8. IDENTIFY THE FACTORS WHICH LED TO THE RECEPTION INTO CARE (OR PROPOSED RECEPTION INTO CARE).

David and his sister Roisin have been known to the Social Work Department for a number of years and first made the subject of a 44(1)(a) Order in May 1980. The main reason for our involvement at that time was the parenting inability and/or unwillingness to care adequately for the children, e.g. poor housing conditions, left unattended or left with underage baby-sitters, wandering the streets poorly clad late at night etc. The family situation continued to deteriorate with the parents separating and eventually divorcing. Mrs. McGeown did not cope at all as a single parent and the children were received into care in July 1984. Both children were placed with a succession of foster parents (5 in total) until June 1986 when David was transferred to Balrossie School. The children's aunt then applied to foster Roisin and Roisin has now been living with her aunt since February 1987. Mrs. Cunningham indicated she would eventually like David as well and she did have David for weekends holiday etc. when Roisin first came to live with her. However, his plan has now totally broken down as Mrs. Cunningham feels she cannot cope with some of David's difficult behaviour e.g. he steals from other members of the family, stays out late etc. She is not now planning to have him even a day visits and this has obviously had a great effect on David. David is quite a placid child and he does not wish to go to any other foster parents because of the breakdowns in placements. He is however anxious to return to mainstream schooling as soon as possible and the appropriateness of this was emphasised by the present teaching staff at Balrossie School. (There is no formal contact with either parent and both have made it clear there is no prospect of David making a home with them).

9. cont/...

9. WHAT RESOURCES/INITIATIVES HAVE BEEN EMPLOYED TO HELP THE CHILD IN THE COMMUNITY?

N/A over the last year although a lot of effort went into David's previous foster placements and trying to find him a home with his Aunt. He attends 'Drop-In' Group at the office and has thus retained some of his friendships made before coming into care. Community Parents have been approached but were not optimistic for several reasons: (1) Dearth of suitable parents; (2) Previous family breakdowns (one being under Paul Waring scheme); (3) David's age.

SECTION C: PLACEMENT DETAILS

10. WHAT IS THE RECOMMENDED PLACEMENT FOR THE CHILD?

The Review held at Balrossie on 3.12.87. made a recommendation that "Dasu should be approached regarding 'weekend carers' and a Children's Home placement in Paisley for David." The time scale was seen to be 3 - 6 weeks as it is important to be settled before the start of the next school year, i.e. August 1988.

11. WHAT ARE THE OBJECTIVES OF THE PLACEMENT? (PARTICULARLY WITH REFERENCE TO REHABILITATION).

To give David a stable environment which enables him to return to mainstream schooling and build on the friendships he has made in the community.

Summary 1992.

David continued to reside, and generally make good progress during the first 6 months of this year. He also began to spend increasing amounts of time + WLE leave, with his aunt, Mrs S. Cunningham & family, 17 Connaught Way, Rostrevor, and occasional, informal contact with both of his parents, an arrangement which seemed to be satisfactory for him. At the Child Care Review held at Redhugh on 9.6.92 * (See minute & Report in file) it was agreed that David had made good progress during his 12 months in Redhugh, and as Mrs Cunningham was happy with David's wish to be discharged from care and to move to live with her & her family in Rostrevor, that this plan should be progressed. David was therefore officially discharged from Residential Care on 31/7/92 and moved to live with the Cunninghams in Rostrevor.

David remained with the Cunningham family until October 1992. It is understood that he was then asked to leave the Cunningham home as Mrs Cunningham was beginning to become increasingly unhappy re David's inability/unwillingness to contribute towards his keep & alleged, increasing involvement in offending behaviour.

David then moved to live briefly with friends in the Ballinhill area of Paisley, before moving to London in December 1992. Over the past 4 1/2 months of this year, there was very little contact with David, out of lack of knowledge of his whereabouts.

PROGRESS NOTES

Summary 1991.

David continued to be resident in Belmore School until 3/6/91, when he transferred to Redhugh Adolescent Unit, Kilmorie on 3/6/91.

This move was agreed at the C.E. Review on 18/4/91, where it was also agreed to make application to Giesland School, in the hope that David would attend there from his Redhugh base until he becomes eligible to leave school in Dec '91.
* (See Review minutes & Reports in separate co-file)

David was also referred to the S.T.I.P. project (see referral in file)

David appeared at a Review c/Hearing on 23/4/91 when his H.H.B. order was varied to name Redhugh. * (See J.B.R. dated 5/3/91 & 19/4/91 for further details).

David had been resident in Belmore school for over 4½ years and coped well with the move to Redhugh.

He had regular W/E and holiday leave with his father Terry in Mosspark, and this generally also progressed reasonably well.

David, particularly from June onwards of this year, generally improved as a young man who is beginning to demonstrate increasing maturity, perhaps reflected in the significant reduction in David's apparent involvement in offending/delinquency, and whilst still on occasional 'volatile', he seems much more less inclined to "lose the feed".

This progress was recognised at a Review Children Panel in December 1991 when David's H.H.B. requirement was terminated. * (See J.B.R. dated 20/12/91 for further details.)

Balrossie (M Burns) telephoned to request that someone attend Renfrew Police Station as David was about to be questioned regarding several car break ins. He has been out of Balrossie for 2/3 weeks. I attended there around 3.30pm. D.C. Wright a W.P.C., myself and David went to an interview room where a taped interview took place. David related in detail how he and Jamie Cook [REDACTED] had broken into several cars and vans. In the main high tec radio cassettes were stolen and sold. The vans were broken into for tool kits, B & D ariels, etc. One full set of golf clubs were removed and sold in Glasgow. David was under no pressure and freely gave the information. The police had difficulty in matching his confession to reported thefts but were able to link up seven offences.

At 6.00pm he was brought under escort to the Hearing. He was simply answering to a warrant and gave the panel his reasons for running from Balrossie. There was some talk of a secure place but I was able to persuade the panel that public interest aside it was not in Davids best interests to go to a lockfast setting. Although earlier he had been in one of his moods and threatening to run from Balrossie he calmed down and gave a good account of his general dissatisfaction with his placement (4½ years) at Balrossie. The panel agreed to return him to Balrossie on a warrant. I got a promise from him to behave himself otherwise I would send for an escort from standby. I returned him to the school and he seemed relieved that for the time being things had settled. From his conversation it was clear he'd spent the major part of his time at his fathers.

T/C to Lesley Smith, let him know of situation this weekend. We will contact each other to arrange discussion time.

20/03/00

Visit to Balrossie. Discussed with David the two offences. Lesley Smith stated David was doing well.

CASE SUMMARY

David appears to have improved over the past few months in Balrossie. This appears to have resulted since he moved into a new unit. The unit consists of older boys and David appears to respond well ~~well~~ to them. In November of 89, David's relationship with his father resulted in a complete break-down. This followed an incident where David's father was accusing David of stealing from the home and David denying it. At the time the ~~estate~~ social worker spoke to David about it and he appeared to have a great deal of anger directed at his father. David initiated contact with his mother and in January 90 ~~some~~ formal access arrangements were agreed by David, David's mother and Roisin, David's sister. These access arrangements appear to

be going well. However David's mother has cancelled two Saturdays due to bad weather. Recently David has absconded on several occasions. David normally phones Balrossie to come and get him. On his return David states he was fed up and just had to get away. At present David has absconded from Balrossie 10.04.90 and has failed to contact anyone. Most of the boys are out of school due to the Easter holidays and only 7 boys remain. Apart from his absconding David is doing well and has spoken to staff at Balrossie about regaining contact with his father. This could be looked at further.

April 1990

Case transferred to S. Waltham, s/w. David remained resident in Balrossie School during this period.

In the summer, David began to have increasing contact with his relatives, Mr & Mrs Smith of Tower Drive, Restren. When this appeared to be going well, Mr Smith approached the social worker with a view towards David being discharged from care and moving to live with the Smith family.

Following a number of discussions with the Smiths re the responsibilities this would involve, the likely difficulties which would be encountered etc.

given the Smiths apparent commitment towards David this plan was pursued, with police checks being carried out etc, and David having regular MIE leave with the Smiths in Kenton.

However, around November '90, Mr Smith advised the Worker that he wished to withdraw from this proposal.

Whilst there were a few issues of note, in David returning home to Belconnen from Kenton, reports from the Smiths that he would not eat with the family, it was not thought that in themselves these were factors which would seriously jeopardise the proposed placement.

Perhaps more significantly, one of Mr Smiths sons was charged with a extremely serious crime & was due to appear in Court - and there had been considerable negative reaction towards the Smith family from members of the local community. Mr Smith however refused to confirm or deny if this was the reason for the proposal in respect of David's placement.

However it was agreed at the C.C. Review on 12/12/90 that this was no longer an option for David. (see minutes & reports in file)

Leave over the Xmas / New Year period was arranged for David with his father Terry at 17 Moorpark Square.

It was also agreed at the Review to pursue a college placement for David in 1991.

David whilst understandably initially very confused & angry in the breakdown of the Smith proposal, appears to have coped reasonably well with this. Belconnen still expressing some concern over his occasional poor attitude / volatile behaviour.

WORK DONE/PRESENT SITUATION:

Plans for possible move to dad's broke down in Nov '89 when later accused David of stealing. Mr. McGowan has avoided all attempts at contact by S. Worker. David (& Rose) see mum every Saturday - but it remains to be seen whether mum will maintain this; David seems to understand he can't stay with her. David, however, seems ^{more} settled - and seems to be assuming he will remain in Baliosse until he's 16.

PLANNED WORK:

- (1) Jacqueline to check provisional Review dates with Baliosse
- (2) Jacqueline to see David, let him know about Panel Review, Child Care Review and change of S.W.

January 89

David has settled again after all the disruption over the last few weeks. After his refusal to attend school & his running away while on leave it was decided not to hold Certificates (see mem in file) but school was no longer an option. David will therefore attend Balnossie school during school nights with Dad mid-week. Discussion about changing this to weekends at David's request. Dad & Tence to consider this. (2 Visits to David - 1 to home)

February 89

David doing well at home - Returning when told to Balnossie. Leave changed to weekends 2nd week Feb - all still going well. (1 Visit home - 1 Visit Balnossie)

March 89

Things still going well although David still not allowed in Aunt Jacqueline's because of incident over Xmas. Some problems returning in time on Monday morning but this is not a great difficulty. David appears happier & is getting on well with Dad & Tence at home. (1 Visit home - 1 Visit Balnossie)

April 89

Things still going well. Problem re: returning on Monday has been resolved by deducting money from pocket money when late back. - NO recorded problems

May 89

Monday meeting 3/5/89 at Mr. McEneaney's home. David's leave updated as going well. 2 Nights per week for boxing & weekends.

DATE:

Things going fine with David & his home leave with MR M'Geehan has been very successful since the problems over Xmas & New Year. However he extra days mid-week caused a few difficulties & David himself felt that it was maybe too much too soon. He has fallen out with Aunt Jacqueline again as she says he stole money from her house. David however denies all knowledge of this. Review cancelled in June because work pressure re-scheduled for August.

Review - see report & minutes in file - David had a bad weekend at his father's the last week in September following a monitoring meeting the previous week. He had stolen a Rangers strip off a neighbour's washing line & when this was found out he ran off & was not picked up by the Police for 4 days. MR. M'Geehan was very annoyed & he has said that he is stopping David's home leave in the meantime.

David has been more settled & happier over the last 4 months than at any one time since being R.I.C. Unfortunately the situation with his dad has not broken down at the moment but it ~~is~~ ~~has~~ given past incidents his will only be temporary. A monitoring meeting at MR. M'Geehan's with Denis Hebbington (key worker - Balrossie - Cumbrall Unit) should be sufficient to get things back on an even keel. MR. M'Geehan is limited in what he can offer David & his commitment as a father must be questioned however it has helped David that he now has a place to call his home.

Summary

Oct -
Nov

Two Reviews during this time - see minutes in file. Soc. Ed. Unit fairly successful but David's problems appear to be in getting here after he Soc. Ed. Unit finishes. Leave with Dad arranged & his too successful for the most part - this to be reviewed at Child Care Review on 7/12/88.

December 7

Reviews - see mins in file. Access to Dad changed to three nights per week with fuel home leave if continuing successfully.

December 9

David went missing after Soc. Ed. Unit. Found by friend of Dad's who returned him to Dad's. Suspicion who in turn returned him to Balrossie. Suspicion that he had been drinking. He was abusive to Terry & the Police but despite this he got out on 10/12/88 to see his Mum & got here to Dad's again on Sunday. However he failed to return to Balrossie after Soc. Ed. on 12/12/88 and was not in fact back until 19/12/88 when he was picked up by Police. He states he was sleeping rough during this time but despite various people (including myself) trying to talk him into coming back (when coming across him in the street etc). However at a meeting at Balrossie on 21/12/88 with Dad & Tannie they agreed he could go home over Xmas. Stated at Dad's on my return from Xmas holiday on 28/12/88 & Tannie said they had agreed he could stay with them until 30/12/88 when he would have to return to Balrossie. However he could come home as usual next week. Discussion will have to take place with Soc. Ed before he reverts.

- 20.3.85. Collected David from the Kirklands and spent the afternoon with him. David is still anxious about his future, both in terms of schooling and contact with family and has not really settled well into Jim and Mary Jane's home. DCMcA/MM.
- 24.3.85. David went missing from the Kirklands and was reported missing to Standby. He in fact returned of his own accord at 8.15 p.m. saying he had gone to Renfrew to visit his father.
- 28.3.85. Letter received from Hunterhill confirming that David would be enrolled at the Centre on 1.4.85. DCMcA/MM.
- 1.4.85. David started at Hunterhill Tutorial Centre.
- 2.4.85. Have twice written previously to David's father requesting that he call at the office and today he again failed to appear. Further letter to him asking to call after my Easter leave period.
- 3.4.85. Last night David left the Kirklands at approximately 6.30 p.m. and did not return until 10.15 p.m.
- 5.4.85. - ANNUAL LEAVE.
15.4.85.
- 18.4.85. Child Care Review held in foster home - see Minute of Review for details of plans at this stage.
- 29.4.85. David again went off from the Kirklands after tea, was reported missing and returned by himself at 8.45 p.m. Again he had been to Renfrew to try and speak to his father.
- 2.5. Received urgent telephone call from Jim Kirkland to say that they required assistance with David who was completely outwith their control having taken a temper tantrum and was, along with Maxwell, threatening to wreck the house and at the time of 'phoning were running around the house refusing to come in. Went to the Kirklands and spent a considerable amount of time talking to David, physically restraining him and eventually comforting him as he was extremely upset. There seemed to be no apparent reason for his behaviour having been sparked off today although he was calmed down when I agreed to his request to go with him to his mother's house to speak to her. That visit was made later in the evening at 6 p.m. and although it satisfied David in terms of simple contact with his mother, it was not particularly satisfactory in that Lynn was reluctant to let him and myself over the door and was very off-hand and unwelcoming in her attitude to David and myself. David was returned to Jim and Mary Jane's later in the evening by which time both he and Maxwell were settled and causing no further disruption. DCMcA/MM.
- 3.5.85. Visited Kirklands to follow up on yesterdays difficulties. Both Jim and Mary Jane obviously found the experience of David and Maxwell's behaviour very traumatic and although both wished the placement to continue, obviously they are beginning to have concerns about whether or not they can cope.
- 7.5.85. Lynn McGeown to office after her work. Discussed with her the children's present situation and the difficulties that David in particular was having in coming to terms with his situation of being in care. She seemed to understand that it would be helpful to the children to be clear on her feelings regarding

- 7.5.85. Cont/d.. their situation and her intentions for the future. We discussed this and agreed that she would write a letter to the children explaining these matters. This letter will be sent to myself and I will discuss it with David and Roisin.
- DCMcA/MM.
- 13.5.85. Request from Barnardo's Special Families Project for Form E and their own referral form to be submitted as soon as possible.
- [REDACTED]
- 20.5.85. Visit to Jim and Mary Jane's to discuss the referral to Barnardo's Special Families Project and obtained information from their perspective. Also advised them that Lynn has written to me with a letter for David and Roisin - see file.
- 3.6.85. Saw David and Roisin at Jim and Mary Jane's and discussed with them the contents of their mother's letter. Both children naturally were very upset although David more so than Roisin and when David started crying, it was Roisin who attempted to comfort him. Roisin seemed, on the surface at least, to accept what her mother was saying while David remained angry and confused. I left the letter with the children and Jim and Mary Jane so that they could go over it again and discuss it at their leisure.
- DCMcA/MM.
- 4.6.85. Phoned Jim and Mary Jane to find out how David and Roisin had been after yesterday's events. Neither had shown any particularly adverse reaction later on in the day and in fact very little had been said by David although Roisin had discussed the contents of the letter again with Mary Jane.
- DCMcA/MM.
- 11.6.85. Form E and referral form submitted to Barnardos Special Families Project.
- 13.6.85. Letter from Barnardos advising that referral meeting will take place on 27.6.85.
- 19.6.85. Discussion with Jim and Mary Jane re: referral to Barnardos and their views on the matter. Both of them are still undecided about whether they feel they can sustain the placement given David's disruptive behaviour and problems at Hunterhill. They are obviously anxious not to fail David or themselves but there is no doubt that his behaviour is placing a considerable strain on Maxwell's placement as well as on the Kirklands themselves.
- 25.6.85. Review on David at Hunterhill Tutorial Centre. See Minute in file for details.
- 27.6.85. Referral meeting at Barnardos, Edinburgh, attended with Mary Jane. See Minute in file. Barnardos are certainly hopeful that through their Paul Waring scheme they can identify a family in the immediate future.
- 1.7.85.- Annual Leave. DCMcA/MM.
- 15.7.85.
- 16.7.85. Letter to Terry McGeown re: Matrimonial Proceedings Report.
- 17.7.85. Visit to the Kirklands. Over the past few weeks and particularly last two weeks while I've been on leave, Jim and Mary Jane have had further problems with David

.../who has stolen money from them on three separate occasions including money that was taken from Jim's church. All of the money belonged to the church and totalled £37.60, none of this money has been recovered. David has admitted to stealing some of the money although not all of it, but it is clear that he was responsible for all.

18.7.85

Matching Meeting held at Barnardo's, Edinburgh to discuss David and Roisin's placement with the Paul Waring Scheme. Barnardo's have identified John and Molly Harvey who stay in Govan as an appropriate placement. See minute of meeting in file.

19.7.85

Kirklands and David and Roisin and Maxwell on holiday from this date until 5.8.85.

Terry phoned to say he was unable to keep his appointment with me for this afternoon.

27.7.85

Travel to Oban to meet John and Molly Harvey who were on holiday at Iona. Met them along with Ailsa Cunningham, Barnardo's Support Worker. This was the only time and place that I could meet with John and Molly before making a definite decision as to David and Roisin's placement with them. I was impressed with the couple's interest and commitment to the placement, although as identified at the placement meeting there must be a concern about the couple's business and personal commitments and the amount of space they have for two difficult children. Agreement was reached, however, that placement should be made with the Harveys and arrangements were to be made for their transfer to coincide with the start of the new school term, middle of August.

31.7.85

Jim and Mary Jane and the children had in fact returned from their holiday earlier this week and I wanted to discuss with Jim and Mary Jane the proposals for David and Roisin's transfer. Although their holiday had gone reasonably well without any major problems both Jim and Mary Jane were obviously relieved that the decision had been taken to transfer David and Roisin.

1.8.85

Visited David and Rosin to discuss with them the decisions that had been made and prepared them for the move to the Harveys. Change of placement was presented to David and Rosion in terms of a move from a temporary placement to a more permanent although time limited placement where more preparation could be made for their long term future. Both David and Roisin were able to accept that the move was intended to be a positive one and was not seen as being caused by David's disruptive behaviour with the Kirklands. Both are keen to meet the Harveys and find out more about them although Roisin is obviously going to have difficulty in separating from Mary Jane with whom she has a very close attachment.

6.8.85

Took David and Roisin for lunch at John and Molly Harvey's by way of introduction. This visit went well and David and Roisin appeared to like the Harveys. John and Molly got a totally false impression of David and Roisin as David in particular was very much on his best behaviour and was all sweetness and light.

12.8.85

David and Roisin transferred from Jim and Mary Jane Kirkland's to John and Molly Harvey's today. Jim and Mary Jane were involved along with myself in moving the children and a very easy and relaxed atmosphere prevailed at the time of transfer.

14.8.85:

Following two uneventful days David went off from the house this morning taking £5 belonging to Kenneth. He returned around 4.00 p.m. Molly dealt with the situation and David expressed a lot of unhappiness about being apart from his mother and being in foster care. Molly chose to play down the incident as much as possible and tried to be sympathetic re David's unhappiness.

15.8.85:

David resumed at Hunterhill Tutorial Centre and Roisin started at her new school. Both had successful days. [REDACTED]

[REDACTED] David remained at school all day without incident.

16.8.85:

David at Hunterhill again today without incident. Home visit David and Roisin and the Harveys all seen. [REDACTED]

[REDACTED] Both children seemed happy and fairly relaxed [REDACTED] David, apart from Wednesday's incident, has behaved very well and has presented the Harvey's with few management problems. [REDACTED]

20.8.85:

Phone call from David to my office when I was out this afternoon. Returned call and learned that he had had a complaint about the amount of homework from Hunterhill. Molly had allowed him to phone me but by the time I had phoned back David was doing his homework and the situation had blown over.

21.8.85:

Visit to the Kirklands as a follow-up to the placement. Both obviously happier and more relaxed having been relieved of the care of David and Roisin. They had been keeping in contact with the Harveys and intend seeing them socially as well as offering to see David and Roisin and if appropriate caring for them at weekends or holidays. [REDACTED]

23.8.85:

Contract meeting with Harveys and Ailsa Cunningham at foster home. David is still attending school without any difficulty and although he's had one or two temper tantrums/.....

tantrums this week and the Harveys have coped well with them and the incidents have not been very protracted.

Roisin is still less settled than David whose behaviour and responses to his carers have been better recently than at any time for months. Later Aunt Jacqueline Cunningham telephoned the office and in my absence left a message that she was interested in fostering David and Roisin.

27.8.85:

Home visit to the Harveys.

David was in great form. Happy, smiling, proud of his good work and progress at school. His behaviour at home continues to be generally very good. Talked with David and Roisin about Children's Hearing on Friday, but both seem unconcerned. David asked if his mum would be at the Children's Hearing. He has sent her a postcard telling her about his new family.

30.8.85:

Children's Hearing, Review to alter children's place of residence. Neither parent turned up for the hearing. Mrs. Harvey advised me today that although in general terms David's behaviour has been very good she has noticed that there had been small amounts of money disappearing from the house in recent days and she's found money hidden in his room today. Also that one of Kenny's football stips has gone missing this week and David was seen wearing it last. Mrs. Harvey informed me that the children's uncle, Charles Bain has phoned twice this week asking to see the children. He sounded under the influence of drink and was referred to the office. He phoned today when I was out, leaving word that he wanted to see the children.

2.9.85:

David at school to-day, following an argument with his teacher he walked out and ended up on the roof. He didn't run away from school but hung around in the grounds. He was suspended for one day for being on the roof. Mrs. McCusker found Kenny's missing football jersey in David's school bag. Lyn Townsend phoned to say that a referral had been made to Glasgow Division for placement.

3.9.85:

Visited David and Roisin's Uncle Charlie to discuss his request to see the children. He is keen to see David and Roisin but agreed that this can be best achieved when the children start visiting Jacqueline again.

He conceded that David is difficult to cope with and that he has found David stealing from him in the past.

4.9.85/

4.9.85:

David returned to school to-day after his day's suspension and according to Mrs. McCusker his teach, Mrs. Lusk mishandled the situation and David's behaviour was very poor as the result. Mrs. Lusk had demanded an apology from David for Monday's incident and when it was not forthcoming had refused to have him in her class. Mrs. McCusker was not available much through the day and David reacted badly eventually effing and ceeing at Mrs. Lusk and was suspended for a further two days.

5.9.85:

Saw David in Renfrew at 1.15 p.m. phoned Mrs. Harvey no reply phoned Hunterhill and obtained information about yesterday's event. Visited the Harveys later as arranged. David is still not returned. He had left the Harveys about 10.30 a.m. taking £4 Molly had left lying about. While I was there around tea time Uncle Charlie phoned to say that David had been at his house at lunch time and he had given him his bus fare to come home. This had happened before I saw David at 1.15. [REDACTED]

[REDACTED] As I have a day's leave to -morrow I advised Molly to contact David Doherty, Senior Social Worker if any problems arose regarding David.

18.9.85:

Discussion with Jacqueline Cunningham regarding her involvement with David and Roisin and her previously expressed interest in fostering them. Jacqueline agreed that at present it would not be appropriate for her to pursue this interest on two accounts 1. In David's case she would be unable to manage his difficult behaviour and 2. In Rosisin's case she agreed that she needed a period of stability and should not be separated from David at this stage.

She will continue to keep in contact with the children and would like to have them visiting her occassionally at week-ends.

1.10.85:

Child Care Review at John & Molly Harveys. See minute and report in file for details.

10.10.85:

Following Child Care Review David referred to the Department of Child and Family Psychiatry at Yorkhill Hospital.

Summary December 1985

Following the last Child Care Review in early October David's behaviour has gradually settled over the past two months and at the time of the most recent Child Care Review on 10.12.85 David and the Harveys were experiencing the most settled and constructive period in the placement. David and in particular Molly Harvey have come through many upsets to be at the point now where there is more trust/

trust and affection than in any stage previously although David still has outbursts of temper they are less frequent and are more readily used now by the Harveys in a constructive way. David at present appears to accept more readily than ever before the fact that he is in foster care and this is demonstrated by how much more integrated into the Harvey family he has become. He still however thinks about being reunited with his parents although is no longer actively seeking them out in Renfrew and Paisley. David has recently stated that while accepting that he cannot return home he wants adoption in preference to fostering and is interested in knowing when this will happen. David's behaviour is improved markedly in recent weeks although there are still occasions when he refuses to conform, loses his temper and goes off from home without any explanation. Whereas previously there was a considerable contrast between the good and the bad aspects of his personality and behaviour these are now less extremes and his behaviour overall falls more within a normal range. In recent weeks David has attended Hunterhill Tutorial Centre regularly without any difficulties although loathe to admit it his attitude to school is now quite positive and can derive a great deal of enjoyment and satisfaction from his attendance. Since the last Review David is become increasingly involved in various recreational activities he attends the Boys Bridge each week and plays football on a Saturday for their team he was made captain in recent matches. He attends a youth club occasionally and has recently begun taking piano lessons. Since the last Review David has had no contact officially with either of his parents it is probable he may have his father in Renfrew. David still occasionally particularly when upset talks about seeing his parents but he has not made any efforts recently to try and make contact with them. I've had one meeting with Mrs. McGeown since the last Review and her attitude to the children's future has not altered. Mr. McGeown has had no contact with the Department. David visits his Aunt Jacqueline most week-ends and enjoys this contact with her and the other relatives in Renfrew.

Christmas/New Year Dece. '85 Jan. '86

During the run up to the Christmas holidays David's behaviour took a marked turn for the worse. He ran off from the foster home on a number of occasions and right up until Christmas Eve the Harvey's arrangements for going away over Christmas and New Year were placed in jeopardy by David's behaviour. However he was back at home at Christmas having been missing overnight on Christmas Eve and was included in the Harvey's holiday plans.

On 31.12.85 Lyn and Terry McGeown were divorced and Roisin and David were made the subjects of Matrimonial Proceedings Orders under Section 10.

Summary January - March 1986

Since the New Year David's behaviour has continued to be very difficult with thefts from the Harveys, his school and twice from his Aunt Jacqueline. The thefts from school and his aunt appeared to indicate that his stealing is indiscriminate and not aimed solely at his foster parents. On 25.2.86 he stole £27.50 approximately from his Aunt's electricity meter and was charged with this offence. Over this period the Harvey's commitment to David has been sorely tested and John and Molly have experienced great frustration in their efforts to care for David. The placement almost broke down as a result of the seemingly calculated maliciousness of his behaviour but the Harvey's reaffirmed their commitment to working with him. In contrast to all these difficulties David has maintained/

maintained his involvement with the B.B. and his weekly piano lessons showing a level of application and commitment not borne out in other areas of his life. During this period David has been seen by Professor Stone and Mr. Sharpe at the D.C. & F.P. Yorkhill and a report dated 21.3.86 is contained within the file.

Summary April 1986

During the month of April David's behaviour deteriorated rapidly with frequent absconions from the Harveys and further disruption at school.

On 25.4.86 he was due to appear before a Children's Hearing in connection with the alleged offence of breaking into his Aunt's electricity meter but on the morning of the Hearing he absconded from the Harveys and failed to appear before the Hearing. A warrant was issued for his apprehension and on 26.4.86 he was picked up by Renfrew Police and was taken by Regional Stand-by service to Cardross Assessment Centre for the week-end.

On 28.4.86 David appeared before an emergency Children's Hearing. The case was continued for a Residential Assessment under Sections 43(4) and 47 of the Social Work Scotland Act.

16.5.86

David was resident in Cardross Assessment Centre from 26.4.86 until to-day's date and an Assessment Case Conference held on 14.5.86 recommended to the Children's Hearing that in view of uncertainty as to the most appropriate recommendation in respect of David he should be returned to Cardross in order that a further period of assessment could be undertaken.

Children's Hearing of 16.5.86 agreed to this and a further Assessment Meeting was held on 5.6.86. This meeting concluded that a recommendation should be made to the Children's Hearing for a placement in Balrossie School. See Minute of meeting in file.

10.6.86

D.A.S.U. Meeting to consider recommendation of Cardross Assessment for referral to Balrossie. D.A.S.U. confirmed this recommendation. Later Children's Hearing Paisley Residential Supervision Order naming Balrossie List 'D' School was imposed by this Panel.

19.6.86

David on pre-admission visit to Balrossie School. David seemed impressed with the school and its facilities and is anxious to move from Cardross as soon as possible.

24.6.86

David transferred from Cardross to Balrossie List 'D' School.

Jim Kirkland phoned me to-day and asked my views on him visiting David at Balrossie. I indicated that I would need to speak to Balrossie, David and the Harveys to familiarize myself with the up to date position and David's views on such a visit after my absence on annual leave and I would get back to him.

23.7.86

Saw David and Tom McEwan Depute Head at Balrossie. There have been no problems with David's behaviour at Balrossie during his spell there although he is anxious to get some leave as he has been confined to the school. Having already discussed leave with John and Molly Harvey reached agreement with Balrossie that David would get leave on Friday. David said that he would be quite happy for Jim Kirkland to visit him and I later contacted Jim leaving it with him to make an appropriate time with Balrossie for him to go.

Sept. '86 Summary

On 24.9.86 the Review of David's placement at Balrossie was held. Since his admission to Balrossie David has maintained his contact with John and Molly Harvey spending one weeks holiday with them and having several overnight leaves at week-ends. These have generally been good experiences for David and the Harveys although there has been some continued pilfering of property from the foster home by David. During September David's Aunt Jacqueline indicated her renewed interest in fostering Roisin and has in fact formally applied to the Department. David is aware of this and obviously has had to contend with feelings of jealousy towards Roisin and concerned that he is being rejected by Jacqueline. Jacqueline is not rejecting David but is realistically stating that she is unable to cope with him at present but would like to continue contact at week-ends and holidays with a view to eventually, and hopefully, being able to offer him more in the way of permanent commitment. Over the last few weeks David has also had contact with his father in Renfrew and this appears to have renewed David's belief that there may be a future for him with Terry. At this stage I would be far from confident about Terry's ability to maintain any commitment to David as even with the limited contact expected of him recently he has failed on occasions to be around when David has turned up at week-ends to visit him. This Review decided that David's week-end leave which at present takes the form of overnight Friday/Saturday should be extended to Friday to Sunday leave. He himself was very pleased with the new leave arrangements and his responsibilities in terms of behaviour and timekeeping were re-emphasised to him.

19.11.86

Review at Balrossie see Minute in file.

This review confirmed that David should remain at Balrossie and that week-end leave would be available to him at John and Molly Harveys, David while accepting this expressed a strong desire to be allowed to spend more time in Renfrew based at his aunts but also seeing his dad and pals.

Summary 1987

Since the last Review David's behaviour within Balrossie has remained fairly stable but he is increasingly distance himself from the Harveys and by January had completely rejected any possibility of further contact with them. Initially David has contact with his father and Aunt Jacqueline to fall back on but as on previous occasions Terry was unable to maintain his commitment to David/

David and contact with him fell by the wayside. David has continued to visit Jacqueline and she is now his sole means of leave at week-ends.

On 26.1.87 the Adoption Case Committee approved the Cunninghams as related foster parents for Roisin. David has been aware all along of the plans for Roisin to move to her aunts and has been able to cope more recently with this situation because of the increased amount of leave he has had with Jacqueline at week-ends. During Christmas and New Year David absconded from the Harveys where he was spending the holidays and at Christmas went off to Stirling with Debbie Burns and at New Year was missing for two nights while he wandered Renfrew with his pals and sought out refuge in various houses.

6.2.87

Roisin moved from John and Molly Harveys to live with her Aunt Jacqueline Cunningham at 13 Convair Way, Renfrew.

11.3.87

Child Care Review on David at Balrossie see Report Minute in file.

10.4.87

Balrossie Easter leave commenced David to spend next 10 days or so with Jacqueline. Due to problems at Balrossie with renovations in their kitchens a number of boys, David included had their Easter leave extended and David effectively was resident with Jacqueline for approximately one month. This proved to be a testing time for Jacqueline but she rose to the occasion and David responded very positively to her efforts with him. This extended period of living with his aunt has shown that David and she have a very good relationship and that Jacqueline is able to exercise appropriate control over him. He has by on large accepted Jacqueline's authority and when there have been confrontations between them David has shown increased self control and a generally more responsible and mature attitude.

14.5.87

Children's Hearing Annual Review. Residential Supervision Order continued. This Review Hearing was very positive experience for David in that he received considerable praise both from myself and Balrossie staff verbally and in terms of the written reports and the Panel underlined this in their remarks to David.

Transfer Summary

June 1987

David has now been in Balrossie for the past year and at present is a settled and coping with his situation as he has ever been during the period of his time in care. He has shown considerable improvement over the past year in terms of his self control and a willingness to listen to advice and act upon it. This has been particularly evident at Balrossie and also in his dealings with his Aunt Jacqueline. David appears to have now accepted that there are no prospects of his living with either his mother or his father in the future and sees his future as lying with his Aunt Jacqueline. Jacqueline for her part has maintained her commitment to David while integrating Roisin and/

and her family and although she finds his behaviour at times very difficult to cope with she has shown a willingness to confront him and exercise control over his behaviour. David anticipates being allowed to attend Balrossie as a day pupil before the end of this year and while this is not an unrealistic proposition such a change would be dependent on Jacqueline being willing and able to offer him a permanent place within her home.

July 1987 Case Transferred from D. McAleer to Margaret Fitzpatrick.

3 Visits to see David primarily to reintroduce myself plus try and find out what he really wanted to work towards as regards a home base. There has been some problems when he has been out on leave because he has stole things from Aunt Jacqueline's house. However he is going out for day visits again - mainly to his Dad - although he inevitably ends up at Jacqueline's. Jacqueline has not closed the door on him completely as she is still saying if he does not steal she can see him coming to stay at sometime in the future. David and Roisin and Michelle (Jacqueline's granddaughter) all came out with me for a day and it went very well. David obviously misses being the centre of the family and keeps hoping he will be accepted. However he never admits to taking any of the things that go missing and until he does Jacqueline will continue to have difficulty coping with having him at her home.

September

3 visits to Balrossie and Review, (see file for minutes etc.). There was also the incident with Roisin and Uncle Charlie which had to be discussed with David. He reacted reasonably well to this although his Review was not so good - (See minutes in file) because of Aunt Jacqueline's reaction to a theft he had committed on leave last week. He started Drop-In on 24.9.87 and settled well with the other kids. He joined in the activities and was no problem at all regarding behaviour. Arranged for Rosemary to transport him back after the group next week.

October 1987

Open night at Balrossie which Aunt Jacqueline did not attend. She felt that David was still misbehaving in her home and that she could not see a point in the near future when she would be able to have him stay. We discussed this at length and I explained to Jacqueline that it would be in David's best interests if she could tell him this as he was still hoping he could go and stay there. I also discussed my worries about Community Parents with Liz Wisniewski as after discussions with them this does not look too hopeful. David himself is not too enthusiastic and never wants to talk about it in any detail. He is however anxious to go to ordinary day school and this seems as far as it goes at present. He attended "Drop-In" every week and was a well behaved popular member of the group. He again went to Aunt Jacqueline's for a visit and because of an incident when he had taken some money belonging to Steve, Steve gave him a row and allegedly/

NOTES

At the children's hearing the child or his parents may or may not accept the grounds for bringing the child before the hearing. If the grounds are accepted by the child, and his parents, if present, the children's hearing will discuss and consider with the child and his parents what is best for the child. If any of the grounds are not accepted, the hearing may either discharge the referral or direct the reporter to apply to the sheriff for a decision as to whether or not any of the grounds exist. If this happens the child will have to appear before the sheriff at a later date. If the sheriff decides that any of the grounds do exist, the children's hearing will then discuss and consider what is best for the child, as if these grounds had been accepted. If the sheriff decides that no grounds exist the referral will be discharged.

RENFREW AREA

David McGeown, (8.12.75) 17b Moorpark Square, Renfrew

is being referred to a children's hearing for Strathclyde Region on the grounds of the following

conditions²: That he has committed the offence as specified below, being grounds of referral in terms of Section 32(2)(g) of the above act.

STATEMENT OF FACTS

In support of the above condition, it is stated:-

1. That he did, while acting along with others, between 9th July, 1990 and 22nd July, 1990, break into the house occupied by David Paterson, 17 Tower Crescent, Moorpark, Renfrew, and steal therefrom property to the value of £1,250.

NATURE OF OFFENCE: Theft by Housebreaking

2. That he did, while acting along with others, between 9th July, 1990 and 22nd July, 1990, at the house occupied by David Paterson, 17 Tower Crescent, Moorpark, Renfrew, wilfully and maliciously damage the contents and decor of the said flat at that time occupied by the aforesaid David Paterson.

NATURE OF OFFENCE: Malicious Mischief

NOTES

At the children's hearing the child or his parents may or may not accept the grounds for bringing the child before the hearing. If the grounds are accepted by the child, and his parents, if present, the children's hearing will discuss and consider with the child and his parents what is best for the child. If any of the grounds are not accepted, the hearing may either discharge the referral or direct the reporter to apply to the sheriff for a decision as to whether or not any of the grounds exist. If this happens the child will have to appear before the sheriff at a later date. If the sheriff decides that any of the grounds do exist, the children's hearing will then discuss and consider what is best for the child, as if these grounds had been accepted. If the sheriff decides that no grounds exist the referral will be discharged.

David has been in residential care since July 1984 following the breakdown in his parents marriage. He has been resident in Balrossie School, Kilmacolm for almost 5 years until moving to Redheugh on 3 June 1991.

Plans for David are that he begins to prepare for independant living at Redheugh, where he is currently making good progress, and David has been referred to the S.T.I.P. Project with a view towards his longer term accomodation needs.

Whilst visiting David recently, it was very obvious that he is badly in need of clothing and footwear. David is still a schoolboy and is therefore not currently in a position to contribute towards his clothing needs.

Staff at Redheugh, David and the social worker have estimated that £150 would be needed to adequately meet his needs, and I would be grateful if the Department would agree to provide this amount via the Section 24 budget.

Dear Mr Waltham,

For the past 6 years children from Balrossie School have been involved in sailing trips with children who are, or have been patients at Yorkhill Hospital. We will be sailing on board the Ocean Youth Club vessel "Taikoo" and these trips in the past have been most successful.

This year David has been chosen, along with 3 other boys, to represent the school.

The trip will start on Tuesday evening the 18th June 1991 and end on the afternoon of Sunday 23rd June, 1991.

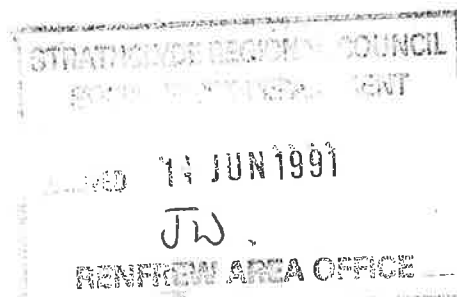

We will be sailing from Inverkip and spend the week sailing in the Clyde Estuary.

Dear Jack,

The staff and young people of McLean Independent Unit will be going on holiday from Saturday 13th July - Saturday 20th July.

We have now booked (by sending a deposit) two self-catering flats in Great Yarmouth. The groups presently in McLean have chosen to go to Great Yarmouth and have asked us for this type of accommodation.

The cost per person will be approximately £140. The young people themselves will be expected to provide their own food and their own spending money. I am writing to ask your department to share in the cost of this holiday. We at Redheugh/McLean are willing to support your young person by paying £80, this leaving your department to finance the balance of £60.

As part of the booking procedure, we will be expected to pay the full cost of the accommodation eight weeks prior to arrival.

Would you therefore give this request your immediate attention

Dear Mr Murphy

DAVID McGEOWN - DOB 8.12.75
c/o BALROSSIE SCHOOL, KILMACOLM

I am writing to make application for a residential placement at Redheugh on behalf of the above named young person.

David has been in residential care since July 1984 following the breakdown of his parents' marriage. He has been in his present placement now at Balrossie for over 4½ years and David, residential staff, and myself, now feel that it would be appropriate and important for an alternative placement to be sought, particularly one such as Redheugh, which I am aware has a commitment towards helping young people begin to prepare for independent living.

I have previously spoken to your colleague, Mr George Gillain, who advised me in the first instance to put this request in writing (please also see relevant background papers attached). If you feel there is a possibility of offering David a place at your unit, perhaps you could contact me with a view to arranging an initial, informal visit for David to Redheugh.

I hope this brief letter and attached papers are of some assistance, and look forward to hearing from you at your earliest convenience.

Re: **David McGeown**
Address: c/o Balrossie School, Kilmacolm

You are invited to attend a Review meeting on your child, details of which are noted below. This will give you an opportunity to say what you want for your child. If you would like to bring someone to help put across your views, please discuss this with your social worker.

If you wish to make some written contribution you are welcome to send this to me. It would be better if you could do this at least 3 days before the meeting so that it can be photocopied and distributed.

Please note that it is our policy to make such material available to all members of the Review group.

I look forward to meeting you.

Dear Parents,

Balrossie School - Teachers' In-Service Day.

I wrote to you recently to tell you about our Easter holiday arrangements.

I forgot to include in that letter the fact that the teachers at Balrossie School are having an in-service study day on Friday the 16th March, 1990.

This means that those boys who would normally be going home for the week-end will travel home after classes close at the School on Thursday the 15th March, 1990.

Boys should return to School at their usual time after this long week-end.

Yours sincerely,

Dear Ms Townsend

My apologies for the delay in responding to your letter of 19th October, 1988, about the Minutes of David McGeown's Child Care Review.

I completely agree that any significant dissent from the decision of a Review should be Minuted. I apologise again, therefore, for the fact that your dissent was not recorded. This was not a deliberate omission on my part - simply a reflection of the difficulties in simultaneously Chairing and Minuting a Meeting, and of doing justice to the discussion when hard pressed to get the Minutes out at all.

However, this is an explanation of why the omission occurred, and does not detract from the validity of your point.

Yours sincerely

Dear Parents,

Balrossie School - Christmas 1988

It is important that you know the schools' arrangement for the period leading up to Christmas.

Please keep this letter available so that you can make a check on the various holidays and other events which are to take place.

Friday 25th November 1988 - Staff Study Day

This will be an in-service study day for the staff at Balrossie School. Those boys who will be having that week-end at home will be sent home after classes close at 4p.m. on Thursday 24th November and will return at their usual time on the Sunday or Monday morning. I sent you a note recently of your sons' personal travel arrangements for returning to school after a week-end at home.

Wednesday 14th December 1988 - Boys' Christmas Disco

Our Christmas Disco will be held this evening at the school. Discos are very successful here and the boys enjoy them very much indeed.

Wednesday 21st December 1988 - Nativity Play and Carol Service

We hold our Nativity Play and Carol Service today starting at 2p.m. All parents, friends and social workers are invited to attend this function. If you would like to come to Balrossie on this afternoon and need transport from the Train Station at Port Glasgow or off the bus to Kilmacolm, please let us know in advance so that we can collect you in good time in our school van.

The Nativity Play and Carol Service will take about an hour to complete and tea and biscuits will be available for all our visitors. I hope that you will be able to come.

16th November 1988

Thursday 22nd December 1988 - Christmas Dinner

The Christmas Dinner for boys and staff is to be held at 4p.m. today. Unfortunately we can not invite parents to this function because we just do not have enough space. After the dinner the boys will receive their Christmas presents.

Friday 23rd December 1988 - Boys Home for Holiday

Those boys who are going home for the Christmas and New Year holidays will leave the school during the morning of Friday 23rd December and most boys should be home by lunch-time on that day.

Sunday 8th January 1989 - Boys return to School

Most boys will return to School at their usual time on Sunday 8th January 1989 or on the Monday morning if that is what their agreed arrangements are.

Classes re-open at 9.15a.m. on Monday 9th January 1989.

The Christmas period at Balrossie School is usually a very pleasant time for staff and boys and everyone has a lot of fun.

I hope that if your son is to be at home during the holiday period, all goes well and that you have a good time together. I would like to remind you that Balrossie School is open throughout the holiday period and there will always be someone available to give advice or help with problems that arise.

I would like to take this opportunity on behalf of the boys and staff at Balrossie School to wish you and your family a very Merry Christmas and a Happy New Year.

Yours sincerely,

David S.D. McCallum

Dear Mr McGeown

I would like you to call and see me on Wednesday 2 November 1988 at 2.30 pm to discuss David's present situation. It is important for David's sake that there is clarification of what visits etc he can make to you, as at the moment I have no idea what arrangements are being made. This can cause problems for David at Balrossie and I feel he has enough already without any further difficulties.

It would be very helpful therefore if you could keep the appointment on Wednesday as I am going to see David at Balrossie on Thursday. If for any reason you can't come on Wednesday, please contact me so we can arrange another time.

Dear Mrs Wisniewski

Thank you for the copy of the Review Meeting Minutes on David McGeown. On reading the minutes however I was surprised that the Summary of the Discussion did not include any reference to alternative suggestions regarding the most appropriate placement for David.

As you may recall I took issue with the idea of maintaining David in Beech Avenue with Social Education Unit input. I expressed the view that David required to be given greater structure and security than that available in a Children's Home until he was able to cope with the emotional issues surrounding his family. I suggested that a return to Balrossie might be the safest option for David at this stage.

If review meetings wish to draw upon the opinion of a range of professionals then it is important that minutes reflect accurately all the issues raised and not simply those which correspond to the final decision.

Further to the telephone conversation of 17th October, this is to confirm that a Review of the current order is no longer required by the Department at this time. The reason for this being David's extended leave at Beech Avenue has been terminated and he is again at Balrossie most of the time.

Dear Mr. McColl,

re: DAVID McGEOWN, D.O.B. 8.12.1975
(44.1B Naming - Balrossie)

At David's last Children's Hearing Review on 28th June, 1988 a new Order naming Balrossie was made albeit he was spending most of his time at Beech Avenue Children's Home. The Order was made naming Balrossie to enable Child Guidance/Education Department to identify a suitable school before transferring David permanently to Beech Avenue.

David started Camphill School Paisley on 29th August and was put on extended leave from Balrossie at that time. However a further Child Care Review is scheduled for Tuesday 20th September as the school placement has not been very successful. A Children's Hearing Review is required because of the extended leave situation. Therefore a full report will be forwarded following the Child Care Review on 20th September.

David recently underwent an eye test, and requires to have spectacles. These have been ordered by staff at the home from Boots Opticians. Unfortunately, the Firm will not render an account to the Department, and there is a charge of £15.95 (excess to the N.H.S. Voucher), which the home will require to pay on collection of the spectacles.

I would be obliged if you could arrange for this sum to be paid to the home, as it would appear that their own Petty Cash does not cover this type of expenditure.

Thanks for your help.

Dear Parents

Balrossie School - Summer Term Holidays

It is important that you know exactly when Balrossie School's holidays are to be held and I have written these out below.

Holidays at this School are fairly similar to those taken by day schools in Strathclyde Region. The difference is that, although our classrooms may be closed at these times, we are always in a position here to look after any boys who can not go home for their school holidays.

Day pupils will take all the holidays stated below.

School re-opened after the Easter holidays on Monday, 11 April 1988.

Spring Holiday - Monday, 18 April 1988

All boys should be back in School no later than 11.00 am on Tuesday, 19 April 1988. Day pupils should be in School on the Tuesday at their usual time.

May-Day Holiday - Monday, 2 May 1988

Again boys should be back in School no later than 11.00 am on Tuesday, 3 May 1988. Day pupils should be in School on the Tuesday at their usual time.

Mid-Term Weekend

Boys will travel home after 4.00 pm on Thursday, 26 May 1988 and should return to School no later than 11.00 am on Wednesday, 1 June 1988. Day pupils should be in School on the Wednesday at their usual time.

Summer Holidays

Classes close at Balrossie School on Thursday, 30 June 1988. I will be in touch with you again nearer the end of June to let you know what the plans for July and August will be.

Yours sincerely

I am writing to ask if you would enquire about the possibility of an extra clothing allowance for David McGeehan. As you know he resides at Balrassie School, Kilmacolm. under section 10 matrimonial proceedings act and section 44(1)(b) Social Work Scotland act. As a resident of Balrassie David's clothing needs are met within the school. However there is no one in David's life at present who can add to this unlike the other boys in the unit who do have clothes provided by their parent or guardian. I would be grateful if you could look into this and let me know of your findings.

I have also spoken to Roisin and I would like to see you about arranging to meet her in the office. Could you call and see me on Monday 28th March, 1988 at 5.15 p.m. to discuss this and also to say how David's visit went.

If this is unsuitable please contact me so we can arrange another time.

Dear Parents/Friends,

Balrossie School - Boy's Holidays
And Christmas Arrangements 1987.

I write to let you know about the Holiday and Christmas Programme this year.

Holidays

I have decided that this year the boys who are to go home for their Christmas Holidays will leave the school at lunch-time on Friday 18th December 1987, and should return to the school by 11a.m. on Thursday 7th January 1988. I hope that this turns out to be a pleasant time for everyone.

Some boys will not, of course, have all the holidays and special arrangements will be made where necessary. If you have problems with your son during the holiday period please do not hesitate to let us know. The school will be staffed throughout the holiday period.

The Christmas Programme

During the week leading up to the holiday time the boys and staff at the school will be involved together in a number of events such as The Christmas Dinner, a Disco, Christmas Parties, and a Nativity Play and Carol Service.

We would like to invite you to attend the Nativity Play and Carol Service. This will start at 2p.m. on Tuesday 15th December in the school gymnasium and all Parents, Social Workers and other friends are invited to attend.

It would be helpful if you could be at the school by 1.45p.m. and the Nativity Play and Carol Service will last about one hour. Visitors will then be free to look around the school and join us in afternoon tea.

I have attached details of buses times to and from Kilmacolm (we will happily collect you from the village), and the train time-tables to Port Glasgow (we will also be prepared to collect you from there if necessary). I hope that you can attend that afternoon.

May I take this opportunity, on behalf of the boys and staff at Balrossie School, to wish you and your family, all the very best for Christmas and the New Year.

Yours sincerely,

David S.D. McCallum
Headmaster

Subject David McGeown - Sec. 44(1)(b) & Sec. 10. Matrimonial Proceedings Act
At present in Balrossie List D School - D.O.B. 8.12.75

David and his sister Roisin have been known to the Social Work Department for a number of years and were first made the subject of a Section 44 1(a) Order in May, 1980. The main reason for our involvement at that time was the parents inability and/or unwillingness to care adequately for the children. The family situation continued to deteriorate with the parents separating and eventually divorcing. Mrs. McGeown did not cope at all as a single parent, and the children were received into care in July, 1984. Both children were placed with a succession of foster parents (five in total) until June, 1986, when David was transferred to Balrossie List D School. The children's aunt, Mrs. Cunningham, who had always kept in contact with them while in care, then applied to foster Roisin and Roisin was placed with her in February, 1987. It was hoped at that time that David would also eventually make his home with his aunt, and weekend and holiday leaves were arranged regularly.

However, David's behaviour, i.e. stealing, staying out overnight, etc. continued to be a problem and in June of this year while staying with Mrs. Cunningham she states he broke into her television meter and stole £43.00 Mrs. Cunningham's insurance did not cover this, and because it was a rented television, the police had to be informed (although no charges were brought against David).

Mrs. Cunningham has now received a demand from the television company for £43, with a threat of Court Action if this is not forthcoming. She is dependent on Supplementary Benefit for her income, and has asked us for help with this. As David is a child in care, and Mrs. Cunningham a foster parent to another child in our care, I would ask that a fostering discretionary allowance be considered to offset her loss.

Dear *Margaret*,

Parents Evening, Lomond Unit - Thursday, 8 October 1987

You are warmly invited to come to the School on the evening of Thursday, 8 October at 7.00 pm for an informal parents evening.

As well as giving Lomond Unit staff and boys the opportunity of meeting together with parents and social workers, we will be using part of the evening to show the excellent collection of slides taken this summer at our Unit camps at North Berwick.

As it would be helpful to have some indication of the numbers likely to attend, I would be grateful if you would complete the tear-off slip below and return it as soon as possible in the stamped, addressed envelope provided.

If you would like any information or assistance with travel arrangements, please contact me as soon as you can.

We look forward to meeting you on 8 October.

Dear Parents / Social Workers,

Balrossie School - Summer arrangements July / August, 1987.

I have attached to this letter a copy of the arrangements for the boys for July and August, 1987.

Please follow this programme accurately unless you have already made special holiday arrangements with the School for your son.

You will note that each boy is planned to have 4 weeks holiday at home and one week at camp and three weeks in school taking part in various recreational activities.

Normal week-end arrangements will continue with boys coming home each Friday afternoon and arriving back in school each Sunday evening by 7.00 p.m. unless of course, other special arrangements have been agreed to.

The holiday periods detailed here will of course, only be given to boys who prove that they can handle them well. Any boy who causes problems at home or gets into trouble will have to return to the School as soon as possible and may not get the next part of his planned holiday.

If you would like to make special arrangements, then please contact the staff in the house unit in which your son stays, to discuss the matter.

I hope that you and your family have a good summer.

Balrossie School - Open Day
Thursday 25th June 1987

I write to invite you to attend our Open Day which will be organised as follows:

11a.m. to around 12 noon - The staff and boys will take part in football and cricket competitions.

12 noon to 2p.m. - All boys, staff and visitors are invited to have a 'barbeque' lunch.

2p.m. to 3.30p.m. - Around the grounds there will be side-shows and competitions at which every one can take part. The class-rooms will be open at this time and visitors will have a chance to speak to the staff as well as look round the various house units. The 'Open Day' programme will close at around 3.30p.m.

The last day of the summer term is Friday 26th June 1987 and so if parents do come to the 'Open Day', they they can take their sons home that afternoon for the rest of the week-end.

I hope that you can visit the school for all or part of the 'Open Day'. If you are travelling from Glasgow by the express bus service to Kilmacolm it may be helpful to know that the buses leave Buchanan Street Bus Station at 10 minutes past each hour.

We will be pleased to collect you from the village when you arrive there or if the weather is fine perhaps you will want to walk from the village to the school.

We look forward to seeing you.

Dear Mrs. Hamilton,

Re: David McGeown, d.o.b. 8.12.75 - c/o Mr. and Mrs. Harvey, 521 Ibrox
Terrace, Glasgow G51 (at present at Cardross Assessment Centre)

Further to the letter from Dr. Sharp and myself of 21.3.86, herewith an updated report pending David's appearance before a Children's Hearing on 10.6.86. We have had several discussions with Mr. and Mrs. Harvey and Mr. McAleer since the previous report and on one occasion also with Ailsa Cunningham, Paul Waring and yourself. I have to-day interviewed David at Cardross assessment Centre and had a discussion with Mrs. Garvie. I note from Mrs. Garvie's initial assessment report that there were no particular difficulties experienced during the early period of David's stay at Cardross and that he performed adequately at school without presenting any major behavioural disturbance. However, since that time he has been much less settled with several outbursts of aggression to older boys on minimal provocation. He has absconded on two occasions, once from Cardross and one from the Harvey's home. As on previous occasions, David has invariably been found in the Renfrew area where he has, as usual, made contact with members of his own family. Although he is significantly younger than the majority of children at Cardross, David identifies easily with this adolescent group and is well able to assert himself in their presence. He makes a ready superficial attachment to several members of staff but there has been no deepening of relationship with any one adult or child. There has been no evidence of remorse following various misdemeanours.

I interviewed David in the presence of Mrs. Garvie. He was in nightclothes as a precaution against further absconding, and was clearly irritated by this and presented a rather sulky manner. The pleasant, rather charming attitude which had been much in evidence during previous visits to the hospital department was little in evidence to-day. He was markedly offhand and presented himself as "a hard man". He did, however, gradually respond to questions, and described in some detail his recent contact with various relatives including his paternal grandfather and two different aunts. He could give no satisfactory explanation of why he had absconded from the Harvey's home though he did mention a visit there by a previous foster child, a handicapped girl. Asked about his sister he was markedly derogatory in his comments though he made no protest when I stated that I thought he was really quite fond of her.

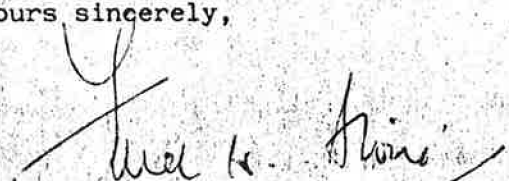

David/

David quite clearly shows evidence of a severe longstanding conduct disorder. He is an intelligent boy of reasonable educational attainment but his capacity for relationships has been severely damaged by early deprivation experiences, and there is little evidence of sound inner controls having developed nor of conscience formation. Neither from his own account nor of those who have recently cared for him is there any evidence of symptoms or subjective distress that would point to emotional disorder.

With several previous failed placements, and present continuing difficulties it seems to me unlikely that this child is able to cope with the demands of ordinary family life. He is certainly not going to adjust to a family whose social mores differ greatly from his own background. It is tempting to consider whether the most realistic approach might not be to return him to one of his own relatives with close social-work supervision but he is already so entrenched in delinquent activities that he would almost certainly be in trouble in a short time. Placement with a view to adoption does not seem to be a realistic prospect at all. We also have to reconsider the earlier recommendation that because there is a mutual attachment between David and Roisin that plans should be made for the two children jointly. It now seems more likely that the girl could be helped to a satisfactory family placement on her own, and that separate plans require to be made for David.

My impression now is that he will probably require placement in a List D school which caters for younger age groups, such as Balikinrain or Balrossie.

Yours sincerely,

Professor Fred H. Stone

Dear Lyn,

I have just received notification from the Court of Session of your divorce from Terry.

As you are no doubt aware, David and Roisin are now in the care of the local authority in terms of Section 10 of the Matrimonial Proceedings (Children) Act, 1958. This is effective until the children's sixteenth birthdays, unless any interested party applies to the Court for the Order to be revoked.

One requirement of this Act is that you as a parent, are required to keep the local authority informed of your address and any subsequent changes.

At present the Supervision Orders issued by the Children's Panel are still in effect and will remain so until the Annual Review which is likely to be held in June or July of this year. You will be notified in due course of the date for this Review.

Finally, I would ask that you do advise me of any change of address as there will be occasions in the future when it will legally be necessary for me to contact you regarding decisions on the children's future.

I refer to your letter of 24 October 1985 and apologise for the delay in replying. I regret that the original did not reach me hence the failure to communicate with you.

In the case of a pupil resident in Glasgow the responsibility for transport lies with that divisional office and I should be grateful if you would take the matter up with Mr P Drake, Divisional Education Officer, 129 Bath Street, Glasgow.

I regret that I cannot be more helpful.

Dear Dr Stone

RE: DAVID McGEOWN 8.12.75 c/o MR & MRS HARVEY 52 IBROX TERRACE G51

As you will see from the enclosed reports David, along with his sister, Roisin (d.o.b. 9.4.77), had a very unsettled early childhood. The children were left to 'run wild' and David in particular developed a lifestyle as a very young child of roaming the streets until late at night. David frequently attended school dirty, unfed, and late. Despite constant social work support David was received into care in June '85, following a referral to the Children's Panel because of truancy, theft and aggression. The original intention was to give mother 'respite' but Roisin's behaviour and condition quickly deteriorated without David and she was received into care approximately 10 days later.

This unfortunately became the start of a series of foster placements:-

1. Mrs Spiers - from 22.6.84 until 16.11.84. Mrs Spiers is an elderly widow with 2 grown up sons living at home. The placement started off relatively well, with David attending school regularly. Although David continued to 'run away', this was usually a reaction to receiving a letter from his mother. At this time mother expressed her desire that the children be placed for adoption. Father, although seen infrequently by David around the home area (David always runs to his home ground of Renfrew) did not express any interest in caring for his children at first. However by November, he was saying that he wished to have the care of his children. David's behaviour had deteriorated considerably by this time. He was aware of his mother's rejection, but could not accept it. His 'running' became far more frequent, and he ran from both school and home. This aggression increased. Mrs Spiers felt she could no longer cope.
2. Mr & Mrs Elliott 17.11.84 - 22.2.85. A young couple with one primary school age son. This placement started with the objective of returning the children to their father's care. He kept to three access visits and then stopped visiting immediately prior to Xmas. After a 'quiet' start David quickly became visibly distressed, running from school and foster home, and displaying aggression and temper tantrums. The school could/.....

could not cope with David and after a gap (he started the 'Hunterhill Tutorial Centre'.) The Elliotts coped with a lot of very difficult behaviours - i.e. stealing, truancy, running and aggression. The expressed the view that David's behaviours and needs were such that Roisin invariably suffered and suggested that the children be separated. After a particularly difficult weekend the Elliotts requested the children be removed. NOT DURING THIS PLACEMENT

3. Mr & Mrs Kirkland 22.2.85 - 12.8.85. A young minister and his wife who were already fostering a [redacted] 12 year old boy. At first, despite the running, the Kirklands coped well with David. However as time went on David's behaviour compounded with the effect he had on the other foster child and Roisin, wore the family down. David was showing very ambivalent feelings towards Roisin, sometimes tender and at other times aggressive and hurtful. A foster home was offered through the Barnardo's Special Fostering Scheme. Although it had been hoped that the Kirklands would be able to see the children through to an adoptive placement, it was becoming apparent that this was unlikely and so the children were moved to:-

4. Mr & Mrs Harvey 12.8.85 - The couple - once again a minister and wife have 4 natural children aged between 21 - 13. They are very experienced foster parents. [redacted]

[redacted] David has continued to run but just prior to the September weekend his bad behaviour has escalated.

The possible contributing factors were a) a review was due on 2.10.85 and b) David stole and wrecked a bike belonging to a 14 year old boy (also in care) at Hunterhill, who was then known to be 'gunning' for David.

Whereas previously David had always either appeared back at his foster home, or turned up at his aunt's home in Renfrew by 10 p.m., he was remaining now out until 1 or 2 a.m. He has also become involved in various incidents of break-ins and vandalism along with much older known delinquents.

It is hard to sometimes remember that this boy is not yet 10. He obviously needs other professional help and the Harveys are more than prepared to co-operate with yourselves. Although I have said little about Roisin, she is not without her problems, but these fade into insignificance next to David. I would be very grateful if you would accept this boy onto referral as a priori

In response to your letter of 12th September 1985, Mr. Morton has agreed to David remaining in Hunterhill Tutorial Centre in the meantime.

There will be regular reviews of progress and discussion regarding reintegration to ordinary school. You will be invited to attend these discussions when reintegration is being considered as this will involve a primary school in the Ibrox area.

We look forward to having your help and cooperation on this matter in the future.

DAVID McGEOWN (8 12 75) : c/o Mr & Mrs Harvey - 52 Ibrox Terrace, Glasgow G51

Thank you for your letter of 2 September. As I discussed with you on the telephone I find it difficult to understand why you should be seeking a change of school placement. By your own account David is doing reasonably well at Hunterhill and given the state of flux in the rest of his life I cannot see why this placement should be disrupted. If he were conferenced for and accepted by one of Glasgow's two primary day schools for disturbed children I do not see what he would be gaining. Neither school is any closer to the foster home than Hunterhill and since they take children by taxi from all over the city and beyond there would not be any development of community contacts. It is not as if our day schools are purely for Glasgow children since we already have children from Renfrew, Dunbarton and Lanark in attendance. Therefore a reciprocal arrangement here would surely be in David's best interests. I would be happy to discuss the matter further if you wish.

David McGeown (8.12.75)
c/o Mr and Mrs Harvey
52 Ibrox Terrace, Glasgow

I am writing to inform you of the above named boy, now resident in Glasgow, who will require schooling in a specialist day placement for maladjusted.

David has recently been placed with Mr and Mrs Harvey, long term foster parents, having previously been fostered in Paisley. He attends Hunterhill Tutorial Centre on a day basis having experienced considerable difficulty in various primary schools. Arrangements have been made between the Education Officer, Mr Morton, and the Social Work Department for David to continue to attend Hunterhill Tutorial Centre in the short term, while an appropriate placement can be found in Glasgow. His continuing need for a specialist placement may be determined by the stability and quality of the foster home.

I would appreciate it if you would consider David's educational needs and advise us of the availability of a school place. I enclose copies of recent reports for your information, and will forward the remainder of the case file when arrangements have been made for transfer. The case social worker is Mr McIlear (Renfrew Social Work Office, Tel. No 886 5784) who liaises closely with the foster parents and Child Guidance. Should you require further information please contact me.

Dear Mr David McAleer

RE: SPECIAL FAMILIES PROJECT / REFERRAL OF: ROISIN + DAVID MCGEOWN

Following your recent enquiry, I now enclose a referral form for you to complete and return to us. It should be accompanied by the BAAF Form 'E',* and it helps if both are typed rather than handwritten. We would also appreciate a recent photograph. *if Form E available

On receipt of the completed forms, we will arrange a referral meeting, to which you and your Senior will be invited. This will be to determine whether ~~the children are~~ *the children are* is a suitable candidates for the Project. Our three project workers will be present at this, and if we accept the referral, we will hopefully offer you a selection of two (or possibly three) families to consider.

We will next arrange a slot for *Rosin + David*..... at one of our Advisory Group Meetings. These have the sole function of considering the best possible matching, and are similar to a Homefinding Panel. They have no executive function, however, and any decision made is only advisory, both to Barnardo's and to yourself. The Advisory Group consists of experienced child care or related workers from both inside and outwith Barnardo's. We hope you will invite the appropriate residential or other carers to attend.

The selected special family will receive all the relevant papers on *Rosin + David*....., and assuming their agreement, it will then become the responsibility of yourself, the special family and the Barnardo's project worker who knows them to organise the introductions and eventual placement. It may help you to know that the introductory period usually lasts two to three weeks.

Payments of both professional fee and boarding-out allowance to the chosen special family are handled by Barnardo's. At the point of placement, a contract meeting will be arranged, to include you, the special family and the relevant project worker. Contracts are usually drawn up for an initial period of one year (sometimes six months), although extensions can be made after this if necessary. They specify plans, time limits and individual responsibilities./

Subject DIVISIONAL REGISTER OF CHILDREN REQUIRING PERMANENT
FAMILY PLACEMENT

REFERRAL OF: 1 DAVID McGOWN
2 ROISIN McGOWN
3

I have made out an index card on the above child/children but would like to emphasise that no further steps will be taken until we have had an "Information and Planning" meeting.

The tasks at the Information Meeting are as follows:

- 1 To make out a flow chart of every move, change of caretaker, and traumatic incident in the child's life. This enables substitute parents to understand and be more tolerant of inappropriate regressive behaviour.
- 2 To get as true a picture as possible of the child's present adjustment, or lack of adjustment, to his present life, including his present place of living, his school, and his peer group; the behaviour which might make him hard to live with, but also not forgetting the comparatively nice bits about him.
- 3 To evaluate the child's understanding of why he needs a new family and what he hopes to gain from it.
- 4 To establish where the natural family fit into the plans.
- 5 To identify tasks which are necessary before the referral is complete eg. Form E, medical examination report, psychological report etc and who should be responsible for progressing these.

The people who should be present at the Information Meeting therefore are as follows:

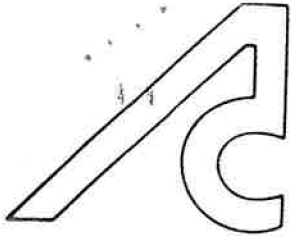

- ✓ *Present Social Worker
- ✓ Senior Social Worker
- H.F. ✓ *Social Worker who received the child into care
- ✗ Past Social Workers who have been involved with the family
- ✗ Health Visitor who knows the family well
- ✗ Previous Caretakers either related or foster parents
- KIRKWOODS ✓ *Present Caretakers
- L.T. ✓ Medical personnel who have been involved eg GP or Medical Adviser, Psychologist

N.B It is essential that the natural parents file, and the child's file, are available for consultation at the meeting, and that you have obtained a copy of the child's full birth certificate from the registrars office if not already available on the file.

This

This meeting requires that a whole morning or afternoon be set aside as it takes some time to draw out the necessary information. Those people marked with an asterisk are essential to every meeting, but for your child, it could be equally important to have some or all of the personnel listed above. When contacting them please make sure that they understand the purpose of their contribution.

The information meeting has been arranged on : WED 13TH MARCH
at : 9.30 am
in : Committee Room 3.

Mr. C.T.J. Warbrick,

Johnstone.

Dear Mr. Warbrick,

David McGeown, d.o.b. 8.12.75,
c/o Elliott, 7 Fulmar Place, Johnstone.

David and his foster mother were brought to see me this morning by Mrs. Fitzpatrick. As on the previous occasion when his mother accompanied him, he was clean, neatly dressed, and suitably clad for the weather. He now seems happier than on that occasion, but unfortunately is also more self assured and blasé about the thefts, the last bicycle theft having taken place only about a week ago. Again the theft of money from school has been reported, and at home he takes any money of Rosheen's he can get his hands on. No doubt this is to fund his excursions when a bicycle is unavailable. It is unclear how he spends this time, some of it school time, but he says he has been to see his father, as well as his mother, on occasions. Only once has he returned in a slightly confused state, but solvent abuse was not admitted to on this occasion.

There has been a recent onset of day time enuresis, but he is free of this at night. Urine is clear of sugar and protein, and he is symptom free. Physically otherwise there was, as before, nil of note. His height at 4'5 $\frac{3}{4}$ ", and his weight at 4st. 10 $\frac{1}{2}$ lbs. each representing just below the 75th centile, this shows his height remaining on the same centile since last measurement, his weight however has increased from the 50th centile, confirming Mrs. Elliott's statement, that he has a good appetite. I believe he has seen Dr. Nelson on the 16th January and was referred for an E.E.G. at R.H.S.C. the other day.

Although he is controllable within the house, and the Elliotts' seem to have curbed the venting of his bad temper, as expressed by frenzied head banging, and jumping up and down, chastisement for events outwith the house (bullying local children to the vexation and aggrievement of the neighbours), has had no noticeable corrective benefit. However, he is less often left to his own devices as formerly, for the full family compliment of 5, is often out shopping at weekends, and the extent of these excursions are expected to widen with the arrival of the better weather. He is encouraged to attend 2 organised clubs, one of which his foster father also attends.

If the Elliotts' are willing to persevere with David, then my opinion, as expressed in the July '84 S.E.M.2 form remains unaltered, namely, attendance at Hunterhill, provided it has the back-up support of experienced and caring foster parents. In this way, as well as his behaviour being tackled, the special school bus from door to door should eliminate truancy. If however his brawling and bullying alienates the Elliotts' from neighbours to the extent that yet other accommodation has to be sought, then the reality of residential schooling, and separation from Rosheen, is brought that bit nearer.

Yours sincerely,

W. Haran

David McGEOWN

FAMILY BACKGROUND:

David has continued to reside at Balrossie School since the last Review. He has recently moved to a new unit within the school and appears to have responded well to this move. He is now in a unit with older boys which he states he prefers. He also appears to have a good relationship with his key worker.

PERSONAL HISTORY:

At the beginning of 1989 David had begun to enjoy regular contact with his father. This had involved weekends with his father, progressing to mid week leave. Over the summer of 1989 David had spent the entire break with his father. It was at the latter part of this time at his dad's that the problems began to appear. In October 1989 David and his father's relationship suffered a complete breakdown. This was due to Mr McGeown accusing David of stealing from the home. David denied this, which resulted in Mr McGeown terminating all contact with David.

During the time David spent with his father he had occasional contact with his mother, which appears to have been initiated by David. In December of 1989 David once again re-established regular contact with his mother. Since then, this contact has been maintained. Agreed access had been arranged for every Saturday from 11.00 am to 6.00 pm. The Social Worker had spoken with Mrs Buchanan (David's mother) to clarify her commitment to David, his sister and the access arrangements. Access is presently continuing. However, it appears too early to gauge the results and to comment on the commitment of all parties.

As previously stated David attends and resides at Balrossie School. Previous attempts had been made to try and ensure David's educational progress into mainstream education. However, these attempts proved unsuccessful. David appears to do well within the school, although he does not allow his full educational potential to develop.

ATTITUDES TO GROUNDS OF REFERRAL:

David has been charged on two counts - the first being Assault, the second Breach of the Peace.

With regards to the incident on 11 May 1989, David informed the writer that the incident began around 8.00 pm. David had been in the Moorpark area of Renfrew when a fight broke out between himself and another boy. During the fight the boy's father appeared and proceeded to join in the fight. David stated that at this point he made an attempt to leave the situation. However, Mr Demaine continued hitting David. At this point David states he retaliated by hitting Mr Demaine once, and then leaving. David began walking towards the town and states that the man followed him shouting abuse. As David continued walking he met his father who broke up the fight and told David to go into town after giving him some money. David states it was while he was walking into town that the Police picked him up. David is denying the charge of assault due to it being self-defence.

With regards to the second incident on 10 November 1989, David states the incident occurred around 9.00 pm. Himself and four friends were walking another friend to Paisley where they lived. While they were walking, a car passed and attempted to hit them. David states one of his friends was hit by the car/

car and his leg was injured. They then continued their walk to Paisley and on returning around 10.30 pm, one of David's friends recognised a boy who was standing at a bus stop as having been an occupant of the car in question. They proceeded to cross the road and challenge the boys at the bus stop. During their argument a fight broke out. David states it only lasted a few minutes and he didn't wish to be involved. They left the scene and David went home. At 11.00 pm the Police arrived at the house to charge David.

ASSESSMENT & RECOMMENDATION:

David has remained out of trouble for quite a long period of time. He is now apparently doing well at Balrossie and is maturing. These incidents would appear out of character for David and at the same time to have been isolated events. However, due to David denying the first charge, the writer is unable to make a recommendation.

However, the second incident would appear to have been isolated and David states that himself and his friends were so angry at the boy's stupidity in the car that they just reacted. David realises this is unacceptable behaviour and appears to regret the entire incident.

Due to the above, and reflecting on how David has progressed over the past year, the Hearing may wish to consider no further action on the two charges.

With regards to David's long term future, I would ask that due to there being no other alternative available to him at the moment and that he appears to be doing well at Balrossie, I would therefore ask that the 44 1 (b) Order naming Balrossie be continued.

REPORT FOR CHILD CARE REVIEW:

Subject:	David McGeown.
Date of Birth:	8. 12. 75.
Home address:	c/o Balrossie School, Kilmacolm.
School Keyworker:	David Hebenton, Cumbrae Unit, Balrossie School.
Field Social Worker:	Margaret Fitzpatrick, Renfrew Social Work Dept.
Date of admission:	24. 6. 86.
Date of Review:	6. 9. 89.

Current Care Plan:

1. David to remain in Balrossie School.
2. The place at the Social Education Unit in Paisley will be relinquished, although there would be a place for David at some future date as and when his home leave pattern becomes established.
3. David's access to his father is to continue as arranged. Any increase in leave may be made at a monitoring meeting.

Progress with Care Plan:

1. David has continued to attend Balrossie full time. No further contact has been made with the Social Education Unit.
2. The place at the Social Education Unit has been relinquished and it has not been considered as an appropriate resource for David at this time.
3. David has been spending his week-end leave with his father, returning to School on Monday morning. In general, these periods of leave have proceeded very well, with both David and his father taking a responsible attitude towards them. There have been a few minor incidents but they have been dealt with by Balrossie staff and by Mr. McGeown at the time they happened. A good pattern of leave has been established and there is reasonable contact between ourselves and David's father.
During the Easter holiday period, David spent a full fortnight at home with no problems. After this period, given that an acceptable pattern of leave had been established, it was decided to increase David's leave /

REPORT FOR CHILD CARE REVIEW - DAVID McGEOWN.

leave to include two overnight stays, on Monday and Wednesday nights. This was to allow him to attend a local boxing club. However, this pattern of leave was only in operation for one week before Mr. McGeown stopped it, due to David returning home drunk one evening. At the time of writing David does not have any mid-week leave.

Prior to the start of the summer break, a monitoring meeting was held at David's father's house in order to make arrangements for David's holiday leave. It was considered appropriate for him to have the full seven weeks at home and Mr. McGeown was in agreement with this. However, he did say that for one week towards the end of July he would be going on holiday and would prefer to have David spend that time in Balrossie. As it turned out David spent two weeks in School over the summer period due to other commitments that his father had. However, during the time that he did spend at home, he did very well and there has been no report of any problems. Since the summer break, David has continued to spend week-ends with his father.

AREAS FOR DISCUSSION:

1. Any alterations or additions to David's leave, given the now settled home situation.
2. David's future placement, both within Balrossie and any long-term possibilities. David has settled well in Cumrae unit, but the general age level within the unit is low and David is perhaps ready for consideration to be moved to a more senior unit.

Social Worker's Review Form Initial Review/Subsequent Review

Name of Child: DAVID McGEOWN

Date of Birth: 08.12.75

Name of Home: BALROSSIE

Date of admission: 24.06.86

Summary of decisions from last review (if appropriate):

1. David to continue to reside at Balrossie School.
2. David's place at the Soc. Ed. Unit to be relinquished.
3. David to continue to have weekend access to his father.
4. A. Austin and M Fitzpatrick to set a date for monitoring meeting between now and next Review - the meeting to consider the appropriateness of increasing David's access to father.
5. M Fitzpatrick to discuss with Mr McGeown the possibility of David having access to sister, Roisin, at Mr McGeown's house.

1. Legal Position/Section under which child is in care: 44(1)(b) Section 10

Any action indicated:

2. Current address/es of:

(a) Parents: Mr T McGeown, 17 Moorpark Square, Renfrew
Mrs L Buchanan, 15 Spiersfield Court, Paisley

(b) Siblings not in care:

(c) Siblings in care: Roisin, c/o Cunningham, 13 Convair Way, Renfrew

3. Present situation with family since reception into care/last review:

There has been very little (if any) contact with mum, although they did meet recently at a family funeral. The access with dad has continued and on the whole been quite successful. However, the increased access mid-week did not work out too well and David again goes home only at weekends. There is no difficulty as far as Mr McGeown is concerned regarding Roisin visiting David at his house.

Form D continued (2 of 3)

4. Date/s and nature of Social Worker's contact with child since ~~reception into care~~/last review:

Approx. visit once per month - although David has come into the office a few times and also there was a monitoring meeting at Dad's house. The Children's Hearing was on 30th May, 1989, at which the order was continued, naming Balrossie.

5. Date/s and nature of Social Worker's contact with family since ~~reception into care~~/last review:

Two visits to father's home - one for the monitoring meeting. These visits were to discuss access arrangements and how things were going during visits.

6. Areas of Concern:

(a) Family Things appear to be going well with David and Mr McGeown, but perhaps any increase in home leave will have to be more gradual.

(b) Particular reference to child in care (including progress since ~~reception into care~~/last review.)

David has appeared a lot happier and settled over the last few months and is obviously pleased to have a home base with his father. However, the years he has spent away from his parents make it difficult for him to again become a member of the family unit. He and his dad are working hard at getting to know each other again and Janice (Mr McGeown's co-habitee) and David have an excellent relationship.

7. Other agencies involved:

Balrossie

8. Needs of the child (estimated length of placement, type of placement, involvement of other agencies, estimated nature of parental contact etc.):

Given that David has re-established his contact with his father and things are apparently going quite well, the hope is that he does go and live with dad permanently in the future. However, this will be a long-term rather than short-term goal, and therefore David should remain in Balrossie in the meantime. Also the educational plans for David's future should be looked at again in consultation with Child Guidance, etc.

Form D continued (3 of 3)

D

9. Plans for child in view of above comment (including short, medium and long objectives):

David to remain in Balrossie meantime.

9(a) Is an application for Assumption of Parental Rights appropriate? ~~Yes~~/No

Minutes of Child Care Review held in Balrossie School on 6 September 1989

Subject: David McGeown

Sederunt: David McGeown, Subject of Review

Anne Austin, Senior RCCO, Cumbræ Unit, Balrossie School
David Hebenton, (David's Keyworker), Cumbræ Unit, Balrossie School
Liz Wisniewski, Senior Social Worker, Renfrew Social Work Dept (Chair)
Margaret Fitzpatrick, Social Worker, Renfrew Social Work Dept
Lynn Townsend, Psychological Services

The various educational and social work reports were circulated prior to the start of the meeting.

Margaret Fitzpatrick opened by stating that since David's home leave with his father now appeared to be a long-term situation, enquiries would be made about the availability of money to decorate David's bedroom.

She also mentioned that Mr McGeown finds review situations threatening and prefers to be appraised of any decisions at a monitoring meeting, generally held in his own home.

Mrs Fitzpatrick spoke positively about David at home, saying that both he and his father are much more relaxed and happier with the situation as it is now, than a year ago. She said that it may be appropriate to begin a programme of mid-week leave for David and the details of this would be worked out with David's father at a monitoring meeting, which would also serve to inform him of any decision made at the review.

According to Mrs Fitzpatrick, Mr McGeown has no reservations about David spending time at home and he says that it is up to David how often he comes home.

David Hebenton then spoke to his report, highlighting the improvement that David had made in all areas and also the need to increase the time that he spends at home. It was suggested that some sort of structured activity is found in order to occupy David's time at home.

David's education report was highly favourable and it was mentioned that David has been asking for a chance to return to mainstream school. Any move in this direction would, of course, be dependant on how things were progressing at home.

Concern was expressed over making any move too early, particularly while David was still in the process of rebuilding his relationship with his father. There was no doubt that David could cope educationally, but if a change were to be made, it would have to be done gradually.

Finally, David's immediate future at Balrossie was talked about. He, himself, would like to transfer to Lomond Unit as soon as he can, not through any negative feelings about his present unit, but more to be with a group of boys more his own age. This matter will be discussed between David and the unit staff in the near future.

Decisions of Review

- 1 David to remain at Balrossie meantime.
- 2 David's access to his father is to be increased by one day.
- 3 Access can be increased at a monitoring meeting.
- 4 David will be considered for a place in one of the groups run by the area Social Work team.
- 5 An application will be made for money to decorate David's room at home.
- 6 The next review will be held on Wednesday, 13 December at 3.00 pm in Balrossie School.

Care Plan

- 1 David to remain at Balrossie meantime.
- 2 David's access to his father to be increased gradually; the long-term plan is to have him at home most of the time.
- 3 Mainstream education is still a possible option for David. However, any move towards this would have to be made gradually, given that it has been tried once before with highly unsatisfactory results.
- 4 David's time at home is to be monitored by the Social Work Department and they will try to involve him in some sort of organised activity for part of that time.
- 5 The possibility of David moving to Lomond Unit is to be discussed between David and David Hebenton, Keyworker.

5(a) Offending analysis – current

Analysis/Context of current offence

The following is based on discussion of the episode with the subject, and reference to the details of the complaint. It is offered to enable the Court to assess the attitude of the subject to the current matters, by way of comparison with the established facts of the case. The Court will appreciate I have no independent information regarding the case.

Mr McGeown is an individual with a long and entrenched pattern of offending behaviour, most of which involves dishonesty with occasional instances of levels of violence.

He states that the current matter occurred around 23:00 on the day in question. He states he had spent much of the afternoon/evening at the home of an associate in Renfrew. He recalled that the weather that day had been fine and that he had taken the opportunity to walk his dogs from his home in the Cardonald area of Glasgow, to Renfrew. He states that, while walking the dogs, he normally brings a golf club to hit golf balls for the dogs to chase. He also stated that while at his associate's home he had consumed "a couple" of shots of vodka with iron brew. He states he had had nothing to eat after his breakfast.

He states he cannot recall leaving his associate's home that evening. He understands from subsequent discussion with his associate that he abruptly got up and left, albeit on good terms, but without any obvious reason, and without his jacket and keys. It would appear that he did remember to bring the golf club.

He asserted he "genuinely" does not recall what happened thereafter. He understands that the facts of the case state he had been repeatedly hitting the head of the club against the ground challenging no-one in particular to "come on then", i.e. challenging to fight. He suggests that this led police officers to apprehend him when he failed to desist upon being instructed to do so. The locus of the offence appears to have been on a feasible route home from Renfrew.

CRIMINAL JUSTICE SOCIAL WORK REPORT

Level of responsibility

Mr McGeown accepted responsibility for his behaviour insofar as he demonstrated an acceptance his behaviour had been induced by alcohol consumption, for which he was responsible.

Level of planning

The stated account by the subject would suggest his conduct was not pre-meditated.

Attitude and insight

Mr McGeown is scathing about his own conduct and used self-derogatory language in describing it and himself. He felt his behaviour was particularly unwise and commented that he feels he has undone much of the progress he feels he has achieved in what he and Mr Hamilton suggest has been an otherwise relatively stable episode in his lifestyle.

Level of recognition of impact/consequences of offence on victim/community

See above. Mr McGeown appreciated that, had his conduct been witnessed by others, the incident could have rapidly escalated and had more serious consequences. He accepted that his conduct on this occasion may have caused concern and, potentially, anxiety among those who witnessed it, while potentially provoking more belligerent reactions among others.

5(b) Offending Analysis – Previous offending

Pattern/history

Mr McGeown has a long history of offending behaviour. This dates from 1993 and predominantly involves dishonesty and housebreakings. There are also episodes of disorder, and occasional episodes of violence, sometimes at a serious level and involving use of weapons. These have predominantly been disposed of by way of short term custodial sentence.

Much of his offending has been committed to fund a long-standing pattern of drug misuse or has been committed while under the influence of substances.

He was imprisoned for 4 years on 27/3/2001 regarding an episode of Assault to Severe Injury, Permanent Disfigurement and Permanent Impairment. He states that this involved him loitering with intent in the path of a residential property. The owner set off his house alarm and challenged the subject regarding his movements. In the ensuing fracas, the householder, who suffered from diabetes, sustained a fractured hip and leg. Due to complications, the victim required to have a leg amputated. The subject discussed this in matter of fact, while remorseful terms.

It is notable that the subject's frequency of offending behaviour has considerably reduced over recent years, maintaining comparatively lengthy periods of stable behaviour between 2007-2010 and 2011-2015. He states this contributed to him finally taking the step to remove himself from the Renfrew area, an environment in which he believes he is liable to resort to offending behaviour.

CRIMINAL JUSTICE SOCIAL WORK REPORT

6. Personal and Social Circumstances Relevant to Offending Behaviour and Sentencing

Accommodation/Family Background

Mr McGeown currently resides alone in a privately-rented tenement flat in the Cardonald area of Glasgow. He has been tenant there since February 2015, with the lease renewable on a six-monthly basis. He seems to enjoy this and displayed no pressing desire to return to the Renfrew area.

Although now resident in Glasgow, he remains under the supervision of Renfrewshire Drug Services on the basis that there has been extensive Departmental involvement with his former family unit. His youngest child, now approaching her fourth birthday, is currently resident with prospective adoptive parents.

Mr McGeown spent his formative years in the Renfrew area. He states that these years were marked by persistent domestic violence within the family home. Alcohol misuse on the part of both parents was a significant factor. His parents separated when he was aged 7-8 years. He believes this finally occurred due to the persistent infidelity of his mother, of whom he was particularly dismissive. He subsequently in adulthood developed a more constructive and productive relationship with his father, who went on to establish another significant relationship. Unfortunately his father died in December 2015.

Further to his parents' separation, Mr McGeown spent the remainder of his childhood and adolescence in the care of the local authority, in his words, "being passed from pillar to post" between a variety of foster placements and children's homes. He returned to Renfrew as a young adult to live with an aunt. He recalled this period as a time when he found it difficult to trust other people. He described himself as "a hard nut to crack" for social work staff involved with him, regarding whom he was reasonably positive.

By the age of 18 years he had developed a pattern of misuse of prescribable medication, which led to the onset of his initial offending behaviour. He escalated to heroin use when aged 21 and during a prison sentence. He referred to having a series of significant relationships which have produced children.

He has a daughter aged 22 years, with whom he states he has recently resumed having a relationship for the first time in 20 years. He reports that this has contributed to him resuming the relationship with the young woman's mother Ms Fullerton. He has a further three children aged 15, 10 and 8 years with whom he has no contact, nor with the two former partners involved.

He states that his youngest child came from a relationship with a Ms Kerr. He described this as "a one night stand that lasted four years too long". He suggested that this was a volatile relationship due to the ongoing drug misuse of both parties. His comments suggest this was a relationship which was not conducive to the positive development of a child. This Department became involved early in the child's life and, as indicated above, the child has now been placed in a potential adoptive placement.

Mr McGeown discussed this during interview in relatively constructive terms, while retaining a degree of motivation to continue to contest this as far as possible. However

CRIMINAL JUSTICE SOCIAL WORK REPORT

he disclosed during interview that his attendance had led to him failing to attend a monthly access/contact with the child. Discussion with Mr Davidson indicated that Mr McGeown has missed a number of prospective contacts with the child and, while he attended a meeting regarding the child held around 29/9/2016, his conduct was inappropriate in that he was verbally aggressive and challenging within the meeting.

Education/Employment

Mr McGeown states his education career had been "horrendous". He clearly struggled within the education setting with reference to the issues detailed earlier in respect of his background. Despite this he states he obtained SCE Standard Grades while at Balrossie residential school, Kilmacolm.

While he states he has had employment of sorts as a painter and decorator, the emergence of long-term drug addiction and resultant onset of offending behaviour, and consequent imposition of custodial sentences, adversely affected this.

Mr McGeown stated that, further to a succession of severe headaches in 2007-8, he underwent surgery to have a cyst the size of a golf ball removed from his brain. As a consequence of this surgery, he states he has suffered impaired memory function and states he cannot walk in a straight line. He is unfit for work.

Financial Circumstances

Mr McGeown is currently reliant on Employment Support Allowance of £180 per fortnight, and is also in receipt of Disability Living Allowance.

Health/Substance Use

Mr McGeown is unfit for work through a combination of long-term drug dependence and the effect of surgery to remove a cyst from his brain.

He indicated a prolonged history of drug misuse dating back to his teenage years. He states he became embroiled in misuse of Temazepam from the age of 18 years. He resorted to heroin use while in custody around the age of 21 years.

He appears to have successfully completed a Drug Treatment and Testing Order (DTTO) imposed at this Court on 8/11/2010 for 3 years. He described this as "hard work".

Mr Hamilton advises that the subject has continued to attend Renfrewshire Drug Service (RDS) and is currently maintained on a harm reduction programme involving daily prescription of methadone at the rate of 60 ml. The subject states that he has generally been able to sustain himself on this with the exception of a brief relapse into drug misuse following a series of family bereavements between November 2015-January 2016.

CRIMINAL JUSTICE SOCIAL WORK REPORT

7. Risk Assessment

Risk factors - See Section 4b)

Protective factors - None

Analysis from risk assessment

Pattern/Nature/Seriousness - See Section 5b)

Likelihood - Mr McGeown has maintained periods of stable behaviour within the community over recent years. He has completed a DTTO in 2013, and stated during interview that he believed his lifestyle was, at present, comparatively settled and stable. However comments from Mr Davidson suggest that the subject may be struggling to cope with the developing situation regarding the plans in respect of his child having been placed with potential adoptive parents.

This is felt to be the most likely factor which could provoke instability in the subject's ongoing lifestyle, in terms of potential relapse into further substance misuse and resultant increased risk of further offending behaviour.

Serious Harm/Imminence

The subject has convictions for episodes of violence in his offending profile, the most serious of which (apparently through medical complications) caused serious and enduring harm. The risk of further such episodes, should he relapse into chaotic drug misuse, could not be discounted. However, should the subject maintain his current positive levels of engagement with RDS, the risk of this should continue to be comparatively low.

Suitability for community disposal/public protection issues

There are no obvious reasons within the subject's current profile which would suggest there would be any risk presented to the wider community were he to be required to comply with a community-based disposal.

8. Review of Relevant Sentencing Options

It is noted that the current matter was committed on 26/2/2016 and is therefore liable for disposal by way of a Community Payback Order (CPO).

With this in mind, I would offer the Court the following comments in respect of the relevant requirements of such an order:

Supervision Requirement - The Court may feel it prudent to consider the imposition of such from the perspective of it being an appropriate means of holding the subject to account with regard to further offending behaviour.

CRIMINAL JUSTICE SOCIAL WORK REPORT

Any supervision imposed would focus upon the prevailing risk of further offending by way of work on problem solving and consequential thinking. It is also noted that the subject's comments as expressed during interview regarding his daughter being freed for adoption are somewhat at odds with his comments within working relationships with those involved in that process. It is felt that this issue, which appears to be approaching its conclusion, constitutes the most likely means of the subject's lifestyle deteriorating in the form of relapse into substance misuse, and represents the most obvious focus of any supervision requirement the Court may choose to impose.

It is noted that most of the subject's previous offences have, given their comparative severity and/or his lengthy record, been dealt with by way of custodial sentence. He has been able to comply with the demands of a Drug Treatment and Testing Order between 2010-2013, and is currently complying acceptably with advice and direction from Renfrewshire Drug Service.

Unpaid Work Requirement - I have discussed the current situation with Mr McGeown and Ms O'Hara. The terms and conditions of such a requirement have been fully explained to the subject. Mr O'Hara advises that, should the Court require, a place can be made available for Mr McGeown to do so. However, the factors detailed throughout, in terms of physical health issues, and his long-term history of drug-related debility raise considerable questions regarding the subject's capacity to undertake unpaid work.

Financial Penalty - Mr McGeown is in receipt of DWP Benefits and, despite concerns from the perspective of self-management, would appear to have the means to pay a financial penalty in respect of the current matter.

9. Conclusion

Mr McGeown is an individual with a long history of offending behaviour which appears to have emerged from the onset of a pattern of chaotic drug use. This appears to have continued relatively unabated until he underwent brain surgery for the removal of a cyst around 2007-8. This has had the impact of adversely affecting his lifestyle on the basis of impaired brain function in terms of memory and balance, which appears to have also undermined any capacity he had for returning to employment.

Mr McGeown appears to have been able to implement some change into his lifestyle in that the frequency of his offending reduced considerably from 2007 onwards, and has avoided offending with the exception of a number of episodes around 2010. He appears to have also complied with the demands of a Drug Treatment and Testing Order around that time, and has maintained appropriate compliance with the terms and conditions of a harm reduction programme under the supervision of Renfrewshire Drug Services.

The current matter appears inexplicable in the context of the above pattern of comparatively stable behaviour. The subject affects minimal recall of the circumstances but was scathing about his own conduct on the basis he believes it has undermined the progress he felt he had been making, and reflected that the circumstances could have had more serious consequences.

The most obvious issue affecting the subject at this time appears to be his capacity to

CRIMINAL JUSTICE SOCIAL WORK REPORT

Renfrewshire
Council

manage himself appropriately in respect of the situation pertaining to the proposed adoption of his youngest daughter. His level of engagement with staff involved in this process suggests that he is less philosophical about this than he suggested to me during interview. His previous profile would therefore suggest he presents a considerable risk of potentially relapsing into long-established patterns of behaviour regarding substance use and, potentially as a result, further offending behaviour.

I would respectfully refer the Court to the conclusion of Section 8 above regarding the suitability of community-based alternatives to custody.

SOCIAL ENQUIRY REPORT

Basis of Report

The following report is based on information available at this time. It incorporates structured professional assessment taking into account appropriate risk assessment methods in which I am trained and competent to use.

Mr McGeown was interviewed at his home address in Renfrew and reference made to previous records and reports.

Ms Irene Goodwin Supervisor with Renfrewshire Community Service Unit commented on Mr McGeown's suitability to undertake unpaid work.

Accommodation

Mr McGeown is the tenant of a tenement flat in the centre of Renfrew which is well furnished and maintained .He gained this tenancy in 2009 having previously been residing with family and an ex partner with whom he has 2 children.

Family Background / Personal History

Mr McGeown originates from Renfrew being the elder of 2 children born to his parents. His parents separated when he was around 7 years old and his mother remarried with there being a poor relationship between Mr McGeown and his step father.

He was placed in foster care for a period and spent much of his childhood in children's homes and residential school until 16 years of age.

He has had a fluctuating relationship with extended family over the years remaining in contact with his sister and a range of wider family. At times these have been positive supports but there remain problems in the interfamily relationships .

Mr McGeown had previously lived with a partner in Renfrew and subsequently had a relationship with Leanne Reilly from 2004 until they separated in 2007.

He acknowledges that this relationship will not be reconciled but has some hopes that he may be able to establish access with his children who he has not seen for some considerable time.

Education / Employment

Mr McGeown has had no settled pattern of employment over the years. Whilst living in London for a period in his late teenage years he had employment as a building labourer and he had later periods of short term work in warehousing and assembly line work.

He later spent a period of time in Cornwall where he attempted to find work in the hotel and catering field.

SOCIAL ENQUIRY REPORT

He states that his offending history and custodial sentences has impacted on his employment opportunities over the years.

His current health difficulties will have a bearing on his longer term ability to return to the job market

Health

Mr McGeown advises that in 2008 he underwent an operation to treat a cyst on his brain which was diagnosed following his experiencing severe headaches and 'blackouts'.

This treatment was partially successful but he continues to complain of regular headaches and advises that occasional 'blackouts' continue. Additionally he states that his memory is now impaired possibly as a consequence of this problem. He states that his GP has referred him to a neuropsychologist with a view to addressing some of the residual difficulties following this treatment.

Mr McGeown advises that he has no specific mental health diagnosis but that he experiences a range of symptoms such as 'panic attacks' and anxiety when leaving his home. He advises that he often feels unable to leave his home alone and will have someone to accompany him to his chemist.

He recognizes that some of these difficulties may well be related to his extensive history of illicit drug use.

Alcohol / Drugs

Mr McGeown claims that whilst he drank alcohol as a teenager his negative experience with his parents alcohol misuse contributed to his having ceased the use of alcohol for a number of years and that he is now teetotal.

He has however a lengthy history of abusing illicit drugs and he admits that this has continued since his release from a custodial sentence in August 2006. He acknowledges that his heroin use had impacted on his relationship with his former partner.

He has had previous contact with the Turning Point ,Cactus drugs project and but currently only has contact with his GP who prescribes 100 mls of Methadone on a daily basis with this having reduced slightly over the recent past.

Mr McGeown states that any previous use of heroin and valium, both of which he has been convicted of possessing, is related to his experiencing severe headaches and seeking relief by the use of illicit drugs.

He claims that he is not currently using any illicit drugs.

SOCIAL ENQUIRY REPORT

Offending Behaviour / Risk Assessment

Mr McGeown has some 30 previous convictions labelled with his having been sentenced to custodial disposals on a number of occasions since 1994. Convictions have involved a range of offences including violent and aggressive behaviour, road traffic offences and crimes of dishonesty.

He was last convicted in 2007 with there being indications that his frequency of offending has decreased and he states that his health problems have contributed to this reduction along with his realizing the need to modify his behaviours

He acknowledges involvement in the possession of drugs convictions as noted claiming that his health problems had contributed to his using illicit drugs.

He accepts that items stolen were found in his flat but continues to deny that he was directly involved in theft.

The likelihood of his offending in future is clearly linked to whether he can avoid abusive drug use and stabilise his health. Control of drug use by way of substitute medication with reduction and abstinence being achieved would significantly reduce this risk.

Assessment

Mr McGeown experienced a problematic upbringing and much of his adult life has been affected by his involvement in offending with there having been periods during which he has maintained himself free of involvement. These have coincided with his achieving employment or stability in relationships neither of which is currently present and there remains a significant risk of his reoffending.

He expresses that at this stage he would hope to become more settled in his lifestyle and pursue a more conventional pattern.

Towards this he recognises that he needs to address his drug problems and avoid situations where his offending risk would be increased.

Sentencing Options

Custody

Mr McGeown has an extensive previous history of custody and although there would be no particular factors which would preclude the use of this option his health and psychological difficulties could increase his vulnerability in such a setting.

In the current circumstances the court could however appropriately consider the use of an alternative community based disposal.

SOCIAL ENQUIRY REPORT

Drug Treatment and Testing Order

The court might consider that an assessment as to Mr McGeown's suitability for the imposition of a DTTO would be appropriate.

Community Service

Mr McGeown previously was subject to a Community Service Order which he failed to complete.

At this stage he states that he would be willing to undertake unpaid work as an alternative to a custodial sentence and such an option could be considered.

In discussion with Ms Goodwin it is viewed that due to his health difficulties in particular the 'blackouts' which he describes there would be considerable reservations as to his suitability to undertake unpaid work and his previous offending history would make it difficult to identify a specific more 'sheltered' work placement.

Probation

Mr McGeown has not previously been subject to a Probation Order and there might be some merit in considering such an option at this stage.

He is aware that involvement in the Constructs groupwork programme run by the Community Alternatives Unit would be a requirement of Probation and this would include consideration of a range of criminogenic factors which could impact to reduce his reoffending risk.

Mr McGeown states that he would be willing to undertake such an order.

Financial Penalty

Mr McGeown is currently dependent on benefit for his income and receives Employment Support Allowance and Disability Living Allowance to reflect that he experiences a degree of disability as a result of his health problems.

He states that he has a disposable income as noted and would be in a position to pay such a penalty by way of instalments.

Basis of Report

SOCIAL ENQUIRY REPORT

Mr McGeown was interviewed at the Social Work office and reference made to previous records and reports.

It was not possible to contact Ms Riley his partner to confirm his statements regarding their relationships as she had been admitted to Paisley Maternity Hospital over the past few days expecting the couple's second child..

Contact was made with CACTUS a Drug Project run by Turning Point who have had recent contact with Mr McGeown.

Accommodation

Mr McGeown states that he is currently residing with his father and stepmother in Renfrew in compliance with a bail condition.

He states that his intention is to return to reside with his partner in Paisley following the outcome of his court appearance.

Ms Riley is the tenant of a council flat in Dunn Street Paisley where the couple reside normally with their 1 year old son.

Family Background / Personal History

Mr McGeown originates from Renfrew being the elder of 2 children born to his parents. His parents separated when he was around 7 years old and his mother remarried with there being a poor relationship between Mr McGeown and his step father.

He was placed in foster care for a period and spent much of his childhood in children's homes and residential school until 16 years of age.

He has had a fluctuating relationship with extended family over the years remaining in contact with his sister and a range of wider family. At times these have been positive supports but there remain problems in the interfamily relationships .

Mr McGeown has previously lived with a partner in Renfrew and his subsequent relationship with Ms Riley began some 3 years ago. He states that this has been a stabilising factor for him and that he is committed to continuing this relationship. As noted I have not had recent contact with Ms Riley but from previous contact with her she spoke positively of their long term relationship.

Education / Employment

Mr McGeown has had no settled pattern of employment over the years. Whilst living in London for a period in his late teenage years he had employment as a building labourer and he had later periods of short term work in warehousing and assembly line work.

SOCIAL ENQUIRY REPORT

- ✱ He recently spent a period of time in Cornwall where he attempted to find work in the hotel and catering field.

He states that his offending history and custodial sentences has impacted on his employment opportunities over the years.

Health

Mr McGeown advises that he maintains good physical health and that he has no problems in relation to mental health difficulties.

Alcohol / Drugs

Mr McGeown claims that whilst he drank alcohol as a teenager his negative experience with his parents alcohol misuse contributed to his having ceased the use of alcohol for a number of years and that he is now teetotal.

He has however a lengthy history of abusing illicit drugs and he admits that this has continued since his release from a custodial sentence in August 2006. He acknowledges that his heroin use has impacted on his relationship with Ms Riley who herself makes no use of illicit substances.

As a result of an 'arrest referral' he has been in contact with the Turning Point, drugs project and he states that he intends to pursue this contact with a view to undertaking a Subutex Detox programme which would be prescribed over a 16 day period under medical supervision.

Offending Behaviour

Mr McGeown has 29 previous convictions labelled with his having been sentenced to custodial disposals on a number of occasions since 1994. Convictions have involved a range of offences including violent and aggressive behaviour, road traffic offences and crimes of dishonesty with his most recent offending having been of this nature and involved shoplifting and reset.

He states that as a result of his drug use where he would be using heroin on a regular and almost daily basis he was requiring to fund this beyond his regular income and these recent offences resulted.

An assessment of his reoffending risk using the Level of Service Inventory Revised (LSIR) assessment tool places this at a high level. Control of drug use by way of substitute medication with reduction and abstinence being achieved would significantly reduce this risk.

SOCIAL ENQUIRY REPORT

Assessment

Since his release from custody in August 2006 Mr McGeown states that he has made efforts to consolidate his relationship with Ms Riley and the couple are now expecting a second child.

He expresses that at this stage he would hope to become more settled in his lifestyle and pursue a more conventional pattern with his partner. Towards this he recognises that he needs to address his drug problems and avoid situations where his offending risk would be increased.

Sentencing Options

Custody

Mr McGeown has an extensive previous history of custody and there would be no factors which would preclude the use of this option. In the current circumstances the court could consider the use of an appropriate alternative disposal.

Drug Treatment and Testing Order

The court might consider that an assessment as to Mr McGeown's suitability for the imposition of a DTTO would be appropriate.

Probation

Mr McGeown has not previously been subject to a Probation Order and there might be some merit in considering such an option at this stage.

He is aware that involvement in a Constructs groupwork programme run by the Community Alternatives Unit would be a requirement of Probation and this would include consideration of a range of criminogenic factors which impact on his high reoffending risk.

Mr McGeown states that he would be willing to undertake such an order.

Fine

Mr McGeown is currently dependent on benefit for his income claiming Job Seeker's allowance and he states that although there would be some difficulty he would be able to pay such a penalty by way of installments.

Community Service

Mr McGeown previously was subject to a Community Service Order which he failed to complete.

SOCIAL ENQUIRY REPORT

At this stage he states that he would be willing to undertake unpaid work as an alternative to a custodial sentence and such an option would be appropriate in allowing him to be able take on his responsibilities towards his partner and family and seriously address his drug use problems whilst in the community.

The use of Community Service could be viewed as providing an appropriate punitive element alongside offering him the opportunity of making a degree of reparation for his actions.

Deferred Sentence

Mr McGeown states an intention to take action to resolve the problems he has in relation to his use of heroin and has made some limited initial attempts towards this with preliminary contact with a specialist drug agency.

He advises that he is keen to support his partner and children and in the light of these factors the court might wish to consider deferring sentence for a period of time to allow Mr McGeown the opportunity of taking forward these intentions.

A Supplementary Social Enquiry Report could be made available to the court at the end of such a period of deferrment.

COMMUNITY PAYBACK ORDER

under section 227A of the Criminal Procedure (Scotland) Act 1995

Court: PAISLEY Sheriff Court
Date of Order : 6th October 2016
Offender: DAVID MCGEOWN
Address: FLAT 3/2, 196 BERRYKNOWES ROAD, CARDONALD, GLASGOW, G52 2DT
Date of Birth: 08/12/1975

Offence(s):
1 CRIMINAL LAW (CONSOLIDATION) (SCOTLAND) ACT 1995 S47(1)

THE COURT, having convicted the offender of an offence(s) in respect of which a community payback order may be imposed and considering it appropriate to impose such an order in respect of that (or those) offence(s);

AND the court having explained to the offender, in ordinary language, the purpose and effect of each of the requirements to be imposed by the order and the consequences which may follow if he fails to comply with any of those requirements and where provision is made under section 227X of the Act of 1995 for it to be reviewed, the arrangements for such a review;

AND the offender, having confirmed that he understands the requirements to be imposed by the order, being willing to comply with those requirements and where the order is made under section 227A, being willing to comply with each of the requirements to be imposed by the order;

MAKES a community payback order imposing the following requirements on the offender, namely :

Offender Supervision Requirement – Requires the offender to attend appointments with the responsible officer, or another person determined by the responsible officer, at such time and place as may be determined by the responsible officer, for a period of 12 months from the date of this requirement, for the purpose of promoting the offender's rehabilitation;

Unpaid Work or Other Activity Requirement – Requires the offender to undertake 80 hours unpaid work, or unpaid work and other activity, as determined by the responsible officer; said unpaid work or unpaid work and other activity to be completed within a period of 9 months from the date of this requirement;

FURTHER ORDERS that this Order shall be reviewed periodically at a hearing held for that purpose, the first such review to be heard on 2nd December 2016 at 10:00AM

AND requires the local authority in which the offender resides [or is to reside] for the duration of the order, namely Renfrewshire to nominate, within two days of it receiving a copy of this order, a responsible officer for the purposes of the order under section 227C of the Act of 1995;

AND requires the offender to comply with any Instructions given by the responsible officer in that capacity; and to notify the responsible officer of any change of address and the times, if any, at which the offender usually works (or carries out voluntary work) or attends school or any other educational establishment.

PROGRESS NOTES

Summary 1993.

From January - April 1993, on his return from London, David returned to live with his mother, Lynn Buchanan, at 520 Castlegait, Paisley.

He is understood to have then returned to the London area, where he lived in various 'squats', before being apprehended by the police and remanded in custody for 5 weeks (Sept '93) as a result of his involvement in numerous offences.

On his release (Oct '93), David returned to live with his mother.

In October, he was interviewed by the writer at his Paisley address for the purposes of an SER for David's appearance at Paisley Sheriff Court on 12/10/93 (see SER dated 12/10/93).

David was disposed of on that occasion by way of a 220 hour Community Service Order.

He continued to live with his mother in Paisley for the remainder of this year, very little contact with the Social Worker during this period.

1994.

A further SER request (Paisley Sheriff Court) resulted in David being interviewed for this purpose at his mother's home in March of this year. (see SER dated 10/3/94)

It is understood that David failed to appear at Court on this occasion. A warrant for apprehension was issued and David was arrested and has been in custody since 16/4/94. He did, in August '94, abscond from Castle Huntly for approx 5 weeks and on again.

Review mtg - David unhappy about lack of progress with housing. He needs to start minimum payment to allow Housing to begin looking at possibilities. They however may not consider tenancy until 3 months payments have elapsed.

Mr M'Geowan using T.P. resources on a weekly basis - has advised that he has been using train over the past 2/3 weeks - feels this is controlled? - Heightened offending risk -

See report & minute for review -
Further apt - ~~week~~ 24/4.

22/4/04

David advised of 4 TA on 24/4 - by phone that day rearranged to 26/4. Attending T.P. and note left by his wife off this. apt rearranged to today.

Says he is beginning his ~~PAROLE~~ ~~out~~ - quite broke again today as a means of dealing with stress use and stabilising this again.

Dear Sir/Madam

Re: David McGEOWN c/o 46 Buclyvie Rd Ralston Paisley
D O B 8 12 75

The above named young offender was transferred to Castle Huntly on 20 June 1994 to complete his sentence. He will be released on 5 March 1995 given that there is no loss of remission during the period.

In the event of him proving unsatisfactory for open conditions he would be returned to a secure unit but you will be informed of any changes of circumstance.

I hope this information is useful to you and that you will not hesitate to contact me should the need arise.

Yours sincerely

Referral Narrative

David McGeown telephoned to ask about the possibility of any financial assistance to furnish a new tenancy at 49 Caledonia Street Paisley which he has been granted by Williamsburgh Housing Association. He is a former child in care of the Authority but is now 22 years of age and would not be eligible for assistance in the form of a grant. He was not looked after on his 16 th birthday. Explained this and advised that he could apply for a Community Care Grant . Also offered to make a referral to Bits and Pieces but he seemed to think that this had already been done. Appointment made for Friday 12/6/98 at 1.30.p.m.

Dear Mr McGown

SOCIAL ENQUIRY REPORT - APPOINTMENT

I have been asked by Parish Sheriff Court to prepare a Social Enquiry Report on you for your appearance on 9th June 2000

I will therefore call at your home on Wednesday 7th June at 1.00pm to discuss the report with you.

Given the amount of time available to prepare the report, it is very important you keep this appointment, as I may have to speak with other people about your report after I have interviewed you.

I have enclosed a leaflet - "Your Court Report" which explains what a Social Enquiry Report is and why it is requested by the Sheriff.

Yours sincerely,

SOCIAL WORKER

Dear Sir/Madam

Re: David McGeown, 30 Elizabethan Way, D.O.B. 08.12.75

I am unable to submit a Social Enquiry Report on Mr McGeown due to his failure to attend scheduled interviews until Tuesday, 6th June. Unfortunately this left insufficient time to complete the report. I would request the Court consider a deferred sentence to allow time for the report to be compiled and for an assessment to be carried out by the Community Alternatives Unit.

Yours sincerely

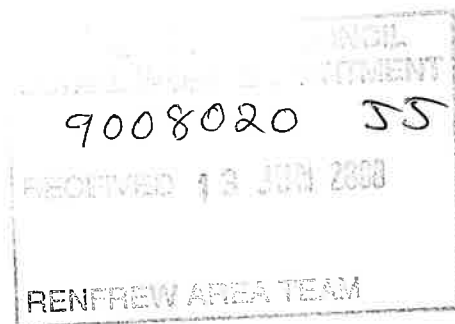

B. McGee P.P.

Dear Sir/Madam

PAROLE BOARD: ORAL HEARINGS FOR RECALLED DETERMINATE SENTENCE OFFENDERS

Purpose

1. This circular advises on a development that affects offenders sentenced to a (determinate) period of imprisonment of 4 years or more who have had their licence revoked and have been returned to custody under the terms of section 17 of the Prisoners and Criminal Proceedings (Scotland) Act 1993.

2. The Parole Board for Scotland has introduced arrangements for conducting oral hearings in certain circumstances before considering suitability for re-release of recalled determinate sentence offenders.

Background

3. In the recent cases of *R v Parole Board ex parte Smith and West*, the House of Lords held that the common law requirement of fairness required that, in effect, recalled determinate sentence offenders should, in certain circumstances, be offered an oral hearing before the Parole Board decides the case for re-release. The House of Lords' ruling extends only to the procedures adopted by the Parole Board for England and Wales. However, it has been agreed that it would be advisable to adopt a similar practice in Scotland.

The Hearings Process

4. The objective is that, if appropriate, the offender is now afforded the opportunity to give his or her account of events that lead to the breach of licence. As specified in the *Smith*

RENEW SOCIAL
WORK DEPT

RECEIVED

and West judgement, this should only take place where 'there are issues of facts, or where explanations are put forward to justify actions said to be a breach of licence conditions, or where the officer's assessment needs further probing...'.

5. It is difficult to give precise figures on how many recalls will result in oral hearings taking place. There are around 250 recalls per year and a best estimate of how many might result in oral hearings has been put at around 100 cases. Of those, a percentage will result in the request for witnesses to attend. Witnesses will receive requests to attend in writing. This letter should also set out what might be expected in terms of involvement.

6. Oral hearings will be conducted in the establishment where the prisoner is being detained and will be similar in structure to Tribunals.

7. To fulfil the objective, the Parole Board has introduced the following procedure:

On return to custody, following a decision to recall, the offender is given (as before) information from the Scottish Executive Justice Department advising him of his rights and entitlements. This now includes an explanation that he will be considered for and, if the Board considers it appropriate, offered an oral hearing. The case will be considered by a re-release panel chaired by a member of the Board who is qualified to chair a Tribunal. That panel will decide whether or not the offender should be re-released immediately or whether it is necessary to hold an oral hearing to determine suitability for re-release. If an oral hearing takes place it will be carried out by a panel of 3 Board members (chaired by one who is qualified to chair a Tribunal). The Board will operate these procedures within the powers of the Parole Board (Scotland) Rules 2001.

Parole Board (Scotland) Rules 2001

8. The purpose of the hearing is to resolve any disputed facts as to the reasons for the decision to recall the offender. It is considered that the new process can be conducted under Part III of the Parole Board (Scotland) Rules 2001 (Provisions Applying to Non-Tribunal Cases) which gives the Board discretion to regulate its procedures in relation to Part III cases. However, Scottish Ministers have agreed to an amendment to the Rules to clarify the new process. These changes will not include a power to enable the Board to require the attendance of witnesses at these hearings. It will therefore be a matter for those involved to decide, on the merits of individual cases, whether they consider it appropriate to attend a hearing at the request of the Board. In deciding whether to attend the oral hearing, witnesses may wish to consider if their attendance would bring added value to the hearing process. If not, then they should notify the Board of this in writing and may also wish to consider whether the provision of further written information is necessary or would be useful to the Board. All will of course wish to continue to extend appropriate assistance to the Board whenever possible.

Dear Mr Bryce

REVOCATION OF RELEASE LICENCE David McGeown (DOB: 08/12/1975)

Thank you for your report dated 3 November 2005 regarding the above named. The Parole Board has recommended that the licence be revoked and a copy of the statement of facts is enclosed. The Scottish Ministers are obliged to follow this recommendation.

Scottish Ministers will refer Mr McGeown's case to the Parole Board two weeks after him being handed his letter, so that it can consider whether or not to direct his immediate re-release. On referral of his case to the Parole Board the terms of the Parole Board (Scotland) Rules 2001 would come into play and he would have the opportunity to make representations to the Board and will be considered for and, if the Board considers it fair and appropriate, offered an oral hearing.

Yours sincerely

Gillian Hunter

Dear Sir/Madam

Name:	David McGeown	Date of Birth:	08.12.75
Offence:	Serious Assault	Sentence:	5 years 5 mos
Proposed Address:	1A Dunvegan Quadrant, Kirklandneuk, Renfrew (Tel: 0141 561 1233)		
Name:	Samantha Stalley	Relationship:	Girlfriend
Prison No:	3731	EDL:	01.06.04

Home Leave Qualifying Date: 26.04.03

The above named has been transferred to HMP Castle Huntly, an open prison. The prisoner may be included in the home leave scheme which operates at this prison. Before a decision can be reached as to the prisoner's suitability for home leave it is requested that the home address be assessed. Subsequently I request that a Home Background Report be prepared which would address the following issues:

- (1) The suitability of the proposed address.
- (2) The attitude of the family towards the prisoner residing at the address on home leave periods.
- (3) The attitude of the local community towards this offence.

Should the prisoner's offence or record indicate a Schedule 1 offence, then the assessment should be viewed in terms of your department's Child Protection Procedures.

If you require any further information about the offence or the scheme please do not hesitate to contact Wendy MacGillivray at the above number. I would be grateful if I could have your report, plus a copy, by 10.04.03. **If you are unable to complete the report in time please contact us prior to this date.**

Please note that the information supplied in the Home Background Report is likely to be made known to the prisoner. In the event that there is information which you consider should not be disclosed to the prisoner, you should enclose a separate document with the Home Background Report.

Yours faithfully

Dear Ms Walker

Re: Home Background Report - Home Leave
Subject : David McGeown - dob: 08/12/1975 - Prison No. 3731

I write to confirm that at this stage I will not proceed with the above Home Background Report requested, for this is primarily due to the reported change in circumstances viz. that over the weekend of 21st - 23rd March 2003 Mr McGeown absented himself without permission from Castle Huntly. I understand that he will be downgraded as a result and transferred to another location when apprehended.

I note that an HBR was prepared in February 2003, by Ms Osborne from this office and I assume that report and this letter will accompany Mr McGeown's papers.

Any further requests for HBR's for home leave or pre-release purposes will be dealt with as required.

Yours sincerely

Prison No:	3731	EDL:	15.07.04

The above named has been transferred to HMP Castle Huntly, an open prison. The prisoner may be included in the home leave scheme which operates at this prison. Before a decision can be reached as to the prisoner's suitability for home leave it is requested that the home address be assessed. Subsequently I request that a Home Background Report be prepared which would address the following issues:

- (1) The suitability of the proposed address.
- (2) The attitude of the family towards the prisoner residing at the address on home leave periods.
- (3) The attitude of the local community towards this offence.

Should the prisoner's offence or record indicate a Schedule 1 offence, then the assessment should be viewed in terms of your department's Child Protection Procedures.

If you require any further information about the offence or the scheme please do not hesitate to contact Nancy Bell at the above number. I would be grateful if I could have your report, plus a copy, by 14th April 2004. If you are unable to complete the report in time please contact us prior to this date.

Please note that due to a change in SPS Policy all prisoners are immediately eligible for leaves on receipt of a Home Background Report at an approved address. The advanced submission date is therefore not indicative of eligibility but rather a period agreed with area team Seniors for realistic completion of a Report.

The information supplied in the Home Background Report is likely to be made known to the prisoner. In the event that there is information, which you consider should not be disclosed to the prisoner, you should enclose a separate document with the Home Background Report.

Yours faithfully

Nancy Bell

**Pre-Release Meeting****Date of Meeting: 7th September 2004**

Present: David McGeown – Prisoner, No. 3731
Sandy Bryce – Supervising Officer
Fiona Scott – Prison Based Social Worker

1. Licence

Mr. McGeown to be released on a Non-Parole Licence on 17th September 2004.
The Licence will expire on 28th August 2006.

1.1 Licence Conditions

Mr. McGeown was made aware of the standard conditions and requirement of the Licence. Further conditions are discussed below.

“You shall undertake drug counselling as directed by your Supervising Officer”.

“You shall co-operate with an organisation experienced in job search and advice for offenders as directed by your Supervising Officer”.

Mr. Bryce stated that Mr. McGeown will be assessed by a worker from the Turning Point Project when released. Possibly just 2-3 sessions per month for a couple of months because Mr. McGeown not currently using and just started a Naltrexone prescription today.

Mr. McGeown stated that he is willing to co-operate with job search/advice agency if required.

1.2 Expectations

Mr. McGeown is aware that he is expected to comply with all the requirements specified within the Licence. Mr. Bryce explained furthermore that Mr. McGeown will have minimum weekly contact for the first four weeks with a minimum of fortnightly thereafter.

A review will be held to monitor progress within 6-8 weeks of release.

Mr. Bryce stated that there may be the possibility of offence focused groupwork for Mr. McGeown but this will only be considered at a later stage.

Issue C 26/05/04
SD6A OG/G12

Mr. Bryce urged Mr. McGeown to maintain contact and to make him aware of any change in circumstances in order that they can address issues which arise.

1.3 Non-Compliance

Mr. McGeown was made aware of the implications of non-compliance with the requirements of the Licence including the fact that he could be returned to custody for some or all of the remainder of his sentence at the discretion of the Parole Board.

He was also made aware of the options available to the Board should his case be referred to them, namely a warning letter, recall or no action.

2. Issues

2.1 Accommodation

Mr. McGeown will be homeless on release and has an appointment with the local housing team on Friday 17th September 2004 at 2pm.

He stated that his father will "put him up" on a short term, emergency basis if required.

2.2 Mr. McGeown will be claiming State Benefits on release and will also be making contact with the Job Centre on Monday 20th September 2004.

2.3 Drug Services

Mr. McGeown has an appointment with Renfrew Drug Services on Friday 17th September 2004 and may attend any time between 9am and 2.30pm.

2.4 Relationships

Mr. McGeown has two children with whom he plans to have daily contact and does not foresee any difficulties in terms of the necessary arrangements with his ex-partner.

3. Risk Assessment

The biggest indicators of a risk of re-offending on Mr. McGeown's part would be his past record of offending and his past drug use. Factors which would particularly reduce this include stable accommodation and success in addressing drug related difficulties.

4. Action Plan

See Issues.

5. Reporting Instructions

Mr. McGeown to report to Alice McAleer at 17 Manse Street, Renfrew on Friday 17th September 2004 at 10.30am.

RECEIVED

Dear Mr Bryce

DAVID MCGEOWN: DOB: 8.12.75
REQUEST FOR PROGRESS REPORT

I understand that you are supervising Mr McGeown following his release on licence from prison on 1 June 2004.

I have received information from Strathclyde Police that Mr McGeown was arrested on or around 31 January 2005 and charged with:-

1. Handling An Offensive Weapon/Knife

As Mr McGeown would appear to have breached the conditions of his release licence I should be grateful if you would let me have a report on his response to supervision as soon as possible. The report should contain details of level of compliance with any additional licence requirements and information of any personal change programme undertaken. Any further information you have on the charges brought against him e.g. circumstances, court dates etc. would also be appreciated.

As we do not seem to have a copy of Mr McGeown's licence I would appreciate it if you could send me a copy along with your report.

Yours sincerely

Re:- **David McGeown, (8.12.1975) 11 Rowan Avenue, Renfrew.**

Dear Ms Brown,

Further to your letter of 3 February 2005 I can confirm that Mr McGeown advised me at a recent contact with him on 4/2/05 that he had as noted been charged with possession of an offensive weapon namely a knife on or around 31/01/2005.

Mr McGeown claims that this was one of number of items belonging to a cousin of his which were used in pursuit of fishing and he was in process of taking the knife to this individual when stopped by the police.

Mr McGeown is aware of the serious nature of this charge and the implications in respect of his non parole licence.

Mr McGeown was released on non Parole Licence on 17/9/2004 with his period of supervision due to expire on 28/6/2006. A copy of his licence is appended.

During the period of licence an acceptable level of compliance has been noted with no disciplinary issues having arisen to date.

He has undertaken an assessment and maintained ongoing contact with the local Turning Point agency who are providing support to offenders where a drug issue has been identified. At a review of Mr McGeown's licence on 16/11/04 his generally positive progress was noted and fortnightly contact with Turning Point and with his supervisor was agreed. Mr McGeown has complied with this in the interim.

He has had some difficulties in regard to establishing a settled accommodation base and family relationships at times are strained.

Renfrew Area Office, 6/8 Manse Street, Renfrew PA4 8QH

Website: www.renfrewshire.gov.uk

Mr McGeown has reported that he has on occasion been using illicit drugs primarily heroin and issues around this are being looked at in conjunction with his GP and Turning Point with the possibility of a Methadone prescription being considered. Mr McGeown was prescribed Naltrexone an opiate blocker for a period around the point of his release.

Mr McGeown has been making efforts to access employment and was employed for a short time in a local manufacturing unit. He advises that he continues to apply for work and is actively involved with the employment agency locally.

The uncertainty around his longer term accommodation and fluctuating relationships have created difficulties for Mr McGeown.

He continues to express a strong desire to avoid previous patterns of offending behaviour recognising the areas of higher risk and he has made efforts over the past 5 months towards achieving this.

In the light of this recent incident I would intend to resume weekly contact and a further review of his progress will be convened to consider his situation. At this stage I am unaware of any proposed court dates and will advise of any developments in regards to this charge.

I have advised Mr McGeown of my being required to submit a report on his progress to the Justice Department and that at this stage that I would recommend that Mr McGeown be given a written warning as to his future conduct.

Yours sincerely

Re David McGeown (8/12/1975) - 13b Fulbar Street, Renfrew -currently Greenock Prison
Non Parole Licence.- Released 17/09/2004 - Licence expiry date 28/06/2006

Progress Report

Mr McGeown is currently serving a 5 month custodial sentence imposed at Paisley Sheriff Court on 13/10/2005, with I understand a release date of 23/12/2005. This sentence was imposed as a result of a conviction for police assault and resisting arrest these offences having occurred shortly before this date.

The following report is based on direct contact with Mr McGeown during the period of his licence from 17/09/2004. During this time I have had contact with his mother with whom he has resided for much of the period of his licence and more recently with his partner Ms Leanne Riley with whom he is residing at the above address in Renfrew.

Mr McGeown was referred to the Turning Point (CACTUS) Drug service following his release where he underwent assessment and has continued to be supported in regard to his avoiding the use of any illicit drugs.

Mr McGeown has maintained contact with Darlene Marrs, Drugs Worker from Turning Point and she has noted a generally positive response to her input with Mr McGeown having gradually reduced the prescribed methadone prior to and during the period in custody.

During the period of his licence to date there have been lengthy periods when Mr McGeown has shown himself as being able to adhere to an acceptable level of compliance with his Order in respect of his attendance with me as his supervising officer and with the condition of undertaking counselling in respect of drug use problems.

There have been however instances, such as this offence when he has acted in an unacceptable manner with action by the authorities having been necessary.

As noted in previous correspondence of 14/2/2005 Mr McGeown had experienced some difficulties in becoming established in settled accommodation with relationships between himself and his mother and other family members being strained at times.

Renfrew Area Office, 6/8 Manse Street, Renfrew PA4 8QH

Website: www.renfrewshire.gov.uk

This he advises has improved over the period since he moved to reside with his partner Leanne Riley at the Fulbar Street address some 3 months ago. Ms Riley advises that she is pregnant with the baby being due around June 2006.

Mr McGeown and Ms Riley have been in a relationship for approximately a year and the indications from recent and previous contacts with Ms Riley and Mr McGeown's comments are that both are committed to the relationship. This is viewed as being significant in that he is stating a clear intention of providing materially and emotionally for his partner and their unborn child and this would be a pro social area which should reduce his assessed level of risk of reconviction.

Mr McGeown has undertaken some individual work about the methods he uses of dealing with conflict and confrontation which along with a resumption of illicit drug use would be the area which would be most likely to result in his reoffending.

Conclusion

In the light of this further conviction the Parole Board will wish to consider whether Mr McGeown's licence should be revoked with a recall to custody being imposed for the remainder of his period of Non Parole Licence.

Having been convicted of this further offence I understand from his lawyer that the court took into account his early plea of guilt with the custodial sentence imposed reflecting this fact. Mr McGeown is under a misapprehension that in sentencing him on 13/10/2005 the Sheriff had viewed that his period of licence was at an end and that he would be automatically released on 23/12/05

Should the Board choose not to impose a recall Mr McGeown would be subject to licence for a further period of some 6 months. Such a decision would allow him to be subject to ongoing monitoring within the local community and to be held accountable for his actions with some scope to consolidate the more positive aspects of his response to supervision.

Should the Board decide not to recall Mr McGeown it would be appropriate that when he is released initially that he be subject to weekly supervision as during the initial phase of his Non Parole Licence.

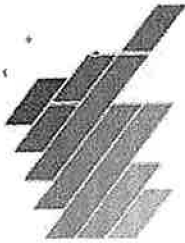

Emphasis over the remainder of the Licence Period would be on maintaining progress in regard to drug and alcohol use and towards his gaining employment which would be an additional factor in his being able to reduce his reoffending risk and for him to be in a position where he can support his family.

Dear Mr McGeown

RE: SOCIAL ENQUIRY REPORT - APPOINTMENT

I have been asked by Paisley Sheriff Court to prepare a Social Enquiry Report on you for your appearance on 4.09.2007.

In connection with this report I intend to visit you at home on **Tuesday 28.09.2007 at 3.30 pm** when I trust it will be possible to discuss the report with you.

Given the amount of time available to prepare the report, it is important that you keep this appointment as I may have to speak with other people about the court's decision after I have interviewed you.

I have enclosed a leaflet 'Your Court Report' which details the purpose and format of this report.

If there is a particular problem about you being available at that time please contact the office and an alternative arrangement can be made.

Yours sincerely

Sandy Bryce

GENERAL COMMENTS including any significant capital:

Basis of Report:

The content of this report is based on an interview with Mr McGeown at HMP Perth and on ongoing contact with Mr McGeown on a Throughcare basis. Previous departmental records were consulted.

Home Circumstances:

After McGeown's release from custody in July 1995 he resided with his maternal aunt in Renfrew. However, Mr McGeown claims that when he was arrested in October, to answer a warrant for his present offence, his relationship with his aunt deteriorated and since then he has been living in a private let at 13 Jessiman Square, Renfrew. This is located in the Moorpark area of Renfrew, an Area of Priority Treatment with a multiplicity of related social problems.

Mr McGeown has a young daughter who he has resumed contact with since his release from custody in July 1995. Mr McGeown's relationship with his daughter's mother deteriorated mainly due to Mr McGeown's early offending behaviour and subsequent periods in custody. However, over the past 9 months Mr McGeown has been allowed access to his daughter.

Background Information:

Mr McGeown and his sister, Roisin (18) have been known to the social work department virtually since birth. Initially, whilst living with their parents in the Moorpark area of Renfrew, there were a number of referrals regarding the children being left unattended, home always cold/dirty, children poorly clothed/fed, parents abusing alcohol and eventually marital breakdown. When Mrs McGeown (nee Buchanan) appeared unwilling or unable to cope with caring for the children on her own, and received little or no support from her husband, Mr McGeown and Roisin were eventually received into care in 1984.

Mr McGeown and his sister were then placed together with a number of different foster parents (4 in total) predominantly with little success. Case records confirm that these placements tended to break down as a result of the difficult, disturbed behaviour Mr McGeown was beginning to display.

Mrs J Cunningham, 13 Convair Way, Renfrew (maternal aunt) then applied to foster Roisin but felt unable to accept responsibility for David McGeown also. Around June 1986 Mr McGeown was placed in Balrossie School, Kilmacoll, subject to a 44(1)(b) Supervision Requirement via the Children's Panel and Roisin was placed with Mrs Cunningham.

Mr McGeown remained resident in Balrossie School for 5 years. During this period there were unsuccessful attempts to place him with Mrs Cunningham in Renfrew, an uncle who also lived in Moorpark, and Beech Avenue Children's Home. All of these proposed placements broke down as a result of Mr McGeown's alleged involvement in thefts, and other forms of delinquent/offending behaviour which resulted in him being referred back to the Children's Panel on numerous occasions throughout those years.

3.

David McGEOWN (Continued)

One factor which also appeared to have a detrimental effect on Mr McGeown as a child was the inconsistency displayed towards him by both of his parents during periods of planned home leave or casual meetings. This would often result in confrontation, leave breaking down, and Mr McGeown unable to cope with the breakdown of his parents' marriage, his reception into care and separation from his sister in 1986, and the generally poor quality of his relationship with both parents whilst in residential care. However, despite these difficulties, Mr McGeown did appear to respond well to the consistency and quality of care available to him at Balrossie School.

By his mid teens, Mr McGeown was beginning to show definite signs of an increasing maturity, both within and outwith the school setting and as a result application was made to Redheugh Adolescent Unit, Kilbirnie, Ayrshire, to which Mr McGeown moved in June 1991. Further progress was made to assist in preparing him for independent living, and this progress was recognised at a Review Children's Hearing in December 1991 when his 44(1)(b) Supervision Requirement was terminated. Mr McGeown also became eligible to leave Kerelaw School that month and he did so, having obtained 4 Standard Grade qualifications.

Mr McGeown remained resident in Redheugh until approximately July 1992, when he then left to live with his aunt, Mrs Cunningham and family in Renfrew. It is understood that Mr McGeown was asked to leave the Cunningham household around October 1992 as his aunt was becoming unhappy at his inability to contribute towards his keep and also expressed concern that Mr McGeown was becoming involved in offending behaviour.

Mr McGeown informs that he then moved briefly to live with friends in Gallowhill, Paisley, before moving to London in December 1992. From January - April 1993 Mr McGeown informs that he returned to live with his mother in Paisley, before again returning to London, where he lived with friends in various "squats" before being apprehended by the police, returned to Scotland and remanded in custody.

On reflection, Mr McGeown recalls his childhood and adolescent years as having been generally unhappy. Although Mr McGeown admits to having had feelings of anger and resentment re his childhood, he states that it is his opinion that he needs to 'put that behind before getting on with things'.

Alcohol/Drugs:

Mr McGeown states that he despises alcohol because of his background.

Mr McGeown admits to having abused temazepam, amphetamines, ecstasy and cannabis. However, he claims to have been drug-free for a number of months now; he states that he broke his habit of drugging by spending a number of months recently in London with relations who had no contact with the 'drug scene'. Mr McGeown further states that he has no intention of returning to the 'drug scene'.

4.

David McGEOWN (Continued)

Offending Behaviour:

Mr McGeown does have a history of offending behaviour. Since leaving care Mr McGeown has spent periods of custody in Young Offenders Institutions mainly for road traffic offences. Mr McGeown however feels that since his release from Polmont in July 1995 he has been removing himself from the criminal scene in an attempt to get his life in order and resume contact with his young daughter.

Perception of and Attitude to Current Offence:

With regard to the present offences, Mr McGeown states that he had forgotten he had an outstanding charge for Housebreaking going back to February 1994 and therefore when the police approached him to arrest him on his outstanding warrant he initially resisted because he did not know what was happening. With regard to the failure to appear, Mr McGeown states that in an attempt to remove himself from the local drug and criminal scene he moved to London for a few months to live with relatives. He claims he was relying on his mother to keep him informed of his court appearance but she failed to do so. On reflection Mr McGeown acknowledges that it was his responsibility to ensure he appeared at court on the appropriate date.

With regard to the misuse of drugs charge, Mr McGeown admits to having been in possession of a small amount of cannabis for his own use, however he states that since his release from Polmont in July 1995 he has been attempting to address his drug problem. He claims to have been drug-free for the past few months.

Assessment and Sentencing Options:

Mr McGeown presents as a young man who has experienced emotional damage in his childhood as a result of the breakdown of his parents' marriage and their abuse of alcohol, his subsequent reception into long term care, the separation from and lack of ongoing support from a caring family home.

Mr McGeown appears to be attempting to take responsibility for his own actions by addressing many of his problems; he claims to have been drug-free for a number of months and certainly looks in better health; he states that he is no longer involved in the local criminal scene. There does not appear to be any further outstanding charges; he has resumed access visits to his daughter and hopes to secure a home of his own so that he can have more contact with her.

In discussing sentencing options with Mr McGeown it is clear that he is fully aware of the high risk of a further custodial sentence. However, I would respectfully suggest that there are non-custodial options which may allow Mr McGeown to remain in the community and continue to address his problems while making retribution for his actions.

5.

David McGEOWN (Continued)

Fine: Mr McGeown states that he would be willing to pay a fine. Mr McGeown presently has a Compensation Order of £255 to be paid at £10 per week.

Community Service: Mr McGeown presently has a 75 hour Community Service Order. I fully discussed the implications of further community service hours with Mr McGeown. Mr McGeown appeared confident in his increased maturity to be able to comply with the disciplines involved in such an order and that he would complete it successfully.

I discussed this with the Community Service Unit who stated that Mr McGeown would be regarded as suitable for further hours and that there would be a place available.

GENERAL COMMENTS (Give any capital resources eg redundancy lump sum)

Mr McGeown states that he is currently appealing against the decision to reduce his Job Seekers Allowance benefit and may receive backdated benefit in the near future.

Basis of Report

This report was compiled following a visit to Mr McGeown on remand in Gateside Prison in Greenock. Contact was made with the Local Community Service Unit and reference made to previous records held in this Department. Telephone contact was made with Mr McGeown's father who confirmed the circumstances of Mr McGeown's residence.

Housing and Neighbourhood

Mr McGeown lives at present with his father in the Moorpark area of Renfrew, an area noted for a range of social problems and deprivation.

Mr McGeown states that he would prefer to have accommodation outwith this area.

Family Background

Mr McGeown is the elder of two children being born in Renfrew. His early years were marked by his parents abusing alcohol, separations and neglectful circumstances. From the age of 9 years he was received into care and subsequently lived with 4 separate foster placements and between 1986 and 1991, resided at Balrossie School under a residential supervision order. He left the care of the Social Work Department in 1992 and lived for a period with an aunt in Renfrew which broke down after a short time. In the intervening period he has had a variety of accommodation including periods spent with his mother in Paisley, living in London on two occasions and a period of some 15 months from April 1994 - July 1995 when he was serving a sentence in Polmont Young Offenders Institution.

Mr McGeown is currently living with his father and now has no contact with his mother by his own wish. He retains links with his sister and extended family members in the Renfrew Area. Clearly Mr McGeown has experienced a very disrupted family background and this has been a factor in his being unable to sustain a more stable and settled pattern as he has moved into adulthood.

Personal & Employment History

As a consequence of his family background and the fact that he has never experienced a stable home base, Mr McGeown states that he found it difficult to establish a regular lifestyle and allowed himself to become involved in regular offending until his custodial sentence in 1994.

He has not had any employment which he has retained for any length of time having worked for short periods in painting and decorating, sometimes with his father, and during the periods that he spent in London. In August 1996, he was employed as a linen porter at a hotel in Erskine and retained this job for some 6 - 8 weeks before leaving as a result of a disagreement over his rate of pay. The Benefit Agency are currently paying him a reduced rate of benefit, a decision which he has requested they review. Mr McGeown is of the opinion that by being persistent and honest in respect of his previous experiences, he would be able to obtain employment on release from custody.

Mr McGeown is the father of a 2 year old daughter Dianne and he states that he tries to see her on a regular basis when at liberty and remains on amicable terms with the child's mother. He is currently in a relationship with a young woman who after having suffered a miscarriage earlier this year is again pregnant and expecting their child in May 1997. He describes his girlfriend as being unhappy about his involvement in this offence but prepared to give him support and hopefully set up home with him at some future date.

Health

Mr McGeown suffers from a mild asthmatic condition which, when necessary, he relieves by the use of an inhaler. Otherwise he is a healthy and fit young man who plays football as a means of exercise.

Alcohol/Drugs

Mr McGeown states that he drinks socially but seldom to excess partly because of his direct experience of his parents heavy drinking when he as a child and an understanding of the effects this had.

He claims that since his release from Y.O.I. in July 1995 he has not resumed his previous regular and debilitating use of illicit drugs which he recognises as a significant factor in his offending behaviour.

Offence/Offending Behaviour

Mr McGeown states that at the time of this offence he was in a state of distress as a result of the sudden death of his landlady, a Mrs Taggart, with whom he had been living since release from Polmont Y.O.I. in July 1995. Whilst not related to Mrs Taggart she apparently had been a family friend of long-standing whom he looked on as an "aunt" figure.

He claims to have no recollection of the events surrounding the incident having taken a number of tablets of unknown origin.

From the available information it appears that this was the first offence Mr McGeown had committed following his release from custody in July 1995 and he states that he had been making efforts to avoid involvement with the authorities. He states that he is now more able to recognise the responsibilities he has in respect of his young daughter and the relationship with Miss Fyvie who is expecting the couple's child.

Assessment

Mr McGeown presents as a young man who has experienced emotional damage in his childhood as a result of the breakdown in his parent's marriage and their abuse of alcohol, his subsequent reception into long term care and the separation from and lack of ongoing support from a stable home base.

He appears to recognise the problems he has and claims that he has made a determined attempt to remain drug free and states that he is no longer involved in the local criminal scene and would wish to move away physically from his current area.

Possible Disposals

Monetary Penalty

As indicated above Mr McGeown is in receipt of a reduced level of Job Seekers Allowance and would not be in a position to undertake the payment of a fine other than by limited instalments over an extended period.

Community Service

Consultation took place with the Local Community Service Unit during the course of preparing this report and I was advised that Mr McGeown is currently subject to breach proceedings in respect of two outstanding orders totalling 175 hours of which he has completed 20 hours. For a period some 3 months ago he had initially shown himself to be willing to co-operate with his supervising officer however when he started work as a porter, despite attempts being made to accommodate his hours, his commitment rapidly declined and he failed to attend and failed to advise the unit of his intentions to the point where breach proceedings were instituted.

For his part Mr McGeown claims that his change in shift pattern was the main reason for his difficulty and that he endeavoured to keep the unit advised. He states that he would be prepared to resume the outstanding hours or undertake a further order but at this time it appears that such an option would be unlikely to be fully complied with.

Probation

Mr McGeown has not previously been made subject to a period of probation and would be prepared, he states to accept and comply with the conditions of such an order should the Court wish to utilise such a disposal.

In the past it appears that issues such as his drug use and persistent offending have prevented him from looking seriously at his responsibilities as an adult member of society. As he approaches his 21st birthday there is some indication that he may be adopting a more mature attitude and as such the focus of such an order would be towards addressing the need for him to be consistent in his intention to remain "drug free".

Work to maintain his relationship with both his extended family and in his personal relationship and role as a father could additionally be considered within a period of Probation and the Court might wish to consider this as an appropriate disposal.

Custody

There are no physical or psychological reasons which would preclude Mr McGeown from being able to undertake a custodial disposal. He recognises that should such a sentence be utilised he would require to move into the adult system as a 21 year old.

The LSI-R is a quantitative survey of attributes of offenders and their situations relevant to the decisions regarding level of service. The LSI-R is composed of 54 items. Items are either in a "yes-no" format, or in a "0-3" rating format, based on the following scale:

- 3: A satisfactory situation with no need for improvement
- 2: A relatively satisfactory situation, with some room for improvement evident
- 1: A relatively unsatisfactory situation with a need for improvement
- 0: A very unsatisfactory situation with a very clear and strong need for improvement

Place an "X" over the appropriate response for each question, whether it be a simple "yes" or "no", or a rating number. The answers will transfer through to the scoring sheet beneath for quick tallying of the LSI-R score. Be sure to see the manual for guidelines on rating and scoring. RENFREWSHIRE COUNCIL - SOCIAL WORK DEPARTMENT

SOCIAL ENQUIRY REPORT

BASIS OF REPORT

This report is based on one office based interview with Mr McGeown.

HOUSING/NEIGHBOURHOOD

Mr McGeown lives with his father, step mother and half sister in his father's local authority terraced house in the Arkelston area of Renfrew. An area which experiences moderate social deprivation and offending behaviour.

PERSON HISTORY

FAMILY BACKGROUND

Mr McGeown informs that he originates from the Renfrew area where he was initially cared for by his parents as the elder of two children. When he was approximately seven years old, he informs that his father received a custodial sentence. Around the same time his mother remarried. Mr McGeown informs that his step father did not want children and he and his sister were placed in foster care by the Social Work Department. Mr McGeown informs that he continually ran away from his foster home and he was subsequently placed in a children's home in 1986. He remained in this residential settling until he was sixteen. He further informs that his sister was eventually cared for by an aunt.

When he was sixteen, Mr McGeown moved to the London area where he stayed for approximately a year before returning to Renfrew. Since then he has regularly moved between Renfrew and London. At present he has been living in the Renfrew area since January 2000.

Upon his most recent return to Renfrew, Mr McGeown has formed a serious relationship with a Ms Samantha Stalley. Ms Stalley has a seven month old baby girl from another relationship whom Mr McGeown informs he considers to be his daughter. He has been involved in this relationship for approximately six months now and they got engaged in April 2000.

He relates that he gets on well with his father and his new family. He further relates that he has maintained contact with his mother over the years.

EMPLOYMENT

Mr McGeown's employment history has been affected by his offending behaviour and custodial sentences.

Whilst living in London in 1991, he worked as a builder's labourer. Upon his return to Renfrew, he secured employment in a warehouse. He has also worked as a packer and in a baker's factory. His last term of employment was in a local garage where he worked for 2 ½ weeks. However, his manager was informed by a third party of Mr McGeown's criminal record and he was sacked. Mr McGeown has been unemployed ever since.

RENFREWSHIRE COUNCIL - SOCIAL WORK DEPARTMENT
SOCIAL ENQUIRY REPORT

LEISURE

Mr McGeown informs that he spends all his time with Ms Stalley and her daughter.

HEALTH

Mr McGeown relates that he has a long history of chest problems for which he has inhalers. He has no other significant physical health problem and no history of mental health difficulties.

ALCOHOL/DRUGS

Mr McGeown informs that he does not drink at all.

When asked about substance misuse, Mr McGeown relates that he has a long history of abuse and has used Temazepam, valium, amphetamines and ecstasy. Most recently, he has been misusing heroin. Mr McGeown informs that his heroin use has been short term and that he no longer uses this substance.

PREVIOUS OFFENDING BEHAVIOUR

Mr McGeown has a long history of offending behaviour dating back to when he was nine years old. During his childhood, his offences were dealt with by the Children's Hearing system. These offences consisted mostly of crimes of dishonesty.

As an adult, Mr McGeown again has a long history of offending behaviour. Again, this has been mostly for crimes of dishonesty although his most recent offences have been a result of misusing illicit substances.

Mr McGeown has received a large number of custodial sentences as a result of his offending behaviour.

CURRENT OFFENDING BEHAVIOUR

Of his current offences, Mr McGeown informs that he had been staying at Ms Stalley's home and had gone to bed. He awoke when the police called into Ms Stalley's home looking to arrest him. Mr McGeown asked to be allowed to put some clothes on and asked for privacy to do this which the officers did not give him for fear of Mr McGeown running away. He informs that he did not like the way one of the officers talked to Ms Stalley and alleged that the same officer pushed her out of the way.

This played on Mr McGeown's mind and he brooded over it. Unable to get a release for his anger he channelled it at the arresting officer and struck him.

On reflection, Mr McGeown informs that he regrets his actions and wished he could have found an alternative method for coping with his anger

RENFREWSHIRE COUNCIL - SOCIAL WORK DEPARTMENT

SOCIAL ENQUIRY REPORT

ASSESSMENT

Mr McGeown developed a pattern of offending when he was nine years old. Subsequently he has a long history of offending behaviour. In his adult life, Mr McGeown has also developed a history of drug use and whilst there would be a link between his drug use and offending behaviour, it is clearly not the sole reason that he offends. Mr McGeown has received numerous custodial sentences without having to take any other responsibility for his behaviour. In order to reduce the risk of re-offending, Mr McGeown has to examine his behaviour, take responsibility for his behaviour and look at ways to improve his behaviour to the benefit of society, himself and his partner. Without Mr McGeown working in this manner his risk of re-offending would be considered to be high.

SENTENCING OPTIONS

Monetary Penalty

In examining appropriate methods of addressing offending behaviour, this disposal would offer no impact on his offending behaviour.

Deferred Sentence

Mr McGeown has to take responsibility for his behaviour, however his offending is too entrenched for Mr McGeown to address without assistance, therefore this disposal would be unlikely to impact on offending behaviour.

Community Service

Mr McGeown has received a Community Service Order in the past which he did not comply with. I suspect that Mr McGeown would use his chest problems as a medical reason not to undertake this disposal thereby having no impact on his offending behaviour at all.

Probation

Mr McGeown requires a disposal which would force him to look at his behaviour and modify it. This disposal gives Mr McGeown that chance. Given that his offending behaviour is so entrenched and his history of custodial disposals, I would ask that as a direct alternative to custody, that the intensive probation programme run by the Community Alternatives Unit be considered as a condition of this disposal.

Custody

Mr McGeown's previous custodial sentences have not had any impact on his offending behaviour. There is no evidence to suggest another such disposal would reverse that trend. Ultimately, upon release, Mr McGeown would continue to be at a high risk of re-offending.

RENFREWSHIRE COUNCIL - SOCIAL WORK DEPARTMENT
SOCIAL ENQUIRY REPORT

Conclusion/Recommendation

Mr McGeown is at a high risk of re-offending and this risk is what has to be tackled if Mr McGeown is to become a constructive member of society. Mr McGeown therefore has to address his behaviour adequately. A Probation Order offers Mr McGeown the opportunity to do this. If Mr McGeown applies himself, I would expect this disposal to impact on offending behaviour and therefore ask that you consider Probation to be the most suitable disposal in this case.

ASSESSMENT REPORT

NAME: DAVID BAIN McGEOWN

DATE OF BIRTH: 8 December 1975

ADDRESS: 1a Dunvegan Quadrant
RENFREW

COURT: PAISLEY Sheriff Court

DATE OF COURT: 23 June 2000

BASIS OF REPORT

This report is based on one interview with Mr McGeown at his partner's home. Discussion also took place with Mr JJ Turner, Social Worker at Renfrew Area Team. A record of Mr McGeown's previous convictions was also made available.

ASSESSMENT

Mr McGeown was unable to manage an office appointment for the purposes of this report as he was suffering withdrawal symptoms from heroin. A home visit was therefore carried out and Mr McGeown was co-operative and open during the interview. He is currently living at the home of this girlfriend, and she has been supporting him while he is coming off heroin. He normally resides at 30 Elizabethan Way, Renfrew, his mother's tenancy, but he has been staying with his girlfriend and her daughter, aged seven months for the last week or so.

Mr McGeown has a substantial offending history. Following a very difficult childhood, some of which was spent in Local Authority Care, he became entrenched in offending behaviour. Many of his early offences, for example, from 1993-1995 were related to car crime when, he states, he used to steal cars to order. It was around 1995 when he was in custody that he apparently started to use heroin and many of his offences since this time have been linked with his drug use.

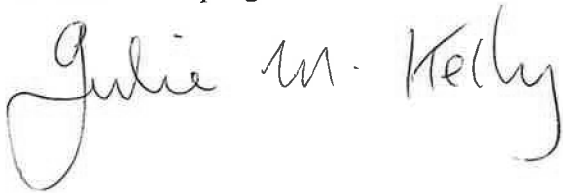

Mr McGeown admits also that he has a problem dealing with people in authority, the police in particular. He agrees that he has had problems with his temper in the past and admits that, with regard to the current offences he was out of order.

Mr McGeown has had several custodial sentences and has had two failed attempts at Community Service. To date he has never been the subject of a Probation Order. Mr McGeown is aware of the gravity of the current offences and accepts that there is a high risk of a further custodial sentence.

It became clear during the interview that he appears motivated to change. His partner has given him an ultimatum that if he uses heroin again their relationship will be over. Mr McGeown states that he wants to change for himself too. He is keen to find employment and he has hopes that in ten years time he will have a good job and a mortgaged home. This perhaps illustrates a more mature and forward thinking attitude than in the past.

The terms and conditions of an Intensive Probation Order were explained to Mr McGeown. He agrees that he would attend the Community Alternatives Unit twice a week should this be made as a condition of a Probation Order. It is felt that such an Order would be the most appropriate way of reducing the risk of re-offending. A place would be available for him at the Unit, where the following areas in particular would be addressed:-

1. Looking at his offending behaviour in detail focusing particularly on coping effectively with people in authority.
2. Providing support and advice regarding his drug problem.
3. Part of the programme would also look at employment issues.

GENERAL PROGRESS:

David was quite low today. He advised that he strongly suspected his girlfriend has been unfaithful to him with his cousin. He has confronted her with this but she denied it. (He states he found semen stains on the sheets). He failed to keep his appointment at Substance Abuse on Monday too. He is considering going to his cousin's house in London for a couple of weeks to detox. I advised him that he must let myself or JJ know if he does decide to go.

He failed to attend on 18/8/00. I phoned but got no reply. Message left for JJ Turner.

SESSION:

Session 1, Discussed reasons for absence.
Relationship problems and risk of
re-offending.

GENERAL PROGRESS:

David attended today following letter sent on 3 October 2000. He is aware that breach proceedings are likely due to his non-attendance/disappearance.

He states that his girlfriend Samantha is now pregnant and she apparently does not know if he or his cousin is the father. He initially went down to London and then he apparently locked himself in and spoke to no-one. He states that he has come off heroin and is generally now using DF's.

He is willing to continue with his Order despite the likelihood of a Breach Report. Appointments were made for him to attend CAU this week and next week.

CONCERNS/ISSUES:

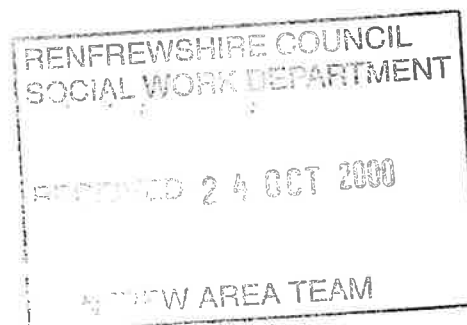

David feels very angry with his cousin, who lives in the next close. He feels he has been at risk of causing him serious harm. He admits to having a physical fight with him but he says, he consciously decided not to use a knife that he had in his pocket. He feels that he should try to get another tenancy.

In relation to the pregnancy, he states that he would like to have a DNA test done when the baby is born.

GENERAL PROGRESS:

David co-operated well during both sessions. His LSI-R score has decreased by 6 since June although still remains high. Work on anger management commenced this week. Questionnaire revealed that he still has a problem with the police although this seems to be improving.

CONCERNS/ISSUES:

David pled guilty to two charges of theft by housebreaking on Monday (16/10/00). The offences were committed at the beginning of September when he was failing to attend here. He is therefore in breach of his Order. He states that an SER has been requested. He is willing to continue with his Probation Order but agrees that custody is likely.

N.B. 23-10-00 - David is in custody following being charged with new offences. Attendance at Unit suspended.

The LSI-R is a quantitative survey of attributes of offenders and their situations relevant to the decisions regarding level of service. The LSI-R is composed of 54 items. Items are either in a "yes-no" format, or in a "0-3" rating format, based on the following scale:

- 3: A satisfactory situation with no need for improvement
- 2: A relatively satisfactory situation, with some room for improvement evident
- 1: A relatively unsatisfactory situation with a need for improvement
- 0: A very unsatisfactory situation with a very clear and strong need for improvement

Place an "X" over the appropriate response for each question, whether it be a simple "yes" or "no", or a rating number. The answers will transfer through to the scoring sheet beneath for quick tallying of the LSI-R score. Be sure to see the manual for guidelines on rating and scoring. RENFREWSHIRE COUNCIL - SOCIAL WORK DEPARTMENT

SOCIAL ENQUIRY REPORT

Basis of Report

This report is based on one interview conducted at Greenock Prison and reference to departmental records.

Housing & Neighbourhood

Mr McGeown lives in a local authority flat situated in the Kirklandneuk are of Renfrew. Kirklandneuk is an area which experiences high levels of social depravition and offending behaviour.

Personal History

Mr McGeown informs that he originates from the Renfrew area where he initially cared for his parents as the elder of two children. When he was approximately seven years old, he informs that his father received a custodial sentence. Around the same time his mother remarried. Mr McGeown informs that his stepfather did not want any children and he and his sister were placed in foster care by the Social Work Department. Mr McGeown informs that he continually ran away from his foster home and he was subsequently placed in a children's home in 1986. He remained in this residential setting until he was sixteen. He further informs that his sister was eventually cared for by an aunt.

Mr McGeown advises that when he was sixteen he moved to London where he stayed for approximately a year before returning to live in Renfrew. Since then he has regularly moved between Renfrew and London but has now been living in Renfrew since January 2000.

Mr McGeown is involved in a serious relationship with Ms Samantha Stalley. Ms Stalley has an eleven month old baby daughter from a previous relationship whom Mr McGeown informs he considers to be his daughter. Ms Stalley is also expecting another child.

Mr McGeown informs that his relationship with Ms Stalley is stable, however acknowledges there was a period recently where he discovered Ms Stalley had been involved in a sexual relationship with Mr McGeown's cousin. Mr McGeown advises that this put an obvious strain on their relationship but they have since reconciled their differences and intend to remain together.

Employment

Mr McGeown's employment history has been affected by his offending behaviour and custodial sentences.

Whilst living in London in 1991, he worked as a builder's labourer. Upon his return to Renfrew he secured employment in a warehouse. He also worked as a packer in a bakery. His last term of employment was in a local garage where he worked for two and a half weeks. However his manager was informed by a third party of Mr McGeown's criminal record and he was subsequently sacked. Mr McGeown has been unemployed since.

RENFREWSHIRE COUNCIL - SOCIAL WORK DEPARTMENT

SOCIAL ENQUIRY REPORT

Leisure

Mr McGeown informs that he spends his leisure time with Ms Stalley and her daughter.

Health

Mr McGeown has a long history of chest problems for which he has inhalers. He has no significant physical health problems and no history of mental health difficulties.

Alcohol/Drugs

Mr McGeown informs that he does not drink at all.

Mr McGeown has a history of drug abuse which had included heroin misuse. However he advises that since being detained at Gateside he has managed to detoxify from heroin and states if he is released he intends to remain drug free.

Offence/Offending Behaviour

Mr McGeown has been in a pattern of offending behaviour since he was nine years old. He advises that since he started a relationship with Ms Stalley he has tried to avoid offending behaviour.

Mr McGeown describes involvement in the current offence as follows. He informs he was approached by drug dealers who he owed money to and they threatened him and demanded he enter B & Q to steal. He further advises that this is no longer an issue as he has sorted out their differences.

Assessment

Mr McGeown presents as having experienced a very difficult childhood which provided few positive experiences. However, with the exception of his partner's infidelity, his current relationship appears to be a positive experience.

Mr McGeown describes recent/previous involvement in offences as being a reaction to his partner's infidelity but they have since resolved matters. Mr McGeown advises he has an investment in this relationship, the young child and expected child. He informs that he is therefore intending to completely refrain from offending behaviour.

Mr McGeown has received numerous custodial sentences without having to take any other responsibility for his actions. In order to reduce the risk of re-offending, Mr McGeown has to examine his behaviour, take responsibility for his behaviour and look at ways of improving his behaviour to be of benefit to society, himself and his partner. Mr McGeown has been participating in work to this effect at the Community Alternatives Unit on intensive probation based alternative to custody and without Mr McGeown continuing to work in this manner his risk of re-offending would be considered high.

Sentencing Options

RENFREWSHIRE COUNCIL - SOCIAL WORK DEPARTMENT
SOCIAL ENQUIRY REPORT

Monetary Penalty

In examining appropriate methods of addressing offending behaviour, this disposal would offer little impact on his offending behaviour.

Community Service

Mr McGeown has previously been subject to a Community Service Order which he did not comply with. However he has matured since this time and states a willingness to comply if this was deemed a suitable option. A Community Service Order would offer Mr McGeown some structured use of his leisure time and would be a direct alternative to a custodial sentence. A place would be made available to Mr McGeown if this deemed a suitable option.

Mr McGeown understands the expectations required in performing Community Service and is also aware of the consequences of breaching such an order.

Probation

Mr McGeown is currently subject to a Probation Order dated 23/06/00 with a condition of attendance at the Community Alternatives Unit. Initially Mr McGeown experienced some difficulties in attendance and during the same period he was involved in the current offences. However, latterly he has co-operated with attendance and in completing offence related work. Mr McGeown will be subject to a Breach report due to his involvement in offending whilst on probation. However he will continue to be offered appointments and offence related work if Mr McGeown is made subject to a community disposal.

A further Probation Order may therefore not be deemed a suitable disposal at this junction.

Recommendation

It is therefore respectfully recommended that Mr McGeown is made subject to a Community Service Order. This would allow Mr McGeown to continue examining and addressing his offending behaviour whilst offering more constructive use of his leisure time whilst being punished. It would also allow Mr McGeown the opportunity to become a constructive member of society.

Note: Progress Report attached

Karen Osbourne

Court Reference Number: 2000028118

Probation Progress Report

Mr McGeown initially experienced some difficulties in his attendance at his probation appointments and appointments at the Community Alternatives Unit. Mr McGeown advises this was as a consequence of a more difficult period in his life when he discovered that his partner had been involved in another relationship.

It was also at this point that Mr McGeown advises he was involved in further offending behaviour. Mr McGeown advises that his self-esteem at this point was very low and he had no motivation. However following this period Mr McGeown began co-operating with both attending probation appointments and attendance at Community Alternatives Unit. It was possible therefore to complete offence related work with a view to hopefully minimising the likelihood of Mr McGeown becoming involved in further offending.

However on the 23/10/00 Mr McGeown pled guilty to charges of theft, committed whilst on bail and was also at that point subject to a Social Enquiry Report Request for a further two charges of theft, he was remanded in Greenock prison. Mr McGeown attended court on the 6/11/00 where all these charges were considered and Mr McGeown was made subject to a seventeen month custodial sentence.

~~Mr McGeown was subsequently then in Breach of his probation for commission of further offences.~~

Karen Osbourne
Karen Osbourne

Given Mr McGeown's motivation to attend appointments following the initial difficult period and his co-operation to complete offence related work. It is therefore respectfully requested that the court considers not Breaching Mr McGeown for commission of further offences

HOME BACKGROUND REPORT

Name : David McGeown
Date of Birth : 18/12/75
Proposed Release Address : 1a Dunvegan Quadrant Renfrew

Basis of Report

This report is based on one home visit to Ms Samantha Stalley, partner of David McGeown who lives at the above address.

Home Background

Ms Stalley resides at Dunvagan Quadrant in Renfrew with her two daughters aged two and four years. The home is a local authority property and is maintained to a good standard. Ms Stalley's eldest daughter is from a previous relationship.

Ms Stalley has been in a relationship with Mr McGeown since she was pregnant with her first child. Ms Stalley's eldest child subsequently considers Mr McGeown to be her father and Ms Stalley's second child is a consequence of their relationship.

Mr McGeown's current period of custody has resulted him in missing out in the upbringing of his child during these early years. Ms Stalley and Mr McGeown previously lived together at the above address.

Ms Stalley advises that she does not condone offending behaviour or drug use and she actively encourages Mr McGeown to refrain from this type of behaviour. Ms Stalley acknowledges that she previously had a brief period of separation from Mr McGeown when his drug use and offending behaviour deteriorated.

**RENFREWSHIRE COUNCIL
SOCIAL WORK DEPARTMENT**

Ms Stalley and Mr McGeown have extended family who live locally and are described as supportive. Ms Stalley maintains frequent telephone contact with Mr McGeown and she visits the prison with her two daughters as often as she can manage.

Attitudes To Offending

Ms Stalley is prepared to have Mr McGeown return to her home for weekend leave and full time on eventual release. She states she has agreed this with Mr McGeown on the understanding he refrain from offending behaviour.

Ms Stalley states she is not aware of any difficulties locally where Mr McGeown would experience reprisals from others as a consequence of his behaviour.

Escorted Leave/Weekend Leave

The implications of both weekend leave and escorted leave were discussed with Ms Stalley. Ms Stalley is in agreement to having Mr McGeown stay at her home for either escorted leave or weekend leave. Ms Stalley is in agreement to the possibility of prison officers being present in her home during any proposed escorted leave.

Employment Prospects

Ms Stalley advises that Mr McGeown previously worked in a local garage which he enjoyed and seemed to benefit from. However managers at the garage became aware of Mr McGeown's offending history and his employment was subsequently terminated. Ms Stalley realises Mr McGeown's previous behaviour could limit employment prospects but feels he has the ability to maintain employment if given the opportunity.

Early Release

The conditions of early release on licence were discussed with Ms Stalley in terms of Mr McGeown being subject to licence. Ms Stalley had no objections with regards to this if social work or other services maintaining contact with Mr McGeown within the family home.

**RENFREWSHIRE COUNCIL
SOCIAL WORK DEPARTMENT**

Conclusion

Ms Stalley would appear to be a positive factor in Mr McGeown's life and it would be hoped that her positive influence would assist Mr McGeown and reduce any further risk of re-offending. There seemed to be no specific negative factors within the home to suggest Mr McGeown could not be considered for leave or eventual release.

A proposed release plan could include the following:

- 1) Contact with Social Work as per conditions of licence working on issues of drug use offending behaviour and victim awareness.
- 2) Referral to turning point services, which is a local drug service that would offer Mr McGeown counselling with a view to relapse prevention.
- 3) Referral to local carers advice in terms of exploring employment prospects.

Level of Compliance
(issues for consideration)

Mr McGeown has maintained a good level of compliance with supervisor.

No disciplinary or warning action required to date.

Progress on Action Plan
(issues for consideration)

David has co-operated in regard to his links with supervisor and followed up appropriately with contacts at Turning Point.

Was able to access work at unit in Inchinnan for a period of some 8/10 days lost this after disagreement over break period.

Looking at alternative opportunities on his own via Job Centre - Turning Point can potentially offer advice and support towards employment..

Relevant Changes in Circumstances

Remains resident with his mother and step father which has been a supportive situation for David but he is keen to take up his own accommodation. Problem of overcrowding in this situation and David keen to have his own space.

Offending Behaviour
(Revised risk of re-offending, identifying influencing factors)

No indications of his being at high risk of reoffending - issues around abstaining from drugs and alcohol and retaining a secure base ,avoiding more risky associates are those which David is addressing.

Mr McGeown has not been referred to any groupwork modules at this stage but this could offer alternative work around avoiding offending behaviour.

SUMMARY DISCUSSION

Probationer:

Apologies:

Summary of Discussion:

David completed 6 year sentence and released on Non Parole Licence in September 2004. Supervising Officer had one contact prior to release. Links with family in Renfrew sustained, returned to live with mum and step dad. David expressed annoyance at condition in relation to drug counselling.

Compliance with Supervising Officer has been good in terms of attendance, David has a questioning attitude to his Licence. Darlene (T.P.) reported that David has complied with all appointments and if cannot attend, contacts Turning Point. Darlene expressed concern re pressures around in family, situation difficult, lost job, loss of partner. David has potential to succeed - going to stay with work. David has weekly contact with Turning Point. David advised he has recently started using heroin, difficulty in getting to sleep. Outstanding rent arrears have to be repaid before David will be considered for housing. Re. Employment, David has been trying to find employment himself. Darlene will put David in touch with specialist agency re employment.

Re David McGeown (8/12/1975) - 13b Fulbar Street, Renfrew -currently Greenock Prison
Non Parole Licence.- Released 17/09/2004 - Licence expiry date 28/06/2006

Progress Report

Mr McGeown is currently serving a 5 month custodial sentence imposed at Paisley Sheriff Court on 13/10/2005, with I understand a release date of 23/12/2005. This sentence was imposed as a result of a conviction for police assault and resisting arrest these offences having occurred shortly before this date.

The following report is based on direct contact with Mr McGeown during the period of his licence from 17/09/2004. During this time I have had contact with his mother with whom he has resided for much of the period of his licence and more recently with his partner Ms Leanne Riley with whom he is residing at the above address in Renfrew.

Mr McGeown was referred to the Turning Point (CACTUS) Drug service following his release where he underwent assessment and has continued to be supported in regard to his avoiding the use of any illicit drugs.

Mr McGeown has maintained contact with Darlene Marrs, Drugs Worker from Turning Point and she has noted a generally positive response to her input with Mr McGeown having gradually reduced the prescribed methadone prior to and during the period in custody.

During the period of his licence to date there have been lengthy periods when Mr McGeown has shown himself as being able to adhere to an acceptable level of compliance with his Order in respect of his attendance with me as his supervising officer and with the condition of undertaking counselling in respect of drug use problems.

There have been however instances, such as this offence when he has acted in an unacceptable manner with action by the authorities having been necessary.

As noted in previous correspondence of 14/2/2005 Mr McGeown had experienced some difficulties in becoming established in settled accommodation with relationships between himself and his mother and other family members being strained at times.

This he advises has improved over the period since he moved to reside with his partner Leanne Riley at the Fulbar Street address some 3 months ago. Ms Riley advises that she is pregnant with the baby being due around June 2006.

Mr McGeown and Ms Riley have been in a relationship for approximately a year and the indications from recent and previous contacts with Ms Riley and Mr McGeown's comments are that both are committed to the relationship. This is viewed as being significant in that he is stating a clear intention of providing materially and emotionally for his partner and their unborn child and this would be a pro social area which should reduce his assessed level of risk of reconviction.

Mr McGeown has undertaken some individual work about the methods he uses of dealing with conflict and confrontation which along with a resumption of illicit drug use would be the area which would be most likely to result in his reoffending.

Conclusion

In the light of this further conviction the Parole Board will wish to consider whether Mr McGeown's licence should be revoked with a recall to custody being imposed for the remainder of his period of Non Parole Licence.

Having been convicted of this further offence I understand from his lawyer that the court took into account his early plea of guilt with the custodial sentence imposed reflecting this fact. Mr McGeown is under a misapprehension that in sentencing him on 13/10/2005 the Sheriff had viewed that his period of licence was at an end.

Mr McGeown would be subject to licence for a further period of some 6 months should the Board choose not to impose a recall. Such a decision would allow for him to be subject to ongoing monitoring within the local community
