Dear Candidate

Scottish Qualifications Certificate - Candidate Number 056738185

Congratulations on your achievements. I am pleased to enclose your Scottish Qualifications Certificate (SQC).

The SQC is cumulative (please refer to the notes on the reverse of the certificate). This means that any further SQA qualifications you achieve will be added to your SQC, creating a life-long record of your achievements. I hope this will encourage you to take more SQA qualifications in the future.

I wish you every success for the future.

Yours sincerely

Tom Drake
Chief Executive

NOTES

Any alteration of the Certificate renders it invalid and therefore liable to confiscation. In these circumstances a replacement certificate will not be issued. Any attempt to use a Certificate which has been altered may constitute fraud and render the holder liable to legal proceedings.

Qualifications achieved before 1994 are not recorded on the SQC. They would have been recorded on:

- i) Scottish Certificates of Education or the Certificate of Sixth Year Studies from the Scottish Examination Board
- or
- ii) Records of Education and Training from SCOTVEC
- or
- iii) Certificates awarded by their predecessor bodies.

Such documents should be kept as a record of achievements prior to 1994.

SQA is committed to ensuring equality of opportunity for all candidates. As a consequence, assessment arrangements may have been amended or restricted to meet the particular needs of any candidate.
