Dear Mr McIntyre

As you are now near the top of the waiting list, I should be grateful if you would return the attached tear off slip to let me know if you still require to see a therapist. You may find the enclosed leaflet helpful in making your decision.

If you decide to return the attached slip, an appointment will be sent to you for the earliest possible date. However, if you do not return the attached slip **within 3 weeks**, of the date of this letter, I will presume you no longer require to be seen by this department.

Thank you for your patience in waiting for this appointment.

REASON FOR REFERRAL :

Dear Colleague

Could you give this gentleman an appointment. You will see he had been referred at the end of last year, unfortunately he did not attend the appointments arranged for him. He has resolved to try to attend appointments in the future and I have impressed upon him the importance of letting you know if he is not able to attend.

I actually see from last year's referral he has had trouble with anxiety and depression. His main issues certain around an attack about eighteen months ago which has left him psychologically wounded. He is not recovering as well as he was hoping and in fact has now developed erectile dysfunction which is adding to the vicious circle. I think he would benefit from your input. Many thanks
