He RTU shortly afterwards and attempted to enter [REDACTED] room saying that he wanted to tune in her radio, writer advised Paul to settle in his own room at which point he advised me that he was going to do his laundry. Writer advised Paul of the time and again advised him to settle only to be met with a torrent of verbal abuse, at which point Paul took himself down the corridor towards his room only to go out through the fire exit door. Paul was then seen and heard by staff throwing stones at the school building. Paul was advised by writer to RTU at which point he became very aggressive and invited writer to try and make him return writer declined and RTU to get staff assistance. Paul was asked by several members of staff to RTU but refused to do so and took to running around the grounds. His first point of call was up to the Gatehouse where he tried to entice peer [REDACTED] to come out into the grounds [REDACTED] declined and then Paul decided to pull off part of the plastic draining system and then took off in the direction of the Mainhouse. Paul proceeded to throw stones at the windows and doors both at the back and front of the Mainhouse. He then went into the Mainhouse and entered a room where another young person was being held. Paul once again became verbally abusive to staff and also managed to upset the young person who was being held. At this point [REDACTED] escorted Paul from the room and from the Mainhouse and once outside Paul proceeded to throw a stone straight in the direction of [REDACTED]. Paul was advised by said staff to RTU and he too was verbally abused by Paul. Paul was eventually held in the grounds for a short period of time by [REDACTED] and [REDACTED] during which time he head butted [REDACTED] attempted to head butt [REDACTED] and lashed out with his arm at [REDACTED]. Paul was then RTU by said staff and was escorted into the games room and several attempts were made to calm Paul down. Paul at first refused to do so and stated that when he went to his room he was going to smash up everything in it.
