

this afternoon for their annual cross-country event. Terrible weather - lots of wind, rain and flooding.

Mr Warren discovered damage to Visitors' Book, in the Chapel. Cover has been burned. Who would resort to such behaviour? There has been an increase in this type of damage over the last month or two. Two new lamps purchased for the new extension are broken, as is a small coffee table. New chairs (vinyl covered) have already been the target of cigarette burns (this said to have occurred before Xmas leave). A clear statement re our feelings about this will need to be made when boys return next week.

[redacted] attended Children's Hearing at Albion St. Glasgow, meeting Mr Waller there. His attitude left a lot to be desired, and he did not accept the recommendation from the school. His mother and step-father were more understanding and the final outcome was his continued stay at Kilsland.

[redacted] taken home by Mr Waller, via the S.W. dept. office and the Careers Office. His leave will continue until next week end. Prospects of farm work
