reporting that she was using Diazepam. She also admitted to smoking 1 bag of heroin last Thursday. She was caught outside smoking a 'joint'. Yesterday she was caught giving Gabapentin to other service users and was asked to leave. Kate is now to be discharged from the service. I will discuss these issues with Kate at her CAT clinic this pm.			
02/11/2015	Casenote	Jackie MURPHY	Addiction Worker
Notes: t/c from Alan at Phoenix day care. Review arranged for Tuesday 10th November at 2.00 pm. Alan reporting that Kate has been quite rude and aggressive to staff over the last week. She has however apologised. Other service users are reporting that she is using Diazepam however Alan cannot confirm this. She was caught smoking a 'joint' outside the building. She also admitted to having smoked 1 bag of heroin last Thursday. However she split up from her long-term partner 8 - 9 days ago and seems very upset at this. Alan feels these incidents are perhaps all related to the end of her relationship. We will try and resolve these issues at the review. No other concerns.			
07/10/2015	Clinic Summary	Jackie MURPHY	Addiction Worker
Notes: attended CAT clinic as arranged. Kate's urine was positive for benzos and Suboxone. She reported that she had taken 4 x 2 mgs Diazepam (prescription) on Friday night. She states she was shocked at her reaction as she was literally 'sliding down the wall'. She can't believe her tolerance is so low. She does not plan to use them again as she did not like 'the feeling'. Attending Phoenix daily and enjoying it, in particular - Recovery through nature which has been taking place in Motherwell recently. Mood good. Looking well. No issues. To be seen again in 14 days.			
29/09/2015	Casenote	Jackie MURPHY	Addiction Worker
Notes: t/c to Kate to advise that I have arranged Naloxone training for her on Wednesday 7th October at 2.00 pm during the clinic. Kate was at Phoenix when I called her she states it is really structuring her day and building up her confidence. She has just commenced an SVQ in employability skills. To be seen again at the CAT clinic on Wednesday 7th October at 2.00pm.			
23/09/2015	Clinic Summary	Jackie MURPHY	Addiction Worker
Notes: attended CAT clinic as arranged for a medical review. Kate requesting Naloxone training. I will link her in for this. Have spoken to Mark Healy and if I get her next appointment time he will arrange for a volunteer to carry out the training at that time. Reports cannabis use only. Has been attending Phoenix for over a week. Initially unsure about it as a lot of service users were discussing drugs and Kate states she is far removed from this stage. However she is determined to continue to attend and has found a few service users at her level and is spending time with them and staying away from the others. She states she is now enjoying it and it has reduced her cannabis use as she is occupied all day. To be seen again in 14 days.

Notes: Kathleen to office on duty basis. She advised that was in earlier today and spoke to my colleague in relation to her housing arrears. Kathleen has now asked the housing association for a breakdown of the arrears as it appears the arrears have accumulated because she did not complete all the necessary housing forms at the time. If this is the case, her allocated worker W Fraser (North CAT) should be able to liase with the housing association to have the arrears sorted out. Kathleen agreed to come back into office on Monday to see W Fraser with the paperwork from the housing officer - Joanna Watson North CAT

Notes: Office visit - Duty: KG was previously in receipt of Job Seeker's Allowance monies. She is now no longer fit to work, and has got a sick line from her GP to support this. KG was last paid JSA 15/02/07 but sum was less than details confirmed by letter. KG has no monies.Despite KG's decision to no longer seek employment, she had not as yet applied for Incapacity Benefit. She did so today 20/02/07 in my presence. DSS will contact her within 24 hours by telephone top further her claim. She needs to comply with their requirements in order to receive such monies in future. After much discussion with DSS, confirmed KG's assessment of her current situation not wholly accurate [not intentional, she misunderstood]. KG's JSA entitlement terminated 08/02/07. She will receive her final payment in respect of this by ed of week [23/02/07].I refused to give her any monies in interim period as there were no extenuating circumstances.

20/03/2006	Action Taken/Proposed	John MILLIGAN	Addiction Worker
Notes: Writer saw Kathleen on duty. She advises that she has signed for tenancy in Closeburn St. She has applied for a budgeting loan and been offered £370 pounds which she has accepted. She is concerned that this will not be enough for her to furnish this tenancy as she has been long term-homeless and has no household items to start from. She advises that she did not claim for CCG writer tried to arrange appt with welfare rights worker at Closeburn St but she is on holiday this week so have advised Kathleen to attend at Sunnyside advice centre for assistance with this. Spoke to Kathleen about identify essential items for moving in as she will receive her loan on 23-03-2006 and needs to make earliest possible entry. Gave Kathleen information on Ruchill furniture project and FAB Pad in meantime. Also agreed with Kathleen to arrange for an allocated worker for her as at present she is only involved with clinic. Notes: Kathleen presented on duty appointment claiming destitution. Writer t/c to DSS Kathleen was given £30 crisis loan. Kathleen was also stating that she was struggling to pay deposit for her private let. Writer informed Kathleen to come into duty appt to look at maybe accessing rent deposit scheme or any other available resources. Writer could not deal with this issue on duty appt due to Kathleen having to present to DSS for 4 o'clock. Kathleen was given £2.45 for all day ticket. Elaine McIntyre North CAT.

Notes: Kathleen presented to office looking for finance to go to Addaction Thursday, writer explained a transcard would only be provided for 3 day plus attendance. She is currently residing at 40 Hawthorn St with Margaret Barnes. writer checked system and Kathleen provided with £8 last week and £17 previous week and will discuss with senior tomorrow (at team meeting)			
28/09/2005	Casenote	Michael MCGINLAY	Addiction Worker
Notes: Kathleen presented claiming to be homeless and destitute. firstly asked Kathleen to provide evidence that she had purchased transcard with money given to her from duty worker Marie Brown 21-09-2005. Kathleen produced transcard dated 22-09-2005. in response to housing needs client was directed to Hamish Allen. As Kathleen has presented twice in crisis in last few days the writer telephoned allocated worker Steven McCulloch who intimated that as he is the clinic worker he does not have time to discuss housing needs. Kathleen intimated that she requires worker to attend to her general support needs. advised Marion Green of above in order for Kathleen to be allocated worker. £8 subsistence given m mc ginley scw			
19/09/2005	Concerns/Risk Factors	Marie BROWN	Addiction Worker
Notes: Kathleen called in to see a duty worker as she is presently homeless following an argument with her mother at the weekend. She slept in a close last night, though was scared to sleep because she knew she was vulnerable. She was paid her job seekers allowance on Thursday and gave her mother money for rent and digs and has no money at present. Next payment is not due until Thursday 29th September. Given that she is homeless I advised her to go to the local housing office where she has an existing application form, but advised that they may well send her to the Hamish Allen Centre. Stephen McCulloch is her allocated worker and she is due to see him at the clinic tomorrow. Followign a discussion with Marion Green, it was agreed that £12 be given for a travel card to enable Kathleen to attend the clinic and travel to uplift her methadone. Kathleen has been advised that she will need to produce the ticket if payments are to continue. Also as she has not had anything to eat since yesterday and has no money £5 was awarded for provisions. 	Notes: Katie to office. She has not used heroin for over 1 wk but is still using approx 10-12 df's daily. She is now just waiting to attend her first appt with Milton Clinic on 7 Feb. She claims her GP Dr Brown would not see her to consider putting her onto methadone - she was instead to see his colleague whom she knows does not prescribe methadone. She has refused the 1apt flat in Maryhill area that she was offered as she says it was very poor so she hopes to view another shortly. She is going out with her ex-boyfriend Stephen again which she is happy about. She claims he does not use drugs or alcohol and works full time. She has also been spending more time with her non drug using friends recently. She is still not getting on with her mum and went so far as to say she hates her mum at one point - Katie clearly has issues with her mother. She has also been out a lot over Christmas and New Yr and has been taking ecstasy. Further appt arranged - Joanna Watson North Addiction

Dear Dr Brown

Re: Kathleen Greenhill
CHI: 2302776380
Address: Flat 2/2, 1909A Maryhill Road, Glasgow, G20 0BY

This patient continues to attend the North West Community Addiction Services at: Closeburn Street.

Diagnosis: Opiate dependence on opiate replacement therapy F11.22
Current prescription: Suboxone 4mg daily, 12mg dispensed on Friday
Supervision arrangements: Supervised on day of collection
Pharmacy: Maryhill Pharmacy, Gorston Street, tel 946 1632
Addictions Care Manager: Willie Fraser
Last drug screen: Urine on 04/06/14 positive for opiates, buprenorphine and benzodiazepines
BBV status: HIV negative and Hepatitis C negative on 02/10/13. Patient has completed a full course of Hepatitis A and B immunisation having received the third dose in April 2014.
Impact parental substance use: Patient has no children.

Recovery Plan: I saw her for review today on 04/06/14. Kathleen tells me that her 12 year relationship split up over the weekend. She said that this triggered her to smoke one £10 bag of heroin. In addition she took 16 illicit 10mg diazepam tablets. She continues to smoke cannabis daily, however denies any ongoing opiate or benzodiazepine use. She denies all other illicit drug use. She denies drinking alcohol. Kathleen tells me that she has a supportive family who are available to her at this time.

Kathleen continues to live in a one bedroom council flat. This is her own tenancy and she lives alone. Kathleen does occasionally help in her sister's shop at the weekends, however she has never actively sought long-term employment. Kathleen identifies this being a factor in the break down of her relationship and as a result is very keen to make some changes. Previously she has been employed for a number of years in the catering industry. She would be keen to consider this for the future.

There is nothing criminal pending. She is managing financially on Employment Support Allowance. She tells me that she also receives low rate Disability Living Allowance due to blindness in the right eye following an injury in the past.

Kathleen tells me that her mood has been low over the last few days, however there is no suicidal ideation. She is positive about the future. She maintains good eye contact, is well presented and appropriate throughout the consultation today. I believe that she has restarted the anti depressant medication Mirtazapine.

Kathleen is very keen to engage with Phoenix Day Programme and her care worker Willie Fraser has linked her in and offered her an initial appointment for this. Kathleen is very keen to continue her Suboxone detox, however we have agreed that it would be sensible to continue on a low dose of Suboxone at present due to this recent relapse. We may need to titrate her dose up in the future if there is continuing drug use. We will review her again in clinic on 18/06/14.

If you are considering prescribing other opiates, benzodiazepines or gabapentin/pregabalin for this patient or have any concerns then please get in touch at the number above.

Yours sincerely

Diagnosis- Opiate dependence on opiate substitute treatment F11.22

Current Prescription – Suboxone 12mg daily, 24mg dispensed on Saturday supervised on day of collection.

Pharmacy – Maryhill Gorston Street, [REDACTED]

Addictions Care Manager- Willie Frazer

Urine 04/09/13 – positive for buprenorphine only

Blood Born Virus – Dry blood spot test for blood born viruses taken today 02.10.13. First hepatitis A and B immunisation given today 02.10.13.

Recovery Plan –

This patient continues to attend the Northwest Community Addiction Services at Closeburn Street. I saw her for a routine review today on 2nd October 2013. Kathleen tells me that she has not smoked heroin now for around 4 months since changing onto suboxone from methadone. She does smoke cannabis daily. She last took illicit valium tablets 2 weeks ago. She says that she is not dependent on these and uses them infrequently.

Kathleen is living on her own in a council flat. She has no children and is currently single. She has good supportive friends and family. Within the last week she has rescued a King Charles Spaniel

and this is taking up most of her time. Financially she has rent arrears and has an upcoming appointment with Citizens Advice to discuss this further. She is currently on Employment Support Allowance.

Kathleen drinks very little and only on special occasions. She is a cigarette smoker.

Kathleen does not drive and she is aware of the DVLA rules. There is nothing criminal pending.

Medically, Kathleen is quite well she take ranitidine as required. Her mood has much improved and she has stopped taking her mirtazepine.

Kathleen is keen to continue on her current dose of suboxone while she reduces her cannabis intake and stops illicit diazepam use altogether. We discussed the possibility of engaging with the recovery services or mutual aid and Kathleen will consider this. She would be keen to return to the workplace in the future. We will inform her of her blood born virus screening results at the next clinic appointment along with giving her her second twinrix immunisation.

We will review her again in clinic on 30th October 2013.

If you are considering prescribing other opiates, benzodiazepines or gabapentin/pregabalin for this patient then please get in touch at the number below.

Please do not hesitate to contact us should you require any further information.

Kind regards

Yours sincerely

PART 1 : CERTIFICATE*To be completed by the Medical Practitioner***Detention Criteria****Boxes 1 - 6 must be completed**

As the medical practitioner named on page 1, I declare that I have examined the patient. I am granting this emergency detention certificate because I believe the patient meets the following criteria -

I consider it is likely, for the reasons stated below, that the patient has a mental disorder (see notes at foot).

1 Describe your reasons for believing the patient may have mental disorder, e.g. they may have hallucinations, suicidal ideation, disorientation etc.

- I believe currently experiencing visual hallucinations
- picking up unseen items, pointing to unseen marks on skin
- disorientated in time and place.

I consider it likely, for the reasons stated below, that because of this mental disorder, the patient's ability to make decisions about the provision of medical treatment for mental disorder is significantly impaired.

2 Describe why you believe the patient has SIDMA (significantly impaired decision making ability) as a result of their mental disorder, e.g. that they have no insight into the fact that their hallucinations are part of a mental illness, that they cannot retain information due to memory problems, etc.

- unable to process information due to pervasive psychotic symptoms
- lacks insight into current presentation

I am satisfied, for the reasons stated below, that it is necessary as a matter of urgency to detain the patient in hospital for the purpose of determining what medical treatment for mental disorder the patient requires.

3 Note the reason for urgency, e.g. that the patient is trying to leave at present, or stating that they are going to leave; also, e.g. that detention is necessary to assess what medical, social and nursing needs the patient has.

- patient actively trying to leave the ward whilst agitated and disorientated
- detention necessary for the assessment of possible mental disorder / psychotic presentation and the medical management of agitated state

Notes

As detailed in section 328 (2) of the Act, a person is not mentally disordered by reason only of any of the following: sexual orientation; sexual deviancy; transsexualism; transvestism; dependence on, or use of, alcohol or drugs; behaviour that causes, or is likely to cause, harassment, alarm or distress to any other person; acting as no prudent person would act.

PART 1 : CERTIFICATE (cont)

To be completed by the Medical Practitioner

Detention Criteria (cont)

Boxes 1 - 6 must be completed

I am satisfied, for the reasons stated below, that if the patient were not detained in hospital there would be a significant risk -

- ☒ to the patient's health, safety or welfare
☐ to the safety of any other person.

4 Give evidence of the risk, e.g. 'has suicidal ideation', 'would not be aware of common dangers' etc., remembering to shade one or both of the circles above.

- disorientated in time/place so would be unaware of common dangers and unable to keep herself safe.
- drug use prior to admission → would be an ongoing risk and likely has contributed to current presentation

I am satisfied, for the reasons stated below, that making arrangements with a view to the granting of a short-term detention certificate would involve undesirable delay. Give details of efforts which were made with respect to granting a short-term detention certificate

5 Would it take too long to get an AMP (Approved Medical Practitioner) to assess for STDC, how long would it have taken, why is this delay undesirable? What risks might be posed by waiting? Give details of attempts to get an AMP (phone number called, number of attempts, times of calls, length of wait for response). Delays relating to MHO attendance should be noted in box 7.

- situation has escalated and patient requires immediate action to stop her from leaving the ward.
- out of hours - on call MHO contacted at 0030 on another call and will phone back

Please give details of the alternatives which you considered to the granting of this certificate. Why is informal/voluntary care not appropriate?

6 Is there no safe alternative management plan other than involuntary inpatient hospital management? What other options have you considered?

- no safe alternative management plan due to risk profile
- requires monitoring for physical health as in acute withdrawal state

Complete A or B as appropriate

eg Glasgow City, City of Edinburgh, Highland, Scottish Borders, etc (the word "Council" can be omitted)

7

B At the time of this certificate being signed this patient was not in hospital.

Please state where the patient was when the certificate was granted (location/address) and provide details of transportation and accommodation arrangements which you have made with respect to transferring the patient to hospital.

8

If applicable, you MUST provide these details. Usually escort is provided by the receiving hospital.

PART 1 : CERTIFICATE (cont)**To be completed by the Medical Practitioner****Certification**

☒ So far as I am able to ascertain, immediately before the medical examination was conducted, the patient was not detained in hospital under the authority of :

- (a) an emergency detention certificate;
- (b) a short-term detention certificate;
- (c) an extension certificate;
- (d) section 68 of the Act (extension of short-term detention pending determination of application for compulsory treatment order);
- (e) a certificate granted under section 114(2) or 115(2) of the Act. (Compulsory treatment order: detention pending review or application for variation, or interim compulsory treatment order: detention pending further procedure).
- (f) a certificate granted under section 113(5) of the Act (non-compliance with order).

The medical practitioner must now give this certificate to the managers of the hospital (e.g. the bed manager or the senior nursing page holder) in which the patient is to be detained. Failure to do so may invalidate the detention (see notes).

Notes

The emergency detention certificate must be granted:

- i) before the end of the day if the examination was concluded by 8.00 pm; or
- ii) within 4 hours if the examination concluded between 8.00pm and the end of the day.

If the patient is not in hospital immediately before the certificate is granted, the patient's detention in hospital under the authority of this certificate is only authorised if the certificate was given to the managers of the hospital before the patient was first admitted to hospital

If the patient is in hospital immediately before the certificate is granted, the medical practitioner shall as soon as practicable after granting the certificate, give the certificate to the managers of that hospital.

PART 1 : CERTIFICATE**To be completed by the Approved Medical Practitioner****Detention Criteria**

As the AMP named on page 1, I declare that I have examined the patient. I am granting this short-term detention certificate because I believe the patient meets the criteria set out in section 44(4):

(a) I consider that it is likely, for the reasons stated below, that the patient has the following type(s) of mental disorder

		Primary ICD 10 Code	
Mental illness	☒ Yes ☐ No	F	2 9 •
Personality disorder	☐ Yes ☒ No	F	•
Learning disability	☐ Yes ☒ No	F	•

Please enter primary ICD 10 diagnosis code for each disorder present.

1 Kathleen has a history of polysubstance abuse. She was recently released from remand in Prison and since then she has been smoking crack cocaine and using street benzodiazepines.

She presents with sleeplessness, agitation, and thought disorder. She is actively responding to auditory and visual hallucination and is mildly disoriented. At this time it remains unclear if this represents acute intoxication, a withdrawal syndrome or a substance induced psychosis.

(b) I consider that it is likely, for the reasons stated below, that because of this mental disorder, the patient's ability to make decisions about the provision of medical treatment for that mental disorder is significantly impaired.

2 Decision making is significantly impaired by thought disorder, along with pronounced visual and auditory hallucination.

PART 1 : CERTIFICATE**To be completed by the Approved Medical Practitioner****Detention Criteria (cont)**

(c) I consider that it is likely, for the reasons stated below, that it is necessary to detain the patient in hospital for the purpose of:

- determining what medical treatment for mental disorder should be given to the patient
- giving medical treatment to the patient.

3 Kathleen requires a period of assessment and treatment most likely with a combination of benzodiazepines and an antipsychotic.

(d) I consider that it is likely, for the reasons stated below, that if the patient were not detained in hospital there would be a significant risk-

- to the health, safety or welfare of the patient
- to the safety of any other person.

4 Kathleen is in a highly agitated state and not able to attend to her own care. She has also recently faced charges of threatening a man with a knife. If not detained in hospital it is likely that she would rapidly deteriorate further with significant risk to her physical and mental wellbeing and possible risk to others.

(e) I consider that it is likely, for the reasons stated below, that the granting of this short-term detention certificate is necessary e.g. explain why the patient cannot be treated on a voluntary basis.

5 Kathleen is grossly thought disordered and distracted by hallucinations she is also mildly disorientated and lacks capacity to consent to treatment on a voluntary basis.

Revocation / Termination

of Emergency Detention / Short Term Detention / Extension Certificate

Instructions

v7.0

The following form is to be used:

to record the decision by the AMP / RMO to revoke an emergency detention, short-term detention or extension certificate, and to give notice of the termination of any of these certificates, whether as a result of revocation or any other reason

There is no statutory requirement that you use this form but you are strongly recommended to do so.
 This form draws attention to some procedural requirements under the Mental Health (Care and Treatment)
 (Scotland) Act 2003. Failure to observe procedural requirements may invalidate the notification.

Where not completing this form electronically, to ensure accuracy of information, please observe the following conventions:

Write clearly within the boxes in
 BLOCK CAPITALS
 and in BLACK or BLUE ink

For example

2 5 MARKET ST

Shade circles like this ->

Not like this ->

Where a text box has a reference number to the left, you can extend your response on plain paper where there is insufficient space in the box. Extension sheet(s) should be clearly labelled with Patient's name and CHI number, and each extended response should be labelled with the appropriate text box reference number.

Dear: Kathleen

I have spoken to my supervisor regarding putting in for the Lord Provost Fund for you. He has stated that I will need to wait until you have lost your appeal on your Community Care Grant application. My supervisor says you should be given a reason why you have been refused.

If you are refused your grant, bring in your paper work refusing you the grant. I will also need to know what benefit and how much you are getting.

I hope you are well, if you need to speak to me you can call Tel No. above

Yours Sincerely

Willie Fraser (Social Care Worker)

Dear Dr Brown

Re: Kathleen Greenhill
CHI: 2302776380
Address: Flat 2/2, 1909 Maryhill Road, GLASGOW, G20 0BY

This patient continues to attend the North West Community Addiction Services at: Closeburn Street

Diagnosis: Opiate dependence on substitute prescribing F11.22
Current prescription: Suboxone 2mg daily
Supervision arrangements: 6 days supervision
Pharmacy: Maryhill Gorston Street
Addictions Care Manager: Willie Fraser
Last drug screen: Unable to provide urine today. Positive for opiates, buprenorphine and benzos on 20/06/14
BBV status: HIV and Hep C negative October 2013. Twinrix three doses complete.
Impact parental substance use: No children.

Kathleen tells me that she has been abstinent from heroin since New Year. She had a relapse in June which was related to her family and housing issues but tells me that she is determined not to use any heroin. She is coping well with her detox. She has a chronic problem with valium and continues to use 14 x 5mg tablets once a week. She claims that she has not used any for the last one month. She also sees cannabis use as her problem as she is unable to stop it. She is currently smoking 5 joints daily.

There are no significant physical or mental health issues. She has been unemployed for the last two years and lives in her own tenancy. She is currently on employment support allowance. She works in her sisters flower shop at weekends and gets paid for it. She admits that her drug use continues and she has no structure to her day. She has agreed to a referral to the day programmes today.

I have advised her regarding addressing her valium and cannabis use prior to further detox. Kathleen agrees to consider this.

Recovery Plan: Address cannabis and valium use and refer to day programmes.

GP Action required: Note above. If you are considering prescribing other opiates, benzodiazepines or gabapentin/pregabalin for this patient or have any concerns then please get in touch at the number below.

Yours sincerely

[REDACTED]

- There may or may not be a history of harm to others, but if there is it is historical or isolated. Routine case management focussing on desistance is indicated.

- Low

Since being subject to her current Community Payback order, 12 month supervision requirement, Miss Greenhill has made great progress in becoming drug free, entering into Turning Point's 218 Residential Programme and engaging with groupwork, looking at addiction, re-lapse prevention and offence focused work. It is envisaged that she will complete the six month programme in approximately four weeks time and continue adding positive structure to her day, including engaging with Tomorrow's Women and college courses. Given her significant changes, she presents at a low risk of serious harm.

Case Management Plan:**9.2.1 Criminogenic Needs (rank order)**

Criminogenic Need	Goal	What work will be done to achieve goal?	Who will do the work to achieve goal?	Timescale
1.Alcohol/Drugs	Miss Greenhill to continue to remain abstinent	Motivational work. Miss Greenhill to continue to attend Recovery Communities, NWADRS and TWG	Miss Greenhill and all agencies involved.	9 months
2. Education /Employment	Miss Greenhill to continue college courses and recreate	Motivational work	Case Manager TWG	9 months
3.Mental Health	Miss Greenhill to continue to link in with Psychological services offered through 218 outreach.	Motivational work to engage.	Case Manager – all agencies involved.	9 months
4. Offence Focused Work	Increase further insight already gained through 218 groupwork.	Journey to desistance or similar.	Case Manager	9 Months

9.2.2 Other Client Non-Criminogenic Needs Requiring Attention

Other Need	Goal	What work will be done to achieve goal?	Who will do the work to achieve goal?	Timescale
1. Housing/Accommodation – Kate applied for new tenancy due to feeling unsafe in current. She is supported by Shelter w]case worker.	New tenancy or manage current.	Liaison with Shelter.	Case Manager	9 Months

COMMUNITY PAYBACK ORDER
under section 227A of the Criminal Procedure (Scotland) Act 1995

Court: GLASGOW Sheriff Court
Date of Order : 23rd April 2021
Offender: KATHLEEN GREENHILL
Address: 2-2A 1909, MARYHILL ROAD, GLASGOW, G20 0BY
Date of Birth: 23/02/1977

Offence(s):
1 ASSAULT TO INJURY BAIL
2 CRIMINAL JUSTICE AND LICENSING (SCOTLAND) ACT 2010 S38(1) BAIL

THE COURT, having convicted the offender of an offence(s) in respect of which a community payback order may be imposed and considering it appropriate to impose such an order in respect of that (or those) offence(s);

AND the court having explained to the offender, in ordinary language, the purpose and effect of each of the requirements to be imposed by the order and the consequences which may follow if she fails to comply with any of those requirements and where provision is made under section 227X of the Act of 1995 for it to be reviewed, the arrangements for such a review;

AND the offender, having confirmed that she understands the requirements to be imposed by the order, being willing to comply with those requirements and where the order is made under section 227A, being willing to comply with each of the requirements to be imposed by the order;

MAKES a community payback order imposing the following requirements on the offender, namely :

Offender Supervision Requirement – Requires the offender to attend appointments with the responsible officer, or another person determined by the responsible officer, at such time and place as may be determined by the responsible officer, for a period of 12 months from the date of this requirement, for the purpose of promoting the offender's rehabilitation;

AND requires the local authority in which the offender resides [or is to reside] for the duration of the order, namely Glasgow City to nominate, within two days of it receiving a copy of this order, a responsible officer for the purposes of the order under section 227C of the Act of 1995;

AND requires the offender to comply with any instructions given by the responsible officer in that capacity; and to notify the responsible officer of any change of address and the times, if any, at which the offender usually works (or carries out voluntary work) or attends school or any other educational establishment.

5(a) Offending Analysis - Current**Analysis of current offence(s)**

Context: Miss Greenhill provided some background information regarding the offence, indicating that in July 2020 she was suffering from a drug related psychosis, requiring hospitalisation. Case records confirm this and noted she was admitted to hospital from the 30-07-20 to 04-08-20, requiring follow up with Community Addiction Team thereafter.

Miss Greenhill reported that on the 15th August 2020 she took a taxi to her friend's home and advised the taxi driver; victim of this offence, to wait whilst her friend provided her with finance for the taxi fare. Miss Greenhill advised that she was not under the influence of drugs, however had had two glasses of brandy. She noted that when she left taxi the victim 'grabbed me' in attempt to refrain her from leaving. Miss Greenhill advised that she panicked and acted in a threatening and abusive manner, shouted and swore at the victim. She also reported that she spat at the victim and attempted to strike him to his head and body.

What is the level of responsibility for the offence?

Miss Greenhill took full responsibility for the charges and advised that she was ashamed and 'embarrassed' by her actions. She did report that her mental health

OFFICIAL - SENSITIVE: Personal Data

had declined at the time of offence, but did not use this to minimise her actions, rather to provide a general context.

What is the level of planning?

Miss Greenhill appears to have reacted violently and in a threatening and abusive manner to a situation she felt she could not resolve in a more responsible manner.

What is the individual's attitude and insight into the offence(s)?

Miss Greenhill is aware that her drug misuse is a factor in her offending/lifestyle. She is aware that this requires to be addressed. In addition, Miss Greenhill advises that her mental health has declined at present and that her friendship group, whom are also involved in a drug/offending lifestyle would not be conducive towards any steps of recovery. At this present time, Miss Greenhill advises that she spends most of her time with her family who appear positive.

What is the level of recognition by the offender on the impact/consequences of the offence(s) on the victim/community?

Miss Greenhill was aware that the victim of the offence was the taxi driver and was able to recognise the short and long term impact her actions may have had upon him.

5(b) Offending Analysis – Previous Offending**What is the pattern/history of previous offending?**

Please see risk assessment below.

6. Personal and Social Circumstances Relevant to Offending Behaviour and Sentencing**Accommodation.**

Miss Greenhill resides at the address known to the court. This is a Maryhill Housing Association tenancy and she has resided here, alone, for the past 11 years. She does have some rent arrears but manages the tenancy well overall.

Significant Relationships.

Miss Greenhill was born and raised in the Possil park area of Glasgow, along with her two older sisters and two brothers. Miss Greenhill's parents worked throughout her childhood and she advised that they were involved in local community groups. She described her childhood as positive and nurturing which passed without incident.

Miss Greenhill's father passed away 18 years ago, reporting that she has still found this bereavement difficult. Her mother has recently been diagnosed with dementia

and Parkinson's disease and has recently been placed into a care setting. Miss Greenhill states that she is struggling emotionally with this situation, describing a very close relationship with her mother. In terms of her siblings, she reports close relationships with her sisters, both of whom work for Glasgow housing associations and own a florist shop. Miss Greenhill states that they support her in a positive manner and do not condone her offending and drug taking behaviour. Miss Greenhill is currently single with no children. She reported that due to her drug using lifestyle, she has witnessed some traumatic events, including finding a friend dead and witnessing a murder.

Training/Education/Employment.

Miss Greenhill reports positive schooling experience both in primary and Secondary. She left at the age of sixteen years with some qualifications. She went onto work as a baker and stayed there for five years, before moving on to further employment within various catering establishments. Miss Greenhill advised that she has worked for majority of her life, until four years ago. The subject advises that she left her last employment due to a decline in her physical health.

Financial Circumstances.

Miss Greenhill advises that she receives Universal credit at £408 a month.

Health.

In terms of physical health, Miss Greenhill advises that she suffered from a 'mini stroke' three and a half years ago. She has arthritis in both knees which is impacting upon her mobility and is also blind in one eye.

With regards to her mental health, Miss Greenhill advises that in July 2020 she was hospitalised due to presenting in a confused state and experiencing hallucinations. Case records confirm this, stating that Miss Greenhill was subject to a short-term detention on the 30-07-20 and assessment indicated that she was suffering from a drug induced psychosis. The subject recovered well and was discharged on the 04-08-20 for follow up with NW Alcohol and Drug Recovery Service whom she was already engaging with. Miss Greenhill advises that her mental health is not good at present and she is suffering from low mood and anxiety. She has been advised that addiction services can provide input through addiction psychiatry liaison.

Drugs/Alcohol Use

Miss Greenhill noted that she has no issues with regards to alcohol use.

The subject began using illegal drugs when she approximately 18/19 years old, before using Valium frequently for six years. The subject reported that she ceased using this drug for a period, however, became addicted to smoking heroin for two years, then diazepam, which resulted in her experiencing drug related seizures. The subject has been on a methadone programme for a period and has been prescribed

I liaised with Miss Greenhill's addiction worker, Jackie Murphy, who advised that Miss Greenhill attended her arranged appointment on Friday the 16th April for assessment. Her methadone prescription has re-commenced, and the action plan is to optimise this prescription and link the subject in with recovery communities. Any other issues with regards to mental health, will be addressed as they arise through NWADRS.

[illegible]

8. Review of Relevant Sentencing Options

Custody.

Miss Greenhill is aware that the court may be considering a custodial sentence. She is apprehensive with regards to this. The court may wish to consider the community-based disposals below.

Community Payback Order

Supervision.

The terms and conditions of a supervision requirement were explained to Miss Greenhill who provided her consent. If the court wished to impose this then the following supervision action plan would likely be implemented;

- 1 – Monitoring in line with national standards.
- 2 – Miss Greenhill to continue to engage with NWADRS and Recovery Communities.
- 3 – Basic offence focused work.

Unpaid Work.

Again, the terms and conditions of an unpaid work requirement were explained to Miss Greenhill who did provide her consent, however reported a reluctance due to her physical health issues. If the court wished to impose this than an appropriate placement would be made available.

As a result of the enhanced Covid 19 restrictions, and direction from the Scottish Government, all Unpaid Work placements across Glasgow are currently suspended pending further notice. In light of this if an Order of Unpaid Work is imposed please note that there is currently no facility for an Unpaid Work placement to be provided. At this time all Unpaid Work clients are being offered opportunities to undertake Other Activity hours (which can be up to 30% of their Unpaid Work Order up to a maximum of 30 hours) pending the recommencement of Unpaid Work placements. As per Scottish Government guidance it is requested that the Court also imposes a minimum of 12 months for any new Unpaid Work Order to be completed.

Restriction of Liberty.

The terms and conditions of a period of electronic monitoring were explained to Miss Greenhill who provided her consent. There would be no issues with regards to electronic monitoring being installed within her home address.

Monetary penalty.

Miss Greenhill stated that she would be willing to contribute towards a financial penalty and/or compensation, however noted that she was financially limited at this time due to contributing towards financial debt and rent arrears.

9. Conclusion

Miss Greenhill is a 44 year old female who reported a lengthy history of drug misuse. Despite this she was able to gain and remain in employment for most of her adult life until approximately four years ago. Since that time, the subject reported becoming addicted to crack cocaine, leading to a drug psychosis in July 2020. She was subsequently discharged from hospital on 04-08-20 and referred to NWADRS. Miss Greenhill has re-engaged with addiction services and reports current relatively stable circumstances, using her family as her main support, thus it is unlikely that Miss Greenhill will cause further imminent harm. She presents as a medium risk of re-offending [REDACTED]

[REDACTED] The relevant sentencing options are highlighted above for the court's consideration.

It is hoped that this is of assistance to the court.

5(b) Offending Analysis – Previous Offending**What is the pattern/history of previous offending?**

Please see risk assessment below.

6. Personal and Social Circumstances Relevant to Offending Behaviour and Sentencing

Accommodation.

Miss Greenhill resides at the address known to the court. This is a Maryhill Housing Association tenancy and she has resided here, alone, for the past 11 years. She reports rent arrears and issues with her gas and electricity. Miss Greenhill has advised that she feels unsafe within this tenancy due to the actions of a neighbour and has requested a move. She is currently being supported by 218 and Shelter in relation to this.

Significant Relationships.

Miss Greenhill was born and raised in the Possil park area of Glasgow, along with her two older sisters and two brothers. Miss Greenhill's parents worked throughout her childhood and she advised that they were involved in local community groups. She described her childhood as positive and nurturing which passed without incident.

Miss Greenhill's father passed away 18 years ago, reporting that she has still found this bereavement difficult. Her mother has recently been diagnosed with dementia and Parkinson's disease and was placed into a care setting last year. Miss Greenhill has struggled emotionally with this situation, describing a very close relationship with her mother. In terms of her siblings, she reports close relationships with her sisters, both of whom work for Glasgow housing associations and own a florist shop. Miss Greenhill states that they support her in a positive manner and do not condone her offending and drug taking behaviour. Miss Greenhill is currently single with no children. She reported that due to her drug using lifestyle, she has witnessed some traumatic events, including finding a friend dead and witnessing a murder.

Training/Education/Employment.

Miss Greenhill reports positive schooling experience both in primary and Secondary. She left at the age of sixteen years with some qualifications. She went onto work as a baker and stayed there for five years, before moving on to further employment within various catering establishments. Miss Greenhill advised that she has worked for majority of her life, until four years ago. The subject advises that she left her last employment due to a decline in her physical health.

With regards to her mental health, Miss Greenhill advises that in July 2020 she was hospitalised due to presenting in a confused state and experiencing hallucinations. Case records confirm this, stating that Miss Greenhill was subject to a short-term detention on the 30-07-20 and assessment indicated that she was suffering from a drug induced psychosis. The subject recovered well and was discharged on the 04-08-20. Whilst in 218 Miss Greenhill has received input from their residential mental health team and receives medication for anxiety and depression. The subject has undertaken Cognitive Behavioural therapy and has also taken a course in understanding Adverse Childhood Experiences (ACE's) and how to increase coping positive coping mechanisms.

Drugs/Alcohol Use

Miss Greenhill noted that she has no issues with regards to alcohol use.

The subject began using illegal drugs when she approximately 18/19 years old, before using Valium frequently for six years. The subject reported that she ceased using this drug for a period, however, became addicted to smoking heroin for two years, then diazepam, which resulted in her experiencing drug related seizures. The subject has been on a methadone programme for a period and has previously been prescribed suboxone. From 2019 the subject reported to using crack cocaine frequently until being hospitalised in July 2020. She reports that since this time and more specifically since her release from prison she has used street diazepam in order to 'calm my head down'. Miss Greenhill also uses cannabis daily.

Miss Greenhill has been detoxed from bvalium whilst in 218 and has maintained 30mls methadone. She has undertaken programmes in 'Pathways to recovery' and 'pathways to discovery'.

Supervision.

The terms and conditions of a supervision requirement were explained to Miss Greenhill who provided her consent. If the court wished to impose this then the following supervision action plan would likely be implemented;

- 1 – Monitoring in line with national standards.
- 2 – Miss Greenhill to continue to engage with NWADRS and Recovery Communities.
- 3 – Basic offence focused work.

Unpaid Work.

Again, the terms and conditions of an unpaid work requirement were explained to Miss Greenhill who did provide her consent, however reported a reluctance due to her physical health issues. If the court wished to impose this than an appropriate placement would be made available.

As a result of the enhanced Covid 19 restrictions, and direction from the Scottish Government, all Unpaid Work placements across Glasgow are currently suspended pending further notice. In light of this if an Order of Unpaid Work is imposed please note that there is currently no facility for an Unpaid Work placement to be provided. At this time all Unpaid Work clients are being offered opportunities to undertake Other Activity hours (which can be up to 30% of their Unpaid Work Order up to a maximum of 30 hours) pending the recommencement of Unpaid Work placements. As per Scottish Government guidance it is requested that the Court also imposes a minimum of 12 months for any new Unpaid Work Order to be completed.

Restriction of Liberty.

The terms and conditions of a period of electronic monitoring were explained to Miss Greenhill who provided her consent. There would be no issues with regards to electronic monitoring being installed within her home address.

Monetary penalty.

Miss Greenhill stated that she would be willing to contribute towards a financial penalty and/or compensation, however noted that she was financially limited at this time due to contributing towards financial debt and rent arrears.

Financial Circumstances.

Miss Greenhill advises that she receives approximately £320 a month in Universal

Credit. She struggles financially and is linking in with a welfare rights officer at present. She hopes to be in employment in the future.

Health.

In terms of physical health, Miss Greenhill advises that she suffered from a 'mini stroke' three and a half years ago. She has arthritis in both knees which is impacting upon her mobility.

With regards to her mental health, Miss Greenhill advises that in July 2020 she was hospitalised due to presenting in a confused state and experiencing hallucinations. She has undertaken programmes in 'Pathways to recovery' and 'pathways to discovery'.

court may wish to consider the community-based disposals below.

Community Payback Order

Supervision.

The terms and conditions of a supervision requirement were explained to Miss Greenhill who provided her consent. Miss Greenhill is due to complete her current supervision requirement in April 2022. She has engaged meaningfully with this order and without issue. Much of her time has been spent within 218 and positive progress has been highlighted throughout this report, including the subject undertaking offence focused group work within the project.

Any future supervision action plans would be limited given Miss Greenhill's progress, however, if the court wished to impose this, then basic monitoring would take place, as well as motivational work.

Unpaid Work.

Again, the terms and conditions of an unpaid work requirement were explained to Miss Greenhill who did provide her consent. She does have physical health issues, including arthritis in both knees, however, if the court wished to impose this than an appropriate placement would be made available.

As a result of the enhanced Covid 19 restrictions, and direction from the Scottish Government, all Unpaid Work placements across Glasgow are currently suspended pending further notice. Restriction of Liberty.

The terms and conditions of a period of electronic monitoring were explained to Miss Greenhill who provided her consent. There would be no issues with regards to electronic monitoring being installed within her home address.

Monetary penalty.

Miss Greenhill stated that she would be willing to contribute towards a financial penalty and/or compensation, however noted that she was financially limited at this time due to contributing towards financial debt and rent arrears.

Deferred Sentence/Structured Deferred Sentence.

Given Miss Greenhill's progress within this current Community Payback Order and within 218 Residential Unit, the court may wish to consider a deferred sentence or structured deferred sentence, for Miss Greenhill to be of good behaviour and to follow through with her good intentions and progress within the community.

9. Conclusion

Miss Greenhill is a 44 year old female who reported a lengthy history of drug misuse. Despite this she was able to gain and remain in employment for most of her adult life until approximately four years ago. Since that time, the subject reported becoming addicted to crack cocaine and subsequently street valium, leading to a drug psychosis in July 2020. She was subsequently discharged from hospital on 04-08-20 and referred to NWADRS. Since being subject to her current Community Payback order, 12 month supervision requirement, Miss Greenhill has made great progress in becoming drug free, entering into Turning Point's 218 Residential Programme and engaging with groupwork, looking at addiction, re-lapse prevention and offence focused work. It is envisaged that she will complete the six month programme in approximately four weeks time and continue adding positive structure to her day, including engaging with Tomorrow's Women and college courses. Given her significant changes, she presents at a low risk of serious harm. Although she is a medium risk of re-offending, this will also reduce if she follows through with her good intentions whilst in the community and for the long term.

The relevant sentencing options are highlighted above for the court's consideration.

It is hoped that this is of assistance to the court.

In terms of employment, Miss Greenhill continues with College course and has continued to complete some Scotvec modules. She advises she has been offered employment through a positive friend but has declined this at present as she feels she requires to concentrate on maintaining being drug free whilst back in the community. It is her intention however, to seek employment opportunities in the future.

Miss Greenhill has been offered continued psychological counselling sessions through 218 psychologist and has attended one of these sessions to date. She wishes to continue this.

In terms of the subject's compensation requirement, Fines Enforcement have verified, as of the 19th April, that the subject has paid £15 towards her compensation requirement and that she has an outstanding balance of £85.00 and no arrears.

Conclusion.

There are no issues or concerns regarding Miss Greenhill's engagement with this order and she continues to progress with regards to remaining drug free and has contributed towards the compensation requirement. Therefore, there is merit in allowing this order to continue.

For the Accused: [REDACTED], Solicitor, Glasgow

At 10.10 the Sheriff charged the jury including in the charge a direction that if they were not satisfied that the Crown had proved the charge of robbery, that it was open to them to convict of the alternative charge of theft. The jury then retired to consider their verdict and the link to the remote jury centre was cut. At 11.31 the jury intimated to the Court that they wish to ask a question. The Sheriff directed the Clerk of Court to reconnect with the remote just centre and ask to the terms of the question which were in the following terms:- "The jury would like to see the video again". The Court re-convened and the video was again played to the Court. At 11.45 the jury again returned to consider their verdict and the line to the remote jury centre was cut. At the link to the remote jury centre was re-connected. At 14.10 the jury intimated that they wished to ask a question. The Sheriff directed the Clerk of Court to reconnect with the remote just centre and ask to the terms of the question which were in the following terms:- "Can you delete words and dates on the charge?". The Court re-convened and the Sheriff directed the jury accordingly. The jury again returned to consider their verdict and the link to the remote jury centre was cut.

The jury by a majority find the Accused guilty in respect of the charge of robbery as libelled under deletion of the words "various occasions between 1 April 2020 and" and the words "both dates inclusive".

AND the court having explained to the offender, in ordinary language, the purpose and effect of each of the requirements to be imposed by the order and the consequences which may follow if she fails to comply with any of those requirements and where provision is made under section 227X of the Act of 1995 for it to be reviewed, the arrangements for such a review;

AND the offender, having confirmed that she understands the requirements to be imposed by the order, being willing to comply with those requirements and where the order is made under section 227A, being willing to comply with each of the requirements to be imposed by the order;

MAKES a community payback order imposing the following requirements on the offender, namely :

Offender Supervision Requirement – Requires the offender to attend appointments with the responsible officer, or another person determined by the responsible officer, at such time and place as may be determined by the responsible officer, for a period of 12 months from the date of this requirement, for the purpose of promoting the offender's rehabilitation;

Compensation Requirement – To pay to the Sheriff Clerk Depute compensation of:
£100.00 for the entitled party of [REDACTED]
Payment to be made on or before 25th August 2022
said compensation to be fully paid in any event within 18 months from the date of the order or at least two months prior to the end date of the supervision requirement above which ever period is earliest;

FURTHER ORDERS that this Order shall be reviewed periodically at a hearing held for that purpose, the first such review to be heard on 21st April 2022 at 09:30AM in GLASGOW, Sheriff Court House, 1 Carlton Place, Glasgow, G5 9DA

AND requires the local authority in which the offender resides [or is to reside] for the duration of the order, namely Glasgow City to nominate, within two days of it receiving a copy of this order, a responsible officer for the purposes of the order under section 227C of the Act of 1995;

AND requires the offender to comply with any instructions given by the responsible officer in that capacity; and to notify the responsible officer of any change of address and the times, if any, at which the offender usually works (or carries out voluntary work) or attends school or any other educational establishment.

Note: _____ (Responsible Officer) of _____ (Local Authority) has been nominated responsible officer in this case.

I confirm that I understand the conditions of the Community Payback Order

623200	B24, 10 Raglan Street, Glasgow, G4 9QL	Miss K Greenhill	INITIAL	13/2/11 00:05am Kathleen Greenhill dob 23/2/77, Ni Number JG824490C presented at HAC as she has exhausted stays with family and/or friends since previous presentation 621129 which only closed on 9/2/11. Circumstances have not changed. Previous tenancy at 61 Closeburn Street 0/1 taken back by GHA due to arrears and aband. Claims JSA from Springburn of £61 per week. Carfirst J46092 shows drug addiction issues and Kathleen is an open case to William Fraser of North CAT. Current methadone use. GP is Dr Brown, Fernbank Medical Centre. Kathleen refused referral to Inglefield Street as she states that she has been attacked previously by residents from there. She would not specify who these residents were and any incident that may have occurred took place in Possil and not at the hostel. All paperwork completed at initial interview and Kathleen allowed to stay in HAC until alternative accommodation became available. Case again opened to North CCT but no appointment made until accommodation secured. MMCD, ESO. Michael McDonald, Hac Casework Service [REDACTED]	2/13/11	MICMCD	Y

623200	B24, 10 Raglan Street, Glasgow, G4 9QL	Miss K Greenhill	CASE	14/02/11 Kathleen Greenhill 23/02/77, nino JG824490C, contact no 0751 1459 860 presented to the NCCT today at arranged appointment time. Kathleen stayed in the Chez Nous guest house last night after staying in the Hamish Allan Centre on Saturday the 12/02/11. Kathleen says that before this she had a tenancy at 61 Closeburn Street, flat 0/1 but was served with either an abandonment notice or an eviction notice in mid December, Kathleen states that she doesn't know which one it was. Kathleen gave her mother Rona Greenhill as her nok - [REDACTED]. GP given as Dr Brown at Fernbank Clinic. Kathleen also has an addiction worker William Fraser based at the North CAT. Kathleen also informed that her benefits had stopped in January for non-attendance of a back to work course, but that she had made a new claim for JSA on the 02/02/11. Kathleen receives a methadone prescription of 50mls per day. Investigating Circumstances letter issued and accommodation continued at Chez Nous Guest House pending investigation. 623200	B24, 10 Raglan Street, Glasgow, G4 9QL	Miss K Greenhill	CASE	28/02/11 Spoke with duty worker at Balmore HA regarding Kathleen's previous tenancy at 61 Closeburn Street, flat 0/1. Was informed that Kathleen had been served an abandonment notice on the flat, that she was being prosecuted for fraud, either benefit fraud or electricity fraud. Was also informed that the flat was in a state of dis-repair and that there was cat droppings everywhere. Informed duty worker to ask the housing officer for that area to contact me as soon as possible. Alan Hamilton, North Casework Service [REDACTED]	2/28/11	ALAHAM	N
623200	B24, 10 Raglan Street, Glasgow, G4 9QL	Miss K Greenhill	CASE	28/02/11 Phoned finance section and enquired if Kathleen had any rent arrears from her previous tenancy at 61 Closeburn Street, flat 0/1. I was informed that her rent account showed that she had arrears for three weeks non payment of rent from the 18th October 2010 until the 8th November 2010. 623200	B24, 10 Raglan Street, Glasgow, G4 9QL	Miss K Greenhill	CASE	01/03/11 Phone call to the Chez Nous guest house to speak to Kathleen, asked her to attend the office on Friday the 04/03/11 at 10am to discuss her case. Kathleen stated that she would attend. Alan Hamilton, North Casework Service [REDACTED]	3/1/11	ALAHAM	N
623200	B24, 10 Raglan Street, Glasgow, G4 9QL	Miss K Greenhill	CASE	08/03/11 Kathleen attended the office today and we discussed her case, informed her that I had spoken with the housing officer involved with her previous tenancy and that I was aware that she had been prosecuted for benefit fraud, electricity fraud and also that the flat was in a state of disrepair due to her cat having littered everywhere. Kathleen admitted to most of this and I advised that whilst I felt if I pursued the investigation I could find a case for intentionality. I informed Kathleen that I felt she lacked the support in her tenancy to sustain it at the time, and she agreed. Informed Kathleen that I would make a TFF referral for her but that she would have to engage with support providers and prove that she was sustainable before any section 5 referrals were made on her behalf. 621129	0/1, 61 Closeburn Street, Possilpark, Glasgow	Miss K Greenhill	INITIAL	13/12/10 Kathleen Greenhill 23/2/77 JG824490C called into the office she was looking for accommodation as she had the locks changed at her tenancy 61 Closeburn Street 0/1 today by the Gha. They had served an aband 2 and have repossessed the flat as kathleen had not been engaging with them about rent and had not responded to the Aband 1. The gas and electricity were off in the flat and it was in a poor condition with cats droppings everywhere per the Gha. I spoke to Gha who confirmed she had a long history of non-engagement dating back 5 years and they will not give her the flat back. She alleges she was not able to deal with all this as she had slipped back into taking herion and was smoking cannabis. We discussed why she had not asked for help and she says she did not know there was anywhere to go. She has no other health issues and has no mental health issues. She is registered with Doctor Brown at Fernbank Medical Centre and Willie Fraser addiction at the Ncat. kathleen advises me she had been barred from benefits for 13 weeks due to non attendance at her job course and has only recently got Jsa of £61 per week. Advised Kathleen the Gha were not wanting to give her house back to her but we would discuss this with them at a later date. Completed paperwork Hsa and mandates. Phoned Inglefield and they will take her but will fax H&S first. Ordered a taxi and when it arrived Kathleen was not at the office door cancelled taxi. 3 Month Review - In attendance Kate, Amy Robertson, SW and TL - Julie Bennett. Kate received 12 month supervision order on 24-02-22 and £100 compensation order for outstanding offence of Assault to Injury. Kate recently completed a CPO successfully, with the offence for the new order predating the previous order.

Kate left 218 Residential in April 2022 after successfully completing 6 month programme. Feedback positive and Kate has remained abstinent. She continues to work with 218 psychologist, however has declined TWG at this time as feels service cannot offer anything additional that she hasn't already engaged with previously. She continues to attend NWADRS and also engages with Recre8 and undertaking college course. Attends Recovery communities/cafes. There has been historic issues with Kate housing, however, through support of Shelter worker she has engaged with Housing worker and move has been accepted. Kate happy with this, but new tenancy offer will not be imminent.

No pending matters.

Action Plan;

- 1 - Kate to continue in recovery.
- 2 - Possibly start Justice Star.
- 3 - Kate continue pay towards compensation.
- 4 - Kate continue engage with addiction services
- 5 - Monitoring of circumstances
- 6 - Monthly contact

6 Month Review - In attendance Kate, Amy Robertson, SW and TL - Julie Bennett. Kate received 12 month supervision order on 24-02-22 and £100 compensation order for outstanding offence of Assault to Injury. Kate recently completed a CPO successfully, with the offence for the new order predating the previous order.

Kate continues to progress positively and in community and had successfully liaised with housing association and secured a move of tenancy. She feels this move will be positive to her progress. She continues to use positive supports around her and is enjoying company of her sisters, after rectifying previous fractured relationships. Her sisters are positive and do not condone Kate's drug misuse. Kate continues to be abstinent and attends recovery communities. She has completed various courses and on line courses, which were first initiated in 218. Next steps will be to build upon this. Kate has also paid her compensation order in full.

No pending matters.

Action Plan;

- 1 - Kate to continue in recovery.

6 Month Review.

Miss Greenhill received a CPO on 23-04-21 for assault to injury and S38. Miss Greenhill has 12 months supervision and electronic monitoring which has now been completed without issue. Since last review, Miss Greenhill has entered into 218 residential centre. her support worker advises she is settling in well and is beginning to communicate positively with others and actively detoxing from Valium. She has no thoughts of leaving and still wishes to complete group work. 218 action plan is to assist Kate with housing issues and also link in with GP regarding physical health. prior to entering 218, Kate as referred to Tomorrows Women. her support worker, Fiona Mooney is actively engaging with 218 and a joint meeting between writer, Fiona, 218 and Kate will occur shortly. TWG will provide follow on support after Kate leaves 218. No concerns regarding engagement with order and Kate clearly able to make positive changes and follow through into action stages of changes.

Action Plan;

- 1 - Kate to continue in 218 residential programme.
- 2 - TWG continue to engage with Kate and provide follow on support
- 3 - Joint meeting with all agencies in 218.
- 4 - Offence focused work - at 218
- 5 - Monitoring of circumstances

Review Discussion

Review discussion

Miss Greenhill received a CPO on 23-04-21 for assault to injury and S38. Offence was against a taxi driver and occurred at the time, Miss Greenhill suffered a drug induced psychosis in 2020. Miss Greenhill has 12 months supervision and electronic monitoring which has now been completed without issue. At present, Miss Greenhill reports only diazepam use and has reduced this to 4 a day. She is linked in with NWADRS, addiction worker - Isabelle laird. Recent liaison with addictions have occurred and requested further input with Miss Greenhill to assist her to further reduce diazepam safely. Miss Greenhill has linked in with NW Recovery Communities. Now that her tag is complete, she wishes to attend meeting/sessions in the evening time, as well as during the day to gain more peer support and to add more structure to her day. Miss Greenhill advises no other drug use and harm reduction has been given via addiction services, as well as through supervising officer. At present, Kate is due to link in with Nwadr for further medical assessment and input to reduce diazepam further. No current concern with engagement, although missed appointments at beginning of order. This has been rectified by Kate and she is aware of consequences of not engaging with supervision.

Action Plan;

- 1 - Kate to contact and engage with NWADRS, regarding detox and harm reduction.
- 2 - Referral to Tomorrow's Women
- 3 - Kate to link in with Recovery Communities
- 4 - Offence focused work
- 5 - Monitoring of circumstances

Agreed contact level until next Review

If Miss Greenhill engages in Tomorrow's Women then Contact with Supervising officer to reduce to fortnightly. However to stay weekly if no engagement due to concerns re illicit diazepam use and associated concerns

Feedback from Service User

Miss Greenhill appears to be engaging well with order. She advises that she is motivated to stay out of prison after an 8 month period in custody. She is open to a referral to Tomorrow's Women and is keen to engage with addiction services around illicit diazepam use. Miss Greenhill highlighted her awareness around the added dangers of street Valium. Miss Greenhill advised the review that she is aware that she can contact her supervising officer for support.

Note: if you are preparing an SCR for an event that is not listed above, then you should not use this form

A social circumstances report must be prepared within 21 days of any of the above relevant events occurring, unless it would serve little or no practical purpose. Have you concluded that a social circumstances report should be prepared?

- ☐ Yes - an SCR following guidelines set out on page 3 is attached
- ☒ No - for the reasons stated below, preparing an SCR would serve little or no purpose:

- 1** SCR not required.
Ms Greenhill was admitted to Tate Ward, Gartnavel Royal Hospital on 29/7/2020 following assessment at the Mental Health Assessment Unit at Stobhill. She had been taken there by the Police who found her outside her home in a confused state and experiencing hallucinations. She was detained on an Emergency Detention Certificate on 29/7/2020 and a short term detention certificate on 30/7/2020. Assessment indicated that Ms Greenhill appeared to have a drug induced psychosis. She recovered and was discharged from hospital on 4/8/2020 with follow up from the Community Addictions team who work with Ms Greenhill.

Dear Dr Brown

Re: Kathleen Greenhill – DOB – 23/02/1977

I saw Kathleen for medical review at the Milton clinic today. She was seen for assessment a week previously at which time she detailed a 6 year history of opiate addiction starting with dihydrocodeine and moving onto inhaled heroin. She has previously undertaken an unsuccessful lofexidine detoxification in Orchard 4.

Kathleen appears to be well motivated and has good family support. Her medical history includes only childhood asthma, a fractured left humerus and a drug related overdose and seizure.

She presented today in marked withdrawals and I commenced her on a buprenorphine prescription which she plans to take to Rowlands pharmacy on Balmore Road. She will be seen daily until her buprenorphine is titrated and we will keep you informed of her progress.

Yours sincerely

When to complete a form

Complete form SMR24 for every 'new' problem drug user that attends your service, at the first face-to-face contact that provides enough information. Include telephone contacts only if enough information can be obtained. Exclude all letter only and third party contacts.

Who completes forms

All medical practitioners and other professionals who are engaged in the treatment of 'problem drug users'.

Database definitions:

Problem drug user Any person who experiences social, psychological, physical or legal problems related to intoxication and/or regular excessive consumption and/or dependence of his/her own use of drugs or chemical substances.

New drug users Those attending the service for their drug misuse problem for the first time ever or after an interval of at least six months.

Illicit drugs Any illicit drug including solvents, tranquillisers and over the counter medicines taken inappropriately. Include alcohol only when used in combination with other drugs. Tobacco is excluded.

Prescribed drugs Include: any drug used in the treatment of addiction, i.e. substitute prescribing, drugs to treat withdrawal symptoms, anti-depressants and anti-psychotics.

Exclude: drugs used to alleviate the medical effects of drug misuse, e.g. TB, abscesses, Hep C.

Please ensure that:

- All mandatory and critical data items are complete: initials, date of birth, sex and main illicit drug (unless drug free) or main prescribed drugs. ISD will contact services if any of these are missing or unclear.
- The initials and 4th character are clearly written in capital letters and in the correct order, i.e. first name and then surname.
- If the postal sector is not specified, it is important that other address items are provided. This will allow derivation of the person's council area of residence, in order to meet requirements for local information.
- There are no discrepancies between the routes of the illicit drugs listed and the injecting details, as they both refer to the person's drug using behaviour during the past month.

30/7/01.
(mon). Kato referred to addiction services by P.R. with client will complete buprenorphine detox on Thursday in 3 days time.

Kato started using drugs at the age of 19, now 24 yrs of age, led up with drug lifestyle and determined to become drug free. This is Kato's second attempt at detox. Sept 2000 first attempted detox, and remained drug free for 6 months before relapsing because that she would benefit from structure and routine on completing her detox. Informal client about Phoenix Day Programme appeared interested, agreed to attend.

Lives in family home with parents. Father has recently been diagnosed with Tumor and is undergoing Radiotherapy. Family under pressure therefore Kato does not want to bother family with her own problems. Family are very supportive, keep close to her. Father and mother re family dynamics. Two older sisters and two older brothers, though all live independently.

although detoxing is managed to sleep at night with help from Valium. No appetite at the moment. Socially Kato has not isolated herself, enjoys active and varied lifestyle.

Given further appointment and have asked that Kato attempt like stay mentioned N.A as support until place becomes available on Day Programme.

P.K.

6/8/01.

Katie on time for appointment & appeared upset & angry, informed me that she didn't complete her detox, and smoked Heroin, feels terrible, thinks she's a failure.

Informed me that she has not used anything for 3 days, feels fine physically though lousy mentally. Still wants to pursue Day Programme.

Went through application for Day Programme asked her life story, may be therapeutic for Kate to write this.

Share anger towards her mum - feels her mother ignored her when she was 13yrs.

[REDACTED] Kate
Searches. Confused and feels very bitter towards her mother & brother. Blames family for her drug use.

Kate informs me that she feels people expect her always to be happy & funny, can switch off other upsetting feelings easily!

Mentioned an incident involving two people that continues to upset her not much, & talk about this though feels guilty & shame about incident and not doing anything about it.

CONFIDENTIALITY

Phoenix House undertakes to keep the information given in this Placement Questionnaire, and supporting documentation Confidential. However, to properly assess your need for support Phoenix House may need to share some information with other Agencies and Projects. Should you decline to approve sharing information, Phoenix House may have difficulty processing your Application.

You probably realise that all workers keep some kind of record about the work they do and the service users they work with. We would like your permission to keep record of:

- The information you give us about yourself.
- Third party information i.e. Social work and Police.
- The work that we do with you.

Some information will be kept on computer along with other records. This information will be analysed but no individuals will be identified in the reports produced.

Collecting information helps us to:

- Be more effective in supporting you.
- Be able to identify what supports and help individuals who have a history of substance abuse require.
- Identify areas of support we need to improve on to provide a quality service.

We will keep all information with your name Confidential to your named worker, Phoenix House as an Organisation and your Care Manager.

By signing below, I confirm that:

- The information given in this Placement Questionnaire is true and complete.
- I give authority for SER and previous convictions to be made available to Phoenix House.
- I give Phoenix House my permission to share ALL, or any part of the information contained in this Placement Questionnaire with other Agencies and Projects, as Phoenix House considers necessary, to permit assessment of my Application to the Community Project.

TREATMENT, CARE AND SUPPORT WHERE IT'S NEEDED

21-03-2006

Re: Kathleen Greenhill Carefirst No.J46092

Kathleen is currently attending Milton Clinic for prescription support Wednesday or Thursday. She has been regularly attending on duty at Closeburn St over last couple of months for support with housing. She has recently signed for tenancy in closeburn St. She is struggling with furnishing/decorating this house and is unclear of how to access financial support for this. She has been offered a £370 loan for this but this will not be enough as this is her first tenancy. I have discussed the benefits of having a named worker with her for support with these and other issues and she would like to be allocated a care manager at this time.

Yours truly,

John Milligan
