15. REPORT (Should normally include sections on (a) Parents/Carers, (b) Marital/Other Relationships, (c) Social Circumstances, (d) Alleged Incident (e) Vulnerability of Child, (f) Vulnerability of Other Children, (g) Resources Available and (h) Action Taken.

Janice Ann usually resides with her parents and younger brother and sister at 6 Skelbo Path, Easterhouse, Glasgow. Following her latest absconsion on Saturday 29/10/88, Janice disclosed the fact that she had twice, during October, been sexually interfered with by her grandfather. On 31/10/88 she was received into care as a result of this coupled with her poor relationship with her mother.

Counselling contrived with Janice Ann and during an interview with the writer on 16/11/88, Janice Ann revealed that she had been sexually involved with another male but would not, at this point, disclose who. During a further interview on 18/11/88 discussing the families' suspicions that Janice Ann had been sexually involved with a male upstairs neighbour - Mr Morton, from whom she is alleged to have received gold jewellery, Janice Ann informed me that the male she had been involved with was her brother Jason [REDACTED]. She advised me that since pre-Christmas 1987 she and Jason had been regularly having sexual intercourse: approximately three times weekly. This she advised me was not always with her consent but regularly featured violence.

I informed my Senior Social Worker and contacted Baird Street Female and Child Unit. Attempts by myself and Constable [REDACTED] to interview Janice were obstructed by Janice's absconsion. She continued to abscond daily until 22/11/88, when during an interview with the writer, she agreed to give the police a statement.

PRESENT ADDRESS

C/O ST. MARY'S

HOME ADDRESS

6 SKELBO PATH, EASTERHOUSE

Janice is currently residing in the Columba Unit at St. Mary's. She has been at St. Mary's for 16 months and has spent the last five months in the non-secure unit at Columba.

Since she turned 16 years Janice was employed in a Y.T.S. workshop. Her attendance, timekeeping and general behaviour at work were without question. Although after a conflict with her parents a situation arose at work which resulted in her losing her job. The significance of this was the emotional effect that her mother's ostracism has on Janice. Her 'acting-out' behaviour must be viewed in context of a girl who receives little or no emotional support from her family.

Over the last few months Janice has been on day leave and occasional weekend leave to her sisters home. On the whole this has been a great benefit to Janice. Although there was an element of resentment from her sister's cohabitee Tom McCondochie. With reference to the Grounds Of Referral it is clear that this mutual antagonism spilled through and led to Janice acting as she did.

Janice [REDACTED] explanation of that night were that Janice was asleep in bed when an argument between Vivienne and Tom erupted. At that point Janice went into the living room and became involved. Janice was found to be in possession of a kitchen knife although she states that she didn't intend using it. This domestic dispute was further fuelled by [REDACTED] the illfeeling between Janice and Tom.

Since this event Janice has had less contact with Vivienne. Janice has had day leave and one overnight. All this contact has went without serious incident. Janice is due to start a further Y.T.S. at the end of July, which she is looking forward to. In terms of future plans for her discharge from residential care there are no immediate or specific plans afoot. It is likely that she move into a independent living flat at St. Mary's as preparation for an eventual discharge from residential care. Although given Janice's background and the various crisis she has created over the last two years there is a need to continue to offer the care and support as well as supervise her day to day activities.

PRESENT ADDRESS:

BACKGROUND

Today's Panel following from an Emergency Hearing on 23rd April 1990, when Janice was released from Police custody, the grounds of referral were Breach of the Peace.

BREACH OF THE PEACE

With reference to the grounds of theft, this occurred after her supported lodging placement failed. The seriousness of her actions and the impact this had on Mrs O'Neil have left Janice with limited options about leaving care. A consequence of this action has meant that she still remains in residential care and it cannot be discounted that this was her intention. Despite this, Janice is still being encouraged to move from St Mary's

These incidents occurred at a time when Janice was feeling extremely vulnerable. Namely that overnight leave to her sister Vivienne's had broken down and once again Janice's contact with her family was precarious. Since then contact with her sister has been re-established.

PLAN OF WORK

Janice's appearance at today's Panel follows a pattern that has been established since her reception into care and the subsequent breakdown of the parental relationships. In general the frequency and seriousness of her 'acting-out' behaviour has lessened over the last six months.

Over the last two years, Janice has had numerous opportunities to enter counselling relationships, both with residential staff, R.S.S.P.C.C. abuse counsellor and Psychologists.

Janice has continually been unwilling or unable to show the necessary trust and confidence necessary for a therapeutic relationship to be successful. Thus there has been little direct face to face work done with Janice. However, while at St Mary's, Mrs Sturrock, Psychiatrist at Douglas Inch Centre, has acted on a consultative basis in Janice's care plan. She has assisted the Unit Staff cope with Janice's outbursts and drawn-up a programme to assist Janice in moving out of the Secure Unit.

/...

JANICE ANN CUNNINGHAM

PLAN OF WORK (cont)

At this stage Janice is living in the Columba Unit at St Mary's, which is an open unit and work is focusing on preparation for leaving residential care. Janice has recently gained a placement at a training workshop under the Youth Training Scheme. Plans for leaving care are continually being explored. It is unlikely that she will reside with family members, thus various independent living options are being explored. However, given the past failure of the supported lodgings placement and two subsequent charges of theft, Janice is very cautious about committing herself to any particular plan. This reference is especially apparent when you consider that Janice still has great emotional/psychological difficulty in coping with the family rejection and their unwillingness to offer her a home.

CONCLUSION

With reference to the grounds of referral, both of these acts almost dictate that Janice remain in residential care. Over the last few months it has been clear that Janice has many anxieties about leaving care and the loss of the various supports that St Mary's offers. Bearing this in mind the Social Work Department still continues to encourage Janice to look at the options available.

Janice is presently in employment and will hopefully gain much needed confidence from this experience. There are no immediate plans for leaving care although referrals have been made for independent living unit and supported lodging scheme. The timing of any transfer will be left to Janice given the breakdown of her supported lodgings placement which was partly due to the stress and anxiety over leaving the safe environment of St Mary's.

To conclude, Janice has been in care for almost two years, the majority of her placements have been at Assessment Centres and Secure Units. Over the last three months she has been at Columba under a 44(1)(b) with the aim of following a gradual and phased discharge from residential care.

DATE OF BIRTH:

PRESENT ADDRESS:

c/o KENMURE, ST MARY'S

HOME ADDRESS:

8 SKELBO PATH, EASTERHOUSE, GLASGOW.

I write in connection with the outstanding grounds of referral, namely House-breaking on 6th February 1990, at Roseanne O'Neil's home, Glenelg Quadrant, Easterhouse, Glasgow.

As you know, Mrs O'Neil is a landlady for the Social Work Department's 'Supported Lodgings' scheme and that Janice had been having overnight leave there during December 1989 and January 1990.

At that stage the treatment plan was for Janice to gradually increase the frequency of leave and have a planned discharge from residential care. However, largely due to external circumstances rather than personal relationship difficulties, a decision was taken to suspend the placement.

With reference to the grounds of referral, Janice accepts the grounds stated. It appears that Janice acted along with others, although she totally denies this and refuses to divulge any names.

The theft was obviously very traumatic for Mrs O'Neil, given that she had made her home available to Janice. A lot of very personal items of jewelry were stolen and never recovered. Janice on her part has refused to acknowledge the emotional impact her actions had on Mrs O'Neil.

At the recent Child Care Review a further rehabilitation package was drawn up. Thus Janice is presently having day leave and occasional overnights to her sister Vivienne's. [REDACTED]

[REDACTED] At the time of the Review it was hoped that this may be a viable alternative to residential care. However we did anticipate that problems would or may be encountered and there is a need to continually update/modify this rehabilitation package.

To conclude, Janice accepts the grounds and continues to have psychological difficulties about leaving care and returning to the community. Thus Janice's actions effectively terminated any ongoing contact with Mrs O'Neil.

Finally, given that there is a forthcoming continuation Panel, these above grounds may be better discussed in that setting. I thus request that the Reporter consider including these grounds and having them dealt with via a Panel.

3. Opinion as to the future development of the child and his/her situation— including views of child/parents.
4. Possible options.

BACKGROUND INFORMATION

At Janice's last review Panel it was proposed that Janice was being considered for a transfer into a supported lodgings placement, it was hoped that by the end of January she would be in a position to be discharged from residential care.

While on placement at Roseanne O'Neil's, Janice encountered various difficulties which culminated in her deciding not to proceed with the placement. The initial problem surrounding her weekend leave was one of absconding. While on leave to Roseanne's Janice invariably ended up staying overnight at her elder sister's house. Latterly Janice was the victim of serious bullying/intimidation by local youths. Ultimately these pressures undermined the viability of the placement and Janice eventually declined the use of the placement.

PLAN OF WORK

Given the breakdown of the supported lodgings placement there has been a need to re-assess future care plans. At Janice's recent Child Care Review there was a consensus of agreement that Janice should be transferred from security.

At this stage there are no alternative resources available that would meet Janice's needs, i.e. supported lodging or independent living units. However the Columba Hostel/ Unit at St Mary's offer an excellent opportunity for Janice to develop the necessary skills and discipline necessary for a successful discharge from care.

Recently Janice enrolled at the John Wheatley College where she is studying a 20 week introductory course on catering. Janice hopes that by August 1990 she will graduate into a full time catering/hotel management course.

CONCLUSION

The decision to request a Review Panel by early February was taken at the last Panel on 19th December 1989, in addition, today's Panel can formally discuss the review of the 58(E) Secure Condition. Obviously it was hoped that Janice would be in a position to move out of residential care and into a community resource. However, it is clear that the long term plans continue to be pursued and that Janice will in the near future be placed within the supported lodgings scheme.

INTRODUCTION/GROUNDS OF REFERRAL

Janice has now been at St. Mary's for nine months. Although there has been a number of incidents/referrals, such as fire-raising and assault to staff, there has been a general decrease in the frequency and ferocity of these behaviours.

Over the last three months, Janice has been charged with wilful fire-raising on the 4th October 1989. Immediately prior to this incident Janice had absconded from St. Mary's. The background to this absconding related to a dispute with her mother, Mrs Grace Cunningham. Thus at the time of these incidents there was a great deal of hostility between Janice and her parents.

PLAN OF WORK

During the last few weeks a community resource has been identified for Janice. This is a Supported Lodging placement and it has allowed Janice to spend overnight leave in Easterhouse.

Janice has now spent six overnights with Roseanne O'Neil, her landlady. In the last sixteen months this has been the only time Janice has had any leave from the residential units.

Since she has been having weekend leave the parental relationship has improved. There is now regular contact between Janice and her family.

FUTURE PLANS / OPTIONS

Janice has steadfastly refused to consider transferring from St. Mary's Secure Unit to their open hostel accommodation.

Thus future plans have to encompass a transfer from Security and a discharge from residential care. The issue of Janice continuing in Secure Accommodation must be based on sound child care principle and not solely on whether her behaviour/ actions merit locking-up.

As indicated the plan of work must consider a gradual and phased discharge from residential care into the community. Similarly there is a need for Janice, to be transferred from Security. The continuity of her care situation is crucial for Janice. She has had the commitment and support of Staff at St. Mary's. And their continued input is thought crucial for Janice successful discharge from care.

The immediate plan is to encourage Janice to consider the placement of supported lodgings as a long term option. Over the next few weeks it is hoped that Janice will have successfully transferred to the Supported Lodgings. At that stage a Review Panel would then be in a position to consider a variation in her Supervision Requirement. Thus at present I recommend that there is a need for Janice to continue in her present care environment, at Kenmure St Mary's.

INTRODUCTION/GROUNDS OF REFERRAL

Janice has now been in residential care for almost a year. She has spent the last six months in Secure Accommodation and prior to this, she had spent a number of months in Assessment/Resource Centres. The necessity for such placements has been due to Janice's actions and behaviour, especially the fireraising incidents. Consequently the placements sought have had to focus on issues of containment and security.

With reference to the outstanding Grounds of Referral there has only been one referral, the fireraising incident on 15th August 1989, that has occurred since her last Review Panel on the 22nd June. The other referral, that of Assault, occurred prior to the 22nd June. These Grounds in child care terms have been resolved and indirectly made reference to at her last Review. A Supplementary Report was provided to the Area Reporter in September. However to assist the Panel in formally discussing these Grounds I will outline all three outstanding Grounds of Referral.

The Assault on a member of staff. This incident occurred at a time when Janice's general behaviour was disruptive. At the time she was placed in the Open Unit at St Mary's, but following this incident and many others it was decided to return her to the Secure Unit. Since then there has been no other serious incidents of violence towards staff, although, her behaviour at times is very aggressive and antagonistic. In practical terms Janice has suffered the consequences of her actions and the issue was effectively dealt with by the Unit.

With reference to the fireraising incidents on the 15th August, Janice states that she didn't start the first fire. However since she was punished/blamed she then, feeling she had nothing to lose, started a fire in her own bedroom. Janice has a history of fireraising and uses such incidents to influence/manipulate situations. The seriousness of the incidents is obvious and it causes concern why, after five months in St Mary's, she would be involved in this incident.

PLAN OF WORK

Due to the complexity of Janice's care situation I will attempt to outline Janice's Treatment Plan by outlining the three main areas of work that were identified. Work with the family, involving siblings was the responsibility of the Area Team; Janice's acting out behaviour and future planning was clearly an area for St Mary's care staff, and sexual counselling fell on the R.S.S.P.C.C.

The above is obviously an abstraction and is only an attempt to formulate a model of the agencies involved and identify an agenda of work for each of the key figures.

With reference to the Area Team and its identified responsibility I can outline the following.

2.

Cont..

Over the last year while she has been in residential care and corresponding to the allegation of sexual abuse within the family, Janice has had little no contact from her parents. The exception being that for an eight week period from March 1989 access between Janice and her parents was re-established. However this contact has now ceased. It is clear that over the last year Janice has had little support or assistance, or even sympathy, from her parents with regards being in care.

The relationship between Janice and her parents has deteriorated and they now only communicate via letters. It is clear that this isolation has clear implications on Janice's psychological and emotional wellbeing.

Over the last few weeks the only regular contact Janice has had with her immediate family is from her older sister Vivienne. This has largely been facilitated by the Area Team who have provided transport and costs for outings. At present there are no signs or indications that there will be a change in attitude, either from Janice or her parents regarding access/contact.

The second area of work that was identified was that for the care staff at Kenmore St Mary's. The staff who deal with Janice on a twenty four hour - day to day basis have provided a separate Report.

All three outstanding referrals have occurred in St Mary's over the last six months. Taken in this context and with reference to Janice's past activities in other residential establishments it is evident that there has been some real progress in Janice's care situation. While not undermining the seriousness of these specific incidents it should be noted that Janice, on the whole, presents in a more positive manner, and traits such as stability and maturity are now more evident in Janice.

At the last Review Panel, it was anticipated that Janice, would by the end of August, have been transferred to the non-secure Hostel Accommodation. However partly as a consequence of the fireraising incident this planned move was temporarily postponed. Subsequently at the Child Care Review, Janice indicated that she doesn't now wish to be considered for the Hostel at St Mary's

Any move to a residential unit outwith St Mary's is fraught with difficulties. Presently, no other resources have been identified for Janice as being a suitable alternative to St Mary's. In the long term a post residential care placement such as Supported Lodgings and or Independent Living Unit would be sought. However it is evident that at this stage Janice is not ready for an immediate transfer outwith St Mary's. Prior to any external move, clear agreement and understanding must be sought between the Area Team, Care Staff and especially Janice. This is obviously the treatment plan for the next few weeks. The focus of this work and thus any subsequent move should be at Janice's pace and must fully involve her.

Thirdly, with reference to the role of R.S.S.P.C.C, and their attempt to engage Janice in counselling sessions. There has been a general reluctance by Janice to enter any therapeutic relationship with any adult. This reluctance was particularly evident in Janice when, over the last few weeks, she has totally refused to speak with or even be in the same room as the Social Worker from the R.S.S.P.C.C. This refusal to engage in counselling sessions has been a constant feature of Janice's year in care. In general Janice tends not to trust adults Janice tends to be uncomfortable talking to adults about personal or private issues. There are clearly "safe" subjects or areas for Janice and these tend to be on practical everyday subjects.

3.
Cont..

More recently, Janice has indicated a willingness or ability to trust key figures in her life, she has tentatively begun to talk more openly about herself to female members of staff. It is obviously hoped that this development will continue and it is clear that the key to Janice's future lies in her willingness or ability to enter constructive and meaningful relationships with adults.

OPTIONS - FUTURE PLANS

With reference to the Grounds of Referral there is obviously a need for these to be discussed in a formal setting. The most recent incident, that of Wilful Fireraising, is cause for concern. Janice's explanation/justification centres around the fact after being blamed/punished for the initial small fire, which she claims she did not start, was the catalyst for the second fire in her bedroom. Over and above the potential disastrous consequences of fireraising, the concern must be why Janice, after five months at St Mary's, would want to get involved by herself or with others in deliberately setting fires. Janice has merely offered an excuse for the second fire and not explained why she participated, directly or indirectly, in the initial incident at the shower room.

Presently Janice is still in Security, and this is partly due to the recent fireraising incident. In the past Janice has used such incidents and acting-out behaviour to influence/control situations. There may be some connection between the fireraising incident and Janice's refusal to be considered for the Hostel at St Mary's. Any relationship or connection between the two does not deter from the seriousness but does in some way offer hope that in the future Janice would not find the need to act in a self destructive or negative way.

Janice has recently stated she wishes out of St Mary's which is a change of heart from a number of weeks ago. However by excluding a move to the Hostel at St Mary's any move is fraught with difficulties. Any move from security does not solely depend on an alternative resource being available. There are clearly huge areas of work to be done with Janice prior to any move.

Janice is now 15½ years and foundations have to be made for her eventual discharge from care. Such long term plans should be viewed as a natural progression from the immediate short term goals of preparing moving from security. Any successful move from security must depend, not only on the resource available, but on Janice's willingness to make such a move possible.

The immediate plan for future work evolves around locating a suitable resource to facilitate a gradual and phased discharge from St Mary's Secure Unit. This planned move would be made much easier if Janice were to consider Columba Hostel at St Mary's.

In terms of recommendations, it is with disappointment and regret that I request the Panel to consider necessary a continuation of the 58 (e) provision for a Secure Order.

MAIN BODY OF REPORT

Points to be covered.

1. Nature and extent of contact with the child, family and other persons or agencies.
2. Plan of work; Were the Aims and Objectives achieved? Were they changed or modified?
3. Opinion as to the future development of the child and his/her situation-- including views of child/parents.
4. Possible options.

Since the date of the last Children's Hearing the writer has had regular contact with the family.

Janice Anne's relationship with her mother remained an area of stress but with no specific incident until following a family argument; on 27.09.88 in which Janice was alleged to have received £5 from a male neighbour, Janice absconded from home.

She was received into Inver House Children's Home subject to Section 15 Social Work (Scotland) Act 1968 as the family felt unable to guarantee that she would be free from physical risk.

Following discussions between Mr & Mrs Cunningham Janice Ann and the Social work Department, Janice Ann was discharged from care on 04.10.88. The family home was visited regularly by the writer from this date until Janice Ann was again received into care, on 31.10.88. She had yet again absconded from the family home on Tuesday 27th October and was returned by the police. During this period Janice Ann shaved off her hair. Discussion failed to highlight any reason for this act which the writer construed as anger.

Following discussion with the District Admissions Group, Janice Ann was again interviewed on 28.10.88. When it was put to her that her behaviour seemed to be indicating that something was troubling her deeply but that she appeared unable to share this with anyone. Arrangements were made for Janice Ann to be interviewed again on 31.10.88.

The writer received a telephone call from Janice on that day stating that she had absconded from home on 29.10.88. She then revealed that her reasons for doing so was that her paternal grandfather had twice during the month of October touched her breasts. As a result of Janice Ann's inability to cope with this and her poor relationship with her mother she was received into care and placed in Ailsa Children's Home, Glasgow. From the onset of her placement Janice has regularly truanted from school. The writer continued to work with Janice throughout this period and during an interview on Wednesday 16.11.88 Janice Ann revealed that she had been involved sexually with another male but was unable to tell me who, at this point.

Interview on 18.11.88 revealed that Janice Ann had been involved in a sexual relationship with her brother Jason for over a year. Full intercourse is alleged to have occurred as often as 3 times weekly, often without consent and involving actual violence. Unfortunately Janice Ann could not bring herself to give a statement to the police and since her disclosure to me she has absconded and has also been charged with wilful fire raising.

Janice Ann will require extensive support/counselling with regards to the abuse and given the difficulties which the family as a whole will experience I would consider it in Janice Ann's best interest to remain in Residential Care for the short/medium term.

Summary of Discussion:

Kate McFarlane described a very tense family situation. Mrs. Cunningham has a very violent temper and hits Janice on her bare backside. Janice often responds to her mother's temper by running off. Prior to the R.I.C. Janice Ann had been reported as having accepted £5 from male neighbour [REDACTED]

[REDACTED] This caused a major argument with her mother and she ran away. On returning she was met with hours of verbal abuse, during which she was informed by her mother that her father was not her real dad. At that point the level of hostility from her mother was such that Janice Ann could not remain in the home and she went to Inverhouse where she remained for the weekend, returning home on the Monday. [REDACTED]

Since the incident Kate has been having two weekly contact with the parents. and has been seeing the children in intermittent weeks. She expressed great concern over Janice Ann who has shaved her head and appears to be expressing a lot of unhappiness and distress.

The D.A.S.U. panel agreed that the R.I.C. was appropriate and felt that consideration should be given to receiving Janice Ann back into care on a planned basis given the level of concern about her present state.

Family Background

The family live in a four apartment local authority flat in the Bishoploch area of Easterhouse. Their home is comfortably furnished and maintained to a high level of care.

[REDACTED]

In their bid to ensure that their children behave appropriately the parents can at times be very rigid in their behaviour; casting up past misdemeanours when problems arise compounding emotions such as anger.

[REDACTED]

In this family smacking of bottoms is one such chastisement [REDACTED] and I would therefore believe that such a practice should be actively discouraged as it is likely to cause great distress and resentment.

It was following a threat of such chastisement that Janice Ann escaped from the family home leading to her parents requesting that she be received into care. She was in the event received into care under a Place of Safety Order. (See CA1).

Since her reception into care Janice has had little contact with her family. Only Vivienne her older sister visited.

In Wallacewell she was no. management problem, was seen to want to be liked by adults and generally was on the periphery of the peer group community.

Although fairly settled she quickly missed home a feature reciprocated by parents and siblings alike.

At a Review held on 12.07.88 it was the decision of all that Janice Ann's difficulties lay within the family and it was felt that care could offer her no positive feature other than the respite from such a delicate situation as the present one.

Mr & Mrs Cunningham and Janice agreed to work on a contract basis with the Social Work Department enabling a support mechanism to be built into the family network for Janice.

Janice Ann would therefore be afforded a support/monitoring situation with an early warning system to prevent emergency breakdowns/risk situations.

Given the aforementioned situation I would respectfully suggest that the warrant be permitted to lapse and Janice Ann be returned to the care of her parents with the protection/support of a Home Supervision requirement.

STATEMENT OF FACTS

REPORT ON: JANICE ANN CUNNINGHAM

DATE OF BIRTH: 12.4.74

ADDRESS: 6 Skelbo Path, Easterhouse, GLASGOW. G34

On 16 June 1988 at 10.30 am Mr and Mrs Cunningham called at the Social Work Department, 18 Dalilea Drive, Easterhouse and asked to speak to myself.

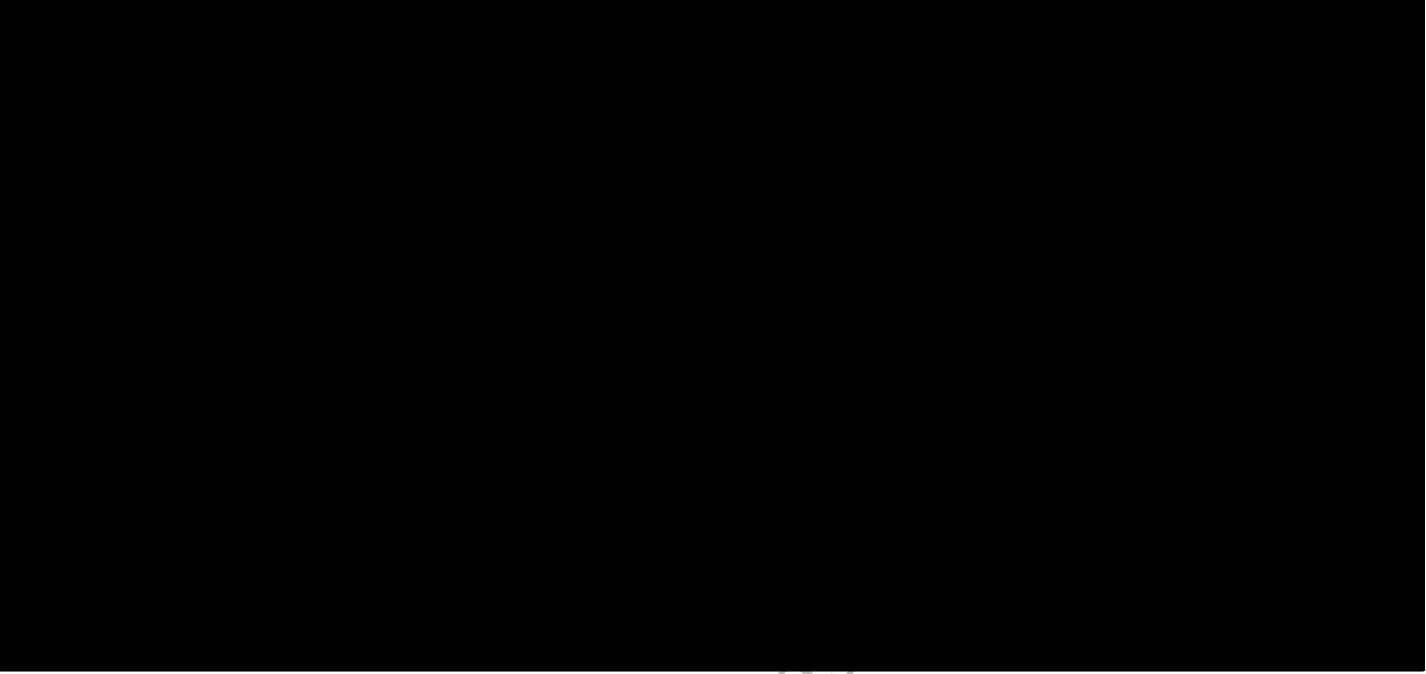

Mr and Mrs Cunningham informed the writer that at approximately 8.10am that morning Janice Ann had jumped from a lower bedroom window to escape from Mrs Cunningham who intended to 'smack her backside'. The chastisement was because Janice Ann had stolen £10 from her uncle's girlfriend's purse. They and their 11 month old baby were residing with the Cunningham's on a temporary basis. Mr and Mrs Cunningham stated that their daughter had also been involved in other incidents of theft from them and that escaping chastisement was becoming common occurrence. They requested that Janice Ann be received into care immediately as she was 'outwith control'.

I asked the family to return home, think about their situation and await a visit from myself and David Burke, Senior Social Worker at 1.30pm. David Burke and myself called at family home at 1.30pm and discussed the incidents which led to them demanding the removal of their child.

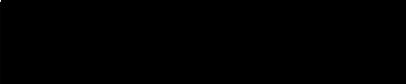

Both Mr and Mrs Cunningham were adamant that Janice Ann was outwith control

ANY SPECIAL REMARKS

Review at (Newfield) on Thursday 3.30.

S/O wishes to have it here. Child Come Review with phone Tues AM.

Ailsa - Caroline Quinn - close relationship with Jamie
Bethy Campbell. Homeless Unit Newfield acc.

Jamie arrived at 6pm accompanied by her S/O Kate Macfarlane and staff from Newfield - Bethy Campbell. Jamie appeared slightly withdrawn to start with and answered my questions / attempts at conversation in a rather monosyllabic fashion. Kate then gave me a brief historical account of Jamie's life over the past year to 18 months. Jamie did not really react at all while Kate explained her situation or when the fire-raising was mentioned. When introduced to the other children, she accepted their interest, if a bit shy. She settled into her room and immediately made it hers by setting out her ornaments and pinning up pictures and posters. Jamie preferred to remain in the lounge watching T.V. and did not participate in activities in the gym. For most of the evening, she sat quietly, guests listening to a watching other children but not interacting to any great extent. She was offered a meal, but did not wish anything to eat - perhaps ^{feeling} a bit strange - causing loss of appetite. I spoke to her by herself and she offered a bit more information - that - because she didn't meet Ailsa's staff - Caroline - met friends - stayed out until middle of night she was confined to room - for schoolwork & at breaks - so she set fire to bed & room - had brought matches back with her.

EDUCATION REPORT

NAME OF CHILD: Janice CUNNINGHAM

D.O.B. 12.4.74

General/Academic:

Janice settled very well into her class group. She has, until the last few days, worked well, kept her head down and stayed well back from any trouble. She is well able to cope with mainstream work and has potential to do 'O' level in one or two subjects.

Number Work/Maths:

Janice has done well in this class. She has a good grasp of the basic arithmetical processes and has coped well with all set work, from a variety of text books.

Reading/Comprehension/Language:

Her test results in this area show average ability and Janice has again coped well with all set work. She is articulate and can express herself reasonably well in written form.

Art/Technical:

Owing to staff illness she has not had art classes but has completed all tasks set in technical with no problems.

Activities:

Janice has enjoyed such activities as computer and pool, participating as an individual or as part of a group. She has also enjoyed swimming.

Behavioural/Emotional:

For the majority of her assessment period Janice has worked well and behaved fine but in this last week her behaviour has been 'off the rails'. She has had emotional outbursts, refuses to go to some classes, and stubborn refusal to do set work. She also wrecked a classroom. This, she cannot seem to explain. She has not displayed this in my class but is now refusing to attend my base group class next week, having had a good relationship with me as her base and unit teacher since she came.

Conclusion:

As the root of the trouble has not been found and her school reports she is not a major discipline problem while there, I leave discussion at the case conference to decide the best placement for Janice.

Teacher.

SUBJECT OF REPORT

Areas of Concern

- 1 Relationships with family following allegations by Janice of sexual abuse.
- 2 Relationships and behaviour within Children's Home placements.

Background to Report

The Social Work Department have been involved with the Cunningham family for some time. Since June this year Janice has been in care on at least 3 occasions. Janice had been experiencing difficulties at school which in turn was creating problems at home. In October of this year Janice made allegations of sexual abuse against her grandfather and later her brother. Up until this point relationships between Janice and her family had not been very good but since the allegations were made they have become considerably worse.

For her own safety Janice was removed into care on 31st October 1988. Since that time Janice absconded on several occasions and was returning to her home area. Feelings of anger against Janice from the remainder of the family put her at considerable risk as her mother had threatened to physically abuse Janice if she was to return to her home area.

On the 26th November 1988 Janice was involved in a fire-raising incident

with Ailsa Children's Home. This was the second incident in 2 weeks. It was decided to remove Janice to Newfield Resource Centre under Section 44(6) of the Social Work (Scotland) Act 1968 on the following day Sunday 27th November 1988.

Janice appeared at a Children's Hearing on 6th December 1988 where she was placed under Section 43(4) of the Social Work (Scotland) Act 1968 for the purpose of residential assessment.

Family View of Problem Areas

Mr and Mrs Cunningham feel that Janice is outwith their control. They feel this has got worse over the past year. Both parents feel they can no longer get through to Janice and that she does as she pleases.

Before being taken into care on 31st October 1988 she was running away from home and according to her parents was frequenting a neighbour whom they did not approve of.

Janice herself knows how hostile the family are towards her and has no wish to return there at this time. Whilst being the victim of abuse, this has further been compounded by the fact that because she has told people about her traumatic experiences she has lost all contact and communication with the only family she knows.

Child and Family Relationships

Mr and Mrs Cunningham state that up until the recent problems with Janice they had a good parent/daughter relationship. They state they had their problems but would never have "given up on Janice."

It is Mr and Mrs Cunningham's opinion that any conflict within the home at present is due to the allegations that Janice has made.

[REDACTED]

Janice agrees with her parents in that the relationship they had, although not great was workable. She feels that the reason for her running away from home in the past was due to her mother's strictness and inflexibility.

At this stage in time it is the opinion of the Writer that Janice does not know what she feels or what should happen to her in the future. Although Janice says otherwise it is clear from some of her conversation that she still has feelings for her family, especially her younger siblings and older sister Vivian.

Conclusion

Janice is a 14 year old girl who within Newfield has settled well to the constraints and limits of residential living. She keeps herself clean and tidy and during her stay in Lomond Unit has not been a great management problem. In the Writer's opinion any behavioural problems that Janice has displayed have in the main been due to Janice's present situation, ie what she feels; where she is going etc rather than being her normal behaviour pattern.

Janice at present is a confused young girl, filled with feelings of guilt about what has happened between her and her family. Also frustrated at the lack of progress she sees in her life at present.

It is clear that her parents do not wish Janice to return home at present, if ever. Janice herself does not wish to or see herself returning home in the near future.

Janice needs for the near future are for a base in which she will feel secure and safe and in turn will hopefully develop through this present crisis. Also Janice will require help to explore and understand more clearly what has happened in her life in the recent past. The Case Conference should give serious consideration to where these needs could best be met.

RESIDENTIAL ASSESSMENT REPORT

Reaction to Admission

Janice was admitted to Lomond Unit, Newfield Resource Centre on the 27th November 1988 under Section 15 of the Social Work (Scotland) Act 1968.

Prior to admission Janice had been a resident at Ailsa Children's Home. Janice was sent to Newfield after being involved in 2 fire-raising incidents at Ailsa Children's Home. On admission Janice was accompanied by a member of staff from Ailsa Children's home and a Standby Social Worker. Janice was very quiet but co-operative she was shown round the unit and introduced to the children and staff members and quite quickly became relaxed and appeared settled.

On the 6th December 1988, Janice, after a further Children's Hearing was placed on Section 43(4) of the Social Work (Scotland) Act 1968 naming Newfield for the purpose of residential assessment.

Profile of Child

Janice is a medium-built girl with brown cropped hair, blue eyes, and a nice warm smile.

Whilst in Lomond Unit Janice's personal hygiene has given no cause for concern. Her eating habits are normal for a teenage girl and she appears to have no difficulty sleeping.

In the time Janice has spent within Newfield she has enjoyed the interaction with the other group members, both boys and girls, and likes to take part in most of the activities offered by the Centre, eg swimming, games, board games, crafts, outings etc. Although not a major management problem Janice can on occasions, due to her mood swings (which in the Writer's view are largely due to her present situation) become verbally abusive towards staff. After these outbursts, which normally do not last for long, Janice reverts back to her cheery self. She complies with the every day running of the house unit, taking her share of chores without any problem.

Social Aptitudes and Abilities

Janice is a popular member of the unit group, mixing well with her peers

and making any newcomer welcome and at ease by greeting them in a sympathetic and caring manner.

Family Interaction

During Janice's stay in Newfield she has had no contact with her family but it is hoped her older sister will visit this week. Janice is looking forward to this and is hoping that some time in the future she will be allowed to see her younger siblings as she is very fond of them. Janice states her Mum and Dad do not want her to return to the family home. The Writer observed during this conversation with Janice about her family that she was very sad and had feelings of guilt about the breakdown of relationships with her parents.

Attitude and Behaviour Towards Other Young People

Janice relates well to her peers and is a fairly popular member of the group as she has quite a good sense of humour. She has formed only superficial relationships within Lomond, however, if there is any disruptive behaviour eg shouting or swearing Janice does on occasions join in. To her credit she will accept a group sanction without too much fuss.

Attitude and Behaviour Towards Adults

On the whole Janice is a pleasant and likeable girl although at times because of her feelings of frustration and anger she shouts and swears which in turn can lead to confrontation with staff members. Janice usually takes off to her room where she will listen to reason from a member of staff. She has only formed superficial relationships with staff members and treats females and males alike.

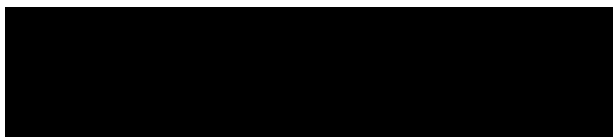

Response Towards Management

In the main Janice has not been a management problem during her stay within Newfield as the staff are aware Janice is attempting to cope with her personal feelings and she is given as much support as is possible to work through this.

Child's View of Herself

Janice sees her self as being part responsible for being admitted to Newfield due to being involved in the fire-raising incidents at Ailsa Children's Home.

However, in her own words states it was no fault of her own she was brought in to care in the first place, finding herself in a situation she could no longer cope with at home. Janice would like to return to Ailsa Children's Home and attend Hyndland Secondary School. Janice also stated she would like information on having foster parents. It would appear that this is an attempt by Janice to look at her situation in a realistic manner although whether she has totally accepted that a return home is unlikely is open to question.

Mr & Mrs Cunningham did not attend the Case Conference.

Because of the background to the case, the meeting agreed that Janice should be invited in at the end of the meeting.

All the reports were read. After a full discussion it became clear that there will be on-going investigations into the allegations regarding sexual abuse within the family.

Janice is experiencing an extremely stressful time in her life. At this time it would appear that the child needs long term residential care. It was agreed that a placement at Sycamore House would be appropriate. A place at a residential school will be pursued as a back-up.

It was agreed that the recommendation to the Panel should be that Janice should remain at Newfield House until the longer-term placement is found.

REPORT FOR CHILDREN'S PANEL

NAME OF CHILD: Janice A CUNNINGHAM

D.O.B. 12.4.74

Background to Report

Janice was admitted to Lomond Unit, Newfield Resource Centre on 27th of November, 1988 under Section 15 of the Social Work (Scotland) Act 1968. Janice was transferred from Ailsa Children's Home after two incidents of fire-raising over a 2 week period.

Janice has been in care since October, 31st 1988, though between June and October, Janice spent two other periods in care.

At that time Mr and Mrs Cunningham felt that Janice was outwith their control.

During an interview with her social worker in November, Janice stated she had been sexually abused at the hands of her grandfather and her brother, Jason.

[REDACTED]

There were also concerns about Janice's relationship with a neighbour, a much older man. Janice denies that she suffered any abuse at the hands of the neighbour.

[REDACTED]

It became clear that Ailsa, in the light of Janice's frequent absconsions, the fire-raising and fears for her physical safety from her family, could no longer offer Janice a place.

/...

General Behaviour:

Janice is generally a pleasant and likeable girl, but is subject to occasional mood swings and at these times can be loud and abusive. It is difficult to gauge to what extent these mood swings are due to frustrations she is experiencing about her current situation, but there is no doubt she has a lot of unresolved feelings and these are a major factor in some of her behaviour. Most of the time Janice can exercise self control, if given time-out from the unit group and calms down quite quickly.

There have been some problems within the school setting in Newfield, though these have lessened recently. In fact during the week ending 3rd February, 1989, Janice attained the highest points total for behaviour, attitude and work rate in the whole of Newfield school; managing to get 105 out of a possible 108 points.

Janice absconded from Newfield on the 16th of January, 1989 in the company of two other children, but telephoned the Centre two days later requesting to be collected from Glasgow's Central Station. The two children with whom she absconded were not returned to the Centre until 7 days later. It does not appear that Janice went to Easterhouse on this occasion.

Relationships with Peers and Adults:

Janice relates well to staff and peers alike, though her response to individual remarks can be loud tirades, she is normally more accepting of group sanctions. In fairness to Janice, she can also normally recognise her part in confrontations and does not generally harbour resentment afterwards.

Although Janice has not made any particular friends during her time in Newfield, Janice is accepted by and is a popular member of the unit group. However, Janice normally appears more comfortable when the unit group is smaller than the maximum, eight. Janice responds well to one-to-one situations with staff and views them positively as a means of discussing areas of concern.

Outings and Activities:

Janice has been involved in a number of outings and activities during her time at Newfield and her behaviour is good on these trips. Janice particularly enjoys ice-skating and is quite adept at it.

Health, Leave and the Family:

Throughout her time at Newfield, Janice's health has not given any serious cause for concern.

Apart from a visit from her sister, Vivien, Janice has had no visits from her family, and telephone contact from siblings has been minimal. Mr and Mrs Cunningham appear to have now totally rejected Janice and she, as a result, has rejected her parents.

Janice has been on one trip out with Ailsa Children's Home and has had two Saturdays out with a residential worker from Ailsa.

Summary of Work Done:

Janice is experiencing understandable difficulties in coping with her current situation and Newfield has provided a secure environment for Janice to express some of her frustrations. Additionally, we have helped Janice come to terms with the fact that a return home, certainly at this time, is not in her best interests, and allowed her the opportunity to look at possible future options.

Conclusion:

Janice has been experiencing a particularly turbulent period of her life and is finding it difficult to cope with her situation and feelings of rejection and hurt.

Janice is quite clear that she was brought to Newfield as a result of her behaviour in Ailsa, but is equally clear that she was brought into care in the first place, due to the actions of others.

There is little doubt that Janice has still a lot of unresolved feelings around the abuses which she suffered and her family's reaction to her bringing it to the attention of others. It is clear that work in this area has to be ongoing and to achieve maximum results, should be done in an environment in which she feels secure and with people whom she has grown to trust.

At a recent assessment case conference, Sycamore House in Kirkcaldy was identified as best meeting her needs. A referral has been made to Sycamore House and it is to be hoped this will be successful. However, in the circumstances, it is important that Janice views any future placement positively so that work can achieve the best results.

Janice has stated that she would like to see Sycamore House prior to making a firm commitment to it, but she has no objections to moving out of Glasgow and does not feel the city has much to offer for her future, and in addition has shown interest in fostering. Janice appears to be taking a reasonable, intelligent approach and every consideration should be given to her views.

The writer respectfully requests that Janice's current supervision order to be continued until Sycamore House have time to look at her case and Janice has the opportunity to visit Sycamore House.

Martin Drysdale,
Assistant Assessment Officer.

NOTES

At the children's hearing the child or his parents may or may not accept the grounds for bringing the child before the hearing. If the grounds are accepted by the child, and his parents, if present, the children's hearing will discuss and consider with the child and his parents what is best for the child. If any of the grounds are not accepted, the hearing may either discharge the referral or direct the reporter to apply to the sheriff for a decision as to whether or not any of the grounds exist. If this happens the child will have to appear before the sheriff at a later date. If the sheriff decides that any of the grounds do exist, the children's hearing will then discuss and consider what is best for the child, as if these grounds had been accepted. If the sheriff decides that no grounds exist the referral will be discharged.

CASE NOTES (1) - RELATIONSHIPS WITH OTHER CHILDREN

eg friendly - popular - demanding - shy
bullying - irritating - manipulative -
assertive - compliant etc

DATE

16/2 seems to be able to interact well with other children, even though she is on the quieter side. Even when she at times withdraws from the group, she is respected by them and left alone.

SPECIAL
COMMENT

17/2/89 Does not involve herself in the more intense, gossip side of the girls talk, not quite up to that or interested. Spends quite a lot of time relatively alone. Not hugely interested in make up or looks.

21/2 Beginning to exert her dominance more within the group; I would be frightened as to how far she will go in physically aggressive, as she is very strong she could do a lot of damage. Very quick tempered.

26/2/89. Will not be domineered by others, will only get involved if she wishes. Not a "star" among the others, but capable of looking after herself.

CASE NOTES (2) - RELATIONSHIPS WITH STAFF/MANAGEMENT TECHNIQUES
 eg friendly - suspicious - shy - demanding - cheeky - compliant
 confiding - withdrawn - attention seeking etc

DATE

SPECIAL
COMMENTS

16-02-89. Not very forthcoming yet.
 Does comply with the rules and routine. Can be firm at times but does not show this very easily. Still observing what's going on around her.

17/2/89 Can be cheeky and rude when in a bad mood but in general grudgingly accepts necessity of staff requests and so on. Doesn't seem interested in relating to staff on a friendly level, possibly a rigid view of authoritarian adults. Generally only does what she is asked directly to do, but does it quite well. AAO

18-2-89. Went for walk with Jamie down Cardross foreshore. She was only girl who wanted to go for walk. Said she likes to get out. She was relaxed and enjoyed the walk. I led the conversation all the way but she was responsive though still reserved + withdrawn. I'm hoping that I can build up trust with Jamie and, in time, she might be more forthcoming.

20-2-89. Outing to Dundee Swimming Pool. Jamie extremely talkative and animated on this trip, making conversation and engaging staff members in chat, particularly Alan. She was relaxed and her eyes were full of sparkle and interest throughout the evening. This was a good evening for Jamie and it showed her real potential. She really came out of herself and chatted to Alan about different school subjects with a great deal of interest, wit and charm.

21.2.89

Beginning to test staff out. i.e. challenging requests, and repeating ... the acts she been told not to do. Got impression she was seeing how far to go. eg, when asked to put slippers on her facial expression - totally changed and got the impression she was ready to explode. When asked about it, she calmed down. Very tense.

20/2/89 Will only talk if she feels like it, dense as though she does not trust a friend at heart of James in you, very selective in whom she converses with

27/2/89. (RSPCL) Maura Butler visited 12-1.15. Meeting appears to have gone well. Jamie was very cheerful & calm on her way over to school after meeting. Will be meeting Maura again on 9/3/89.

2/3/89. Jamie is extremely uplight regarding ~~for~~ forthcoming panel to discuss renewal of warrant. Her behaviour stems from deep insecurity regarding her future placements. She currently feels that events are beyond her control. This and that social workers, panels and everybody else are against her.

CASE NOTES (3) - PERSONALITY & BEHAVIOUR

eg introvert/extrovert - happy/sad - withdrawn
 - aggressive - manipulative - attitudes to males/
 females - interaction in group/one to one

DATE

SPECIAL
COMMENT

16/2 Not very outgoing personality, but not unusual, thinking of her background. Comes through as stubborn at times, but on a one to one can open up and take part in discussions. Does not show any emotional feelings one way or the other yet.

17/2/89 Fairly reticent, not particularly outgoing. Seems pre-occupied with her problems. Underlying fairly negative/suspicious view of staff (?) which becomes more apparent in times of stress (eg her review). Seems slightly prone to moods but manages to negotiate these. A.A.O.

20/2-89 Very sullen and quickly reverts in to an aggressive mood. Tends to withdraw in to her room stopping staff from entering, etc. Has shown tendency towards violent outbursts for no apparent reason. Obviously a lot of underlying feelings that needs time to sort out.

20/2/89. Jamie on trip to Dundee showed another dimension to her character. She was happy, relaxed, outgoing and initiated many an interesting + engaging conversation.

22/2/89

Sanice has had a very upsetting day which started at breakfast.

On return to the lounge all children were cleaning their rooms apart from Sanice who faint blankly refused. Staff attempted to explain to her that it was up to her to keep her own room tidy and everyone else had to do the same. She explained that she was not everyone else and that she would do as she pleased.

The incident went out of control and Sanice had to be sent to her room.

26/2/89 I agree with our previous letter,

[REDACTED]

M/O

2/3/89. Jannie is becoming more aggressive, more hostile and more negative in her behaviour. This stems from her feeling that social work doesn't care about her and her uncertainty with regard to her future.

[REDACTED]

1/3/89

Sanice yet again proved that she cannot handle simple situation. She has been like a cat on hot bricks all day and it came to a climax tonight.

The first where she took a hair scissors and tried to conceal them and because [REDACTED] had told us she had them resulted in the second as she was doing everything to get at him.

She was not totally out of control as she went to her room when told but still in a temper and threw an ashtray at David and myself. Remained in her room and calmed down.

Had a good outtrip; showing some responsibility & maturity.

16/2 No health problems. Healthy appetite, good table manners.

18.2.89.

Jamie is a strong, fit girl. Went for walk with Jamie this morning to Beach. (1 hour walk). Jamie enjoyed walking and appears to have large reserves of stamina.

2/3/89

After a ten day 'lay off' Jamie has started to smoke again. Undoubtedly a sign of increasing anxiety regarding her future.

12/3/89

Jamie is no longer smoking. This pays ample testimony to her willpower and her positive feelings regarding the maintenance of her good health.

COMMENT

16/2. Janice has been no problem last few
nights when going to bed at 9.30. but
tonight when up watching late T.V. she was
more interested in causing a bit of
disturbance that watching T.V. when she
was told to go to her room she was very
reluctant to go cursing & swearing
all the way there she then said she
was going to sit in the doorway.
but after she was left sitting alone she
decided to go to bed. After going to
bed Janice settles very quickly and
sleeps undisturbed throughout night.

SPECIAL
COMMENT

Jamie attended Hearing this afternoon. (duration 40/7) Having displayed considerable anxiety about the panel, in particular the prospect of her mother's presence, it was noticeable on the journey to Glasgow that she was calm & collected. However her parents did appear at the Hearing, entering on on entry to the waiting room ~~they did not~~ they barely acknowledged Jamie's presence. No words were exchanged between mum, dad and Jamie throughout the course of the panel. There is considerable tension in the relationship between mum & Jamie. Mum & dad never even said goodbye as we left.

17289
(pm)

During Conversation with Janice this afternoon regarding smoking and parental permission, Janice told Jackie and myself that as a punishment for smoking her mother makes her brush her teeth with salt, she seemed quite upset / disturbed while she told us and moved her body in such a way as to 'cuddle' herself as well as lowering her head and frowning.

complaining loudly at dinner table about her panel. (1) Because her parents were there and she couldn't say anything

(2) Having to stay here

(3) And going to List 'D' place ment.

Feels panel members don't listen.
- Would like to return to C.H. more relax and free atmosphere.
- Speaks about her sister a lot.

Also states she sets fires when she gets fed up with the place she's in - ie Children's Home. Claims she set fire to Newfield because her new placement was taking to long. ~~thinks~~ Cardross is alright but doesn't want to be here much longer.

19.2.89. Jannie is, naturally enough, ambivalent in her attitude towards her future particularly in relation to social work support. She has now been placed in a variety of residential settings over a short period of time. For example, only yesterday at the panel she ~~seemed~~ stated a preference to go to Kerelaw but now it appears from above that she'd like to go to a Children's home. Her mixed feelings, I think, stem from her insecurity with regard to the future and during her stay at Cardross the question she'll be posing to herself is "What's going to happen next?"

20/2 Very sullen attitude.

3/3/89. Regarding her present situation Jannie feels that nobody listens. She is very confused and bitter about ~~the~~ her present situation and strongly feels that events are beyond her control and nobody listens to her wishes.

9/2/89.

Panel.

As above. This panel was very traumatic for Jamie and again despite initial effort from her father, her mother said nothing to Jamie causing severe withdrawal from Jamie and a deep sense of alienation from her family.

Childs Reaction to Children's Hearing:

9/3/89. Prior to this panel, Jamie was extremely anxious, aggressive and upset. The night before and morning on the day she was reluctant that I should be with her. She also did not wish to see Maura Buttery (R.S.P.C.C.) scheduled for day of panel because she felt that everyone was too nosy:

Jamie arrived at panel, where I met her, calm and dignified. However as soon as Mr. + Mrs. Cunningham arrived ~~for~~ Jamie withdrew and became very tense. Mr. Cunningham did in fact say hello and Jamie was pleased to see him. However Mrs. Cunningham then entered waiting room and was extremely hostile in her manner toward Jamie issuing a cold, vindictive stare without saying a word. Throughout the panel Mrs. Cunningham said nothing to Jamie.

The panel itself was a tense, difficult hearing. Mrs. Cunningham on hearing Soc. Wk recommendation to hearing that warrant should be lifted stated that she could see no reason for this action, as Jamie's behaviour, she felt, did not deserve such action.

Jamie was by this time totally withdrawn as panel members entered into 'heated' dialogue with parents. The social worker also and myself also tried to reason with parents that 'a move to Kerelaw was a decision which Jamie, herself, had some say in' and this was a good thing. Jamie's parents were annoyed that they had not been consulted in the process of naming Kerelaw and made clear that they would appeal against decision. Although Jamie said nothing she was clearly upset about this intervention from her mother and after the panel she said to me "That's it, my mum will stop me from going to Kerelaw".

Jamie refused to visit Maury Bubbly (visit scheduled 4pm - same day) saying that she had been through enough hassle for day.

Panels are extremely tough for Jamie not so much because of the panel itself but because meeting with her mother, who is cold and vindictive in attitude towards Jamie, is a terribly traumatic experience.

SUBJECT OF REPORT

Areas of Concern

- 1 Relationships with family following allegations by Janice of sexual abuse.
- 2 Relationships and behaviour within Children's Home placements.

Background to Report

[REDACTED]

Since June this year Janice has been in care on at least 3 occasions. Janice had been experiencing difficulties at school which in turn was creating problems at home. In October of this year Janice made allegations of sexual abuse against her grandfather and later her brother. Up until this point relationships between Janice and her family had not been very good but since the allegations were made they have become considerably worse.

For her own safety Janice was removed into care on 31st October 1988. Since that time Janice absconded on several occasions and was returning to her home area. Feelings of anger against Janice from the remainder of the family put her at considerable risk [REDACTED]

[REDACTED]

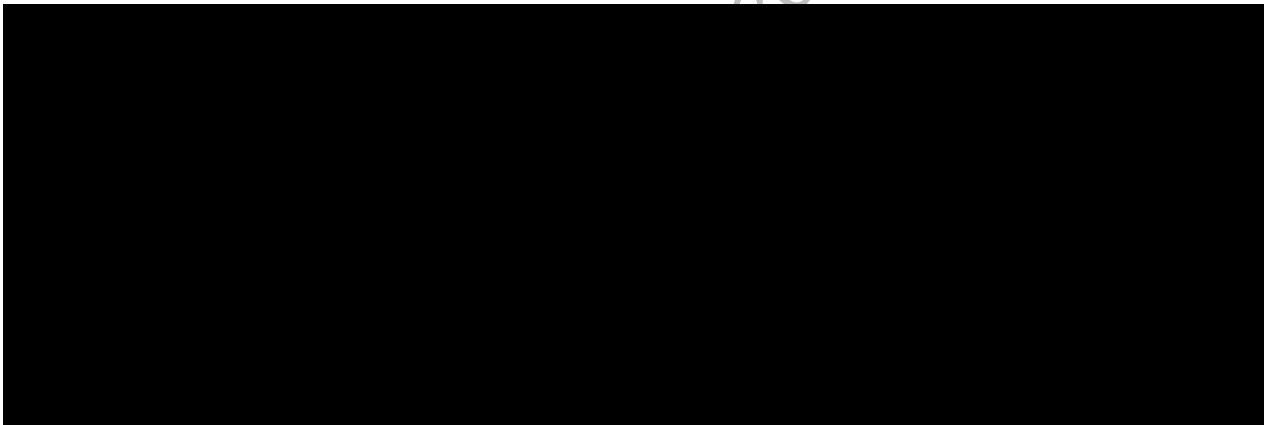

On the 26th November 1988 Janice was involved in a fire-raising incident

with Ailsa Children's Home. This was the second incident in 2 weeks. It was decided to remove Janice to Newfield Resource Centre under Section 44(6) of the Social Work (Scotland) Act 1968 on the following day Sunday 27th November 1988.

Janice appeared at a Children's Hearing on 6th December 1988 where she was placed under Section 43(4) of the Social Work (Scotland) Act 1968 for the purpose of residential assessment.

Family View of Problem Areas

Mr and Mrs Cunningham feel that Janice is outwith their control. They feel this has got worse over the past year. Both parents feel they can no longer get through to Janice and that she does as she pleases.

Janice herself knows how hostile the family are towards her and has no wish to return there at this time. Whilst being the victim of abuse, this has further been compounded by the fact that because she has told people about her traumatic experiences she has lost all contact and communication with the only family she knows.

Child and Family Relationships

Mr and Mrs Cunningham state that up until the recent problems with Janice they had a good parent/daughter relationship. They state they had their problems but would never have "given up on Janice."

It is Mr and Mrs Cunningham's opinion that any conflict within the home at present is due to the allegations that Janice has made. They state that even Janice's younger siblings have no interest in her. 

[REDACTED]

Janice agrees with her parents in that the relationship they had, although not great was workable. She feels that the reason for her running away from home in the past was due to her mother's strictness and inflexibility.

At this stage in time it is the opinion of the Writer that Janice does not know what she feels or what should happen to her in the future. Although Janice says otherwise it is clear from some of her conversation that she still has feelings for her family, especially her younger siblings and older sister Vivian.

Conclusion

Janice is a 14 year old girl who within Newfield has settled well to the constraints and limits of residential living. She keeps herself clean and tidy and during her stay in Lomond Unit has not been a great management problem. In the Writer's opinion any behavioural problems that Janice has displayed have in the main been due to Janice's present situation, ie what she feels; where she is going etc rather than being her normal behaviour pattern.

Janice at present is a confused young girl, filled with feelings of guilt about what has happened between her and her family. Also frustrated at the lack of progress she sees in her life at present.

It is clear that her parents do not wish Janice to return home at present, if ever. Janice herself does not wish to or see herself returning home in the near future.

Janice needs for the near future are for a base in which she will feel secure and safe and in turn will hopefully develop through this present crisis. Also Janice will require help to explore and understand more clearly what has happened in her life in the recent past. The Case Conference should give serious consideration to where these needs could best be met.

RESIDENTIAL ASSESSMENT REPORT

Reaction to Admission

Janice was admitted to Lomond Unit, Newfield Resource Centre on the 27th November 1988 under Section 15 of the Social Work (Scotland) Act 1968.

Prior to admission Janice had been a resident at Ailsa Children's Home. Janice was sent to Newfield after being involved in 2 fire-raising incidents at Ailsa Children's Home. On admission Janice was accompanied by a member of staff from Ailsa Children's home and a Standby Social Worker. Janice was very quiet but co-operative she was shown round the unit and introduced to the children and staff members and quite quickly became relaxed and appeared settled.

On the 6th December 1988, Janice, after a further Children's Hearing was placed on Section 43(4) of the Social Work (Scotland) Act 1968 naming Newfield for the purpose of residential assessment.

Profile of Child

Janice is a medium-built girl with brown cropped hair, blue eyes, and a nice warm smile.

Whilst in Lomond Unit Janice's personal hygiene has given no cause for concern. Her eating habits are normal for a teenage girl and she appears to have no difficulty sleeping.

In the time Janice has spent within Newfield she has enjoyed the interaction with the other group members, both boys and girls, and likes to take part in most of the activities offered by the Centre, eg swimming, games, board games, crafts, outings etc. Although not a major management problem Janice can on occasions, due to her mood swings (which in the Writer's view are largely due to her present situation) become verbally abusive towards staff. After these outbursts, which normally do not last for long, Janice reverts back to her cheery self. She complies with the every day running of the house unit, taking her share of chores without any problem.

Social Aptitudes and Abilities

Janice is a popular member of the unit group, mixing well with her peers

and making any newcomer welcome and at ease by greeting them in a sympathetic and caring manner.

Family Interaction

During Janice's stay in Newfield she has had no contact with her family but it is hoped her older sister will visit this week. Janice is looking forward to this and is hoping that some time in the future she will be allowed to see her younger siblings as she is very fond of them. Janice states her Mum and Dad do not want her to return to the family home. The Writer observed during this conversation with Janice about her family that she was very sad and had feelings of guilt about the breakdown of relationships with her parents.

Attitude and Behaviour Towards Other Young People

Janice relates well to her peers and is a fairly popular member of the group as she has quite a good sense of humour. She has formed only superficial relationships within Lomond, however, if there is any disruptive behaviour eg shouting or swearing Janice does on occasions join in. To her credit she will accept a group sanction without too much fuss.

Attitude and Behaviour Towards Adults

On the whole Janice is a pleasant and likeable girl although at times because of her feelings of frustration and anger she shouts and swears which in turn can lead to confrontation with staff members. Janice usually takes off to her room where she will listen to reason from a member of staff. She has only formed superficial relationships with staff members and treats females and males alike.

Response Towards Management

In the main Janice has not been a management problem during her stay within Newfield as the staff are aware Janice is attempting to cope with her personal feelings and she is given as much support as is possible to work through this.

Child's View of Herself

Janice sees her self as being part responsible for being admitted to Newfield due to being involved in the fire-raising incidents at Ailsa Children's Home.

However, in her own words states it was no fault of her own she was brought in to care in the first place, finding herself in a situation she could no longer cope with at home. Janice would like to return to Ailsa Children's Home and attend Hyndland Secondary School. Janice also stated she would like information on having foster parents. It would appear that this is an attempt by Janice to look at her situation in a realistic manner although whether she has totally accepted that a return home is unlikely is open to question.

MINUTES OF CASE CONFERENCE HELD

NEWFIELD HOUSE ON 21st DECEMBER, 1988

NAME OF CHILD: Janice CUNNINGHAM

D.O.B. 12.4.74

Present:

D. Burk, Senior Social Worker, Glasgow NE6 SWD
K. McFarlane, Social Worker, " " "
S. Ramsay, ADO
J. Nee, Educational Psychologist
D. Reece, Lochend Secondary School
P. Lang, Ailsa Children's Home
A. Aitken, Teacher, Newfield House
I. Smith, Acting Senior Assessment Officer, Newfield House
A. Hamlin, Asst., Officer-in-Charge, " "

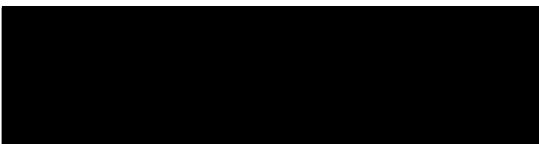

Mr & Mrs Cunningham did not attend the Case Conference.

Because of the background to the case, the meeting agreed that Janice should be invited in at the end of the meeting.

All the reports were read. After a full discussion it became clear that there will be on-going investigations into the allegations regarding sexual abuse within the family.

Janice is experiencing an extremely stressful time in her life. At this time it would appear that the child needs long term residential care. It was agreed that a placement at Sycamore House would be appropriate. A place at a residential school will be pursued as a back-up.

It was agreed that the recommendation to the Panel should be that Janice should remain at Newfield House until the longer-term placement is found.

Assistant Officer-in-Charge.

REPORT FOR CHILDREN'S PANEL

NAME OF CHILD: Janice A CUNNINGHAM

D.O.B. 12.4.74

Background to Report

Janice was admitted to Lomond Unit, Newfield Resource Centre on 27th of November, 1988 under Section 15 of the Social Work (Scotland) Act 1968. Janice was transferred from Milsa Children's Home after two incidents of fire-raising over a 2 week period.

Janice has been in care since October, 31st 1988, though between June and October, Janice spent two other periods in care.

At that time Mr and Mrs Cunningham felt that Janice was outwith their control.

During an interview with her social worker in November, Janice stated she had been sexually abused at the hands of her grandfather and her brother, Jason. [REDACTED]

[REDACTED]

There were also concerns about Janice's relationship with a neighbour, a much older man. Janice denies that she suffered any abuse at the hands of the neighbour.

[REDACTED]

It became clear that Milsa, in the light of Janice's frequent absconsions, the fire-raising and fears for her physical safety from her family, could no longer offer Janice a place.

/...

General Behaviour:

Janice is generally a pleasant and likeable girl, but is subject to occasional mood swings and at these times can be loud and abusive. It is difficult to gauge to what extent these mood swings are due to frustrations she is experiencing about her current situation, but there is no doubt she has a lot of unresolved feelings and these are a major factor in some of her behaviour. Most of the time Janice can exercise self control, if given time-out from the unit group and calms down quite quickly.

There have been some problems within the school setting in Newfield, though these have lessened recently. In fact during the week ending 3rd February, 1989, Janice attained the highest points total for behaviour, attitude and work rate in the whole of Newfield school; managing to get 105 out of a possible 108 points.

Janice absconded from Newfield on the 16th of January, 1989 in the company of two other children, but telephoned the Centre two days later requesting to be collected from Glasgow's Central Station. The two children with whom she absconded were not returned to the Centre until 7 days later. It does not appear that Janice went to Masterhouse on this occasion.

Relationships With Peers and Adults:

Janice relates well to staff and peers alike, though her response to individual remarks can be loud tirades, she is normally more accepting of group sanctions. In fairness to Janice, she can also normally recognise her part in confrontations and does not generally harbour resentment afterwards.

Although Janice has not made any particular friends during her time in Newfield, Janice is accepted by and is a popular member of the unit group. However, Janice normally appears more comfortable when the unit group is smaller than the maximum, eight. Janice responds well to one-to-one situations with staff and views them positively as a means of discussing areas of concern.

Outings and Activities:

Janice has been involved in a number of outings and activities during her time at Newfield and her behaviour is good on these trips. Janice particularly enjoys ice-skating and is quite adept at it.

Health, Leave and the Family:

Throughout her time at Newfield, Janice's health has not given any serious cause for concern.

Apart from a visit from her sister, Vivien, Janice has had no visits from her family, and telephone contact from siblings has been minimal. Mr and Mrs Cunningham appear to have now totally rejected Janice and she, as a result, has rejected her parents.

Janice has been on one trip out with Ailsa Children's home and has had two Saturdays out with a residential worker from Ailsa.

Summary of Work Done:

Janice is experiencing understandable difficulties in coping with her current situation and Newfield has provided a secure environment for Janice to express some of her frustrations. Additionally, we have helped Janice come to terms with the fact that a return home, certainly at this time, is not in her best interests, and allowed her the opportunity to look at possible future options.

Conclusion:

Janice has been experiencing a particularly turbulent period of her life and is finding it difficult to cope with her situation and feelings of rejection and hurt.

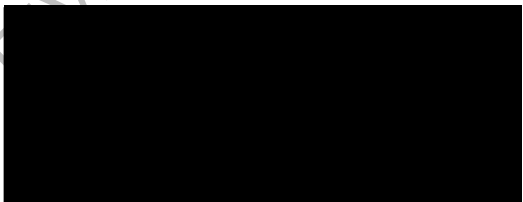

Janice is quite clear that she was brought to Newfield as a result of her behaviour in Ailsa, but is equally clear that she was brought into care in the first place, due to the actions of others.

There is little doubt that Janice has still a lot of unresolved feelings around the abuses which she suffered and her family's reaction to her bringing it to the attention of others. It is clear that work in this area has to be ongoing and to achieve maximum results, should be done in an environment in which she feels secure and with people whom she has grown to trust.

At a recent assessment case conference, Sycamore House in Kirkcaldy was identified as best meeting her needs. A referral has been made to Sycamore House and it is to be hoped this will be successful. However, in the circumstances, it is important that Janice views any future placement positively so that work can achieve the best results.

Janice has stated that she would like to see Sycamore House prior to making a firm commitment to it, but she has no objections to moving out of Glasgow and does not feel the city has much to offer for her future, and in addition has shown interest in fostering. Janice appears to be taking a reasonable, intelligent approach and every consideration should be given to her views.

The writer respectfully requests that Janice's current supervision order to be continued until Sycamore House have time to look at her case and Janice has the opportunity to visit Sycamore House.

Martin Drysdale,
Assistant Assessment Officer.

Jamie arrived at 6pm accompanied by her S/I Kate Macfarlane and staff from Newfield - Bethy Campbell. Jamie appeared slightly withdrawn to start with and answered my questions / attempts at conversation in a rather monosyllabic fashion. Kate then gave me a brief historical account of Jamie's life over the past year to 18 months. Jamie did not really react at all while Kate explained her situation or when the fire-raising was mentioned. When introduced to the other children, she accepted their interest, if a bit shy. She settled into her room and immediately made it hers by setting out her ornaments and pinning up pictures and posters. Jamie preferred to remain in the lounge watching T.V. and did not participate in activities in the gym. For most of the evening, she sat fairly quietly listening to a watching other children but not interacting to any great extent. She was offered a meal, but did not wish anything to eat - perhaps ^{feeling} a bit strange - causing loss of appetite. I spoke to her by herself and she offered a bit more information - that - because she didn't meet Ailsa staff - Caroline - met friends - stayed out until middle of night she was confined to room - her schoolwork & at breaks - so she set fire to bed & room - had brought matches back with her.

Kate McFarlane gave resume of Janice Ann's situation, past receptions into care, family background and reasons for move to Newfield and Cardross Park. On 26/11/88 after an incident of fireraising within Ailsa Children's Home Janice Ann was moved to Newfield Resource Centre. An assessment case conference on 21/12/88 - see Report from Newfield decided that given Janice Ann's most difficult background a stable residential establishment was necessary. In view of the history of sexual abuse a placement was to be sought at Sycamore Lodge in Kirkcaldy. It was recognised that this may not be available, due to high demand for the place there, and that a back up option of a place in a Residential School might be necessary. Janice Ann remained in Newfield and with considerable support from staff in Newfield was able to maintain her place there.

A meeting was held at Newfield on 9/1/89 to discuss Janice Ann's placement given the delay in obtaining a response from Sycamore Lodge. It was accepted that the placement was becoming more and more problematic for Janice Ann in Newfield as she had to deal with the delay in knowing her future. Arrangements were made for a formal Child Care Review on 16/2/89 to discuss options open to Janice Ann all increasing supports to her in the meantime. On 13/2/89 Janice Ann set fire to her room at Newfield and consequently a move to Cardross Park was arranged under Section 44 (6). According to staff at Newfield it was felt that this was a very controlled action by Janice Ann in a setting where it would be noticed immediately.

Since moving to Cardross Janice Ann has seemed a bit more withdrawn and watchful of the other children. Within the classroom however she has been hostile and aggressive and barely curtaining her hostility. She could manage the work demands of school but not the behavioural demands.

It was felt that even given the lack of clarity about future place of residence there was a need for counselling on sexual abuse should be offered now.

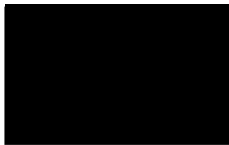

DECISIONS

(2)

(3) That Janice Ann could not cope with the regime in a Children's Home nor the requirements to attend mainstream education..

(4) That Maura Butterly Counsellor with RSSPCC begin to offer contact to Janice Ann.

(5) That a residential School unit be sought on a 52 week a year basis. Those present felt Loaningdale and Kerelaw be appropriate establishments.

12. Summary of discussion etc. (To be read in conjunction with Initial/Review Report Form)

Gerry Breslin, Area Manager, North East 6 welcomed everyone to the case conference to discuss the allegation from Janice Ann Cunningham, that twice during the month of October, while present in her grandparents' home at 11 Conisborough Road, her grandfather had put his hand up her jumper and felt her breasts.

Janice Ann on the At Risk Section [REDACTED] This
was decided after Janice Ann jumped out of a window to flee from being reprimanded

Supervision Requirements. Janice Ann is presently in Ailsa Children's Home due to
the deteriorating relationship with her mother and given the knowledge of the family

be too timid to stop her grandfather if he tried to sexually abuse her further.

[REDACTED] from the Female and Child Unit at Baird Street interviewed Janice Ann
and during interview Janice Ann said that she had fears for her cousin Margaret
Cunningham [REDACTED] as she believes
Margaret has been sexually abused by her grandfather too.

Pat Lang from Ailsa's Children's Home reported that Janis Ann has caused no great
problems at home apart from one occasion when she went missing with another girl
from the home.

Mr Rees, Guidance Teacher, Lochend Secondary School reported to Kate McFarlane
that Janice Ann has truanted on occasions but considering that she has been received

is good.

Sgt [REDACTED], Easterhouse Police Station reported that the Female and Child

that Janice Ann's name remain on the At Risk Section [REDACTED]

PLACEMENT DISCUSSION - 12 JANUARY 1990

SUBJECT: JANICE ANN CUNNINGHAM

DATE OF BIRTH: 12.04.74

PLACEMENT: ROSANNE O'NEIL, SUPPORTED LODGINGS

PRESENT:

Alan McIlwraith, Social Worker, North East 6 Sub Office
Willie Waite, Resource Worker (Child Care) North East & Strathkelvin District
Jim McDermott, ADO (Child Care) North East & Strathkelvin District

APOLOGIES:

Rosanne O'Neil, Supported Lodgings Landlady
Hugh Gallagher, Keyworker, Kermure St Mary's School

Meeting convened to look at issues surrounding the difficulties identified in sustaining weekend placement of Janice Anne Cunningham with Rosanne O'Neil, offering Supported Lodgings.

Difficulties highlighted as centring round Janice Anne spending overnights away from Rosanne's at weekends and going to the home of her sister Vanny who is a single parent living in the Easterhouse area. This has raised continuing concern regarding what was viewed as the limited responsibility taken by the school when Rosanne has reported to them Janice Anne being absent despite it having been previously agreed that links with such as the Regional Standby Service on such occasions would be the responsibility of the school and not Rosanne. This aspect was seen as

undermining the potential for the development of the relationship between Rosanne and Janice Anne. Additionally it has been alleged by Mrs Cunningham that while staying with Vanny Janice Anne has been sleeping with a 22 year old man. In this connection Mrs Cunningham has made a formal complaint to Mr G Breslin, Area Manager, North East 6 and Alan McIlwraith reported that this complaint is being pursued and that the matter is under investigation by the Police. Janice Anne has denied the allegation. Following pressure from Mrs Cunningham upon Janice Anne Vanny who is reported as saying that Janice Anne could not now visit her, Janice Anne is currently now declining the opportunity to return at weekends to Rosanne's home.

[REDACTED]

Meantime Rosanne has indicated that she remains willing to offer a care resource for Janice Anne should the girl want this and be willing to co-operate in terms of regular hours and being resident with Rosanne as agreed. Additionally, and her views were supported by those in attendance, she made it clear that she expected the consistent support from the school outwith office hours and maintaining the structure of the placement with Janice Anne. It was seen, despite the positive relationship developing between Rosanne and herself, that Janice Anne has difficulty in seeing the placement in a positive light given the pressure exerted upon her by her mother [REDACTED] the option of spending time at Venny's home being limited by the structure and commitment to regular timekeeping at Rosannes.

The influence of the placement of Janice Anne with Rosanne O'Neil was viewed by those present in a positive light despite recent events. [REDACTED]

Contact by Alan with Neil Sharp, Senior Resource Worker, Regional Child Care had established that issues related to Janice Anne remaining subject to a Security Order and consideration of her being placed within another List D setting should be addressed in conjunction with the school at that level. Meantime given how close Janice Anne is to her 16th birthday, her current ambition to "get shot" of social work at earliest date and the poor prognosis of positive family support, it was seen that any potential for building a positive link with Rosanne O'Neil should be pursued [REDACTED]

[REDACTED] The need for Janice Anne to have it made clear from the school and from Alan that should the resource be available, and should she want to take advantage of it, this would require her to realise the requirement that she co-operate regarding timekeeping and behaviour was stressed.

The opportunity of Intermediate Treatment provision on a Friday evening in Easterhouse for youngsters on leave from List D School was seen as a positive resource by Alan for Janice Anne whether or not she is using the placement with Rosanne O'Neil and this was to be put to Janice Anne in conjunction with the school as part of the rehabilitation deal.

[REDACTED]

Jim McDermott to clarify with Eileen Baxendale, District Officer (Child Care) the significance of the charge against Rosanne O'Neil in relation to the ongoing use of the supported lodging resource for Janice Anne and generally to report back to Alan and the school on this.

[REDACTED]

Alan to negotiate with Neil Sharp of Regional Child Care regarding appropriate forum for considering Janice Anne's security status and future residential care needs within and outwith Kennure St Mary's.

Referral of Janice Anne to Intermediate Treatment provision to be confirmed by Alan with the school and with Janice Anne.

Supportive link with Rosanne O'Neil to be maintained by Willie Waite given recent events and present view expressed by Janice Anne regarding her use of the placement.

PLACEMENT DISCUSSION DATED 13 DECEMBER 1989

APOLOGIES

This meeting had been convened in light of previous discussion involving the School, Area Team and Janice Ann to consider with Roseanne O'Neil the progressing of her link with Janice Ann Cunningham. It was noted that to-date Janice Ann has spent two overnights followed by two full weekends at Roseanne's home in Easterhouse. Roseanne explained that on the first of these weekends she had been concerned that Janice Ann having been given permission by St Mary's to spend an additional overnight with her on the pretext that she was required to make a statement to police in Glasgow on the following day had in fact spent that overnight at her sisters home. Roseanne pointed out that she had been unhappy firstly, that such an arrangement for overnight stay should be made with Roseanne without consultation by the school with herself and additionally when she had made the report that Janice Ann was missing there seemed to be a lack of understanding as to how this should be dealt with.

Given that it was recognised that Janice Ann required clear consistent messages from all parties involved in her care Hugh Gallagher noted the points made and agreed to make the staff at St Mary's aware of this.

Alan McIlwraith explained that he had raised the issue of the overnight away with Janice Ann. He had stressed to her the tentative nature to date of the link between herself and Roseanne and the need for conditions set to be adhered to allow trust to develop and hopefully the placement sustained and developed. Janice Ann had appeared to take this on board indicating that she does value the resource and does not want to lose out on this.

Roseanne indicated that she remained optimistic regarding the progress made to date.

Alan McIwraith explained that he saw the provision available allowing Janice Ann an opportunity to have contact with her family in Easterhouse over which she rather than her mother has control.

Hugh Gallagher pointed out that although the situation for Janice Ann over the week following her statement to the police had been emotionally charged she had seemed more relaxed in relation to this being able to share her feelings as to her supporting her sister Nicola rather than resorting to aggression and self mutilation.

In the light of developments to date it was agreed that the placement had a basis on which to build but that the timing and pacing of this remained crucial.

It was noted that the Children's Hearing to consider Janice Ann's secure status was scheduled for Thursday, 21 December 1989. The need for a consistent view from both the school and the Area Team regarding this issue was recognised. While accepting that Janice Ann's behaviour of late ~~cast~~ doubt on her meeting the criteria for security it was seen as important that efforts to meet her needs and plan for her future required that she work from as stable a base as possible and that this should be put to the Children's Hearing in terms of their consideration of the secure order and the potential for a community base for Janice Ann in the near future. Hugh Gallagher advised that Janice Ann was aware of and agreeable to this proposal. *i.e. that the Security Order be reconsidered by the Hearing after the end of January 1990.* Roseanne O'Neil stated that she saw this timescale as realistic in allowing herself and Janice Ann to work towards her phased discharge from St Mary's.

Lengthy discussion ensued in the light of what was seen as Janice Ann's expectation that she would have the opportunity of spending Christmas with Roseanne. It was agreed that with appropriate support being available from Hugh Gallagher who is on duty on Christmas Day and Boxing Day at St Mary's and with Janice Ann being aware that she would have the opportunity of visiting her family during the period Janice Ann should spend from Saturday 23 December to Tuesday 26 December at Roseanne's home being collected on that evening by Hugh Gallagher and returned to the school. Given the emotional component of this time of year and the potential for Janice Ann to suffer rejection at the hands of her family it was seen as important that Roseanne O'Neil would have appropriate back-up from St Mary's over this period and Hugh Gallagher agreed that as well as being available make daily telephone contact to monitor the situation.

The following weekend, the New Year holiday was seen as to be handled as an ordinary weekend with Janice returning to St Mary's on the Sunday.

Subject to agreement by the Children's Hearing and the plan outlined following through issues identified as having to be addressed included:-

- (1) Future educational provision for Janice Ann.
- (2) The potential for mid-week contact between Janice Ann and Roseanne and how contact between Janice Ann and her family be arranged and monitored.
- (3) *Security Order, to be reviewed by Hearing after 6-8 weeks with availability of Support Lodging with Roseanne O'Neil being considered as an option then in light of progress.*

**PLANNING MEETING - JANICE ANN CUNNINGHAM
HELD AT ST. MARY'S SCHOOL, BISHOPBRIGGS ON 28/11/89.**

Present:

Jim McDermott	Assistant District Officer	North East District H.Q.
	Child Care.	
Alan McIlwraith	Social Worker	North East 6 Area Team
Hugh Gallagher	Keyworker	St. Mary's School
Caroline Warnock	Social Work Assistant	North East 3 Area Team
Janice Ann Cunningham		
Willie Waite	Resource Worker	North East District H.Q.

Jim McDermott opened the meeting by outlining the purpose and reasons for it taking place.

1. To look at what was on offer from Roseanne O'Neils.
2. To look at how best to utilise the placement.
3. To establish contact with the Easterhouse area.

Discussions had already taken place about the placement unfortunately Hugh Gallagher had been on annual leave. Willie Waite advised that the resource at Roseanne O'Neils was flexible and could be used for whatever contact Janice Ann wanted, it was seen initially as a weekend resource offering Janice Ann an outside contact.

Alan McIlwraith felt that Janice Ann and Roseanne had developed a mutual understanding, Janice Ann felt comfortable at Roseanne's. The placement was being pursued on a low key basis with opportunity for it to develop.

Janice Ann stated that she is quite happy going to Roseanne's. Hugh Gallagher felt Janice Ann was quite happy and content at Roseanne's, she has her own set of keys, she is going for two overnights this weekend, the school are quite happy to accommodate the arrangements and weekday overnights could be arranged if Janice Ann desired them. Janice Ann's visit to Roseanne fitted in with her outings with Caroline Warnock.

Jim McDermott felt that it was important that the placement at Roseanne's be taken at Janice's pace and that she should not feel that she was being pushed into supported lodgings. There is a panel on the 5th December, 1989, Hugh Gallagher felt Janice Ann was quite anxious about this and her future. Jim McDermott stated that no recommendation or decision could be taken at this meeting with reference to recommendation to Panel this to be discussed between Social Worker, Area Manager and School.

A Planning meeting involving Janice Ann, Roseanne O'Neil, Alan McIlwraith, Hugh Gallagher and Willie Waite should be held within the next couple of weeks.

DECEMBER, 1989/HG

DATE OF BIRTH: 12.4.74

DATE OF ADMISSION: 13.3.89

Last hearing held on the 26 September, 1989.

Since the last Hearing on Janice we have continued to address ourselves to the main areas of concern and work to be continued or indeed instigated. The last three months have been both progressive and encouraging.

GENERAL BEHAVIOUR:

Janice has responded in both a stable and mature way to the general day to day life in St Mary's Kenmure. In class and in the unit she has improved dramatically in how she presents herself and has made stringent efforts to live with people and discuss and see other points of view. The apparent need for verbal and physical confrontations have paled into the background with a more realistic way of dealing with problems, anger, frustration or fear. We have been able to discuss with Janice past experiences both good and bad, evaluate them and be realistic in future expectations, Janice seems far more settled and content both with herself and St. Mary's Kenmure. This has had a positive knock-on effect in her attitude and response outside St Mary's Kenmure.

FAMILY CONTACT:

As in the last Panel Report family contact has been encouraged and facilitated in every way possible. This has taken various forms

- a) Visits both in and out of St Mary's Kenmure with her sister.
- b) Day leave to her sister
- c) Positive contact and dialogue with mum
- d) Befriender and Supported lodgings contact

RECEIVED

Janice Ann Cunningham (Cont/d.)

This has to be seen as a very fruitful period in her development. General family contact has accelerated with no real problems to date. May be the most encouraging aspects have been a base for leave at Supported Lodgings and Mum's contact with Janice. A placement in a family in Easterhouse was identified and subsequently used for day leave and lately on a week-end basis. Although early days yet the signs are encouraging for the future. This has been seen as a good move for Janice who seems quite committed to it. Janice has also been able to visit the family home and show that she has matured and is able to control herself. Both Mum and Janice seem more relaxed with each other. This can only be encouraged and facilitated at all times. With the odd exception Janice has handled in a positive manner going out and coming back on leave and during leave. In general the more Janice or any other youth goes in and out of St Mary's Kenmure the harder it becomes to maintain it. Janice has to be praised for this.

CONCLUSION AND FUTURE PLANS:

Janice, to all intents and purposes, has peaked in St Mary's Kenmure and is no longer a security risk. She has just about accomplished all that has been asked of her and now seems to be in a position to take another step in re-integrating herself into the community. It now seems right to be thinking in terms of Janice leaving St Mary's Kenmure and security.

For the future, in discussion with both Janice and the Social Work Department, it is hoped that Janice can return to St Mary's Kenmure to complete her move elsewhere. We would envisage that Janice will continue to make good use of her placement in Supported Lodgings over Christmas and the New Year with a strong commitment from the Social Work Department to identify a permanent base for Janice into the New Year. Janice herself sees this as the appropriate way ahead to facilitate a move hopefully during January at the latest.

Many inroads have been made in her future and development and we look forward to discussing in greater detail her future with Janice, Social Work Department and the Childrens Hearing.

Summary of Discussion:

THIS MINUTE SHOULD BE READ IN CONJUNCTION WITH MINUTE OF REVIEW OF 30.01.90

The review was reconvened from 30.01.90 to allow school and district staff to identify all suitable potential placements for Janice.

1. Hugh reported that a place at Columba Unit was possible, but that Janice was not keen on a move. Unit staff also have reservations about Janice's commitment.
2. Jim McDermott reported that a) there were no beds available in N.E. District Children's Homes, nor could he give any indication of when one would be available, and b) Janice is 6th on the list for Supported Lodgings, so a placement should be available within a reasonable timescale.

It was recognised that, in view of resource constraints, and in view of the acknowledgement that Secure Accommodation was now inappropriate, that a move to the Columba Unit would give Janice continuity of care while a supported lodgings placement is set up for Janice.

Minutes of Review Meeting continued

Decisions taken (specifying action to be taken and by whom):

1. To recommend to the Children's Hearing that Janice's Secure Order be varied;
2. To support a placement for Janice within Columba Unit, St Mary's. Hugh Gallagher to liaise with headmaster;

Summary of Discussion: There was due to be a Review for Janice on 24.10.89, but this was cancelled due to industrial action.

Initially, discussion focussed on events since the last review. Janice's secure order was continued on 19.12.89, and, in the light of discussions between school, Area Team and District, a Supported Landlady Placement was identified for Janice. Initially, this was a successful weekend placement. Unfortunately, this placement broke down in the New Year and, although still available to her, Janice states she has no commitment to the placement.

In the last fortnight, Janice has started a catering course at John Wheatley College, Easterhouse and is enjoying it. She hopes to start a Scotvec Catering Course in the autumn.

It was acknowledged that Secure Accommodation was no longer appropriate for Janice and that a recommendation should be made to the Children's Hearing to vary the Order.

There followed a lengthy discussion about the most suitable placement for Janice. In the short term, the options would appear to be Columba Unit or a Children's Home, with a view to setting up another Supported Lodgings in the medium term. Janice is not committed to any option and was not able to help the Review come to a decision. Janice sees her future after sixteen as being with her sister Vivienne. The Social Work Department has very grave reservations about the suitability or viable of this placement, but recognises Janice's right to decide her own future once she leaves care.

It was decided to ask St. Mary's and N.E.District to examine the feasibility of the options discussed and to reconvene the Review on 02.02.90.

1. Transport for Home Leave/visits.

It was agreed with reference to Caroline Quinn, Janice informal befriender from Ailsa Children Home, that St. Marys would when possible use their Car/Van to facilitate contact.

In addition, it was discussed that an integral part of Janice's programme would include the opportunity to travel on public transport, without an escort, when visiting her family etc.

2. School - post St. Mary's.

Janice has decided that she wishes to continue attending the School classes at St. Marys as an alternative to external comprehensive School. It is unclear whether there are any sound education reasons for her doing so if or when she leaves.

Hugh for the next child care review get a full educational report which will include input from Maureen Sturrock, psychologist at Douglas Inch Centre.

The purpose of these meetings are firstly, information sharing between different agencies and, secondly, to assess developments and set agenda or programme of future work.

1. RSSPCC - Counselling

Maura confirmed that Janice was still refusing to engage in any therapeutic relationship. She has no plans for one-to-one counselling sessions. However, Maura will write to Janice underlining her commitment to be available should Janice change her mind/attitude to counselling.

2. St Mary's

Move to Columba Unit, Janice has drawn-up a programme and should soon start her overnights, it is anticipated that she should be transferred to the Columba Unit by the end of August.

Her Secure Accommodation Order expires on 22 September and, as per the Child Care Review, it is not envisaged that the Order will be continued.

Hugh to arrange/provide list.

3. Area Team

Carolyn's role of facilitating family contact, etc, has been very successful over the last few weeks. This role will continue and it is hoped that finance will be available for clothing, etc.

There is a need to clarify the family's attitude on home leave and or, Janice's sister visiting St Mary's.

Next Meeting - 22 August, 1989 at 11.00 am in St Mary's.

Date of Admission: 13.3.89

Areas of concern as indicated in residential review form:

No written material was forthcoming from the residential staff. Concerns which were expressed by the residential staff verbally were:-

1. Janice's behaviour.
2. Contact with family, particularly mother.
3. Length of stay in secure accommodation.

Areas of concern as indicated in Social Worker's review form:

1. Quality and quantity of parental contact.
2. Janice's regressive behaviour and the need to confront this.
3. Janice's refusal to enter any therapeutic relationship at any level.

Summary of Discussion:

The meeting was convened to look at Janice Ann's progress in the three weeks since the previous review, which was convened specifically to discuss Janice Ann's emergency return to secure accommodation.

There was discussion about the level and quality of her contact, particularly the fact that Mrs Cunningham was refusing to have any contact with Janice Ann. It was generally felt that the hostility that Mrs Cunningham is showing towards Janice Ann, and her influence on the rest of the family, is undoubtedly having an adverse effect on Janice Ann.

Since the last review, there have been no further serious incidents within the secure unit involving Janice Ann. Her behaviour generally has been negative, and it was noted that she attempts to control her environment by being out of control. As a result of this, and the change of residents within the unit, Janice has no place within the peer group and this has proved a hindrance to working with her.

There was then some discussion on the issue of containment versus security. Up until now the focus has been on Janice Ann's behaviour and the implications of this for the unit. It was acknowledged that much more evidence is needed to be placed on looking at Janice Ann's needs at all levels rather than concentrating mainly on her current behaviour. Residential staff felt that, in hindsight, Janice Ann's previous move from secure accommodation had been too rapid and that there should be no time limit on Janice Ann's stay in secure accommodation but that she should be moved when she was ready for this. While there was agreement on this, it was acknowledged that Janice Ann should not spend any

Decisions taken (specifying action to be taken and by whom):

1. Janice Ann to remain in the secure unit at present.
2. A fortnightly meeting to take place to co-ordinate the efforts of the different Agencies namely St Mary's, RSSPCC and Social Work Department.
3. Janice Ann to be encouraged to discuss her longer term future as well as her return to open accommodation. Unit Staff.

longer in the secure unit than was necessary.

At present, there are three main areas of work with Janice Ann.

1. Sexual counselling - this is being carried out by Maura Butterly of the RSSPCC and is at a very early stage as at present, Janice Ann has been reluctant to engage with Maura.
2. Acting out behaviour and future planning - this is being done by staff within the unit.
3. Work with the family - this is being carried out by the Area Team as follows:

[REDACTED] Carolyn Warlock,
Social Work Assistant, is undertaking a befriending role with Janice Ann.

There was general acknowledgement that all work needed to be carried out at Janice Ann's pace if it was to be successful.

The need for co-ordination of the various agencies was stressed and to this end it was agreed that fortnightly co-ordinating meetings would be convened, attended by Alan McIlwraith, Maura Butterly and Hugh Gallagher: the first meeting to take place on 6 July, 1989 at 2.00 pm at St Mary's. One of the issues to be explored is the identification of a Keyworker within St Columba Unit as soon as possible, to facilitate Janice Ann's term there.

Janice Ann did not feel able to attend the review proper, but came in to the room immediately after the review so that Ian Turner could discuss with her the contents of the review and the decisions arrived at.

AREAS OF CONCERN: PATTERN OF WILFUL FIRERAISING

DATE OF NEXT PANEL: WEDNESDAY 5 APRIL 1989 (5.30 p.m.)

Janice was admitted to St Mary's on 9 March 1989 from an emergency hearing - previous to this she was in Newfield Assessment Centre and then Cardross.

Prior to the latest fireraising incident she had been placed on a 44.1(b) Order naming Kerelaw.

Panel should be requested to attached a 58a to the existing 44.1(b) Order naming Kerelaw. However it was hoped that she would remain at Kenmure until middle of next week but with the flexibility of the 58a attachment it could be planned whether or not Janice should be admitted to security or the open setting of the school.

JANICE ANN CUNNINGHAM

SEPTEMBER, 1989/HG

DATE OF BIRTH: 12.4.74

DATE OF ADMISSION: 13.3.89

Last review held on 27 June, 1989 in St Mary's Kenmure

The main areas for discussion and concern were:-

- a) Janice's behaviour
- b) Contact with family, especially mum.
- c) Length of stay in security
- d) Janice's unwillingness or inability to engage in any form of counselling with anybody e.g. staff, Social Worker, R.S.P.C.C.

Since 27 July Janice's behaviour has been both reasonable and erratic. Janice can go from a fairly stable, mature and realistic way of operating to one of total disregard for herself and everyone around her. During August, after a good settled period, Janice, for no apparent reason, decided to set fire to a towel and shower curtain in the girls' toilet. After the fire had been put out and the incident talked through, Janice then decided to set fire to the contents of her bedroom. As a result of this, Janice was formerly charged by the Police. Since then she has tried to control herself and be consistent in her day to day living.

Stringent efforts have been made to encourage and facilitate contact between Janice and her family. This has taken the form of visits both in and out of St Mary's Kenmure. To date there has still been no real contact between Janice and her mum despite various strategies by the Social Work Department. However there has been regular and positive visits from her sisters. This will be encouraged and may have a knock-on effect with other members of the family.

Despite numerous attempts by Maura Butterly to give Janice time and opportunity to talk and help her come to some form of understanding of past events, Janice was unable to use this facility. If in the future, Janice would like to use the R.S.P.C.C., contact can be resumed. It is pleasing to note that some progress has been made in this very frightening and crucial part of her life. Janice has begun to talk

Cont/d...

to staff in the unit regarding her experiences and her feelings in this very traumatic period of her life. This turnabout more or less coincided with the news that the Fiscal was taking no further action regarding the pending court case and the matter was now closed. It would seem that this lifted a great burden off Janice. Since then we have used this as a positive starting point in looking to Janice's future and not to dwell in the past. It is still early days yet but hopefully Janice can now come to terms with her past and look to her future. We will continue to encourage Janice to discuss matters past and present.

FUTURE PLANS:

It was hoped that by now Janice would be resident in Columba Open Unit. Unfortunately just as we have neared this point Janice has somehow or other managed to stall and hinder this move. Janice did not have a good experience in her last stay in Columba and, although changing her mind several times, now openly states that she would prefer to move to a Hostel outwith St Mary's Kenmure. We look forward to discussing present and future plans at Janice's review.

The purpose of these meetings are firstly, information sharing between different agencies and, secondly, to assess developments and set agenda or programme of future work.

Areas of concern as indicated in Social Worker's review form:

- 1) Quality of family accesss
- 2) Lack of self control/emotional stability

Summary of Discussion:

The current Review had been convened as a consequence of Janice's return to secure accommodation on 31.05.89.

The decisions of the previous Review i.e. to drop all plans for a return to Kerelaw; for Janice to move to the open unit in Kenmure St Mary's by 08.05.89 and sexual abuse counselling were acknowledged.

The meeting considered the series of events 08.05.89 as outlined in the Report from Kenmure St Mary's which included 6 absconsions, an assault against a member of staff for which she was charged, self damaging behaviour on 20th May '89 involving scratching her arms with a razor and finally 30.05.89 climbing on to the roof of the hostel giving further concern for her safety.

As a consequence of the above, formal negotiations took place between the school and S R C Social Work as a consequence which Janice was returned to secure accommodation under the direction of the head of school and the director of Social Work.

The meeting noted Janice's comment that her return to Columba may have been premature and that the relationship between herself and her family was potentially much more problematic than had previously been thought.

Minutes of Review Meeting continued

Decisions taken (specifying action to be taken and by whom):

- 1) Janice to remain in Kenmure St Mary's Secure accommodation meantime.
- 2) That residential staff and Social Worker to review with Janice the feasibility of the long term plan for her return home.
- 3) Staff to consider with Janice the most appropriate post St Mary's placement.

Summary of Discussion

Cont..

The meeting also noted that Janice could avoid dealing with some of the more difficult areas of her life by remaining in security and has clearly worked out that her placement will be affected by her behaviour.

The meeting noted the danger of attention being focussed principally on Janice's acting out behaviour perhaps to the exclusion of her social and emotioanl needs.

The meeting noted that up until now the plans for Janice had centred round her return home. It was acknowledged that this will have to be reviewed.

It was also acknowledged that more priority would require to be given to encouraging Janice to take a more active part in selecting her post at St Mary's placement.

Date of Review: 27.6.89
Name of Home: St Mary's School, Bishopbriggs
Name of Child: Janice Ann Cunningham
Field Case Paper No:
Date of Admission: 13.3.89
Date of Birth: 12.4.74

Areas of concern as indicated in residential review form:

No written material was forthcoming from the residential staff. Concerns which were expressed by the residential staff verbally were:-

1. Janice's behaviour.
2. Contact with family, particularly mother.
3. Length of stay in secure accommodation.

Areas of concern as indicated in Social Worker's review form:

1. Quality and quantity of parental contact.
2. Janice's regressive behaviour and the need to confront this.
3. Janice's refusal to enter any therapeutic relationship at any level.

Summary of Discussion:

The meeting was convened to look at Janice Ann's progress in the three weeks since the previous review, which was convened specifically to discuss Janice Ann's emergency return to secure accommodation.

There was discussion about the level and quality of her contact, particularly the fact that Mrs Cunningham was refusing to have any contact with Janice Ann. It was generally felt that the hostility that Mrs Cunningham is showing towards Janice Ann, [REDACTED] is undoubtedly having an adverse effect on Janice Ann.

Since the last review, there have been no further serious incidents within the secure unit involving Janice Ann. Her behaviour generally has been negative, and it was noted that she attempts to control her environment by being out of control. As a result of this, and the change of residents within the unit, Janice has no place within the peer group and this has proved a hindrance to working with her.

There was then some discussion on the issue of containment versus security. Up until now the focus has been on Janice Ann's behaviour and the implications of this for the unit. It was acknowledged that much more evidence is needed to be placed on looking at Janice Ann's needs at all levels rather than concentrating mainly on her current behaviour. Residential staff felt that, in hindsight, Janice Ann's previous move from secure accommodation had been too rapid and that there should be no time limit on Janice Ann's stay in secure accommodation but that she should be moved when she was ready for this. While there was agreement on this, it was acknowledged that Janice Ann should not spend any

longer in the secure unit than was necessary.

At present, there are three main areas of work with Janice Ann.

1. Sexual counselling - this is being carried out by Maura Butterly of the RSSPCC and is at a very early stage as at present, Janice Ann has been reluctant to engage with Maura.
2. Acting out behaviour and future planning - this is being done by staff within the unit.
3. Work with the family - this is being carried out by the Area Team as follows:

[REDACTED] Carolyn Warnock,
Social Work Assistant, is undertaking a befriending role with Janice Ann.

There was general acknowledgement that all work needed to be carried out at Janice Ann's pace if it was to be successful.

The need for co-ordination of the various agencies was stressed and to this end it was agreed that fortnightly co-ordinating meetings would be convened, attended by Alan McIlwraith, Maura Butterly and Hugh Gallagher: the first meeting to take place on 6 July, 1989 at 2.00 pm at St Mary's. One of the issues to be explored is the identification of a Keyworker within St Columba Unit as soon as possible, to facilitate Janice Ann's term there.

Janice Ann did not feel able to attend the review proper, but came in to the room immediately after the review so that Ian Turner could discuss with her the contents of the review and the decisions arrived at.

- 28.5.89 - Janice scratched her arms with a razor. Although not needing medical attention, they are significant cuts.
- 29.5.89 - Janice absconded, made her way to Easterhouse and eventually handed herself into the Police Station. She was returned to the Hostel.
- 30.5.89 - Janice was disruptive early in the evening. Eventually came round to be fairly settled. At the end of the evening she absconded (following a period of fooling around!). She was spoken to, returned to the Hostel and chose to climb on to the roof. Remained there for a period of time. Returned of her own accord.
- 31.5.89 - Janice returned to security.

Janice Ann usually resides with her parents and younger brother and sister at the family home. - [REDACTED] Janice Ann [REDACTED] subject to (44 1A) Home Supervision requirements and are on the Strathclyde Regional Council Child Abuse Register; [REDACTED] Janice Ann "At Risk". Twice over the past few months Janice Ann has been received into care under Section 15 Social Work (Scotland) Act 1968 following absconsions from the family home.

Relationships within the family have been strained for some time resulting in Janice Ann being rejected at times of stress. [REDACTED]

Following Janice's latest absconsion on Saturday 29th October she contacted Kate McFarlane Monday 31st at 11.30 a.m. requesting to meet. She called at the office at 1.30 p.m. and alleged that twice over the past four weeks her grandfather, Mr Cunningham of Conisborough Road, had been trying to touch her breasts, last occasion was on 20th October '88. Janice informed me that she advised her mother of this situation on the evening of Tuesday 25th October '88 and her mother believed her.

Although Janice Ann believed that the alleged incident had affected her coping capacity over the past few weeks she added that the deteriorating relationship with her mother had reached the stage where she felt unable to continue to reside at home. Given the knowledge of the family and Janice Ann's present position in the family it was felt that Reception Into Care was necessary.

Janice was received into care and placed in Ailsa Children's Home.

PLANNING MEETING - JANICE ANN CUNNINGHAM
HELD AT ST. MARY'S SCHOOL, BISHOPBRIGGS ON 28/11/89.

Present:

Jim McDermott	Assistant District Officer	North East District H.Q.
	Child Care.	
Alan McIlwraith	Social Worker	North East 6 Area Team
Hugh Gallagher	Keyworker	St. Mary's School
Caroline Warnock	Social Work Assistant	North East 6 Area Team
Janice Ann Cunningham		
Willie Waite	Resource Worker	North East District H.Q.

Jim McDermott opened the meeting by outlining the purpose and reasons for it taking place.

1. To look at what was on offer from Roseanne O'Neils.
2. To look at how best to utilise the placement.
3. To establish contact with the Easterhouse area.

Discussions had already taken place about the placement unfortunately Hugh Gallagher had been on annual leave. Willie Waite advised that the resource at Roseanne O'Neils was flexible and could be used for whatever contact Janice Ann wanted, it was seen initially as a weekend resource offering Janice Ann an outside contact.

Alan McIlwraith felt that Janice Ann and Roseanne had developed a mutual understanding, Janice Ann felt comfortable at Roseanne's. The placement was being pursued on a low key basis with opportunity for it to develop.

Janice Ann stated that she is quite happy going to Roseanne's. Hugh Gallagher felt Janice Ann was quite happy and content at Roseanne's, she has her own set of keys, she is going for two overnights this weekend, the school are quite happy to accommodate the arrangements and weekday overnights could be arranged if Janice Ann desired them. Janice Ann's visit to Roseanne fitted in with her outings with Caroline Warnock.

Jim McDermott felt that it was important that the placement at Roseanne's be taken at Janice's pace and that she should not feel that she was being pushed into supported lodgings. There is a panel on the 5th December, 1989, Hugh Gallagher felt Janice Ann was quite anxious about this and her future. Jim McDermott stated that no recommendation or decision could be taken at this meeting with reference to recommendation to Panel this to be discussed between Social Worker, Area Manager and School.

A Planning meeting involving Janice Ann, Roseanne O'Neil, Alan McIlwraith, Hugh Gallagher and Willie Waite should be held within the next couple of weeks.

Summary of Discussion:

THIS MINUTE SHOULD BE READ IN CONJUNCTION WITH MINUTE OF REVIEW OF 30.01.90

○ The review was reconvened from 30.01.90 to allow school and district staff to identify all suitable potential placements for Janice.

1. Hugh reported that a place at Columba Unit was possible, but that Janice was not keen on a move. Unit staff also have reservations about Janice's commitment.
2. Jim McDermott reported that a) there were no beds available in N.E. District Children's Homes, nor could he give any indication of when one would be available, and b) Janice is 6th on the list for Supported Lodgings, so a placement should be available within a reasonable timescale.

It was recognised that, in view of resource constraints, and in view of the acknowledgement that Secure Accommodation was now inappropriate, that a move to the Columba Unit would give Janice continuity of care while a supported lodgings placement is set up for Janice.

Minutes of Review Meeting continued

Decisions taken (specifying action to be taken and by whom):

5. Social Worker to submit memo to District for Section 24 payment for college equipment for Janice.

Summary of Discussion: There was due to be a Review for Janice on 24.10.89, but this was cancelled due to industrial action.

Initially, discussion focussed on events since the last review. Janice's secure order was continued on 19.12.89, and, in the light of discussions between school, Area Team and District, a Supported Landlady Placement was identified for Janice. Initially, this was a successful weekend placement. Unfortunately, this placement broke down in the New Year and, although still available to her, Janice states she has no commitment to the placement. Supervision of the placement has been the source of an official complaint by Mrs Cunningham. This is being investigated by G. Breslin, Area Manager N.E.6. In the last fortnight, Janice has started a catering course at John Wheatley College, Easterhouse and is enjoying it. She hopes to start a Scotvec Catering Course in the autumn.

It was acknowledged that Secure Accommodation was no longer appropriate for Janice and that a recommendation should be made to the Children's Hearing to vary the Order.

There followed a lengthy discussion about the most suitable placement for Janice. In the short term, the options would appear to be Columba Unit or a Children's Home, with a view to setting up another Supported Lodgings in the medium term. Janice is not committed to any option and was not able to help the Review come to a decision. Janice sees her future after sixteen as being with her sister Vivienne. The Social Work Department has very grave reservations about the suitability or viable of this placement, but recognises Janice's right to decide her own future once she leaves care.

It was decided to ask St. Mary's and N.E.District to examine the feasibility of the options discussed and to reconvene the Review on 02.02.90.

Summary of Discussion: The decisions of the Review on 02.02.90 that have been carried out are that a recommendation be made to Children's Hearing that Janice's Secure Order be varied; to support a placement for Janice within the Columba Unit at St Mary's; and that the Social Worker submit a memo to District for a Section 24 payment for college equipment for Janice. As Janice has stopped going to college, this payment has not been made. It was also decided to obtain a supported lodgings placement for Janice. A referral has been made, but no placement is currently available. It was further decided that the school would look at extra clothing, especially shoes for Janice. This has not yet been done, but Chas Devlin has undertaken to progress this.

The school reported that Janice was admitted to Columba Unit on 14.02.90, immediately after her Secure Order was discharged. Since then, Janice has withdrawn from I.T. and John Wheatley College, although both places remain open for her. Carolyn Warnock has continued to undertake a befriending role with Janice and this has been a positive benefit to Janice. Janice continues to have day-leave to her sister Vivienne on Saturdays and Sundays, travelling to and from Easterhouse herself. Janice would like overnights. School reported that Janice has been very unsettled in the period leading up to the Review as she's clearly concerned about the outcome and the future once she reaches sixteen in ten days time. Janice is committed to moving to live with Vivienne on a planned basis.

It was recognised by all concerned that Janice residing with Vivienne is not an ideal placement, but that no Supported Lodgings or Independent Living Units are currently available. Alan reported that Police Checks have been requested and, subject to satisfactory returns, overnight leave to Janice will be arranged.

Initially, one overnight in the middle of the week would

Summary of Discussion:

Ian Turner opened the Child Care Review on Janice Ann Cunningham with the usual introductions & advised that Carolyn Warnock, Social Work Assistant would not be present today as she had not been informed of the Review.

ALAN McILWRAITH - SOCIAL WORKER

Alan stated that there have been many incidents over the past six months ie. Janice has changed jobs, contact with her sister Vivienne has broken down & also since the last Review Janice has accrued a number of charges.

Alan advised that Janice is due to get engaged in 3/4 weeks time & stated that the plan for Janice on leaving St Mary's would be to move in with her mother, Mrs Cunningham in Easterhouse whilst awaiting a tenancy of her own.

Janice is at present employed on a Community Industry scheme & is reported to be doing well at this. Alan states that she normally receives positive feedback from her employers. Janice's present place of employment is in Kirkintilloch, & Alan suggested that she should go to the careers office & organize a transfer to Bridgeton & suggested that perhaps Carolyn Warnock, Social Work Assistant, could go with Janice.

Minutes of Review Meeting continued

Decisions taken (specifying action to be taken and by whom):

- 1) To move towards Janice moving out of St Mary's varying the Supervision Order to Section 44(1)(a) to reside with mum.
- 2) Access prior to Hearing to be - weekend leave & one night per week, to be agreed between school, family & Social Work Department.
- 3) To encourage Janice to look for a job transfer to Bridgeton
- 4) To support Janice in Housing Application for resonable tenancy.
- 5) Social Work Department to make Section 24 application for Janice when Housing Application is being processed.
- 6) School & Social Work Department to look at providing further clothing for Janice.

Alan advised Janice that she should hold on to her job in Kirkintilloch whilst awaiting a transfer & stated that this would show some sort of stability at the Children's Panel. Alan states that he has submitted an application for a Panel Hearing, but has received no date as yet.

Alan informed Janice that Social Work Department would wish to support her Housing application ie. to ensure that she obtains a reasonable tenancy. Alan also commented on the possibility of a furniture package from housing department, but felt that this would not be appropriate as the furniture would never belong to Janice & she would also be liable for any damage. Alan enquired as to the possibility of some sort of financial assistance for Janice ie. Section 24.

CHARLES DEVLIN - KEY WORKER

Charles stated that until about a month ago Janice was not over keen to get away from St Mary's. He states that he speaks to Janice regularly & has explained to her that she can't expect to always stay at St Mary's & that she would eventually have to move on.

IAN TURNER - SENIOR SOCIAL WORKER

Ian Turner commented on Janice & Mrs Cunningham's relationship & asked Mrs Cunningham how she would feel about having Janice live with her, as their relationship has not always been a stable one & there have been problems between them in the past. Ian stated that prior to Janice going to live with her mother, she would spend week-ends at home.

Ian enquired if Janice had any health problems, Janice stated that she did not but informed Ian that she was in need of clothing, as she only has one change of clothes. Jim Connell, Assistant Head, St Mary's advised that the school may be able to assist Janice with clothing & said that he would take this up with the Headmaster.

JIM McDERMOTT - ADO, CHILD CARE.

Jim stated that the type of work being done with Janice should be geared towards helping her set up home & stated that funds could be made available for furniture etc. when she does obtain a tenancy - although it would have to be a reasonable let that stands a chance. Jim stressed that it is important that Janice work with Social Work Department - Alan or Carolyn, to get the best use of the money. Jim states that the amount Janice receives would be the decision of the District Officer, Child Care.

MRS CUNNINGHAM - MOTHER

Mrs Cunningham advised that she and Janice have been getting on well for the past month, partly due to the fact that she feels Janice has grown up a lot recently & possibly due to the fact that Mrs Cunningham's husband no longer resides at home & therefore the home is quieter & more settled. Mrs Cunningham accepts that Janice & herself will have their arguments, but is confident that they will be able to overcome these.

Mrs Cunningham describes Janice's boyfriend, James Nicol as a 'nice boy' who is never in trouble & feels that he offers a great deal of stability to Janice.

cont.

LEGAL STATUS

Janice is presently subject to a Section 44 (1)(b) of the Social Work (Scotland) Act & Ian explained that either, a recommendation could be made to the Children's Panel that the order be discharged or alternatively that the order be varied to a Section 44(1)(a) - Home Supervision Order. After some discussion it was decided that a Home Supervision Order would be more appropriate not so much for control as support. It was also felt that this would provide a formal basis for input in helping Janice set up home.

Order to claim your COMET SUPERCOVER this receipt must be attached to your Insurance Certificate. You should receive your certificate within eight weeks of acceptance.

CONDITIONS

1. Terms of the Insurance

All of the express terms, conditions and exceptions applicable to the insurance of the product are set out in the Certificate. The scope and extent of the insurance cannot be extended without the express written authority of the Insurer.

2. Risk covered

The risk covered under the Certificate is electrical or mechanical breakdown or failure of the product within the period of insurance attributable to faulty workmanship or faulty material used in manufacture. However, the Insurer will not seek to avoid liability on the ground that the breakdown or failure is the result of fair wear and tear.

3. Amount covered

The Insurer will indemnify the Certificate Holder against the costs of labour and replacement parts involved in the repair of the product. Alternatively, at its own sole discretion, the Insurer may replace the product, or pay its market value: for further details see condition 7 below. In any event the maximum payable by the Insurer under the Certificate is the market value of the product calculated in accordance with condition 7 below.

4. Notification of claims

All claims (with the exception of claims arising under condition 8) must be notified to Comet within 14 days of occurrence of loss or damage in accordance with the procedure set out in the section headed "Claims Procedure". Any claim not notified to Comet within 14 days will not be accepted.

5. Repairs to portable products

Any work under the Certificate to portable products will be carried out in Comet's workshops. Transport to and from the workshop will be at the Certificate Holder's expense. Portable products include but are not limited to audio equipment, portable video recorders and portable monochrome television receivers.

6. Repairs to major products

Any work under the Certificate to major products will normally be carried out in the home of the Certificate Holder but if workshop repairs are necessary the Certificate will cover the cost of collection and delivery. Major products include but are not limited to colour television receivers, video recorders, dishwashers, automatic washing machines, cookers, microwaves, dryers, refrigerators and freezers.

7. Replacement of products

a) In the event that, following failure (as specified in condition 2 above), the Insurer considers the product to be beyond economic repair, the Insurer will pay to the Certificate Holder the market value of the product, which will be calculated by the Insurer on the basis of the product's age and condition immediately prior to breakdown.
b) Alternatively, the Insurer may, at its option, replace the product with an equivalent product of similar function.
c) Upon payment or replacement pursuant to this condition, the Insurer's liability under the Certificate will have been met in full and thus coverage under the Certificate shall cease immediately.

8. Food spoilage

a) Should refrigeration equipment covered by this insurance fail as defined in condition 2 above or additionally, for the purpose of this condition only, in consequence of breakdown or failure of the public electricity supply) on one or more occasions, the Certificate Holder will be entitled to an indemnity in respect of food contained in the equipment and damaged as a direct result of such failure.
The total value of all claims recoverable under this condition shall under no circumstances exceed £200.
b) The indemnity available under this condition is subject to immediate notification of failure to Comet. The Certificate Holder must keep the spoiled food for a minimum of two working days (excluding Saturday and Sunday) and allow the Insurer to inspect it if so required.
c) This indemnity is effective from the date a valid application for insurance is made until the termination date as specified on the Certificate.

9. Cover not transferable

The cover arising under the Certificate is not transferable and nothing contained in the Certificate shall give any right against the Insurer to any person other than the Certificate Holder except that in the event of the death of the Certificate Holder during the period of the insurance, the Insurer will provide the same cover to his legal personal representative, or to whoever is entitled to the product under the Certificate Holder's will or intestacy.

10. Subrogation

Upon payment of a claim, the Insurer shall, to the extent of the payment, become subrogated to the rights and remedies of the Certificate Holder against third parties including the manufacturer and the supplier of the goods. Upon request by the Insurer, and at the Insurer's cost, the Certificate Holder shall exercise all reasonable steps to assist the Insurer in the exercise of such rights and remedies and will allow his name to be used in any legal proceedings. The Certificate Holder shall not do anything which might compromise such rights and remedies.

11. Avoidance of cover

This insurance shall be voidable in the event of fraud, non-disclosure or alteration of risk.

12. Arbitration

Should any dispute arise as to the amount to be paid under the Certificate (liability being otherwise admitted) it shall be referred to an arbitrator to be approved by both the Certificate Holder and the Insurer in accordance with the statutory provisions for the time being in force. No other proceedings shall be commenced in connection with such a dispute until the arbitrator has made his award.

CLAIMS PROCEDURE

1. In the event that your product breaks down during the period of this insurance, you are required within 14 days to contact your nearest Comet Service Department within 14 days.
Any claim made more than 14 days after the loss will not be accepted. Please ensure that you read condition 4 of the Conditions very carefully.
2. Comet will normally effect any necessary repairs themselves, and providing you can produce this document they will not require you to pay for any work carried out. This is of course subject to the Comet engineer being satisfied that the repair falls within the terms and conditions of the insurance cover. If so complete one of the claim forms, sign it if you are satisfied with the repair, and submit it to the Comet engineer who will make the claim on your behalf.
3. In some circumstances when you contact them, Comet may nominate a repairer as their own service organisation does not repair certain items. A non-Comet repairer may require payment for any work carried out. If you are satisfied with the repairs, pay the repair bill and send it WITH your completed claim form to IMCO Limited, 152-158 Northolt Road, South Harrow, Middlesex, HA2 0EA. Please ensure that the repair bill shows the work carried out and the parts supplied. Subject to the conditions and exceptions of cover IMCO will arrange for reimbursement to be made on behalf of the Insurer.
4. If your product is a refrigerator, freezer or fridge/freezer and you wish to claim for food spoilage under condition 8 you must notify Comet immediately and give the Insurer a minimum of 2 working days (excluding Saturday and Sunday) to inspect the food. The Comet engineer will supply you with a food spoilage claim form.
ALL ENQUIRIES REGARDING THE CERTIFICATE OF INSURANCE OR QUERIES ARISING FROM CLAIMS MUST BE MADE IN THE FIRST INSTANCE TO IMCO LIMITED, 152-158 NORTHOLT ROAD, SOUTH HARROW, MIDDLESEX, HA2 0EA. TEL: 081-423 6022.

16/6/88	Mr + Mrs Cunningham to office re daughter Janice Ann who had absconded. They demanded that she be received into care. (See CA1-File) Alea made to Standby who received Janice Ann into Wallacewell Children's Home. - She had not returned before SW went off Duty.
20/6/88	Janice Ann - GP medical 4pm today Wallacewell will attend to this.
21/6/88	Visited Wallacewell. Janice Ann settled better than she thought at first.
24/6/88	Staff note that she is quiet but slowly coming out of her shell. She had had a bit of a run in on 21/6 with another boy - Nothing serious, but had refused to come out of her room. Lovebites on neck. Advised Janice that parents would blow a fuse when they saw at Panel. Janice adamant that it was just 'play' with other girls. At present she wishes to remain within the family home but finds it very difficult to address family issues. Does however state that her mother is too severe in chastisement. Ailsa Boyle SW covered Janice's panel due to my need to cover an emergency in another case.

28/6/88

Case conference Westborough Rd.

Registered Janice Anne's 'At Risk'

1/7

Visited Janice at Wallacewell. She gets on fairly OK with other kids altho staff note that she's not fully accepted by them.

There is another Lachand girl in Wallacewell presently and this may be a contributory factor to Janice being kept "outside" the group.

7/7

Talked to Janice about forthcoming Panel and likelihood of returning home after the Panel. Initially she

10/7

was a bit 'iffy' about returning but given that she has had no visits from her family I am sure she will be anxious about them wanting her back.

12/7

Reviewed Wallacewell (See Minutes)

13/7

Talked to Janice along with keyworkers at Wallacewell prior to Children's Panel.

Panel decision: Return home 4/8/88.

Case records noted - [redacted] (832)

3/8

Children's Panel for Janice's sister. Family failed to appear. [redacted]

12/8	H/V Mrs Cunningham. Janice / Nicola present. Older sister Vivienne (next door) had her house destroyed by fire. Mrs C forbids the children to talk to Vivienne and Janice Ann finds this difficult. Mum reports that all is well with the girls. Girls agree. Case Records Noted
	Holiday 31st Aug - 20th Sept 88.
22/9	TC Lochend Sec School, Mr Rees informs me that Janice Ann has had perfect attendance and has had no negative reports from staff.
28/9	First chance to visit since 15/8 as I had a number of urgent cases to deal with on return. - NO reply. Returned to family home later in having been informed by family (sister) of Janice Ann being missing since yesterday. Janice Ann had escaped via the window the previous evening allegedly to escape questioning about "why" the previous Thursday Mr Morton - upstairs neighbour

had given her £5.⁴

Mum had overheard Nicola threatening to tell her of this unless Janice Ann waited on her, but mum was unable to pursue matter since she fled.
Police informed by parents.

Situation noted. Police advised about developments

30/9

Viv + Andy to office. Would divulge Janice's whereabouts but agreed to bring her to me, which she did.

Following a lengthy discussion at office with Janice Ann / SNV SW I called at family home.

Following discussion family agreed for me to bring Janice to house.

Further discussion was not fruitful in gaining any respite from anger / threat and Janice was eventually

Rick - into house.

Mom / dad adamant that they won't have her back.

Janice was adamant that she didn't have any money even when confronted by little sister who stated that she did.

Mom very cruelly told Janice that 'Chie' wasn't her real dad but that she was really like her own dad who was a "no use wormy bastard."

18/10/88.

Januë Ann to office. She has shaved off her hair. She alleges that she had asked her mother what she would do if she shaved all her hair off and mom replied "Nothing" Januë then went ahead and did just that. Talked to Januë about her hair shaving being what I saw as, an expression of anger. She gave little information as to why she is presently very angry but concluded that she may be angry Januë's relationship with her mom. It would appear to be quite strained still. She states that she doesn't get out after school unless she has a specific place to go i.e. Girls Brigade. As a result of shaving off her hair Januë's parents refused to allow her to go to a school nutrition evening to meet famous sports personalities. She was also prevented from going to visit her grandmother in Rome. I put it to Januë that she should attempt to look at what makes her angry and why. Is it something which has happened to her which she cannot / will not talk about?

27/10/88 D.A.S.U. appt. Case discussed (see minutes infie). ? - Should Janice Ann be admitted to Care on a Planned Basis. Advised DASU that I'd pursue this further.

28/10/88 Arranged to see Janice Ann at 3pm - agreed by School Guidance.

Lengthy interview focussing on Janice's place in the family, her relationships, needs etc. She stated that she did not want to come into Care although she admitted that at times she found it very difficult at home.

I suggested to Janice that sexual abuse may be something which could cause a young female to act out in a manner such as hers.

Requested that she seriously address her present situation over the weekend and see me again on Monday.

3/10/88	Janice telephoned office requesting an interview with me. She advises me that she's been on the run from home since Saturday 29th.
1.30	Janice to office stating that she's been running away because her grandfather James Cunningham, 11 Cornisborough Road, has been touching her breasts. Child Abuse Investigation (See file)
	Janice Ann placed in Ailsa Children's Home.
	Summary November 1988. Initially Janice appeared settled at Ailsa but by the first weekend she had stayed out overnight. Janice did not attend school at all since her R.I.C. She regularly visited Easthouse seeing Vivienne and allegedly visiting Mr Moran, an upstairs neighbour who

has given Janice gold ring / Personal Hirfi
and gold chain. Janice's mother is
convinced that Janice has been sexually
involved with Mr. Morton [REDACTED]

Vivienne, Janice's sister, verified
mom's story that Janice received
these gifts. Mom insisted that they
be removed from Janice and returned
to Janice, denied that the items
were gifts but states that they belong
to a young woman who lives with
Mr. Morton.

Accompanied Janice to Baird St Police
Station 8/11/88 where she gave a
Police Statement re grand father.

Police continued their investigation.

Advised

Janice that she must attend school.

- School exams are presently on.

Arranged to see Janice at school next
day.

Continued work with Janice disclosed that she alleges to have been abused by her brother. This disclosure took days of interviewing and supporting and eventually she agreed that she had been sexually abused by someone in the family.

In a bid to assist her in her disclosure I drew up the family tree and involved her in an exercise which names from the plan leaving Jason. On disclosure she became very nervous and was visibly shaking.

Attempts to get Janice to give a statement were delayed as she absconded from AUSA to prevent the Police from interviewing her.

18/11/88 I gave Police a full statement of Janice's disclosure to me.

PRIVATE-2

Given the potential risk of violence to Janice, I have strongly advised her against coming into Easthouse. Janice Ann was removed from Alsea Children's Home and placed at Wallawalla Children's Home following an assault on a resident at Alsea [REDACTED]

[REDACTED] Police have charged Janice with willful fire-raising on 2 occasions.

It was felt that Janice Ann ran a serious & risk of assault if she came into Easthouse, which unfortunately she continued to do. It was agreed by DAW/RAG that if she failed to ensure her own safety or pose a threat to others that she would be moved to Newfield Assessment Centre. Following a fire-raising incident on Sun 27th Nov Janice was moved on 4th Dec to Newfield. [REDACTED] of this 29/11/88. Stress continues to build up in [REDACTED]

Summary Dec-Jan 89.

1/12/88

Child Care Review, previously arranged for
today went ahead. Venue changed from
Ailsa Children's Home - Newfield.
(See minute in file)

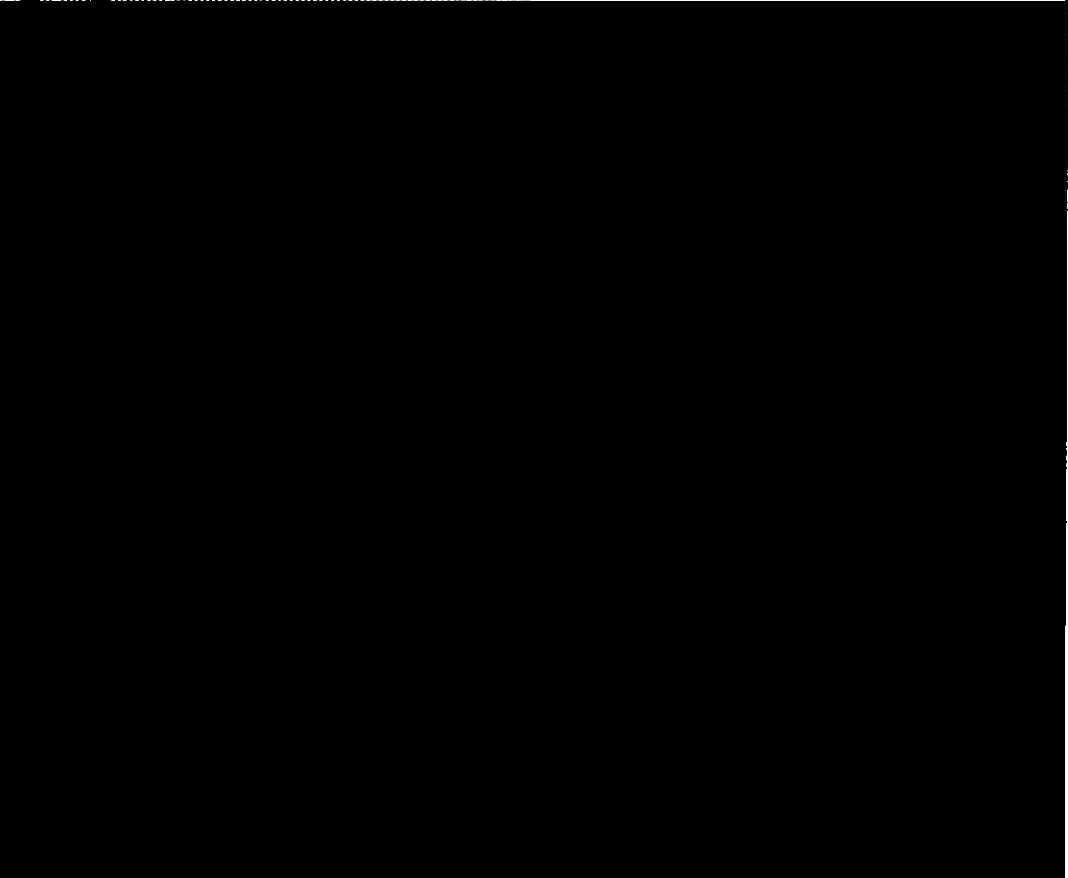

Despite Ailsa Children's Home requesting
continuing contact with Jamie via Doris
Miller - keyworker at Ailsa. I was later
contacted and advised that staff of
Ailsa had been instructed by ^{North} West
District staff not to take Jamie on
 outings which they had already
agreed with Jamie / Newfield Staff.
Snr SW David Burke / self complained
to North East Dist Childcare Team who
took the matter up with their counterparts
in NW Dist H.O.

Throughout December Jamie continued
to reside at Newfield.

The Children's Hearing issued an Assessment
Requirement and permit Jamie to reside
at N'field without the confinements of
a Warrant.

14/12/88 Maura ^{Harrigan} ~~Harrington~~ - (colleague)
who has been identified as co-worker
on the case; visited Janice at N'field.
Janice talked freely in front of Maura
+ myself and disclosed some very
worrying incidents in which she
recalled some very abusive
punishments which she alleges she
was put through at the hands of
her mother. These included being
made to eat a dry packet of
semolina when her mom caught
her smoking; having objects broken
over her back; listening petrified
as her older sister Viv was being
beaten up in the next room; black
eyes etc.

21/12/88 Case Conference at Newfield.
Both parents were aware of date
etc. but failed to turn up to meeting.
I escorted Viv to N'field for a visit

21/12/88

Cont.

Discussion focussed on Janice's five needs. - Long term placement discussed. Syracuse Project Kirkcaldy identified as an appropriate resource. I agreed to pursue this. Contact made + referral forwarded to Tini Foley. (Project Leads)

Jan 89.

Janice received a letter from her mother in reply to a letter from her. Mum's letter which Janice tore up before I saw it is alleged to have

informed Janice that she should change her name to that of her natural father (McHeam). Janice only recently learned that she was not M.C.'s daughter when mum threw this at her during a troubled spell a number of weeks previous. Placement at Syracuse was actively pursued during January.

Janice although settled well in Nfield continues to be very loud and 'masculine' in the Unit. This may be a result of her past history.

Keywords Margaret Smith informs me that Janice has been getting into trouble at school. Again I believe peer group influence is a probable reason plus the uncertain nature of her future placement.

I am very aware of the importance of continuing sexual abuse counselling.

with Janice but believe that this can only be stated when she has the benefit of knowing her fate - which placement? and has settled in a base.

Brother Charles has written to Janice

1/2/89. Spoke to Janice from L'End school.

Janice was in good firm and was quite chatty. Agreed to visit the following week.

8/2/89 T.C. to Newfield Ass. Centre and was informed that Janice had had a terrible weekend. She'd threatened to set fire to her bedroom and it had taken staff hours to get her to give up a match which she'd had.

7/2 - Janice stayed raw blue, with celluloid paint, in class

6/2. Spent all day in Interview Room

16/2/89

Review Cardrosspark.

Decisions - Present case to RAG for
List D Place but still pursue
possibility of Sycamore.

Counselling with Maura Bately to
commence from today.

Janice joined at end of review. She
was unhappy with Review choice of
List D. 1) Good Sheppard
2) Loaning date. She wanted to go

to Keelaw and had been stating this, quite clearly.
 Maureen Buttery RSSPC Margaret (Snr Cardrosspark) self Janice met at end of term.

Advised Janice that D. Burke SRSW would present case to RAG including her views.

- Case presented to RAG.
- Schools circulated with Papers.
- " pursued by K. McFarlane.

5/3

T.C. 1) Keelaw 2) Learning date.

1) Discussed case with Ass. Head. who agreed on P.E. placement w/ 8/3.
 Agreed - not much time before Panel.

8/3

Visit to Keelaw. Janice met a lot of pupils she already knew.
 Keelaw willing to offer place.
 Discussed tomorrow's Panel. Requested to bring Janice into Keelaw on planned basis - 1 night 1 weekend prior to admission.

9/3.

Panel Hearing.

Mr + Mrs C upset that we'd gone ahead with placement plan without them having their say. Reasons were explained by unaccepted. Mrs C refused to believe

that Kerelaw, at this point, was in Janice's best interests. Advised of her intention to appeal to prevent placement going ahead despite difficulties this may pose for Janice.

After Panel Janice refused to go to Maura Battery as arranged. He organised escort to facilitate this.

Janice was really up tight after Panel and was visibly angry/frustrated.

Janice felt that her parents were obstructing her and for no good reason other than to exercise their control over her.

10/3/89

Contact C Park. As envisaged Janice has found it exceptionally difficult to control herself since yesterday.

Most of the day she had to be restrained.

Staff hoped that we'd agree to Janice having some freedom over weekend - behaviour permitted - Saturday - Visit to Helensburgh Sunday - -- - Clydebank (pictures) Agreed that whilst planned transfer was hoped for we would renegotiate this if it was felt in Janice's best interests to do so.

13/3/89

T.C. from Cardrosspark. Janice has been moved to a Police station charged with wilful fire-raising. (Dumbarton Police Str)
District / Region alerted. Regional Adm. called

→ Janice it is felt should go to a secure unit, at least in the short term, to allow her time to settle down whilst still keeping to the plan to move her on a planned basis to Kerehall.

G. Breslin Area Manager alerted to situation. Cardrosspark are agreeing to take part in the transfer.

T.C. Cardrosspark - Alex Barnes, O.I.C.

Janice passed matches on to a second girl in another unit who also set fire to her unit.

Janice had left it to the last minute before informing staff and by that time the bed / bedding curtains etc were well alight. Staff were only able to control fire because a hose reel was situated in the room, opposite Janice's room.

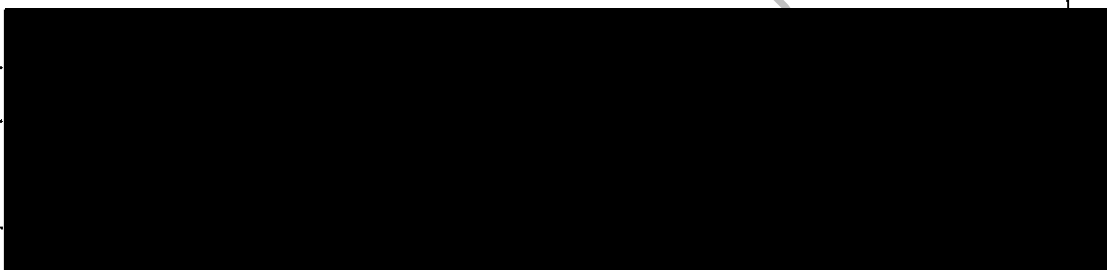

Cardross cannot really offer assistance in transfer because of the work involved from the knock-on effect of Janice's situation.

Sandy Jameston Depose / Bill Duffy O.I.C.
Kenmore St Mary's agree to Janice's transfer.

G. Breslin advised that he'd organise paperwork situation.

Cardun Warnock / self to transfer Janice.

Child Care Review (see minutes)

Mrs Wainingham came to Review, although Janice did not attend. Main thrust of agenda/conversation dominated by Neil Shierel from Legion who clearly stated that if there were no absolute need for Janice to be in Secure Accom then get her out.

Objections were raised re outstanding work with family etc. These areas of work can be done in either setting.

Plan for Janice to be moved ASAP to Open Unit. Date given of 2 wks. No objections raised by anybody...

15 May

Janice has been at Open Unit for over 1 wk now. Her visits with family have went very well.

However over the weekend she has absconded and made accusation that she was being harassed by another resident.

Took Janice to Basset St Police Station re allegation against [REDACTED] although she refused to make statement.

Concern are we continuing to refuse to see Maura Butler of the ESPCC.

Problem over Janice staying being put in the Secure wing overnight - was this perceived as punishment. complaint made to

Pat Lynch ie why wasn't Area Team informed and was it appropriate that she be moved for one night.

25.5.89

Jenise assaulted member of staff with a chair. She was charged by the Police. Homeleave still thought to be appropriate

28.5.89

Homeleave broken down. Parents indicated that if Jenise was misbehaving/acting out after homeleave then it should be stopped

31. May

Jenise acting out, took razor to arms, etc absconded etc
Jenise returned to same Unit due to disruptive behaviour. It would appear she is to be there long-term - no plans to return her immediately.

19/5/90

Panel. This continued from 23/4/90. Today's Panel Members indignantly that a psychiatric assessment was req'd. Myself and two St Mary staff thought that a greater psychiatric input req'd. And SAC refused to cooperate thus no need point in continuing with this direct face to face work. Psychologist would be used in a consultative capacity only. After 1 1/2 hrs, much disruption Panel cont'd again.

Atto a heated discussion and t/c to Region Panel eventually with 'guidance' from Lee continued Panel in role that Janie meet with a Psychologist.

25 Sept.

Janice and her sister Viv had terrible argument when on leave. Vivienne ripped all Janice's clothing. Surprisingly Janice now very friendly with her mother²⁸⁹

and is staying with her -
This a complete turnaround.

Present plans for Janie are
that Leene will now be at
her mother's. Janie plans to
get engaged to James Nichol
in at end of Oct. again this
another big surprise as she has
only been out with him for
a few weeks.

27 Sept

Child Care Review - see
panel report dated 23/9/40.

Review decision were

① to request panel and were
order varied to Home Supervisor at
mother's home.

② assist Janie with additional
clothing - partly by St Mary's
and Area Team

③ to assist Janie applying for
her own tenancy in Elbow via
Housing Dept.

④ Sect 2d application to be
revised for ~~her~~ furniture when
and if she gains tenancy.

Transfer Summary.

Janie has now been
in residential care for over
two years. Original Ground were

~~Case & Director~~. Janie placed on
~~Child - Assessment Dec. - At Park - 1988~~

She was absconding - no clear reason
why although

Janice was soon returned home after this initial DIC (July 88) but by ~~Sept 88~~ she disclosed ~~sexual abuse~~ by ~~paternal~~ ~~grandfather~~ ~~and~~ ~~son~~ afterwards stated he ~~brother~~ ~~Janice~~ (over) had sexually abused her. This late disclosure was never led to charges being pressed by P.F. although grandfather was charged - case never going to court.

While in care Janice's relationships with her family deteriorated - she had few visits from parents - they felt very strongly that Janice was lying about allegations against Janice. This obviously created an impossible situation between Janice and her family - a very sad and isolated girl.

from ~~Sept 88~~ until March ~~89~~ Janice was in ~~Northfield~~ & ~~London~~ ~~Armenian~~ centre. She assaulted staff and set fires to both. Eventually transferred to ~~St. Mary's~~ ~~Janice~~ ~~March 89~~ in terms of personality Janice was, at times, acted in a very self destructive way - slashing her wrists/arms, shaving her hair, assaulting staff and setting fires. Throughout this she³⁰¹ was

stubbornly refused to enter any close personal/counselling relationships with any staff or psychologist, or DSPCC. It has been virtually impossible to engage with Janice on a one to one basis.

Until Feb 1990 main focus of work was seen to get her out of Secure Unit. This very difficult as St Mary's in a very strong position - James another gave legal grounds to request Secure conditions even though Area Team argued that this not necessarily in her best interest.

Jan 90 weekend weekend leave arranged to JPP lodging in Eltham. This broke down and Janice lodged the house. Very distressing time for both Janice and landlady.

Feb 1990 Secure Unit removed and Janice placed at Columbia Unit. Actual job/placement in John Wheelley college - catering this again seen failed.

One last 5 months staff at Columbia Unit been very good and follow-up work re been pattern/employment & recreational activities.

Recent event at home evolve around Janice relationship with her sister and mother. Janice dad, Chuck, left family because

July 1940 and this initially caused chaos. But soon after Janice getting on better with her mother. Ultimately Janice and Vincent had terrible fall-out; why is still unclear; but this allowed Mrs Cunningham to step into the breach and provide place for home leave.

An area of concern ~~was~~ is that Janice's original reason for being EICd were parental relationship and allegations against brother. At present both the brother Janice and mother now getting along well with Janice. Only missing element is Janice's step father Chuck Cunningham.

Future plans are that Janice wishes to get engaged to ~~James Nicholas~~ and this meets with the approval of Mrs Cunningham. Thereafter she wishes to live in Eltham via our tenancy. Whether these plans materialise is at this stage unclear, many similar ~~plans~~ plans have been attempted by Janice - which probably reflected the lack of ~~positive~~ opportunities she had at the time - this plan may not be that unrealistic as the others were when she was in care.

A children's hearing is formed by members of the children's panel for Strathclyde Region. They have been selected from many walks of life especially for their interest and concern in understanding and helping children with problems. The panel members will discuss with you and your parents difficulties which have arisen and will try to reach a decision which will be in your best interests.

During the discussion the panel will want to hear your views. You may, if you wish, bring with you to the hearing someone to help you in discussing your difficulties and what might be done. The personal expenses of this representative (but not any fees) may be refunded.

Further information on the hearing is set out in the leaflet entitled 'To Tell You about the Children's Hearing', a copy of which accompanies this notification.

You must attend the hearing unless you have been told by me that the hearing have decided that your attendance is not necessary. If you do not attend, steps may be taken, including possibly your detention, to make sure that you do appear before a hearing. If there is a very good reason, such as illness, why you will be unable to attend the hearing, you should contact the Reporter immediately at

This is in response to your memo of 16 November 1990 requesting Section 24 assistance for Janice Cunningham. The list you mention in your memo was not attached so it may be that it came a drift in the post. However, I think I am familiar with the list you refer to and I have to tell you that the maximum amount that we are able to give to each of the children leaving our care is £1500 which is considerably less than the Independent Living Unit request.

I have arranged for the sum of £1500 to be paid into the North East 6 Imprest.

Summary of Discussion:

Ian Turner opened the Child Care Review on Janice Ann Cunningham with the usual introductions & advised that Carolyn Warnock, Social Work Assistant would not be present today as she had not been informed of the Review.

ALAN McILWRAITH - SOCIAL WORKER

Alan stated that there have been many incidents over the past six months ie. Janice has changed jobs, contact with her sister Vivienne has broken down & also since the last Review Janice has accrued a number of charges.

Alan advised that Janice is due to get engaged in 3/4 weeks time & stated that the plan for Janice on leaving St Mary's would be to move in with her mother, Mrs Cunningham in Easterhouse whilst awaiting a tenancy of her own.

Janice is at present employed on a Community Industry scheme & is reported to be doing well at this. Alan states that she normally receives positive feedback from her employers. Janice's present place of employment is in Kirkintilloch, & Alan suggested that she should go to the careers office & organize a transfer to Bridgeton & suggested that perhaps Carolyn Warnock, Social Work Assistant, could go with Janice.

DATE OF BIRTH: 12.4.74

DATE OF ADMISSION: 13.3.89

HOME ADDRESS: 6 Skelbo Path, Easterhouse, Glasgow.

Since the last Hearing there have been several significant developments and changes in Janice's life - the most important of these is that Janice has moved on from being dependent on the school to living at her mother's house. The supervision now takes the form of Janice reporting to the school and also by regular visits by school staff to the family home. A change of Social Worker took place and Janice's case is now being dealt with by Ms A Docherty. Ms Caroline Warnock who is Social Work Assistant continues to work with Janice giving her support and assisting her in her dealings with employment agencies within the community.

In July Janice lost her job at Strathclyde Training Agency and again the school and careers service liaised closely to quickly find Janice another scheme. This time it was painting and decorating which Janice had maintained was her main interest. Initially she enjoyed this work and reports were positive but Janice could not sustain this good record and she was soon back in school with the careers service again looking for another placement. This was achieved and at the end of August Janice commenced work with C.I. in Kirkintilloch, catering for meals for Old Age Pensioners. Reports from there are varied and again the careers service managed to organise an interview to find Janice work nearer home as travelling from Easterhouse to Kirkintilloch was proving more and more difficult. On Thursday, 23 October, 1990 Janice was taken by St Mary's Kenmure staff to an interview for C.I. in Bridgeton, Glasgow and she has a starting date for Friday, 26 October, 1990. At the time of writing it is not possible to say whether or not this has been successful.

On 11 August, 1990 Janice and another girl from St Mary's Kenmure absconded and were missing for four days. During this time Janice telephoned and spoke to both the school and the Social Work Department stating to be fed up having again lost her job and also having a court case pending at the District Court for offences from six months before committed with her older sister. Having been counselled on the telephone Janice agreed to come back and arranged to meet staff and come back to school.

Cont/d...

Janice Cunningham, (Cont/d.)

The court case resulted in a £50 fine which Janice is paying at £2 per week. This seems excessive as it had been requested that the matter be dealt with by the Reporter.

A further significant move for Janice is that she has become engaged to a local young man and is determined to set up home with him. Until this can be arranged Janice has opted to live at her mother's house - she previously stayed at her older sister's but felt that with the improved relationship between herself and her mother she would prefer to stay there.

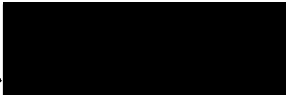

A Child Care Review was held in St Mary's Kenmure to discuss these recent developments and to consider the practicalities of the case. The Social Work Department have undertaken to assist Janice in setting up home and between the school and the Social Work Department the business of finance is to be organised until such times as the move is made possible. It was agreed that Janice live at her mother's under the supervision of the Social Work Department. For a long time Janice had not the confidence, ability or support to survive in the community and she now feels that she has. Janice herself no longer wishes to be in St Mary's Kenmure and this is an important factor as for any hope of success in setting up a life Janice's confidence and co-operation are imperative.

Now that Janice is living full-time at her mother's house and is learning to utilise community based resources and social work supervision it is the recommendation of the school that the order be varied to Home Supervision to allow Janice to organise her life appropriately in her home area.

ADDENDUM:

It has been brought to the attention of Mr Duffy, Principal, St Mary's Kenmure that Janice allegedly committed an offence in Coatbridge last Wednesday, 17 October, 1990. This matter is in the hands of the Procurator Fiscal and the outcome of this will not be known until a future date.

I refer to the above named young person who is the subject of a 44(1)(b) and should be obliged if you would sanction payment under Section 24 for clothing and bedding. I would confirm that I will be working with Janice-Ann and her family herewith.

I believe that Alan McIlwraith spoke to you regarding a bed for Janice-Ann who is now residing with her mother at 6 Skelbo Path and whose Order, following a review decision, is due to be changed to a 44(1)(a), and understand that the money for the cost of a bed will be met from the Fostering Allowance account. I further understand that the bed would be delivered directly. Jim McDermott was present at the review.

Mrs. Cunningham has no bedding for Janice and I would ask for a total of £40.00 to be made available for a duvet and two sets of sheets/covers.

Janice-Ann has already received £80.00 from St. Mary's Residential School with which she bought Jeans, boots and underwear. I would request a sum of £120.00 through Section 24 to cover the cost of overcoat, shoes, nightwear, skirts and jumpers.

MAIN BODY OF REPORT

Points to be covered.

1. Nature and extent of contact with the child, family and other persons or agencies.
2. Plan of work; Were the Aims and Objectives achieved? Were they changed or modified?
3. Opinion as to the future development of the child and his/her situation— including views of child/parents.
4. Possible options.

BACKGROUND

Janice has now been in care of the Social Work Department for over two years. During this period, Janice has appeared before the Panel with numerous Grounds of Referral, she spent almost one year in Secure Accommodation, and was an adolescent who, at times, presented in a very unhappy and disturbed manner.

Over the last six months at Kenmure, St Mary's, Janice has been resident at the Columba Unit, the open/non-secure hostel. This transfer has allowed Janice more freedom and greater contact with her family and friends in Easterhouse. Similarly, this more relaxed regime has allowed Janice to develop relationships with staff at the Columba Unit.

Corresponding to this change in legal status/transfer from security, has been a change in the type of Referral to the Reporter's Department. While in security, Janice accrued charges for fire raising, assaulting staff and absconding. However, since her move to the open unit at Columba, Janice's acting-out behaviour has not now solely focussed on the internal rules of the establishment, its fabric or staff. Potentially of more serious concerns is that Janice's frustrations/anger has been articulated through petty criminal activities such as theft, breach of the peace etc. Over and above this, Janice has steadfastly refused to participate in any of the resources offered to her, e.g., Supported Lodgings, I.T. Groups, Independent Living Project. This pattern of reluctance to engage was similarly encountered when Janice was in security when she displayed a reluctance for face to face counselling with the R.S.S.P.C.C. etc. Thus throughout at times chaotic and unpredictable care career, Janice has been predictable in her refusal to be either coerced or cajoled into engaging or participating with services or resources available from this Department.

The above background details should not be totally viewed in a negative manner. With reference to the development of Janice's personality/character, she has matured despite this background. Although her employment pattern has not been stable, she has had a few jobs, she continually gets positive feedback from her supervisors. They have genuine regrets when Janice fails in their jobs/courses and state that she has a bright future if she will only settle down and not get distracted.

RECENT DEVELOPMENTS

Over the last six months since her transfer from security, there have been various plans drawn up to prepare Janice for being discharged from residential care. For one reason or another they have failed to materialise, not always to do with Janice's actions or behaviour.

/...

REVIEW REPORT (cont)
JANICE ANN CUNNINGHAM

12.04.74.

RECENT DEVELOPMENTS (cont)

As recent as August 1990, a package was drawn up whereby it was planned that Janice would be going to live with her sister Vivienne. Thus Janice was attending a Youth Training Scheme in Kirkintilloch. She had weekend and mid-week leave to her sister's, a maximum of five over nights. However, on the weekend of 21 - 23rd September 1990, she and her sister fell out and Vivienne ripped and destroyed Janice's clothes and stated that Janice was no longer welcome to stay at her house.

Significantly, at that stage, her mother once again stepped into the picture and was very supportive of Janice. Mrs Cunningham, who has only recently separated from her husband, indicated that Janice could come to the family house for weekend leave etc. This development has been very much appreciated by Janice and is in stark contrast to the preceding year when the mother daughter relationship was hostile and acrimonious. The full underlying reasons for this change in direction, by both Mrs Cunningham and Janice, is unclear but such a development is at this stage clearly meeting Janice's needs.

With reference to her placement at St Mary's, it is clear that Janice's needs can no longer be met in a residential setting. Janice has been at St Mary's for fifteen months and both she and the staff here went through many difficult periods. It is felt by the staff that Janice is, at times, too comfortable there, that she uses St Mary's as a refuge. They feel that greater demands will be placed on Janice, especially regarding employment, if she were living at home. Similarly she continues to be head strong, regards complying with St Mary's expectations of any resident. Thus a vicious circle has been entered whereby Janice continues to challenge authority and internal discipline without any concerns regarding long term consequences. It is felt that Janice is losing focus of the longer term plans surrounding adolescence/adult life and is still caught up in the internal rules of residential life.

ASSESSMENT/RECOMMENDATION

There is a need to clearly accept that Janice will not accrue any positive benefits either practically or emotionally by remaining in residential care. There is also a need to acknowledge that the staff at St Mary's have done an admirable job in coping with Janice's most extreme behaviour. Similarly, we cannot ignore that Janice herself has made great progress and personal development while at St Mary's.

Janice's hopes for the future rest on her recently announced engagement and the prospect of getting her own tenancy in Easterhouse. Mrs Cunningham has endorsed these plans and has stated that she would be in agreement if Janice returned and lived with her over the next few months.

REVIEW REPORT (cont)
JANICE ANN CUNNINGHAM

12.04.74.

ASSESSMENT/RECOMMENDATION (cont)

The Social Work Department can neither legally nor morally deny Janice the opportunity to return to her family. Janice and her family view her plans in a very positive fashion and have expectations that these future plans will be successful.

Given that Janice is now sixteen and has been in care for a number of years she will be eligible for support and financial assistance from the Social Work Department under Section 24 of the Social Work (Scotland) Act 1968, However, in the immediate future, I would request that the Panel vary Janice's present Residential Order to a Home Supervision Order at her mother's home.

SIGNIFICANT CHANGES SINCE LAST HEARING:

September 1990

WORK:

Janice lost her job at Strathclyde Training Agency and once again the careers service found her another scheme. This time it was painting and decorating which Janice had maintained was her main interest - initially she enjoyed this scheme and reports were positive. Unfortunately she could not sustain this good record and was soon back in school with the careers service again looking for an appropriate placement. This was again achieved at the end of August and Janice is at the time of writing on placement doing catering in C.I. Kirkintilloch. Report from here are varied although Janice claims to prefer working there to nearer home and has refused a placement more convenient to home.

HOME:

Over the past two months Janice has spent a lot of time at her sister Vinny's house. Up until this last weekend this arrangement appeared to be going well and Janice is very good at looking after Vinny's two small children. Unfortunately Janice and Vinny have fallen out over this last weekend and Janice now goes to her mother's house on leave.

GENERAL:

In August Janice and another girl from here absconded and were missing for four days - it was by their own efforts that they were returned to school stating to have been living in a flat in the Gorbals area. Janice was fined a total of £50.00 at District Court and this is payable at £2.00 per week - this was for Breach of the Peace and shoplifting dating back to March.

Janice now expresses the wish to reside at her mothers until she can get her own house. The staff at St. Mary's are of the opinion that such a move would hopefully bring home to Janice the importance of being responsible, as up until now she comes back to the school when it suits her if all outside is not to her liking. The constant safety net of having St. Mary's to fall back on should be removed to encourage Janice to make responsible decisions using community based resources rather than residential.

Janice herself no longer wishes to reside in St. Mary's and this factor must be taken into account as for any hope of success in setting up a life for herself Janice's confidence and co-operation are imperative.

DATE 18 October 1990

SUBJECT JANICE ANN CUNNINGHAM

This is in response to your memo of 9 October 1990 regarding a Section 24 grant for bed, bedding and clothing for Janice Ann.

This is to confirm that I have today instructed that a bed and bedding be ordered for Janice Ann and this will be delivered to her mother's home.

On the subject of extra clothing for Janice Ann, it would not be usual for a child being discharged from residential care to receive any further assistance with this beyond being "kitted out" by the school prior to their discharge. I have, therefore, not organised any further grant for clothing. If you wish to discuss this further with me I know that you will not hesitate to get in touch.

Dear Mrs Constanda,

RE: JANICE CUNNINGHAM (D.O.B. 12.04.74)

I write to request a Review Panel to consider the Secure Accommodation Order on the above child.

As you are aware from the last Review on 19th December 1989, it was anticipated that Janice would by the end of January be in a position to leave security.

I would thus greatly appreciate a Panel date for the beginning of February.

Yours faithfully,

Alan McIlwraith,
Social Worker.

Dear Janice

I am writing to you concerning 2 referrals received at my Department in January, one pertaining to an alleged relationship between you and a 22 year old male and another one with regard to an allegation made in relation to your grandfather.

I have decided to take no further proceedings in your case on both grounds. Please note that this decision only affects you but not anyone else in the family. I have come to this conclusion on the basis that you are presently at Kenmure St Mary's and your progress there appears to be quite good. I hope that you will keep up the good work and that you will soon graduate in Catering and Management.

May I add that it was nice to see you again last month when you came to the Hearing of the 14 of that month.

Yours sincerely

MAIN BODY OF REPORT

Points to be covered (plus any other relevant areas)

1. Analysis of Family Background
2. The Child
3. School
4. Attitudes to Grounds of Referral
5. Matters of Particular Concern
6. Assessment and Possible Options

Family Background

The family live in a four apartment local authority flat in the Bishoploch area of Easterhouse. Their home is comfortably furnished and maintained to a high level of care.

Janice Anne

Janice Ann is a friendly, fairly confident thirteen year old with short brown hair. She is tidy in appearance and like many of her peers enjoys wearing jeans. She is the middle of five children and the youngest of Mrs. Cunningham's first marriage

Janice Ann earns £3.30 pocket money weekly by doing odd chores around the house.

On Wednesdays she attends the Girls Brigade and is soon to commence an I.T. Group in which the writer is co-worker.

School

At school Janice Ann is seen as a bright, capable child. A leader rather than a follower. Occasionally though she has had to be taken to task for being over boisterous but this is not seen as a big problem.

She likes school, enjoying most subjects but dislikes hockey and technical drawing.

Some months ago Janice Ann was involved in an incident where she stole glue from the art class. She freely admitted the theft but remained adamant that she stole it for another girl and has never been involved in solvent abuse herself.

Attitudes to Grounds of Referral

Initially Janice Ann's attitude towards the seriousness of the fire incident did not appear to impact sufficiently on her, but it would now seem that this was very much a defence mechanism. She informs the writer that she was showing off to a younger child at the time and threw the lighted paper in an open window expecting the light to immediately extinguish and states that she was really shocked that it did not.

As a result her parents, who could be described as fairly strict disciplinarians, physically/...

Report on Janice Ann Cunningham

8th October 1987.

physically chastised her and kept very tight reins on her throughout the school holidays forbidding her from leaving the front of the house and withdrawing all privileges.

Assessment

Given that Janice Ann's behaviour only occasionally has given cause for concern it could perhaps be felt that no further action need be taken in this instance. However despite coming from a family with a high regard for the law and society, generally Janice Ann has committed an offence which could easily have led to the death of the inhabitants of the house. The fact that she, an intelligent girl didn't consider this as a possibility concerns me.

Since the date of this incident she has not been involved in any other trouble either in or out of the family home.

This and the fact that she will be closely monitored in the I.T. Group for a period of three months would perhaps indicate that a compulsory measure of care is not necessary in this instance, however, I would respectfully suggest that an appearance before the Panel itself may re-inforce to Janice Ann the seriousness of the situation and in addition have the desired salutary effect.

NOTES

At the children's hearing the child or his parents may or may not accept the grounds for bringing the child before the hearing. If the grounds are accepted by the child, and his parents, if present, the children's hearing will discuss and consider with the child and his parents what is best for the child. If any of the grounds are not accepted, the hearing may either discharge the referral or direct the reporter to apply to the sheriff for a decision as to whether or not any of the grounds exist. If this happens the child will have to appear before the sheriff at a later date. If the sheriff decides that any of the grounds do exist, the children's hearing will then discuss and consider what is best for the child, as if these grounds had been accepted. If the sheriff decides that no grounds exist the referral will be discharged.

Further to our conversation on the above child and following from the recent Child Care Review, I discussed the need for additional funding. A decision was taken at the Review that a joint request from St. Mary's and the Area Team be made to Region, I have the responsibility to initiate this request.

Janice's clothing stock is very limited, however, the purpose of this grant is not solely to buy additional clothes. [REDACTED]

Given Janice's background, victim of sexual abuse, and the extent of isolation from other family members, this Department has acknowledged that any care plan must address Janice's psychological/emotional development. Thus, additional funding would allow care staff to be more flexible and not be constrained by a limited budget, I anticipate a grant of £150.00 as necessary.

Given the above information I would appreciate if consideration could be given on the above. If you require additional information please do not hesitate to contact me.

Kate McFarlane gave resume of Janice Ann's situation, past receptions into care, family background and reasons for move to Newfield and Cardross Park. On 26/11/88 after an incident of fireraising within Ailsa Children's Home Janice Ann was moved to Newfield Resource Centre. An assessment case conference on 21/12/88 - see Report from Newfield decided that given Janice Ann's most difficult background a stable residential establishment was necessary. In view of the history of sexual abuse a placement was to be sought at Sycamore Lodge in Kirkaldy. It was recognised that this may not be available, due to high demand for the places there, and that a back up option of a place in a Residential School might be necessary. Janice remained in Newfield and with considerable support from staff in Newfield was able to maintain her place there.

A meeting was held at Newfield on 9/2/89 to discuss Janice Ann's placement given the delay in obtaining a response from Sycamore Lodge. It was accepted that the placement was becoming more and more problematic for Janice Ann in Newfield as she had to deal with the delay in knowing her future. Arrangements were made for a formal Child Care Review on 16/2/89 to discuss options open to Janice Ann and increasing supports to her in the meantime. On 13/2/89 Janice Ann set fire to her room at Newfield and consequently a move to Cardross Park was arranged under Section 44 (6). According to staff at Newfield it was felt that this was a very controlled action by Janice Ann in a setting where it would be noticed immediately.

Since moving to Cardross Janice Ann has seemed a bit more withdrawn and watchful of the other children. Within the classroom however she has been hostile and aggressive and barely curtaining her hostility. She could manage the work demands of school but not the behavioural demands.

It was felt that even given the lack of clarity about future place of residence the work concerning counselling on sexual abuse should commence now.

DECISIONS

- (1) That Sycamore Lodge was no longer appropriate as a resource given our inability to ascertain any time scale with regard to admission.
- (2) That although Janice Ann has the potential to live in a family that is no longer the aim which is not appropriate at this time.

(2)

(3) That Janice Ann could not cope with the regime in a Children's Home nor the requirements to attend mainstream education..

(4) That Maura Butterly Counsellor with RSSPCC begin to offer contact to Janice Ann.

(5) That a residential School unit be sought on a 52 week a year basis. Those present felt Loaningdale and Kerelaw be appropriate establishments.

DISMISSAL OF MEMBER OF STAFF AT NEWFIELD

CHILD : JANICE CUNNINGHAM

MAILED 20 JUN 1989
NORTH East 6 Area Team
36 Westerhouse Road

Glasgow
041 - 771 7401

Further to the above, I wish to keep you informed about the position with regard to the above named child appearing as a witness in the case of the recent dismissal of a member of staff at Newfield.

As advised previously, the member of staff has made an internal appeal which will be heard by the Regional Council. All previous tentative dates have been cancelled and no firm date has yet been set.

The member of staff has, in addition, made a complaint of unfair dismissal to the Industrial Tribunal and dates for a hearing have been set for 24th and 25th July, both at 10 a.m., at St. Andrew House, 141 West Nile Street, Glasgow. Our Legal Section has applied to have these dates postponed, but in the meantime I must ask you to have your child available on these dates. If it is postponed, I will inform you immediately. Can I also ask that you explain the above to the residential staff involved in your child's care.

It is regrettable that the matter has now been further complicated, but these are obviously the processes open to a member of staff who finds himself in this position.

Thank you for your assistance.

As discussed previously, your child was involved as a witness to an alleged assault involving a member of Newfield night staff on 2nd/3rd February. The appeal will be held on **Wednesday 14th June at 10 a.m. in Committee Room 6, Strathclyde House 1, 20 India Street, Glasgow.**

I had informed you of the likelihood of Janice being a witness, and this is indeed the case. A Mr. Ian McPherson from our Legal Section at Regional Headquarters will require to interview Janice, and I have arranged for this to happen at Kenmuir St. Mary's on the afternoon of **Thursday 4th May.**

Minutes of Review Meeting

Date of Review: 06.06.89
Name of Home: Kenmure St Mary's
Name of Child: Janice Ann Cunningham Field Case Paper No:
Date of Admission: 13.03.89
Date of Birth: 12.04.74

Areas of concern as indicated in residential review form:

- 1) Janice's behaviour
- 2) Use of secure provision
- 3) Family involvement
- 4) Future placement
- 5) Counselling

Areas of concern as indicated in Social Worker's review form:

- 1) Quality of family accesss
- 2) Lack of self control/emotional stability

Summary of Discussion:

The current Review had been convened as a consequence of Janice's return to secure accommodation on 31.05.89.

The decisions of the previous Review i.e. to drop plans for a return to Kerelaw; for Janice to move to the open unit in Kenmure St Mary's by 08.05.89 and sexual abuse counselling were acknowledged.

The meeting considered the series of events 08.05.89 as outlined in the Report from Kenmure St Mary's which included 6 absconsions, an assault against a member of staff for which she was charged, self damaging behaviour on 20th May '89 involving scratching her arms with a razor and finally 30.05.89 climbing on to the roof of the hostel giving further concern for her safety.

As a consequence of the above, formal negotiations took place between the school and S R C Social Work as a consequence which Janice was returned to secure accommodation under the direction of the head of school and the director of Social Work.

The meeting noted Janice's comment that her return to Columba may have been premature and that the relationship between herself and her family was potentially much more problematic than had previously been thought.

Minutes of Review Meeting continued

Decisions taken (specifying action to be taken and by whom):

- 1) Janice to remain in Kenmure St Mary's Secure accommodation meantime.
- 2) That residential staff and Social Worker to review with Janice the feasibility of the long term plan for her return home.
- 3) Staff to consider with Janice the most appropriate post St Mary's placement.

Date of next review:

27.06.89 - 2 p.m. St Mary's

Names and Designations of review panel:

Chairman of
Review Meeting:

Designation:.....

Date:.....

.2.

Summary of Discussion

Cont..

The meeting also noted that Janice could avoid dealing with some of the more difficult areas of her life by remaining in security and has clearly worked out that her placement will be affected by her behaviour.

The meeting noted the danger of attention being focussed principally on Janice's acting out behaviour perhaps to the exclusion of her social and emotioanl needs.

The meeting noted that up until now the plans for Janice had centred round her return home. It was acknowledged that this will have to be reviewed.

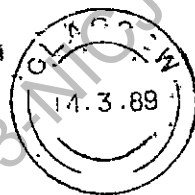

It was also acknowledged that more priority would require to be given to encouraging Janice to take a more active part in selecting her post at St Mary's placement.

During the discussion the panel will want to hear your views. You may, if you wish, bring with you to the hearing someone to help you in discussing your difficulties and what might be done. The personal expenses of this representative (but not any fees) may be refunded.

Further information on the hearing is set out in the leaflet entitled 'To Tell You about the Children's Hearing', a copy of which accompanies this notification.

Decision:

Supervision moved to Kerelaw, condition to reside near where in a place of safety grounds taken into consideration. The statement of facts was accepted. A place has been identified for Tanice Ann at Kerelaw. It was envisaged by the SW that rather than a further "emergency" placement, Tanice Ann go to Kerelaw on a planned basis over the next 10-15 days. Mr + Mrs Cunningham feel left out in this plan, in that they understood they would get to see a place before it was identified for Tanice Ann. The Panel recognised that it would have been preferable for her parents to have visited Kerelaw first, but felt it was in Tanice Ann's best interests to be settled in her new placement as soon as possible. All concerned, parents included, feel that the girl requires counselling and it was felt that Tanice would receive such help at Kerelaw. Tanice Ann seems to require the structure of the 'hor'd' system sooner rather than later. The grounds of referral were taken into consideration in this decision.

Chairman

The child/father/mother/guardian* and their representative(s)* were advised of the foregoing decision and the reasons therefor; of the right of the child and of the parents to appeal to the sheriff against the decision; and of the right of the child and parents to receive a statement in writing of the said reasons.

Areas of concern as indicated in residential review form:

Need to move from secure placement.

Areas of concern as indicated in Social Worker's review form:

Summary of Discussion:

Janice Ann settled quietly in Kenmure St Mary's. After a short but intensely disruptive period in care plans had been drawn up for Janice Ann to move to Kerelaw List 'D' and a Children's Panel of 9.3.89 had made an Order under 44(1)(b) to enable this.

The review was advised of background to admission to care and the unresolved issues of sexual abuse and Janice Ann's relationship with her parents.

This review echoed the decisions of a meeting held in Kenmure on 15.3.89 when it was made clear that Janice Ann did not require placement within a secure setting. Plans to have Janice Ann placed in Kerelaw due to the initial fireraising incident and subsequently because Kenmure failed to be represented at planning meetings or Children's Panels.

The Panel decided that due to the commitment shown to Janice Ann by Kenmure then they would continue the placement. Janice Ann has settled in Kenmure and made small but significant moves in her relationships with staff. She has confided in them and has made headway in dealing with her situation. Family contact has been resumed and is delicately progressing. It was unanimously felt that the plans to move towards a placement in Kerelaw were now redundant and that we should capitalize on the progress made by Kenmure Staff and Janice Ann.

Given that it was also felt that secure placement was unnecessary it was decided to move Janice Ann to the open unit within Kenmure to provide support and continue assessment and moves towards other less structured settings. Future options would include moves back to Children's Home placements or sycamore Lodge who are still considering a referral for

Summary of Discussion (Cont):

Janice Ann.

It was agreed that Janice Ann would move to the open unit by 8.5.89 and that sexual abuse counselling would again be taken up by Maura Butterly.

The Placement in the open unit would be for three months to offer i) assessment, ii) preparation for future moves, iii) support in her ongoing counselling of sexual abuse and contact with her family.

NEWFIELD HOUSE RESOURCE CENTRE JOHNSTONE

REPORT FOR CHILDREN'S PANEL

NAME OF CHILD: Janice A CUNNINGHAM

D.O.B. 12.4.74

Background to Report

Janice was admitted to Lomond Unit, Newfield Resource Centre on 27th of November, 1988 under Section 15 of the Social Work (Scotland) Act 1968. Janice was transferred from Ailsa Children's Home after two incidents of fire-raising over a 2 week period.

Janice has been in care since October, 31st 1988, though between June and October, Janice spent two other periods in care.

At that time Mr and Mrs Cunningham felt that Janice was outwith their control.

During an interview with her social worker in November, Janice stated she had been sexually abused at the hands of her grandfather and her brother, Jason. While her parents were prepared to accept that Janice may have been abused by her grandfather, they could not accept that Jason had also been abusing her.

There were also concerns about Janice's relationship with a neighbour, a much older man. Janice denies that she suffered any abuse at the hands of the neighbour.

When Janice's parents were made aware of the allegations they found it difficult to offer support to her, family relationships broke down and, after numerous absconsions from Ailsa, at which time Janice made for Easterhouse, [REDACTED]

[REDACTED]

It became clear that Ailsa, in the light of Janice's frequent absconsions, the fire-raising and fears for her physical safety [REDACTED] could no longer offer Janice a place.

/...

General Behaviour:

Janice is generally a pleasant and likeable girl, but is subject to occasional mood swings and at these times can be loud and abusive. It is difficult to gauge to what extent these mood swings are due to frustrations she is experiencing about her current situation, but there is no doubt she has a lot of unresolved feelings and these are a major factor in some of her behaviour. Most of the time Janice can exercise self control, if given time-out from the unit group and calms down quite quickly.

There have been some problems within the school setting in Newfield, though these have lessened recently. In fact during the week ending 3rd February, 1989, Janice attained the highest points total for behaviour, attitude and work rate in the whole of Newfield school; managing to get 105 out of a possible 108 points.

Janice absconded from Newfield on the 16th of January, 1989 in the company of two other children, but telephoned the Centre two days later requesting to be collected from Glasgow's Central Station. The two children with whom she absconded were not returned to the Centre until 7 days later. It does not appear that Janice went to Easterhouse on this occasion.

Relationships with Peers and Adults:

Janice relates well to staff and peers alike, though her response to individual remarks can be loud tirades, she is normally more accepting of group sanctions. In fairness to Janice, she can also normally recognise her part in confrontations and does not generally harbour resentment afterwards.

Although Janice has not made any particular friends during her time in Newfield, Janice is accepted by and is a popular member of the unit group. However, Janice normally appears more comfortable when the unit group is smaller than the maximum, eight. Janice responds well to one-to-one situations with staff and views them positively as a means of discussing areas of concern.

Outings and Activities:

Janice has been involved in a number of outings and activities during her time at Newfield and her behaviour is good on these trips. Janice particularly enjoys ice-skating and is quite adept at it.

Health, Leave and the Family:

Throughout her time at Newfield, Janice's health has not given any serious cause for concern.

Apart from a visit from her sister, Vivien, Janice has had no visits from her family, and telephone contact from siblings has been minimal. Mr and Mrs Cunningham appear to have now totally rejected Janice and she, as a result, has rejected her parents.

Janice has been on one trip out with Ailsa Children's Home and has had two Saturdays out with a residential worker from Ailsa.

Summary of Work Done:

Janice is experiencing understandable difficulties in coping with her current situation and Newfield has provided a secure environment for Janice to express some of her frustrations. Additionally, we have helped Janice come to terms with the fact that a return home, certainly at this time, is not in her best interests, and allowed her the opportunity to look at possible future options.

Conclusion:

Janice has been experiencing a particularly turbulent period of her life and is finding it difficult to cope with her situation and feelings of rejection and hurt.

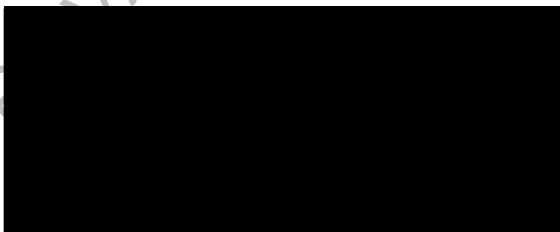

Janice is quite clear that she was brought to Newfield as a result of her behaviour in Ailsa, but is equally clear that she was brought into care in the first place, due to the actions of others.

There is little doubt that Janice has still a lot of unresolved feelings around the abuses which she suffered and her family's reaction to her bringing it to the attention of others. It is clear that work in this area has to be ongoing and to achieve maximum results, should be done in an environment in which she feels secure and with people whom she has grown to trust.

At a recent assessment case conference, Sycamore House in Kirkcaldy was identified as best meeting her needs. A referral has been made to Sycamore House and it is to be hoped this will be successful. However, in the circumstances, it is important that Janice views any future placement positively so that work can achieve the best results.

Janice has stated that she would like to see Sycamore House prior to making a firm commitment to it, but she has no objections to moving out of Glasgow and does not feel the city has much to offer for her future, and in addition has shown interest in fostering. Janice appears to be taking a reasonable, intelligent approach and every consideration should be given to her views.

The writer respectfully requests that Janice's current supervision order to be continued until Sycamore House have time to look at her case and Janice has the opportunity to visit Sycamore House.

Assistant Assessment Officer.

Dear Mrs Cox

RE: WILFIL FIRERAISING 26.11.88

As you are aware the above mentioned child was received into care on 31st October 1988 and placed in Ailsa Children's Home Glasgow following a Child Abuse Investigation in which allegations of sexual abuse were made against her paternal grandfather.

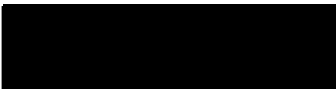

This matter has since been accepted by child/mother at a Children's Hearing.

Janice's period of care in Ailsa was very disruptive as she struggled with the effects of the sexual abuse investigation and her exclusion from the family. During later investigation Janice alleged that she had also been involved sexually with her brother Jason, but he and the family deny this allegation and the Police forensic evidence is inconclusive.

It is evident at this stage that there is little chance of a way back into the family for Janice and a permanent placement is being presently pursued for her at the Sycamore Cottage Kirkcaldy (Aberlour Child Care Trust). Here she will be given ongoing counselling for sexual abuse.

Janice Ann accepts that she was involved in the incident under consideration but denies that she was involved in the actual setting of the fire but stayed to watch while two other girls fire raised.

Whilst I accept that the above charge is extremely serious I would ask that you take into consideration the effects which the child's circumstances at that time had on her, and I would respectfully recommend that no further action be taken in this instance.

EDUCATION REPORT

NAME OF CHILD: Janice CUNNINGHAM

D.O.B.: 12.4.74

General/Academic:

Janice settled very well into her class group. She has, until the last few days, worked well, kept her head down and stayed well back from any trouble. She is well able to cope with mainstream work and has potential to do 'O' level in one or two subjects.

Number Work/Maths:

Janice has done well in this class. She has a good grasp of the basic arithmetical processes and has coped well with all set work, from a variety of text books.

Reading/Comprehension/Language:

Her test results in this area show average ability and Janice has again coped well with all set work. She is articulate and can express herself reasonably well in written form.

Art/Technical:

Owing to staff illness she has not had art classes but has completed all tasks set in technical with no problems.

Activities:

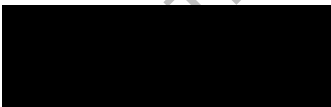

Janice has enjoyed such activities as computer and pool, participating as an individual or as part of a group. She has also enjoyed swimming.

Behavioural/Emotional:

For the majority of her assessment period Janice has worked well and behaved fine but in this last week her behaviour has been 'off the rails'. She has had emotional outbursts, refuses to go to some classes, and stubborn refusal to do set work. She also wrecked a classroom. This, she cannot seem to explain. She has not displayed this in my class but is now refusing to attend my base group class next week, having had a good relationship with me as her base and unit teacher since she came.

Conclusion:

As the root of the trouble has not been found and her school reports she is not a major discipline problem while there, I leave discussion at the case conference to decide the best placement for Janice.

A. Aitken,
Teacher.

Areas of Concern

- 1 Relationships with family following allegations by Janice of sexual abuse.
- 2 Relationships and behaviour within Children's Home placements.

Background to Report

[REDACTED]

[REDACTED] Since June this year Janice has been in care on at least 3 occasions. Janice had been experiencing difficulties at school which in turn was creating problems at home. In October of this year Janice made allegations of sexual abuse against her grandfather and later her brother. Up until this point relationships between Janice and her family had not been very good but since the allegations were made they have become considerably worse.

For her own safety Janice was removed into care on 31st October 1988. Since that time Janice absconded on several occasions and was returning to her home area. Feelings of anger against Janice from the remainder of the family put her at considerable risk as her mother had threatened to physically abuse Janice if she was to return to her home area.

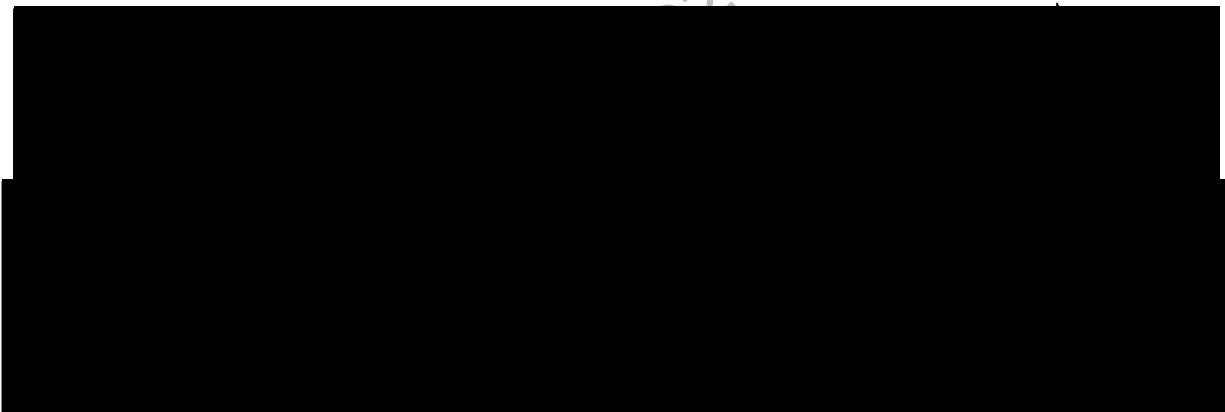

On the 26th November 1988 Janice was involved in a fire-raising incident⁴⁷¹

with Ailsa Children's Home. This was the second incident in 2 weeks. It was decided to remove Janice to Newfield Resource Centre under Section 44(6) of the Social Work (Scotland) Act 1968 on the following day Sunday 27th November 1988.

Janice appeared at a Children's Hearing on 6th December 1988 where she was placed under Section 43(4) of the Social Work (Scotland) Act 1968 for the purpose of residential assessment.

Family View of Problem Areas

Mr and Mrs Cunningham feel that Janice is outwith their control. They feel this has got worse over the past year. Both parents feel they can no longer get through to Janice and that she does as she pleases.

Janice herself knows how hostile the family are towards her and has no wish to return there at this time. Whilst being the victim of abuse, this has further been compounded by the fact that because she has told people about her traumatic experiences she has lost all contact and communication with the only family she knows.

Child and Family Relationships

Mr and Mrs Cunningham state that up until the recent problems with Janice they had a good parent/daughter relationship. They state they had their problems but would never have "given up on Janice."

It is Mr and Mrs Cunningham's opinion that any conflict within the home at present is due to the allegations that Janice has made. They state that even Janice's younger siblings have no interest in her.

[REDACTED]

Janice agrees with her parents in that the relationship they had, although not great was workable. She feels that the reason for her running away from home in the past was due to her mother's strictness and inflexibility.

At this stage in time it is the opinion of the Writer that Janice does not know what she feels or what should happen to her in the future. Although Janice says otherwise it is clear from some of her conversation that she still has feelings for her family, especially her younger siblings and older sister Vivian.

Conclusion

Janice is a 14 year old girl who within Newfield has settled well to the constraints and limits of residential living. She keeps herself clean and tidy and during her stay in Lomond Unit has not been a great management problem. In the Writer's opinion any behavioural problems that Janice has displayed have in the main been due to Janice's present situation, ie what she feels; where she is going etc rather than being her normal behaviour pattern.

Janice at present is a confused young girl, filled with feelings of guilt about what has happened between her and her family. Also frustrated at the lack of progress she sees in her life at present.

It is clear that her parents do not wish Janice to return home at present, if ever. Janice herself does not wish to or see herself returning home in the near future.

Janice needs for the near future are for a base in which she will feel secure and safe and in turn will hopefully develop through this present crisis. Also Janice will require help to explore and understand more clearly what has happened in her life in the recent past. The Case Conference should give serious consideration to where these needs could best be met.

RESIDENTIAL ASSESSMENT REPORT

Reaction to Admission

Janice was admitted to Lomond Unit, Newfield Resource Centre on the 27th November 1988 under Section 15 of the Social Work (Scotland) Act 1968.

Prior to admission Janice had been a resident at Ailsa Children's Home. Janice was sent to Newfield after being involved in 2 fire-raising incidents at Ailsa Children's Home. On admission Janice was accompanied by a member of staff from Ailsa Children's home and a Standby Social Worker. Janice was very quiet but co-operative she was shown round the unit and introduced to the children and staff members and quite quickly became relaxed and appeared settled.

On the 6th December 1988, Janice, after a further Children's Hearing was placed on Section 43(4) of the Social Work (Scotland) Act 1968 naming Newfield for the purpose of residential assessment.

Profile of Child

Janice is a medium-built girl with brown cropped hair, blue eyes, and a nice warm smile.

Whilst in Lomond Unit Janice's personal hygiene has given no cause for concern. Her eating habits are normal for a teenage girl and she appears to have no difficulty sleeping.

In the time Janice has spent within Newfield she has enjoyed the interaction with the other group members, both boys and girls, and likes to take part in most of the activities offered by the Centre, eg swimming, games, board games, crafts, outings etc. Although not a major management problem Janice can on occasions, due to her mood swings (which in the Writer's view are largely due to her present situation) become verbally abusive towards staff. After these outbursts, which normally do not last for long, Janice reverts back to her cheery self. She complies with the every day running of the house unit, taking her share of chores without any problem.

Social Aptitudes and Abilities

Janice is a popular member of the unit group, mixing well with her peers

and making any newcomer welcome and at ease by greeting them in a sympathetic and caring manner.

Family Interaction

During Janice's stay in Newfield she has had no contact with her family but it is hoped her older sister will visit this week. Janice is looking forward to this and is hoping that some time in the future she will be allowed to see her younger siblings as she is very fond of them. Janice states her Mum and Dad do not want her to return to the family home. The Writer observed during this conversation with Janice about her family that she was very sad and had feelings of guilt about the breakdown of relationships with her parents.

Attitude and Behaviour Towards Other Young People

Janice relates well to her peers and is a fairly popular member of the group as she has quite a good sense of humour. She has formed only superficial relationships within Lomond, however, if there is any disruptive behaviour eg shouting or swearing Janice does on occasions join in. To her credit she will accept a group sanction without too much fuss.

Attitude and Behaviour Towards Adults

On the whole Janice is a pleasant and likeable girl although at times because of her feelings of frustration and anger she shouts and swears which in turn can lead to confrontation with staff members. Janice usually takes off to her room where she will listen to reason from a member of staff. She has only formed superficial relationships with staff members and treats females and males alike.

Response Towards Management

In the main Janice has not been a management problem during her stay within Newfield as the staff are aware Janice is attempting to cope with her personal feelings and she is given as much support as is possible to work through this.

Child's View of Herself

Janice sees her self as being part responsible for being admitted to Newfield due to being involved in the fire-raising incidents at Ailsa Children's Home.⁴⁷⁵

However, in her own words states it was no fault of her own she was brought in to care in the first place, finding herself in a situation she could no longer cope with at home. Janice would like to return to Ailsa Children's Home and attend Hyndland Secondary School. Janice also stated she would like information on having foster parents. It would appear that this is an attempt by Janice to look at her situation in a realistic manner although whether she has totally accepted that a return home is unlikely is open to question.

MINUTES OF CASE CONFERENCE HELD

D. Reece, Lochend Secondary School
P. Lang, Ailsa Children's Home
A. Aitken, Teacher, Newfield House
I. Smith, Acting Senior Assessment Officer, Newfield House
A. Hamlin, Asst., Officer-in-Charge, " "

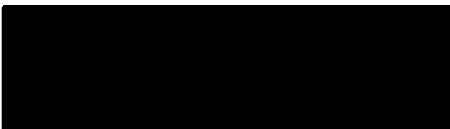

Mr & Mrs Cunningham did not attend the Case Conference.

Because of the background to the case, the meeting agreed that Janice should be invited in at the end of the meeting.

All the reports were read. After a full discussion it became clear that there will be on-going investigations into the allegations regarding sexual abuse within the family.

Janice is experiencing an extremely stressful time in her life. At this time it would appear that the child needs long term residential care. It was agreed that a placement at Sycamore House would be appropriate. A place at a residential school will be pursued as a back-up.

It was agreed that the recommendation to the Panel should be that Janice should remain at Newfield House until the longer-term placement is found.

Kate outlined the events leading to Janice Anne's reception into care and then to her move into Newfield. Janice Anne has been in care three times this year because of the breakdown in relationships with her family. In October at a D.A.S.U. discussion following an earlier retrospective admission, Kate ^{was} advised to consider a planned admission to care for Janice given the extent of the difficulties within the home. Shortly after this Janice Anne absconded from the home and then disclosed to Kate that her Grandfather had been sexually abusing her over a lengthy period. Her family accepted this and the grandfather has been charged Lewd and Libidinous Behaviour. Janice Anne was received into care and went to Ailsa Children's Home. Whilst in Ailsa she further revealed that she had been sexually abused by her brother. Although they had accepted her statement about her grandfather Janice Anne's parents have totally rejected her revelations about her brother and have rejected her from the family. The medical evidence in relation to the sexual abuse by the brother is inconclusive.

Following her revelations Janice Anne absconded from Ailsa on a number of occasions and returned to Easterhouse. The level of anger towards her particularly from her mother was such that there was serious concerns about her safety should he mother find her in Easterhouse. She is also involved in two incidents of fire raising within Alsa and was eventually moved to Newfield. Janice Anne's behaviour is obviously very concerning but when viewed within the context of what has happened to her is not surprising.

Doris Miller reported that as a person Janice Anne got on well¹ with people in Alsa¹ but tended to pick the wrong friends. She continuously wanted to go to Easterhouse and had been going there instead of attending school. She had also been involved in setting a fire in the bedroom. Despite¹ these incidents she got on well with both the other residents and the staff within Alsa.

Report from Newfield:

Janice Anne came in on the 27th November and settled well. So far there have been no major problems although it is obviously early days at the moment. She must be finding Newfield a lot more restrictive than Alsa but seems to be coping well this and has been attending school without any problems.

Summary of Discussion:

At the moment there is no possibility of Janice Anne being reconciled to her family. They are being protective of her brother and totally rejecting of Janice Anne. She is on the Child Abuse Register and would be very much at risk should she return to Easterhouse. The Review Panel stressed that they accepted Janice Anne's statements about the sexual abuse and acknowledged that this would explain a lot of her recent disturbed behaviour e.g. truancy had never previously been a problem but in the past year the school had noted a marked deterioration in her attitude and behaviour. Janice Anne has a panel on Tuesday and it was agreed that a residential assessment should be requested at this panel. Should Janice Anne continue to respond positively to Newfield then it should not be necessary to renew the warrant in order to carry out this assessment. Kate stressed that we needed to bear in mind that Janice Anne was a victim of abuse and we would be looking for her co-operation in any assessment.

The discussion then centred around whether there was still a role for Alsa to play in Janice Anne's care. They have kept contact with her since she has been in Newfield and Doris felt that they could possibly still work with her although obviously the fire lighting was a major problem. It was agreed that if no warrant was issued at the Panel then the residential assessment process could involve a link with Alsa and the possibility of Janice Anne spending a weekend at Alsa could be looked at. Sheila will link with Regional Admissions Group about the residential assessment.

Access has not been requested and in fact has been actively avoided. If the parents do request access then this should be done through the Social Worker. If they phone Janice Anne at Newfield then she will have the decision about whether she wants to talk to them or not.

Decisions:

1. Janice Anne will remain in care.
2. A residential assessment will be requested at the Panel.
3. The residential assessment will link with Alsa Children's Home to consider whether they have a future role with Janice Anne. This could involve her spending a weekend at Alsa at some point during the assessment.
4. If her parents request access then this should be done through the Social Worker. If they make telephone contact then Janice Anne will have the decision as to whether she wishes to speak to them.

Janice Ann usually resides with her parents and younger brother and sister at the family home. [REDACTED] Janice Ann [REDACTED] subject to (44 1A) Home Supervision requirements and are on the Strathclyde Regional Council Child Abuse Register; - [REDACTED] Janice Ann "At Risk". Twice over the past few months Janice Ann has been received into care under Section 15 Social Work (Scotland) Act 1968 following absconsions from the family home.

Relationships within the family have been strained for some time resulting in Janice Ann being rejected at times of stress. [REDACTED]

Following Janice's latest absconsion on Saturday 29th October she contacted Kate McFarlane Monday 31st at 11.30 a.m. requesting to meet. She called at the office at 1.30 p.m. and alleged that twice over the past four weeks her grandfather, Mr Cunningham of Conisborough Road, had been trying to touch her breasts, last occasion was on 20th October '88. Janice informed me that she advised her mother of this situation on the evening of Tuesday 25th October '88; and her mother believed her.

Although Janice Ann believed that the alleged incident had affected her coping capacity over the past few weeks she added that the deteriorating relationship with her mother had reached the stage where she felt unable to continue to reside at home. Given the knowledge of the family and Janice Ann's present position in the family it was felt that Reception Into Care was necessary.

Janice was received into care and placed in Ailsa Children's Home.

12. Summary of discussion etc. (To be read in conjunction with Initial/Review Report Form)

Gerry Breslin, Area Manager, North East 6 welcomed everyone to the case conference to discuss the allegation from Janice Ann Cunningham, that twice during the month of October, while present in her grandparents' home at 11 Conisborough Road, her grandfather had put his hand up her jumper and felt her breasts.

Janice Ann [REDACTED] presently on the Child Abuse Register:-
Janice Ann on the At Risk Section [REDACTED] This was decided after Janice Ann jumped out of a window to flee from being reprimanded by her parents [REDACTED]

[REDACTED] Janice Ann [REDACTED] subject to Section 44 (1)(a) 'Home Supervision Requirements. Janice Ann is presently in Ailsa Children's Home due to the deteriorating relationship with her mother and given the knowledge of the family and Janice Ann's present position. Kate McFarlane is concerned that Janice Ann may be too timid to stop her grandfather if he tried to sexually abuse her further.

[REDACTED]

[REDACTED] from the Female and Child Unit at Baird Street interviewed Janice Ann and during interview Janice Ann said that she had fears for her cousin Margaret Cunningham [REDACTED] who has returned to her grandfather's care, as she believes Margaret has been sexually abused by her grandfather too.

Pat Lang from Ailsa's Children's Home reported that Janis Ann has caused no great problems at home apart from one occasion when she went missing with another girl from the home.

Mr Reed, Guidance Teacher, Lochend Secondary School reported to Kate McFarlane that Janice Ann has truanted on occasions but considering that she has been received into care 3 times in the last 6 months her behaviour and attendance at school is good.

Sgt [REDACTED], Easterhouse Police Station reported that the Female and Child Unit at Baird Street, are still continuing their enquiries and have still to interview other family members.

Gerry Breslin, Area Manager, North East 6, decided that based on; the current knowledge of the family; that Janice Ann's grandfather is not a member of the same household; that Janice Ann is presently in the children's home; and because the family members are aware of the allegations and ongoing Police investigation; that Janice Ann's name remain on the At Risk Section [REDACTED]

Janice Ann usually resides with her parents and younger brother and sister at 6 Skelbo Path, Easterhouse, Glasgow. Following her latest absconsion on Saturday 29/10/88, Janice disclosed the fact that she had twice, during October, been sexually interfered with by her grandfather. On 31/10/88 she was received into care as a result of this coupled with her poor relationship with her mother.

Counselling contrived with Janice Ann and during an interview with the writer on 16/11/88, Janice Ann revealed that she had been sexually involved with another male but would not, at this point, disclose who. During a further interview on 18/11/88 discussing the families' suspicions that Janice Ann had been sexually involved with a male upstairs neighbour - Mr Morton, from whom she is alleged to have received gold jewellery, Janice Ann informed me that the male she had been involved with was her brother Jason (16). She advised me that since pre-Christmas 1987 she and Jason had been regularly having sexual intercourse: approximately three times weekly. This she advised me was not always with her consent but regularly featured violence.

I informed my Senior Social Worker and contacted Baird Street Female and Child Unit. Attempts by myself and Constable [REDACTED] to interview Janice were obstructed by Janice's absconsion. She continued to abscond daily until 22/11/88, when during an interview with the writer, she agreed to give the police a statement.

Given the nature of the allegation, it was decided not to pursue this matter with the family until the police had initiated their investigation.

Janice Ann usually resides with her parents and younger brother and sister at the family home. [REDACTED] Janice Ann [REDACTED] subject to (44 1A) Home Supervision requirements and are on the Strathclyde Regional Council Child Abuse Register; [REDACTED] Janice Ann "At Risk". Twice over the past few months Janice Ann has been received into care under Section 15 Social Work (Scotland) Act 1968 following absconsions from the family home.

Relationships within the family have been strained for some time resulting in Janice Ann being rejected at times of stress. [REDACTED]

Following Janice's latest absconsion on Saturday 29th October she contacted Kate McFarlane Monday 31st at 11.30 a.m. requesting to meet. She called at the office at 1.30 p.m. and alleged that twice over the past four weeks her grandfather, Mr Cunningham of Conisborough Road, had been trying to touch her breasts, last occasion was on 20th October '88'. Janice informed me that she advised her mother of this situation on the evening of Tuesday 25th October '88'; and her mother believed her.

Although Janice Ann believed that the alleged incident had affected her coping capacity over the past few weeks she added that the deteriorating relationship with her mother had reached the stage where she felt unable to continue to reside at home. Given the knowledge of the family and Janice Ann's present position in the family it was felt that Reception Into Care was necessary.

Janice was received into care and placed in Ailsa Children's Home.

MAIN BODY OF REPORT

Points to be covered (plus any other relevant areas)

1. Analysis of Family Background
2. The Child
3. School
4. Attitudes to Grounds of Referral
5. Matters of Particular Concern
6. Assessment and Possible Options

Family Background

The family live in a four apartment local authority flat in the Bishoploch area of Easterhouse. Their home is comfortably furnished and maintained to a high level of care.

Janice Anne

Janice Ann is a friendly, fairly confident thirteen year old with short brown hair. She is tidy in appearance and like many of her peers enjoys wearing jeans. She is the middle of five children and the youngest of Mrs. Cunningham's first marriage

Janice Ann earns £1.30 pocket money weekly by doing odd chores around the house.

On Wednesdays she attends the Girls Brigade and is soon to commence an I.T. Group in which the writer is co-worker.

School

At school Janice Ann is seen as a bright, capable child. A leader rather than a follower. Occasionally though she has had to be taken to task for being over boisterous but this is not seen as a big problem.

She likes school, enjoying most subjects but dislikes hockey and technical drawing.

Some months ago Janice Ann was involved in an incident where she stole glue from the art class. She freely admitted the theft but remained adamant that she stole it for another girl and has never been involved in solvent abuse herself.

Attitudes to Grounds of Referral

Initially Janice Ann's attitude towards the seriousness of the fire incident did not appear to impact sufficiently on her, but it would now seem that this was very much a defence mechanism. She informs the writer that she was showing off to a younger child at the time and threw the lighted paper in an open window expecting the light to immediately extinguish and states that she was really shocked that it did not.

As a result her parents, [REDACTED] physically/...

Report on Janice Ann Cunningham

8th October 1987.

physically chastised her and kept very tight reins on her throughout the school holidays forbidding her from leaving the front of the house and withdrawing all privileges.

Assessment

Given that Janice Ann's behaviour only occasionally has given cause for concern it could perhaps be felt that no further action need be taken in this instance. However despite coming from a family with a high regard for the law and society generally Janice Ann has committed an offence which could easily have led to the death of the inhabitants of the house. The fact that she, an intelligent girl didn't consider this as a possibility concerns me.

Since the date of this incident she has not been involved in any other trouble either in or out of the family home.

This and the fact that she will be closely monitored in the I.T. Group for a period of three months would perhaps indicate that a compulsory measure of care is not necessary in this instance, however, I would respectfully suggest that an appearance before the Panel itself may re-inforce to Janice Ann the seriousness of the situation and in addition have the desired salutary effect.

Kate McFarlane,
Social Worker.

NOTES

A children's hearing is formed by members of the children's panel for Strathclyde Region. They have been selected from many walks of life especially for their interest and concern in understanding and helping children with problems. The panel members will discuss with you and your parents difficulties which have arisen and will try to reach a decision which will be in your best interests

During the discussion the panel will want to hear your views. You may, if you wish, bring with you to the hearing someone to help you in discussing your difficulties and what might be done. The personal expenses of this representative (but not any fees) may be refunded.

Further information on the hearing is set out in the leaflet entitled 'To Tell You about the Children's Hearing', a copy of which accompanies this notification

You must attend the hearing unless you have been told by me that the hearing have decided that your attendance is not necessary. If you do not attend, steps may be taken, including possibly your detention, to make sure that you do appear before a hearing. If there is a very good reason, such as illness, why you will be unable to attend the hearing, you should contact the Reporter immediately at

NOTES

At the children's hearing the child or his parents may or may not accept the grounds for bringing the child before the hearing. If the grounds are accepted by the child, and his parents, if present, the children's hearing will discuss and consider with the child and his parents what is best for the child. If any of the grounds are not accepted, the hearing may either discharge the referral or direct the reporter to apply to the sheriff for a decision as to whether or not any of the grounds exist. If this happens the child will have to appear before the sheriff at a later date. If the sheriff decides that any of the grounds do exist, the children's hearing will then discuss and consider what is best for the child, as if these grounds had been accepted. If the sheriff decides that no grounds exist the referral will be discharged.
