Dear MMA Legal

**Request for access to records**

I refer to your request for access to your client; Georgina Logan's Social Work records received on 22<sup>nd</sup> April 2026.

I can now enclose a copy of the information requested.

Please note that some information relating to third parties has been redacted (covered with a black box or removed). This would include information about family members and people who are employed by an organisation other than Glasgow City Council.

Some information relating to third parties has been left in the records provided. This includes where it is clear from the context that your client would have been aware of the information already.

As you may be aware, while information relating to third parties, such as family members, may be contained in records relating to your client, this does not make it personal data relating to them as defined in the GDPR. Where the focus of the information is other persons, this remains personal data relating to them, regardless of what records it appears in.

I hope you find the information useful.
