Dear JOHN KENNEDY

INVITATION TO ATTEND DIABETIC EYE SCREENING - REMINDER

We wrote to you recently but as yet, we note, you have not attended for OCT Surveillance diabetic retinopathy screening.

It is very important for the future health of your eye(s) that you attend for screening.

Please call 0131 536 4145 between 08:30am and 15:00pm Monday to Friday to arrange an appointment at one of our local screening locations.

We may need to put eye drops into your eye(s), in which case you should note that your vision could be blurred for 4 - 6 hours, therefore it would not be advisable to drive after your appointment. If you wear spectacles, please remember to bring them with you.

Diabetic retinopathy eye screening is part of your diabetes care and you are at risk of developing sight threatening diabetic retinopathy eye disease if you do not attend eye screening. If you feel you need further information you should speak to your GP.

Yours sincerely

Norah Grant
