

Moore House School - End of Term Report

Name: Paul Hepburn

Date: 17 June 2003

Key Teacher: [REDACTED]

Subject	Course	
English	S- Grade / Higher Still	Paul worked well to the end of the course, in preparation for Standard Grade. He completed all his Folio pieces on time and undertook his English exam at Foundation/General level. I have been pleased with his attitude and progress.
Maths	S- Grade / Higher Still	Paul sat his Standard Grade Maths exam in May and will probably have passed it easily. He has also completed Unit 1 Intermediate 1 Maths and successfully passed the internal assessment.
Science	S- Grade / Higher Still	Paul completed all the necessary course work and sat both the Foundation and Credit exams in May. Well done Paul.
Computing	S- Grade / Higher Still	Paul has completed his Foundation and General papers. He put in a great deal of effort in Computing until the final three months when he appeared to be influenced by other pupils and completed little work. I am sure Paul will still get a good Foundation pass but I feel he could have achieved a good General level pass if he had continued to apply himself.
P.E	S- Grade / Higher Still	Paul continues to work well in PE. He is always co-operative and positive in his attitude towards this subject. He plays football to a good standard and has represented the school in matches against other schools with enthusiasm. Well done!
H.E	S- Grade / Higher Still	Paul has been working on Access 3 Health and Food Technology- Food Preparation Techniques. He has successfully completed the course. Well done.
Art,Craft,Design	S- Grade / Higher Still	Since the last report I have not seen much of Paul, due to exam leave and work experience. When he was in class he was prepared to work and was good humoured.
P.S.E	Non cert	Paul is continuing to work through year 4 of Personal & Social development. He is currently working on a health project. Paul generally works quite well.
R+M	Non cert	Paul has not been present for this subject due to his home leave arrangements.

Modern Studies		
Project Work		
Careers/Work Exp		

Next steps in learning: To begin and progress through his catering course at West Lothian College.

Key teachers comment: School pupil of the year; a great success story. Well done Paul and good luck for the future.

Moore House School - End of Term Report

Name: Paul Hepburn

Date: 1 April 2003

Key Teacher: [REDACTED]

Subject	Course	
English	S- Grade / Higher Still	A good term for Paul. He works well and has received several certificates. He has completed all his Folio pieces. The group is currently working on past papers in preparation for Standard Grade exams at Foundation/General level. I have been pleased with his attitude and progress.
Maths	S- Grade / Higher Still	Paul has had a long settled spell in Maths and is making considerable progress at Intermediate 1 level. He has just completed the section on Area and Volume of cuboids. Including composite areas. An excellent pupil with a first class attitude. He passed his Foundation prelim easily but will not be presented for his Int 1 external examination. He will have course awards however.
Science	S- Grade / Higher Still	Paul is working at Foundation / General level at Standard Grade. He has completed the Energy section and the Materials topic. He is quick, and clever and is more than able to achieve a pass in this subject. He is good at both the written and the practical work and sets an example in both these elements. His behaviour is generally good and he shows respect for the school rules, staff and his peers.
Computing	S- Grade / Higher Still	Paul is working on his Standard Grade Folio at present. He completes his work with enthusiasm and is a pleasure to have in the class. Paul puts in a great deal of effort in Computing and continues to make excellent progress. He has started this term in a positive frame of mind but has become slightly unsettled recently.
P.E	S- Grade / Higher Still	Paul continues to work well in PE. He is always co-operative and positive in his attitude towards this subject. He plays football to a good standard and has represented the school in matches against other schools with enthusiasm. Well done!

H.E	S- Grade/ Higher Still	Paul has begun work on Access 3 Health and Food Technology- Food Preparation Techniques. He has almost completed the work for this but still has a few loose ends to tie up.
Art,Craft,Design	S- Grade/ Higher Still	Paul is a quiet worker with good concentration. He prefers doing three dimensional work, possibly due to a lack of confidence in his drawing skills. These skills can be improved in time. A pleasant member of the class. [REDACTED]
P.S.E	Non cert	Paul is continuing to work through year 4 of Personal & Social development. He is currently working on a health project. Paul generally works quite well.
R+M	Non cert	Paul has not been present for this subject due to his home leave arrangements.

Next steps in learning:

Paul must now complete all the course work, investigations and folio pieces for the different subjects he is studying. Everyone is confident that, if he continues working in the manner he has demonstrated, he will succeed in all of the subjects.

Key teachers comment:

Paul is a very pleasant young man and gets on with everyone in the school. On the times we have gone out together I have found him courteous and respectful. Owing to his good behaviour in school he often goes on the 'outing' on a Thursday afternoon and enjoys the activities on offer. He also represents the School on the football team and does very well in this context. Overall, Paul is doing well and should make a success of his placement within MHS.
