Dear MR R VIOLA,

Here's your new Savings card. Your card should end in 2308.
Please check that's right and that the name on the card is correct. Once you've done
this, sign the back and you're good to go.

This card will work with your existing PIN.

Need to speak to us?

You'll find our Card Helpline number on the back of your card, or pop into your local
branch. We'll be happy to help.

Thank you,

Your new card has some extra features

One raised dot:
These are to help you feel or see that it's your savings card.
Our other types of cards have different numbers of dots,
so it's easy to tell the difference.

A notch:
This makes it easier to know which end of the card is which.
Have the end with the notch and put the other end in a cash
machine or card reader.
